**CARBON AND CERTAIN ALLOY STEEL WIRE ROD
FROM CHINA, GERMANY, AND TURKEY
Investigation No. 731-TA-1099-1101 (Preliminary)**

Further information.--If you have any questions concerning the enclosed questionnaire(s) or other matters related to these investigations, you may contact the following members of the Commission's staff (Fax 202-205-3205):

*Michael Szustakowski, investigator (202-205-3188; E-mail MGS@USITC.GOV)
regarding general questions and trade and related information*

GENERAL INFORMATION, INSTRUCTIONS, AND DEFINITIONS

GENERAL INFORMATION

Background.--These investigations were instituted in response to a petition filed on November 10, 2005 by Connecticut Steel Corp., Wallingford, CT; Gerdau AmeriSteel U.S. Inc., Tampa, FL; Keystone Steel & Wire Company, Peoria, IL; Mittal Steel USA Georgetown, Georgetown, SC; and Rocky Mountain Steel Mills, Pueblo, CO.. Antidumping duties may be assessed on the subject imports as a result of these investigations if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce makes an affirmative determination of dumping.

Additional questionnaires will be supplied promptly upon request, or photocopies of the enclosed questionnaire(s) may be used. Address all correspondence to the United States International Trade Commission, Washington, DC 20436. Hearing-impaired individuals can obtain information regarding these investigations via the Commission's TDD terminal (202-205-1810).

Due date of questionnaire(s).--Return the completed questionnaire(s) to the United States International Trade Commission by no later than November 23, 2005. Although the enclosed postpaid envelope may be used to return the completed questionnaire, use of an overnight mail service may be necessary to ensure that your response actually reaches the Commission by November 23, 2005. If you do not use the enclosed envelope, please make sure the completed questionnaire is sent to the attention of Michael Szustakowski. **Return only one copy of the completed questionnaire(s), but please keep a copy for your records so that you can refer to it if the Commission staff contacts you with any questions during the course of the investigation.**

Service of questionnaire response(s).--In the event that your firm is a party to these investigations, you are required to serve a copy of the questionnaire(s), once completed, on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties is maintained by the Commission's Secretary and may be obtained by calling 202-205-1803. A certificate of service must accompany the copy of the completed questionnaire(s) you submit (see 19 CFR § 207.7).

Confidentiality.--The commercial and financial data furnished in response to the enclosed questionnaire(s) that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, nonnumerical characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Verification.--The information submitted in the enclosed questionnaire(s) is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all your workpapers and supporting documents used in the preparation of the questionnaire response(s).

Release of information.--The information provided by your firm in response to the questionnaire(s), as well as any other business proprietary information submitted by your firm to the Commission in connection with the investigation, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with these investigations or other import-injury investigations conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

INSTRUCTIONS

Answer all questions.--Do not leave any question or section blank unless a questionnaire expressly directs you to skip over certain questions or sections. If the answer to any question is "none," write "none." **If information is not readily available from your records in exactly the form requested, furnish carefully prepared estimates--designated as such by the letter "E"--and explain the basis of your estimates.** Answers to questions and any necessary comments or explanations should be supplied in the space provided or on separate sheets attached to the appropriate page of the questionnaire(s). If your firm is completing more than one questionnaire in connection with these investigations (i.e., a producer, importer, purchaser, and/or foreign producer questionnaire), you need not respond to duplicated questions in the questionnaires.

Consolidate all establishments in China, Germany, and Turkey.--Report the requested data for your establishment(s) located in China, Germany, and Turkey. **Firms operating more than one establishment should combine the data for all establishments into a single report.**

DEFINITIONS

Carbon and certain alloy steel wire rod (“CASWR”).--The products within the scope of the antidumping petition are:

Certain hot-rolled products of carbon steel and alloy steel, in coils, of approximately circular cross section, 4.75 mm or more, but less than 19.00 mm, in solid cross-sectional diameter. Specifically excluded are steel products possessing the above-noted physical characteristics and meeting the HTSUS definitions for (a) stainless steel; (b) tool steel; (c) high nickel steel; (d) ball bearing steel; (e) free machining steel products (i.e., products that contain by weight one or more of the following elements: 0.03 percent or more of lead, 0.05 percent or more of bismuth, 0.08 percent or more of sulfur; more than 0.04 percent of phosphorous, more than 0.05 percent of selenium, or more than 0.01 percent of tellurium). Also excluded are concrete reinforcing bars and rods.

Carbon and certain alloy steel wire rod includes (but is not limited to) the products listed below.

- (1) **Low and medium-low carbon industrial and standard quality rods.**--Rods manufactured from low or medium-low carbon steel and primarily intended for drawing into industrial or standard quality wire. This category also includes special quality rods. For the purpose of these questionnaires, data for chain quality rods, cold finishing rods, fine wire quality rods, and nondeformed concrete reinforcement rods should be reported in this category.
- (2) **High and medium-high carbon industrial and standard quality rods.**--Rods manufactured from high or medium-high carbon steel and primarily intended for drawing into wire for such products as strand, tire cord, tire bead, hose, upholstery spring, mechanical spring, oil tempering, cold rolling, bearing, rope, screens, aluminum conductor steel reinforcement (ACSR) core, pipe wrap, prestressed concrete wire, utility strand, and music wire.
- (3) **Welding quality rods.**--Rods intended for producing wire for gas welding, electric arc welding, submerged arc welding, and metal insert gas welding.
- (4) **Cold heading and other specialty carbon and alloy quality rods.**--Rods used in the manufacture of heading, forging, or cold extrusion quality wire. For the purpose of these questionnaires, data for scrapless nut, aircraft, cold heading bearing, and valve spring quality rods should be reported in this category.
