Register Your Free AESDirect Account Today as a Primary or Back-Up Export Filing System!

AESDirect is the U.S. Census Bureau's online system for filing export information to the Automated Export System. An account can be registered for FREE at www.aesdirect.gov. Even if you have a primary filing system, maintaining an AESDirect account as a back-up filing method is a best practice in the event that your primary system goes down.

Features of AESDirect:

- Confidential
- Available 24/7
- Generates timely responses, within minutes of filing
- Gives feedback on errors to correct filings
- Stores company profiles for easy recall
- Saves templates of shipments that save data entry time
- Retrieves shipments up to five years old
- Allows you to export shipment information to spreadsheets

For those of you currently filing through other means, an account with AESDirect can serve as your back-up system. Register today at www.aesdirect.gov!
