

FEDERAL HOUSING FINANCE AGENCY  
Office of the Director

March 22, 2010

The Honorable Christopher Dodd  
Chairman  
Committee on Banking, Housing,  
and Urban Affairs  
United States Senate  
Washington, DC 20510

Dear Chairman Dodd:

I am transmitting the December 2009 Federal Housing Finance Agency's (FHFA) Federal Property Manager's report in accordance with Section 110 of the Emergency Economic Stabilization Act of 2008 (EESA), titled *Assistance to Homeowners*. Section 110 of EESA directs Federal Property Managers (FPM) to develop and implement plans to maximize assistance for homeowners and encourage servicers of underlying mortgages to take advantage of programs to minimize foreclosures. FHFA is a designated FPM in its role as conservator for Fannie Mae and Freddie Mac. Each FPM is also required to report to Congress the number and types of loan modifications and the number of foreclosures during the reporting period.

During an FHFA internal review, we discovered that we did not submit to your office a Federal Property Manager's Report dated December 2009. To ensure that there is no gap in the record, the accompanying report is the Federal Property Manager's Report that should have been submitted in December. Despite the lapse in submission, all responsive data was submitted in our November 2009 or January 2010 report. In December 2009 we were in the process of changing the Federal Property Manager's Report format by combining our Foreclosure Prevention Report data with our Refinancing Report data, as reflected in our report dated January 2010. We will continue to use this new format.

We will continue to update, elaborate and expand FHFA's plan to maximize assistance for homeowners and minimize preventable foreclosures consistent with the intent of EESA.

Sincerely,

Edward J. DeMarco  
Acting Director

## NEWS RELEASE

---

For Immediate Release  
November 23, 2009

**Contact:** Corinne Russell (202) 414-6921  
Stefanie Mullin (202) 414-6376

### **Fannie Mae and Freddie Mac Loan Mods Continue to Grow**

**Washington, DC** – Fannie Mae and Freddie Mac completed nearly 32,000 home retention actions in August 2009, a 32 percent increase from July. Separately, trial mortgage loan modifications under the Administration’s Home Affordable Modification Program (HAMP) increased nearly 30 percent from September to October 2009. The data were released by Edward J. DeMarco, Acting Director of the Federal Housing Finance Agency (FHFA), as part of the agency’s monthly *Foreclosure Prevention Report*. The report summarizes mortgage delinquency and foreclosure prevention data for Fannie Mae and Freddie Mac through Aug. 31, 2009 and HAMP trial modifications through Oct. 31.

Following is a summary of the foreclosure prevention data as of Aug. 31, 2009:

#### **Foreclosure Prevention Actions:**

- Completed loan modifications more than doubled to approximately 17,200 in August from 7,100 in July as servicers continued to offer traditional loan modifications to borrowers who do not qualify for HAMP.
- Completed home retention actions increased 32 percent in August primarily driven by increases in completed loan modifications.

#### **Mortgage Performance:**

- Approximately 93,400 more loans became 60 days or more delinquent in August. Loans 60-plus-days delinquent increased approximately 61 percent year-to-date to 1.5 million. Borrowers enlisting in the HAMP are classified as “delinquent” until they successfully complete the trial period.
- Loans that were 30-59 days delinquent increased by 13 percent to 745,700 in August, from 659,800 in July.

#### **Foreclosures:**

- Foreclosure starts in August increased 11 percent compared with July to nearly 94,700.

- Completed foreclosure and third-party sales declined 13 percent to 21,800 in August, from 25,000 in July.

Following is a summary of HAMP trial modification data through October 2009:

**HAMP Trial Modifications:**

- HAMP trial loan modifications in progress increased to 366,000 in October from 286,000 in September.
- As HAMP applicants complete the trial modification period and provide all required documentation we expect to begin seeing trial modifications become permanent modifications.

###

*The Federal Housing Finance Agency regulates Fannie Mae, Freddie Mac and the 12 Federal Home Loan Banks. These government-sponsored enterprises provide more than \$6.3 trillion in funding for the U.S. mortgage markets and financial institutions.*

**Foreclosure Prevention Report  
August 2009**

**60-plus-days Delinquency Rates**  
Delinquency rates continue to rise.

**Foreclosure Prevention Actions Completed**  
Completed foreclosure prevention actions increased in August primarily driven by loan modifications.

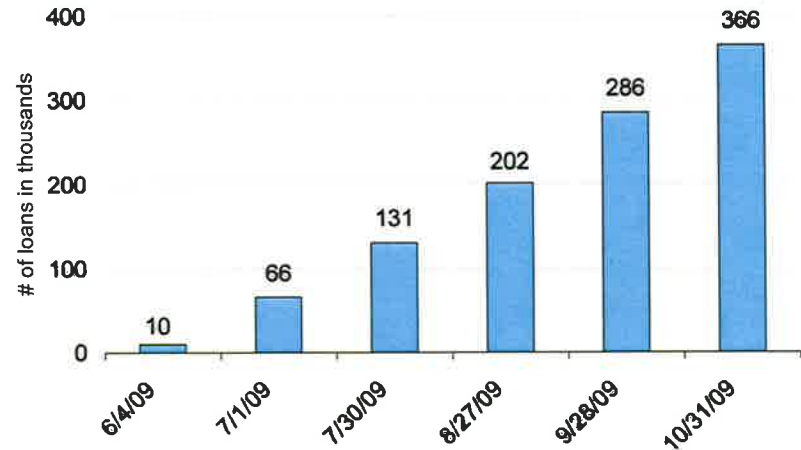

\* Consists of forbearance plans, charge-offs in lieu, short sales and deeds-in-lieu

**Loan Modifications**  
Completed loan modifications increased in August.

**HAMP Trial Modifications - Cumulative**  
HAMP trial modifications continue to increase.

Source: Weekly Servicers Survey through September and IR2 in October

\*\* In July 2009, Fannie Mae changed their definition of completed repayment and forbearance plans to include loans that were 30 days or more delinquent at initiation, consistent with the definition used by Freddie Mac for these items. Previously Fannie Mae's definition of completed repayment and forbearance plans included only repayment plans that were 60 days or more delinquent at initiation and forbearance plans for loans that were 90 days or more delinquent at initiation.

\*The number of foreclosure prevention actions reported in this table may not tie to the Enterprises' financial statements due to timing differences in reporting systems.

\*\* Forbearance plans initiated may include HAMP trials initiated by servicers under the MHA program. In addition, the forbearance plans initiated in August include Fannie Mae's HomeSaver forbearance plans.

\*\*\* In July 2009, Fannie Mae changed their definition of completed repayment and forbearance plans to include loans that were 30 days or more delinquent at initiation, consistent with the definition used by Freddie Mac for these items. Previously Fannie Mae's definition of completed repayment and forbearance plans included only repayment plans that were 60 days or more delinquent at initiation and forbearance plans for loans that were 90 days or more delinquent at initiation.

## Glossary

Data and definitions in this report have been revised relative to prior versions of the report. FHFA continues to work with the Enterprises to improve the comparability of reported data.

### Section 1: Mortgage Performance

**Total Loans Serviced** - Total conventional active book of business, excluding loans that were liquidated during the month.

**Current and Performing** - Loans that are making timely payments and are 0 months delinquent as of the reporting month.

**Total Delinquent Loans** - Loans that are at least one payment past due, i.e., total servicing *minus* current and performing.

**30-59 Days Delinquent** - Includes loans that are only one payment delinquent.

**60-89 Days Delinquent** - Includes loans that are only two payments delinquent.

**60-plus-days Delinquent** - Loans that are two or more payments delinquent, including loans in relief, in the process of foreclosure, or in the process of bankruptcy, i.e., total servicing *minus* current and performing, and 30 to 59 days delinquent loans. Our calculation may exclude loans in bankruptcy process that are less than 60 days delinquent.

**Serious Delinquency** - All loans in the process of foreclosure *plus* loans that are three or more payments delinquent (including loans in the process of bankruptcy).

**In Bankruptcy** - Loans in the process of bankruptcy; includes all delinquency status.

### Section 2: Completed Foreclosure Prevention Actions

**Home Retention Actions** - Repayment plans, forbearance plans, charge-offs in lieu of foreclosure, Home Saver Advances, and loan modifications. Home retention actions allow borrowers to retain ownership/occupancy of their homes while attempting to return loans to current and performing status.

**Repayment Plans** - An agreement between the servicer and a borrower that gives the borrower a defined period of time to reinstate the mortgage by paying normal regular payments plus an additional agreed upon amount in repayment of the delinquency.

**Forbearance Plans** - An agreement between the servicer and the borrower (or estate) to reduce or suspend monthly payments for a defined period of time after which borrower resumes regular monthly payments and pays additional money toward the delinquency to bring the account current or works with the servicer to identify a permanent solution, such as loan modification or short sale, to address the delinquency.

**Charge-offs in Lieu of Foreclosure** - A delinquent loan for which collection efforts or legal actions against the borrower are agreed to be not in the Enterprises' best interests (because of reduced property value, a low outstanding mortgage balance, or presence of certain environmental hazards). The servicer charges off the mortgage debt rather than completing foreclosure and taking the property title. The borrower retains the property. The unpaid mortgage balance becomes a lien on the borrower's property, which must be satisfied when the borrower transfers ownership.

**Home Saver Advance (Fannie Mae)** - An unsecured personal loan to a qualified borrower to cure his or her payment defaults under a mortgage loan the Enterprises own or guarantee. The borrower must be able to resume regular monthly payments on his or her mortgage.

**Loan Modifications** - Number of modified, renegotiated, or restructured loans, regardless of performance-to-date under the plan during the month. Terms of the contract between the borrower and the lender are altered with the aim of curing the delinquency (30 days or more past due).

**Nonforeclosure Home Forfeiture Actions** - Short sales and deeds in lieu of foreclosure. These actions require borrowers to give up their homes. Although homes are forfeited, foreclosure alternatives generally have less adverse impact on borrowers and their credit reports than foreclosure.

**Short Sales** - A short sale (also called a preforeclosure sale) is the sale of a mortgaged property at a price that nets less than the total amount due on the mortgage (e.g., the sum of the unpaid principal balance, accrued interest, advanced escrows, late fees, and delinquency charges.) The servicer and borrower negotiate payment of the difference between the net sales price and the total amount due on the mortgage.

**Deed(s) in Lieu of Foreclosure** - A loan for which the borrower voluntarily conveys the property to the lender to avoid a foreclosure proceeding.

### Section 3: Loan Modifications

**Increase** - Principal and interest after modification is higher than before the modification.

**No Increase** - Original principal and interest is unchanged after the modifications.

**Decrease <=20%** - Original principal and interest is decreased by 20 percent or less after modification.

**Decrease >20%** - Original principal and interest is decreased by more than 20 percent after modification.

**Extend Term Only** - Remaining term of the loan is longer after modification.

**Reduce Rate Only** - Loan's rate is lower after modification.

**Extend Term and Reduce Rate** - Loan's rate reduced and term extended.

**Extend Term, Rate Reduction, and Forbear Principal** - Modification includes term extension, rate reduction, and forbearance of principal.

**Other** - A modification that does not fit in any of the above categories. The majority of these loans are capitalized modifications.

### Section 4: Third-party Sales and Foreclosures

**Third-party Sales** - A third party entity purchases the property at the foreclosure sale/auction above the initial bid set forth by Fannie Mae or Freddie Mac.

**Foreclosure Starts** - The total number of loans referred to an attorney to initiate the legal process of foreclosure during the month. These are loans measured as not being in foreclosure in the previous month but referred to foreclosure in the current month.

**Foreclosure Sales** - The number of loans that went to foreclosure (sheriff's) sale during the month.
