A. Agency-specific acronyms or other terms.

OFHEO – Office of Federal Housing Enterprise Oversight

B. Basic terms, expressed in common terminology.

1. FOIA/PA request -- Freedom of Information Act/Privacy Act request. A FOIA request is generally a request for access to records concerning a third party, an organization, or a particular topic of interest. A Privacy Act request is a request for records concerning oneself; such requests are also treated as FOIA requests. (All requests for access to records, regardless of which law is cited by the requester, are included in this report.)
2. Initial Request -- a request to a federal agency for access to records under the Freedom of Information Act.
3. Appeal -- a request to a federal agency asking that it review at a higher administrative level a full denial or partial denial of access to records under the Freedom of Information Act, or any other FOIA determination such as a matter pertaining to fees.
4. Processed Request or Appeal -- a request or appeal for which an agency has taken a final action on the request or the appeal in all respects.
5. Multi-track processing -- a system in which simple requests requiring relatively minimal review are placed in one processing track and more voluminous and complex requests are placed in one or more other tracks. Requests in each track are processed on a first-in/first out basis. A requester who has an urgent need for records may request expedited processing (see below).
6. Expedited processing -- an agency will process a FOIA request on an expedited basis when a requester has shown an exceptional need or urgency for the records which warrants prioritization of his or her request over other requests that were made earlier.

7. Simple request -- a FOIA request that an agency using multi-track processing places in its fastest (nonexpedited) track based on the volume and/or simplicity of records requested.

8. Complex request -- a FOIA request that an agency using multi-track processing places in a slower track based on the volume and/or complexity of records requested.

9. Grant -- an agency decision to disclose all records in full in response to a FOIA request.

10. Partial grant -- an agency decision to disclose a record in part in response to a FOIA request, deleting information determined to be exempt under one or more of the FOIA's exemptions; or a decision to disclose some records in their entireties, but to withhold others in whole or in part.

11. Denial -- an agency decision not to release any part of a record or records in response to a FOIA request because all the information in the requested records is determined by the agency to be exempt under one or more of the FOIA's exemptions, or for some procedural reason (such as because no record is located in response to a FOIA request).

12. Time limits -- the time period in the Freedom of Information Act for an agency to respond to a FOIA request (ordinarily 20 working days from proper receipt of a "perfected" FOIA request).

13. "Perfected" request -- a FOIA request for records which adequately describes the records sought, which has been received by the FOIA office of the agency or agency component in possession of the records, and for which there is no remaining question about the payment of applicable fees.

14. Exemption 3 statute -- a separate federal statute prohibiting the disclosure of a certain type of information and authorizing its withholding under FOIA subsection (b)(3).

15. Median number -- the middle, not average, number. For example, of 3, 7, and 14, the median number is 7.

16. Average number -- the number obtained by dividing the sum of a group of numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.

XII. Report on Implementation of the Freedom of Information Act (FOIA) Executive Order 13392

A. Description of supplementation/modification of agency improvement plan (if applicable).

Not applicable. OFHEO has not identified a need to modify or supplement its FOIA improvement plan.

B. Report on agency implementation of its plan, including its performance in meeting milestones, with respect to each improvement area.

It is the goal of OFHEO to affirmatively, cooperatively, and effectively serve the public through the Freedom of Information Act. OFHEO completed the areas targeted for improvement by December 31, 2007 as follows:

- Ensure that OFHEO's website meets federal policies and requirements for effectively managing federal agency public websites;
- Automate the process for redacting responsive documents;
- Ensure that FOIA personnel are adequately trained.

OFHEO's performance in meeting the milestones for these improvement areas is summarized below.

- Ensure that OFHEO's website meets federal policies and requirements for effectively managing federal agency public websites.

OFHEO's website has been significantly revised and is in compliance with federal policies and requirements. A new FOIA Reference Guide and FOIA Frequently Asked Questions (FAQ's) were developed and posted on the website to make information readily available to FOIA requesters. OFHEO's FOIA Reference Guide is available at <http://www.ofheo.gov/PublicInformation.aspx?Nav=93> FOIA Frequently Asked Questions are available at <http://www.ofheo.gov/PublicInformation.aspx?Nav=293>

OFHEO is committed to making public information easily available. The FOIA Officer coordinates with the Office of External Relations to identify information that if posted would reduce the need for the public to make a FOIA request. For example, when OFHEO

received several FOIA requests for the name and contact number of procurement officials, that information was added to the agency's website.

- Automate the process for redacting responsive documents.

OFHEO has purchased redaction software and the FOIA staff has received training. It is expected that the technology will continue to make the process more efficient.

- Ensure that FOIA personnel are adequately trained.

OFHEO staff has attended several training classes as well as various meetings with other FOIA professionals. OFHEO's FOIA Officer is a member of the Association of Access Professionals and will attend the 2008 conference. FOIA requests received by OFHEO are processed in compliance with regulations.

C. Identification and discussion of any deficiency in meeting plan milestones (if applicable).

Not Applicable.

D. Additional narrative statements regarding other executive order-related activities (optional).

E. Concise descriptions of FOIA exemptions.

Agencies have an obligation to release responsive records unless an exemption applies. Nine exemptions to the FOIA authorize federal agencies to withhold information. as follows:

1. Exemption (b)(1) protects material (A) specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and (B) are properly classified pursuant to such Executive order.
2. Exemption (b)(2) exempts from mandatory disclosure records related solely to the internal personnel rules and practices of an agency.
3. Exemption (b)(3) exempts records concerning matters that are specifically exempted from disclosure by statute (other than FOIA).
4. Exemption (b)(4) exempts records that contain trade secrets and commercial or financial information obtained from a person that is privileged or confidential.
5. Exemption (b)(5) exempts inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with an agency.
6. Exemption (b)(6) exempts personnel and medical files and similar files the disclosure would constitute a clearly unwarranted invasion of personal privacy.
7. Exemption (b)(7) exempts from disclosure records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information:
 - (A) could reasonably be expected to interfere with enforcement proceedings;
 - (B) would deprive a person of a right to a fair trial or impartial adjudication;
 - (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy;
 - (D) could reasonably be expected to disclose the identity of a confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source;

(E) would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or

(F) could reasonably be expected to endanger the life or physical safety of any individual.

8. Exemption (b)(8) exempts from disclosure records contained in or related to an examination, operation, or condition reports prepared by, on behalf of, or for the use of any agency responsible for the regulation or supervision of financial institutions.
