II. Making a FOIA Request

1. Names, addresses, and contact numbers for DHS FOIA Officers can be found on our website at <http://www.dhs.gov/FOIA>.
2. Brief description why requests are not granted:

The Department of Homeland Security has the primary responsibility to lead the unified national effort to secure the country and preserve our freedoms. It follows that the records maintained by the Department of Homeland Security often involve law enforcement matters. Because law enforcement records are of such interest to subjects of investigation, victims of crime, and the public at large, these records are often requested under the Freedom of Information Act. The Department of Homeland Security commonly invokes exemptions 6 and 7(C) to prevent unwarranted injury to the privacy interests of individuals, exemption 7(E) to protect against the disclosure of law enforcement techniques, procedures and guidelines, and exemption 2 to protect against disclosure of certain types of information the release of which is likely to risk circumvention of laws or regulations.

2. Definition of terms, expressed in common terminology.

- a. **Administrative Appeal** – A request to a federal agency asking that it review at a higher administrative level a FOIA determination made by the agency at the initial request level.
- b. **Average Number** – The number obtained by dividing the sum of a group of numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.
- c. **Backlog** – The number of requests or administrative appeals that are pending at an agency at the end of the fiscal year that are beyond the statutory time period for a response.
- d. **Component** – For agencies that process requests on a decentralized basis, a “component” is an entity, also sometimes referred to as an Office, Division, Bureau, Center, or Directorate, within the agency that processes FOIA requests. The FOIA now requires that agencies include in the Annual FOIA Report data for both the agency overall and for each principal component of the agency.
- e. **Consultation** – The procedure whereby the agency responding to a FOIA requests first forwards a record to another agency for its review because that other agency has an interest in the document. Once the agency in receipt of the consultation finishes its review of the record, it responds back to the agency that forwarded it. That agency, in turn, will then respond to the FOIA requester.
- f. **Exemption 3 Statute** – A federal statute that exempts information from disclosure and which the agency relies on to withhold information under subsection (b)(3) of the FOIA.
- g. **FOIA Request** – A FOIA request is generally a request to a federal agency for access to records concerning another person (i.e., a “third party” request), or concerning an organization, or a particular topic of interest. FOIA requests also include requests made by requesters seeking records concerning themselves (i.e., “first party” requests) when those requesters are not subject to the Privacy Act, such as non-U.S. citizens. Moreover, because all first-party requesters should be afforded the benefit of both the access provisions of the FOIA as well as those of the Privacy Act, FOIA requests also include any first-party requests where an agency determines that it must search beyond its Privacy Act “systems of records” or where a Privacy Act exemption applies, and the agency looks to FOIA to afford the greatest possible access. All requests which require the agency to utilize the FOIA in responding to the requester are included in this Report.

Additionally, a FOIA request includes records referred to the agency for processing and direct response to the requester. It does not, however, include records for which the agency has received a consultation from another agency. (Consultations are reported separately in Section XII of this Report.)

- h. **Full Grant** – An agency decision to disclose all records in full in response to a FOIA request.
- i. **Full Denial** – An agency decision not to release any records in response to a FOIA request because the records are exempt in their entirety under one or more of the FOIA exemptions, or because of a procedural reason, such as when no records could be located.
- j. **Median Number** – The middle, not average, number. For example, of 3, 7, and 14, the median number is 7.
- k. **Multi-Track Processing** – A system in which simple requests requiring relatively minimal review are placed in one processing track and more voluminous and complex requests are placed in one or more other tracks. Requests granted expedited processing are placed in yet another track. Requests in each track are processed on a first in/first out basis.
 - i. **Expedited Processing** – An agency will process a FOIA request on an expedited basis when a requester satisfies the requirements for expedited processing as set forth in the statute and in agency regulations.

- ii. **Simple Request** – A FOIA request that an agency using multi-track processing places in its fastest (non-expedited) track based on the volume and/or simplicity of records requested.
 - iii. **Complex Request** – A FOIA request that an agency using multi-track processing places in a slower track based on the high volume and/or complexity of the records requested.
 - l. **Partial Grant/Partial Denial** – An agency decision to disclose portions of the records and to withhold other portions that are exempt under the FOIA, or to otherwise deny a portion of the request for a procedural reason.
 - m. **Pending Request or Pending Administrative Appeal** – A request or administrative appeal for which an agency has not taken final action in all respects.
 - n. **Perfect Request** – A request for records which reasonably describes such records and is made in accordance with published rules stating the time, place, fees (if any) and procedures to be followed..
 - o. **Processed Request or Processed Administrative Appeal** – A request or administrative appeal for which an agency has taken final action in all respects.
 - p. **Range in Number of Days** – The lowest and highest number of days to process requests or administrative appeals
 - q. **Time limits** – The time period in the statute for an agency to respond to a FOIA request (ordinarily 20 working days from proper receipt of a perfected FOIA request).

APPENDIX A: COMPOSITION OF THE DEPARTMENT OF HOMELAND SECURITY

The Office of the Secretary oversees activities with other federal, state, local, and private entities as part of a collaborative effort to strengthen our borders, provide for intelligence analysis and infrastructure protection, improve the use of science and technology to counter weapons of mass destruction, and to create a comprehensive response and recovery system. The Office of the Secretary includes multiple offices that contribute to the overall Homeland Security mission. These are:

The mission of the Privacy Office (PRIV) is to preserve and enhance privacy protections for all individuals, to promote transparency of Department of Homeland Security (DHS) operations, and to serve as a leader in the privacy community.

The Office for Civil Rights and Civil Liberties (CRCL) provides legal and policy advice to Department leadership on civil rights and civil liberties issues, investigates and resolves complaints, and provides leadership to Equal Employment Opportunity Programs.

The Office of Inspector General (OIG) is responsible for conducting and supervising audits, investigations, and inspections relating to the programs and operations of the Department, recommending ways for the Department to carry out its responsibilities in the most effective, efficient, and economical manner possible.

The Citizenship and Immigration Services Ombudsman (CISOMB) provides recommendations for resolving individual and employer problems with the United States Citizenship and Immigration Services in order to ensure national security and the integrity of the legal immigration system, increase efficiencies in administering citizenship and immigration services, and improve customer service.

The Office of Legislative Affairs (OLA) serves as primary liaison to members of Congress and their staffs, the White House and Executive Branch, and to other federal agencies and governmental entities that have roles in assuring national security.

The Office of the General Counsel (OGC) integrates approximately 1700 lawyers from throughout the Department into an effective, client-oriented, full-service legal team and comprises a headquarters office with subsidiary divisions and the legal programs for eight Department components.

The Office of Public Affairs (OPA) coordinates the public affairs activities of all of the Department's components and offices, and serves as the federal government's lead public information office during a national emergency or disaster. Led by the Assistant Secretary for Public Affairs, it comprises the press office, incident and

strategic communications, speechwriting, Web content management, and employee communications.

The Office of Counternarcotics Enforcement (CNE) coordinates policy and operations to stop the entry of illegal drugs into the United States, and to track and sever the connections between illegal drug trafficking and terrorism.

The Office of the Executive Secretariat (ESEC) provides all manner of direct support to the Secretary and Deputy Secretary, as well as related support to leadership and management across the Department. This support takes many forms, the most well known being accurate and timely dissemination of information and written communications from throughout the Department and our homeland security partners to the Secretary and Deputy Secretary.

The Military Advisor's Office advises on facilitating, coordinating and executing policy, procedures, preparedness activities and operations between the Department and the Department of Defense.

Department Components:

The Directorate for National Protection and Programs (NPPD) works to advance the Department's risk-reduction mission. Reducing risk requires an integrated approach that encompasses both physical and virtual threats and their associated human elements.

The Directorate for Science and Technology (S&T) is the primary research and development arm of the Department. It provides federal, state and local officials with the technology and capabilities to protect the homeland.

The Directorate for Management (MGMT) is responsible for Department budgets and appropriations, expenditure of funds, accounting and finance, procurement, human resources, information technology systems, facilities and equipment, and the identification and tracking of performance measurements.

The Office of Policy (PLCY) is the primary policy formulation and coordination component for the Department of Homeland Security. It provides a centralized, coordinated focus to the development of Department-wide, long-range planning to protect the United States.

The Office of Health Affairs (OHA) serves as the Department's principal authority for all medical and health issues. OHA provides medical, public health, and scientific expertise in support of the DHS mission to prepare for, respond to, and recover from all threats.

The Office of Intelligence and Analysis (I&A) is responsible for using information and intelligence from multiple sources to identify and assess current and future threats to the United States.

The Office of Operations Coordination (OPS) is responsible for monitoring the security of the United States on a daily basis and coordinating activities within the Department and with governors, Homeland Security Advisors, law enforcement partners, and critical infrastructure operators in all 50 states and more than 50 major urban areas nationwide.

The Federal Law Enforcement Training Center (FLETC) provides career-long training to law enforcement professionals to help them fulfill their responsibilities safely and proficiently.

The Domestic Nuclear Detection Office (DNDO) works to enhance the nuclear detection efforts of federal, state, territorial, tribal, and local governments, and the private sector and to ensure a coordinated response to such threats.

The Transportation Security Administration (TSA) protects the nation's transportation systems to ensure freedom of movement for people and commerce.

United States Customs and Border Protection (CBP) is responsible for protecting our nation's borders in order to prevent terrorists and terrorist weapons from entering the United States, while facilitating the flow of legitimate trade and travel.

United States Citizenship and Immigration Services (USCIS) is responsible for the administration of immigration and naturalization adjudication functions and establishing immigration services policies and priorities.

United States Immigration and Customs Enforcement (ICE), the largest investigative arm of the Department of Homeland Security, is responsible for identifying and shutting down vulnerabilities in the nation's border, economic, transportation and infrastructure security.

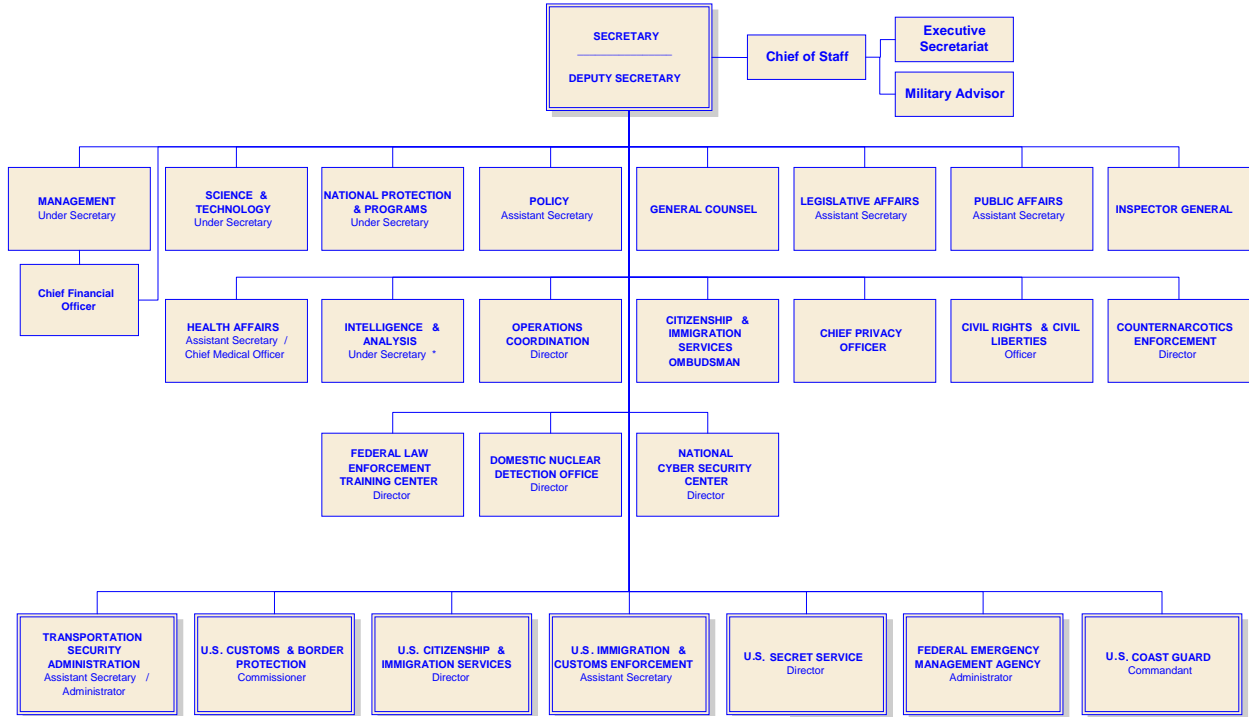

The United States Coast Guard (USCG) protects the public, the environment, and U.S. economic interests in the nation's ports and waterways, along the coast, on international waters, or in any maritime region as required to support national security.

The Federal Emergency Management Agency (FEMA) prepares the nation for hazards, manages Federal response and recovery efforts following any national incident, and administers the National Flood Insurance Program.

The United States Secret Service (USSS) protects the President and other high-level officials and investigates counterfeiting and other financial crimes, including financial institution fraud, identity theft, computer fraud; and computer-based attacks on our nation's financial, banking, and telecommunications infrastructure.
