The Fundamentals of Exporting Webinar Series Continues

 Created by the Foreign Trade Division of the U.S. Census Bureau, the *official* source of U.S. export and import statistics and the Foreign Trade Regulations (FTR), this **free** in-depth webinar series provides the tools necessary for a strong foundation in the fundamentals of exporting. Topics include trade data, export regulations, electronic export reporting and much more.

Your Free Tools of Trade- AESDirect and AESPcLink
Wednesday, September 19, 1 p.m. (EDT)

The sixth webinar in this eight-part series explores AESDirect and AESPcLink. AESDirect is an online filing system for Electronic Export Information (EEI) and AESPcLink is the offline software version. If you are required to transmit EEI to the Automated Export System, you should join this webinar. You will learn about AESDirect and AESPcLink inclluding the benefits and features of each application and how to use them to transmit export shipments.
