The ePetitions Resource Page provides useful information and guidance regarding the submission, automatic processing, and immediate grant of ePetitions.

- Secure Filing with Auto-Grant. Filing an ePetition via EFS-Web automates the petition process and allows petitioners to directly input the requisite information into a secure Web interface and immediately receive an ePetition decision.
- Saves Time when Immediate Petition Decisions are Important. Time savings using ePetitions is especially advantageous for critical petitions where an automatic petition grant would reduce delays in restoration of patent rights, expedite withdrawal from representation and redirect Office correspondence to the new correspondence address, and initiate the revival of an abandoned application to save patent term adjustment time.

For questions regarding Patent e-Filing, or to suggest improvements to the online system, please send an email to <u>ebc@uspto.gov</u> or call the Patent Electronic Business Center at **1-866-217-9197** (toll free) or **571-272-4100** from 6 a.m. to 12 Midnight Eastern Time, Monday - Friday.

#### **PDF-based** ePetitions

The PDF-based ePetitions require the download and completion of the respective EFS-Web Filable PDF Form.

- Petition to Make Special Based on Age (37 CFR 1.102)
  - SB 130 EFS-Web eForm [PDF] (version 1.0.18, 27JUL2009)
  - SB 130 Quick Start Guide [DOC]
- Petition to Accept Unintentional Delayed Payment of the Maintenance Fee (37 CFR 1.378(c))
  - SB 66 EFS-Web eForm [PDF] (version 2.2, 01MAR2009)
  - SB 66 Quick Start Guide [DOC]

#### Web-based ePetitions

The ePetition information can be entered directly into EFS-Web screens. The PDF form is **not required** for these ePetitions.

- Request for Withdrawal as Attorney or Agent of Record (37 CFR 1.36)
- Petitions to Withdraw from Issue after Payment of the Issue Fee
