All purchases of liquor regardless of size will be counted against the monthly ration limit.

1/2 barrel or 1/2 keg = 3.5 case

NOTE: The beer limits are monthly and not cumulative from month to month.

3-4. Commissary Ration Policy

a. Commissary ration policy employs monthly dollar limits based on family size to deter abuse of duty-free privileges.

b. The commissary monthly limits are shown in table 3-3.

Table 3-3
Monthly Commissary Dollar Limits Based on Family Size

Two Persons	\$950
Three Persons	\$1,200
Four Persons	\$1,500
Five Persons	\$1,700

NOTE:

1. The dollar limits will apply to all items purchased from the commissaries. The 5% surcharge is not considered part of the purchase.
2. The dollar limits are monthly and not cumulative from month to month.
3. For individuals with temporary privileges, the dollar limit on the temporary RCC is valid for the period specified and is not cumulative; unused amounts become void at the time of expiration.
4. Local-hire civilian employees whose spouse has a separate, independent basis for his or her presence in the ROK will have the One Person limit.
5. Newly arrived permanent party personnel and their families may exceed their monthly limit by 50% for the first three months. The 50% does not apply to the liquor and beer limits. Regardless of arrival date, the first month is considered from arrival date to end of that month.

Current USFK CoS approved limits are available at our website: <https://pimsk.korea.army.mil>.

3-5. Gasoline Purchase Policy

a. Authorization to purchase gasoline will not be included in contracts, memoranda of agreement, or memoranda of understanding without the USFK J1(FKJ1-12) and FKAQ approval.

b. Authorized patrons may purchase gasoline for vehicles registered on a USFK military post/base, displaying a post/base decal and by presenting the DOD or USFK ID, and RCC.

c. Authorized Patrons Fueling Non-SOFA Plated Vehicles -

(1) Patrons must display ID, RCC and vehicle registration decal. The names on all documents must match. Non-SOFA plated vehicles, with the exception of rental or leased vehicles, must display a post/base registration decal.

(2) Patrons with rented or leased vehicles must present a copy of the rental or lease agreement in lieu of the vehicle's registration document along with ID and RCC. The names on these documents must also match.

d. Purchase of "carryout" fuel is limited to no more than five gallons per day.

e. Gas RCC only applies to Korean national (KN) in law enforcement, military intelligence personnel working as part of a joint (US-ROK) investigative team, where use of a US government-owned vehicle would hamper undercover operations, may be authorized access to gas RCC. If the duties of the KN employees are not those described above, the KN employee is not authorized to purchase duty-free fuel.

(1) Application for gas RCCs will be made by memorandum along with a copy of SF-50 (Notification of Personnel Action) through the garrison or wing commander and the servicing IA to USFK J1 (FKJ1-12). The request must be made by the unit commander or civilian equivalent. See appendix E for sample.

(2) Renewal of gas RCC shall be in memorandum format (see appendix E) with a copy of the individual's USFK ID card and current gas RCC attached and submitted through the servicing IA to USFK J1 (FKJ1-12). The USFK J1 (FKJ1-12) will process the request and upon approval produce the new gas RCC and provide it to the requesting organization's supporting IA.

f. Garrison and wing commanders may establish heating fuel (Kerosene) limits. Heating fuel limits must be in writing and a copy of the limits provided to USFK J1 (FKJ1-41). Limits must be prominently posted at locations which allow easy viewing by authorized patrons. Heating fuel may only be purchased by authorized patrons upon presentation of the appropriate access media. Use of gas ration cards to purchase heating fuel (kerosene) is not authorized.

3-6. Shelf and Purchase Limit Policy

a. Shelf limits are imposed as a tool to prevent and deter over purchasing of items popular on the black market. All shelf limits recommendations must be submitted to the USFK J1 (FKJ1-12) by 1 June annually for coordination through PACOM J1 (submit requests to J11WorkFlow@korea.army.mil). After complying with 10 USC §2489, DODIs 1330.17 and 1330.21, garrison and wing commanders, in coordination with sales facilities managers, may place shelf limits on the selected items. New shelf limit requests must be reported to congress by 1 August annually before implementing any changes. Each report must describe changes to the host-nation laws and the treaty obligations of the United States and the conditions within the host nation that require the use of new quantity or other restrictions on purchases in commissaries and exchange stores. Negative reports are required (DODI 1330.21, Para 6.6). Commanders may not add a merchandise item unless USD (P&R) approves and notifies Congress of the proposed addition and the reasons for the addition of the item. Sales facilities managers are required to prominently post signs announcing shelf limits in English and in Korean. A request to purchase in excess of the shelf limit requires prior approval from the garrison or wing commander (or their designated representative).

b. Purchase limits are not identical to shelf limits. Purchase limits are a sales facility manager's tool to guarantee product availability. Sales facilities managers may impose purchase limits IAW applicable Army and Air Force Exchange Service (AAFES) or Defense Commissary Agency (DeCA) guidelines to assure the availability of merchandise to all authorized customers. Quantity or other restrictions may not discriminate among the various categories of patrons, and shall be consistent with the purpose of the commissaries to provide reasonable access for authorized patrons to purchase merchandise items (DODI 1330.17, para 4e).

3-7. Exception to Policy

a. Requests for an exception to policy to increase ration limits shall be submitted through unit commanders/first sergeants/chief petty officers or civilian equivalents to the supporting IA office. The supporting IA will forward the requests to USFK J1 (FKJ1-12) for approval/disapproval. After-the-fact requests for increases will not be approved.

b. A ration limit increase is defined as an increase of ration limits per month over the requestor's current limits.

c. If approved, USFK J1(FKJ1-41) will enter the approved ration limit increase into the PMISK database. USFK J1 (FKJ1-12) will provide an email confirmation to the individual and supporting IA regarding the approved ration limit increase. See appendix D for sample request for an increase to liquor or commissary dollar limits.

d. Distinguished U.S. citizen visitors are granted temporary access to duty-free goods through the USFK Protocol office via USFK Form 46-3 (Temporary Ration Control Card). These access media are valid for a maximum of 60 days and may be issued to general or flag officers, equivalent-grade enlisted/civilians, spouses or staff, as determined by the Chief, Protocol Branch, Secretary Combined Joint Staff.

e. Exceptions to policies established in accordance with the provisions of the ROK-US SOFA (such as who may have access to duty free goods) may not be granted by USFK without the agreement of the ROK government. Requests for exceptions to policy established by this regulation shall be submitted through unit commanders/first sergeants/chief petty officers or civilian equivalents to the supporting IA office. The supporting IA will forward the requests to USFK J1 (FKJ1-12) for staff review and ultimately approval/disapproval.

Chapter 4 Access Control

4-1. Authorized Personnel

a. Access to duty-free goods is controlled by the US-ROK SOFA and U.S. laws, regulations and policies. All sponsors and family members must register in the Defense Biometric Identification System (DBIDS). Noncompliance shall result in the denial of duty-free privileges. DBIDS registration locations are identified in table 4-1.

**Table 4-1

Once individuals register in DBIDS, they will automatically be registered in ration control, but still must visit an issuing agent office to request ration control cards. See table 4-2 for additional required supporting documentation to receive ration control cards.

This category includes the American Red Cross (ARC); the Girl Scouts of the United States of America (GSUSA); the Boy Scouts of America (BSA); executive and professional staff of the United Service Organization (USO) who are on invitational orders and assigned duties (permanent and/or temporary) overseas; executive directors and associated directors of the United States Seamen's Organization (USSO); and Military Sealift Command (MSC) civil service marine personnel deployed to the ROK on MSC-owned and operated vessels. Access to personnel in this category will be subject to the requirements of applicable DOD and service regulations which govern authorized support to these entities.

(5) ICs who are ordinarily resident in the US and US citizen TRs not ordinarily resident in the ROK, when authorized under the terms of their contract and properly designated IAW USFK Regulation 700-19 (United States Forces Korea Invited Contractors and Technical Representatives) in paragraph 3-6.

4-2. Unauthorized Personnel

Individuals who do not fall into one of the categories outlined above are not authorized access to duty-free goods. This includes, but is not limited to, the following groups:

a. Family members of civilian employees working less than 40 hours per week or 80 hours over 2 weeks.

b. Civilian employees in positions paid for with appropriated funds (APF) that are intermittent, regardless of the number of hours worked. Civilian employees in positions funded by non-appropriated funds (NAF) that are flexible and only employed on an as-needed basis, do not have access, regardless of the number of hours worked.

c. Retired reserve component members who are not yet receiving full retirement pay and benefits (pink ID card holders).

d. Reserve component members not assigned to a military unit in the ROK nor on orders to USFK for exercise purposes.

e. Family members of widow/widower are not authorized ration privileges.

f. Family members visiting in the ROK without their sponsor including but not limited to dependents of service members deployed to a combat zone and dependents of environmental morale leave (EML).

g. Family members of civilian local hires, when such family members have a separate basis for their presence in the ROK apart from the marital or other kinship relationship with the civilian local hire sponsor. These are individuals who have a separate, independent basis to be in the ROK for business, employment, professional, or other purposes involving economic gain and personal benefit. This group includes contractors, contract employees, and regular employees of Korean companies as well as contractors, contract employees, and regular employees of non-Korean companies operating in the ROK or doing business with the Korean government and/or Korean companies. In determining whether or not a separate basis for the family member's presence in the ROK exists, consider if the family member's presence and status in the ROK was a factor in determining that the civilian local hire sponsor (usually an accompanying spouse) was not "ordinarily resident" in the ROK for SOFA purposes. The Local Applicant Questionnaire completed by the civilian local hire employee may be considered in making this determination.

h. Concessionaires are prohibited from making any purchases from USFK duty-free sales facilities.

i. Transition Assistance Program participants and 20/20/20 spouses are not authorized duty-free access.

j. Retired DOD Civilians. There is no basis for retired DOD Civilians to access duty-free goods in Korea when not affiliated with USFK or on official orders to Korea.

4-3. Access to Duty-Free Goods Facilities

a. Positive identification is required at every duty-free sales facility. An individual who seeks to make a purchase from a commissary or AAFES PX/BX shall be positively identified as an authorized patron at the entrance to these facilities and at the point of sale (cash register).

b. United States Service members (Active, Reserve Component and National Guard), with a DoD Common Access Card (CAC) are not required to present a RCC to gain access to USFK duty-free goods facilities.

c. All other authorized sponsors and their family members will be granted access to duty-free goods facilities by presenting a valid DOD ID and a RCC. The Sponsor RCC is authorized for issue to DOD civilians, Invited Contractors/Technical Representatives, widows/widowers of service members, 100-percent Disabled Veterans and Purple Heart recipients for over 18 years of age. If sponsor is between 18 and 21 years, the sponsor ration card will print as "No Alcohol". However, sponsors under 18-years of age shall receive a minor RCC.

d. RCCs may be issued in a permanent or temporary basis. Table 4-3 describes the types of RCC available for issue along with the entitled privileges.

f. The Minor Family Member RCC (USFK Form 73-3) is authorized to family members 20 years old or younger, when approved by the sponsor. The Minor Family Member RCC does not authorize the purchase of alcoholic beverages nor tobacco products. The minimum age to purchase tobacco products in Korea is 18 years old (per DODI 1330.17 Armed Services Commissary Operations and AR 215-8 Army and Air Force Exchange Service Operations, Tobacco products (including smokeless tobacco) will not be sold to anyone under 18 years of age). A customer's identification will be checked if the buyer appears to be under 27 years of age.

g. Family members under the age of 10 are authorized access to duty-free facilities without providing a dependent DOD ID or RCC, but not authorized to purchase unless they have valid DOD ID and RCC.

h. Dependents with a DOD ID and RCC regardless of age and their lawful guardian (as identified by a Power of Attorney) are authorized. Sponsors are required to manage their dependent's ration control card, allowing the Family Care Plan (FCP) guardian access only when the FCP has been implemented.

i. Personnel employed by United States Navy assigned to ships visiting ROK ports are authorized access to duty-free goods by showing a valid DOD ID card.

j. Dual Sponsorship. In cases of dual sponsorship in which the couple shares the same household, only one person shall be appointed as the sponsor. Table 4-4 describes who shall be designated as the sponsor.

Table 4-4

NOTE:

All cases above, the sponsors must update their DBIDS registration of any changes in family status. Remember, a change in DBIDS (e.g. family size) = a Change in Ration Control limits.

4-4. Limited Access

a. Limited access to duty-free goods can be granted under-certain officially sanctioned conditions (for example, DODEA Far East events like school sporting events, student musical concerts, scouting jamborees, etc, sponsored by an USFK installation/garrison command). Requesters must send Request for Temporary Ration Control Card (see appendix C for format) to J11Workflow@korea.army.mil providing the inclusive dates requested, the official capacity of the visit, the status (DOD, family member, civilian, citizenship, location of sponsor, etc.) of each individual requesting access, and the sponsoring installation/garrison.

b. Individuals not ordinarily permitted access to duty-free goods may purchase food and beverages for on-premise consumption at exchanges, USO, USSO and MWR facilities under one of the following conditions:

- (1) The individual is on the installation for an official purpose.
- (2) The individual is a bona fide guest of, and accompanied by, an authorized patron.
- (3) The individual is an honorary member of a USFK club.

c. Facilities selling services (e.g., greens fees at golf courses) may grant access only to patrons showing a valid ID card and one of the RCCs as described in table 4-3 of this regulation. However, as an exception, other patrons not normally permitted access may be granted access if they are honorary members of the facility or are bona fide guests and actually accompanied by an authorized patron unless prohibited by the installation commander. Such honorary members and guests may not purchase duty-free goods from facilities selling services except for minor purchases necessary to participate in the activities at that facility.

4-5. Temporary Ration Control Privileges

a. Temporary privileges are granted to individuals in a TDY/TAD, leave status, or newly arrived in or soon to depart the ROK with USFK Form 46-3 (USFK Temporary Ration Control Card) and a DOD ID. Registration in DBIDS is required prior to the issue of a temporary RCC.

b. All incoming sponsors and authorized family members are allowed access to duty-free facilities for up to 30 days following arrival to the ROK. Sponsors and their authorized family members must present an individual DOD ID card and copy of their sponsors' (PCS, TDY/TAD) orders to gain access. The sponsors' orders must be verified and stamped with an expiration date by the supporting IA. Upon expiration of the 30 days, family members must either present a temporary or permanent RCC in order to gain access to facilities with duty-free goods.

c. Personnel TDY/TAD or on other DOD-funded orders, and in the ROK for more than 30 days must register in DBIDS and visit the supporting IA office to request an RCC. A temporary RCC will be issued if the duration of the time spent in the ROK is less than 90 days.

d. Temporary access privileges may be granted as outlined in table 4-5. Categories not listed may request access by submitting a completed Request for Temporary Ration Control Card letter. See appendix C.

4-6. Management of Ration Control Cards (RCCs)

a. General.

(1) The RCCs will be sent via courier or certified mail. If sent via courier, the courier must have a DD Form 577 (Signature Card) on file.

(2) The RCCs must be kept secure at all times. Ensure the RCCs are stored in an approved security container at all times. A locked desk drawer is not an approved security container.

b. Issuing and Receiving RCCs.

(1) Every time a RCC changes hands (i.e., USFK J1 (FKJ1-41) issues to IA, IA to the sponsor), a DA Form 410 (Receipt for Accountable Form) or AF Form 213 (Technical Order Publication Table) or a computerized listing provided by USFK J1 (FKJ1-41) will be annotated and authenticated to record the transfer of the RCC.

(2) All RCCs will be screened for errors before signing any hand receipts.

(3) Copies of receipts and computerized listings showing RCC issuance and receipt will be kept on file for a minimum of 12 months.

(4) Generally, only the sponsor may sign for RCCs. If the sponsor is TDY/TAD, in the field, or in the hospital, a family member may sign for the RCCs if the family member possesses a written consent from the sponsor.

4-7. Destruction of Permanent and Temporary Ration Control Cards

a. Only IAs are authorized to destroy permanent and temporary RCCs.

b. RCCs will be destroyed immediately and destruction entered into the PIMSK web application at: <https://pimsk.korea.army.mil>.

4-8. Replacement of Lost or Stolen Ration Control Cards

Requests for replacement of either a permanent or temporary RCCs must be signed by the unit commander, first sergeant/chief petty officer or civilian equivalents. Forward signed requests through the garrison or wing commander or designated representative for final approval. The IA may issue temporary RCC(s) to an applicant only after receiving approval from the garrison or wing commander or designated representative along with applicable military law enforcement report.

4-9. Obtaining a Unit Ration Control Card (URCC)

a. Unit commanders may request a URCC for use by designated unit personnel when making purchases for group events, such as hot dogs for organization day events, to avoid registration of purchases against a unit member's purchase history. Obtaining a URCC, requires the unit to be enrolled in the unit ration monitoring tool and a USFK Form 42-4-E (Unit Ration Card Monitor System Application) signed by the battalion/squadron commander or civilian equivalent submitted through the supporting IA office to USFK J1 (FKJ1-41). See appendix G for sample request for URCC.

b. Battalion, squadron commander or civilian equivalent are responsible for controlling the URCC. Commanders should take the following control measures:

(1) Ensure the URCC is stored in an approved security container at all times. A locked desk drawer is not an approved security container.

(2) Maintain a sign-in and sign-out log or complete a hand receipt for documenting URCC access. Do not give access to the URCC to personnel not entitled to access of duty-free goods. Purchase approving authorities will use USFK Form 219-E (Unit Purchase Plate Control Register) to sign the URCC in and out, and will provide instructions to the purchaser on safeguarding and returning the URCC.

(3) Maintain records, for a minimum of two years, with the sales receipts.

c. Local national employees who are a Government Purchase Card (GPC) holder may be granted the use of a URCC but cannot be the registered URCC holder.

d. The URCC may be used to support any approved official purchases at duty-free sales facilities.

e. The URCCs can be issued to the following organizations:

(1) Company, Flight or detachment level units.

(2) The American Red Cross, USO, scouting organizations, US employee labor unions, credit unions and banks on US military installations.

f. The monthly summary purchase reports can be generated by the supporting IA upon request by the battalion or squadron POC for purchase verification.

Chapter 5

Transfer of Duty-Free Goods

NOTE: Personnel subject to the UCMJ who violate Chapter 5 may be punished under Article 92, UCMJ, as a violation of a lawful general regulation. Personnel who are not subject to the UCMJ who fail to comply are subject to adverse administrative action or criminal prosecution as authorized by applicable ROK law, U.S. Code sections or federal and local regulations.

a. Personnel subject to this regulation will not transfer duty-free or tax-free goods to another person in Korea except as authorized in USFK Regulation 643-2 (Transfer of Duty-Free Items). The following guidance is provided for legal transfer of duty-free or tax-free goods:

(1) Transfers between individuals or organizations having duty-free goods privileges can be done using a USFK Form 20-E (Bill of Sale) prepared IAW the instructions in USFK Regulation 643-2 (Transfer of Duty-Free Items).

(2) Transfers between an individual who has duty-free goods privileges and an individual or organization not having duty-free import privileges are complicated. The ROK Collector of Customs may be required to approve such transactions in advance. Refer to USFK Regulation 643-2 (Transfer of Duty-Free Items) for details.

b. Failure to present within a reasonable time and upon demand of Customs, military law enforcement personnel, or other authorized personnel acting in an official capacity, valid and bona fide information or documentation for proper disposition of any duty-free goods is subject to legal actions under US-ROK SOFA and USFK applicable regulations.

Chapter 6

Violation Reports

a. To assist commanders in disciplinary action and law enforcement officials in investigations, USFK J1 (FKJ1-41) provides the following reports:

(1) A monthly ration violation list is available at the PIMSK website for supporting IA to access, print and provide the information to garrison, wing and unit commanders.

(2) Ration Control Check Reports. The unit commanders, first sergeants/chief petty officers, or civilian equivalents, and FKAQ for Invited Contractors, may request to the supporting IA a ration control check by using USFK Form 217-E (Request for Ration Control Check). The ration control check identifies excess purchases by a particular individual and by their dependents.

(3) Use one USFK Form 217-E (Request for Ration Control Check) for each individual for which a ration control check is requested. Completed ration control check reports are for official use only (FOUO) as they contain personal information. Therefore, they must be safeguarded accordingly.

(4) IAs may conduct ration control checks by visiting URL: <https://pimsk.korea.army.mil>.

(5) The subject individual is not authorized to pick-up his/her ration control check report.

(6) Completed ration control checks may be faxed or electronically mailed (emailed) to the requesting official on an emergency basis. Ration Control checks with no violations may be faxed or emailed directly to the unit.

b. Ration Monitor Tool. The purpose of this tool is to provide unit commanders with direct access to ration limit violations. The unit commander or appointed unit POCs must address the violations within 60 days and document their actions within the Ration Monitor Tool via PIMSK.

c. "Show cause" Letters. The purpose of these letters is to notify the unit commander and the individual that monthly ration limits have been exceeded when the individual or unit is not enrolled in the Ration Monitor Tool. The unit commander must address the violation with the individual involved and provide a response, through the supporting IA, of the actions taken to USFK J1 (FKJ1-41). The FKAQ and the responsible officer must be notified when the person with the violation is an IC or TR.

d. Detailed Ration Control Reports. Only sponsors, law enforcement officials, or FKAQ for Invited Contractors, may request a detailed report of individual & dependent sales records from the supporting Area Issuing Agent.

e. If there is reason to question the accuracy of the violation report, commanders and first sergeants/chief petty officers or civilian equivalents can request a copy of the purchase transaction record through their supporting IA.

Chapter 7

Correction of Records

a. If a report wrongly identifies an individual as having committed a violation, the individual may submit a request for record correction. The request must be submitted through the supporting IA to USFK J1 (FKJ1-41) for validation and correction. The request should include any supporting material including receipts to support the request. See appendix F for a sample request.

b. USFK J1 (FKJ1-41) shall provide a written memorandum notifying the individual as to whether the request for correction was approved or not.

Chapter 8 Revocation of Privileges

8-1. Revocation of Privileges

a. Access to duty-free goods is a privilege. If abused, it may be revoked or suspended. Only the garrison or wing commander or designated representative (delegated to the deputy installation/garrison commander) may revoke/suspend ration privileges. Revocation/suspension can be for any duration, including indefinitely. **Exception:** Garrison or wing commanders will provide a courtesy notification to the Embassy before revoking an Embassy employee's access to duty-free goods.

b. Mandatory revocation. Access privileges must be revoked in cases that are directly connected with black marketing or wrongful transfer of duty-free goods. If total revocation creates undue hardship, commanders may authorize limited privileges upon proper petition by the offending party. Proper petition requires more than a statement that the revocation action has created undue hardship.

c. Garrison or wing commanders must notify through their supporting IA to USFK J1(FKJ1-41) of any revocation/suspension or reinstatement of ration privilege. FKJ1-41 will update the PIMSK database to reflect the individual's ration privilege status.

d. If ration privilege has been revoked or suspended by a garrison or wing commander, then the revocation or suspension is applicable to all areas on the Korean peninsula.

8-2. Revocation Procedures

a. Prior to revoking access to duty-free goods privileges, the following actions must be taken:

(1) The garrison or wing commander must give the alleged offender a revocation letter which outlines the reasons why suspension/revocation of privileges is warranted and requires the alleged offender to "show cause" in writing, explaining why privileges should not be revoked. A copy of the notice must be forwarded to the individual's unit commander or senior supervisor and the servicing IA. If the offender is a family member, a copy of the revocation letter must be forwarded to the sponsor and the sponsor's commander or senior supervisor.

(2) The alleged offender must be given seven days to respond in writing to the revocation letter.

(3) The revocation letter, the facts and circumstances which lead to the issuance of that letter, and the alleged offenders response shall be reviewed for legal sufficiency by the commander's servicing Judge Advocate to determine if substantial evidence exists to support the commander's decision.

b. If the garrison or wing commander elects to revoke privileges, the offender must be given written notice of the decision, the length of the proposed revocation, and procedures for requesting reinstatement of privileges. A copy of the notice must be provided through the supporting IA to USFK J1 (FKJ1-41) to prevent the individual from receiving another RCC. After revocation, the garrison or wing commander shall confiscate and turn-in the RCC to the supporting IA for destruction and annotation in the PIMSK.

c. If the garrison or wing commander determines that total revocation is too harsh and decides to partially revoke privileges, he/she may direct the IA to grant temporary and limited privileges. The IA will issue one USFK Form 46-3 (Temporary Ration Control Card) upon presentation of the garrison or wing commander's authorization letter. This temporary privilege is effective for a period of 30 days. It may be renewed each month at the area commander's discretion.

d. Upon completion of the revocation period, the offender must submit a written request for reinstatement of privileges to the garrison or wing commander.

(1) If the request is approved, the garrison or wing commander or designated representative will provide written notification of the reinstatement through the supporting IA to USFK J1 (FKJ1-41) for annotation in PIMSK.

(2) If the request is disapproved, the garrison or wing commander must notify the offender, in writing, of the reason for the disapproval decision, provide the individual with a new revocation period, and appeal instructions.

e. If access privileges were suspended for an indefinite period, the garrison or wing commander or designated representative may review the suspension at his/her discretion or upon an annual submission of a written request by the offender. If, following the second annual review of an offender's indefinite suspension, the garrison or wing commander or designated representative determines that access privileges will not be reinstated, the offender will be sent written notification of permanent revocation.

Chapter 9

Government Purchase Card (GPC) Program

a. Korean Government Service (KGS) employees who are GPC holders may enter DeCA and AAFES facilities, but must have in their possession a ROK ID, unit RCC, GPC and a GPC Order and Receipt Form signed by the appropriate Approving Official and detailing the specific items to be purchased. The names on the presented ROK ID and GPC must match.

b. DeCA and AAFES personnel must verify the GPC holder's identity by comparing the name on the GPC card to the cardholder's ROK ID. At AAFES facilities without entry control checkers, the GPC holder will present his/her ID, URCC, GPC and the GPC Order and Receipt Form at the cash register. DeCA and AAFES personnel shall record the transaction using the ration numbers on the URCC to ensure those purchases are identified with the unit and not the individual.

c. The KGS employee may purchase goods only with a URCC and the GPC. The GPC Order and Receipt Form and all receipts will be filed IAW the GPC SOP upon completion of the shopping.

d. Use of URCC is required at duty free sales facilities in conjunction with GPC for all authorized patrons.

Chapter 10

Purchase of Alcohol for Protocol Purposes

a. Generally, duty-free alcohol, regardless of value, purchased from a NAF outlet, a club or organization operating on a USFK installation that sells duty-free alcoholic beverages, or the Monastery at the Joint Security Area, may not be given to unauthorized personnel. Exceptions to this policy are detailed below.

(1) Duty-free alcohol may be served to non-SOFA personnel as part of a prepared meal, or command-sponsored official observances and events of historical and traditional significance to the Armed Forces.

(2) To support the important Korean tradition of exchanging gifts, USFK personnel may be granted approval (requires prior approval by designated approval authority) to give alcohol as a gift to their ROK counterparts or personnel not entitled duty-free import privileges. Gifts of duty-free alcohol given by designated USFK personnel to their ROK counterparts or personnel not entitled duty-free import privileges are authorized as an exception under the provisions of [AR 215-1](#) (Military Morale, Welfare, and Recreations Programs and Nonappropriated Fund Instrumentalities) paragraph 7-11.

(a) Gifts of duty-free alcohol are normally given on Korean holidays and are limited to one bottle per year per recipient per donor. Therefore, if a USFK member presents a bottle of alcohol to a ROK counterpart on Lunar New Year, that USFK member may not give that ROK counterpart a gift of alcohol for Chuseok or another occasion in the same calendar year.

(b) The value of each gift of alcohol will not exceed \$50.

(c) Unless otherwise authorized, personnel must use personal funds to purchase alcohol as gifts. NAFs will not be used.

(d) General/Flag Officers within USFK who are authorized to host an Official Representation Fund event may use Secretary of Defense Contingency Funds (0012 funds) to purchase duty-free alcoholic beverages as a gift.

(e) General/Flag Officers within USFK are the designated approving authority to approve USFK personnel to purchase alcohol, with personal funds, to give as gifts to ROK counterparts. These General/Flag Officers may delegate this authority to their O-6 level Chief of Staff or O-6 level Assistant Chief of Staff without further delegation.

b. Regardless of payment method, a URCC should be used to make the purchase.

APF Intermittent Employee Definition. An intermittent work schedule is appropriate only when the nature of the work is sporadic and unpredictable so that a tour of duty cannot be regularly scheduled in advance.

Black Marketing. The act of reselling duty-free goods purchased in USFK duty-free facilities to persons not authorized access to duty-free goods, except as provided in applicable regulations.

Command-Sponsored Family Member.

a. **Military.** A family member of a US or third-country service member serving a "with family members" tour, entitled to travel to or from an overseas command at government expense.

b. **Civilian.** A family member of a full-time DOD employee serving in an area designated for an accompanied tour or the sponsor has approval for an accompanied tour in an area normally designated for unaccompanied civilian tours.

c. **Other.** For the purposes of this regulation, family members of the following are considered to be command-sponsored:

(1) Full-time, US citizen employees of Army and AAFES-Korea whose family members are authorized return transportation to the U.S. or next assignment at AAFES expense.

(2) Full-time Department of Defense Dependent Schools (DoDDS) employees, Public Law 86-91 school employees.

(3) The US Embassy and Foreign Service U.S. employees.

Duty-free goods. Goods that are imported into or purchased in the ROK free of duties or taxes.

Duty-free retail outlets. Sales facilities operated on USFK installations or from USFK installations (such as mobile facilities) that sell items/products imported into the ROK without being charged import duties. Dependency determination is made by the Defense Accounting and Finance Service (DFAS).

These privileges cover all items, and the sponsor and authorized family members registered in Defense Enrollment and Eligibility Reporting System (DEERS) are granted privileges.

Guest. This term means bona fide guests. A bona fide guest is a person who is specifically and personally invited by an authorized patron to use or access a duty-free facility (including golf courses). Bona fide guests must accompany the authorized patron when using the facility to which the invitation was extended. To be considered a bona fide guest, the circumstances must be clear that the authorized patron's personal relationship to the guest is the motivation for the invitation. Individuals who are not known to the authorized patron (e.g., individuals introduced to or referred to an authorized patron by a private organization or third party solely for the purpose of facilitating access to a duty-free facility) are not bona fide guests.

Identification (ID) card. A valid DOD-issued identification card, in conjunction with a valid RCC, is required to gain access to USFK facilities that sell duty-free goods.

Recognizes US sovereign immunities and balances the American citizen's individual rights with obligations to the host government and to local laws.
