LOCAL ARRANGEMENT FOR REPATRIATION OF MEXICAN NATIONALS

The Consulate General of Mexico in San Diego, California, and The Consulate of Mexico in Calexico, California ("the Consulate"), the Regional Office of the National Institute of Migration in the State of Baja California ("the INM") of the Secretariat of Governance of the United Mexican States (Mexico) and the San Diego Offices of Customs and Border Protection ("CBP") and Immigration and Customs Enforcement (Investigations and Detention and Removal) ("ICE") of the Department of Homeland Security (DHS) of the United States of America (the United States), all together hereinafter referred to as "the Participants":

RECOGNIZING the obligations of Mexico and the United States of America set forth in the Vienna Convention on Consular Relations of April 24, 1963, of which both are Contracting Parties, and in the Consular Convention between the United Mexican States and the United States of America of August 12, 1942;

BEARING IN MIND the provisions of the Memorandum of Understanding on Consular Protection of Mexican and United States Nationals, of May 7, 1996; and the Memorandum of Understanding on Consultation Mechanisms of the Immigration and Naturalization Service Functions and Consular Protection, of June 11, 1998;

RECOGNIZING the need to regulate the flow of persons, particularly on the common border, as was reflected in the Memorandum of Understanding between the Department of Homeland Security of the United States of America and the Secretariat of Governance and the Secretariat of Foreign Affairs of the United Mexican States, on the Safe, Orderly, Dignified and Humane Repatriation of Mexican Nationals, signed on February 20, 2004 (hereinafter the MOU);

CONSIDERING that the Governments of the United States of America and the United States of Mexico have approached the topic of migration at the highest level, and that the Joint Declaration "Towards a Partnership for Prosperity: The Guanajuato Proposal" addresses this issue as a matter of cooperation and shared responsibility;

CONSIDERING that in 1997 the Working Group on Migration and Consular Affairs of the Mexico-U.S. Binational Commission, was established as a means of developing improved procedures for repatriating Mexican nationals in a safe, dignified and orderly way with respect to their human rights, and that this Working Group has strengthened the mutual collaboration in the subsequent sessions on those matters;

DESIRING to establish a local arrangement on the safe and orderly repatriation of Mexican nationals, as mentioned in the Plan of Action for Cooperation on Border Safety, of June 21, 2001; the U.S.-Mexico Border Partnership Action Plan, of March 22, 2002, and the U.S.-Mexico Action Plan for Cooperation on Border Safety, of February 20, 2004.

Have established the following Local Arrangement:

CRITERIA AND PROCEDURES

SECTION 1

The purpose of this Arrangement is to establish local procedures for the orderly and safe repatriation of Mexican nationals from the United States to Mexico, consistent with the criteria and principles referred to in Article 3 of the February 20, 2004 Memorandum of Understanding on the Safe, Orderly, Dignified and Humane Repatriation of Mexican Nationals (the MOU).

SECTION 2

Consistent with the MOU, repatriations from the interior, ports of entry and at the border of Mexico and the United States should be conducted in a manner consistent with the respect of the human rights and dignity of Mexican nationals found in the United States in violation of U.S. immigration law.

SECTION 3

Under this Arrangement:

The Consulate General of Mexico in San Diego, California, and the Consulate of Mexico in Calexico, California, should take appropriate actions with respect to Mexican nationals found in, detained in or repatriated from the counties of San Diego and Imperial County in the State of California.

The Regional Office of the National Institute of Migration in the State of Baja California should take appropriate actions with respect to Mexican nationals repatriated to the established points of repatriation.

The following DHS authorities should take appropriate actions with respect to Mexicans found in, detained in or repatriated from the counties listed above:

- a) Customs and Border Protection (CBP): San Diego Office of Field Operations; Border Patrol, San Diego and El Centro Sectors.
- b) Immigration and Customs Enforcement (ICE): San Diego and El Centro Detention and Removal Operations (DRO); San Diego and Calexico Office of Investigations.

When the repatriation of a Mexican national involves areas covered by this Arrangement and one or more additional local arrangements (e.g., the individual is detained by DHS in a county covered by this Arrangement and is to be repatriated at a point of repatriation covered by another local arrangement) this Arrangement will apply to the actions that take place within the area covered by this Arrangement, and the other local arrangement(s) will apply to the actions that take place within the area(s) covered by the other local arrangement(s).

CONSULAR NOTIFICATION AND ACCESS

SECTION 4

The DHS Participants should advise every detained Mexican national (who is not also a U.S. national) that he/she may communicate with a consular official. When a detained Mexican national requests consular access, the DHS Participants should notify the Mexican Consulate, facilitate access and provide Mexican consular officials, to the extent practicable, the opportunity to conduct interviews in private. The DHS Participants should make available to the Mexican Participants copies of applicable regulations and the DHS Detention Standards applicable to all persons detained for a period longer than 72 hours. Notification should be done through telephone, fax or e-mail to the numbers and addresses stated in Attachment 1.

SECTION 5

The Participants have listed in Attachment 1 the names and titles of, and contact information for, their officials responsible for the delivery to, or reception of Mexican nationals, in Mexico, or for the coordination of repatriation activities.

SECTION 6

The DHS Participants should provide to the appropriate points of contact designated by the Mexican participants in Attachment 1 the names and appropriate information of Mexican nationals being directly repatriated at the ports of entry or from the borders of the United States for whom notifications have not previously been made but who are suspected of committing, or known to have committed criminal violations, in the United States or Mexico, as well as those identified as being of special interest to the Government of Mexico. Such notification should be provided as soon as possible prior to any repatriation.

Local procedures should be developed as necessary to ensure that repatriation is accomplished in a coordinated manner through a mechanism developed by the appropriate officials of both countries when an individual who is suspected of committing, or known to have committed, criminal violations has been identified as being of special interest to the Government of Mexico in response to a previous notification.

SECTION 7

The Participants should set forth the conditions for routine notification of repatriations of Mexican nationals from the interior, ports of entry, and at the border of the United States and Mexico. Notification of routine repatriations should be done in a manner consistent with logistical and operational needs.

The DHS Participants should whenever possible, consistent with logistical and operational needs, deliver to the appropriate Mexican Participants at established points of repatriation and at the time of repatriation, a list of Mexican nationals to be repatriated, which includes at least name, sex, date and place of birth.

The Mexican Participants should provide appropriate officials at the established points of repatriation to receive the requested information.

SECTION 8

The Participants have established the points of repatriation, and their hours of scheduled operation and staffing, in Attachment 2. The Participants should update the Attachment whenever the points of repatriation or their hours of scheduled operation and staffing change. The Mexican Participants should make every effort to ensure that agreed-upon points of repatriation are fully staffed with appropriate local, state and/or federal entities responsible for the health, welfare and safety of Mexican nationals.

SECTION 9

The Participants have listed in Attachment 3 the points of contact to receive and/or convey information about incidents involving reported misconduct, mistreatment or violations of human rights.

In regard to the solution of differences in the application or interpretation of this Arrangement, the procedures established in Articles 8 and 1 (b) of the MOU remain applicable.

INTERIOR AND BORDER COORDINATION

SECTION 10

The unity of families should be preserved during repatriation, within administrative parameters. For purposes of this Arrangement, the Participants define "family" as including spouses (including common law spouses), children, siblings (brothers and sisters), parents, grandparents, aunts and uncles. When doubts about kinship between juveniles and adults exist, DHS participants should coordinate with the Consulate of Mexico in order to safe-guard the well-being of the juveniles.

SECTION 11

The Participants should repatriate persons with special needs during daylight hours to ensure their safety. For purposes of this Arrangement, "persons with special needs" may include, but are not limited to, unaccompanied minors, the elderly, women traveling alone, pregnant or with children, and individuals who are mentally or medically incapacitated. The Mexican participants should make every effort to have the appropriate representatives receive such persons upon repatriation from the United States. Repatriation of such persons should generally be arranged prior to 7:30 p.m. local time (Year round), as described in attachment 2.

SECTION 12

If additional preparation is required to receive an unaccompanied minor or an individual with medical, mental or other special needs, the DHS Participants should provide the information specified in Attachment 4 to the Mexican Participants.

ARRANGEMENT'S EVALUATION

SECTION 13

Based on the framework of Article 5 of the MOU, when specific circumstances so require and if deemed feasible, the Repatriation Technical Working Group will explore bilateral mechanisms for repatriation of Mexican nationals to their places of origin, conforming to the agreed principles.

The Participants may also propose special programs for consideration by the Repatriation Technical Working Group.

The Participants should develop local procedures to implement approved special programs.

SECTION 14

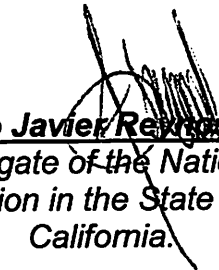

The Participants should meet no less than two times per year to review the Arrangement and discuss repatriation issues. The Participants should refer to the Repatriation Technical Working Group: (a) unresolved issues; (b) best practices; (c) new or emerging repatriation issues, and (d) proposed changes in, or proposed termination of, the Local Repatriation Arrangement.

The local repatriation procedures should be reviewed and updated in consultation with the Repatriation Technical Working Group at least on an annual basis.

Signed in San Diego, California December 18th 2008, in two originals in English and Spanish languages, being both texts equally valid.

Conditions for routine notifications of repatriations of Mexican nationals

In compliance with Sections 6, 7 and 8 of this Arrangement, the DHS Participants should take in consideration the following conditions for routine notifications of repatriations of Mexican nationals:

1. All notifications for all returns through all ports of entry should be done at least 30 minutes prior to repatriation through telephone, fax or e-mail to the numbers and electronic addresses to the applicable authorities listed in attachments 1 and 2.
2. Before or during the repatriation, the DHS Participants should provide the National Institute of Migration a list of the persons to be repatriated from a single office on a single event, which will be stamped as acknowledgement and proof of formal reception of Mexican nationals. The lists should contain the basic information included in form I-216 of the DHS.
3. In the case of formal removals that involve individuals that have been convicted of criminal offenses, the criminal removal charge will be provided in the I-216 as noted on the Notice to Appear (NTA), along with the following information: name, known aliases, date of birth and alien registration number.
4. The repatriation of fugitives wanted by the Government of Mexico should be done separately from the repatriation of other Mexican nationals.
5. If a group larger than fifty five (55) persons is to be repatriated, the DHS Participants should notify the INM at least two (2) hours before, to ensure that the appropriate number of Officers is available to reduce the period of delivery and reception of the repatriated Mexican nationals.
6. Mexican nationals to be repatriated directly from the interior of the US should be exclusively delivered through Puerta Mexico-Tijuana or Puerta Mexico-Mexicali.

According to interior arrangements at originating locations, Mexican Consulates should receive lists of such nationals from DHS participants at the interior and the Mexican Consulates in turn should notify appropriate INM offices at the border.

ATTACHMENT 4**Repatriation of persons with special needs**

In addition to stipulations set forth in Attachment 2 about Ports and Schedules of Repatriation of persons with special needs, in compliance with Section 12 of this Arrangement the DHS Participants should consider the following:

4.1 Repatriation of unaccompanied minors

- a) The Consulate General of Mexico in San Diego or the Consulate of Mexico in Calexico should be notified to interview the minors.
- b) Interviews of unaccompanied minors at the San Ysidro Port of Entry will be held daily from 8:00AM to 3:00PM with two deliveries at 11:00AM and 3:00PM.
- c) Interviews of unaccompanied minors at the Calexico Port of Entry will be held daily from 8:00AM to 4:00PM.
- d) Interviews will be done personally, telephonically or through the videoconference system. Consular staff will accompany unaccompanied minors during repatriation.
- e) Additional interviews should be conducted when a group of at least five (5) unaccompanied minors is ready to be repatriated.
- f) DHS Participants should advise Consulate General of Mexico in San Diego or the Consulate of Mexico in Calexico if the unaccompanied minor has known immigration or criminal history.

4.2 Repatriation of Mexican nationals requiring follow-up medical treatment in Mexico

The repatriation of Mexican nationals that require follow up medical treatment should not take place until the necessary arrangements with the family or medical institution that will receive the ill person are made by the Mexican participants.

The repatriation should take place as early as possible.

If a special device (crutches, wheelchair, walker) to allow the mobilization of accident victims is needed, in order to speed up their deportation it should be supplied by the medical center in which the victims were cared for. Otherwise, the DHS Participants should allow the Consulate General of Mexico in San Diego or the Consulate of Mexico in Calexico a reasonable time to provide the device.

4.3 Repatriation of mentally incapacitated persons and persons with transmissible diseases

The Consulate should be notified as soon as possible of the intended removal of a mentally incapacitated person and the repatriation should take place as soon as possible after the notification.

The DHS Participants and the Mexican Consulate will make every effort to obtain the medical file and all information about the mentally incapacitated person, including medical attention to be provided, as well as any information about any known family member of the person.

The repatriation should take place as soon as possible, keeping in mind that, in Tijuana, the "Centro de Salud Mental A.C." only accepts persons suffering this condition until 7:00 pm.
