

and Work Opportunity Reconciliation Act of 1996 serves purposes that are compatible with purposes for which SSA collects the information and meets the criteria of the Privacy Act and the regulation for establishment of a routine use.

C. Effect of the Proposal on Individual Rights

As discussed above, the proposed revised routine use will permit SSA to disclose quarters of coverage information to Federal, State, or local agencies for the purpose of administering certain income-maintenance and health-maintenance programs, where such use is authorized by Federal statute. Disclosure will assist Federal, State, or local agencies in determining eligibility for income-maintenance and health-maintenance programs. While disclosure will have some impact on the privacy of individuals (for example, disclosures will be made regarding the work records of related third parties, i.e., parents and spouses), Federal, State, or local agencies will be better able to adjudicate entitlement to section 402, 412, 421 and 435 programs or benefits. Such disclosures will only be made where authorized by Federal statute. SSA will follow all statutory and regulatory requirements for disclosure. Thus, we do not anticipate that the disclosure will have any unwarranted effect on the privacy or other rights of individuals.

Commissioner of Social Security.
