

Ode to Little Turtles

Turtles are tough
They are sturdy as a brick
But put them in your mouth
And you might get sick

Friendly and fun
They are cute little fellas
But you better watch out
They may have Salmonella

Salmonella is bad
It will throw you for a loop
If you get Salmonella
You'll have to go poop

If you touch a turtle
Wash your hands
Because getting sick
Will ruin your plans

If you see a little turtle
It's best to stay away
And you'll be happy and healthy
All the live long day
