GINNIE MAE ... *Government National Mortgage Association, a wholly owned corporate instrumentality of the United States Department of Housing and Urban Development (HUD).*

GINNIE MAE'S MISSION... *To help provide affordable homeownership opportunities for all Americans by facilitating efficient secondary market activities for federally insured or guaranteed mortgages, thereby linking the capital and federal housing markets.*

GINNIE MAE'S GUARANTY... *Ginnie Mae's guaranty appears on the face of each security and provides:*

Guaranty:

The undersigned, pursuant to Section 306(g) of the National Housing Act, hereby guarantees the timely payment of principal and interest set forth in the above instrument, subject only to the terms and conditions thereof. The full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under this Guaranty.

Mortgage-Backed Security... *A financial obligation secured by a pool of mortgages.*

Ginnie Mae MBS Program... *The Ginnie Mae I MBS Program or the Ginnie Mae II MBS Program.*

Ginnie Mae I ... *The mortgage-backed securities program in which the timely payment of principal and interest is guaranteed by Ginnie Mae, and issuers are required to pay certificated security holders directly. The payment date is the 15th of the month. The depository, as security-holder of all book-entry securities, will debit an issuer's central P&I custodial account on the 15th calendar day of each month.*

Ginnie Mae II ... *The mortgage-backed securities program in which the timely payment of principal and interest is guaranteed by Ginnie Mae, and Ginnie Mae relies on a central paying and transfer agent to pay security holders. The CPTA will debit an issuer's central P&I custodial account on the 19th calendar day for certificated securities. For book-entry securities, the CPTA will debit an issuer's central P&I custodial account on the 20th calendar day.*

Issuer's Responsibilities

ISSUER... *A business organization that, having met the criteria established by Ginnie Mae, has been approved by Ginnie Mae to issue securities guaranteed by Ginnie Mae.*

For each Ginnie Mae pool of mortgages, there may be only one issuer of record.

The issuer is fully responsible for the administration of the securities and the servicing of the pooled mortgages.

The issuer is permitted to arrange for a subcontract servicer to perform some, though not all, of the required servicing functions on behalf of the issuer.

If it does so, however, the issuer remains fully responsible for the subcontract servicer's performance.

The issuer requests approval of a subcontract servicer arrangement by submitting a cover letter and **Master Servicing Agreement** HUD-11707 to the PPA. The form HUD-11707 may not be altered.

If the issuer and the subcontract servicer wish to set forth the terms of their relationship more fully in a separate agreement that is consistent with the terms of the applicable Guaranty Agreement and the Guide, they may do so. Any agreement of this nature will be subordinate to the Guaranty Agreement and the Guide.

The issuer, however, may not delegate or transfer to others (through a power of attorney or otherwise) its obligations to perform, and the subcontract servicer may not perform, the functions set forth as non-delegable responsibilities. Those functions must be carried out by the issuer.

Subcontract Servicer's Responsibilities

SUBCONTRACT SERVICER... *An approved Ginnie Mae issuer that, with Ginnie Mae's prior written approval, services the mortgages in a pool under a subcontract with the Ginnie Mae issuer that is responsible for the pool.*

Servicing of all pool types except MH pools may be carried out on behalf of the issuer by another servicer (a subcontract servicer) under a contractual agreement between them. The arrangement must have Ginnie Mae's prior written approval.

The following table summarizes the tasks that must be performed by the issuer and those that may be performed by a subcontract servicer.

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

The information is required by Sec. 306(g) of the National Housing Act or by Ginnie Mae Handbook 5500.3, Rev. 1. The information collected is to provide assurance to Ginnie Mae that the servicing of mortgages for each of the issuer's Ginnie Mae MBS is performed in accordance with acceptable standards of mortgage servicing. The information will not be disclosed outside the Department without prior consent, except as required by law. Issuers must renew this form annually.

Issuer ID Number	The attached list of Pools and Loan Packages is covered by this Agreement
------------------	---

The Issuer:

- will service the mortgages subject to the referenced Ginnie Mae pool/Loan Package Numbers as designated on the form HUD-11705, for each securities issue.

- will not service the mortgages subject to the referenced Ginnie Mae Pool/Loan Package Numbers as designated on the form HUD-11705, for each securities issue, and has arranged with a subcontract servicer for the servicing of the mortgages.

It is agreed that the mortgages submitted with each Schedule of Pooled Mortgages are to be serviced, whether by the Issuer or by a subcontract servicer in accordance with the requirements set forth in the Ginnie Mae Mortgage-Backed Securities Guide, Rev. 1. The Issuer agrees to be responsible and liable for servicing the mortgages, including any acts or omissions of any subcontract servicer in connection therewith.

Quality Reporting

- Timeliness
- Completeness
- Accuracy
- Program Compliance

Ginnie Mae 12

To insure the quality of reporting, an issuer must service the pooled mortgages and administer the related securities in accordance with the requirements of the applicable Guaranty Agreement and the Guide.

Timeliness...Meeting reporting deadlines as stated within the Guide.

Completeness...Completing all reports as required per the Guide.

Accuracy...Includes the month to month flow of reports. An example is: this month's ending balance is to be next month's beginning balance for that particular section. Calculations should be performed in accordance with the standards in the Guide. Accuracy also includes correctly reflecting collateral activity on your monthly accounting reports.

Program Compliance...Issuer performs its obligations under the terms of the Guaranty Agreements and the regulations stated in the Guide and APMs.

Keys to Quality Reporting

- Program Knowledge
- Reconciliations
- Tests
- Internal Controls

Ginnie Mae 13

Program Knowledge... Knowledge of the program ensures accurate and timely reporting.

Reconciliations... Reconciliation of Mortgage Collateral to Securities Outstanding must be complete each month to ensure the mortgage collateral to securities balance is in balance.

Tests... The test of expected P&I Custodial account at cutoff must be performed monthly to verify the accuracy of the P&I balance reported in Section 5 B2 of form HUD 11710A.

Internal Controls... Each issuer must establish internal controls that insure complete and accurate reporting.

Ginnie Mae 18

Mortgage Backed Security... *A financial obligation secured by a pool of mortgages.*

Investors (security holders) in an MBS pool are guaranteed to receive scheduled principal and interest each month regardless of actual collections on the loans in the pool. This means that the outstanding securities balance must be amortized each month independent of the collateral loans.

Each month, Ginnie Mae issuers must prepare and submit an accounting report for each pool. The cutoff date for the reporting period is established between the 25th of the month and the first day of the following month, inclusive, which must be applied consistently from month to month for all pools. Once established, this date may not be changed without prior approval from Ginnie Mae. If a cutoff date is established on the first day of the month and that date results in late RPB reporting, Ginnie Mae may require the issuer to set an earlier cutoff date.

The period beginning the day after a monthly reporting cut-off date and continuing through the next monthly reporting cut-off date is referred to as the "reporting month" or "monthly reporting period".

Instructions for Form HUD 11710A Issuer's Monthly Accounting Report (Appendix VI-4 Ginnie Mae MBS Guide 5500.3)

In the heading of the form is the issuer name and address, assigned issuer number, pool number, date of cutoff, reporting month and program reporting codes.

The form 11710A has six distinct sections that perform different functions:

Section 1 – Pool Administration

Issuer reports activity relating to the pooled loans that occurred during the month such as installment collections, additional principal collections, liquidations (any transaction that reduces the principal balance of the loan to zero), and adjustments such as the fixed installment control when an adjustable rate loan is scheduled for change or adjustment for additional principal curtailment.

- Security balance (RPB)
- Guaranty Fee
- Bank Account information

Ginnie Mae

18

Mortgage Pool... *A pool of mortgages that may be sold as a unit in the secondary mortgage market or used to back securities that are sold in the capital market.*

If initial reporting month, issuers will use the total unpaid principal balance as reported to Ginnie Mae on the Schedule of Pooled Mortgages. If not an initial reporting month, the entry must be identical to the totals reported on Line D of Section 1 for the prior month's form HUD 11710A.

The remaining portion of the section is broken down into the following activities:

- (a) total number of delinquent loans, percent delinquent and breakdown of delinquent installments,
- (b) prepaid principal and interest,
- (c) delinquent principal and interest and
- (d) service fee.

Section 1A – Format for Calculating Mortgage Principal Installments Due this Month
(Note: calculations using interest rate factors must carry the interest rate out to the eighth decimal place).

Issuer calculates the amount of gross interest due the pool by multiplying the opening security balance, Section 3 Line A, by the mortgage interest rate and dividing by twelve (12). The resulting amount is subtracted from the fixed installment control reported in Section 1 to determine the amount of scheduled principal to be passed through to security holders. If there are different interest rates in the pool, calculate and enter the weighted average interest rate (WAIR). Instructions for calculating a WAIR can be found in the "Miscellaneous Pool Administration Procedure" in Appendix VI-4 of the Guide.

Section 2 – Schedule of Payments (Principal and Interest)

Issuer reports the amount of scheduled principal calculated from Section 1A, additional principal collected, liquidation balance as reported on form HUD 11710E and any adjustments to principal. Issuer then calculates the amount on interest due security holders by multiplying the opening security balance, Section 3 Line A, by the security interest rate and dividing by twelve (12). These totals are the cash distribution due security holders.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Ginnie Mae 18

Section 3 – Principal Amount of Securities

(Note: Section 3, Line A is the basis for calculations performed in: Section 1A Block B, "Pool Interest"; Section 2 Line F, "Cash distribution due holders for interest"; and Section 4 Line A, Ginnie Mae guaranty fee.)

If initial reporting month, issuers will use the total unpaid principal balance as reported to Ginnie Mae on the Schedule of Pooled Mortgages. If not an initial reporting month, issuers will enter the **Principal amount of securities this monthend** from Section 3 Line D of the previous month's reports. The amount of principal distributed to holders from Section 2E is used to reduce the beginning principal amount. The result is the principal of securities this monthend. This is also the **Remaining Principal Balance** (RPB) reported to the CPTA.

Section 4 – Remittance Calculation for Ginnie Mae Guaranty Fee

Guaranty fee rate for the pool is entered in this section and the fee due Ginnie Mae is calculated as follows: multiply the **Principal amount of securities** from last report, Section 3 line A, by the **guaranty fee rate** and divide by twelve (12). This amount should equal the guaranty fee that will be drafted by the CPTA.

Section 5 – Status of Custodial Funds

Issuers will report the name and address of the custodial bank where the principal and interest and the escrow custodial accounts have been established and their respective account numbers. Escrow funds and advances are reported separately from principal and interest. Principal and interest are calculated by using the prior month's Section 5 Line B, adding **Total receipts deposited**, deducting the **Total cash distribution due holders** reported in Section 2 Line G of the prior month's report and **servicing fees** as applicable. If **calculated balance** is a deficit, report it as a negative entry in the block.

If corporate funds were used to make the remittance, the amount should be reported in Block 3, **Other** of the lowest numbered pool for which funds are included in the same custodial account.

- Section 1A Line A (FIC) must equal the amount reported in Section 1 Line A (FIC).
- WAIR must be entered for program type II pools if interest rates vary in the pool.

Section 2 – Schedule of Payments (Principal and Interest)

- Section 2 Line A (Scheduled Principal) must equal the amount reported in Section 1A Line C (Scheduled Principal).
- Section 2 Line B (Additional Principal) must equal the amount reported in Section 1 Line B2 (Additional Principal).
- Section 2 Line E (Total Principal) can only be a negative amount for GPM pools.
- Compare Section 2 Line E (Principal) and Section 2 Line F (Interest) to pre-collection notice from JPMorgan Chase.

Section 3 – Principal Amount of Securities

- Section 3 Line A must equal the previous month's balances reported on Section 3 Line D.
- Section 3 Line B must equal the amount reported in Section 2 Line E.
- Section 3 Line D must equal the RPB reported to JPMorgan Chase.

Form HUD 11710E **Liquidation Schedule** must be completed whenever a loan is liquidated for any reason. Liquidation is any transaction that reduces the unpaid principal balance of a loan to zero. The liquidation schedule provides a format to determine that total liquidation interest that is due the pool and liquidation principal that is due security holders. One form HUD 11710E must be submitted for each liquidation reported on the form HUD 11710A.

Instructions for Form HUD 11710E Liquidation Schedule (Appendix VI-4 Ginnie Mae MBS Guide 5500.3)

Heading of form HUD 11710E Liquidation Schedule

In the heading of the form the issuer must complete the following: issuer number, reporting month, pool number, constant P&I, case number (FHA/VA/RD/PIH), date removed, loan type and mortgage interest rate. Issuers are required to report the reason a loan is being liquidated from a Ginnie Mae pool by designating one of six standard "Reason for Removal" codes. The issuer must check the appropriate box that identifies the reason for removal. The definition of each code is as follows:

Box 1 – Mortgagor Payoff: Funds were received from the mortgagor to pay the loan in full.

Box 2 – Repurchase of Delinquent Loan: Issuer funds were used to repurchase the loan from the pool as a result of 90-day or more continuous delinquency. This reason code is not to be used for loss mitigation.

Box 3 – Foreclosure with claim payment: Loan was liquidated from the pool because insurance/guaranty funds were received from FHA, VA, RD or PIH.

Box 4 – Loss Mitigation: Loan was repurchased from a pool under the conditions specified in Chapter 18: Mortgage Delinquency and Default, Section 1803(B): Repurchase of Certain Loans, with the expressed intention of performing loss mitigation procedures as specified by FHA, VA, RD or PIH.

Unpaid Principal Balance

(UPB)... *The original loan balance reduced by principal payments received to date. The term may refer to the balance on a single loan or the total for all loans in a pool.*

Box 5 – Substitution: A defective loan is removed from the pool and replaced with an eligible loan, or when the issuer is correcting for an over-collateralization by means of loan substitution. All loan substitutions must have the prior approval of Ginnie Mae.

Box 6 – Other: When a loan is liquidated for any reason other than the above, including the repurchase of a defective loan without a substitution. All loans liquidated for a reason code of “Other” must have prior approval of Ginnie Mae.

Calculation of Interest Due the Pool and Principal Remitted to Security Holders

This section is used to determine the amount of interest due the pool and the amount of principal to be remitted to security holders. For a Concurrent Date pool, the pool is due interest through the last day of the reporting month and security holders are due the principal balance after the application of the principal installment due on the first day of the month following the reporting month.

Line 1

- **Payment Due Date** Enter the due date of the last principal and interest installment received from the mortgagor.
- **Balance** Enter the amount of principal balance remaining on the loan after application of the last installment received from the mortgagor.

Second and Succeeding Lines

- **Payment Due Date** Enter the payment due date of all principal and interest installments due from the last paid installment entered in Line 1 through the installment due on the first day of the month following the reporting month.
- **Interest Due** Enter the calculated interest due for each scheduled installment (multiply the preceding line’s “Balance” by the mortgage interest rate and divide by twelve (12)).

- **Principal Remitted** Enter the result of subtracting the **Interest Due** from the constant **P&I** for each scheduled installment. The amounts in this column are principal amounts that have been remitted to security holders as part of the **Scheduled Principal** but have not been collected from the mortgagor.
- **Balance** Enter the result of subtracting the **Principal Remitted** from the previous line's **Balance**.
- **Total Interest Due** (Last Line): Enter the sum of the amount in the **Interest Due** column.
- **Principal Remitted** (Last Line): Enter the sum of the amount in the **Principal Remitted** column.
- **Liquidation Balance** Enter the last entry in the **Balance** column. This amount must always equal the difference between the **Balance** reported in Line 1 and total **Principal Remitted** from the last line.

Complete funding of any liquidation transaction is accomplished by deposit into the principal and interest custodial account the sum of the **Balance** reported on Line 1 of the **Liquidation Schedule** and the **Total Interest Due**. When the actual interest collected from the mortgagor or from the FHA, VA, RD or PIH is less than the **Total Interest Due**, that deficiency must be funded by the issuer. When the actual interest collected is greater than the **Total Interest Due** that excess interest may be retained by the issuer.

Data to be reported on for HUD 11710A Issuer's Monthly Accounting Report

- **P&I Constant (Fixed Installment Control), Total Interest Due and Balance** (Line 1) should be reported in Section 1.B.3.
- **Liquidation Balance** should be reported in Section 2.C.

Adjustable Payment Mortgage...

A mortgage with an amortization schedule that provides for changes in monthly payments based on adjustments to the interest rate or other term of the mortgage.

Form HUD 11748C Addendum to Monthly Accounting Report (Adjustable Rate Payment Pool)

Form HUD 11748C provides Ginnie Mae with information concerning annual changes in the interest rate on the securities and the mortgages, including changes to the fixed installment control for the pool. This form is to be submitted annually, with for HUD 11710A **Issuer's Monthly Accounting Report**, one month prior to the month in which the monthly payment will change.

The CPTA will independently calculate the annual adjustment to the interest rate on the securities and the amount due security holders. Issuers should review the **Principal and Interest Pre-collection Notice** received from the CPTA and verify the interest payment shown (amount of interest that will be debited from custodial account) matches Section 2.F **Cash Distribution due Holders for Interest** on the current months for HUD 11710A **Issuer's Monthly Accounting Report**.

Instructions for Form HUD 117148C Adjustable Rate Mortgage Pool
(Appendix VI-16 Ginnie Mae MBS Guide 5500.3)

Box 1. Full legal name of issuer.

Box 2. Issuer number assigned by Ginnie Mae.

Box 3. Commitment/loan package number assigned by Ginnie Mae.

Box 4. Month and year of the current reporting month specified on the attached form HUD 11710A. The current reporting month must be March, June, September or December.

Box 5. Check the appropriate box. This is the next reporting month (as recorded in item 4).

Box 6. Enter the new index (weekly average of 1-year Treasury constant maturity securities) for the reference date for the pool or loan package).

Box 7. Enter the security margin for the pool or loan package. (This was reported on form HUD 11705 and remains constant for the life of the pool or loan package).

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Box 8. Enter the current security interest rate for the reporting month (reported in Section 2.F of the attached form HUD 11710A).

Box 9. Enter the adjusted security interest rate to be used to calculate the interest due for the next reporting month. (This rate is the total of the entry in item 6 plus the entry in item 7, limited by the applicable annual and life-of-the-loan interest rate caps: 1-, 3- and 5-Yr Arms = 1/5 caps; 7- or 10Yr ARMs = 2/6 caps, rounded to the nearest 1/8th). The rate must be expressed to 3 decimal places, e.g., 11.125.

Box 10. Enter the mortgage interest rate that applies to the interest due on the mortgages in the current reporting month (i.e., interest in arrears due on the first of the month following the current reporting month). This is the weighted average interest rate if there is more than one mortgage rate in the pool or loan package. The weighted average interest rate is that calculated and shown at Section 1A, Block D of the attached form HUD 11710A.

Box 11. Enter the adjusted mortgage interest rate which will apply to the interest due on the mortgages in the next reporting month (i.e., interest in arrears due on the first of the month following the next reporting month). This is the weighted average interest rate if there is more than one mortgage rate in the pool or loan package. The weighted average interest rate is calculated by the method explained in Appendix VI-4, item 2.b., under Miscellaneous Pool Administration Procedures.

Box 12. Enter the lowest mortgage interest rate in the pool or loan package for the current reporting month.

Box 13. Enter the lowest adjusted mortgage interest rate in the pool or loan package which will apply to the interest due on the mortgages collected in the next reporting month (i.e., the lowest new adjusted interest rate after liquidated loans for the reporting month are removed from the pool.)

Box 14. Enter the highest mortgage interest rate in the pool or loan package for the current reporting month.

Box 15. Enter the highest adjusted mortgage interest rate in the pool or loan package which will apply to the interest due on the mortgages in the next reporting month (i.e., the highest new adjusted interest rate after liquidated loans for the reporting month are removed from the pool).

Box 16. Enter the principal amount of securities in the pool or loan package for the current reporting month. That is the amount reported in Section 3, Line A of the attached form HUD 11710A.

Box 17. Enter the principal amount of securities in the pool or loan package for the next reporting month. That is the amount reported in Section 3, Line D of the attached form HUD 11710A.

Box 18. Enter the beginning FIC for the current reporting month (reported in Section 1, Line A of the attached form HUD 11710A).

Box 19. Enter the FIC adjustment amount (adjusted FIC minus beginning FIC).

Box 20. Enter the adjusted FIC (+ or -) for the current reporting month (reported in Section 1, Line D of the attached form HUD 11710A). This is the FIC comparable to the beginning FIC

Remittance Advice... *The accounting schedule sent each month to security holders that specifies cash distribution (by scheduled principal, interest, and unscheduled recoveries of principal) being made that month on each security.*

The issuer is obligated to make timely monthly payments of principal and interest to the security holders of record as prescribed in the securities, in the applicable Guaranty Agreement without regard to whether the issuer will be able to recover, from liquidation proceeds, insurance proceeds, or late payments, amounts paid to security holders.

Generally, the monthly payment to security holders consists of three elements: interest, scheduled principal and unscheduled recovery of principal.

PRO RATA SHARE PERCENTAGE ... *With respect to a security holder, the original principal amount of the security holder's securities divided by the original principal amount of the entire pool, carried out to eight decimal places.*

If there is more than one security holder in a pool, the payment due each security holder is based on the pro rata share percentage of each security holder multiplied by the total payment.

If for any reason a security holder is paid rather than the security holder actually due that payment, the issuer is obligated to use its own funds to honor valid claims by the security holder.

It is the issuer's responsibility, not the security holder's, to seek recovery from the party that was incorrectly paid.

Payment due the security holder cannot be delayed pending recovery from the party that was incorrectly paid.

GINNIE MAE II POOLS

Ginnie Mae II issuers must ensure that sufficient funds are available in their designated principal and interest accounts in accordance with Chapter 15, Section 15-3, of the Ginnie Mae Mortgage-Backed Security Guide.

Undelivered Payments and Outstanding Checks

Payments to security holders that cannot be delivered or are never presented for payment are to remain in the account from which the funds were disbursed. The issuer must make all reasonable efforts to locate these security holders, and document such efforts. Unclaimed funds are not "excess funds" as defined in Section 15-5(A) and may not be used in lieu of advances. The funds resulting from undelivered payments to security holders and accumulated over a six-month period must be made payable to Ginnie Mae and sent to the CPTA (see Addresses) pending a claim from the owner. The CPTA must receive the funds within 30 days of the close of the six-month period.

Ginnie Mae 29

Remaining Principal Balance (RPB) Submission... *Monthly data report required of each issuer, as of the issuer's monthly reporting cut-off date, the aggregate remaining principal balance for each of its pools other than the construction loan pools.*

Remaining Principal Balance (RPB) Submission – Each issuer must submit RPB Data directly to the CPTA for each of its pools, other than the construction loan pools no later than 7:00 p.m. (Eastern Time) on the 2nd business day following each reporting month. RPB reports may be transmitted through GinnieNET or computer-to-computer.

An issuer can correct RPB Data by 7:00 p.m. (Eastern Time) on the fifth business day of the month following the reporting month. If the issuer is unable to correct the RPB data, issuer must pay security holders based on the RPB reported even if it is incorrect.

When received, the CPTA edits the data to determine, from one month to the next, that RPBs do not increase (except for GPMs), do not remain constant, and do not decline in excess of Ginnie Mae-defined tolerances. If there are edit failures, the CPTA will notify the issuer via facsimile sent no later than the third business day of the month (see Section 19-7) of the guide. Edit failures are of two types: unacceptable RPBs and alerts of possible error.

If an unacceptable RPB requires a change:

The issuer must report the correction using GinnieNET no later than 7:00 p.m. (Eastern time) on the fifth business day of the month and correct the report as described in Section 19-8. Failure to respond by the required time to unacceptable RPB notification(s) will mean that the issuer must make payment on the securities in accordance with the reported RPB.

If an issuer is notified that an RPB is unacceptable but in fact the RPB is correct:

The issuer must confirm the RPBs by returning the facsimile to the CPTA and so note those RPBs that need no correction. The facsimile must be faxed no later than 7:00 pm (Eastern time) on the fifth business day of the month.

The CPTA will provide issuers with a hard copy pre-notification advice of all amounts, per pool and/or loan package, that will be withdrawn from their central P&I custodial account. The first pre-notification report will be sent on the third business day of the month, and the second and final pre-notification report will be sent on the seventh business day of the month. The latter report will reflect any changes submitted by the issuer no later than 7 p.m. (Eastern time) on the fifth business day of the month. Issuers may also elect to receive an electronic version of this report, for a fee, through the CPTA. Issuers are advised to contact the CPTA to arrange for electronic delivery of pre-notification files.

Calculated by
CPTA

Guaranty Fee... For each issue of MBS, a monthly fee paid by each issuer to Ginnie Mae for Ginnie Mae's full faith and credit guaranty.

**Automatic Account
Debit**

Issuers are required to pay a monthly guaranty fee to Ginnie Mae, for each security for which the issuer is issuer of record. The guaranty fee must be paid to Ginnie Mae by automatic account debit. Each issuer must maintain a central P&I custodial account in a depository institution that is either a member of the Automated Clearing House (ACH) or a correspondent of an ACH member. The issuer must authorize the CPTA to debit the guaranty fee payment account automatically each month for the amount of the guaranty fee. The CPTA calculates the amount of the guaranty fee debit using the RPB information reported by the issuer in the preceding month. The monthly guaranty fee is computed based on the aggregate remaining principal balance of the guaranteed securities outstanding at the beginning of the accounting month multiplied by the guaranty fee rate and dividing by twelve (12).

Prior to the automated ACH draft, the CPTA will send monthly advices to each issuer notifying them of the ACH draft. It is the issuer's obligation to ensure that sufficient funds are available in the central P&I custodial account for these ACH debits.

Monthly Loan Level—What and When to Report...

detailed submissions of loan data for every active loan in the Ginnie Mae Program

Issuers must report all of their active Ginnie Mae loans on a monthly basis. All loans reported on 11710A must be reported at the Loan Level. *Loans liquidated prior to the monthly cut-off are not to be reported.*

The loan level detail reports capture key information about the loans such as loan type (FHA, VA, RD, PIH, etc.), case number, borrower and property information, and beginning and remaining principal balances of the loans.

Loan data is to be submitted on or before the 15th of each month and should be complete, accurate and in compliance with Ginnie Mae guidelines.

Loan level RPB and loan count must reconcile to the monthly accounting reports, form 11710A, section 1.D, for the same period. In order to tie to the monthly accounting report any loans liquidated (paid in full) are *not* to be reported.

Particular attention is paid to the completeness and accuracy of the FHA, VA, RD or PIH case number. Additional information about Ginnie Mae's case number standards is published in APM 02-17 which is available at http://www.ginniemae.gov/apm/apm_pdf/02-17.pdf. Case number information is used by Ginnie Mae to help determine whether a loan is, in fact, endorsed for insurance and failure to provide accurate information may result in a request to repurchase the loan.

Ginnie Mae 35

Loan level detail reports must be submitted in the EDI format as published in the Ginnie Mae Implementation Guide. Additional resources and information is available at:

<http://www.ginniemae.gov/issuers/ecommerce.asp?subTitle=Issuers>

<http://www.ginniemae.gov/edi/edi.asp?Section=Issuers>

<http://www.ginniemae.gov/edi/edicover.asp?Section=Issuers>

An issuer must maintain the data and be able to generate the media for 30 days following the transmission date.

Many Service Bureaus and loan servicing software vendors already accommodate Ginnie Mae's EDI requirements and reporting can be implemented without additional testing. If you need assistance or wish to submit a test transmission, please contact the Ginnie Mae EDI Coordinator or telephone the Ginnie Mae Reporting Helpdesk at 1-888-446-6434, option 1.

Higher volume issuers and service bureaus report to Ginnie Mae via dedicated high speed ISDN telecommunication lines. Other transmission alternatives include dialup to the Ginnie Mae Bulletin Board System (BBS) or the File Upload functionality of Web IIS. If you need assistance in selecting the best transmission method, contact the EDI coordinator at 1-888-446-6434, option 1.

Some issuers with fewer than 800 loans prefer to key enter the loan level data using the Ginnie Mae Web EDI application. Web EDI is a module of the Ginnie Mae E-access application and additional information is available at <https://www.ginniemae.gov/e-access/index.asp>

At the end of each month, Ginnie Mae publishes Loan Level Statistical Summary Reports via the Web which detail those exceptions considered most important by Ginnie Mae. The Web IEDS (Issuer Exception Display System) is a module within the Ginnie Mae E-access application and is accessible at <https://www.ginniemae.gov/e-access/>. Loan level exceptions can be viewed and additional detail downloaded into Excel for further distribution within the Issuer's organization.

Each issuer should have a designated primary and back-up employee registered in E-access for Web IEDS to review and identify exceptions each month. Exceptions and errors should be corrected prior to submitting the next month's data. From time to time, Ginnie Mae will contact issuers and require that specific loans be corrected within the current reporting cycle. To facilitate the submission of individual loans or a subset of loans, Ginnie Mae recommends that each issuer also be registered in the Web-EDI module to facilitate the ability to manually correct and submit within the current cycle.

Ginnie Mae Monthly and Quarterly Reporting
Other and Miscellaneous

- Other issuers' monthly reporting forms
- Quarterly bank certifications
- Pool document custodian ID number assignments
- Issuer data verification forms
- Miscellaneous

Ginnie Mae 36

Quarterly Bank Certifications – All issuers must submit to Ginnie Mae's Data Collection Agent a quarterly certification letter with the monthly accounting reports due March 10, June 10, September 10 and December 10.

The letter certifies that the financial institutions maintaining the principal and interest custodial bank account for each of the pools reported by the issuer meet the requirements specified in the Ginnie Mae MBS Guide 5500.3. This requirement also applies to financial institutions holding taxes and insurance escrow custodial accounts for multifamily pools.

There are two methods of delivery: submission through GinnieMET or mail the original certification letter along with the funds custodian rating report to:

Ginnie Mae Data – Pool Processing

1 Curie Court,
Rockville, MD 20850-4310
1-(888)-446-6434

Pool Document Custodian ID Number Assignments – The Document Custodian safeguards collateral documents for issuers under a direct contract with Ginnie Mae's written approval.

The Data Collection and Reports Group maintains, monitors and updates the document custodian identification number assignments on the Mortgage-Backed Securities Information System (MBSIS) database.

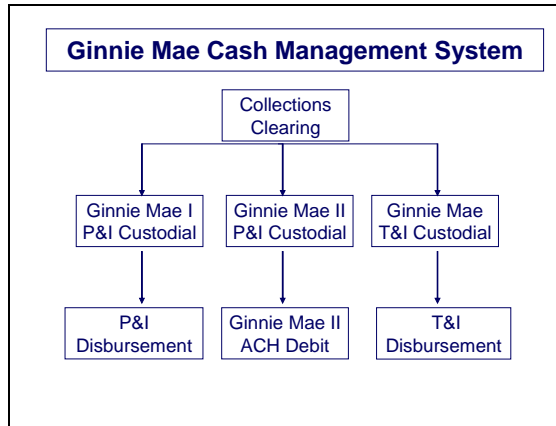

Issuer Data Verification Forms – Issuer Data Verification Forms are sent out twice a year to issuers for updating contact information.

Cash Management

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Ginnie Mae Cash Management System

The various cash management accounts to be covered are:

1. *Collections Clearing Account*
2. *P&I Custodial Bank Account*
3. *P&I Disbursement Account*
4. *T&I Custodial Bank Account*

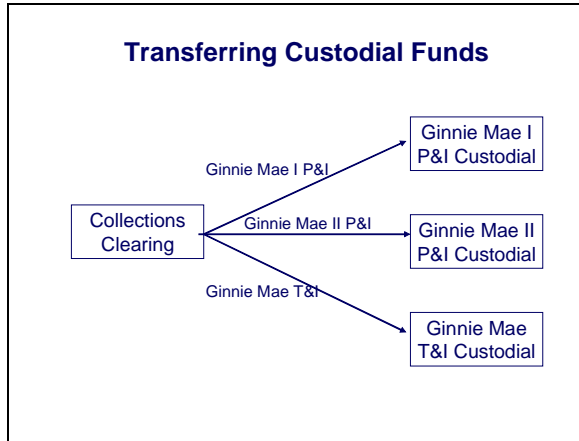

Collections Clearing Account: Ginnie Mae allows the use of a collections clearing account for expeditious processing and depositing of daily receipts, which may include P&I and T&I funds for all mortgage loans serviced by the issuer. If such an account is used, Ginnie Mae requires funds relating to mortgages in Ginnie Mae pools be transferred to Ginnie Mae P&I and T&I custodial accounts within one business day of receipt unless a written waiver letter has been obtained from Ginnie Mae.

P&I Custodial Bank Account: Ginnie Mae requires that the P&I portion of mortgage loan payments for each Ginnie Mae pool be deposited into a single non-interest bearing Ginnie Mae P&I custodial account. These funds belong to the related Ginnie Mae MBS holders, with Ginnie Mae as a guarantor. These P&I custodial accounts may contain funds for more than one pool provided that the issuer maintains separate accounting records for each pool.

P&I Disbursement Account: Many issuers use a separate P&I disbursement account to make payments to security holders. Funds are transferred to the P&I disbursement account before the negotiable date of checks (Ginnie Mae I). Issuers may also use this account as the Ginnie Mae II ACH debit account. Each issuer ID number may only use one disbursement account.

T&I Custodial Bank Account: Ginnie Mae requires the T&I portion of loan payments for each Ginnie Mae pool be deposited into a single T&I custodial account. These funds belong to the related mortgagor. The account may contain funds for more than one pool provided that the issuer maintains separate accounting records for each pool. The issuer must also maintain individual account records for each loan.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Transferring Custodial Funds

A mortgagor's loan payment is usually composed of two items:

- 1) Monthly principal and interest payment (P&I)*
- 2) Monthly tax and insurance payment (T&I)*

Ginnie Mae allows the use of a collections clearing account for expedient processing and deposit of daily collections.

Ginnie Mae requires mortgage loan payments for a particular Ginnie Mae pool to be deposited into a single non-interest bearing P&I custodial bank account. These funds belong to the related Ginnie Mae MBS holders with Ginnie Mae as the guarantor.

Payments by mortgagors for taxes and insurance are deposited into a separate T&I custodial account, which may be interest bearing. Such funds belong to the related mortgagors.

Ginnie Mae also allows the use of separate P&I disbursement-clearing accounts. Disbursements from each separate account are limited to payments for a separate Issuer ID number.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Collections Clearing Account

- Optional
- Used for Ginnie Mae and non-Ginnie Mae funds
- Transfer to P&I and T&I accounts within 1 business day
- Recover Corporate Advances provided excess funds restored to Custodial Account
- Zero Balance Account

Collections Clearing Account

Ginnie Mae allows the use of a collections clearing account for expeditious processing and depositing of daily receipts, which may include P&I and T&I funds for all mortgage loans serviced by the issuer.

If such an account is used, Ginnie Mae requires funds relating to mortgages in Ginnie Mae pools be transferred to Ginnie Mae P&I and T&I custodial accounts within one business day of receipt unless a written waiver letter has been obtained from Ginnie Mae. The collections clearing account may be used to process funds for all investors, not just those relating to Ginnie Mae.

Clearing Account at a Different Bank: If the issuer's collections clearing account is at a bank other than the P&I and T&I custodial bank, Ginnie Mae requires custodial funds to be transferred within one business day. Although the most common method of transfer is by wire, this requirement is met if a check payable to the custodial account is mailed within one business day of receipt. If the collections clearing and custodial accounts are at the same bank, the funds are to be deposited into the custodial account within one business day of receipt into the collection clearing account in order for the issuer to be in compliance.

ACH Debit: Issuers using the ACH clearing funds transfer process for mortgagor funds must transfer Ginnie Mae funds within 48 hours.

Recovery of Corporate Advances Directly from Collections Clearing Account: Issuers may recover corporate advances directly from their collections clearing account provided that excess funds are restored to the custodial account prior to any recovery of corporate advances. This may be done if the issuer maintains an automated system with an adequate audit trail.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

P&I Custodial Bank Account Requirements

- Ginnie Mae funds only
- Single non-interest bearing Custodial Account
- May contain funds for more than one pool
- Form HUD 11709 must exist for each account
- Bank reconciliation completed timely
- Meet bank rating requirements

P&I Custodial Bank Account

Ginnie Mae requires that the P&I portion of mortgage loan payments for each Ginnie Mae pool be deposited into a single non-interest bearing Ginnie Mae P&I custodial account. These funds belong to the related Ginnie Mae MBS holders with Ginnie Mae as the guarantor.

These P&I custodial accounts may contain funds for more than one pool, provided that the issuer maintains separate accounting records for each pool. The issuer must maintain a detail book balance by pool, which tracks the collection and disbursements for each pool using a single account.

This detail must list the ending principal and interest book balance for each pool, at the month-end cutoff date. This book balance is then used in the Ginnie Mae monthly pool accounting reports.

A form HUD 11709 is required and must exist for each P&I custodial bank account. The form HUD 11709 is the Master Agreement between the issuer and the depository institution, and establishes Ginnie Mae's right to access the funds in the account on demand and without notice.

Ginnie Mae custodial funds may not be commingled with non-Ginnie Mae funds. For example, an issuer may not deposit Ginnie Mae and non-Ginnie Mae (i.e., FNMA, FHLMC, private investors, etc.) mortgage receipts into the same custodial account. Funds for one Ginnie Mae issuer ID number may not be commingled with funds for another Ginnie Mae issuer ID number.

Monies in the P&I custodial account are monthly mortgage payments, prepayments, proceeds from foreclosure or repossession sales, any payments received in lieu of foreclosure or repossession sales, payment of excess funds, advances, mortgage or title insurance and guaranty claim settlement proceeds, hazard insurance, etc.

This agency may not collect this information, and you are not required to complete this form, unless it displays a valid OMB control number.

The information is required by Sec. 306(g) of the National Housing Act, 24 CFR Part 300 and/or by Ginnie Mae Handbook 5500.3, Rev. 1. The information collected is required to authorize the depository, as security holder of all book-entry Ginnie Mae I MBS, to make ACH debits to an issuer's central P&I custodial account for all payments due on such securities, and to authorize the CPTA, as Ginnie Mae's agent, to make ACH debits to an issuer's central P&I custodial account for all payments due on Ginnie Mae II MBS and all guaranty fees due Ginnie Mae with respect to all Ginnie Mae I and II MBS. The information collected will not be disclosed outside the Department without prior consent, except as required by law.

The Central Paying and Transfer Agent (CPTA), as Ginnie Mae's agent, is hereby authorized to initiate ACH debits against the issuer's central principal and interest (P&I) custodial account at the bank, referenced below, for monthly guaranty fees due in connection with all Ginnie Mae I pools and loan packages, and for monthly P&I payments and guaranty fees due in connection with all Ginnie Mae II pools and loan packages for which the issuer named below is responsible. The Ginnie Mae Depository is authorized to initiate ACH debits against the central P&I custodial account at the bank referenced below, for monthly P&I payments and prepayment penalties on multifamily loans due in connection with all book-entry securities backed by Ginnie Mae I pools and loan packages for which the issuer named below is responsible.

The referenced central P&I custodial account has been established using the Master Agreement for Servicer's Principal and Interest Custodial Account, form HUD-11709, which is already on file with Ginnie Mae, or which accompanies this submission. The account number, shown below, is the same as the account number of the central P&I custodial account established with form HUD-11709.

The amount for P&I payments and prepayment penalties due security holders and guaranty fees due Ginnie Mae, based on the RPB data reported by the Issuer, shall be charged against this account. Any discrepancies in the amount debited from this account in connection with Ginnie Mae I and Ginnie Mae II guaranty fees and P&I payments for Ginnie Mae II pools and loan packages are to be reported to the CPTA. Discrepancies in connection with P&I payments for Ginnie Mae I pools and loan packages and prepayment penalties are to be reported to the Depository. The CPTA, in connection with Ginnie Mae II pools and loan packages, and the Depository, in connection with Ginnie Mae I pools and loan packages and prepayment penalties, will credit, in favor of this account, any amount that was debited over the amount required by the properly reported RPB or prepayment penalty data, where applicable. Discrepancies with respect to Ginnie Mae guaranty fees shall be referred to Ginnie Mae's Data Collection, Analysis and Risk Management Agent for resolution.

This authorization will remain in effect until such time as: (a) a change of bank account is requested and approved by Ginnie Mae, or (b) all applicable pools and loan packages are terminated.

Please check the appropriate box for which this account pertains. If the same account is not used for both Ginnie Mae I and Ginnie Mae II pools and/or loan packages, a separate authorization must be executed for each account.

P&I Disbursement Account

Requirements

- May use separate disbursement account
- Non-interest bearing account
- Zero balance account
- Ginnie Mae Funds only
- Only one Ginnie Mae Issuer ID# per account
- Form HUD 11709 must exist for each account

P&I Disbursement Account

The earlier section on the Ginnie Mae P&I Custodial Account discusses payments to security holders directly from the P&I account itself. Many issuers, however, use a separate P&I disbursement account to make payments to holders. Funds are transferred to the P&I disbursement account before the negotiable date of checks (Ginnie Mae I). Issuers may also use this account as the Ginnie Mae II ACH debit account. Each Issuer ID number may only use one disbursement account.

Disbursements from a Ginnie Mae P&I disbursement account are limited to Ginnie Mae funds; commingling with non-Ginnie Mae funds is prohibited. Funds for one Ginnie Mae issuer ID number may not be commingled with funds for another Ginnie Mae issuer ID number.

The P&I disbursement account should be a zero balance account; however, it is acceptable for the issuer to keep an amount in the account as a minimum balance or to keep unrecovered corporate advances in the P&I disbursement account. After subtracting these amounts, and any outstanding security holder checks, the balance of the P&I disbursement account must be zero.

Ginnie Mae requires security holders' checks to be delivered by the fifteenth of each month. If a check remains outstanding for a period greater than six months, it must be removed from the account and sent to Ginnie Mae within 30 days of the close of the six-month period.

P&I disbursement accounts must be maintained at a federally insured financial institution that meets Ginnie Mae bank rating requirements. Also, an executed form HUD 11709 is required to be filed with Ginnie Mae for the disbursement account.

P&I Custodial Bank Account

Bank Rating Requirements

- Not Required If:
 - Custodial funds are maintained in an appropriate FHLB
 - FIC is less than \$100,000
- Fitch: a rating of "C" or better
- Moody's: A rating of P-3 or better
- S&P: A-3 or better
- IDC: 75 or better
- Highline: 47 or better

Bank Rating Requirements

Ginnie Mae's objective is to ensure that issuers maintain Ginnie Mae custodial bank accounts in depository institutions that comply with Ginnie Mae bank requirements. This limits Ginnie Mae's exposure to loss of custodial funds due to bank failure.

The P&I account must be maintained in a federally insured financial institution that meets Ginnie Mae's bank rating requirements. The rating requirements are:

Fitch: a rating of "C" or better

Moody's: A rating of P-3 or better (i.e., P-1 or P-2) (short-term bank deposits)

Standard's & Poor's: a rating of A-3 or better (i.e., A-1 or A-2) (short-term CDs)

If custodial accounts are maintained with a funds custodian rated by one or more agencies named above, Ginnie Mae requires the following:

1. If rated by all three agencies, the funds custodian must meet any two acceptable ratings.
2. If rated by two agencies, the funds custodian must meet both acceptable ratings.
3. If rated by only one agency, the funds custodian must meet that agency's acceptable rating.

If the funds custodian is not rated by any of the agencies listed above, Ginnie Mae will require that it meet minimally acceptable ratings from one of the following agencies:

LACE Financial Corp.: a rating of "C" or better

Cates Bank Rating service: a rating of 3.5 or better

IDC Financial Publishing: a rating of 75 or better (Rank of Financial Ratio)

Highline (formerly Sheshunoff) Rating Services: a rating of 47 or better

T&I Custodial Bank Account

Requirements

- Interest Bearing Account
- Ginnie Mae Funds Only
- Form HUD 11720 Must Exist for Each Account
- Bank Reconciliation Completed Timely

T&I Custodial Bank Account

Escrow custodial accounts include all funds collected to cover expenses to be paid under the mortgage, including, but not limited to, taxes, special assessments, ground rents, other charges that are or may become first liens on the mortgaged property, hazard insurance premiums, and mortgage insurance premiums. All collections of funds of these types for an individual pool must be deposited into a single escrow account.

Ginnie Mae requires the T&I portion of loan payments for each Ginnie Mae pool to be deposited in a single Ginnie Mae T&I custodial account, which may be interest bearing. These funds belong to the related mortgagor. The account may contain funds for more than one pool provided that the issuer maintains separate accounting records for each pool. The issuer must also maintain individual accounting records for each loan.

Ginnie Mae funds may not be commingled with non-Ginnie Mae funds. For example, an issuer may not deposit Ginnie Mae and non-Ginnie Mae (i.e., FNMA, FHLMC, private investors, etc.) mortgage receipts into the same custodial account. Funds for one Ginnie Mae issuer ID number may not be commingled with funds for another Ginnie Mae issuer ID number.

A form HUD 11720 must exist for each T&I Custodial Bank Account. The form HUD 11720 is the Master Agreement between the issuer and the depositor, establishing Ginnie Mae's right to access the funds in the account on demand and without notice.

P&I Collection Shortfalls Temporary Shortfalls

- Late Payments From Mortgagor
- Non-Sufficient Funds Check
- Incorrect Advance Calculation

Temporary Shortfalls

There must be sufficient funds on deposit in the bank account to pay security holders by the appropriate due date. The issuer has three options for funding a temporary shortfall:

- a. corporate advances without using excess funds*
- b. corporate advances using excess funds*

Mortgage collections during a given month may be insufficient to cover the full amount of required security holder payments due to delinquencies in mortgagor payments. Temporary shortfalls may be recovered if the delinquent payments are made by the mortgagors.

Examples of Temporary Shortfalls:

Late payments from Mortgagor – monthly payments that have not been received from the mortgagor in a timely fashion

Non-sufficient funds check – a mortgagor check returned for non-sufficient funds

Incorrect advance calculation – failure to calculate accurately the necessary corporate advance using delinquent and prepaid loan amounts

Non-Recoverable Corporate Advances

- Permanent Shortfalls
 - **Soldiers' and Sailors' Relief Act**
 - **Curtailment Adjustments**
 - **Loan Payoffs**
 - **Foreclosure Liquidations**
 - **T&I Shortfalls**

Non-Recoverable Corporate Advances

Non-recoverable corporate advances are made to fund shortfalls and losses. A permanent shortfall may result when a loan is removed from a pool or a curtailment adjustment is made on an additional principal payment. The shortfalls must be deposited to the P&I or T&I custodial account before disbursement to the security holder or payee.

Examples of non-recoverable corporate expenses are as follows:

Soldiers' and Sailors' Civil Relief Act – The difference between the amount collected and the amount due security holders for eligible loans must be funded by the issuer.

Curtailment Adjustments on Additional Principal Payments – If a borrower makes an additional principal payment and, as a result of the payment, the reconciliation between the collateral and the securities goes out of balance, the issuer must fund the amount in order to keep the collateral and securities in balance.

Loan Payoffs – The difference between the amount collected by the issuer and the amount paid to security holders. For example, if a loan pays off on the tenth of the month and nine days of interest is collected, corporate funds must be deposited to cover the shortfall from the ninth to the end of the month.

Foreclosure Liquidations - After a loan is foreclosed and all claim payments have been received, any shortfall between the amount received and amount due security holders must be funded by the issuer.

T&I Shortfalls - When a loan is removed from a pool and a shortage exists in the escrow account, the recoverable corporate advance must be replaced with a permanent corporate advance if the issuer tracks recoverable corporate advances in any manner except loan-level tracking.

Security Holder Payment Methods and Due Dates

There must be sufficient funds on deposit in the bank account to pay security holders by the appropriate due date (or negotiable date of the checks, if earlier, for Ginnie Mae I pools).

Security holders are guaranteed to receive scheduled principal and interest each month, regardless of actual collections on the loans in the pool. Issuers must remit all payments due to security holders such that security holders will receive their instalment as follows:

GINNIE MAE I POOLS - Certificated Securities:

Payment by Check must be received no later than the 15th calendar day of the month.

Electronic Transfer/Fed Wire must be completed by the 15th calendar day of the month.

GINNIE MAE I POOLS - Book-Entry Securities:

ACH debit will occur for each pool at or after 7:00 am EST on the 15th calendar day of each month, (or if the 15th CD is not a business day, then the next business day).

GINNIE MAE II POOLS

Ginnie Mae II issuers must ensure that sufficient funds are available in their designated principal and interest accounts in accordance with Chapter 15, Section 15-3, of the Ginnie Mae Mortgage-Backed Security Guide.

 - Minimizes Use of Issuer Funds
 - Guide 5500.3 Appendix VI-8

- Pool Advance Agreement
 - Uses Bank Funds
 - Guide 5500.3 Appendix VI-1

Methods of Funding P & I Shortfalls

The issuer has three options for funding a temporary P&I shortfall:

a. Corporate Advances without Using Excess Funds;

b. Corporate Advances Using Excess Funds;

and

c. Pool Advance Agreement.

Corporate Advances – Whenever mortgage collections during a given month are insufficient to cover the full amount of payments due securities holders on the 15th (19th for Ginnie Mae II pools) the issuer must advance corporate funds to cover the payments. There must always be sufficient funds on deposit in the appropriate Custodial account to cover securities holders' remittances on or before the negotiable date of the remittances and never later than the 15th for Ginnie Mae I pools, or the date of the ACH debit for Ginnie Mae II pools.

Excess Funds – In lieu of advancing corporate funds, the issuer may use excess P&I funds attributable to one pool to cover shortages in other pools sharing the same Custodial account. Excess funds are defined as unscheduled recoveries of principal (such as curtailments, partial and final claim settlements of mortgage insurance or guarantee benefits, and full loan payoffs) and early receipts of scheduled P&I (prepayments).

Pool Advance Agreements – Under the terms of the Pool Advance Agreement, the financial institution which holds pool P&I funds, rather than the issuer, is obligated to advance funds to cover payments to securities holders. The issuer must receive Ginnie Mae's written consent to use this agreement before the terms of the agreement may be implemented.

Recoverable Corporate Advances

Whenever mortgage collections during a given month are insufficient to cover the payments due security holders, the issuer must advance corporate funds to cover the payments.

In lieu of advancing corporate funds, the issuer may use excess P&I funds attributable to one pool to cover shortages in other pools sharing the same custodial account. Any additional amount still needed once excess funds have been used must come from the issuer's corporate funds.

Sufficient funds must be on deposit in the appropriate account to cover security holders' remittances on or before the date of the remittances. This should never occur later than the 15th calendar day for Ginnie Mae I pools, and the date of the ACH debit for Ginnie Mae II pools. This advance can be recovered by removing subsequent collections from the P&I custodial account until the advance is fully recovered.

The issuer must replace in the P&I custodial account excess funds used to make advances during a given month (a) in time to pay the funds to the security holders in the subsequent month, pursuant to the terms of the applicable Guaranty Agreement, and (b) before the issuer recovers advances made from its own funds or pursuant to a Pool Advance Agreement.

The issuer is liable to Ginnie Mae at all times for the restitution of any excess funds withdrawn to cover advances. The issuer's obligation to reimburse Ginnie Mae will remain in effect even if Ginnie Mae declares the issuer in default under its Guaranty Agreement and terminates its issuer status.

Corporate advances must be calculated on a custodial account level if the issuer uses a separate disbursement account. The funds must be transferred to the disbursement account no later than the negotiable date of the check. The issuer must document its advances with copies of advance calculations.

Funding P&I Shortfalls

Excess Funds

- Excess funds are defined as:
 - **For CD pools:**
 - **Unscheduled Recoveries of Principal**
 - **Prepayments**

Excess Funds

If an issuer uses the Excess Funds Method involving pools issued prior to July 1, 1980, an Excess Funds Agreement must have been previously executed with Ginnie Mae. After July 1, 1980, the Guaranty or Contractual Agreement for each new pool includes a provision for using excess funds.

Excess funds for Concurrent Date (CD) type pools are defined as follows:

1. Unscheduled recoveries of principal of loans, such as curtailments, loan payoffs, guarantee benefits and partial and final claim settlements from loan insurance. These amounts received during the current month are not scheduled to be passed through to security holders until the month following receipt by the issuer; and
2. Prepaid P&I installments.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Corporate Advances Using Excess Funds

- After July 1, 1980, Part of Guaranty or Contractual Agreement
- Unapplied Funds and Service Fees
- Pools Sharing Same Custodial Account
- Commingling Ginnie Mae I and Ginnie Mae II Funds

Corporate Advances Using Excess Funds

In lieu of advancing corporate funds, the issuer may use excess P&I funds attributable to one pool to cover shortages in other pools sharing the same custodial account. Any additional amount still needed once excess funds have been used must come from the issuer's corporate funds.

Unapplied funds and various service fees deposited into the P&I custodial account may also be considered excess funds for purposes of this calculation. These types of funds will further reduce the amount of required corporate advances.

The issuer may use "Excess Funds" from one pool to cover shortfalls in other pools as long as the pools share the same P&I custodial bank account.

Ginnie Mae allows issuers to commingle funds of Ginnie Mae II pools with those of Ginnie Mae I pools. Since payments due to security holders of Ginnie Mae II pools are not due until the date of the ACH debit (usually the 19th), collections applicable to Ginnie Mae II pools may be used to offset corporate advances necessary for Ginnie Mae I pools on the 15th. If this approach is used, issuers must still advance as necessary to cover the full amount of the ACH debit, and Ginnie Mae II amounts required for the ACH debit which have been used to offset Ginnie Mae I advances must be advanced at that time.

Test of Expected P&I

- Performed by Issuer
- Provides Minimum Dollar Amount in P&I Account
- Tolerance:
 - \$1.00 per loan per pool
 - Maximum of \$50.00 per pool
- Cash Shortage Funded by Issuer

Test of Expected P&I

The test of Expected P&I at month-end cutoff is performed by the issuer to establish a minimum dollar amount that Ginnie Mae would expect to find in the P&I account for any particular pool as of a given reporting date. This test is performed to check the accuracy of the P&I balance reported in form HUD 11710A Section 5, Block B-2 for each pool, and establish a tracking point for the cash flow method of tracking cashbook balances.

Ginnie Mae allows the issuer a tolerance of \$1.00 per loan per pool up to a maximum of \$50.00 per pool between the amount reported and the Expected Balance per the Test of Expected P&I. Any amounts outside the tolerance must be researched and adjusted monthly.

The Test of Expected P&I is only accurate when the pool is in balance. This means that the mortgage collateral reconciles to the securities outstanding. At least once a year the issuer must adjust to a zero balance, any differences between the Reconciliation of Mortgage Collateral to Securities Outstanding. When an adjustment is made to the Securities Outstanding, so as to reconcile to the Mortgage Collateral, the issuer must adjust the corresponding cash amounts and the amount reported by either:

- a. fully funding any shortages to the account if a shortage occurs, or
- b. transferring any overages out of the custodial account or reporting the cash overage in Section 5, Block B-3 when an overage occurs.

Any cash shortage determined by the test must be fully funded by the issuer using its own corporate funds, even if the pool is over-collateralized. If the pool is over-collateralized, the funds can be recovered when there is an unscheduled recovery of principal (i.e., loan liquidation or additional principal). Funds that are greater than the Expected Balance per the Test of Expected P&I, which the issuer chooses to leave in the bank account, should be reported in Section 5, Block B-3, of form HUD 11710A for each pool.

Issuers should not use the calculated "Test of Expected P&I" figure to determine the amount to be reported on the 11710A report. The expected P&I calculation is only used to test the amount reported by the issuer. Issuer must report the actual amount of cash for each pool on the form HUD 11710A.

Reconciliation of Mortgage Collateral to Securities Outstanding

- Pool of Loans is Collateral for Securities
- Overcollateralization
- Undercollateralization

Reconciliation of Mortgage Collateral to Securities Outstanding

The Ginnie Mae MBS program is based on the concept of a "pool" of loans being used as collateral for securities issued against that pool. Any principal amounts distributed to the security holders should correspond to principal amount to the pooled loans.

Issuers are responsible for maintaining control over this relationship, which can be achieved through the reconciliation of the pool to loans to securities outstanding. This reconciliation is known in the industry as the Reconciliation of Mortgage Collateral to Securities Outstanding.

Overcollateralization

If the adjusted pool principal balance is larger than the securities balance, the pool is overcollateralized. Overcollateralized amounts must also be funded in the P&I custodial account. These funds are not part of the monthly calculation of the corporate advance. These funds have already been passed through to security holders and can not be recovered by the issuer in the advance recovery process after the remittance or ACH debit date.

Undercollateralization

If the adjusted pool principal balance is less than the securities balance, the pool is undercollateralized. Principal must be passed through to security holders to reduce the securities balance. Issuers must fund all undercollateralized pools outside of the tolerance level. The tolerance range is \$1.00 for each loan in the pool up to a maximum of \$50.00 per pool. Undercollateralized amounts must be deposited in the P&I custodial account and passed through to the security holders in the month following the month of the Reconciliation.

All adjustments for over and undercollateralizations are reported in form HUD 11710A Section 2, Block D, "Other" of form HUD 11710A.

As noted above, recovery of these funds can only occur in conjunction with an unscheduled recovery of principal. At the same time an adjustment is made to bring the pool into balance in Section 2, Block D, "Other" of form HUD 11710A

P&I Reconciliation			
P&I Funds			
Sum of 11710As, Sections 5B2 and 5B3	=	11710D "Other than T&I Funds"	= P&I Bank Reconciliation

P&I Reconciliation

Reconciliation of:

- *Internal servicing records book balance;*
- *Bank account balance;*
- *The balance at cutoff of the HUD 11710A Section 5, Block B-2 and Section 5, Block B-3;*
- *Sum of the test of expected P&I plus HUD 11710A Section 5, Block B-3,*
- *"Other than T&I Funds" reported on form HUD 11710D*

The sum of the **Test of Expected P&I** for each pool plus the amount reported on form HUD 11710A **Other** Section 5, Block B-3 for all pools should equal the amount reported in Section 3, form HUD 11710D, as **Total Funds Other Than T&I** and agree to the reconciled bank accounts and internal servicing records book balance. Adjustments may be required to accomplish this reconciliation process. These adjustments are reflected on each month's bank reconciliation and cleared in the following month.

Adjustments typically arise due to permanent P&I shortfalls. Permanent P&I shortfalls must be funded from corporate funds and are not covered by a pool advance agreement. These amounts are expenses to the issuer and are not recoverable.

Permanent P&I shortfalls that are required to be funded by the issuer include:

- Curtailment adjustment (additional principal adjustments).
- Interest shortfalls on payoffs.
- Principal and interest shortfalls on loan repurchases due to foreclosure, substitutions and others.

These amounts are not required to be deposited until the negotiable date of the check for Ginnie Mae I pools or the ACH debit date for Ginnie Mae II pools. Accordingly, these adjustments will be reconciling items on the bank reconciliation when the related funds are deposited after the month-end cutoff. The reconciling items should clear by the end of the following month.

*This deposit represents corporate funds advanced by the Issuer to cover payments due securities holders. For all Ginnie Mae-MBS pools, there must be sufficient funds in the P&I custodial account to cover all amounts due securities holders on the negotiable date of the remittance checks. For further information regarding advances, refer to chapter one.

**Here the Issuer recovers the full amount of the advance, having now received sufficient collections to keep the account balance above zero.

Bank Reconciliations**

The internal servicing record T&I book balance must reconcile each month-end to the following:

- *sum of reconciled bank balance, and*
- *sum of 11710As Section 5, Block B-1 amounts for all pools*

T&I accounts must be reconciled by the end of the following month; reconciling items must clear within 30 days from the date of the bank reconciliation.

The sum of the figures reported in Section 5, Block B-1 for all form HUD 11710A reports must equal the **Total T&I Funds** reported in Section 2 of the **Issuer's Monthly Accounting Summary**, form HUD 11710D. If the issuer has both program types, Ginnie Mae I and Ginnie Mae II, it must submit a separate form HUD 11710D for each program type. Accordingly, the sum of Section 2, form HUD 11710D for Ginnie Mae I and Ginnie Mae II will be used. The sum of the T&I custodial accounts should be agreed to this total each month. Any discrepancies noted between the form HUD 11710D total, the issuer's book balance and the ending T&I bank reconciliation must be resolved.

Reporting of Taxes and Insurance: The figure reported in form HUD 11710A Section 5, Block B-1 should be the total amount of tax insurance funds actually held in the custodial account for all the mortgages in the pool as of the Ginnie Mae month-end cutoff date.

GLOSSARY OF TERMS

ACH

Automated Clearing House or, used as a verb, the act of debiting automatically an issuer's guaranty fee payment account or central P&I custodial account through an Automated Clearing House.

APM

The designation of a Ginnie Mae II MBS Program pool or loan package of adjustable payment mortgages, each with an amortization schedule that provides for changes in the amount of the monthly payments based on annual adjustments to the interest rate or other terms of the mortgage.

APM Index

The weekly average yield on United States Treasury Department securities adjusted to a constant maturity of one year. Used to reset interest rates on APM Securities.

APM Securities

Securities backed by a pool of APM mortgages.

AQ

The designation for a type of multiple issuer APM pool or loan package formed under the Ginnie Mae II MBS Program for which the first interest adjustment date for each mortgage is at least 12 months but not more than 18 months after the first payment date for the mortgage, the first interest adjustment date for the pool is 12 months after the issue date of the related securities, and the issue date of the related securities is either January 1, April 1, July 1, or October 1.

AR

The designation for a type of custom APM pool or multiple issuer APM pool or loan package formed under the Ginnie Mae II MBS Program for which (a) in the case of a custom pool, the first interest adjustment date for each mortgage is at least one month but not more than 18 months after the first payment date for the mortgage and the first interest adjustment date for the pool is from one to 15 months after the issue date of the related securities and (b) in the case of a multiple issuer pool or loan package, the first interest adjustment date for each mortgage is at least 12 months but not more than 18 months after the first payment date for the mortgage and the first interest adjustment date for the pool is from 13 to 15 months after the issue date of the related securities.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Advance

The use of the issuer's own corporate funds, or funds specifically borrowed pursuant to a Ginnie Mae approved pool advance agreement, to make a payment to security holders, to enable the CPTA to make a payment to security holders or to pay tax obligations, insurance premiums, or other amounts due under the mortgage when the funds on deposit in any principal and interest custodial account, any escrow custodial account, or any other account related to the pooled mortgages are insufficient to make the required payments.

Assign in Blank

Transfer the ownership rights in one or more pooled mortgages from the issuer to an unspecified party to be named at a later time.

Assignment

Transfer of a right, title, or interest in mortgages or Ginnie Mae securities, or the transfer instrument.

BD

Designation for a Ginnie Mae I MBS Program pool of single-family, level payment mortgages that contains one or more buydown mortgages.

BFP

Bond Financing Program.

Book-Entry Securities

Securities for which ownership and transfers of beneficial ownership are made through book entries by a depository.

Business Day

Generally, 8:00 A.M. to 4:00 P.M., unless the context indicates otherwise, Eastern time, on any Monday through Friday that is not a federal holiday.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Buydown Mortgage

A single family mortgage in connection with which funds are provided by a third party (other than the borrower or mortgagee) to reduce the borrower's monthly payments during the early years of the mortgage.

CL

The designation for a pool that (a) consists of a single mortgage on a multifamily project under construction and (b) backs securities created under the Ginnie Mae I MBS Program and with an interest rate that will also be the interest rate on the project loan securities into which the related construction loan securities will be converted.

CLS

The Commitment Line System.

CPTA

The Central Paying and Transfer Agent.

CS

The designation for a pool that (a) consists of a single mortgage on a multifamily project under construction and (b) backs securities created under the Ginnie Mae I MBS Program and with an interest rate that will differ from the interest rate on the project loan securities into which the related construction loan securities will be converted.

Central Paying and Transfer Agent

The institution that Ginnie Mae employs to act on its behalf to prepare central registry entries, to prepare certificates for certificated Ginnie Mae MBS, to maintain a record of securities ownership and transfer information, to cancel and re-register certificates tendered in good form by or on behalf of security holders, to debit Ginnie Mae II MBS Program issuers' central P&I custodial accounts, to pay Ginnie Mae II security holders, to collect Ginnie Mae guaranty fees, and to perform other duties with respect to Ginnie Mae MBS.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Central P&I Custodial Account

Under the Ginnie Mae II MBS Program, the P&I custodial account that an issuer designates and maintains as the P&I custodial account that the CPTA is to debit each month for the purpose of paying principal and interest to security holders and the guaranty fee to Ginnie Mae in connection with all of the Ginnie Mae II pools and loan packages for which the issuer is responsible.

Central Registry

The central registry maintained by the CPTA for the purpose of registering the ownership of all Ginnie Mae MBS and maintaining a historical record of transfers of Ginnie Mae MBS.

Certificated Security

A Ginnie Mae MBS that is represented by a certificate.

Collection Agent

The institution Ginnie Mae employs in the Ginnie Mae MBS Programs to collect guaranty fees from issuers. This function is performed by the CPTA.

Commitment Line System

A system established by Ginnie Mae to manage the disbursement of congressionally authorized commitment authority to guarantee mortgage-backed securities under the Ginnie Mae MBS Programs. The issuer requests commitment authority, which is aggregated, as approved, and is referred to as a commitment authority account or "line." As an issuer issues approved securities backed by pools of mortgages, Ginnie Mae enters the amount of securities issued into the automated commitment file and the commitment line is automatically drawn down.

Compliance Review Agent

The institution that Ginnie Mae employs to conduct compliance and special reviews of Ginnie Mae issuers and custodians and to analyze annual audited financial statements filed by all Ginnie Mae issuers.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Contractual Agreement

A contractual agreement, as amended from time to time, between Ginnie Mae and an issuer that (a) establishes rights and obligations of each party under the terms of the Ginnie Mae II MBS Program with respect to an issuance of Ginnie Mae II MBS with an issue date prior to November 1, 1999 and (b) has not been superseded by a Guaranty Agreement.

Conveyance Acknowledgment (Jurat)

A formal declaration attached to or made a part of an instrument used to effect a transfer of an interest in real estate. The acknowledgment is made before a duly authorized officer of the appropriate jurisdiction (usually a notary public) by the party that has executed the instrument.

Custodial Funds

All principal and interest collected on account of the mortgages and/or the property securing the mortgages and any other funds due to the security holder; any tax, insurance premium or other funds collected for the benefit of the mortgage or the property; and any unscheduled recoveries of principal.

Custom Pool

A pool formed pursuant to the Ginnie Mae II MBS Program that has a single issuer and that does not contain a loan package.

Defective Mortgage

A mortgage (i) that cannot be insured or guaranteed by an agency of the Federal Government under a provision named in Section 306(g) of the National Housing Act, (ii) that has been refused by the insuring or guaranteeing agency, (iii) for which such insurance or guaranty has been withdrawn, or (iv) that does not comply with the terms of the related securities.

Delivery Date

For (a) uncertificated, book entry securities, the date on which the CPTA registers ownership of the securities in the name of the depository's nominee on the central registry maintained by the CPTA, (b) certificated, book-entry securities, the date on which the CPTA releases the certificate to the depository, and (c) certificated securities held directly by a security holder other than the depository, the date on which the CPTA releases the certificate or certificates to such security holder.

Ginnie Mae Single Family Training Reporting Requirements & Cash Management

Depository

The clearing agency for book-entry Ginnie Mae MBS.

Document

May, as the context requires, refer to information delivered in hard copy or paper format or information delivered in electronic form.

Document Custodian

A financial institution that holds the required documents relating to pooled mortgages for the life of a Ginnie Mae pool or loan package or until it is replaced by another such institution.

Escrow Custodial Account
