## Software Update Required: New Versions of AES**PcLink** Available

**This message is for AESPcLink users only**

AES**PcLink** Standard and Network Edition have been updated to improve functionality. You must update the program manually.

AES**PcLink** Standard Edition Version 8.3.

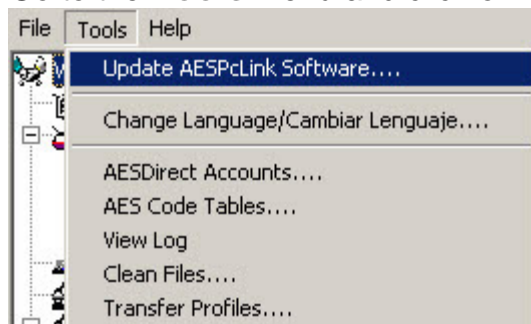

AES**PcLink** Network Edition Version 3.2.

### **How to upgrade to the new versions**

---

#### **AES**PcLink** Standard Edition**

Go to the Tools Menu and click on "Update AES**PcLink** Software"

Windows 7 and Windows Vista Users

If you are running on Windows Vista or Windows 7, you will need to run AES**PcLink** as an administrator to launch the update.

- 1) Right click on the "Launch AES**PcLink**" icon.
- 2) Choose the "Run as administrator" option.

For additional help, contact technical support at -1-877-715-4433.

#### **AES**PcLink** Network Edition**

Designated Administrators must download the new versions of the Server and Client by using the "Update Software" function on the "Advanced Options" tab of the Server admin utility. Both the client and the server need to be upgraded to Version 3.2.

Once administrators have upgraded, instruct users to upgrade their installations of the program by going to the Tools menu and clicking on "Update AES**PcLink** Software..."
