 - (iii) The application of the restriction of section 1605 of the Recovery Act or the Buy American Act to a particular construction material would be inconsistent with the public interest.
- (c) Request for determination of inapplicability of Section 1605 of the Recovery Act or the Buy American Act.
- (1) (i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including—
 - (A) A description of the foreign and domestic construction materials;
 - (B) Unit of measure;
 - (C) Quantity;
 - (D) Cost;
 - (E) Time of delivery or availability;
 - (F) Location of the construction project;
 - (G) Name and address of the proposed supplier; and
 - (H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(4) of this clause.

- (ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this clause.
 - (iii) The cost of construction material shall include all delivery costs to the construction site and any applicable duty.
 - (iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.
- (2) If the Government determines after contract award that an exception to section 1605 of the Recovery Act or the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable cost of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.
- (3) Unless the Government determines that an exception to section 1605 of the Recovery Act or the Buy American Act applies, use of foreign construction material is noncompliant with section 1605 of the American Recovery and Reinvestment Act or the Buy American Act.
- (d) Data. To permit evaluation of requests under paragraph (c) of this clause based on **unreasonable cost, the Contractor shall include the following information and any** applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Cost Comparison

Construction material description	Unit of measure	Quantity	Cost (dollars)
			*
Item 1:			
Foreign construction material			
Domestic construction material			
Item 2			
Foreign construction material			
Domestic construction material			

--	--	--	--

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.] [Include other applicable supporting information.]

*Include all delivery costs to the construction site.]

(End of clause)

4. **Modify I.142 970.5232-3, Accounts, Records, and Inspection (DEC 2000) (DEVIATION) (AL-2005-04) to delete Paragraph (h) (1) and replace it with the following:**

“(h) Comptroller General

- (1) The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the contractor’s or subcontractor’s directly pertinent records involving transactions related to this contract or a subcontract hereunder and to interview any current employee regarding such transactions.”

(End of clause)

J. All other terms and conditions remain unchanged.

14. Statement of Work:

This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified herein, in particular contract provision H.50 applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions.

The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by ORO-EM to SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported.

Specific Recovery Act Statement of Work:

Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process.

This Statement of Work (SOW) is for the planning, characterization, demolition, and waste disposal of the wooden superstructure for facilities 3026 C and D. All work will be done in accordance with SC/UT-B procedures.

Building 3026 C and D Wooden Structure:

Activities authorized by this SOW include the planning and characterization activities needed to support demolition of the wooden portion of 3026 C and D as well as demolition and disposal of the wooden structure, including project management. Specific activities will include:

- Inspect facility and collect/review data and documentation to determine and document the current facility condition in preparation for transition of operational responsibility to UT - B

- Perform surveys and inspections as required for facility surveillance and maintenance and to support characterization, stabilization, and demolition planning
- Develop sampling and analysis plans and initiate characterization to support facility stabilization, demolition, and waste disposition
- Develop supporting documents as needed (e.g. revised FHA, Safety Documents, Waste Handling Plan)
- Develop specifications and related bid documents to conduct procurement and select best value subcontractor for facility stabilization, demolition, and final characterization as required
- Management and oversight of D&D subcontractor
- Perform Project Management functions (e.g. cost estimating and tracking, schedule development, related planning activities)

15. Reporting Requirements (Status reports, scientific and technical information or similar):

The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

16. Work Authorization Program Official.

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment A to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the purpose of the 2000 Complex Facilities Demolition Project at the Oak Ridge National Laboratory. In accordance with the “Changes” clause in the contract, should DOE and the contractor mutually agree that Recovery Act work represents a material increase in the level of the contractor’s management effort under the contract, the contractor may be due an equitable fee for such additional services.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$12,800,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,298,394,298.72 to \$9,311,194,298.72.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
(Number from Block 8 of the Work Authorization)	2000 Complex Facilities Demolition Project at the Oak Ridge National Laboratory

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in sections E and F below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C. above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. **FUNDING CONSTRAINT:** UT-Battelle, LLC (hereafter “UT-Battelle”) is to begin work immediately. However, UT-Battelle is authorized to incur costs not to exceed \$3,250,000 for WA No. FE/01019/OR/41 of the initial funding placed on the contract for Recovery Act. The Contractor shall notify the Contracting Officer 45 calendar days prior to costing 30% of the initial funding placed on the contract for Recovery Act. Once DOE has decided whether or not the Recovery Act work should continue, the Contracting Officer shall either notify the

Contractor by letter authorizing the Contractor to proceed or will notify the Contractor in sufficient time to allow orderly succession of work.

- F. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- G. All other terms and conditions remain unchanged.

Funds provided by SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported. <u>Specific Recovery Act Statement of Work:</u> The 2000 Complex is located on the Northwest Side of the Oak Ridge National Laboratory (ORNL) along Bethel Valley Road. The ORNL 2000 Complex comprises eight facilities totaling approximately 59,966 square feet. The complex includes Buildings 2000, 2001, and 2024 and ancillary support facilities 2019, 2087, 2088 and 2092. The complex is in severe disrepair and has been vacant for approximately 6 years. Contaminants of concern include friable and non-friable asbestos, beryllium, heavy metals, (e.g., cadmium and lead), polychlorinated biphenyls (PCBs), and radiological contamination. Buildings 2000 and 2001 “Quonset Huts” are steel framed with metal sheeting. Building 2024 is a 2 story facility constructed of structural steel and concrete block with a		

built up roof. Building 2000 was originally developed for use as the Metallurgy Laboratories and was later used by the Manhattan Research Project in the late 1940s. The Metals and Ceramics Division used the facility in the 1950s, and was then occupied by the Solid States Division and Quality Services Division until the facility was deactivated pending demolition in 2002. There is extensive contamination within most of the air-handling systems (i.e., HVAC and hood exhaust units) and bonded to many building surfaces. Original drawings show that activities included fuel rod research, and there is radiological evidence of work involving U235, U238, Thorium, Cd109, Cs137, Am241 and Pu239. Beryllium operations were also conducted in this facility. Building 2001 was constructed in 1947 in support of the Manhattan Project. Building 2001 was originally developed as the Health Physics Laboratories for research in health electroscopes, electrometers, proportional counters and Geiger Mueller counters. It was later used by the Environmental Sciences Division for basic research until the late 1970s. The building was remodeled and then used as the Information Division Complex from the early 1980s to 1992 and then finally was used as temporary offices from 1992-1999. Building 2024 was originally developed as the Metallurgy Laboratories Annex. The facility continued to house operating laboratories as well as provide additional office space for the Information, Solid States, and Quality Services Divisions through 2003. The building contains at least five contaminated hoods and supporting exhaust systems, as well as sparse fixed contamination in several labs. Beryllium welding is known to have been conducted in Building 2024 on the 2nd floor in the 1960s; Rooms 42 and 43 are known to have been used for Beryllium Fluoride research and development. The objective of the 2000 Complex facilities demolition project is to: Abate all hazardous materials; remove contaminated HVAC equipment and duct; demolish all facilities to the slab; and, properly dispose of all wastes.

Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process.

15. Reporting Requirements (Status reports, scientific and technical information or similar):

The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

STANDARD FORM 30 (REV. 10-83)
Prescribed by GSA
FAR (48 CFR) 53.243

This modification is issued to reflect definitization of negotiations on the Contractor's proposal entitled "Demolition of the Wooden Superstructure for Facilities 3026 C and D at the Oak Ridge National Laboratory" dated February 5, 2009. In accordance with the "Changes" clause in the contract, DOE and the Contractor mutually agree that this work represents a material increase in the level of the Contractor's management effort under the contract; therefore, the Contractor is due an equitable fee for such additional services. The total estimated cost agreed to by the parties during negotiations, including fee but exclusive of management reserve, is \$9,949,000.

Therefore, the contract is modified as follows:

1. The second paragraph of clause **B-2, Fixed Fee**, is deleted in its entirety and replaced as follows:

"No fixed fee deemed applicable under Recovery Act work shall be paid to the Contractor prior to definitization of contract modification(s) reflecting negotiated results of said Recovery Act work. After execution of the definitization contract modification(s), fixed fee provided under Recovery Act work shall be paid in accordance with the "Payments and Advances" clause in Section I of the contract. The fixed fee amounts agreed to by DOE and the Contractor are as follows: 1) \$400,000 for WA No. FD/04019/OR/41."

2. All other terms and conditions other than those specified in this modification remain unchanged.

CONTRACTOR'S STATEMENT OF RELEASE: In consideration of the modification agreed to herein as complete equitable adjustment for the Contractor's Proposal entitled "Demolition of the Wooden Superstructure for Facilities 3026 C and D at the Oak Ridge National Laboratory" dated February 5, 2009, the Contractor hereby releases the Government from any and all liability for further equitable adjustments in fixed fee attributable to such facts or circumstances giving rise to the Proposal.

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

June 10, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 214

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$5,800,000 to the contract for Work Authorization No. WI-470002-18777-09 entitled "Training and Technical Assistance for the EERE Weatherization and Intergovernmental Activities Program". Additional clarification regarding required Milestones and Measures may be provided at a later date after discussions with DOE program personnel.

If you have any questions, please contact me at 576-4523.

Sincerely,

Mark A. Million

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

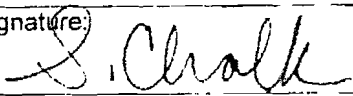

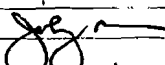

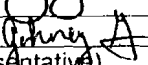

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the purpose of Training and Technical Assistance for the EERE Weatherization and Intergovernmental Activities Program.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$5,800,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,431,890,012.63 to \$9,437,690,012.63.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. W1-470002-18777-09 (Attachment 1) (Number from Block 8 of the Work Authorization)	Training and Technical Assistance for the EERE Weatherization and Intergovernmental Activities Program

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C. above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

14. Statement of Work: Funding in the amount of \$5,800,000 is authorized for Training & Technical Assistance. These funds are made available for Project #18777 - Evaluation. These funds are to be distributed to Agreement # 6969-Evaluation in accordance with AOP# OR22725. ORNL's contractor will conduct impact assessments to evaluate energy savings and bill reductions resulting from the Weatherization Assistance Program. ORNL's contractor will also conduct analyses of the relationships between various measures and techniques employed by the program and the energy savings produced, including in-depth assessment of the approaches used to conduct/perform audits, client education, training, and monitoring. The awardee will prepare a draft and final report providing detailed assessments of energy savings, job creation, and other benefits from the program. The evaluation will cover baseline periods of Program Years 2007 and 2008 as well as the period of the implementation of the American Recovery and Reinvestment Act of 2009. ORNL may also conduct special studies of baseload electric savings, air conditioning, health and safety, and other measures should funding permit and the results of these special reports will be integrated into the analysis of the overall performance of the Weatherization Assistance Program. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE. Project Code 2004360.

		10B. DATED (SEE ITEM 11) 10/18/1999	

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required) Net Increase: \$540,000.00
See Page 3.

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) Clause I.143, P.L. 95-91, and P.L. 111-5

E. IMPORTANT: Contractor is not, is required to sign this document and return 0 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Fundamental Neutron Physics Beamline MIE at SNS Full Funding (ORNL)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$540,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,437,690,012.63 to \$9,438,230,012.63.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. KB/OR41/9/ARRA-1 (Attachment 1) (Number from Block 8 of the Work Authorization)	Fundamental Neutron Physics Beamline MIE at SNS Full Funding (ORNL)

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

June 11, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 216

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$200,000 to the contract for Work Authorization No. 470002-20476-09 entitled "Federal Lab Support for Recovery Act Transactions ARRA FY09".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS**Section A: Contractor Recovery Act Schedule or Milestone Requirements**

The contractor shall review and evaluate EECBG grants in accordance with the schedule and milestones established by the procurement team. Milestones: Provide technical assistance and application review for block grant applications as requested.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The contractor will become proficient, knowledgeable and subject matter experts in EECBG grant reviews and evaluations. All reviews and evaluations will be conducted and completed in accordance with the procedures, milestones and schedule specified by the procurement team. The contractor will be assessed on the quality and completeness of EECBG grant reviews and evaluations. This will include the ability to successfully articulate and apply the goals and objectives of EECBG in conducting reviews and evaluations.

Section C: Contractor Recovery Act Deliverables

- Attend and participate in EECBG training June 9-10, 2009, in Golden, Colorado.
- Review and evaluate EECBG materials in support of the procurement team and established procedures, milestones and schedule.
- Participate in EECBG implementation as subject matter experts as required.

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

June 17, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 217

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$24,170,000 to the contract for Military Interdepartmental Purchase Requests (MIPR) packages entitled "Decentralization of Facilities from Central Heat Plant".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT		1. CONTRACT ID CODE	PAGE OF PAGES 1 4
2. AMENDMENT/MODIFICATION NO. 217	3. EFFECTIVE DATE See Block 16C	4. REQUISITION/PURCHASE REQ. NO. 09SC003217	5. PROJECT NO. (If applicable)

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Decentralization of Facilities from Central Heat Plant”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$24,170,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,438,430,012.63 to \$9,462,600,012.63.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the Military Interdepartmental Purchase Requests (MIPR) packages referenced in the table below. Attachment 1 to this modification is the executed Acceptance of MIPR documents (DD Form 448-2).

MIPR Number	MIPR Title
FIQ3CS9055G001	Decentralization of Facilities from Central Heat Plant, Phase 1 West of Atlantic Ave
FIQ3CS9054G001	Decentralization of Facilities from Central Heat Plant, Phase 2 West of Atlantic Ave
FIQ3CS9054G002	Decentralization of Facilities from Central Heat Plant, Phase 1 East of Atlantic Ave
FIQ3CS9054G003	Decentralization of Facilities from Central Heat Plant, Phase 2 East of Atlantic Ave
FIQ3CS9054G004	Decentralization of Facilities from Central Heat Plant, Phase 3 East of Atlantic Ave
(Numbers from Block 2 of the MIPRs)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set

forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.

- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved Military Interdepartmental Purchase Requests package for the activity.

- F. All other terms and conditions remain unchanged.

DEPARTMENT OF THE AIR FORCE

Ms. Teresa Hope, M-6.1
U. S. Dept. of Energy, Oak Ridge Field Office
P.O. Box 2001
Oak Ridge, TN 37831-8550

Dear Ms. Hope:

Enclosed are five Military Interdepartmental Purchase Requests (MIPRs) as listed below for heat plant decentralization projects to be accomplished at Dover Air Force Base. All funds associated with these five MIPRs are provided under the **American Recovery and Reinvestment Act of 2009**.

MIPR Number	Amount	Description
FIQ3CS9055G001	\$6,170,000	Decentralization of Facilities from Central Heat Plant, Phase 1 West of Atlantic Ave
FIQ3CS9054G001	\$4,500,000	Decentralization of Facilities from Central Heat Plant, Phase 2 West of Atlantic Ave
FIQ3CS9054G002	\$6,300,000	Decentralization of Facilities from Central Heat Plant, Phase 1 East of Atlantic Ave
FIQ3CS9054G003	\$3,500,000	Decentralization of Facilities from Central Heat Plant, Phase 2 East of Atlantic Ave
FIQ3CS9054G004	\$3,700,000	Decentralization of Facilities from Central Heat Plant, Phase 3 East of Atlantic Ave
TOTAL	\$24,170,000	

Please return copies of the DD Form 448-2 MIPR Acceptances to the DFAS address listed on page 2 of the MIPR, and to myself via fax or email (fax 302-677-6837, email Jo.Deramo@dover.af.mil). If you have questions about these MIPRs, please call me at (302) 677-6842.

Sincerely,

JO ANNE DERAMO

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

June 18, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 218

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$5,785,000 to the contract for Work Authorization No. KC/OR41/9/ARRA-1 entitled "Nanoscale Science Research Centers".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT		1. CONTRACT ID CODE	PAGE OF PAGES 1 3
2. AMENDMENT/MODIFICATION NO. 218	3. EFFECTIVE DATE See Block 16C	4. REQUISITION/PURCHASE REQ. NO. 09SC003222	5. PROJECT NO. (If applicable)
6. ISSUED BY Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE 00518	7. ADMINISTERED BY (If other than Item 6) Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE 00518
8. NAME AND ADDRESS OF CONTRACTOR (No., street, county, State and ZIP Code) UT-BATTELLE, LLC Attn: Michael J. Freitze, Director Prime Contract Administration Post Office Box 2008 OAK RIDGE TN 37831-6231		(x) 9A. AMENDMENT OF SOLICITATION NO.	9B. DATED (SEE ITEM 11)
CODE 099114287	FACILITY CODE	X 10A. MODIFICATION OF CONTRACT/ORDER NO. DE-AC05-00OR22725	10B. DATED (SEE ITEM 11) 10/18/1999

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Page 3. Net Increase: \$5,785,000.00

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) Clause I.143, P.L. 95-91, and P.L. 111-5

E. IMPORTANT: Contractor is not, is required to sign this document and return _____ 0 _____ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Nanoscale Science Research Centers”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$5,785,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,462,600,012.63 to \$9,468,385,012.63.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. KC/OR41/9/ARRA-1 (Attachment 1) (Number from Block 8 of the Work Authorization)	Nanoscale Science Research Centers

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

U.S. DEPARTMENT OF ENERGY CONTACT WORK AUTHORIZATION		
1a. Project Title: Basic Energy Sciences – Nanoscale Science Research Centers (Project code 2005040)		1b. Work Proposal Number (if applicable): Various
2. Headquarters Program Point of Contact. Name: Harriet H. Kung Organization Code: SC-22 Telephone No.: (301) 903-3081		
3. Headquarters Budget Point of Contact. Name: Mike Osinski Organization Code: SC-41 Telephone No.: (301) 903-3590		
4. Responsible Program: Basic Energy Sciences		5. Responsible Secretarial Officer: Under Secretary for Science
6. Responsible Field Organization: Oak Ridge Office		
7a. Site and Facility Management Contractor: UT - Battelle LLC - Oak Ridge National Laboratory		7b. Contractor Point of Contact. Name: Mike Simonson Telephone No.: (865) 574-5081
8. Work Authorization Number: KC/OR41/9/ARRA-1		9. Revision Number: 00
10. Funds Authorized (\$ in thousands). B&R Code: KC Previous: \$0 Change: \$+5,785 Current: \$5,785		
11. Performance Period Covered by Funds. From: 02/17/09 To: 09/30/10		12. Work Start Date: June 2009
13. Expected Completion Date: March 2012		
14. Statement of Work: This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified herein, in particular contract provision H.999 applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions. The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported. <u>Specific Recovery Act Statement of Work:</u> Equipment funds in the amount of \$5,785,000 are provided under KC020401D EQU to update, upgrade, or expand capabilities of the Center for Nanophase Materials to conduct leading-edge science and serve users. Specifically, funds are provided as follows: \$1,700,000 - Electron Microscopy with Soft-Material Emphasis \$ 815,000 - Low-Temperature Non-Contact Force Microscopy for Molecular Imaging of Photoactive Interfaces \$ 600,000 - Two Computational Cluster Units of Oak Ridge Institutional Cluster \$ 600,000 - Small-angle X-ray Diffraction for Nanomaterials and Films \$ 660,000 - In Situ Electron Spectroscopy for Interface States, Magnetism, Catalysis, and Multiferroics \$ 580,000 - Physical Vapor Deposition Tool for the Formation of Embedded Nanoparticle Assemblies \$ 390,000 - Variable Temperature STM/AFM Addition to Four-Probe STM for Probing Electronic, Topographic, and Transport Properties In Situ \$ 440,000 - Advanced Optical Profilometer with Dynamic 3-D Analysis Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule Milestones, Performance Measures and Outcomes and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process.		
15. Reporting Requirements (Status reports, scientific and technical information or similar): The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.		
16. Work Authorization Program Official. Name (typed): Harriet H. Kung Signature: <i>Harriet H. Kung</i> Date: 6/3/09		
17. DOE Field Organization Official. Name (typed): Signature: <i>M. A. Borton</i> Date: 6-4-09		
18. Contractor's Authorized Representative. <i>CRM 6/4/09 for Jim Moore</i> Name (typed): Signature: <i>M. A. Borton</i> Date: 6-5-09		
19. DCE Contracting Officer (or delegated representative). Name (typed): Signature: <i>Mark D. Mullin</i> Date: 6/4/09

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended.
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) Clause I.97, Mutual Agreement, and P.L. 95-91

E. IMPORTANT: Contractor is not, is required to sign this document and return 2 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Subj to Retent: N
The purpose of this modification is to replace Appendix B of Section J with the attached revised list of key personnel. The revised list reflects the acceptance of Thomas Zacharia as "Deputy Director, Science and Technology" and Martin Keller as "Associate Laboratory Director, Biological and Environmental Sciences". The revised list also reflects the current "Vacant" status for the key personnel positions of "Associate Laboratory Director, National

NAME OF OFFEROR OR CONTRACTOR

UT-BATTELLE, LLC

ITEM NO. (A)	SUPPLIES/SERVICES (B)	QUANTITY (C)	UNIT (D)	UNIT PRICE (E)	AMOUNT (F)
00001	Change Item 00001 to read as follows (amount shown is the total amount): Recovery TAS::89 0253::TAS Recovery - MANAGEMENT AND OPERATION OF THE OAK RIDGE NATIONAL LABORATORY; Site Support to the IDIQ EM Contractors at ORNL for Defense Funded Work Incrementally Funded Amount: \$9,079,037,091.00				

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Site Support to the IDIQ EM Contractors at ORNL for Defense Funded Work”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$2,000,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,468,385,012.63 to \$9,470,385,012.63.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. FD/04029/41 (Attachment 1) (Number from Block 8 of the Work Authorization)	Site Support to the IDIQ EM Contractors at ORNL for Defense Funded Work

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

- Provide a point of contact for establishing RPP interfaces/boundaries for controlling radiological hazards.
- Provide Fire Protection Engineering review/support for potential impacts on ORNL operations/facilities.
- Provide ES&H and Technical Subject Matter experts to review impacts on ORNL operations/facilities and ensure that interface points are established and understood.
- Coordinate Environmental Compliance Activities involving Site-wide issues.
- Coordinate site space usage.
- Provide for Excavation/penetration Permits.
- Provide applicable records/drawings etc. as required to support the IDIQ contractor in their efforts.

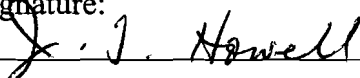

Specific Work Supported by this authorization is as follows

1. Bethel Valley Isotope Facilities (Building 3026 Demolition-Hot Cells) - (\$500,000)
2. ORNL Small Facilities Completion Demolition - (\$500,000)
3. Core hole 8 Remediation - (\$100,000)
4. Bethel Valley Burial Grounds (Cap SWSA 1 And 3) - (\$200,000)
5. Bethel Valley Groundwater Early Actions (Pump and Treat) - (\$100,000)
6. Melton Valley Sentinel Wells - (\$100,000)
7. Bethel Valley Isotope Facilities (Building 3038 Legacy Material Removal and Demolition Preparation) - (\$500,000)

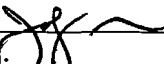

(Attach a detailed description of work to be performed or reference to a work proposal, project plan, or similar document that describes the scope of work, milestones, deliverables, and performance measures/expectations.)

15. Reporting Requirements (Status reports, scientific and technical information or similar):
 The recipient of funding in the Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

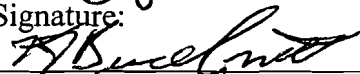

16. Work Authorization Program Official

Name (typed): J. T. Howell	Signature: 	Date: 6/12/09
-------------------------------	--	------------------

17. DOE Field Organization Official:

14. Statement of Work: This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5)(Recovery Act). All contract terms and conditions apply to the work identified herein, in particular contract provision H.50 applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions.			
<p>The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and Sc-supported contractors. Funds provided by ORO EM to SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported.</p> <p><u>Specific Recovery Act Statement of Work:</u></p> <p>UT-B will provide the following general services for the ARRA EM non defense funded projects listed below:</p> <p>-Coordination with Laboratory Operations including integration of EM work into overall master plan and</p>			

schedule for ORNL Central Campus activities.

- Provide Utility Isolation for facilities to be demolished.
- Provide a point of contact for establishing RPP interfaces/boundaries for controlling radiological hazards.
- Provide Fire Protection Engineering review/support for potential impacts on ORNL operations/facilities.
- Provide ES&H and Technical Subject Matter experts to review impacts on ORNL operations/facilities and ensure that interface points are established and understood.
- Coordinate Environmental Compliance Activities involving Site-wide issues.
- Coordinate site space usage.
- Provide for Excavation/penetration Permits.
- Provide applicable records/drawings etc., as required to support the IDIQ contractor in their efforts
- Provide technical support during operational responsibility transfer of facility 2026 from UT-B to the EM IDIQ contractor.

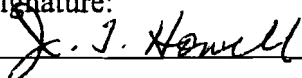

Specific Work Supported by this authorization is as follows

1. Central Campus Legacy Material Removal Project – (\$500,000)
2. General Maintenance Facilities Demolition Project – (\$500,000)
3. Southeast Laboratory Complex Demolition Project – (\$500,000)
4. 2026 Complex Legacy Material Removal Project – (\$500,000)

(Attach a detailed description of work to be performed or reference to a work proposal, project plan, or similar document that describes the scope of work, milestones, deliverables, and performance measures/expectations.)

15. Reporting Requirements (Status reports, scientific and technical information or similar):
The recipient of funding in the Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

16. Work Authorization Program Official

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for Revision No. 1 to the Work Authorization for the project entitled “Federal Lab Support for Recovery Act Transactions ARRA FY09”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$100,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,510,898,839.60 to \$9,510,998,839.60.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. 470002-20476-09 (Revision No. 1) (Attachment 1) (Number from Block 8 of the Work Authorization)	Federal Lab Support for Recovery Act Transactions ARRA FY09

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

The contractor shall review and evaluate EECBG grants in accordance with the schedule and milestones established by the procurement team. Milestones: Provide technical assistance and application review for block grant applications as requested.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The contractor will become proficient, knowledgeable and subject matter experts in EECBG grant reviews and evaluations. All reviews and evaluations will be conducted and completed in accordance with the procedures, milestones and schedule specified by the procurement team. The contractor will be assessed on the quality and completeness of EECBG grant reviews and evaluations. This will include the ability to successfully articulate and apply the goals and objectives of EECBG in conducting reviews and evaluations.

Section C: Contractor Recovery Act Deliverables

- Attend and participate in EECBG training June 9-10, 2009, in Golden, Colorado.
- Review and evaluate EECBG materials in support of the procurement team and established procedures, milestones and schedule.
- Participate in EECBG implementation as subject matter experts as required.

ITEM NO. (A)	SUPPLIES/SERVICES (B)	QUANTITY (C)	UNIT (D)	UNIT PRICE (E)	AMOUNT (F)
00001	Change Item 00001 to read as follows (amount shown is the total amount): Recovery TAS::89 0227::TAS - MANAGEMENT AND OPERATION OF THE OAK RIDGE NATIONAL LABORATORY - Revision No. 1 to the project entitled "Federal Lab Support for Recovery Act Transactions RRA FY09" Incrementally Funded Amount: \$9,119,710,917.97				

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for Revision No. 01 to the Work Authorization for the project entitled “Nuclear Physics – Fundamental Neutron Physics Beamline MIE at SNS Full Funding (ORNL) (2005190)”.

B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$60,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,510,998,839.60 to \$ 9,511,058,839.60.

C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. KB/OR41/9/ARRA-1 (Number from Block 8 of the Work Authorization)	Nuclear Physics – Fundamental Neutron Physics Beamline MIE at SNS Full Funding (ORNL) (2005190)

D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.

E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.

F. All other terms and conditions remain unchanged.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for Revision No. 01 to the Work Authorization for the project entitled “Nuclear Physics – Enhanced AIP Funding at NP User Facilities (2005220)”.

B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$2,250,000.00 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,511,058,839.60 to \$9,513,308,839.60.

C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. KB/OR41/9/ARRA-2 (Number from Block 8 of the Work Authorization)	Nuclear Physics – Enhanced AIP Funding at NP User Facilities

D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.

E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.

F. All other terms and conditions remain unchanged.

**U.S. DEPARTMENT OF ENERGY
CONTRACT WORK AUTHORIZATION
AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009: 89-09/10-0227**

1a. Project Title: Nuclear Physics – Enhanced AIP funding at NP user facilities (2005220)		1b. Work Proposal Number (if applicable): Various

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for Revision No. 03 to the Work Authorization for the project entitled “Federal Lab Support for Recovery Act Transactions ARRA FY09”.

B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$100,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,513,308,839.60 to \$ 9,513,408,839.60.

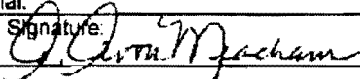

C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No.470002-20476-09 (Number from Block 8 of the Work Authorization)	Federal Lab Support for Recovery Act Transactions ARRA FY09

D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.

E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.

F. All other terms and conditions remain unchanged.

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

July 22, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 227

A fully executed copy of the subject contract modification is enclosed for your retention. This modification de-obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$70,000 from the contract for the project entitled "Decentralization of Facilities from Central Heat Plant, Phase 1 West of Atlantic Ave".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

- A. This modification is issued to de-obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds from the project entitled “Decentralization of Facilities from Central Heat Plant”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$70,000 are hereby de-obligated from the Recovery Act activities identified in section C below. The total amount of funds obligated under this contract since its inception is decreased from \$9,513,408,839.60 to \$9,513,338,839.60.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables impacted by this modification are identified in the Military Interdepartmental Purchase Requests (MIPR) package referenced in the table below. Attachment 1 to this modification is the MIPR document (DD Form 448) requesting the de-obligation of funds previously obligated under Modification 217 to this contract.

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

July 22, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6231

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 228

A fully executed copy of the subject contract modification is enclosed for your retention. This modification incorporates Requirement Change Notice OR-37 into the contract.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT		1. CONTRACT ID CODE	PAGE OF PAGES 1 1
2. AMENDMENT/MODIFICATION NO. 228	3. EFFECTIVE DATE See Block 16C	4. REQUISITION/PURCHASE REQ. NO.	5. PROJECT NO. (If applicable)
6. ISSUED BY Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE 00518	7. ADMINISTERED BY (If other than Item 6) Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE 00518
8. NAME AND ADDRESS OF CONTRACTOR (No., street, county, State and ZIP Code) UT-BATTELLE, LLC Attn: Michael J. Freitze, Director Prime Contract Administration Post Office Box 2008 OAK RIDGE TN 37831-6231		(x) 9A. AMENDMENT OF SOLICITATION NO.	9B. DATED (SEE ITEM 11)
CODE 099114287	FACILITY CODE	X 10A. MODIFICATION OF CONTRACT/ORDER NO. DE-AC05-00OR22725	10B. DATED (SEE ITEM 11) 10/18/1999

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) Clause I.112 and P.L. 95-91

E. IMPORTANT: Contractor is not, is required to sign this document and return 2 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Subj to Retent: N

The purpose of this modification is to revise Appendix E by incorporating Requirement Change Notice No. OR-37 attached hereto. Requirement Change Notice No. OR-37 covers the period of March 1, 2009 through May 31, 2009.

Period of Performance: 04/01/2000 to 03/31/2010

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

FOOTNOTES:

- (1) This document is not directly applicable to the Contractor; it is included in the list of applicable documents because the Contractor must provide certain information or input to DOE in order for DOE to comply with requirements specified in the document.
- (2) This document is ES&H-related and appears in one or more of the current Work Standards (WSS) Sets or is incorporated in the Standards/Requirements Identification Document (S/RID). In an S/RID or WSS Set, the document may be referenced in its entirety or only certain chapters, paragraphs, or sections. Additional information regarding directives and their applicability may be obtained from specific WSS sets.
- (3) This is an Administrative Directive (with implementation assumptions) added to the Appendix E Baseline List B; These implementation assumptions are located at: <http://sbms.ornl.gov/SBMS/WSSHome/listbias.htm>

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

July 23, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 229

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$144,000 to the contract for the project entitled "Fusion Energy Sciences – DIII-D Facility Upgrades (2005290)".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended.
 Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
 See Page 3. Net Increase: \$144,000.00

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) Clause I.143, P.L. 95-91, and P.L. 111-5

E. IMPORTANT: Contractor is not, is required to sign this document and return _____ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Fusion Energy Sciences – DIII-D Facility Upgrades (2005290)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$144,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,513,338,839.60 to \$9,513,482,839.60.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

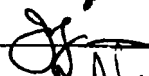

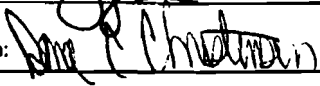

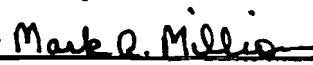

Work Authorization Number	Work Authorization Title
WA No. AT/OR41/9/ARRA-1 (Attachment 1) (Number from Block 8 of the Work Authorization)	Fusion Energy Sciences – DIII-D Facility Upgrades (2005290)

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009: 89-09/10-0227		
1a. Project Title: Fusion Energy Sciences – DIII-D Facility Upgrades (2005290)		1b. Work Proposal Number (if applicable): Various
2. Headquarters Program Point of Contact: Name: Edmund Synakowski Organization Code: SC-24 Telephone No.: (301) 903-4941		
3. Headquarters Budget Point of Contact: Name: Karen Summers Organization Code: SC-41 Telephone No.: (301) 903-4947		
4. Responsible Program: Fusion Energy Sciences		5. Responsible Secretarial Officer: Under Secretary for Science
6. Responsible Field Organization: Oak Ridge Office		
7a. Site and Facility Management Contractor: UT-Battelle LLC (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Donald Hillis Telephone No.: 865-576-3739
8. Work Authorization Number: AT/OR41/9/ARRA-1		9. Revision Number: 00
10. Funds Authorized (\$ in thousands). B&R Code: AT Previous: \$0 Change: \$+144 Current: \$144*		
11. Performance Period Covered by Funds. MM From: 02/17/09 7/24/09 To: 09/30/10		12. Work Start Date: MM 6/2009- 7/2009
13. Expected Completion Date: 9/2011		
<p>14. Statement of Work: see attached</p> <p>This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified herein, in particular contract provision H.999 applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions.</p> <p>The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported.</p> <p><u>Specific Recovery Act Statement of Work:</u></p> <p>\$144,000 is provided under AT5502 to hire a post-doc to install and implement a system that will image the edge magnetic topology on the DIII-D tokamak during the application of Resonant Magnetic Perturbations (RMP). RMPs are used to suppress Edge Localized Modes (ELMs) in DIII-D because the ELMs create undesirable pulsed heat loads to the divertor and wall structures. A realistic assessment of the impact of the applied 3-d magnetic fields requires modeling of the plasma response, which in some cases can shield the perturbation and in other cases amplify it. Assessment of the field in the plasma can be accomplished with an edge imaging system. The pedestal temperature typically lies in the 0.2 - 1.0 keV, which lies in the soft X-ray emission wavelength range. Thus the leading candidate to image the edge island structure would be from a soft X-ray pinhole camera. The primary task of the postdoc will be to lead the implementation of an edge imaging system to diagnose the edge island structure in the vicinity of the DIII-D X-point region. An additional \$36,000 is anticipated in a subsequent AFP following the risk assessment process, bringing the total to \$180,000.</p> <p>Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule Milestones, Performance Measures and Outcomes and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process.</p>

Continuation - DIII-D Facility Upgrades (2005290) - ORNL
AT/OR41/9/ARRA-1, Rev 00

15. Reporting Requirements (Status reports, scientific and technical information or similar): The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.		
16. Work Authorization Program Official. Name (typed): Edmund Synakowski	Signature: 	Date: 6/30/09
17. DOE Field Organization Official. Name (typed): Johnny Mason	Signature: 	Date: 7/14/09
18. Contractor's Authorized Representative. Name (typed): Dana C. Christensen	Signature: 	Date: 17 July 2009
19. DOE Contracting Officer (or delegated representative). Name (typed): MARK A. MILLION	Signature: 	Date: 7/14/09

* Includes Operating of \$144,000.

**ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS
 DIII-D Facility Upgrades (2005290) – ORNL
 AT/OR41/9/ARRA-1, Rev 00**

<p>Section A: <u>Contractor Recovery Act Schedule or Milestone Requirements</u></p>	
Secure a postdoc to focus on implementation of an edge magnetic topology imaging system	August 2009
Complete engineering design review of edge imaging system	February 2010
Install imaging system on DIII-D during the Long Torus Opening Activity	February 2011,
Commission edge imaging system with first plasma light	September 2011
<p>Section B: <u>Contractor Recovery Act Performance Outcomes and Measures</u></p>	
<p>Completed engineering design will be acceptable for implementation on the DIII-D tokamak</p>	
<p>Variation from total cost of effort will be less than 10%</p>	
<p>The task schedule will be coordinated and managed in conjunction with the planned DIII-D Long Torus Opening Activity (LTOA) such that this task does not delay the scheduled completion of the LTOA</p>	
<p>Initial data from the diagnostic will be reported at open science meetings and conferences</p>	
<p>Section C: <u>Contractor Recovery Act Deliverables</u></p>	
<p>The deliverable will be data taken to examine the edge island structure in the vicinity of the X-point in the DIII-D tokamak using an edge x-ray imaging system.</p>

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

July 27, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 230

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$6,300,000 to the contract for EERE projects entitled "Federal Laboratory Support for Recovery Act Transactions ARRA FY09" and "WIP Recovery Act Implementation".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT		1. CONTRACT ID CODE	PAGE OF PAGES 1 3

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

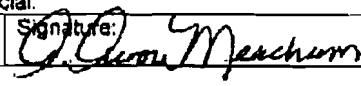

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

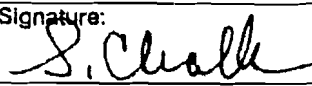

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$6,000,000 to the Work Authorization for the project entitled “WIP Recovery Act Implementation” and \$300,000 for Revision No. 4 to the Work Authorization for the project entitled “Federal Lab Support for Recovery Act Transactions ARRA FY09”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$6,300,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,513,482,839.60 to \$9,519,782,839.60.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. 470002-20476-09 (Revision No. 4) (Attachment 1A)	Federal Lab Support for Recovery Act Transactions ARRA FY09
WA No. WI-470002-20443-09 (Attachment 1B) (Number from Block 8 of the Work Authorization)	WIP Recovery Act Implementation

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION

14. Statement of Work: Funding in the amount of \$300,000 is authorized for Program Direction. These funds are made available for Project #20476 - Federal Laboratory Support for Recovery Act Transactions ARRA FY09. These funds are to be distributed to Agreement # 19096-ORNL Support for ARRA Transactions in accordance with FWP# 999999999. Agreement: 19096: ORNL Support for ARRA Transactions. ORNL will provide direct Technical Assistance to the Energy Efficiency Conservation Block Grant (EECBG) Recovery Act recipients including assisting with developing and planning energy efficiency conservation strategies and plans, and project activity sheets in preparation for submitting applications. The Project Code for this activity is 2004040. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

Training and Technical Assistance

Upgrade And Expand The Capabilities Of The Weatherization Assistant Audit Tool

Oak Ridge National Laboratory will undertake a comprehensive upgrade and expansion of the Weatherization Assistant Audit Package in order to expand the range of the housing stock to which the audit instruments can be applied; incorporate newly emerged technologies into the audits; develop, test, and deploy a comprehensive data management and reporting framework to facilitate future performance assessment and program management; restructure the package for deployment using a web-based format; develop and deploy web-based and other computerized training instruments as well as perform in-person group trainings to facilitate expanded training of weatherization workers due to the American Reinvestment and Recovery Act; and provide modifications that help insure appropriate use of Weatherization resources for health-and-safety and other societal benefits.

ORNL will give immediate priority to developing the web-based and other computerized training instruments and opportunities to assist in training new workers under the Recovery Act as well as deploy staff as required to meet Weatherization Program training needs for this purpose through train-the-trainer, webinar, and direct group training opportunities. It will develop a client-server based model for the program to facilitate ease of use, modification, and control by means of the internet, and it will develop an alpha version of a small multifamily audit and plan for expansion of the package to incorporate a large multifamily audit tool. ORNL will also survey new field-ready technologies and modify the audit instruments as necessary for ease of deployment of these technologies in the next version of the audit package. It will also explore and plan for the development of a simplified user interface for use by the broader residential energy efficiency community as well as incorporation of appropriate Energy Plus components into the Weatherization Assistant calculation engines.

ORNL will follow these immediate tasks by completing, testing, and validating a beta version of the small multifamily audit, developing and testing alpha and beta versions of a large multifamily audit, deploying and field testing the management information system modifications, incorporating, testing, and deploying the Energy Plus calculation engine modifications, and

develop a computerized instrument to facilitate the generation of audit-based priority lists by the Weatherization grantees. ORNL will modify and further expand the necessary web-based and computer-based training instruments to facilitate the use of the newly developed multifamily and new technology components into the Weatherization Assistant as well as deploy personnel for in-person training on these new tools. ORNL will also develop and deploy a societal benefit module as part of the Weatherization Assistant package as well as field test a simplified user interface.

Task	Start Date	Completion Date	Cost
Provide expanded training support			\$865k

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 231

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$19,900,000 to the contract for a project entitled "Advanced Scientific Computing Research – Leadership Computing Upgrade (Project Code 2005087)".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Advanced Scientific Computing Research – Leadership Computing Upgrade (Project Code 2005087)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$19,900,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,519,782,839.60 to \$9,539,682,839.60.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. KJ/OR41/9/ARRA-1 (Attachment 1) (Number from Block 8 of the Work Authorization)	Advanced Scientific Computing Research – Leadership Computing Upgrade (Project Code 2005087)

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Level 2 Milestone: Order six-core processors	September 30, 2009
Level 2 Milestone: Hardware delivery completion	November, 2009
Level 1 Milestone: System acceptance test complete	September, 2010

Section B: Contractor Recovery Act Performance Outcomes and Measures

By September, 2010, complete acceptance test for six-core upgrade of Cray XT5 at Oak Ridge which results in an increase from 1.3 petaflops to 2.0 petaflops.

Section C: Contractor Recovery Act Deliverables

A functional Cray XT5 computing system upgraded from four-core Opteron processors to six-core Opteron processors that will provide 2 petaflop Peak performance.

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

July 28, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 232

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$3,900,000 to the contract for a project entitled "Nuclear Physics – Enhanced Utilization of Isotope Facilities (2005230)".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS
Enhanced Utilization of Isotope Facilities (2005230)
REVISED

Section A: Contractor Recovery Act Schedule or Milestone Requirements

4Q FY09

- Stable Isotope Purchase: Issue purchase order
- Remote Target Fabrication Refurbishment: Issue Project Plan and initiate refurbishment work.

1Q FY10

- PaR Remote Handling System Replacement: Issue Project Plan

2Q FY10

- Stable Isotope Purchase: delivery of isotopes and complete verification isotopic enrichment and impurity analyses.
- Remote Target Fabrication Refurbishment: target fabrication equipment operational for use in Cf Campaign 74.
- PaR Remote Handling System Replacement: complete procurement action for long-lead time equipment.

3Q FY10

- Remote Target Fabrication Refurbishment: Install target acceptance testing equipment.

4Q FY10

- Remote Target Fabrication Refurbishment: Commission updated Target System.

2Q FY11

- PaR Remote Handling System Replacement: PaR Vendor 100% design review completed and Approved Design issued.

4Q FY12

- PaR Remote Handling System Replacement: Commission new PaR.

Section B: Contractor Recovery Act Performance Outcomes and Measures

- Complete projects within 10% of planned cost and schedule.

Section C: Contractor Recovery Act Deliverables

- Replenished inventory of research isotopes (Ba-136, Ga-69, Gd-157, Hg-202, Lu-176, Nd-150, Ni-62, V-51, W-186); Refurbished Remote Target Fabrication system; new PaR Remote Handling System.

Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 241

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$15,000 to the contract for a Military Interdepartmental Purchase Requests (MIPR) package entitled "Decision Tools for Asset Management and Infrastructure Resilience".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Decision Tools for Asset Management and Infrastructure Resilience”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$15,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,627,995,723.55 to \$9,628,010,723.55.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the Military Interdepartmental Purchase Requests (MIPR) packages referenced in the table below. Attachment 1 to this modification is the executed acceptance of the MIPR document (DD Form 448) and Statement of Work.

MIPR Number	MIPR Title
W81F8E91426043 (Number from Block 5 of the MIPR)	Decision Tools for Asset Management and Infrastructure Resilience

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved Military Interdepartmental Purchase Requests package for the activity.
- F. All other terms and conditions remain unchanged.

**DOE Project No. 2231-T332-07 – MIPR No. W81F8E91426043
SOW for \$15,000**

Task 1: Stand-Alone Computing Platform Design: First ORNIM needs to be capable to operate on stand-alone machines with a single seat MS SQL Server 2005 (or newer) license. This step requires moving the existing database from the ORNL server to a stand-alone platform and tweaking the existing modeling code from the existing SQL server implementation to either MS SQL Server Express or a single seat MS SQL Server 2005 (if required) running on the stand-alone machine. ORNIM processing and memory requirements (current and anticipated future) will drive hardware and software specification. Specification of production hardware requirements will need to be identified so that appropriate Corps hardware can be acquired (noting that ORNL development system needs might vary from Corps production needs).

ORNL Deliverable: Stand-alone computing platform for ORNIM

Budget Breakdown:

Labor	\$11,433
Materials	0
Subcontracts	0
Overhead	3,567
Subtotal	\$15,000
FAC	0
TOTAL	\$15,000

The Federal Administration Charge (FAC) and the DOE Laboratory Directed Research and Development (LDRD) charge will not be incurred on the work performed under this scope of work per regulatory guidance under the American Recovery Reinvestment Act (ARRA).

Additionally, ORNL will provide the Army Corps of Engineers regular project reports to fulfill the reporting requirements in accordance with Section 1512 of the American Recovery and Reinvestment Act and the Office of Management and Budget guidance.

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.**Funds Obligated for Recovery Act Projects:**

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 1 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds to the contract for the Intergovernmental Personnel Act (IPA) Assignment Agreement between the Department of Energy (DOE) and UT-Battelle, LLC involving UT-Battelle employee Lee Bryson McGetrick. This IPA Assignment Agreement with Ms. McGetrick will provide the DOE Environmental Management organization with additional capability for oversight and integration functions with regards to DOE prime contractors who will be performing demolition, legacy material removal, and remedial action projects within the footprint of the Oak Ridge National Laboratory central campus.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” incremental funds in the amount of \$175,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,628,010,723.55 to \$9,628,185,723.55.
- C. The specific Position Description, Reason for Mobility Assignment, Fiscal Obligations, and other agreement details can be found in the IPA Assignment Agreement for Ms. Lee Bryson McGetrick, which is incorporated by reference.
- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work identified in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. Contingent on the availability of funds, the Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved IPA Assignment Agreement.
- F. All other terms and conditions remain unchanged.

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

August 11, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 243

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$73,356,000 to the contract for the Work for Others project entitled "Specialized High-Performance Computing Collaboration for Climate Modeling".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT		1. CONTRACT ID CODE	PAGE OF PAGES 1 3
2. AMENDMENT/MODIFICATION NO. 243	3. EFFECTIVE DATE See Block 16C	4. REQUISITION/PURCHASE REQ. NO. 09SC006056	5. PROJECT NO. (if applicable)
6. ISSUED BY Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE 00518	7. ADMINISTERED BY (if other than Item 6) Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE 00518
8. NAME AND ADDRESS OF CONTRACTOR (No., street, county, State and ZIP Code) UT-BATTELLE, LLC Attn: Michael J. Freitze, Director Prime Contract Administration Post Office Box 2008 OAK RIDGE TN 37831-6231		(x) 9A. AMENDMENT OF SOLICITATION NO.	9B. DATED (SEE ITEM 11)
CODE 099114287	FACILITY CODE	X 10A. MODIFICATION OF CONTRACT/ORDER NO. DE-AC05-00OR22725	10B. DATED (SEE ITEM 11) 10/18/1999

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended.
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (if required)
See Page 3. Net Increase: \$73,356,000.00

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) 970.5232-4 OBLIGATION OF FUNDS (DEC 2000), P.L. 95-91, and P.L. 111-5

E. IMPORTANT: Contractor is not, is required to sign this document and return _____ 0 copies to the issuing office.

The Department of Energy has executed the above interagency agreement. UT-Battelle is authorized to conduct the project in accordance with the interagency agreement. Any funding amounts cited above are obligated into the UT-Battelle contract for reimbursable work.

DOE acknowledges that these funds were provided pursuant to the American Recovery and Reinvestment Act of 2009.

Statement of Work

1.0 Background

In September 2008, the National Oceanic and Atmospheric Administration (NOAA) and the Department of Energy (DOE) signed a Memorandum of Understanding on collaborative research. Through this agreement, Oak Ridge National Laboratory (ORNL) provides NOAA with advanced high-performance computing for prototyping critical weather and climate applications in support of NOAA's mission. The focus of the ongoing research includes: porting existing NOAA weather and climate models to advanced high performance computers at ORNL, benchmarking the computational performance of the NOAA cubed sphere model on leadership class computers, and providing system/software engineering to improve computational performance. Initial results of NOAA codes on ORNL computers show very good performance, scaling to tens of thousands of processors on the leadership computing systems at the ORNL National Center for Computational Sciences.

Since this time, NOAA and DOE have developed a Work for Others Agreement, under Proposal 2316-T849-08, to enter into more sustained projects for the challenges which require a closer cooperation and understanding between DOE/ORNL and NOAA. This Agreement will help the Nation prepare for the challenges and risks posed by climate change by improving predictive and adaptive capacities at global to local levels and supporting the developing world in carrying out vulnerability analyses and addressing their findings.

2.0 Purpose

ORNL shall provide sophisticated research collaboration and expert technical support that contributes directly to operating high performance computer and data systems for NOAA so as to deliver improved climate data and model experiments. These models will be used to understand and predict climate variability and change, as well as to produce decision-support tools to facilitate understanding climate change, mitigation strategies, and adaptation options for the Nation. The proposed effort leverages the significant specialized expertise and unique ORNL capabilities. ORNL is the DOE's lead laboratory for high performance computing and its applications to climate change prediction. ORNL is also a lead laboratory for the DOE Climate Change Prediction Program (CCPP) with a mission to advance climate change science and improve climate change projections using state-of-the-science coupled climate models, on time scales of decades to centuries and space scales of regional to global. ORNL also contributes to the Climate Variability and Change element of the U.S. Climate Change Science Program (CCSP), by supporting high performance computing and scientific collaboration for the climate modeling programs at other federal agencies, particularly the National Science Foundation (NSF) and the National Aeronautics and Space Administration (NASA).

The common research goal is to develop, test, and apply state-of-the-science computer-based global climate simulation models, based upon a strong scientific foundation while leveraging leading edge high performance computing and information technologies. The objective is to increase dramatically the skill, resolution, complexity, and the throughput of computer model-based projections of climate variability and change to enable sound decision-making on issues of national importance, such as future energy use and technology options.

3.0 Scope

For the initial phase of the Work for Others Agreement (Proposal 2316-T849-08), \$73.356 Million in ARRA funds will be obligated to DOE for ORNL to perform tasks associated with providing computational services and the scientific collaboration NOAA requires. These funds will also be used to offset ORNL expenses related to infrastructure support, site preparation, utilities costs and other operating expenses as described below. NOAA plans to obligate these funds via a funds transfer to DOE upon execution of an Interagency Agreement.

NOAA has been invited by ORNL to collaborate on developing a set of high performance computing requirements that meet NOAA's mission requirements. In addition, NOAA and ORNL are also collaborating on developing service level/operating requirements that detail NOAA expectations regarding service delivery. NOAA and ORNL will establish a scientific management plan to coordinate collaborative activities and ultimately enhance NOAA's climate research program. NOAA and ORNL scientific staff are expected to interact on a routine basis and frequent site visits are anticipated.

High performance computing services designed to meet NOAA's mission requirements must be capable of reliable, sustained performance while running intricate environmental modeling codes and generating voluminous data products. NOAA anticipates using its most challenging models to confirm the suitability of services. These services are expected to be world-class computational resources scaling to 10s of thousands of processors and delivering several hundred teraflops of performance. NOAA's service level/operating requirements will result in computing resources able to deliver highly reliable services while running multiple copies of NOAA models in sufficient number to occupy the entire dedicated computing configuration. Service level/operating requirements will compel the computing system to deliver consistent sustained performance as measured by run-time variability (time to execute each instance of the benchmark codes) and numerical reproducibility (exactly the same result for each benchmark run) tests. Adherence to these standards will compel the computing resources to possess robust resiliency features (ability to run codes to completion despite system problems) enhancing NOAA's ability to meet mission goals. NOAA anticipates that ORNL will employ these same performance standards to monitor high performance computing resource performance over the life of the contract.

4.0 Significant Milestones

Significant Milestones associated with the work are as follows:

Milestone	Date
NOAA and ORNL Collaborate on Detailed High Performance Computing Requirements	31 August 2009
High Performance Computing Technical and Service Level Requirements Documented	30 September 2009
Chief Scientists Define Collaborative Science Projects	15 October 2009
High Performance Computing Service Solution Identified with Detailed Specifications	15 January 2010
Facility Long-Lead Preparation Begins	15 January 2010
Science Project Readiness Review	1 April 2010
Initial Operational Capability of High Performance Computing	30 September 2010
High Performance Computing Service Fully Operational	Starting 31 October 2010

ORNL will fulfill the reporting requirements in accordance with Section 1512 of the American Recovery and Reinvestment Act and the Office of Management and Budget guidance.

5.0 Funding Estimate

ARRA funds will be obligated as estimated in the table below. Until a specific computer, ancillary systems, networks and security needs are identified, costs can only be estimated.

Estimates (\$1,000)

Category	Total
Infrastructure (Storage, Services*, Network, Security)	6,356
High Performance Computing System Support	55,000
Site Preparations	4,000
Collaborative Research and Acquisition Support	2,000
Operating Expenses	6,000
Total	73,356

*Broadly classified as all of the support services (DNS, DHCP, LDAP, etc.) that will be implemented. *The Federal Administration Charge (FAC) and the DOE Laboratory Directed Research and Development (LDRD) charge will not be incurred on the work performed under this scope of work per regulatory guidance under the American Recovery Reinvestment Act (ARRA).*

Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 244

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount \$5,362,000 to the Work Authorization for the project entitled "Recovery Act Bioenergy Research Centers Capital Equipment: BioEnergy Science Center (Project Code 2005095)" and \$3,188,000 to the Work Authorization for the project entitled "Knowledgebase R&D (Project Code 2005115)".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Block 12 "ACCOUNTING AND APPROPRIATIONS DATA," continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 "DESCRIPTION OF AMENDMENT/MODIFICATION," continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$5,362,000 to the Work Authorization for the project entitled "Recovery Act Bioenergy Research Centers Capital Equipment: BioEnergy Science Center (Project Code 2005095)" and \$3,188,000 to the Work Authorization for the project entitled "Knowledgebase R&D (Project Code 2005115)".
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled "Obligation of Funds," additional funds in the amount of \$8,550,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,701,541,723.55 to \$9,710,091,723.55.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. KP/OR41/9/ARRA-1 (Attachment 1A)	Recovery Act Bioenergy Research Centers Capital Equipment: BioEnergy Science Center (Project Code 200595)
WA No. KP/OR41/9/ARRA-2 (Attachment 1B)	Knowledgebase R&D (Project Code 2005115)
(Numbers from Block 8 of the Work Authorizations)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

This Block shall identify the critical contractor schedule milestone requirements for the work specified to be performed by the contractor. This block must contain at least one Contractor Recovery Act Schedule or Milestone requirement. The WAS may not reference other outside documents in this block.

- Milestone 1: FY09 – end of 4th quarter*
- Milestone 2: FY10 – end of 1st quarter*
- Milestone 3: FY10 – end of 2nd quarter*
- Milestone 4: FY10 – end of 3rd quarter*
- Milestone 5: FY10 – end of 4th quarter*
- Milestone 6: FY11 – end of 1st quarter*

Section B: Contractor Recovery Act Performance Outcomes and Measures

This block shall specify the critical contractor performance outcomes and measures that will be used to assess performance of the work. This block must contain at least one Contractor Recovery Act Performance Outcome and Measure.

If this project is other than a Firm Fixed Price action an outcome and measure should be added to assess cost and schedule. If the deliverable is a report, then an outcome and measure should be added to assess quality as well as cost and schedule.

- Measure for Milestone 1: 40% (\$1.056 million) of Group 1 equipment is under contract.*
- Measure for Milestone 2: BESC has contracted over \$3M in equipment in Groups 1 and 2.*
- Measure for Milestone 3: BESC has contracts in place for Group 1 equipment.*
- Measure for Milestone 4: BESC has received Group 1 equipment and has contracted for Group 2 equipment.*
- Measure for Milestone 5: BESC has costed the Group 2 equipment and received Group 3 equipment. All funds obligated.*
- Measure for Milestone 6: All funds costed.*

Section C: Contractor Recovery Act Deliverables

This Block shall identify the critical contractor deliverables for the work specified. The WAS may not reference other outside documents in this block. This block must contain at least one Contractor Recovery Act Deliverable.

Deliverable for Milestone 1: BESC Director to provide letter to ORO POC and the BER program manager that the measure has been met.

Deliverable for Milestone 2: BESC Director to provide letter to ORO POC and the BER program manager that the measure has been met.

Deliverable for Milestone 3: BESC Director to provide letter to ORO POC and the BER program manager that the measure has been met.

Deliverable for Milestone 4: BESC Director to provide letter to ORO POC and the BER program manager that the measure has been met.

Deliverable for Milestone 5: BESC Director to provide letter to ORO POC and the BER program manager that the measure has been met.

Deliverable for Milestone 6: BESC Director to provide letter to ORO POC and the BER program manager that the measure has been met.

11. Performance Period Covered by Funds. From: 02/17/09 To: 12/31/10		12. Work Start Date: 07/2009
13. Expected Completion Date: 12/2010		
14. Statement of Work: This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified herein, in particular contract provision H Clause applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions. The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported. <u>Specific Recovery Act Statement of Work:</u> The funding will be used to support the research and development of an implementation strategy for the Systems Biology Knowledgebase. This funding will allow for the Systems Biology Knowledgebase to obtain the necessary capital equipment items, support exploratory software initiatives and develop a conceptual design document to determine the scope, cost and schedule of the Knowledgebase and include partner activities that will be supported by the Office of Advanced Scientific Computing Research. ORNL will engage the scientific community to develop this implementation strategy, provide pilot software examples and procure the necessary hardware for the Systems Biology Knowledgebase. Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule Milestones, Performance Measures and Outcomes and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process.		
15. Reporting Requirements (Status reports, scientific and technical information or similar): The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

This Block shall identify the critical contractor schedule milestone requirements for the work specified to be performed by the contractor. This block must contain at least one Contractor Recovery Act Schedule or Milestone requirement. The WAS may not reference other outside documents in this block.

*Milestone 1: FY09 – end of 4th quarter
Milestone 2: FY10 – end of 1st quarter
Milestone 3: FY10 – end of 2nd quarter
Milestone 4: FY10 – end of 3rd quarter
Milestone 5: FY10 – end of 4th quarter*

Section B: Contractor Recovery Act Performance Outcomes and Measures

This block shall specify the critical contractor performance outcomes and measures that will be used to assess performance of the work. This block must contain at least one Contractor Recovery Act Performance Outcome and Measure.

If this project is other than a Firm Fixed Price action an outcome and measure should be added to assess cost and schedule. If the deliverable is a report, then an outcome and measure should be added to assess quality as well as cost and schedule.

*Measure for Milestone 1: CFO releases Recovery Act Funds and Complete scientific peer review and accept all of the prototype software collaborations with the Magellan program.
Measure for Milestone 2: 20% of scientific and computer science meetings held. Total number of meetings planned is 5.
Measure for Milestone 3: 40% of scientific and computer science meetings held.
Measure for Milestone 4: 100% of scientific and computer science meetings held.
Measure for Milestone 5: Software design document delivered to DOE and 100% of instruments accepted or in acceptance phase.*

Section C: Contractor Recovery Act Deliverables

This Block shall identify the critical contractor deliverables for the work specified. The WAS may not reference other outside documents in this block. This block must contain at least one Contractor Recovery Act Deliverable.

Deliverable for Milestone 1: ORNL PI to provide a letter to the ORNL SO POC and the BER program manager stating that ORNL has received the Recovery Act funds.

Deliverable for Milestone 2: ORNL PI to provide copy of reviews of selected prototype software projects to the ORNL SO POC and the BER program manager.

Deliverable for Milestone 3: ORNL PI to provide copy of scientific meeting report and letter to ORNL SO POC and the BER program manager that the measure has been met.

Deliverable for Milestone 4: ORNL PI to provide copy of scientific meeting report and letter to ORNL SO POC and the BER program manager that the measure has been met.

Deliverable for Milestone 5: ORNL PI to provide copy of scientific meeting reports and letter to ORNL SO POC and the BER program manager that the measure has been met and ORNL PI to provide final Implementation Strategy Report

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 245

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding as follows: 1) \$16,800,000 to the Work Authorization for the project entitled "EECBG Formula Grants Technical Assistance", 2) \$10,500,000 to the Work Authorization for the project entitled "Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies", and 3) \$3,100,000 to the Work Authorization for the project entitled "Energy-Intensive Processes R&D". The total amount of funds obligated under this contract since its inception is increased by \$30,400,000 from \$9,710,091,723.55 to \$9,740,491,723.55.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended.
 Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
 See Page 3. Net Increase: \$30,400,000.00

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) 970.5232-4 OBLIGATION OF FUNDS (DEC 2000), P.L. 95-91, and P.L. 111-5

E. IMPORTANT: Contractor is not, is required to sign this document and return _____ 0 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Block 12 "ACCOUNTING AND APPROPRIATIONS DATA," continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 "DESCRIPTION OF AMENDMENT/MODIFICATION," continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds as follows: 1) \$16,800,000 to the Work Authorization for the project entitled "EECBG Formula Grants Technical Assistance", 2) \$10,500,000 to the Work Authorization for the project entitled "Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies", and 3) \$3,100,000 to the Work Authorization for the project entitled "Energy-Intensive Processes R&D".
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled "Obligation of Funds," additional funds in the amount of \$30,400,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,710,091,723.55 to \$9,740,491,723.55.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorizations (Attachment 1):

Work Authorization Number	Work Authorization Title
WA No. WI-470002-20458-09 (Initial, Rev1, & Rev2)	EECBG Formula Grants Technical Assistance
WA No. IF-470002-20421-09	Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies
WA No. IF-470002-20416-09	Energy-Intensive Processes R&D

(Numbers from Block 8 of the Work Authorizations)

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

WORK AUTHORIZATIONS

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION			
1a. Solicitation/Project Title: EECBG Formula Grants Technical Assistance		1b. Work Proposal Number (if applicable): AOP# OR22725 ARRA	
2. Headquarters Program Point of Contact: Name: Dan Beckley Organization Code: Telephone No: (202) 586-7691			
3. Headquarters Budget Point of Contact: Name: Jay Schell Organization Code: Telephone No: (202) 586-0660			
4. Responsible Program: Office of Energy Efficiency and Renewable Energy		5. Responsible Secretarial Officer: Steve Chalk	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Patrick J. Hughes Telephone No: (865) 574-9337	
8. Work Authorization Number: * WI-470002-20458-09		9. Revision Number: 0	
10. Funds Authorized during FY 2009:			
<u>B&R Code</u>	<u>Previous</u>	<u>Change</u>	<u>Current</u>
WI1001020-05796-1005116 <i>WCL → 8/24/2009</i>	\$0	\$2,000,000	\$2,000,000
11. Performance period covered by funds: From: 10/1/2008 To: 9/30/2009 → <i>9/30/2012</i>		12. Work Start Date: <i>WCL</i> 10/1/2008 <i>8/24/2009</i>	13. Expected Completion Date: 9/30/2009 <i>2012</i> <i>WCL</i>
14. Statement of Work: Funding in the amount of \$2,000,000 is authorized for EECBG Formula Grants Technical Assistance. These funds are made available for Project #20458 - EECBG Formula Grants Technical Assistance. These funds are to be distributed to Agreement # 19112-Energy Services Coalition Technical Assistance for SEP and EECBG ARRA 2009 in accordance with AOP# OR22725 ARRA. Provide state and local technical assistance to communities in support of recipients of the SEP and EECBG programs. The Project Code for this Activity is 2004350. Activities include developing, implementing and providing state performance contracting best practices and resources development in conjunction with other organizations. Specific activities include providing quick response to questions from Recovery Act applicants, establishing an infrastructure in state, local, and tribal governments that will build capacity on a self-sustaining basis, and providing technical services at workshops, webinars, and meetings. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.			
15. Reporting Requirements: (Status reports, scientific or technical information or similar)			
16. Work Authorization Program Official:			
Name (typed): Gilbert P. Sperling, Program Manager	Signature: <i>[Signature]</i>	Date: <i>6/18/09</i>	
17. DOE Field Organization Official:			
Name (typed): <i>John [unclear]</i>	Signature: <i>[Signature]</i>	Date: <i>8/19/09</i>	
18. Contractor's Authorized Representative:			
Name (typed): D.C. Christensen	Signature: <i>[Signature]</i>	Date: <i>8/19/09</i>	
19. DOE Contracting Officer (or delegated representative)			
Name (typed): MARK A. MILLION	Signature: <i>Mark A. Million</i>	Date: <i>8/18/09</i>	
* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.			

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

The contractor shall award large SEP and EECBG Technical Assistance (TA) contracts by October 31, 2009. The metric and tracking system will be developed and implemented by January 31, 2010. Draft studies, reports and success stories will be begin by January 2011.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The contractor will become proficient, knowledgeable and subject matter experts in SEP and EECBG TA. The contractor will develop, implement and manage technical assistance contracts for states, tribes and local governments. This will also include assistance and promotion of emerging and new energy efficient technologies to support market transformation, design assistance for new buildings and retrofits, energy modeling and demonstration support. Assistance and promotion opportunities will be identified through the technical assistance network established through awarded contracts. In addition, the contractor will develop, track and report metrics for TA activities at/through Oak Ridge National Laboratories (ORNL).

Section C: Contractor Recovery Act Deliverables

- Award TA contracts for SEP and EECBG
- Develop metric and tracking system
- Provide studies, reports, and success stories of TA activities

11. Performance period covered by funds: From: 9/15/2009 To: 9/30/2010 <i>mnr</i> 01/15/2009 <i>7/2009</i>		12. Work Start Date: <i>8/17/09</i> - <i>9/30/2011</i> <i>mnr</i>	
13. Expected Completion Date: 9/30/2010		<i>9/30/2011</i>	
14. Statement of Work: <i>8/17/09 - 9/30/2011 mnr</i> Funding in the amount of \$10,500,000 is authorized for Industrial Materials of the Future. These funds are made available for Solicitation #20421 - Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies. Funding for this activity will expand collaborative activity to accelerate the transition of scientific discoveries into industrial application. This funding will support efforts in two primary areas: 1) Unfunded R&D Projects - This activity will initiate R&D projects which cannot be funded with normal program funding. This enables investment in new technology projects that have been recommended for selection by merit review committees of competitive solicitations, but not funded due to lack of program funding. Funding in this area will support research and demonstration projects in the areas of nanomanufacturing (13 projects), utilization of opportunity fuels in industrial processes (7 projects), combined heat and power R&D (2 projects), and efficient technologies for energy-intensive processes (4 projects). 2) Materials/Manufacturing Technology - ORNL will issue an RFP for advancement of materials/manufacturing technology. Focus areas will be strategic materials such as titanium and magnesium, structural materials such as high temperature steels; energy storage and production materials; and advanced/field/transient processing technologies. This project area is crosscutting by supporting manufacturing needs of hydrogen, wind, solar, vehicles, and biomass technologies. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The field AFP recipient of the funds is responsible for reporting all funding obligations and costs to the Program Management Center and headquarters. The field AFP recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Task 1 - Commercialization of Titanium Heat Exchangers Fabricated from New Powders.
Milestone 5.1 Complete and install at least one heat exchanger system with cold formed Ti sheets for evaluation at a company site for testing and evaluation in a test loop system; Month 19
Task 2 - Shear Rolling of Magnesium Sheet for Energy, Transportation, and Defense Applications.
Milestone 5.1: Successfully fabricate component 1 using materials fabricated through new processing technology; Month 21
Task 3 - Commercialization of New Carbon Fiber Materials Based on Sustainable Resources for Energy Applications. Milestone 3.2 Demonstration of scaled up production of carbon materials for energy storage application; Month 19
Task 4 - AFA Steels. Milestone 2.4 Report relative performance of AFA steels in four application relevant environments; Month 24
Task 5 - CF8C-Plus Cast Stainless Steels. Milestone 4.1 Report on the potential for cast AFA components based on creep and environmental resistance; Month 22
Task 6 - Materials & Processing for Advanced Batteries. Milestone 4.1 Scaling of processing; Month 25
Task 7 - Photovoltaic Materials. Milestone 1.7 Third round research completed; Month 20
Task 8 - Magnetic Processing of Steel Strip and Next Generation Alloys. Milestone 4.1 Develop process parameters for continuous feed production line that includes a TMP magnetic processing stage; Month 19

Section B: Contractor Recovery Act Performance Outcomes and Measures

All tasks described under this effort will be completed by 9-30-2011, within the budget allocated to each task. Completion of each task will be determined by the submission of a final task report to the sponsor's designated representative.

Section C: Contractor Recovery Act Deliverables

Task 1 - Commercialization of Titanium Heat Exchangers Fabricated from New Powders.
Deliverable, Final Report
Task 2 - Shear Rolling of Magnesium Sheet for Energy, Transportation, and Defense Applications.
Deliverable, Final Report
Task 3 - Commercialization of New Carbon Fiber Materials Based on Sustainable Resources for Energy Applications.
Deliverable, Establish Commercialization Plans
Task 4 - AFA Steels.
Deliverable, Completed evaluation of as-cast AFA steel properties for cast components.
Task 5 - CF8C-Plus Cast Stainless Steels.
Deliverable, Completed evaluation of slurry-coated CF8C-Plus steel properties
Task 6 - Materials & Processing for Advanced Batteries.
Deliverable, Develop deposition and drying procedure for lithium ion battery coatings (electrodes and ceramic composite separators) maintaining nano-scale feature and lab-scale performance
Task 7 - Photovoltaic Materials.
Deliverable, Final Report
Task 8 - Magnetic Processing of Steel Strip and Next Generation Alloys.
Deliverable, Final Report

11. Performance period covered by funds: From: 8/29 2009 To: 9/30/2012		12. Work Start Date: 8/29 2009	13. Expected Completion Date: 9/30/2012
14. Statement of Work: Funding in the amount of \$3,100,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - Energy-Intensive Processes R&D. These funds are to be distributed amongst Agreement # 18974-Architected Nanomembranes for In-Situ Energy Conversion in accordance with AOP# tbd; Agreement # 18977-Nanocatalytic conversion of biomass into second-generation biofuels in accordance with AOP# tbd; Agreement # 18979-Oxide-Nanoparticle Containing Coatings for High Temperature Alloys in accordance with AOP# tbd; Agreement # 18980-Synthesis of Highly Ordered TiO2 Nanotubes Using Ionic Liquids for Photovoltaics in accordance with AOP# tbd; Agreement # 18981-Development and Application of Processing for Nano-Composite Materials for Lithium Ion Batteries in accordance with AOP# tbd; Agreement # 18983-Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures in accordance with AOP# tbd; Agreement # 18984-Mesoporous Carbon Membranes for Selective Gas Separations in accordance with AOP# tbd; Agreement # 18985-Nanocrystallization of LiCoO2 Cathodes for Thin Film Batteries in accordance with AOP# tbd; Agreement # 18991-Improving Heat Recovery in Biomass-Fired Boilers in accordance with AOP# tbd. Agreement: 18974; Architected Nanomembranes for In-Situ Energy Conversion -This one year, concept definition study will consist of engineering concept studies and lead to an analysis of the technological and economic impacts of a unique architecture in nanocomposites membranes. This project builds upon the proof-of-principle results of an ORNL seed money project, which demonstrated a 4-5 orders of magnitude enhancement in oxygen ionic conductivity for a solid state electrolyte membrane having nanochannel architecture. The nanoscale host-guest architecture contains oriented interfaces between nanotube/nanowire arrays perpendicular to the membrane layer. Membrane nanostructure determines the performance of a fuel cell, and also possibly, solar cell, thermoelectric devices and catalytic membrane reactors. These nanomembrane-based devices and technologies provide significant energy, carbon, and economic benefits, which will also be evaluated to better define R&D paths for commercialization. ARRA Project Code: 2004320 Agreement: 18977; Nanocatalytic conversion of biomass into second-generation biofuels -This concept definition project will focus on the potential for nanocatalysis in playing a significant role in the development of efficient processes for biomass conversion into biofuels. Second-generation biofuels (i.e., those from catalytic conversion of lingo-cellulosic biomass/wastes) serve as alternatives to gasoline and diesel fuels and offer great benefits in both energy and carbon. This project proposes to investigate the use of clay-based nanocatalysts to facilitate the breakdown of refractory organics from unconventional sources: primarily from lignin, but also from bitumen and oil shale into feedstocks that can be used for transportation fuels and for the chemical industry. Advances in the use of clay minerals as economical catalysts will be coupled with the advantages posed by nanomaterials to greatly enhance the efficiency and economics of the processing of			

MNE

refractory materials. In particular, lower temperature conversions and more rapid processing is predicted from the use of nanotechnology in this area. In particular, this study will focus on economical, naturally abundant clay-based layered nanocatalysts, and will evaluate issues related to production of the nanocatalysts and their performance in reducing waste and energy usage in the production of biofuels and chemicals from renewable sources. ARRA Project Code: 2004320 Agreement: 18979; Oxide-Nanoparticle Containing Coatings for High Temperature Alloys -The focus of the proposed work is to examine the fabrication of high temperature alloy coatings containing oxide nanoparticles. Use of oxide dispersion strengthened (ODS) alloys will enable achieving desired high temperature strength while avoiding problems with fabrication of components using these alloys. It is proposed that an optical technique, such as a laser or an infrared plasma arc lamp, will be used to rapidly heat particles sprayed onto the surface while electromagnetic stirring will be used to stir the molten pool to prevent agglomeration and floating of nanoparticles. The key and novelty in the process is the use of electromagnetic stirring. It is anticipated that this approach can be extended to the processing of bulk nanocomposite materials using optical techniques and to other wear and corrosion resistant coating with nanoparticles. ARRA Project Code: 2004320 Agreement: 18980; Synthesis of Highly Ordered TiO₂ Nanotubes Using Ionic Liquids for Photovoltaics -The major objective of this project is to conduct a one-year concept definition study to develop a unique technique for synthesizing highly ordered TiO₂ nanotubes using ionic liquids for photovoltaic (PV) applications, including dye sensitized solar cells and water splitting for hydrogen production. This project is based on a unique ionic liquid-based electrolytes technology. The scope of the project includes; 1) synthesis of highly ordered TiO₂ nanotubes using ionic liquids, 2) nanostructural characterization, 3) understanding synthesis mechanisms, and 4) evaluating PV characteristics. ARRA Project Code: 2004320 Agreement: 18981; Development and Application of Processing for Nano-Composite Materials for Lithium Ion Batteries -This project intends to develop optimized processing, process control and quality measures for a homogenous and reliable deposition and treatment of nano-composite coatings to be used in lithium ion battery technology with guidelines for scale-up and mass production of the product. It will develop fundamental understanding of the nanomaterial behavior, the process mechanisms, and the resulting functionality. It will integrate a quality control approach with science and technology to produce a reliable product and enable lithium ion battery technology for transportation and stationary applications. The primary purpose of the proposed effort is to advance the state of the nanomanufacturing of this nano-composite material for Li-ion batteries such that improvement in reliability in the material and in its production will be enabled and the scale-up of the technology will become feasible. ARRA Project Code: 2004320 Agreement: 18983; Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures -The use of quantum dot (QD) materials for solid state lighting and photovoltaic applications are hindered by the ability to distribute QD across a substrate and produce an ordered structure. The overall objective of this research is to develop large scale manufacturing processes to encourage the self-assembly of QD structures and to incorporate broad area thermal annealing to decrease material defects. The first objective is to demonstrate self-assembly techniques for synthesizing a QD structure using long-chain molecules to bind the QD's into dimmer and trimmer structures. Through preliminary research, it has been shown that the photoluminescence intensity of the QD structure can be increased by five times by correctly controlling the spacing between the QD's. The second objective is to use pulsed thermal processing to thermally anneal the QD structure without damaging the long range order or the inter-particle spacing. It has been demonstrated that short duration thermal annealing can increase the photoluminescence intensity by an order of magnitude by reducing the number of point defects that act as non-radiative recombination centers for electron-hole pairs. Overall, it is expected the combined effects of advanced synthesis and broad area thermal annealing will increase the efficiency of the QD structures by 50 to 100 times. ARRA Project Code: 2004320 Agreement: 18984; Mesoporous Carbon Membranes for Selective Gas Separations -This project is focused on translating a novel class of material developed at Oak Ridge National Laboratory - self-assembled mesoporous carbon - into robust, efficient membrane systems for selective industrial gas separations. These tailorable, nanostructured materials, described in US Patent Application 2006057051, "Highly ordered porous carbon materials having well defined nanostructures and method of synthesis," consist of ordered mesopores and tunable micropores that are ideally sized for high throughput separation of gaseous species, such as O₂, CO₂, and gaseous alkanes. The carbon is synthesized by conventional chemical and materials processing approaches, which provides promise for cost effective production of precision separations materials at large scale. The project, which will involve collaboration with the research group of W.J. Koros of Georgia Institute of Technology, will consist of stage 2 R&D. The project aims to develop supported mesoporous carbon membranes in the pores of anodized commercial alumina membranes for high-flux, high-selectivity separations. Recent preliminary tests have shown excellent selective transport of carbon dioxide and propylene relative to other gases. CFO Project Code: 2004320 Agreement: 18985; Nanocrystallization of LiCoO₂ Cathodes for Thin Film Batteries -The inherent difficulty of achieving high performance thin film batteries (TFB) is that they must undergo a post-deposition critical heat treatment that limits the substrate material to those that can withstand the processing environment. Thus, low temperature flexible polymer substrates cannot be utilized with conventional processing methods for these types of devices. The TFB's that are fabricated on flexible polymer substrates are limited in their performance due to the lack of the critical high temperature annealing step, which is required for optimal performance. Pulse Thermal Processing (PTP) with its unique high power densities (>20,000 W/cm²), short processing time (millisecond regime) and large

processing area (up to 1,000 cm²) is able to accomplish the required high temperature anneals of these types of material systems on flexible temperature-sensitive substrates including polymers without thermally affecting the underlying material, thus enabling a high performance flexible TFB on a polymer substrate. ARRA Project Code: 2004320 Agreement: 18991; Improving Heat Recovery in Biomass-Fired Boilers This agreement aims to identify and/or develop advanced materials, coatings and heat transfer technologies to optimize the performance of heat recovery components in biomass-fired boilers. The project addresses Waste Heat Recovery Systems area of the Waste Heat Minimization and Recovery Platform of the Energy Intensive Processes. ARRA Project Code: 2004320. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

15. Reporting Requirements: (Status reports, scientific or technical information or similar)		
16. Work Authorization Program Official:		
Name (typed): Douglas E. Kaempf, Program Manager	Signature: <i>D.E. Kaempf</i>	Date: 7/13/09
17. DOE Field Organization Official:		
Name (typed): J.O. Moore	Signature: <i>J.O. Moore</i>	Date: 8/19/09
18. Contractor's Authorized Representative:		
Name (typed): D. Christensen	Signature: <i>D. Christensen</i>	Date: 8/19/09
19. DOE Contracting Officer (or delegated representative)		
Name (typed): M.A. Millan	Signature: <i>Mark D. Millan</i>	Date: 8/18/09
* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Task 1 – Architected Nanomembranes for In-Situ Energy Conversion
Milestone – Complete evaluation of engineering processing concepts for architected nanocomposite membranes; August 2010

Task 2 – Nanocatalytic Conversion of Biomass into Second-Generation Biofuels
Milestone – Complete analysis of extending technology to unconventional sources of carbon-based compounds; August 2010

Task 3 – Oxide-Nanoparticle Containing Coatings for High Temperature Alloys
Milestone – Complete initial processing trials and characterization of materials with and without electromagnetic stirring; August 2010

Task 4 – Synthesis of Highly Ordered TiO₂ Nanotubes using Ionic Liquids for Photovoltaics (PV)
Milestone - Identify preferable molecular structures of ionic liquids and synthesis parameters based on characterization of nanostructures, crystalline phases and PV; May 2010

Task 5 – Nanocomposite Materials for Lithium Ion Batteries
Milestone – Develop transport models & complete characterizations; September 2012

Task 6 – Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures
Milestone - Complete optical evaluation of quantum dot structures; June 2010

Task 7 – Mesoporous Carbon Membranes for Selective Gas Separations
Milestone – Develop scalable methodology for preparing supported mesoporous carbon membranes supported on anodized alumina membranes for gas separation; August 2010

Task 8 – Nanocrystallization of LiCoO₂ Cathodes for Thin Film Batteries
Milestone – Determine optima PIP parameters for achieving desired performance from Thin Film Battery cathodes; August 2010

Task 9 – Improving Heat Recovery in Biomass-Fired Boilers
Milestone – Submit draft report with results of field corrosion probe studies; June 2012

Section B: Contractor Recovery Act Performance Outcomes and Measures

All tasks described under this effort will be completed by 9-30-2012, within the budget allocated to each task. Completion of each task will be determined by the submission of a final task report to the sponsor's designated representative.

Section C: Contractor Recovery Act Deliverables

Task 1 – Architected Nanomembranes for In-Situ Energy Conversion
Deliverable, Final Report

Task 2 – Nanocatalytic Conversion of Biomass into Second-Generation Biofuels
Deliverable, Final Report

Task 3 – Oxide-Nanoparticle Containing Coatings for High Temperature Alloys
Deliverable, Final Report

Task 4 – Synthesis of Highly Ordered TiO₂ Nanotubes using Ionic Liquids for Photovoltaics (PV)
Deliverable, Final Report

Task 5 - Nanocomposite Materials for Lithium Ion Batteries
Deliverable, Final Report

Task 6 - Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures
Deliverable, Final Report

Task 7 - Mesoporous Carbon Membranes for Selective Gas Separations
Deliverable, Final Report

Task 8 - Nanocrystallization of LiCoO₂ Cathodes for Thin Film Batteries
Deliverable, Final Report

Task9 – Improving Heat Recovery in Biomass-Fired Boilers
Deliverable, Final Report

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 246

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$708,400 to the contract for Military Interdepartmental Purchase Requests (MIPR) packages entitled "Installation of Natural Gas Lines for Decentralization from Central Heat Plant".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted, or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Installation of Natural Gas Lines for Decentralization from Central Heat Plant”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$708,400 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,740,491,723.55 to \$9,741,200,123.55.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the Military Interdepartmental Purchase Requests (MIPR) packages referenced in the table below. Attachment 1 to this modification contains the MIPR documents (DD Form 448).

MIPR Number	MIPR Title
F1Q3CS9054G002	Installation of Natural Gas Lines for Decentralization from Central Heat Plant (East of Atlantic Ave)
F1Q3CS9055G001	Installation of Natural Gas Lines for Decentralization from Central Heat Plant (West of Atlantic Ave)
(Numbers from Block 5 of the MIPRs)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved Military Interdepartmental Purchase Requests package for the activity.
- F. All other terms and conditions remain unchanged.

August 26, 2009

Mr. Michael J. Frieze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Frieze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 247

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$85,000 to the contract for the Military Interdepartmental Purchase Request (MIPR) package entitled "Decision Tools for Asset Management and Infrastructure Resilience – ORNIM Implementation".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Decision Tools for Asset Management and Infrastructure Resilience – ORNIM Implementation”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$85,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,741,200,123.55 to \$9,741,285,123.55.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the Military Interdepartmental Purchase Request (MIPR) package referenced in the table below. Attachment 1 to this modification is the MIPR document (DD Form 448).

MIPR Number	MIPR Title
W81F8E92042702 (Number from Block 5 of the MIPR)	Decision Tools for Asset Management and Infrastructure Resilience – ORNIM Implementation

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved Military Interdepartmental Purchase Request package for the activity.
- F. All other terms and conditions remain unchanged.

REMARKS :

Funds may not be exceeded without prior approval

These funds must be accepted on a reimbursable basis.

Request this order be accepted and returned within 14 days. PLEASE FAX ACCEPTANCE TO 304-399-5157, ATTN: CELRH-RM-B. Billing should be marked "Partial" or "Final".

This order has been certified by Resource Management Office on the Corps automated system (CEFMS). The system will not print an order which has not been certified, therefore, an original F&A certification will not be provided.

THIS AGREEMENT FOR DOE PROPOSAL NUMBER 2231-T332-07 IS ENTERED INTO PURSUANT TO THE AUTHORITY OF THE ECONOMY ACT OF 1932, AS AMENDED, 31 USC 1535, AND ADHERES TO FEDERAL ACQUISITION REGULATION (FAR) 6.002.

TO THE BEST OF KNOWLEDGE, THE WORK REQUESTED WILL NOT PLACE DOE AND ITS CONTRACTOR IN DIRECT COMPETITION WITH THE DOMESTIC PRIVATE SECTOR.

DOE PROPOSAL # 2231-T332-07

RECOVERY ACT: This commitment contains funds from the American Recovery and Reinvestment Act of 2009. All award documents and related communications include the clauses and provisions necessary to ensure award recipients are legally obligated and prepared to meet their reporting requirements under the Recovery Act. For each contract over \$500,000, agencies should prepare a summary of the contract document which will be made available publically and linked to Recovery.gov via the award number. (Future guidance forthcoming)

August 26, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 248

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$250,000 to the Work Authorization for the project entitled "Nuclear Physics – Enhanced AIP Funding at NP User Facilities (2005220)". The total amount of funds obligated under this contract since its inception is increased from \$9,741,285,123.55 to \$9,741,535,123.55.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for Revision No. 01 to the Work Authorization for the project entitled “Nuclear Physics – Enhanced AIP Funding at NP User Facilities (2005220)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$250,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,741,285,123.55 to \$9,741,535,123.55.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. KB/OR41/9/ARRA-2 (Revision No. 01) (Attachment 1)	Nuclear Physics – Enhanced AIP Funding at NP User Facilities (2005220)
(Numbers from Block 8 of the Work Authorizations)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Subj to Retent: N
Pursuant to the provisions of Clause I-143, the first sentence of paragraph (a) is hereby changed to read as follows: The amount presently obligated by the Government with respect to this contract is \$9,799,614,521.31. This represents an increase of \$3,385,523.29, from \$9,796,228,998.02 to \$9,799,614,521.31.
FOB: Destination
Period of Performance: 04/01/2000 to 03/31/2010

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required) Net Increase: \$360,291.26

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831

September 2, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 258

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$4,380,000 to the Work Authorization for the project entitled "Nuclear Physics - Nuclear Science Workforce (2005270)" and \$36,000 for Revision No. 1 to the Work Authorization for the project entitled "Fusion Energy Sciences - DIII-D Facility Upgrades (2005290)". The total amount of funds obligated under this contract since its inception is increased by \$4,416,000 from \$9,799,974,812.57 to \$9,804,390,812.57.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

STANDARD FORM 30 (REV. 10-83)
Prescribed by GSA
FAR (48 CFR) 53.243

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$4,380,000 to the Work Authorization for the project entitled “Nuclear Physics - Nuclear Science Workforce (2005270)” and \$36,000 for Revision No. 1 to the Work Authorization for the project entitled “Fusion Energy Sciences - DIII-D Facility Upgrades (2005290)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$4,416,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,799,974,812.57 to \$9,804,390,812.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. KB/OR41/9/ARRA-4 (Attachment 1A)	Nuclear Physics – Nuclear Science Workforce (2005270)
WA No. AT/OR41/9/ARRA-1 (Revision No. 01) (Attachment 1B)	Fusion Energy Sciences – DIII-D Facility Upgrades (2005290)
(Numbers from Block 8 of the Work Authorizations)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

Signature: Mark A. Million

Date: 8/24/09

**ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS
Nuclear Science Workforce (2005270)**

Section A: Contractor Recovery Act Schedule or Milestone Requirements

4Q FY09/ Initiate research. If the contractor is a recipient of more than one award under
1Q FY10: Nuclear Science Workforce, this attachment pertains to all of those awards.

2Q FY10: Report on first quarter progress due.

Progress report due each quarter through project completion.

Section B: Contractor Recovery Act Performance Outcomes and Measures

- Perform research according to proposal consistent with approved budget.

Federal program managers will verify the research performance through quarterly progress reports and conference calls as needed.

Section C: Contractor Recovery Act Deliverables

- Quarterly progress reports on the activities conducted for each research project.
- Final report on research results for each project.

---	--	--

14. Statement of Work: *see attached*

This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified herein, in particular contract provision H.999 *see* applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions.

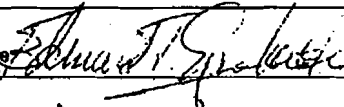

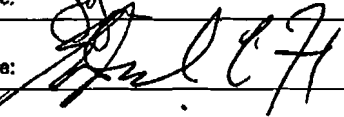

The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported.

Specific Recovery Act Statement of Work:

\$36,000 that was previously held for the risk assessment is provided under AT5502, bringing the total to \$180,000, to hire a post-doc to install and implement a system that will image the edge magnetic topology on the DIII-D tokamak during the application of Resonant Magnetic Perturbations (RMP). RMPs are used to suppress Edge Localized Modes (ELMs) in DIII-D because the ELMs create undesirable pulsed heat loads to the divertor and wall structures. A realistic assessment of the impact of the applied 3-d magnetic fields requires modeling of the plasma response, which in some cases can shield the perturbation and in other cases amplify it. Assessment of the field in the plasma can be accomplished with an edge imaging system. The pedestal temperature typically lies in the 0.2 - 1.0 keV, which lies in the soft X-ray emission wavelength range. Thus the leading candidate to image the edge island structure would be from a soft X-ray pinhole camera. The primary task of the postdoc will be to lead the implementation of an edge imaging system to diagnose the edge island structure in the vicinity of the DIII-D X-point region.

Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule Milestones, Performance Measures and Outcomes and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process.

Continuation - DIII-D Facility Upgrades (2005290) - ORNL
AT/OR41/9/ARRA-1, Rev 01

15. * Includes Operating of \$180,000.

**ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS
DIII-D Facility Upgrades (2005290) – ORNL**

Work Authorization #AT/OR41/9/ARRA-1, Rev 01

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Secure a postdoc to focus on implementation of an edge magnetic topology imaging system	August 2009
Complete engineering design review of edge imaging system	February 2010
Install imaging system on DIII-D during the Long Torus Opening Activity	February 2011
Commission edge imaging system with first plasma light	September 2011

Section B: Contractor Recovery Act Performance Outcomes and Measures

Completed engineering design will be acceptable for implementation on the DIII-D tokamak

Variation from total cost of effort will be less than 10%

The task schedule will be coordinated and managed in conjunction with the planned DIII-D Long Torus Opening Activity (LTOA) such that this task does not delay the scheduled completion of the LTOA

Initial data from the diagnostic will be reported at open science meetings and conferences

Section C: Contractor Recovery Act Deliverables

The deliverable will be data taken to examine the edge island structure in the vicinity of the X-point in the DIII-D tokamak using an edge x-ray imaging system.

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831

September 3, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 259

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$9,419,046 to the contract for multiple Office of Energy Efficiency and Renewable Energy projects. The total amount of funds obligated under this contract since its inception is increased from \$9,804,390,812.57 to \$9,813,809,858.57.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT		1. CONTRACT ID CODE	PAGE OF PAGES 1 3	
2. AMENDMENT/MODIFICATION NO. 259	3. EFFECTIVE DATE See Block 16C	4. REQUISITION/PURCHASE REQ. NO. 09SC006483	5. PROJECT NO. (If applicable)	
6. ISSUED BY Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE 00518	7. ADMINISTERED BY (If other than Item 6) Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE	00518
8. NAME AND ADDRESS OF CONTRACTOR (No., street, county, State and ZIP Code) UT-BATTELLE, LLC Attn: Michael J. Freitze, Director Prime Contract Administration Post Office Box 2008 OAK RIDGE TN 37831-6231		(x) 9A. AMENDMENT OF SOLICITATION NO.	9B. DATED (SEE ITEM 11)	
CODE 099114287 FACILITY CODE		X 10A. MODIFICATION OF CONTRACT/ORDER NO. DE-AC05-00OR22725	10B. DATED (SEE ITEM 11) 10/18/1999	

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended.
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required) Net Increase: \$9,419,046.00
See Page 2.

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) 970.5232-4 OBLIGATION OF FUNDS (DEC 2000), P.L. 111-5, and P.L. 95-91

E. IMPORTANT: Contractor is not, is required to sign this document and return 0 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$9,419,046 to the contract for the Office of Energy Efficiency and Renewable Energy projects identified in the Work Authorizations reflected in section C below.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$9,419,046 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,804,390,812.57 to \$9,813,809,858.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorizations:

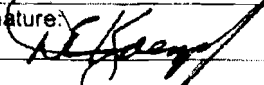

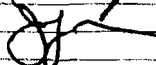

Work Authorization Number	Work Authorization Title
WA No. IF-470002-20421-09 (Attachment 1A)	Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies
WA No. WI-470002-20538-09 (Attachment 1B)	Technical Assistance for Energy Star Appliance Rebate Program and Energy Star Program
WA No. FB-470002-20454-09 (Revision 0) (Attachment 1C)	Enhance and Accelerate FEMP Service Functions to the Federal Government
WA No. FB-470002-20454-09 (Revision 1) (Attachment 1D)	Enhance and Accelerate FEMP Service Functions to the Federal Government
WA No. FB-470002-20454-09 (Revision 2) (Attachment 1E)	Enhance and Accelerate FEMP Service Functions to the Federal Government
WA No. FB-470002-20454-09 (Revision 3) (Attachment 1F)	Enhance and Accelerate FEMP Service Functions to the Federal Government
WA No. BM-470002-20650-09 (Attachment 1G)	B1 – IBR FOA Support Activities
WA No. BM-470002-20650-09 (Revision 1) (Attachment 1H)	B1 – IBR FOA Support Activities
(Numbers from Block 8 of the Work Authorizations)	

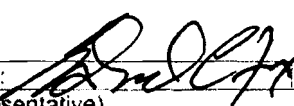

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

WORK AUTHORIZATION

**U.S. DEPARTMENT OF ENERGY
CONTRACT WORK AUTHORIZATION**

1a. Solicitation/Project Title: Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies		1b. Work Proposal Number (if applicable):	
2. Headquarters Program Point of Contact: Name: Isaac Chan		Organization Code: EE-2F	Telephone No: (202) 586-4981
3. Headquarters Budget Point of Contact: Name: Shawn Mason		Organization Code:	Telephone No: (202) 586-8862
4. Responsible Program: Office of Energy Efficiency and Renewable Energy		5. Responsible Secretarial Officer: Steve Chalk	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Craig Blue Telephone No: (865) 574-4351	
8. Work Authorization Number: IF-470002-20421-09		9. Revision Number: 0	
10. Funds Authorized during FY 2009:			
<u>B&R Code</u>	<u>Previous</u>	<u>Change</u>	<u>Current</u>
ED1904032-05794-1004383	\$0	\$4,500,000	\$4,500,000
11. Performance period covered by funds: From: 10/1/2008 To: 9/30/2009		12. Work Start Date: 10/1/2008 9/29/09	13. Expected Completion Date: 9/30/2009 9/30/2011
14. Statement of Work: 9/29/09 - 9/30/2011 make Capital equipment funding in the amount of \$4,500,000 is authorized for Industrial Materials of the Future. These funds are made available for Solicitation #20421 - Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies. Expand collaborative activity to accelerate the transition of scientific discoveries into industrial applications, leading to improved energy efficiency throughout industry. The focus of these activities is on advancement of materials/manufacturing technology. Materials are critically important to our nation in all areas including energy, economic, and strategic security. Materials limitations to energy efficiency are usually related to inadequate performance or lifetime in severe-service environments. The success or failure of many industrial energy efficiency concepts depend on materials selection and fabrication techniques to meet the ever-increasing demands on performance and life. Materials are critical to improving our nation's energy efficiency and strategic position while enabling decreased environmental impacts. This area is crosscutting by supporting manufacturing needs of hydrogen, wind, solar, vehicles, and biomass technologies; impacting ITP's Nanomanufacturing Initiative and Energy Intensive Processes. The projects associated with this effort will partner with and leverage industry as well as state and local business incubator programs to quickly move new materials technologies into the market. 40% of the \$25M will be sent to industrial partners through existing contracts and through competitive procurements (\$8M); 46% of the funds will remain at Oak Ridge National Laboratory for RD&D efforts in direct collaboration with industry; and 14% of the funds will be dedicated to capital equipment to complement existing capabilities for utilization by industry. ARRA Code: 2004320. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The field AFP recipient of the funds is responsible for reporting all funding obligations and costs to the Program Management Center and headquarters. The field AFP recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Task 1 - Commercialization of Titanium Heat Exchangers Fabricated from New Powders.
Milestone 5.1 Complete and install at least one heat exchanger system with cold formed Ti sheets for evaluation at a company site for testing and evaluation in a test loop system; Month 19

Task 2 - Shear Rolling of Magnesium Sheet for Energy, Transportation, and Defense Applications.
Milestone 5.1: Successfully fabricate component 1 using materials fabricated through new processing technology; Month 21

Task 3 - Commercialization of New Carbor Fiber Materials Based on Sustainable Resources for Energy Applications. Milestone 3.2 Demonstration of scaled up production of carbon materials for energy storage application; Month 19

Task 4 - AFA Steels. Milestone 2.4 Report relative performance of AFA steels in four application relevant environments; Month 24

Task 5 - CF8C-Plus Cast Stainless Steels. Milestone 4.1 Report on the potential for cast AFA components based on creep and environmental resistance; Month 22

Task 6 - Materials & Processing for Advanced Batteries. Milestone 4.1 Scaling of processing; Month 25

Task 7 - Photovoltaic Materials. Milestone 1.7 Third round research completed; Month 20

Task 8 - Magnetic Processing of Steel Strip and Next Generation Alloys. Milestone 4.1 Develop process parameters for continuous feed production line that includes a TMP magnetic processing stage; Month 19

Section B: Contractor Recovery Act Performance Outcomes and Measures

All tasks described under this effort will be completed by 9-30-2011, within the budget allocated to each task. Completion of each task will be determined by the submission of a final task report to the sponsor's designated representative.

Section C: Contractor Recovery Act Deliverables

Task 1 - Commercialization of Titanium Heat Exchangers Fabricated from New Powders.
Deliverable, Final Report

Task 2 - Shear Rolling of Magnesium Sheet for Energy, Transportation, and Defense Applications.
Deliverable, Final Report

Task 3 - Commercialization of New Carbor Fiber Materials Based on Sustainable Resources for Energy Applications.
Deliverable, Establish Commercialization Plans

Task 4 - AFA Steels.
Deliverable, Completed evaluation of as-cast AFA steel properties for cast components.

Task 5 - CF8C-Plus Cast Stainless Steels.
Deliverable, Completed evaluation of slurry-coated CF8C-Plus steel properties

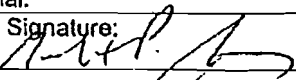

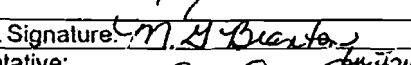

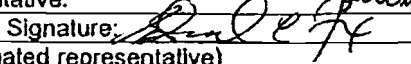

Task 6 - Materials & Processing for Advanced Batteries.
Deliverable, Develop deposition and drying procedure for lithium ion battery coatings (electrodes and ceramic composite separators) maintaining nano-scale feature and lab-scale performance

Task 7 - Photovoltaic Materials.
Deliverable, Final Report

Task 8 - Magnetic Processing of Steel Strip and Next Generation Alloys.
Deliverable, Final Report

Name (typed): MARK A. MILLION	Signature: 	Date: 8/26/09	
* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.			

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Contractor will provide technical assistance to States and Territories so that they can launch market-transforming appliance rebate programs for ENERGY STAR qualified products. Contractor will assist in customizing rebate programs to reflect specific market situations, climate, and complementary programs being undertaken by utilities, manufacturers and retailers. In addition, the contractor will develop, track, and report metrics for rebate activities. States and territories must submit proposals by October 15, 2009. The metric and tracking system will be developed and implemented by January 31, 2010. Final metric and tracking reports will be due no later than March 31, 2012.

Section B: Contractor Recovery Act Performance Outcomes and Measures

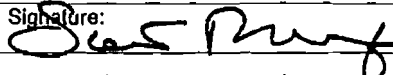

The contractor will become proficient, knowledgeable and subject matter experts in state energy efficient appliance rebate programs. The contractor will develop, implement and manage technical assistance for U.S. states and territories. This will include assistance and analysis of energy efficient appliances, especially ENERGY STAR qualified, and the tracking and monitoring of rebate program results. Assistance and monitoring opportunities will be identified through the technical assistance network established through DOE approved applications. In addition, the contractor will develop, track and report metrics for TA activities at/through Oak Ridge National Laboratories (ORNL).

Section C: Contractor Recovery Act Deliverables

- Program design tools that guide States in rebates program analysis and decision-making processes.
- Baseline performance metrics for measuring the success of the appliance rebate program
- Monthly rebate – related data from all States and Territories

EL1703010-05794-1004580	\$0	\$800,000	\$800,000
11. Performance period covered by funds: ^{8/24/2009 WLL} From: 6/30/2009 To: 9/30/2010			
12. Work Start Date: 6/30/2009 ^{8/24/2009 WLL}			
13. Expected Completion Date: 9/30/2010			
14. Statement of Work: Funding in the amount of \$800,000 is authorized for Direct Technical Assistance. These funds are made available for Project #20454 - Enhance and Accelerate FEMP Service Functions to the Federal Government. These funds are to be distributed to Agreement # 19079-ORNL- Technical Guidance and Assistance in accordance with AOP# 2004160. Recovery Act TAS 8909/100331.91 Project# 2004160- Enhance and Accelerate FEMP Service Functions to the Federal Government ORNL will provide technical assistance to enhance and accelerate FEMP service functions to the Federal government using the American Recovery and Reinvestment Act (ARRA) funds. ORNL will provide services in the following areas: Initial and/or feasibility of a particular technology; Project prioritization; Strategic energy planning and benchmarking; Technical reviews of designs and proposals; Energy audit training; High-performance green building technical support; Federal vehicle fleet technical support; Assessments; Retro-Commissioning; Resource Efficiency Energy Managers; Operations and maintenance; Evaluate financial strategies, procurement specifications, and acceptance of installed systems; Detail of key lab staff to work within agencies for a limited duration (normally not more than 24 months); and All of the above with special emphasis on particular technologies in the areas of the labs' expertise. ORNL will provide project management support activities to include follow-up with the agency, completion of technical assistance reports, participation in technical assistance conference calls, quarterly joule reporting, and monthly project updates to the FEMPCentral database. Technical assistance to agencies must be approved by the Federal Energy Management Program. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

Attachment A – Contractor Recovery Act Performance Requirements

For FY 2009 Federal Energy Management Program Approved Funding
for Oak Ridge National Laboratory
ARRA Project Code: 2004160, FED 09-1216-RA JUL

Section A – Contractor Recovery Act Schedule or Milestone Requirements

1. Federal Energy Management Program, Energy Savings Performance Contracts B&R and Program Codes: EL1702010-05794-1004578, \$80,000.

Schedule or Milestone Requirement: Complete assessment of hydrogen gas at NASA Stennis Space Center by September 30, 2010.

2. Federal Energy Management Program, Energy Savings Performance Contracts B&R and Program Codes: EL170210-05794-1004578, \$444,000.

Schedule or Milestone Requirement: Technical assistance projects will be completed by September 30, 2010.

3. Federal Energy Management Program, Direct Technical Assistance B&R and Program Codes: EL1703010-05794-1004580, \$800,000.

Schedule or Milestone Requirement: Technical Assistance will be completed by September 30, 2010.

4. Federal Energy Management Program, Planning Reporting and Evaluation B&R and Program Codes: EL1704000-05794-1004582, \$416,000.

Schedule or Milestone Requirement: Online training program developed by September 30, 2010.

Section B – Contractor Recovery Act Performance Outcomes and Measures

1. Federal Energy Management Program, Energy Savings Performance Contracts B&R and Program Codes: EL1702010-05794-1004578, \$80,000.

Outcome and Measure: Telephone conference discussion of completed assessment results to be held with key contacts at NASA Stennis Space Center to determine how they will implement assessment results.

2. Federal Energy Management Program, Energy Savings Performance Contracts B&R and Program Codes: EL170210-05794-1004578, \$444,000.

Outcome and Measure: Reports will be provided to federal agency sites receiving technical assistance with recommendations for energy efficiency or renewable energy improvements.

3. Federal Energy Management Program, Direct Technical Assistance B&R and Program Codes: EL1703010-05794-1004580, \$800,000.

Outcome and Measure: Reports will be provided to federal agency sites receiving technical assistance with recommendations for energy efficiency or renewable energy improvements.

4. Federal Energy Management Program, Planning Reporting and Evaluation B&R and Program Codes: EL1704000-05794-1004582, \$416,000.

Outcome and Measure: Follow-up with the agencies involved will be conducted and reported.

Section C: Contractor Recovery Act Deliverables

1. Federal Energy Management Program, Energy Savings Performance Contracts B&R and Program Codes: EL1702010-05794-1004578, \$80,000.

Deliverable: Finalization of assessment will be logged and tracked in DOE's FEMPCentral Database.

2. Federal Energy Management Program, Energy Savings Performance Contracts B&R and Program Codes: EL170210-05794-1004578, \$444,000.

Deliverable: Project updates will be entered into the FEMPCentral Database.

3. Federal Energy Management Program, Direct Technical Assistance B&R and Program Codes: EL1703010-05794-1004580, \$800,000.

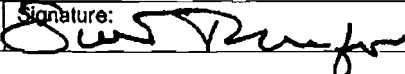

Deliverable: Project updates will be entered into the FEMPCentral Database.

4. Federal Energy Management Program, Planning Reporting and Evaluation B&R and Program Codes: EL1704000-05794-1004582, \$416,000.

Deliverable: Monthly updates in meeting agreement milestones or reporting as required by ARRA in meeting project milestones and metrics.

1. Federal Energy Management Program, Energy Savings Performance Contracts B&R and Program Codes: EL1702010-05794-1004578, \$80,000.

Deliverable: Finalization of assessment will be logged and tracked in DOE's FEMPCentral Database.

2. Federal Energy Management Program, Energy Savings Performance Contracts B&R and Program Codes: EL170210-05794-1004578, \$444,000.

Deliverable: Project updates will be entered into the FEMPCentral Database.

3. Federal Energy Management Program, Direct Technical Assistance B&R and Program Codes: EL1703010-05794-1004580, \$800,000.

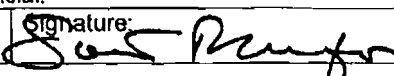

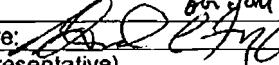

Deliverable: Project updates will be entered into the FEMPCentral Database.

4. Federal Energy Management Program, Planning Reporting and Evaluation B&R and Program Codes: EL1704000-05794-1004582, \$416,000.

Deliverable: Monthly updates in meeting agreement milestones or reporting as required by ARRA in meeting project milestones and metrics.

WORK AUTHORIZATION

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION			
1a. Solicitation/Project Title: B1 - IBR FOA Support Activities		1b. Work Proposal Number (if applicable) AOP# 8.5.9.6	
2. Headquarters Program Point of Contact: Name: Melissa Klembara Organization Code: Telephone No:			
3. Headquarters Budget Point of Contact: Name: Leshawn Sutton Organization Code: EE-3B Telephone No: (202) 586-9258			
4. Responsible Program Office of Energy Efficiency and Renewable Energy		5. Responsible Secretarial Officer: Steve Chalk	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Mark Downing Telephone No. (865) 576-8140	
8. Work Authorization Number: * BM-470002-20650-09		9. Revision Number: 0	
10. Funds Authorized during FY 2009:			
<u>B&R Code</u>	<u>Previous</u>	<u>Change</u>	<u>Current</u>
BM0102060-05794-1004173	\$0	\$508,000	\$508,000
11. Performance period covered by funds: From: 9/1/2009 To: 9/30/2010 <i>mnc</i>		12. Work Start Date: 9/1/2009	13. Expected Completion Date: 9/30/2010 <i>mnc</i>
14. Statement of Work: Funding in the amount of \$508,000 is authorized for Integration of Biorefinery Technologies. These funds are made available for Project #20650 - B1 - IBR FOA Support Activities. These funds are to be distributed to Agreement # 19610-B1 - WBS 8.5.9.6 ORNL Feedstock Crosscut Review Support and NEPA Proposed Actions in accordance with AOP# 8.5.9.6. Oak Ridge National Laboratory is providing technical expertise via crosscut reviews on feedstock sustainability of application to the Recovery Act - Demonstration of Integrated Biorefinery Operations Funding Opportunity Announcement Number: DE-FOA-0000096. Additionally, ORNL will develop NEPA Proposed Actions plans for all of the projects selected from this FOA, as needed. ORNL will assist the selectees in evaluating the detailed baseline environmental conditions for the proposed project locations as needed. ORNL will then recommend the level of NEPA review/documentation including rationale. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE. <i>Project Wbs: 2004000</i>			
15. Reporting Requirements: (Status reports, scientific or technical information or similar)			
16. Work Authorization Program Official:			
Name (typed): Vain Lightner, Acting Program Manager	Signature: <i>[Signature]</i>	Date:	
17. DOE Field Organization Official:			
Name (typed): J.O. Moore	Signature: <i>[Signature]</i>	Date: 8/31/09	
18. Contractor's Authorized Representative:			
Name (typed): D. Christensen	Signature: <i>[Signature]</i>	Date: 8/31/09	
19. DOE Contracting Officer (or delegated representative):			
Name (typed): M.A. Millien	Signature: <i>[Signature]</i>	Date: 8/31/09	
* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.			

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Biomass Program Integration of Biorefinery Technologies – Feedstock Cross-cut Review Support, and NEPA Proposed Actions (ORNL) - Downing

Section A. Contractor Recovery Act Schedule or Milestone Requirements

1. Proposal Reviews will start as soon as money is available at ORNL – September 1, 2009.
2. NEPA support work for projects will begin as early as December 1, 2009 and should be completed by September 30, 2010.
3. Proposal Reviews should be completed December 1, 2009.

Section B. Contractor Recovery Act Performance Outcomes and Measures

Appropriate and consistent guidelines for quantitatively measurable proposal review will be designed, and implemented, and distributed to Merit Review Committee, as well as cross-cut reviewers. NEPA support will be provided to industrial proposers in a manner consistent with requirements of Federal NEPA process, performed for DOE, and guided by the DOE NEPA Compliance Officer.

Section C. Contractor Recovery Act Deliverables

Successful input to the Merit Review Process, and guidance to the DOE Selection Official (September 2010).

September 4, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 260

A fully executed copy of the subject contract modification is enclosed for your retention. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amounts of \$1,550,000 to the Work Authorization for the project entitled "Building 3026 C&D Superstructure Demolition and Stabilization" and \$9,709,326 to the Work Authorization for the project entitled "Site Support to the IDIQ EM Contractors at ORNL for Defense Funded Work". The modification also reflects the change in the Contractor Point of Contact under Work Authorization No. FD/04029/41 from L. B. McGetrick to S. D. Van Hoesen. The total amount of funds obligated under this contract since its inception is increased by \$11,259,326 from \$9,813,809,858.57 to \$9,825,069,184.57.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amounts of \$1,550,000 to the Work Authorization for the project entitled “Building 3026 C&D Superstructure Demolition and Stabilization” and \$9,709,326 to the Work Authorization for the project entitled “Site Support to the IDIQ EM Contractors at ORNL for Defense Funded Work”. The modification also reflects the change in the Contractor Point of Contact under Work Authorization No. FD/04029/41 from L. B. McGetrick to S. D. Van Hoesen.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$11,259,326 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,813,809,858.57 to \$9,825,069,184.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. FD/04019/OR/41 (Revision 1) (Attachment 1A)	Building 3026 C&D Superstructure Demolition and Stabilization
WA No. FD/04029/41 (Revision 1) (Attachment 1B)	Site Support to the IDIQ EM Contractors at ORNL for Defense Funded Work
(Number from Block 8 of the Work Authorization)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

11. Performance Period Covered by Funds. From: 5/4/09 To: 1/31/10		12. Work Start Date: 5/2009	
		13. Expected Completion Date: 1/2010	
14. Statement of Work: This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified herein, in particular contract provision H.50 applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions. The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by ORO-EM to SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported. <u>Specific Recovery Act Statement of Work:</u> Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process. This Statement of Work (SOW) is for the planning, characterization, demolition, and waste disposal of the wooden superstructure for facilities 3026 C and D. All work will be done in accordance with SC/UT-B procedures. <u>Building 3026 C and D Wooden Structure:</u> Activities authorized by this SOW include the planning and characterization activities needed to support demolition of the wooden portion of 3026 C and D as well as demolition and disposal of the wooden structure, including project management. Specific activities will include: • Inspect facility and collect/review data and documentation to determine and document the current facility condition in preparation for transition of operational responsibility to UT - B

JDK
9/3/09

MAN 9/4/09

JDK
9/3/09

- Provide a point of contact for establishing RPP interfaces/boundaries for controlling radiological hazards.
- Provide Fire Protection Engineering review/support for potential impacts on ORNL operations/facilities.
- Provide ES&H and Technical Subject Matter experts to review impacts on ORNL operations/facilities and ensure that interface points are established and understood.
- Coordinate Environmental Compliance Activities involving Site-wide issues.
- Coordinate site space usage.
- Provide for Excavation/penetration Permits.
- Provide applicable records/drawings etc. as required to support the IDIQ contractor in their efforts.

Specific Work Supported by this authorization is as follows

1. Bethel Valley Isotope Facilities (Building 3026 Demolition-Hot Cells) - (\$500,000)
2. ORNL Small Facilities Completion Demolition - (\$500,000)
3. Core hole 8 Remediation - (\$100,000)
4. Bethel Valley Burial Grounds (Cap SWSA 1 And 3) - (\$200,000)
5. Bethel Valley Groundwater Early Actions (Pump and Treat) - (\$100,000)
6. Melton Valley Sentinel Wells - (\$100,000)
7. Bethel Valley Isotope Facilities (Building 3038 Legacy Material Removal and Demolition Preparation) - (\$500,000)

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831

September 10, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 261

A fully executed copy of the subject contract modification is enclosed for your retention. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$720,000 to the contract for the project entitled "Smart Grid Investment Grant Program". The total amount of funds obligated under this contract since its inception is increased by \$720,000 from \$9,825,069,184.57 to \$9,825,789,184.57.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

FAR (48 CFR) 53.243

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$720,000 to the contract for the project entitled “Smart Grid Investment Grant Program (EISA 1306)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$720,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,825,069,184.57 to \$9,825,789,184.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. TD-470002-20389-09 (Attachment 1)	Smart Grid Investment Grant Program (EISA 1306)
(Number from Block 8 of the Work Authorization)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.			

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

The contractor shall perform technical merit reviews of applications received in response to the Smart Grid Investment Grant Funding opportunity Announcement. The reviews should be completed by August 28, 2009, however, additional time might be required. In addition the contractor shall oversee a team to perform reviews of SGIG proposals with respect to proposed approaches for performing consumer behavior studies that institute methods to eliminate biases. These reviews should be performed by September 9, 2009, although additional time might be required. Finally, the remainder of the funds should be applied to a current effort to develop and implement a cost-benefit estimation methodology to measure the impact of SGIG projects. A peer review of the methodology is expected to take place on September 9, 2009 and the method should be implemented by August 13, 2009.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The contractor will support OE in technical merit reviews and other reviews that pertain to the expeditious review and selection of SGIG proposals so that ARRA funds can be applied as quickly as possible to create jobs and stimulate the economy. In addition, the cost-benefit estimation methodology being developed at ORNL is the principal method measure the outcome of smart grid projects with respect to economic, reliability, and environmental benefits.

Section C: Contractor Recovery Act Deliverables

- Technical Merit Reviews
- Analysis and Recommendations for Performing Consumer Behavior Studies
- A cost-benefit analysis tool and supporting documentation
- Recommendations for Data Requirements and Analysis for selected SGIG projects.

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 262

A fully executed copy of the subject contract modification is enclosed for your retention. This modification is issued to de-obligate American Recovery and Reinvestment Act of 2009 funds in the amount of \$1,000 from the contract for the project entitled "Melton Valley Support Facility GPP". The total amount of funds obligated under this contract since its inception is decreased by \$1,000 from \$9,825,789,184.57 to \$9,825,788,184.57.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to de-obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$1,000 from the project entitled “Melton Valley Support Facility GPP”. This de-obligation is reflected in the attached Science Laboratories Infrastructure – FY 2009 September Program Guidance Attachment (Attachment 1). The Work Authorization referenced in Section C below will be modified to reflect this de-obligation at a later date.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$1,000 are hereby de-obligated from the Recovery Act activities identified in Section C below. The total amount of funds obligated under this contract since its inception is decreased from \$9,825,789,184.57 to \$9,825,788,184.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables impacted by this modification are identified in the following referenced Work Authorization:

Work Authorization Number	Work Authorization Title

September 17, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 263

A fully executed copy of the subject contract modification is enclosed for your retention. This modification is issued to de-obligate American Recovery and Reinvestment Act of 2009 funds in the amount of \$1,308 from the contract for the project entitled "Decentralization of Facilities from Central Heat Plant" at Dover Air Force Base. The total amount of funds obligated under this contract since its inception is decreased by \$1,308 from \$9,825,788,184.57 to \$9,825,786,876.57.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT		1. CONTRACT ID CODE	PAGE OF PAGES 1 2

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 1 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to de-obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds from the project entitled “Decentralization of Facilities from Central Heat Plant”. This project involves a Military Interdepartmental Purchase Requests (MIPR) agreement with Dover Air Force Base.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$1,308 are hereby de-obligated from the Recovery Act activities identified in the attached Financial Plan Report – Detail (Attachment 1). The total amount of funds obligated under this contract since its inception is decreased from \$9,825,788,184.57 to \$9,825,786,876.57.
- C. All other terms and conditions remain unchanged.

September 22, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 264

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$89,900 to the contract for the Military Interdepartmental Purchase Request (MIPR) package entitled "Ceramic Material Testing on Teledyne Excentric Core Demo Turbine H/W".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Ceramic Material Testing on Teledyne Excentric Core Demo Turbine H/W”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$89,900 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,825,786,876.57 to \$9,825,876,776.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the Military Interdepartmental Purchase Request (MIPR) package referenced in the table below. Attachment 1 to this modification is the MIPR document (DD Form 448).

MIPR Number	MIPR Title
F4FB EY9212G001 (Number from Block 5 of the MIPR)	Ceramic Material Testing on Teledyne Excentric Core Demo Turbine H/W

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved Military Interdepartmental Purchase Request package for the activity.
- F. All other terms and conditions remain unchanged.

nce of the order or upon completion of the orders, whichever is earlier.

FOOTNOTE 1: I certify that the goods acquired under this agreement are legitimate, specific requirements representing a bona fide need of the fiscal year in which these funds are obligated. Required reviews are complete.

FOOTNOTE 7: IAW Section 801, 10 USC 2330, the Services Designated Official has approved the attached non-performance-based work statement. Any contract or task order resulting from this request is to be acquired using performance-based principles to the maximum extent practical.

FOOTNOTE 9: this Economy Act order is supported by a Determination & Finding approved by Mr Douglas Bowers, SES, Director, AFRL Propulsion Directorate.

I certify to the propriety of funds cited on this contractual administrative commitment document (DFAS-DE 7010.1-R). This requirement is included in the approved program (BA/PA) for FY09.

This agreement is entered into pursuant to the authority of the Economy Act of 1932, as amended (31 USC § 1535) [or cite here another statutory reference] and adheres to Federal Acquisition Regulation 6.002. To the best of our knowledge the work requested will not place DOE and its contractor in direct competition with the domestic private sector.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$5,710,000 to the contract for the Office of Energy Efficiency and Renewable Energy projects identified in the Work Authorizations reflected in section C below.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$5,710,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,825,876,776.57 to \$9,831,586,776.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorizations:

Work Authorization Number	Work Authorization Title
WA No. BM-470002-20472-09 (Attachment 1A)	B5 Transportation Infrastructure
WA No. BM-470002-20469-09 (Attachment 1B)	B3 Fundamental Research in Key Program Areas
WA No. BM-470002-20469-09 (Revision 1) (Attachment 1C)	B3 Fundamental Research in Key Program Areas
(Numbers from Block 8 of the Work Authorizations)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

2 Headquarters Program Point of Contact Name Joan Glickman Organization Code EE-2L Telephone No (202) 586-5607			
3 Headquarters Budget Point of Contact Name Leshawn Sutton Organization Code EE-3B Telephone No (202) 586-9258			
4 Responsible Program Office of Energy Efficiency and Renewable Energy		5 Responsible Secretarial Officer Steve Chaik	
6 Responsible Field Element Oak Ridge Operations Office			
7a Site and Facility Management Contractor University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b Contractor Point of Contact Name Robin Graham Telephone No (865) 576-7756	
8 Work Authorization Number BM-470002-20472-09		9 Revision Number 0	
10 Funds Authorized during FY 2009			
<u>B&R Code</u>	<u>Previous</u>	<u>Charge</u>	<u>Current</u>
BM0102060-05794-1004173	\$0	\$5,000,000	\$5,000,000

11 Performance period covered by funds From ~~10/1/2008~~ To ~~02/28/2009~~ ^{10/1/2009} 9/1/2009 ^{02/28/2009} 12/21/2010

14 Statement of Work

9/1/2009 - 12/31/2010 ²⁰¹⁰

Funding in the amount of \$5,000,000 is authorized for integration of Biorefinery Technologies. These funds are made available for Project #20472 - B5 Transportation Infrastructure. These funds are to be distributed to Agreement # 19087-B5 ORNL Intermediate Blends Testing (Phase 1 & 2) (Project number 2004570, WBS 8 5 8 4) in accordance with AOP# 8 5 8 4. This funding supports ethanol blends testing. Enhanced fuel testing will measure the impacts of higher intermediate ethanol blends (E15 and E20) on existing engines as well as infrastructure. This work will involve two phases. Phase 1 will involve testing newer Tier II emissions level vehicles over their full useful life. Phase 2 will involve additional vehicle testing on used and older Tier II and Tier I emissions level vehicles. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

Biomass Program Integration of Biorefinery Technology

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

ORNL Intermediate Blends Testing - Vehicle and Catalyst Durability with mid-level ethanol blends (Agreement # 19087-B5) - \$5,000,000

Section A. Contractor Recovery Act Schedule or Milestone Requirements

1. Vehicle emissions testing and aging on mileage accumulation dynamometers at Southwest Research Institute will be completed by December 2010.
2. Vehicle emissions testing and aging on test track at Transportation Research Center will be completed by December 2010.
3. Data from subcontracts for aging and emissions testing vehicles will be analyzed and provided to DOE sponsors by December 2010.

Section B. Contractor Recovery Act Performance Outcomes and Measures

Vehicles will be aged on mileage accumulation dynamometers or on a test track. Periodic emissions tests will be completed to assess effects of aging vehicles on mid-level ethanol blends.

Section C. Contractor Recovery Act Deliverables

Emissions data will be provided to DOE and EPA (December 2010).

WORK AUTHORIZATION

**U.S. DEPARTMENT OF ENERGY
CONTRACT WORK AUTHORIZATION**

1a Solicitation/Project Title B3 Fundamental Research in Key Program Areas		1b Work Proposal Number (if applicable) AOP# 8 1 7 2	
2 Headquarters Program Point of Contact Name Alison Goss Eng		Organization Code EE2E	Telephone No (202) 586-9109
3 Headquarters Budget Point of Contact Name Leshawn Sutton		Organization Code EE-3B	Telephone No (202) 586-9258
4 Responsible Program Office of Energy Efficiency and Renewable Energy		5 Responsible Secretarial Officer Steve Chalk	
5 Responsible Field Element Oak Ridge Operations Office			
7a Site and Facility Management Contractor University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b Contractor Point of Contact Name Robin Graham Telephone No (665) 576-7756	
8 Work Authorization Number BM-470002-20469-09		9 Revision Number 0	
10 Funds Authorized during FY 2009			
B&R Code	Previous	Charge	Current
BM0102030-05794-1004172	\$0	\$350,000	\$350,000

11 Performance period covered by funds From 8/1/2009 To 8/31/2009	12 Work Start Date 8/1/2009	13 Expected Completion Date 8/31/2012
14 Statement of Work <i>none</i>		

Funding in the amount of \$350,000 is authorized for Feedstocks Infrastructure. These funds are made available for Project #20469 - B3 Fundamental Research in Key Program Areas. These funds are to be distributed to Agreement # 19146-2004020 B3(a)(1) ORNL - Land Use Change Modeling (GLBRC) (Project number 2004020 WBS 8 1 7 2) in accordance with AOP# 8 1 7 2. At the regional scale, performers are combining economic land use, and biogeochemical models to better predict the likelihood and biogeochemical outcome of building out biofuel cropland at the expense of land currently used for other purposes. By layering remotely sensed images on existing land use classification maps, national high-resolution (<1km) data sets for crop species, soils, topography, climate variables, and estimated land management, including crop production inputs and application methods will be produced. Also, land cover and land use (management) on each 56-meter cropland pixel in the US will be generated. Funding will allow accelerated database development and development of a means to automate a data system for model inputs from very large spatial data sets, development of a model to run on large parallel computing systems, and organization of model output for appropriate visualizations. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

Biomass Program Feedstocks Infrastructure

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

ORNL- Land Use Change Modeling (GLBRC)(Project number 2004020, WBS 8.1.7.2) in accordance with AOP# 8.1.7.2 – Post

Section A. Contractor Recovery Act Schedule or Milestone Requirements

1. Develop a hierarchical taxonomy of underutilized lands using inventory data and high-temporal remotely sensed databases for use in economic optimizations involving tradeoffs in biofuel vs. food crop production. Complete report describing utilization of this taxonomy with associated spatial databases (December 1, 2009).
2. Acquire, enhance, and integrate high spatial resolution geographically referenced databases of climate, soil, cropping systems, land capability, and current land use, crop management systems, tillage practice, for North America and test use in biogeochemical models of crop and biofuel production. Complete technical document describing derived spatial fields and utilization of the databases for biogeochemistry simulations (January 15, 2010).
3. Develop parallel computational and database system for performing and summarizing high spatial resolution simulations using advanced high performance computing solutions. Complete documentation describing technical features of the system, and how to install and use the system on large UNIX clusters (May 20, 2010).

Section B. Contractor Recovery Act Performance Outcomes and Measures

Funding will allow accelerated database development of a means to automate a data system for model inputs from very large spatial and inventory data sets, the development of a model to run on large parallel computing systems, and organization of model output for appropriate analyses. Along with PNNL collaborators this will allow exploration of the economic and environmental consequences of alternative biofuel implementation scenarios. This understanding will be prepared for publications in scientific journals.

Section C. Contractor Recovery Act Deliverables

Reports on high spatial resolution computer simulations of the Continental U.S. for at least 2 alternative biofuel implementation strategies for the period 2010 to 2030 will be submitted for publication in peer reviewed journals. (September 2011).

		13. Expected Completion Date: 9/30/2009 <i>3/31/2011</i>	
14. Statement of Work: <i>in NR</i> Funding in the amount of \$360,000 is authorized for Feedstocks Infrastructure. These funds are made available for Project #20469 - B3 Fundamental Research in Key Program Areas. These funds are to be distributed to Agreement # 19148-2004020 B3(a)(1) ORNL - Short Rotation Wood Biomass Sustainability (WBS 8.1.7.4) in accordance with AOP# 2004020. Funds will be used to conduct a hydrology study of silvicultural landscapes. This project will involve several tasks: (1) Continue intensive characterization of hillslope and small stream behavior at the current site. (2) Identify two or more experimental catchments at SRS with topography, vegetation, and soils generally similar to the existing study catchment (3) Install hydrologic and water quality monitoring equipment and instruments in the reference and treatment catchments. (4) Begin collection of baseline hydrology and water quality data. (5) Identification of and planning for the most relevant silviculture treatments to impose. (6) Begin planning for similar studies at several other sites in the Southeast. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Short rotation wood biomass sustainability (Agreement # 19148-2004020 B3(a)(1) ORNL) - Mulholland

Section A. Contractor Recovery Act Schedule or Milestone Requirements

1. Water quality sampling will begin by February 2010.
2. Water quality samples will be collected during at least 1 storm event by April 2010.
3. Analysis of nitrogen and phosphorus species in water samples collected during 2010 will be analyzed by March 2011.

Section B. Contractor Recovery Act Performance Outcomes and Measures

Water quality dynamics of southern pine watersheds prior to management for biofuels feedstock production will be understood. This understanding will be prepared for publication in a scientific journal.

Section C. Contractor Recovery Act Deliverables

Report on water quality of undisturbed southern pine watersheds prior to management for biofuels feedstock production will be prepared (September 2011).

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 266

A fully executed copy of the subject contract modification is enclosed for your retention. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$5,064,000 to the contract for Nuclear Physics projects entitled "R&D on Alternative Isotope Production Techniques (2005280)" and "Enhanced Utilization of Isotope Facilities (2005230)". The total amount of funds obligated under this contract since its inception is increased by \$5,064,000 from \$9,831,586,776.57 to \$9,836,650,776.57.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$4,117,000 to the contract for Revision No. 1 to the Work Authorization for the project entitled “Nuclear Physics – R&D on Alternative Isotope Production Techniques (2005280)” and \$947,000 for Revision No. 4 to the Work Authorization for the project entitled “Nuclear Physics – Enhanced Utilization of Isotope Facilities (2005230)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$5,064,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,831,586,776.57 to \$9,836,650,776.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. ST/OR41/9/ARRA-4 (Revision 1) (Attachment 1A)	Nuclear Physics – R&D on Alternative Isotope Production Techniques (2005280)
WA No. ST/OR41/9/ARRA-3 (Revision No. 04) (Attachment 1B)	Nuclear Physics – Enhanced Utilization of Isotope Facilities (2005230)
(Numbers from Block 8 of the Work Authorizations)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

14. Statement of Work (See attached)
This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified within, in particular contract provision H.50 applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act, and as such is subject to special statutory conditions.
The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by NP will be applied as necessary to ensure that all NP activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this way will be supported.

Specific Recovery Act Statement of Work:
The following funding is provided for awards made under FOA 09-14, R&D on Alternative Isotope Production Techniques.
\$1,000,000 in OPE funding and \$1,000,000 in EQU funding is provided under ST-50-01-03 for FWP #ERST005 entitled "Integration of Centrifuge and Electromagnetic Separation for Preparation of Stable Isotopes." The Principal Investigator is Peter J. Todd. The project period is October 2009 to October 2011.
\$1,000,000 in OPE funding is provided under ST-50-01-03 for FWP #ERST004 entitled "Ionic Liquids as Solvents for Improved Production of Radioisotopes." The Principal Investigator is Huimin Luo. The project period is October 2009 to October 2011.
\$1,117,000 in OPE funding is provided under ST-50-01-03 for FWP #ERST001 entitled "Production Of Thorium-229 in a Proton Accelerator." The Principal Investigator is Marc A. Garland. The project period is October 2009 to October 2011.
Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule Milestones, Performance Measures, and Outcomes and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process.

* Includes OPE funding \$3,117,000, EQU funding \$1,000,000.

Continuation of WAS – R&D on Alternative Isotope Production Techniques (2005280)

15. Reporting Requirements (Status reports, scientific and technical information or similar):

The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

**ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS
R&D on Alternative Isotope Production Techniques (2005280)**

Section A: Contractor Recovery Act Schedule or Milestone Requirements

1Q FY10

- Initiate research and development for all awards under Isotope Production and Development for Research and Applications (FWP #s ERST001, ERST004, and ERST005).

2Q FY10

- Report on first quarter progress due.

Progress reports are due each quarter through project completion.

Section B: Contractor Recovery Act Performance Outcomes and Measures

- Perform research and development according to proposals, consistent with approved budgets.

Federal Program Director will verify research and development performance through quarterly progress reports, and conference calls as needed.

Section C: Contractor Recovery Act Deliverables

- Quarterly progress reports on the activities conducted for each research and development project.
- Final report on each research and development project (FWP #s ERST001, ERST004, and ERST005).

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended.
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required) Net Increase: \$2,603,092.23

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) 970.5232-4 OBLIGATION OF FUNDS (DEC 2000), and P.L. 95-91

E. IMPORTANT: Contractor is not, is required to sign this document and return _____ 0 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Subj to Retent: N

Pursuant to the provisions of Clause I-143, the first sentence of paragraph (a) is hereby changed to read as follows: The amount presently obligated by the Government with respect to this contract is \$9,913,389,085.57. This represents an increase of \$2,603,092.23, from \$9,910,785,993.34 to \$9,913,389,085.57.

FOB: Destination

Period of Performance: 04/01/2000 to 03/31/2010

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

FAR (48 CFR) 53.243

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Wireless Platform for Energy-Efficient Building Control Retrofits”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$635,067 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,913,389,085.57 to \$9,914,024,152.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the Military Interdepartmental Purchase Request (MIPR) package referenced in the table below. Attachment 1 to this modification is the MIPR document (DD Form 448).

MIPR Number	MIPR Title
W74RDV92314461 (Number from Block 5 of the MIPR)	Wireless Platform for Energy-Efficient Building Control Retrofits

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved Military Interdepartmental Purchase Request package for the activity.
- F. All other terms and conditions remain unchanged.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$3,750,000 to the contract for the project entitled “Advanced Scientific Computing Research – Computational Partnerships (SciDAC-e) (2005060)” and \$2,500,000 to the contract for the project entitled “Advanced Scientific Computing Research – Advanced Computing Architectures (2005085)”. The modification also incorporates a revision to the Work Authorization for an existing project entitled “Nuclear Physics – Nuclear Science Workforce (2005270)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$6,250,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,914,024,152.57 to \$9,920,274,152.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. KJ/OR41/9/ARRA-3 (Attachment 1A)	Advanced Scientific Computing Research – Computational Partnerships (SciDAC-e) (2005060)
WA No. KJ/OR41/9/ARRA-2 (Attachment 1B)	Advanced Scientific Computing Research - Advanced Computing Architectures (2005085)
WA No. KB/OR41/9/ARRA-4 (Revision No. 01) (Attachment 1C)	Nuclear Physics – Nuclear Science Workforce (2005270)
(Numbers from Block 8 of the Work Authorizations)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

CONTRACT WORK AUTHORIZATION
AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009: 89-9/10-0227**

1a. Project Title: Advanced Scientific Computing Research – Computational Partnerships (SciDAC-e) (Project Code 2005060)		1b. Work Proposal Number (if applicable): Various	
2. Headquarters Program Point of Contact. Name: Michael R. Strayer Organization Code: SC-21 Telephone No.: (301) 903-7486			
3. Headquarters Budget Point of Contact. Name: Mike Osinski Organization Code: SC-41 Telephone No.: (301) 903-3590			
4. Responsible Program: Advanced Scientific Computing Research		5. Responsible Secretarial Officer: Director, Office of Science	
6. Responsible Field Organization: Oak Ridge Site Office			
7a. Site and Facility Management Contractor: UT – Battelle LLC – Oak Ridge National Laboratory		7b. Contractor Point of Contact. Name: Telephone No.:	
8. Work Authorization Number: KJ/OR41/9/ARRA-3		9. Revision Number: 00	
10. Funds Authorized (\$ in thousands). B&R Code: KJ Previous: \$0 Change: +\$3,750 Current: \$3,750			
11. Performance Period Covered by Funds. From: 02/17/09 To: 09/30/10		12. Work Start Date: 09/2009	13. Expected Completion Date: 09/30/2011
<p>14. Statement of Work: (see attached) This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified herein; in particular contract provision H. 999 applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions.</p> <p>The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported.</p> <p>Specific Recovery Act Statement of Work: Add approximately ten new Computational Science Postdoctoral appointees to provide expert assistance to SciDAC-e, Energy Research Frontier Center (EFRC) and other energy users awarded allocations through the ASCR Leadership Computing Challenge (ALCC) allocation process. To broaden the community of computational science researchers, by September, 2010 conduct a SciDAC-e summer school that will provide EFRC, ALCC, INCITE and other projects with training and hands on experience with Leadership computing resources.</p> <p>Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule Milestones, Performance Measures and Outcomes and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process.</p>			

15. Reporting Requirements (Status reports, scientific and technical information or similar):

The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

16. Work Authorization Program Official.

Name (typed): Michael R. Strayer

Signature: *Richard G. Holland* *Michael Strayer* Date: 9/11/2009

17. DOE Field Organization Official.

Name (typed): *Johnny*

Signature: *Johnny* Date: 9/24/09

18. Contractor's Authorized Representative.

Name (typed): JEFF NICHOLS

Signature: *JA Nichols* Date: 9/21/09

19. DOE Contracting Officer (or delegated representative).

Name (typed): MARK A. MILLION

Signature: *Mark A. Million* Date: 9/18/2009

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

10/30/09: provide summary of project status to ASCR for ASCAC briefing
12/15/09: plans for ALCC Scientific Workshop will be announced, including workshop agenda and invited speakers
06/30/10: provide reviewable project report to ASCR
12/15/10: workshop conducted, publication of workshop proceedings
09/30/11: provide final report to ASCR

Section B: Contractor Recovery Act Performance Outcomes and Measures

Delivery of computational capability to at least one EFRC at the end of the second year. This computational capability may be in the form of a new science application code, a visualization of a massive scientific dataset, or the scaling of an existing code from desktop to massively parallel computing resources at the ASCR leadership facilities. The extent and success of this computational capability will be reviewed by experts.

Section C: Contractor Recovery Act Deliverables

A reviewable final report detailing the computational capabilities developed through this project and any demonstrable progress toward developing the mathematics, algorithms, and software in support of ASCR goals.

14. Statement of Work: (see attached)
This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified herein; in particular contract provision H. 999 applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions.

The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported.

Specific Recovery Act Statement of Work:

Oak Ridge National Laboratory will acquire at least one IBM Power System 5+ and MOMBO simulation software and operate them in a test bed in collaboration with IBM for research and development in the area of application software and algorithm development.

Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule Milestones, Performance Measures and Outcomes and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Science laboratory appraisal process.

15. Reporting Requirements (Status reports, scientific and technical information or similar):

The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

16. Work Authorization Program Official.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

- Milestone 1: Order IBM Power 5+ 8-node System and MOMBO Simulator
September 30, 2009
- Milestone 2: Hardware delivery completion January, 2010
- Milestone 3: Progress Report due June 2010
- Milestone 4: Final report due September, 2011

Section B: Contractor Recovery Act Performance Outcomes and Measures

By September, 2011, demonstrate progress towards quantifying features of IBM Power 7 chip that will meet the requirements of grand challenge projects that require extreme scale.

Section C: Contractor Recovery Act Deliverables

- June 30, 2010: Progress Report
- September 30, 2010: Initial definition of performance levels of at least one application that requires extreme scale computing on the IBM Power 7 chip.
- August, 2011: Present project findings to Review panel, date to be established later
- September 30, 2011: Final Report due

**ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS
Nuclear Science Workforce (2005270)**

Section A: Contractor Recovery Act Schedule or Milestone Requirements

- 4Q FY09/ 1Q FY10: Initiate research. If the contractor is a recipient of more than one award under Nuclear Science Workforce, this attachment pertains to all of those awards.
- 2Q FY10: Report on first quarter progress due.

Progress report due each quarter through project completion.

Section B: Contractor Recovery Act Performance Outcomes and Measures

- Perform research according to proposal consistent with approved budget.

Federal program managers will verify the research performance through quarterly progress reports and conference calls as needed.

Section C: Contractor Recovery Act Deliverables

- Quarterly progress reports on the activities conducted for each research project.
- Final report on research results for each project.

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

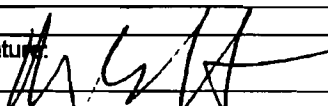

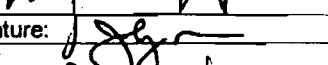

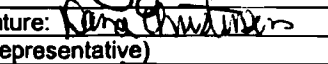

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$650,000 to the contract for the project entitled “Smart Grid Investment Grant Program (EISA 1306)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$650,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,920,274,152.57 to \$9,920,924,152.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. TD-470002-20389-09 (Revision No. 1) (Attachment 1A)	Smart Grid Investment Grant Program (EISA 1306)
WA No. TD-470002-20389-09 (Revision No. 2) (Attachment 1B)	Smart Grid Investment Grant Program (EISA 1306)
(Number from Block 8 of the Work Authorization)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

14. Statement of Work: Funding in the amount of \$150,000 is authorized for Smart Grid Investment Program. These funds are made available for Project #20389 - Smart Grid Investment Grant Program (EISA 1306). These funds are to be distributed to Agreement # 19623-ORNL Grant Review in accordance with AOP# 999. 2006000 - The funding is needed for Russell Lee (ORNL) to support efforts involving estimation of benefits that derive from the adoption of Smart Grid technologies. Of particular concern is measuring consumer behavior with respect to the real time price of electricity. The task will include developing and implementing the necessary algorithms to assess consumer behavior, including the gathering of necessary data and reporting of analytical results. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to OE.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

The contractor shall perform technical merit reviews of applications received in response to the Smart Grid Investment Grant Funding opportunity Announcement. The reviews should be completed by September 30, 2009. However, additional time might be required. In addition the contractor shall oversee a team to perform reviews of SGIG proposals with respect to proposed approaches for performing consumer behavior studies that institute methods to eliminate biases. These reviews should be performed by September 30, 2009, although additional time might be required. Finally, the remainder of the funds should be applied to a current effort to develop and implement a cost-benefit estimation methodology to measure the impact of SGIG projects. A peer review of the methodology is expected to take place on September 9, 2009 and the method should be implemented by September 30, 2009.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The contractor will support OE in technical merit reviews and other reviews that pertain to the expeditious review and selection of SGIG proposals so that ARRA funds can be applied as quickly as possible to create jobs and stimulate the economy. In addition, the cost-benefit estimation methodology being developed at ORNL is the principal method measure the outcome of smart grid projects with respect to economic, reliability, and environmental benefits.

Section C: Contractor Recovery Act Deliverables

- Technical Merit Reviews
- Analysis and Recommendations for Performing Consumer Behavior Studies
- A cost-benefit analysis tool and supporting documentation
- Recommendations for Data Requirements and Analysis for selected SGIG projects.

3. Headquarters Budget Point of Contact: Name: Monica Bradley Organization Code: OE-1.1 Telephone No: (202) 586-5517			
4. Responsible Program: Office of Electricity Delivery and Energy Reliability		5. Responsible Secretarial Officer: Patricia Hoffman	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Russ Lee Telephone No:	
8. Work Authorization Number: TD-470002-20389-09		9. Revision Number: 2	
10. Funds Authorized during FY 2009:			
<u>B&R Code</u>	<u>Previous</u>	<u>Change</u>	<u>Current</u>
TD5011.00.0 05846 3123742	\$870,000	\$500,000	\$1,370,000
11. Performance period covered by funds: From: 10/1/2008 To: 9/30/2010		12. Work Start Date: 10/1/2008 9/14/09 <i>NCL</i>	
13. Expected Completion Date: 9/30/2010			
14. Statement of Work: Funding in the amount of \$500,000 is authorized for Smart Grid Investment Program. These funds are made available for Project #20389 - Smart Grid Investment Grant Program (EISA 1306). These funds are to be distributed to Agreement # 20117-ORNL Consumer Behavior Study and Cost/Benefit Analysis for Smart Grid Investment Grant Applications in accordance with AOP# 999. Provide support in OE's effort to establish data and analytical requirements for selected Smart Grid Investment Grant applications. The effort will utilize the cost/benefit methodology being developed by ORNL on behalf of OE, as well as other methodologies, including those proposed by the applicants. - ORNL will assemble a team of experts to examine specific SGIG applications that propose to undertake a consumer behavior study, as outlined within the SGIG FOA. The effort should be completed by September 9, 2009, although additional time might be required. ORNL will be expected to: a. Identify, recruit and oversee experts in the area of dynamic pricing (with regard to customer electricity rates) and the role of public utility commissions in setting pricing tariffs. b. Develop an assessment and set of recommendations for each SGIG application assigned to ORNL. - Continue the development and implementation of a cost-benefit analysis methodology which is currently being management by ORNL for OE. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to OE Recovery Act Project #2006000

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

The contractor shall perform technical merit reviews of applications received in response to the Smart Grid Investment Grant Funding opportunity Announcement. The reviews should be completed by September 30, 2009. However, additional time might be required. In addition the contractor shall oversee a team to perform reviews of SGIG proposals with respect to proposed approaches for performing consumer behavior studies that institute methods to eliminate biases. These reviews should be performed by September 30, 2009, although additional time might be required. Finally, the remainder of the funds should be applied to a current effort to develop and implement a cost-benefit estimation methodology to measure the impact of SGIG projects. A peer review of the methodology is expected to take place on September 9, 2009 and the method should be implemented by September 30, 2009.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The contractor will support OE in technical merit reviews and other reviews that pertain to the expeditious review and selection of SGIG proposals so that ARRA funds can be applied as quickly as possible to create jobs and stimulate the economy. In addition, the cost-benefit estimation methodology being developed at ORNL is the principal method measure the outcome of smart grid projects with respect to economic, reliability, and environmental benefits.

Section C: Contractor Recovery Act Deliverables

- Technical Merit Reviews
- Analysis and Recommendations for Performing Consumer Behavior Studies
- A cost-benefit analysis tool and supporting documentation
- Recommendations for Data Requirements and Analysis for selected SGIG projects.

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 276 - 279

A fully executed copy of contract modifications 276, 277, 278, and 279 is enclosed for your retention. These modifications are issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$7,555,067 to the contract. The total amount of funds obligated under this contract since its inception is increased from \$9,913,389,085.57 to \$9,920,944,152.57.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$20,000 to the contract for the project entitled “ORNL Reviewers for ARPA-E Early Harvest Solicitation”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$20,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,920,924,152.57 to \$9,920,944,152.57.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. 09/CJ000/00/01 (Revision No. 01) (Attachment 1) (Number from Block 6 of the Work Authorization)	ORNL Reviewers for ARPA-E Early Harvest Solicitation

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

	16C. DATE SIGNED

This modification is issued to reflect definitization of negotiations on the Contractor's proposal entitled "Demolition of the 2000 Complex Facilities Project at the Oak Ridge National Laboratory" dated June 2, 2009. In accordance with the "Changes" clause in the contract, DOE and the Contractor mutually agree that this work represents a material increase in the level of the Contractor's management effort under the contract; therefore, the Contractor is due an equitable fee for such additional services. The total estimated cost agreed to by the parties during negotiations, including fee but exclusive of management reserve, is \$10,580,236.

Therefore, the contract is modified as follows:

1. The second paragraph of clause **B-2, Fixed Fee**, is deleted in its entirety and replaced as follows:

"No fixed fee deemed applicable under Recovery Act work shall be paid to the Contractor prior to definitization of contract modification(s) reflecting negotiated results of said Recovery Act work. After execution of the definitization contract modification(s), fixed fee provided under Recovery Act work shall be paid in accordance with the "Payments and Advances" clause in Section I of the contract. The fixed fee amounts agreed to by DOE and the Contractor are as follows: 1) \$400,000 for WA No. FD/04019/OR/41 and 2) \$378,000 for WA No. FE/01019/OR/41."

2. All other terms and conditions other than those specified in this modification remain unchanged.

CONTRACTOR'S STATEMENT OF RELEASE: In consideration of the modification agreed to herein as complete equitable adjustment for the Contractor's Proposal entitled "Demolition of the 2000 Complex Facilities Project at the Oak Ridge National Laboratory" dated June 2, 2009, the Contractor hereby releases the Government from any and all liability for further equitable adjustments in fixed fee attributable to such facts or circumstances giving rise to the Proposal.

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT		1. CONTRACT ID CODE	PAGE OF PAGES 1 2

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO.'S 281 - 290

A fully executed copy of the subject contract modifications are enclosed for your retention. These modifications obligate normal fiscal year-end, including Work for Others (WFO), funding. At this time, all appropriated funding received from other agencies via WFO program must now be issued under separate contract modifications for proper tracking in the FPDS-NG system.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 291

A fully executed copy of the subject contract modification is enclosed for your retention. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$3,579,800 to the contract for Office of Energy Efficiency and Renewable Energy and Office of Geothermal Technologies projects. The total amount of funds obligated under this contract since its inception is increased from \$9,933,085,994.61 to \$9,936,665,794.61.

If you have any questions, please contact me at 576-4523.

Sincerely,

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$3,579,800 to the contract for the Office of Energy Efficiency and Renewable Energy and the Office of Geothermal Technologies projects identified in the Work Authorizations reflected in section C below.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$3,579,800 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$9,933,085,994.61 to \$9,936,665,794.61.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorizations:

Work Authorization Number	Work Authorization Title
WA No. IF-470002-20653-09 (Attachment 1A)	ITP 3 IAC and Plant Best Practices ORNL
WA No. GT-470002-20685-09 (Revision 0) (Attachment 1B)	EGS R&D (2004190)
WA No. GT-470002-20685-09 (Revision 1) (Attachment 1C)	EGS R&D (2004190)
WA No. GT-470002-20685-09 (Revision 2) (Attachment 1D)	EGS R&D (2004190)
WA No. GT-470002-20685-09 (Revision 3) (Attachment 1E)	EGS R&D (2004190)

WA No. FB-470002-20454-09 (Revision 7) (Attachment 1I)	Enhance and Accelerate FEMP Service Functions to the Federal Government
(Numbers from Block 8 of the Work Authorizations)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.

- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.

- F. All other terms and conditions remain unchanged.

11. Performance period covered by funds: From 10/1/2009 To 10/30/2010		12. Work Start Date: 10/1/2009		13. Expected Completion Date: 10/30/2010	
14. Statement of Work: Funding in the amount of \$1,224,800 is authorized for Best Practices/SEN. These funds are made available for Solicitation #20653 - ITP 3; IAC and Plant Best Practices; ORNL. Expand existing capability and create new national, state, local and regional capability to deliver industrial energy efficiency and environmental technical assistance to key industrial manufacturing facilities. From the recent State Save Energy Now solicitation, responders have planned out more comprehensive programs than funding would allow. By increasing the number of awards and enlarging the scope of others, energy efficiency support jobs can be quickly created. The technical assistance provided through this investment will result in cost savings measures which will slow or stop some of the hemorrhaging of jobs in the manufacturing sector while simultaneously growing and creating the local capability to continue providing these resources post Recovery Act funds. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The field AFP recipient of the funds is responsible for reporting all funding obligations and costs to the Program Management Center and headquarters. The field AFP recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE. ARRA Project Code: 2004310

* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.					

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Task 1 – Complete New and Enhanced Save Energy Now Assessments

Milestone – Ensure that 100 new and enhanced Save Energy Now assessments are completed

Task 2 – Complete Technical Assistance Activities to support Save Energy Now Assessments

Milestone – Ensure that 14 Technical Assistance support activities (\$25K each) are completed

Section B: Contractor Recovery Act Performance Outcomes and Measures

All tasks described under this effort will be completed by 11-30-2010, within the budget allocated to each task. Completion of each task will be determined by the submission of a final brief letter report to the sponsor's designated representative.

Section C: Contractor Recovery Act Deliverables

Task 1 – Complete New and Enhanced Save Energy Now Assessments

Deliverable, Letter report documenting that assessments have been completed

Task 2 – Complete Technical Assistance Activities to support Save Energy Now Assessments

Deliverable, Letter report documenting that technical assistance activities have been completed

Name (typed): *MARK A. MILLION* Signature: *Mark A. Million* Date: 9/21/09

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Evaluation and testing of the commercially available scintillator materials (for photon detection) and moderator materials (for neutron detector) for temperature and pressure to determine operation range. Temperature tests will be conducted up to 400oC. Further tests will be performed to investigate if temperature/pressure resistance could be improved by using different encapsulation materials for the detectors. Simulations will be performed for optimum tool design to determine the number and types of detectors for the optimum response.

*Go/no-go: None of the commercially available scintillators meet the criteria, then we move to crystals that are not commercially available (i.e., SrF2:Eu2+, CeCl3). If plastic moderators do not work, we will evaluate other candidate moderator materials.
9/30/10.*

Section B: Contractor Recovery Act Performance Outcomes and Measures

Determination of the operating range with validation results from both tests and simulations. Demonstration of the response within the operation range.

Section C: Contractor Recovery Act Deliverables

Progress report documenting the results from the first phase of the feasibility studies, including the test results and status. The report will also discuss the path forward for the second half of the project based on findings

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

ORNL will have performed wear tests using abrasive wear loop apparatus, salt fog tests for corrosion, and fracture toughness/impact tests to compare coatings and bulk samples with H13 steel, 316 stainless steel, and WC/ 20% Co. 12/30/10 In addition, ORNL will develop, validate, and create baseline data using a unique testing apparatus for simulating geothermal conditions.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The coatings/bulk samples must have equal or better salt fog test results than the 316 stainless steel, equal or better abrasive wear test results than H13 steel, and equal or better fracture toughness results than WC/20%Co.

Section C: Contractor Recovery Act Deliverables

A mid-project report containing metallurgical, mechanical, and corrosion results will be provided in 18 months.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

- 1) 10/1/10 Prediction of thermodynamic properties for a single component fluid through the critical point.
- 2) 4/1/11 Obtain the full vapor-liquid equilibrium envelopes and critical points full for one set of mixtures.

Section B: Contractor Recovery Act Performance Outcomes and Measures

Thermophysical and thermodynamic properties measured and validated against NIST values.

Section C: Contractor Recovery Act Deliverables

- (1) thermodynamic properties for several candidate working fluids
- (2) a computational toolbox for the analysis of mixtures of fluids, turbine design and cooling needs,
- (3) experimental results from Brayton cycle tests,
- (4) recommendations for new working fluids.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

1. *thermophysical data on CO₂-rich fluid mixtures - 12/30/10*
2. *(a) to probe the pore-scale features likely to be encountered in subsurface environments, and
(b) to assess
the impact of pore-scale confinement on the properties of CO₂-rich fluids. – 9/30/11*

Section B: Contractor Recovery Act Performance Outcomes and Measures

- (a) Accurate fluid properties in the relevant pressure, temperature, and composition ranges;*
- (b) predict the migration of such fluids through the fracture/pore environment over variable length scales; and*
- (c) provide provisions in current models for the effects of adsorption and fluid confinement.*

Section C: Contractor Recovery Act Deliverables

The quantified parameters critically needed for developing and validating numerical modeling of chemical interactions between EGS reservoir rocks and supercritical CO₂ and CO₂-rich aqueous fluids.

10. Funds Authorized. B&R Code: EL1703010-05794-1004580 Previous: \$800,000 Change: \$200,000 Current: \$1,000,000		
11. Performance Period Covered by Funds. From: 6/30/2009 To: 9/30/2010		12. Work Start Date: (Date should reflect anticipated work start date) Month/Year 6/2009 9/2009 NCL
13. Expected Completion Date: (Date should reflect the anticipated work completion which should not exceed the 2015 date identified in Recovery Act Guidance.) 9/2010		
14. Statement of Work: This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5) (Recovery Act). All contract terms and conditions apply to the work identified herein, in particular contract provision H.- <u>SD</u> applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions. <u>Specific Recovery Act Statement of Work:</u> Funding in the amount of \$200,000 is authorized for Direct Technical Assistance. These funds are made available for Project #20454 - Enhance and Accelerate FEMP Service Functions to the Federal Government. These funds are to be distributed to Agreement # 19079-ORNL- Technical Guidance and Assistance in accordance with AOP# 2004160. Recovery Act TAS 8909/100331.91 Project# 2004160- Enhance and Accelerate FEMP Service Functions to the Federal Government ORNL will provide technical assistance to enhance and accelerate FEMP service functions to the Federal government using the American Recovery and Reinvestment Act (ARRA) funds. ORNL will provide services in the following areas: Initial and/or feasibility of a particular technology; Project prioritization; Strategic energy planning and benchmarking; Technical reviews of designs and proposals; Energy audit training; High-performance green building technical support; Federal vehicle fleet technical support; Assessments; Retro-Commissioning; Resource Efficiency Energy Managers; Operations and maintenance; Evaluate financial strategies, procurement specifications, and acceptance of installed systems; Detail of key lab staff to work within agencies for a limited duration (normally not more than 24 months); and All of the above with special emphasis on particular technologies in the areas of the labs' expertise. ORNL will provide project management support activities to include follow-up with the agency, completion of technical assistance reports, participation in technical assistance conference calls, quarterly route reporting, and monthly project updates to the FEMP Central database. Technical assistance to agencies must be approved by the Federal Energy Management Program. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.		
15. Reporting Requirements (Status reports, scientific and technical information or similar): The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Complete kick-off meetings by March 31, 2010.
Complete 9 to 13 site visits for projects by April 30, 2010.
Complete and provide final recommendations for 9 to 13 technical assistance projects by September 30, 2010.

Section B: Contractor Recovery Act Performance Outcomes and Measures

Obtain satisfactory rating on customer survey of Federal agency (ies) for 9 to 13 technical assistance projects by September 30, 2010.

Section C: Contractor Recovery Act Deliverables

Provide written plans for site visits for 9 to 13 projects by August 28, 2009.
Complete and provide quarterly reports to FEMP HQ during period October 1, 2009 through September 30, 2010.
Complete and provide the final reports for 9 to 13 technical assistance project by September 30, 2010.

Name (typed)	MARK A. MILLION	Signature: Mark A. Million	Date: 9/21/09

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Develop an implementation plan for the on-line training program, completed and approved by FEMP (9/30/2009)

Develop a training program content list with educational module outlines and subject matter experts, completed and approved by FEMP (10/30/2009)

Develop a Training Manual listing courses, content experts, availability, and pre-requisites, completed and approved by FEMP (11/30/2009)

Offer On-line Training Program courses - January through June 2010 (6/30/2010)

Publish archived digitized version of the Training Program, and report on Training Program data usage with approved metrics (6/30/2010)

Section B: Contractor Recovery Act Performance Outcomes and Measures

Contractor will report training outcomes using metrics developed from the participants themselves. Contractor will develop a participant evaluation form and will arrange for empirical, objective, non-biased compilation of performance results. Performance measures will include the number of participants, performance outcome rating scale, and a number of performance measures that cover factors such as: relevance of training to job; quality of materials; and technical quality.

Section C: Contractor Recovery Act Deliverables

By September 30, 2010, Contractor shall deliver:

1. On-line training manual with course lists, content experts, and pre-requisites
2. On-line training program courses hosted live as part of the FEMP Web site as defined in the scope of work
3. Digital archived versions of training program courses listed in No. 2 above

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended.
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) 970.5204-2 LAWS, REGULATIONS, AND DOE DIRECTIVES (DEC 2000) and P.L. 95-91

E. IMPORTANT: Contractor is not, is required to sign this document and return 2 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Subj to Retent: N

The purpose of this modification is to revise Appendix E by incorporating Requirement Change Notice No. OR-38 attached hereto. Requirement Change Notice No. OR-38 covers the period of June 1, 2009 through August 31, 2009.

Period of Performance: 04/01/2000 to 03/31/2010

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

PROJECT: Contract Baseline Documentation

LOCATION: Oak Ridge, Tennessee

CONTRACTOR: UT-Battelle, LLC

CONTRACT NO.: DE-AC05-00OR22725, Clause I-112, Laws,
Regulations, and DOE Directives (DEC
2000), DEAR 970.5204-2

DATE OF CONTRACT: April 1, 2005

This Requirements Change Notice (RCN) No. OR-38 incorporates into Appendix E, Contract No. DE-AC05-00OR22725, the attached list of applicable documents, which have been assessed against the terms and conditions of the subject contract in accordance with the above-referenced clause. This is a complete numbered list of administrative requirements and a representation of environment, safety, and health (ES&H) requirements. Information regarding ES&H-related directives and their applicability can only be obtained from specific WSS sets and S/RID functional areas sets. ES&H-related directives in WSS sets and S/RIDs have an ES&H footnote. Changes to Appendix E are indicated by bold type. Below is a list of the directives incorporated herein:

EXECUTIVE SUMMARY OF DIRECTIVE CHANGES

ADDITIONS:

DOE O 206.1

DELETIONS:

EXTENSIONS:

DOE N 234.1 (extended by DOE N 251.76)

UPDATES:

WSS Set 1, Change 65

WSS Set 1, Change 66

WSS Set 1, Change 67

WSS Set 1, Change 68

Removal of WSS Set for Chem-Bio Facility (Building 5507A), Change 2

IMPLEMENTATION PLANS (REVISED COMPLIANCE STATUS):

DOE O 150.1, Implementation Plan, submitted

DOE O 420.1B, Chapter III, Implementation Plan, closed

DOE O 206.1, Implementation Plan, to be submitted

DOE M 205.1-4, Implementation Plan, Revision 1, approved

ADMINISTRATIVE CORRECTION:

DOE AUTHORIZING SIGNATURE:

M. J. Breston

Johnny O. Moore, Contracting Officer's Representative

DATE:

9/28/09

Appendix E Baseline List of Required Compliance Documents

List B - List of Applicable Directives

DOE Directives DOE Directives may be found at the following address: http://www.directives.doe.gov/				
Required Compliance Document	Document Date	Title	Through Change	Notes and Comments
DOE O 110.3A	01/25/2007	Conference Management		
Compliance Line: Implementation Plan, Revision 1, approved by DOE 10/03/2008.				
DOE O 130.1	09/29/1995	Budget Formulation		
DOE M 140.1-1B	03/30/2001	Interface with the Defense Nuclear Facilities Safety Board		
DOE O 142.1	01/13/2004	Classified Visits Involving Foreign Nationals		
DOE M 142.2-1	09/04/2008	Manual for Implementation of Voluntary Offer Safeguards Agreement and Additional Protocol with the International Atomic Energy Agency		
DOE O 142.2A	12/15/2006	Voluntary Offer Safeguards Agreement and Additional Protocol with the International Atomic Energy Agency		
DOE O 142.3, Change 1	02/28/2008	Unclassified Foreign Visits and Assignments Program		
DOE O 150.1	05/08/2008	Continuity Programs		
Compliance Line: Implementation Plan submitted to DOE on 07/31/2009.				
DOE O 151.1C, Attachment 2	11/02/2005	Comprehensive Emergency Management System		ES&H-related Directive included in S/RID. See Footnote (2).
DOE O 153.1	06/27/2007	Departmental Radiological Emergency Response Assets		ES&H-related Directive included in S/RID. See Footnote (2).
DOE N 153.2	08/11/2003	Connectivity to National Atmospheric Release Advisory Center (NARAC)		ES&H-related Directive included in S/RID. See Footnote (2).
DOE M 200.1-1, Chapter 9	02/15/2000	Public Key Cryptography and Key Management		
DOE O 200.1A	12/23/2008	Information Technology Management		
DOE N 203.1	10/02/2000	Software Quality Assurance		Expiration date extended to 12/31/2001 by DOE N 251.40.
DOE M 205.1-3	04/17/2006	Telecommunications Security Manual		
DOE M 205.1-4	03/08/2007	National Security System Manual		
Compliance Line: Implementation Plan, Revision 1, approved by DOE on 05/07/2009.				

Appendix E Baseline List of Required Compliance Documents

List B - List of Applicable Directives

DOE Directives DOE Directives may be found at the following address: http://www.directives.doe.gov/				
Required Compliance Document	Document Date	Title	Through Change	Notes and Comments
DOE M 205.1-5	08/12/2008	Cyber Security Process Requirements Manual		
Compliance Line: Implementation Plan approved by DOE on 05/01/2009.				
DOE M 205.1-6	12/23/2008	Media Sanitization Manual		
DOE M 205.1-7	01/05/2009	Security Controls for Unclassified Information Systems Manual		
DOE M 205.1-8	01/08/2009	Cyber Security Incident Management Manual		
DOE N 205.10	02/19/2004	Cyber Security Requirements for Risk Management		Expiration date extended to 03/18/2006 by DOE N 205.15.
DOE O 205.1A	12/04/2006	Department of Energy Cyber Security Management		
Compliance Line: Implementation Plan approved by DOE on 03/27/2008.				
DOE N 205.11	02/19/2004	Security Requirements for Remote Access to DOE and Applicable Contractor Information Technology Systems		Expiration date extended to 03/18/2006 by DOE N 205.15.
Compliance Line: Implementation Plan (Revision 1) approved by DOE on 08/28/2006.				
DOE N 205.2	11/01/1999	Foreign National Access to DOE Cyber Systems		Expiration date extended to 09/30/2006 by DOE N 205.16.
DOE N 205.3	11/23/1999	Password Generation, Protection, and Use		Expiration date extended to 09/30/2006 by DOE N 205.16.
DOE N 205.8	02/11/2004	Cyber Security Requirements for Wireless Devices and Information Systems		Expiration date extended to 03/18/2006 by DOE N 205.15.
DOE N 205.9	02/19/2004	Certification and Accreditation Process for Information Systems Including National Security Systems		Expiration date extended to 03/18/2006 by DOE N 205.15.
DOE O 206.1	06/11/2009	Department of Energy Privacy Program		
Compliance Line: Implementation Plan to be submitted to DOE by 10/09/2009.				
DOE N 206.4	06/29/2007	Personal Identity Verification		Expiration date extended to 06/29/2009 by DOE N 251.74.
DOE O 210.2	06/12/2006	DOE Corporate Operating Experience Program		
DOE O 221.1A	04/19/2008	Reporting Fraud, Waste and Abuse to the Office of Inspector General		
DOE O 221.2A	02/25/2008	Cooperation with the Office of Inspector General		

Appendix E Baseline List of Required Compliance Documents

List B - List of Applicable Directives

DOE Directives DOE Directives may be found at the following address: http://www.directives.doe.gov/				
Required Compliance Document	Document Date	Title	Through Change	Notes and Comments
DOE O 225.1A, Attachment 1	11/26/1997	Accident Investigation		
DOE O 226.1A	07/31/2007	Implementation of Department of Energy Oversight Policy		
DOE M 231.1-2	08/19/2003	Occurrence Reporting and Processing of Operations Information		ES&H-related Directive included in S/RID. See Footnote (2).
DOE N 234.1	02/27/2008	Reporting of Radioactive Sealed Sources		ES&H-related Directive included in WSS. See Footnote (2). Expiration date extended to 2/27/2010 by DOE N 251.76
DOE O 241.1A	04/09/2001	Scientific and Technical Information Management	1 10/14/2003	
DOE O 243.1	02/03/2006	Records Management Program		
Compliance Line: Implementation Plan, Revision 1, approved by DOE on 04/18/2007.				
DOE O 243.2	02/02/2006	Vital Records		
DOE O 252.1	11/19/1999	Technical Standards Program		
DOE O 341.1A	10/18/2007	Federal Employee Health Services		Administrative Directive (with implementation assumptions) added to the Appendix E Baseline List B. See Footnote (3)
DOE O 350.1	09/30/1996	Contractor Human Resource Management Programs	1 05/08/1998	
DOE O 350.2A	10/29/2003	Use of Management and Operating or Other Facility Management Contractor Employees for Services to DOE in the Washington, D.C., Area		
DOE O 413.1B	10/28/2008	Internal Control Program		
DOE O 413.2B	04/19/2006	Laboratory Directed Research and Development		
DOE O 413.3A, Change 1	11/17/2008	Program and Project Management for the Acquisition of Capital Assets		
Compliance Line: Implementation Plan approved by DOE on 5/27/2009.				
DOE O 414.1C	06/17/2005	Quality Assurance		ES&H-related Directive included in WSS. See Footnote (2).
Compliance Line: Implementation Plan, Revision 3, approved by DOE on 10/28/2008.				
DOE O 420.1B, Attachment 2, Chapter II	12/22/2005	Facility Safety		Administrative Directive (with implementation assumptions) added to the Appendix E Baseline List B. See Footnote (3)

Appendix E

FOOTNOTES:

- (1) This document is not directly applicable to the Contractor; it is included in the list of applicable documents because the Contractor must provide certain information or input to DOE in order for DOE to comply with requirements specified in the document.
- (2) This document is ES&H-related and appears in one or more of the current Work Standards (WSS) Sets or is incorporated in the Standards/Requirements Identification Document (S/RID). In an S/RID or WSS Set, the document may be referenced in its entirety or only certain chapters, paragraphs, or sections. Additional information regarding directives and their applicability may be obtained from specific WSS sets.
- (3) This is an Administrative Directive (with implementation assumptions) added to the Appendix E Baseline List B; These implementation assumptions are located at: <http://sbms.ornl.gov/SBMS/WSSHome/listbias.htm>

October 8, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 293

A fully executed copy of the subject contract modification is enclosed for your retention. This modification replaces Appendix B of Section J with a revised list of Key Personnel. The revised list reflects the acceptance of Jeffrey Nichols as Associate Laboratory Director, Computing and Computational Sciences.

If you have any questions, please contact me at 576-4523.

Sincerely,

Mark A. Million

Mark A. Million
Contracting Officer

Enclosure

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT		1. CONTRACT ID CODE	PAGE OF PAGES 1 1
2. AMENDMENT/MODIFICATION NO. 293	3. EFFECTIVE DATE See Block 16C	4. REQUISITION/PURCHASE REQ. NO.	5. PROJECT NO. (If applicable)
6. ISSUED BY Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE 00518	7. ADMINISTERED BY (If other than Item 6) Oak Ridge U.S. Department of Energy P.O. Box 2001 Oak Ridge TN 37831	CODE 00518
8. NAME AND ADDRESS OF CONTRACTOR (No., street, county, State and ZIP Code) UT-BATTELLE, LLC Attn: Michael J. Freitze, Director Prime Contract Administration Post Office Box 2008 OAK RIDGE TN 37831-6231		(x) 9A. AMENDMENT OF SOLICITATION NO.	9B. DATED (SEE ITEM 11)
CODE 099114287 FACILITY CODE		x 10A. MODIFICATION OF CONTRACT/ORDER NO. DE-AC05-000R22725	10B. DATED (SEE ITEM 11) 10/18/1999

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended.
 Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) 952.215-70 KEY PERSONNEL (DEC 2000), P.L. 95-91, and Mutual Agreement

E. IMPORTANT: Contractor is not, is required to sign this document and return 2 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Subj to Retent: N

The purpose of this modification is to replace Appendix B of Section J with the attached revised list of key personnel. The revised list reflects the acceptance of Jeffrey Nichols as "Associate Laboratory Director, Computing and Computational Sciences".

Period of Performance: 04/01/2000 to 03/31/2010

Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO.'S 294 - 297

A fully executed copy of the subject contract modifications are enclosed for your retention. These modifications obligate normal month-end, including Work for Others (WFO), funding. At this time, all appropriated funding received from other agencies via WFO program must now be issued under separate contract modifications for proper tracking in the FPDS-NG system.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Page 2. Net Increase: \$350,205.00

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$350,205 to the contract for the project entitled “ARRA 48C Tax Credit Applications”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$350,205 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$10,002,532,949.26 to \$10,002,883,154.26.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. 471999-20758-10B (Attachment 1)	ARRA 48C Tax Credit Applications
(Number from Block 8 of the Work Authorization)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

The contractor (Oak Ridge National Laboratory) will conduct evaluations of applications for the ARRA Section 1302 "CREDIT FOR INVESTMENT IN ADVANCED ENERGY FACILITIES" promulgated in Internal Revenue Service Notice 2009-72 and submit review reports by no later than ~~November 8, 2009~~ *NOV. 15, 2009* *NEL, 10/28/09*

The evaluation includes reviewing, rating, scoring and writing comments on the strengths and weaknesses of each application reviewed. The contractor may travel to Washington DC to participate in consensus reviews either the week November 16-20 or November 30- December 4.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The outcome will be concise, factual, insightful, accurate statements on the merits and weaknesses of each application reviewed. The outcome of the consensus meetings will be better informed decision making by DOE senior management.

Section C: Contractor Recovery Act Deliverables

The deliverable will be electronic files for each application reviewed using the DOE Golden Field Office (GFO) Merit Review Tool and templates provided. The files should be delivered to Jennifer Luna of the GFO Project and Commercialization Office. The deliverable of the consensus review will be a trip report detailing recommendations to DOE senior management.

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 303

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$756,978 to the contract for Work Authorization No. FE/01029/41 entitled "Site Support to the IDIQ EM Contractor Work at ORNL for Non-Defense Funded Work". The modification and attached work authorization reflects the finale agreement between the Department of Energy and UT-Battelle on the costs and cost breakdown for the Non-Defense funded work supporting the IDIQ EM Contractors working at ORNL. A contract modification finalizing the parties agreed costs and cost breakdown for the Defense funded work supporting the IDIQ EM Contractors working at ORNL will be executed next week.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for the project entitled “Site Support to the IDIQ EM Contractor Work at ORNL for Non-Defense Funded Work”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$756,978 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$10,680,579,588.81 to \$10,681,336,566.81.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. FE/01029/41 (Revision No. 1) (Attachment 1) (Number from Block 8 of the Work Authorization)	Site Support to the IDIQ EM Contractor Work at ORNL for Non-Defense Funded Work

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

ATTACHMENT 1

WORK AUTHORIZATION

- Provide Utility Isolation for facilities to be demolished.
 - Provide a point of contact for establishing RPP interfaces/boundaries for controlling radiological hazards.
 - Provide Fire Protection Engineering review/support for potential impacts on ORNL operations/facilities.
 - Provide ES&H and Technical Subject Matter experts to review impacts on ORNL operations/facilities and ensure that interface points are established and understood.
 - Coordinate Environmental Compliance Activities involving Site-wide issues.
 - Coordinate site space usage.
 - Provide for minor repairs for incidental damage done by IDIQ contractor work.
- Provide for Excavation/penetration Permits.
- Provide applicable records/drawings etc., as required to support the IDIQ contractor in their efforts
 - Provide technical support during transition of facility 2026 from UT-B to the EM IDIQ contractor.

Specific IDIQ Work Supported by this authorization is as follows

1. Central Campus Legacy Material Removal Project – (\$762,366)
2. General Maintenance Facilities Demolition Project – (\$948,945)
3. Southeast Laboratory Complex Demolition Project – (\$948,346)
4. 2026 Complex Legacy Material Removal Project - (\$97,321)

(Attach a detailed description of work to be performed or reference to a work proposal, project plan, or similar document that describes the scope of work, milestones, deliverables, and performance measures/expectations.)

15. Reporting Requirements (Status reports, scientific and technical information or similar):
 The recipient of funding in the Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

16. Work Authorization Program Official

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 304

A fully executed copy of the subject contract modification is enclosed for your retention. This modification de-obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$5,848,680 from the contract for Work Authorization No. FD/04029/41 entitled "Site Support to the IDIQ EM Contractors at ORNL for Defense Funded Work". The modification and attached work authorization reflects the finale agreement between the Department of Energy and UT-Battelle on the costs and cost breakdown for the Defense funded work supporting the IDIQ EM Contractors working at ORNL.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to de-obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$5,848,680 from the contract for the project entitled “Site Support to the IDIQ EM Contractors at ORNL for Defense Funded Work”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$5,848,680 are hereby de-obligated from the contract under the Work Authorization identified in Section C below. The total amount of funds obligated under this contract since its inception is decreased from \$10,681,336,566.81 to \$10,675,487,886.81.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables impacted by this modification are identified in the following referenced Work Authorization:

Work Authorization Number	Work Authorization Title
WA No. FD/04029/41 (Revision No. 2) (Attachment 1) (Number from Block 8 of the Work Authorization)	Site Support to the IDIQ EM Contractors at ORNL for Defense Funded Work

- D. All other terms and conditions remain unchanged.

11. Performance Period Covered by Funds.

12. Work Start Date:

13. Expected Completion Date:

From: 6/12/09 To: 9/30/2011

6/2009

9/2011

14. Statement of Work: This Work Authorization is issued for the sole purpose of authorizing work in support of the American Recovery and Reinvestment Act of 2009, (Pub. L. 111-5)(Recovery Act). All contract terms and conditions apply to the work identified herein, in particular contract provision H.50 applies. The work described in this work authorization shall be performed using funds obligated under the contract, appropriated under the Recovery Act and as such is subject to special statutory conditions.

The Office of Science (SC) is committed to conducting all work authorized herein, in a manner that ensures protection of the workers, the public, and the environment. Protecting the workers, the public, and the environment is a direct and individual responsibility of all SC managers and SC-supported contractors. Funds provided by ORO EM to SC will be applied as necessary to ensure that all supported activities are conducted safely and in an environmentally conscientious manner. Only work conducted in this manner will be supported.

Specific Recovery Act Statement of Work:

UT-B will provide the following general services for the IDIQ projects listed below:

- Coordination with Laboratory Operations including integration of EM work into overall master plan and schedule for ORNL Central Campus activities.
- Provide Utility Isolation for facilities to be demolished.

- Provide a point of contact for establishing RPP interfaces/boundaries for controlling radiological hazards.
- Provide Fire Protection Engineering review/support for potential impacts on ORNL operations/facilities.
- Provide ES&H and Technical Subject Matter experts to review impacts on ORNL operations/facilities and ensure that interface points are established and understood.
- Coordinate Environmental Compliance Activities involving Site-wide issues.
- Coordinate site space usage.
- Provide for minor repairs for incidental damage done by IDIQ contractor work.
- Provide for Excavation/penetration Permits.
- Provide applicable records/drawings etc. as required to support the IDIQ contractor in their efforts.

Specific IDIQ Work Supported by this authorization is as follows

1. Bethel Valley Isotope Facilities (Building 3026 Demolition-Hot Cells) – (\$1,444,759)
2. ORNL Small Facilities Completion Demolition – ~~(\$1,791,816)~~ (\$1,790,316) *PMR*
3. Core hole 8 Remediation – (\$393,104)
4. Bethel Valley Burial Grounds (Cap SWSA 1 And 3) – (\$393,104)
5. Bethel Valley Groundwater Early Actions (Pump and Treat) – (\$393,104)
6. Melton Valley Sentinel Wells – ~~(\$0)~~ (\$1,500) *PMR*
7. Bethel Valley Isotope Facilities (Building 3038 Legacy Material Removal and Demolition Preparation) – (\$1,444,759)

(Attach a detailed description of work to be performed or reference to a work proposal, project plan, or similar document that describes the scope of work, milestones, deliverables, and performance measures/expectations.)

15. Reporting Requirements (Status reports, scientific and technical information or similar):
The recipient of funding in the Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.

16. Work Authorization Program Official

Name (typed): J. T. Howell	Signature: <i>J. J. Howell</i>	Date: 11/10/09

Oak Ridge, Tennessee 37831

December 9, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO.'S 305 - 307

A fully executed copy of the subject contract modifications are enclosed for your retention. These modifications obligate DOE appropriated and non-appropriated, including Work for Others (WFO), funding. At this time, all appropriated funding received from other agencies via WFO program must now be issued under separate contract modifications for proper tracking in the FPDS-NG system.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$200,000 to the Work Authorization for the project entitled “Federal Laboratory Support for Recovery Act Transactions ARRA FY09”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$200,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$10,729,687,319.55 to \$10,729,887,319.55.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
(Number from Block 8 of the Work Authorization) WA No. 470002-20476-10 (Attachment 1)	Federal Laboratory Support for Recovery Act Transactions ARRA FY09

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

The contractor shall review and evaluate EECBG grants in accordance with the schedule and milestones established by the ORO EECBG program team.

Milestones: Provide technical assistance and application review for block grant applications as requested.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The contractor will become proficient, knowledgeable, and subject matter experts in EECBG grant reviews and evaluations. All reviews and evaluations will be conducted and completed in accordance with the procedures, milestones, and schedule specified by the ORO EECBG program team. The contractor will be assessed on the quality and completeness of EECBG grant reviews and evaluations. This will include the ability to successfully articulate and apply the goals and objectives of EECBG in conducting reviews and evaluations.

Section C: Contractor Recovery Act Deliverables

- **Review and evaluate EECBG materials in support of the ORO EECBG program team and established procedures, milestones, and schedule.**
- **Participate in EECBG implementation as subject matter experts as required.**

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$210,000 to the Work Authorization for the projects entered into under the National Institutes of Health (NIH) grants included as Attachment 1 to this modification.

B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$210,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$10,729,887,319.55 to \$10,730,097,319.55.

C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
None; NIH Grant Number R01GM088501	General Medical Sciences: Accurate Mass Analysis of Singly-Charged Intact Proteins
NIH Grant Number R21HG004764	Human Genome Research: DNA transport and sequencing through a quadrupole gate

D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.

E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.

F. All other terms and conditions remain unchanged.

Notice of Award

Issue Date: 08/31/2009

THIS AWARD IS ISSUED UNDER THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 AND IS SUBJECT TO SPECIAL HHS TERMS AND CONDITIONS AS REFERENCED IN SECTION III

Grant Number: 1R01GM088501-01

Principal Investigator(s):
Peter T. A. Reilly, PHD

Project Title: Accurate Mass Analysis of Singly-Charged Intact Proteins

Dr. Thiagarajan, Kristina D, P
NIH Program Manager
P.O. Box 2008
Oak Ridge, TN 37831

Award e-mailed to: kellerm@ornl.gov

Budget Period: 09/01/2009 – 08/31/2010

Project Period: 09/01/2009 – 08/31/2011

Dear Business Official:

The National Institutes of Health hereby awards a grant in the amount of \$399,336 (see "Award Calculation" in Section I and "Terms and Conditions" in Section III) to UT-BATTELLE, LLC-OAK RIDGE NATIONAL LAB in support of the above referenced project. This award is pursuant to the authority of 42 USC 241 42 CFR 52 and is subject to the requirements of this statute and regulation and of other referenced, incorporated or attached terms and conditions.

Acceptance of this award including the "Terms and Conditions" is acknowledged by the grantee when funds are drawn down or otherwise obtained from the grant payment system.

Each publication, press release or other document that cites results from NIH grant-supported research must include an acknowledgment of NIH grant support and disclaimer such as "The project described was supported by Award Number R01GM088501 from the National Institute Of General Medical Sciences. The content is solely the responsibility of the authors and does not necessarily represent the official views of the National Institute Of General Medical Sciences or the National Institutes of Health."

Award recipients are required to comply with the NIH Public Access Policy. This includes submission to PubMed Central (PMC), upon acceptance for publication, an electronic version of a final peer-reviewed, manuscript resulting from research supported in whole or in part, with direct costs from National Institutes of Health. The author's final peer-reviewed manuscript is defined as the final version accepted for journal publication, and includes all modifications from the publishing peer review process. For additional information, please visit <http://publicaccess.nih.gov/>.

Award recipients must promote objectivity in research by establishing standards to ensure that the design, conduct and reporting of research funded under NIH-funded awards are not biased by a conflicting financial interest of an investigator. Investigator is defined as the Principal Investigator and any other person who is responsible for the design, conduct, or reporting of NIH-funded research or proposed research, including the investigator's spouse and dependent children. Awardees must have a written administrative process to identify and manage financial conflict of interest and must inform investigators of the conflict of interest policy and of the investigators' responsibilities. Prior to expenditure of these awarded funds, the Awardee must report to the NIH Awarding Component the existence of a conflicting interest and within 60 days of any new conflicting interests identified after the initial report. Awardees must comply with these and all other aspects of 42 CFR Part 50, Subpart F. These requirements also apply to subgrantees, contractors, or collaborators engaged by the Awardee under this award. The NIH website <http://grants.nih.gov/grants/policy/col/index.htm> provides additional information.

If you have any questions about this award, please contact the individual(s) referenced in Section IV.

Sincerely yours,

E. C. Melvin
Grants Management Officer
NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES

SECTION II – PAYMENT/HOTLINE INFORMATION – 1R01GM088501-01

For payment and HHS Office of Inspector General Hotline information, see the NIH Home Page at <http://grants.nih.gov/grants/policy/awardconditions.htm>

SECTION III – TERMS AND CONDITIONS – 1R01GM088501-01

This award is based on the application submitted to, and as approved by, NIH on the above-titled project and is subject to the terms and conditions incorporated either directly or by reference in the following:

- The grant program legislation and program regulation cited in this Notice of Award.
- Conditions on activities and expenditure of funds in other statutory requirements, such as those included in appropriations acts.
- 45 CFR Part 74 or 45 CFR Part 92 as applicable.
- The NIH Grants Policy Statement, including addenda in effect as of the beginning date of the budget period.
- This award notice, INCLUDING THE TERMS AND CONDITIONS CITED BELOW.

(See NIH Home Page at 'http://grants.nih.gov/grants/policy/awardconditions.htm' for certain references cited above.)

ARRA TERM OF AWARD: This award is subject to the HHS-Approved Standard Terms and Conditions for the American Recovery and Reinvestment Act of 2009. Approved text for NIH

awards can be found at http://grants.nih.gov/grants/policy/NIH_HHS_ARRA_Award_Terms.pdf. Recipients should pay particular attention to the special quarterly reporting requirements required by Section 1512 of the Recovery Act as specified in Term #2.

An unobligated balance may be carried over into the next budget period without Grants Management Officer prior approval.

This grant is subject to Streamlined Noncompeting Award Procedures (SNAP).

In accordance with P.L. 110-161, compliance with the NIH Public Access Policy is now mandatory. For more information, see NOT-OD-08-033 and the Public Access website: <http://publicaccess.nih.gov/>.

**Treatment of Program Income:
Additional Costs**

SECTION IV – GM Special Terms and Conditions – 1R01GM088501-01

1. The budget, time and scope of this project have been adjusted as agreed to by the principal investigator and the grantee institution in their letter of May 29, 2009. In the future, to ensure initial review group understanding of the modified scope of the funded project, a copy of this Notice of Award should be included in the next competing renewal application. Review staff will provide appropriate instructions and orientation to the reviewers.

2. This award is issued in accordance with the Memorandum of Understanding between DOE and NIH, effective June 18, 1998 and as such is governed by the cost principles in DOE Acquisition Regulations (section 970.31). No funds have been provided for Laboratory Directed Research and Development (LDRD) costs or Federal Administrative Charges; however, LDRD costs may be recovered within the total cost award.

SECTION V - NIGMS CONTACTS

The NIGMS WWW home page is at <http://www.nigms.nih.gov>

STAFF CONTACTS

The Grants Management Specialist is responsible for the negotiation, award and administration of this project and for interpretation of Grants Administration policies and provisions. The Program Official is responsible for the scientific, programmatic and technical aspects of this project. These individuals work together in overall project administration. Prior approval requests (signed by an Authorized Organizational Representative) should be submitted in writing to the Grants Management Specialist. Requests may be made via e-mail.

Principal Investigator(s):
Predrag S. Krstic, PHD

Project Title: DNA transport and sequencing through a quadrupole gate

Dr. Thiagarajan, Kristina D.,
UT-Battelle, LLC-Oak Ridge National Lab
P. O. Box 2008
Oak Ridge, TN 378312008

Award e-mailed to: kelleem@oml.gov

Budget Period: 09/30/2009 – 08/31/2011
Project Period: 09/30/2009 – 08/31/2011

Dear Business Official:

The National Institutes of Health hereby awards a grant in the amount of \$278,725 (see "Award Calculation" in Section I and "Terms and Conditions" in Section III) to UT-BATTELLE, LLC-OAK RIDGE NATIONAL LAB in support of the above referenced project. This award is pursuant to the authority of 42 USC 241 42 CFR 52 and is subject to the requirements of this statute and regulation and of other referenced, incorporated or attached terms and conditions.

Acceptance of this award including the "Terms and Conditions" is acknowledged by the grantee when funds are drawn down or otherwise obtained from the grant payment system.

Each publication, press release or other document that cites results from NIH grant-supported research must include an acknowledgment of NIH grant support and disclaimer such as "The project described was supported by Award Number R21HG004764 from the National Human Genome Research Institute. The content is solely the responsibility of the authors and does not necessarily represent the official views of the National Human Genome Research Institute or the National Institutes of Health."

Award recipients are required to comply with the NIH Public Access Policy. This includes submission to PubMed Central (PMC), upon acceptance for publication, an electronic version of a final peer-reviewed manuscript resulting from research supported in whole or in part, with direct costs from National Institutes of Health. The author's final peer-reviewed manuscript is defined as the final version accepted for journal publication, and includes all modifications from the publishing peer review process. For additional information, please visit <http://publicaccess.nih.gov/>.

Award recipients must promote objectivity in research by establishing standards to ensure that the design, conduct and reporting of research funded under NIH-funded awards are not biased by a conflicting financial interest of an investigator. Investigator is defined as the Principal Investigator and any other person who is responsible for the design, conduct, or reporting of NIH-funded research or proposed research, including the investigator's spouse and dependent children. Awardees must have a written administrative process to identify and manage financial conflict of interest and must inform investigators of the conflict of interest policy and of the investigators' responsibilities. Prior to expenditure of these awarded funds, the Awardee must report to the NIH Awarding Component the existence of a conflicting interest and within 60 days of any new conflicting interests identified after the initial report. Awardees must comply with these and all other aspects of 42 CFR Part 50, Subpart F. These requirements also apply to subgrantees, contractors, or collaborators engaged by the Awardee under this award. The NIH website <http://grants.nih.gov/grants/policy/col/index.htm> provides additional information.

If you have any questions about this award, please contact the individual(s) referenced in Section IV.

Sincerely yours,

Cheryl Chick
Grants Management Officer
NATIONAL HUMAN GENOME RESEARCH INSTITUTE

SECTION II – PAYMENT/HOTLINE INFORMATION – 3R21HG004764-02S1

For payment and HHS Office of Inspector General Hotline Information, see the NIH Home Page at <http://grants.nih.gov/grants/policy/awardconditions.htm>

SECTION III – TERMS AND CONDITIONS – 3R21HG004764-02S1

This award is based on the application submitted to, and as approved by, NIH on the above-titled project and is subject to the terms and conditions incorporated either directly or by reference in the following:

- a. The grant program legislation and program regulation cited in this Notice of Award.
- b. Conditions on activities and expenditure of funds in other statutory requirements, such as those included in appropriations acts.
- c. 45 CFR Part 74 or 45 CFR Part 92 as applicable.
- d. The NIH Grants Policy Statement, including addenda in effect as of the beginning date of the budget period.
- e. This award notice, INCLUDING THE TERMS AND CONDITIONS CITED BELOW.

(See NIH Home Page at 'http://grants.nih.gov/grants/policy/awardconditions.htm' for certain references cited above.)

ARRA TERM OF AWARD: This award provides additional funding for 5R21HG004764-02. This additional funding is provided under the American Recovery and Reinvestment Act of 2009 (ARRA) and is subject to the HHS-Approved Standard Terms and Conditions for ARRA. Approved text for NIH awards can be found at:

http://grants.nih.gov/grants/policy/NIH_HHS_ARRA_Award_Terms.pdf. Recipients should pay particular attention to the special quarterly reporting requirements required by Section 1512 of the Recovery Act as specified in Term #2. These special quarterly reporting requirements apply only to this additional funding. Recipients should not include any information about the parent grant when responding to the quarterly reporting requirements.

Grantees are reminded to include specific information on the ARRA additional funding as part of the annual progress report(s) of the parent grant.

Separate financial reporting (SF 272 and Financial Status Reports) will be required to be submitted covering this additional funding. These will be in addition to any required financial reports for the parent grant.

Separate closeout documents (Final Progress Report, Final Financial Status Report, and Final Invention Statement) will also be required to closeout the Recovery Act funding at the time the ARRA funding ends. These closeout reports for the ARRA funding are required even when the parent grant continues.

ARRA funds provided under this award are not available for rebudgeting or carryover into the parent grant. Any ARRA funding remaining at the end of the funding period for this award must be reported as an unobligated balance.

Carry over of an unobligated balance into the next budget period requires Grants Management Officer prior approval.

In accordance with P.L. 110-161, compliance with the NIH Public Access Policy is now mandatory. For more information, see NOT-OD-08-033 and the Public Access website: <http://publicaccess.nih.gov/>.

This award represents the final year of the competitive segment for this grant. Therefore, see the NIH Grants Policy Statement (12/1/2003 version) for closeout requirements at: http://grants.nih.gov/grants/policy/nihgps_2003/NIHGPS_Part8.htm#_Toc54600151.

A final Financial Status Report (FSR) (SF 269) must be submitted through the eRA Commons (Commons) within 90 days of the expiration date; see NIH Guide Notice [NOT-OD-07-078](#) for additional information on this electronic submission requirement.

Furthermore, unless an application for competitive renewal is submitted, additional grant closeout documents consisting of a Final Invention Statement and Certification form (HHS 568), (not applicable to training, construction, conference or cancer education grants) and a final progress report must also be submitted within 90 days of the expiration date.

NIH also strongly encourages electronic submission of the final progress report and the final invention statement through the Closeout feature in the Commons. If the final progress report and final invention statement are not submitted electronically, copies of the HHS 568 form may be downloaded at: <http://grants.nih.gov/grants/forms.htm>.

Submissions of the final progress report and HHS 568 may be e-mailed as PDF attachments to the NIH Central Closeout Center at: deascentralized@od.nih.gov

Paper submissions of the final progress report and the HHS 568 may be faxed to the NIH Central Closeout Center at 301-480-2304 or mailed to the NIH Central Closeout Center at the following address:

NIH/OD/OER/DEAS
Central Closeout Center
6705 Rockledge Drive, Room 2207
Bethesda, MD 20892-7987 (for regular or U.S. Postal Service Express mail)
Bethesda, MD 20817 (for other courier/express mail delivery only)

The final progress report should include, at a minimum, a summary of progress toward the achievement of the originally stated aims, a list of significant results (positive and/or negative), a list of publications and the grant number. If human subjects were included in the research, the final progress report should also address the following:

- Report on the inclusion of gender and minority study subjects (using the gender and minority Inclusion Enrollment Form as provided in the PHS 2590 and available at <http://grants.nih.gov/grants/forms.htm>).
- Where appropriate, indicate whether children were involved in the study or how the study was relevant for conditions affecting children (see "Public Policy Requirements and Objectives-Requirements for Inclusiveness in Research Design-Inclusion of Children as Subjects in Clinical Research" in the PHS 398 at URL http://grants.nih.gov/grants/policy/nihgps_2003/NIHGPS_Part5.htm#_Toc54600090).
- Describe any data, research materials (such as cell lines, DNA probes, animal models), protocols, software, or other information resulting from the research that is available to be shared with other investigators and how it may be accessed.

Note, if this is the final year of a competitive segment due to the transfer of the grant to another institution, then not all the requirements stated above are applicable. Specifically a Final Progress Report is not required. However, a final FSR is required and should be submitted electronically as noted above. In addition, if not already submitted, the Final Invention Statement is required and should be sent directly to the assigned Grants Management Specialist.

**Treatment of Program Income:
Additional Costs**

SECTION IV – HG Special Terms and Conditions – 3R21HG004764-02S1

1. **RESTRICTION:** Facilities and Administrative (F&A) costs were awarded in accordance with the grantee's rate calculation chart submitted to NHGRI via email on 5/11/09. These costs (\$23,649) are restricted pending receipt of a revised F&A calculation based on the awarded funding.
2. **RESTRICTION:** Salary support for Dr. Krstic awarded in the amount of \$3,053 direct cost + the associated facilities and administrative costs, is restricted pending the receipt of his updated other support.
3. This supplemental award is issued in response to Notice OD-09-056, ARRA Administrative Supplements. Funds provided under this award are restricted solely for the purpose requested in the grantee's application dated 04/29/2009, and may not be used for any other purpose.
4. The PI and/or grantee is responsible for informing NHGRI within 30 days if s/he receives funding from any other IC that overlaps with this award (budgetary, scientific, over commitment).
5. Recipients of ARRA funds are reminded that such funds must be separately tracked and monitored independently of any non-ARRA funding.
6. This award is issued in accordance with the Memorandum of Understanding between DOE and NIH, effective June 18, 1998 and as such is governed by the cost principles in DOE Acquisition Regulations (section 970.31). No funds have been provided for Laboratory Directed Research and Development (LDRD) costs or Federal Administrative Charges; however, LDRD costs may be recovered within the total cost award.
7. This award includes funds awarded for consortium activity with Yale University in the amount of \$103,881 (\$62,768 direct costs + \$41,113 facilities and administrative costs). Consortia are to be established and administered as described in the NIH Grants Policy Statement (NIH GPS). The referenced section of the NIH GPS is available at:
http://grants.nih.gov/grants/policy/nihgps_2003/NIHGPS_Part12.htm - _Toc54600251

<u>Agency</u>	<u>Obligation Change Amount</u>
Total Appropriated Funds (Program 40):	0.00
Total DOE and Non-Appropriated Funds:	210,000.00
Grand Total:	210,000.00
Total Non-Appropriated Funds:	210,000.00

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831

January 6, 2010

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO.'S 310 – 316 AND 318

A fully executed copy of the subject contract modifications are enclosed for your retention. These modifications obligate DOE appropriated and non-appropriated, including Work for Others (WFO), funding. At this time, all appropriated funding received from other agencies via WFO program must now be issued under separate contract modifications for proper tracking in the FPDS-NG system.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required) Net Increase: \$591,251.14

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) 970.5232-4 OBLIGATION OF FUNDS (DEC 2000), and P.L. 95-91

E. IMPORTANT: Contractor is not, is required to sign this document and return _____ 0 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Subj to Retent: N
Pursuant to the provisions of Clause I-143, the first sentence of paragraph (a) is hereby changed to read as follows: The amount presently obligated by the Government with respect to this contract is \$10,841,276,898.34. This represents an increase of \$591,251.14, from \$10,840,685,647.20 to \$10,841,276,898.34.
FOB: Destination
Period of Performance: 04/01/2000 to 03/31/2010

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

January 19, 2009

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725: MODIFICATION NO. 319

A fully executed copy of the subject contract modification is enclosed for your retention. This modification incorporates the following changes to the contract: 1) amend clause H.15, Contractor Assurance System, to include standardized language consistent with other Office of Science laboratory contracts; and 2) revise Appendix E of the contract by incorporating Requirement Change Notice No. OR-39.

If you have any questions regarding this modification, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Subj to Retent: N

See Page 2..

Period of Performance: 04/01/2000 to 03/31/2010

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER (Type or print) Greg Turner Chief Financial Officer	16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print) Mark A. Million
15B. CONTRACTOR/OFFEROR  (Signature of person authorized to sign)	15C. DATE SIGNED 1-15-10
16B. UNITED STATES OF AMERICA  (Signature of Contracting Officer)	16C. DATE SIGNED 01/27/2010 NAM

The purpose of this modification is to incorporate the following changes to the contract: 1) amend clause H.15, Contractor Assurance System, to include standardized language consistent with other Office of Science laboratory contracts; and 2) revise Appendix E of the contract by incorporating Requirement Change Notice No. OR-39.

All other terms and conditions other than those specified in this modification remain unchanged.

Therefore, the contract is modified as follows:

- 1) Clause H-15, Contractor Assurance System, is deleted in its entirety and replaced with the following:

“H-15. Contractor Assurance System (DEC 2009)

- (a) The Contractor shall develop a contractor assurance system that is executed by the Contractor’s Board of Directors (or equivalent corporate oversight entity) and implemented throughout the Contractor’s organization. This system provides reasonable assurance that the objectives of the contractor management systems are being accomplished and that the systems and controls will be effective and efficient. The contractor assurance system, at a minimum, shall include the following key attributes:
 - (1) A comprehensive description of the assurance system with processes, key activities, and accountabilities clearly identified.
 - (2) A method for verifying/ensuring effective assurance system processes. Third party audits, peer reviews, independent assessments, and external certification (such as VPP and ISO 9001 or ISO 14001) may be used.
 - (3) Timely notification to the Contracting Officer of significant assurance system changes prior to the changes.
 - (4) Rigorous, risk-based, credible self-assessments, and feedback and improvement activities, including utilization of nationally recognized experts, and other independent reviews to assess and improve the Contractor’s work process and to carry out independent risk and vulnerability studies.
 - (5) Identification and correction of negative performance/compliance trends before they become significant issues.
 - (6) Integration of the assurance system with other management systems including Integrated Safety Management.
 - (7) Metrics and targets to assess performance, including benchmarking of key functional areas with other DOE contractors, industry and research institutions. Assure development of metrics and targets that result in efficient and cost effective performance.
 - (8) Continuous feedback and performance improvement.
 - (9) An implementation plan (if needed) that considers and mitigates risks.

- (10) Timely and appropriate communication to the Contracting Officer, including electronic access, of assurance related information.

The initial contractor assurance system description shall be approved by the Contracting Officer.

- (b) The Government may revise its level and/or mix of oversight of this contract when the Contracting Officer determines that the assurance system is or is not operating effectively.”
- 2) Appendix E of the contract is revised to incorporate the updated Requirement Change Notice No. OR-39, attached hereto. Requirement Change Notice OR-39 covers the period of September 1, 2009 through November 30, 2009.

CONTRACTOR: UT-Battelle, LLC

CONTRACT NO.: DE-AC05-00OR22725, Clause I-112, Laws,
Regulations, and DOE Directives (DEC
2000), DEAR 970.5204-2

DATE OF CONTRACT: April 1, 2005

This Requirements Change Notice (RCN) No. OR-39 incorporates into Appendix E, Contract No. DE-AC05-00OR22725, the attached list of applicable documents, which have been assessed against the terms and conditions of the subject contract in accordance with the above-referenced clause. This is a complete numbered list of administrative requirements and a representation of environment, safety, and health (ES&H) requirements. Information regarding ES&H-related directives and their applicability can only be obtained from specific WSS sets and S/RID functional areas sets. ES&H-related directives in WSS sets and S/RIDs have an ES&H footnote. Changes to Appendix E are indicated by bold type. Below is a list of the directives incorporated herein:

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 320

A fully executed copy of the subject contract modification is enclosed for your retention. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$1,400,000 to the contract for the project entitled "Smart Grid Investment Grant Program". The total amount of funds obligated under this contract since its inception is increased by \$1,400,000 from \$10,841,275,920.17 to \$10,842,675,920.17.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$1,400,000 to the contract for the project entitled “Smart Grid Investment Grant Program (EISA 1306)”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$1,400,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$10,841,275,920.17 to \$10,842,675,920.17.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorization(s):

Work Authorization Number	Work Authorization Title
WA No. TD-470002-20389-10 (Attachment 1) (Number from Block 8 of the Work Authorization)	Smart Grid Investment Grant Program (EISA 1306)

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

**ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS
For the Development of Information Requirements Needed to Track Metrics and Estimate
Benefits for Smart Grid investment Grants**

Section A: Contractor Recovery Act Schedule or Milestone Requirements

The contractor shall work with OE Project Management Teams (at DOE HQ) and with selected recipients of grants provided via the Smart Grid Investment Grant (SGIG) program to develop plans that define the effort necessary to track and report on metrics and benefits. To undertake this effort, the contractor will provide the support needed for the development of a customized template and plan that outlines the information requirements for each of the selected recipients. The contractor shall oversee a team to perform this effort, which is expected to take place through the negotiation and awarding of the grants (beginning on November 30, 2009) and should be completed once final plans are approved (which could occur within 60 days after the awarding of each grant). The support effort should be completed by April 1, 2010. However, additional time might be required to award grants, as well as to ensure quality and consistency of reporting among projects.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The contractor will support OE in the development of requirements for reporting metrics and estimating the benefits of SGIG projects to determine the impact of ARRA funds. The impact of the ARRA funds will be measured by the number and type of jobs created, the extent to which smart grid functionality is advanced, and other outcomes related to improvements in grid system economics, efficiency, reliability and in providing environmental benefits.

Section C: Contractor Recovery Act Deliverables

- A customized set of recommendations for reporting metrics and estimating benefits for each prospective awardee.
- Scheduled meetings with prospective awardees and grant recipients to ensure consistency and to advise on approaches for gathering data, tracking metrics and estimating benefits.
- Reviews of plans provided by grant recipients leading to their approval by DOE.

Oak Ridge, TN 37831-6262

Dear Mr. Frieze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO.'S 321 – 327

A fully executed copy of the subject contract modifications are enclosed for your retention. These modifications obligate DOE appropriated and non-appropriated, including Work for Others (WFO), funding. At this time, all appropriated funding received from other agencies via WFO program must now be issued under separate contract modifications for proper tracking in the FPDS-NG system.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in blue ink that reads "Mark A. Million".

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 328

A fully executed copy of the subject contract modification is enclosed for your retention. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$11,574,011 to the contract for the Office of Energy Efficiency and Renewable Energy projects. The total amount of funds obligated under this contract since its inception is increased by \$11,574,011 from \$10,904,261,693.66 to \$10,915,835,704.66.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in blue ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended. is not extended.
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted, or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

2. ACCOUNTING AND APPROPRIATION DATA (If required)
See Page 2. Net Increase: \$11,574,011.00

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO. (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF _____.
X	D. OTHER (Specify type of modification and authority) 970.5232-4 OBLIGATION OF FUNDS (DEC 2000), P.L. 111-5, and P.L. 95-91

E. IMPORTANT: Contractor is not is required to sign this document and return _____ 0 _____ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

STANDARD FORM 30 (REV. 10-83)
Prescribed by GSA
FAR (48 CFR) 53.243

Block 12 "ACCOUNTING AND APPROPRIATIONS DATA," continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 "DESCRIPTION OF AMENDMENT/MODIFICATION," continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$11,574,011.00 to the contract for the Office of Energy Efficiency and Renewable Energy projects identified in the Work Authorizations reflected in section C below.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled "Obligation of Funds," additional funds in the amount of \$11,574,011.00 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$10,904,261,693.66 to \$10,915,835,704.66.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification, as applicable, are identified in the following referenced Work Authorizations:

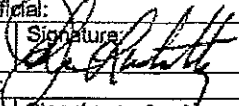

Work Authorization Number	Work Authorization Title
WA No. IF-470002-20421-10 Rev. 0 (Attachment 1a)	Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies
WA No. BT-470002-20743-10 Rev. 0 (Attachment 1b)	National Accounts Acceleration in Support of the Commercial Buildings Initiative
WA No. SL-470002-20479-10 Rev. 0 (Attachment 1c)	Concentrating Solar Power
WA No. IF-470002-20416-10 Rev. 0 (Attachment 1d)	Energy Intensive Processes R&D
WA No. IF-470002-20416-10 Rev. 1 (Attachment 1e)	Energy Intensive Processes R&D
WA No. IF-470002-20416-10 Rev. 2 (Attachment 1f)	Energy Intensive Processes R&D
WA No. IF-470002-20416-10 Rev. 3 (Attachment 1g)	Energy Intensive Processes R&D
WA No. IF-470002-20416-10 Rev. 4 (Attachment 1h)	Energy Intensive Processes R&D
WA No. IF-470002-20416-10 Rev. 5 (Attachment 1i)	Energy Intensive Processes R&D
WA No. IF-470002-20416-10 Rev. 6 (Attachment 1j)	Energy Intensive Processes R&D
WA No. IF-470002-20416-10 Rev. 7 (Attachment 1k) – Note that correct Project code is 2004320 (Numbers from Block 8 of the Work Authorizations)	Energy Intensive Processes R&D

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.

- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.

- F. All other terms and conditions remain unchanged.

Attachment 1 a

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION			
1a. Solicitation/Project Title: Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies		1b. Work Proposal Number (if applicable):	
2. Headquarters Program Point of Contact: Name: Isaac Chan Organization Code: EE-2F Telephone No: (202) 586-4981			
3. Headquarters Budget Point of Contact: Name: Norman Hurwitz Organization Code: Telephone No: (202) 287-5588			
4. Responsible Program: Office of Energy Efficiency and Renewable Energy		5. Responsible Secretarial Officer: Catherine Zoi	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Craig Blue Telephone No: (865) 574-4351	
8. Work Authorization Number: * IF-470002-20421-10		9. Revision Number: 0	
10. Funds Authorized during FY 2010:			
B&R Code	Previous	Change	Current
ED1904032-05794-1004383	\$0	\$8,408,822	\$8,408,822
11. Performance period covered by funds: From: 10/1/2009 To: 9/30/2010 <u>12/15/09</u>		12. Work Start Date: 10/1/2009 <u>12/15/09</u>	
13. Expected Completion Date: 9/30/2010 <u>12/19/10</u> (MNF)			
14. Statement of Work: <u>12/19/10</u> Carryover funding in the amount of \$8,408,822 is authorized for Industrial Materials of the Future. These funds are made available for Solicitation #20421 - Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies. Funding for this activity will expand collaborative activity to accelerate the transition of scientific discoveries into industrial application. This funding will support efforts in two primary areas: 1) Unfunded R&D Projects - This activity will initiate R&D projects which cannot be funded with normal program funding. This enables investment in new technology projects that have been recommended for selection by merit review committees of competitive solicitations, but not funded due to lack of program funding. Funding in this area will support research and demonstration projects in the areas of nanomanufacturing (13 projects), utilization of opportunity fuels in industrial processes (7 projects), combined heat and power R&D (2 projects), and efficient technologies for energy-intensive processes (4 projects). 2) Materials/Manufacturing Technology - ORNL will issue an RFP for advancement of materials/manufacturing technology. Focus areas will be strategic materials such as titanium and magnesium; structural materials such as high temperature steels; energy storage and production materials; and advanced/field/transient processing technologies. This project area is crosscutting by supporting manufacturing needs of hydrogen, wind, solar, vehicles, and biomass technologies. CFO Project Code 2004320. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The field AFP recipient of the funds is responsible for reporting all funding obligations and costs to the Program Management Center and headquarters. The field AFP recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE. CFO Project Code 2004320.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Task 1 - Commercialization of Titanium Heat Exchangers Fabricated from New Powders. Milestone 5.1 Complete and install at least one heat exchanger system with cold formed Ti sheets for evaluation at a company site for testing and evaluation in a test loop system; Month 19

Task 2 - Shear Rolling of Magnesium Sheet for Energy, Transportation, and Defense Applications. Milestone 5.1: Successfully fabricate component 1 using materials fabricated through new processing technology; Month 21

Task 3 - Commercialization of New Carbon Fiber Materials Based on Sustainable Resources for Energy Applications. Milestone 3.2 Demonstration of scaled up production of carbon materials for energy storage application; Month 19

Task 4 - AFA Steels. Milestone 2.4 Report relative performance of AFA steels in four application relevant environments; Month 24

Task 5 - CF8C-Plus Cast Stainless Steels. Milestone 4.1 Report on the potential for cast AFA components based on creep and environmental resistance; Month 22

Task 6 - Materials & Processing for Advanced Batteries. Milestone 4.1 Scaling of processing; Month 25

Task 7 - Photovoltaic Materials. Milestone 1.7 Third round research completed; Month 20

Task 8 - Magnetic Processing of Steel Strip and Next Generation Alloys. Milestone 4.1 Develop process parameters for continuous feed production line that includes a TMP magnetic processing stage; Month 19

Section B: Contractor Recovery Act Performance Outcomes and Measures

All tasks described under this effort will be completed by 9-30-2011, within the budget allocated to each task. Completion of each task will be determined by the submission of a final task report to the sponsor's designated representative.

Section C: Contractor Recovery Act Deliverables

Task 1 - Commercialization of Titanium Heat Exchangers Fabricated from New Powders.
Deliverable, Final Report

Task 2 - Shear Rolling of Magnesium Sheet for Energy, Transportation, and Defense Applications.
Deliverable, Final Report

Task 3 - Commercialization of New Carbon Fiber Materials Based on Sustainable Resources for Energy Applications.
Deliverable, Establish Commercialization Plans

Task 4 - AFA Steels.
Deliverable, Completed evaluation of as-cast AFA steel properties for cast components.

Task 5 - CF8C-Plus Cast Stainless Steels.
Deliverable, Completed evaluation of slurry-coated CF8C-Plus steel properties

Task 6 - Materials & Processing for Advanced Batteries.
Deliverable, Develop deposition and drying procedure for lithium ion battery coatings (electrodes and ceramic composite separators) maintaining nano-scale feature and lab-scale performance

Task 7 - Photovoltaic Materials.
Deliverable, Final Report

Task 8 - Magnetic Processing of Steel Strip and Next Generation Alloys.
Deliverable, Final Report

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

- Complete initial taxonomy of benefits documented in a summary briefing presentation (June 30, 2010 or 6 months from contract award)
- Complete draft report on the analytics and business case for construction automation (December 31, 2010 or 12 months from contract award)
- Complete the benefits analysis and business case evaluation for incorporation into the Final Report (March 2011 or 15 months from contract award)
- Complete top-level technology roadmap for integration into the Final Report (March 2011 or 15 months from contract award)

Section B: Contractor Recovery Act Performance Outcomes and Measures

- All project document/reports free of technical, grammatical and delivery errors
- Milestones completed within scheduled dates
- Ensure summary briefing provides a qualitative documentation of initial taxonomy of benefits

Section C: Contractor Recovery Act Deliverables

- Evaluation criteria letter
- Analytics and business case draft report
- Analytics, business case and technical road map final report
- Monthly project progress report

FED 10-9029-RA DEC

MEMORANDUM FOR: Johnny O. Moore, Assistant Manager for Laboratories/ORNL Site Manager

SUBJECT: FY 2010 Buildings Technologies Program Approved Funding for Oak Ridge National Laboratory (ORNL) – ARRA Project Code: 2004080

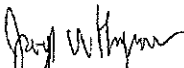

In accordance with the approved EERE Buildings Technologies Program FY 2010 spend plan, budget authority of \$500,000 in operating expenses is authorized for obligation and expenditure in accordance with program guidance as indicated below. Any required changes must be approved in writing by the appropriate headquarters program manager with a copy to the EERE HQ budget execution staff. Field transfers must be coordinated through the Corporate Planning System (CPS). Funding authorized in this letter is not approved for support service contracts; either as a prime or subcontract award. The laboratory receiving the funds authorized in this letter will be responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

PROGRAM GUIDANCE

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>
Buildings Technologies Program	BT0201000-05794-	\$500,000	05794
Commercial Research & Development	1004211		

Carryover funding in the amount of \$500,000 is authorized for Commercial Research & Development. These funds are made available for Project # 20743 - BTP4 - 2004080 - National Accounts Acceleration in Support of the Commercial Buildings Initiative. These funds are to be distributed to Agreement # 20429 - ORNL - Construction Automation - Analytics and Road-Mapping in accordance with Project Code 2004080. The objective of this project is to provide a thorough review and benefit analysis of emerging construction automation approaches to determine their business case and evaluate their potential for market adoption and avenues for further development. The buildings envelope construction process accounts for the greatest share of the disparity between predicted and as-built performance of commercial buildings. This objective will be accomplished through two major tasks: 1) Analytics, benefits and business case evaluation, 2) Technology road map. The headquarters technical point of contact is Drury Crawley who can be reached on (202) 586-2344. The field point of contact is Patrick J. Hughes who can be reached on (865) 574-9337.

Should you have any questions regarding budget matters, please contact Sheila Traynham who can be reached on (202) 586-9487.

7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Joanna McFarlane Telephone No: (865) 574-4941	
8. Work Authorization Number: * SI-470092-20479-10 ✓		9. Revision Number: 1	
10. Funds Authorized during FY 2010:			
B&R Code	Previous	Change	Current
EB2103000-05794-1004248 (2009)	\$0	\$935,000 ✓	\$935,000
11. Performance period covered by funds: From: 1/1/2010 To: 9/30/2012		12. Work Start Date: 1/1/2010	13. Expected Completion Date: 9/30/2012
14. Statement of Work: Specific Recovery Act Statement of Work Carryover funding in the amount of \$935,000 is authorized for EB2103000-05794-1004248-Concentrat Solar Pwr (2009). These funds are made available for Project #20479 - 2004420 - Concentrating Solar Power. These funds are to be distributed to Agreement # 20637-Polyaromatic Naphthalene Derivatives - ORNL in accordance with AOP# ARRA. Agreement: 20637; Polyaromatic Naphthalene Derivatives - ORNL. This proposal addresses the need for heat transfer fluids for solar power generation that are stable to temperatures approaching 600°C, have good thermal characteristics, and that do not react with the vessels in which they are contained. The project plans to demonstrate the possibility of using substituted polyaromatic hydrocarbons in a heat transport application, which have not yet been considered because of the scarcity of thermophysical data on these compounds. Because the thermophysical properties of the phenylnaphthalenes have been found to be favorable, it is proposed to use these compounds in mixtures optimized for concentrating solar power, and to test the performance of these substituted aromatic compounds in instrumented heat transfer loops. A combination of electronic structure calculations and physical property measurements will be employed to optimize the structure of the heat transfer fluid for thermal stability. Inter-molecular or intra-molecular additves that further stabilize the aromatic structure may be included in the fluid. An existing high temperature loop and heat exchanger, located at ORNL, will be adapted to accommodate organic fluids. The loop will be instrumented with online thermal monitoring and off-line chemical analysis to allow observation of the performance of the optimized heat transfer fluid under controlled conditions. Finally, ORNL will partner with Cool Energy, a company that specializes in solar heating and electric generation, to test the performance of the organic fluid in industrial pilot-scale loops. If successful, the results from this project will provide an option for concentrating solar power generation at temperatures above 500°C. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05794, Appropriation: 89-0910-0331, Allottee: 30 B&R Code/Program Value: EB2103000-1004248, Project Code: 2004420. Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Energy Efficiency and Renewable Energy laboratory appraisal process.

MEMORANDUM FOR: Johnny O. Moore, Assistant Manager for Laboratories/ORNL Site Manager

SUBJECT: FY 2010 Solar Energy Program Approved Funding for Oak Ridge National Laboratory (ORNL)

In accordance with the approved EERE Solar Energy Program FY 2010 spend plan, budget authority of \$935,000 in operating expenses is authorized for obligation and expenditure in accordance with program guidance as indicated below. Any required changes must be approved in writing by the appropriate headquarters program manager with a copy to the EERE HQ budget execution staff. Field transfers must be coordinated through the Corporate Planning System (CPS). Funding authorized in this letter is not approved for support service contracts; either as a prime or subcontract award. The laboratory receiving the funds authorized in this letter will be responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

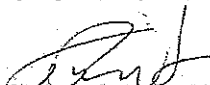

PROGRAM GUIDANCE

<u>Program Activity & Key Activity</u>	<u>B&R Code-Fund Value-Program Code</u>	<u>BA(S)</u>
Solar Energy Concentrating Solar Power Program	EB2103000-05794-1004248 (2009)	\$935,000

Carryover funding in the amount of \$935,000 is authorized for EB2103000-05794-1004248 - Concentrat Solar Power (2009). These funds are made available for Project #20479 - 2004120 - Concentrating Solar Power. These funds are to be distributed to Agreement # 20637 - Polyaromatic Naphthalene Derivatives - ORNL, in accordance with ACP# ARRA. Agreement: 20637; Polyaromatic Naphthalene Derivatives - ORNL. This proposal addresses the need for heat transfer fluids for solar power generation that are stable to temperatures approaching 600°C, have good thermal characteristics, and that do not react with the vessels in which they are contained. The project plans to demonstrate the possibility of using substituted polyaromatic hydrocarbons in a heat transport application, which have not yet been considered because of the scarcity of thermophysical data on these compounds. Because the thermophysical properties of the phenylnaphthalenes have been found to be favorable, it is proposed to use these compounds in mixtures optimized for concentrating solar power, and to test the performance of these substituted aromatic compounds in instrumented heat transfer loops. A combination of electronic structure calculations and physical property measurements will be employed to optimize the structure of the heat transfer fluid for thermal stability. Intermolecular or intramolecular additives that further stabilize the aromatic structure may be included in the fluid. An existing

high temperature loop and heat exchanger, located at ORNL, will be adapted to accommodate organic fluids. The loop will be instrumented with online thermal monitoring and off-line chemical analysis to allow observation of the performance of the optimized heat transfer fluid under controlled conditions. Finally, ORNL will partner with Cool Energy, a company that specializes in solar heating and electric generation, to test the performance of the organic fluid in industrial pilot-scale loops. If successful, the results from this project will provide an option for concentrating solar power generation at temperatures above 500°C. The headquarters technical point of contact is Frank Wilkins who can be reached on (202) 586-1684. The field point of contact is Joanna McFarlane who can be reached on (865) 574-4941.

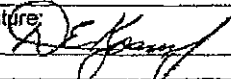

Should you have any questions regarding budget matters, please contact Kyra Humphreys who can be reached on (202) 586-8138.

14. Statement of Work: <u>12/14/10</u> Carryover funding in the amount of \$91,689 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - Energy-Intensive Processes R&D. These funds are to be distributed to Agreement # 18974-Architected Nanomembranes for In-Situ Energy Conversion in accordance with AOP# RAED002. -This one year, concept definition study will consist of engineering concept studies and lead to an analysis of the technological and economic impacts of a unique architecture in nanocomposites membranes. This project builds upon the proof-of-principle results of an ORNL seed money project, which demonstrated a 4-5 orders of magnitude enhancement in oxygen ionic conductivity for a solid state electrolyte membrane having nanochannel architecture. The nanoscale host-guest architecture contains oriented interfaces between nanotube/nanowire arrays perpendicular to the membrane layer. Membrane nanostructure determines the performance of a fuel cell, and also possibly, solar cell, thermoelectric devices and catalytic membrane reactors. These nanomembrane-based devices and technologies provide significant energy, carbon, and economic benefits, which will also be evaluated to better define R&D paths for commercialization. CFO Project Code: 2004330. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

13. Expected Completion Date: 12/14/10		
14. Statement of Work: Carryover funding in the amount of \$60,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - Energy-Intensive Processes R&D. These funds are to be distributed to Agreement # 18984-Mesoporous Carbon Membranes for Selective Gas Separations in accordance with FWP# RAED002. -This project is focused on translating a novel class of material developed at Oak Ridge National Laboratory - self-assembled mesoporous carbon - into robust, efficient membrane systems for selective industrial gas separations. These tailorable, nanostructured materials, described in US Patent Application 2006057051, "Highly ordered porous carbon materials having well defined nanostructures and method of synthesis," consist of ordered mesopores and tunable micropores that are ideally sized for high throughput separation of gaseous species, such as O2, CO2, and gaseous alkanes. The carbon is synthesized by conventional chemical and materials processing approaches, which provides promise for cost effective production of precision separations materials at large scale. The project, which will involve collaboration with the research group of W.J. Koros of Georgia Institute of Technology, will consist of stage 2 R&D. The project aims to develop supported mesoporous carbon membranes in the pores of anodized commercial alumina membranes for high-flux, high-selectivity separations. Recent preliminary tests have shown excellent selective transport of carbon dioxide and propylene relative to other gases. CFO Project Code: 2004330. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

Carryover funding in the amount of \$642,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - Energy-Intensive Processes R&D. These funds are to be distributed to Agreement # 18981-Development and Application of Processing for Nano-Composite Materials for Lithium Ion Batteries in accordance with FWP# RAED002. -This project intends to develop optimized processing, process control and quality measures for a homogenous and reliable deposition and treatment of nano-composite coatings to be used in lithium ion battery technology with guidelines for scale-up and mass production of the product. It will develop fundamental understanding of the nanomaterial behavior, the process mechanisms, and the resulting functionality. It will integrate a quality control approach with science and technology to produce a reliable product and enable lithium ion battery technology for transportation and stationary applications. The primary purpose of the proposed effort is to advance the state of the nanomanufacturing of this nano-composite material for Li-ion batteries such that improvement in reliability in the material and in its production will be enabled and the scale-up of the technology will become feasible. CFO Project Code: 2004330. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. R&R Code	Previous	Change
ED1908000-05794-1004889	\$0 1,907,189	\$92,000
		Current \$92,000 \$1,499,189 MM
11. Performance period covered by funds: From: 10/1/2009 To: 9/30/2010 12/15/09 10/1/2009 12/15/09		13. Expected Completion Date: 9/30/2010 12/15/10
14. Statement of Work: 12/15/10 Carryover funding in the amount of \$92,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - Energy-Intensive Processes R&D. These funds are to be distributed to Agreement # 18985-Nanocrystallization of LiCoO ₂ Cathodes for Thin Film Batteries in accordance with FWP# RAED002. -The inherent difficulty of achieving high performance thin film batteries (TFB) is that they must undergo a post-deposition critical heat treatment that limits the substrate material to those that can withstand the processing environment. Thus, low temperature flexible polymer substrates cannot be utilized with conventional processing methods for these types of devices. The TFB's that are fabricated on flexible polymer substrates are limited in their performance due to the lack of the critical high temperature annealing step, which is required for optimal performance. Pulse Thermal Processing (PTP) with its unique high power densities (>20,000 W/cm ²), short processing time (millisecond regime) and large processing area (up to 1,000 cm ²) is able to accomplish the required high temperature anneals of these types of material systems on flexible temperature-sensitive substrates including polymers without thermally affecting the underlying material, thus enabling a high performance flexible TFB on a polymer substrate. CFO Project Code: 2004330. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

14. Statement of Work: Carryover funding in the amount of \$66,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - Energy-Intensive Processes R&D. These funds are to be distributed to Agreement # 18979-Oxide-Nanoparticle Containing Coatings for High Temperature Alloys in accordance with FWP# RAED002. -The focus of the proposed work is to examine the fabrication of high temperature alloy coatings containing oxide nanoparticles. Use of oxide dispersion strengthened (ODS) alloys will enable achieving desired high temperature strength while avoiding problems with fabrication of components using these alloys. It is proposed that an optical technique, such as a laser or an infrared plasma arc lamp, will be used to rapidly heat particles sprayed onto the surface while electromagnetic stirring will be used to stir the molten pool to prevent agglomeration and floating of nanoparticles. The key and novelty in the process is the use of electromagnetic stirring. It is anticipated that this approach can be extended to the processing of bulk nanocomposite materials using optical techniques and to other wear and corrosion resistant coating with nanoparticles. CFO Project Code: 2004330. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. 	\$ 1,565,189		#1,657,189 mm
11. Performance period covered by funds: From: 10/1/2009 To: 9/30/2010 12/15/09 10/1/2009 12/15/09 9/30/2010 12/15/10		12. Work Start Date: 12/15/09	
13. Expected Completion Date: 12/15/10			
14. Statement of Work: Carryover funding in the amount of \$92,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - Energy-Intensive Processes R&D. These funds are to be distributed to Agreement # 18983-Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures in accordance with FWP# RAED002. -The use of quantum dot (QD) materials for solid state lighting and photovoltaic applications are hindered by the ability to distribute QD across a substrate and produce an ordered structure. The overall objective of this research is to develop large scale manufacturing processes to encourage the self-assembly of QD structures and to incorporate broad area thermal annealing to decrease material defects. The first objective is to demonstrate self-assembly techniques for synthesizing a QD structure using long-chain molecules to bind the QD's into dimmer and trimmer structures. The second objective is to use pulsed thermal processing to thermally anneal the QD structure without damaging the long range order or the inter-particle spacing. Overall, it is expected the combined effects of advanced synthesis and broad area thermal annealing will increase the efficiency of the QD structures by 50 to 100 times. CFO Project Code: 2004330. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

Attachment 1 k

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION			
1a. Solicitation/Project Title: Energy-Intensive Processes R&D		1b. Work Proposal Number (if applicable): FWP# RAED002	
2. Headquarters Program Point of Contact: Name: Gideon Varga Organization Code: EE-2F Telephone No: (202) 586-0082			
3. Headquarters Budget Point of Contact: Name: Norman Hurwitz Organization Code: Telephone No: (202) 287-5588			
4. Responsible Program: Office of Energy Efficiency and Renewable Energy		5. Responsible Secretarial Officer: Catherine Zoi	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Craig Blue Telephone No: (865) 574-4351	
8. Work Authorization Number: * IF-470002-20416-10		9. Revision Number: 7	
10. Funds Authorized during FY 2010 :			
B&R Code	Previous	Change	Current
ED1908000-05794-1004889	30 1,657,189	\$73,000	\$73,000 1,730,189 MAM
11. Performance period covered by funds: From: 10/1/2009 To: 9/30/2010 12/15/09		12. Work Start Date: 10/1/2009 12/15/09	
		13. Expected Completion Date: 9/30/2010 12/19/10	
14. Statement of Work: 12/15/09			
Carryover funding in the amount of \$73,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - Energy-Intensive Processes R&D. These funds are to be distributed to Agreement # 18980-Synthesis of Highly Ordered TiO2 Nanotubes Using Ionic Liquids for Photovoltaics in accordance with FWP# RAED002. -The major objective of this project is to conduct a one-year concept definition study to develop a unique technique for synthesizing highly ordered TiO2 nanotubes using ionic liquids for photovoltaic (PV) applications, including dye sensitized solar cells and water splitting for hydrogen production. This project is based on a unique ionic liquid-based electrolytes technology. The scope of the project includes; 1) synthesis of highly ordered TiO2 nanotubes using ionic liquids, 2) nanostructural characterization, 3) understanding synthesis mechanisms, and 4) evaluating PV characteristics. CFO Project Code: 2004330. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.			
15. Reporting Requirements: (Status reports, scientific or technical information or similar)			
16. Work Authorization Program Official:			
Name (typed): Douglas E. Kaempf, Program Manager		Signature: 	Date: 9/28/09
17. DOE Field Organization Official:			
Name (typed): Johnny O. Moore		Signature: 	Date: 12/1/09
18. Contractor's Authorized Representative:			
Name (typed): Tara Christensen		Signature: 	Date: 22 Jan 2010
19. DOE Contracting Officer (or delegated representative)			
Name (typed): MARK A. MILLION		Signature: 	Date: 12/10/09
* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.			

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Task 1 – Architected Nanomembranes for In-Situ Energy Conversion
Milestone – Complete evaluation of engineering processing concepts for architected nanocomposite membranes; August 2010

Task 2 – Nanocatalytic Conversion of Biomass into Second-Generation Biofuels
Milestone – Complete analysis of extending technology to unconventional sources of carbon-based compounds; August 2010

Task 3 – Oxide-Nanoparticle Containing Coatings for High Temperature Alloys
Milestone – Complete initial processing trials and characterization of materials with and without electromagnetic stirring; August 2010

Task 4 – Synthesis of Highly Ordered TiO₂ Nanotubes using Ionic Liquids for Photovoltaics (PV)
Milestone - Identify preferable molecular structures of ionic liquids and synthesis parameters based on characterization of nanostructures, crystalline phases and PV; May 2010

Task 5 – Nanocomposite Materials for Lithium Ion Batteries
Milestone – Develop transport models & complete characterizations; September 2012

Task 6 – Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures
Milestone - Complete optical evaluation of quantum dot structures; June 2010

Task 7 – Mesoporous Carbon Membranes for Selective Gas Separations
Milestone – Develop scalable methodology for preparing supported mesoporous carbon membranes supported on anodized alumina membranes for gas separation; August 2010

Task 8 – Nanocrystallization of LiCoO₂ Cathodes for Thin Film Batteries
Milestone – Determine optima PIP parameters for achieving desired performance from Thin Film Battery cathodes; August 2010

Task 9 – Improving Heat Recovery in Biomass-Fired Boilers
Milestone – Submit draft report with results of field corrosion probe studies; June 2012

Section B: Contractor Recovery Act Performance Outcomes and Measures

All tasks described under this effort will be completed by 9-30-2012, within the budget allocated to each task. Completion of each task will be determined by the submission of a final task report to the sponsor's designated representative.

Section C: Contractor Recovery Act Deliverables

Task 1 – Architected Nanomembranes for In-Situ Energy Conversion
Deliverable, Final Report

Task 2 – Nanocatalytic Conversion of Biomass into Second-Generation Biofuels
Deliverable, Final Report

Task 3 – Oxide-Nanoparticle Containing Coatings for High Temperature Alloys
Deliverable, Final Report

Task 4 – Synthesis of Highly Ordered TiO₂ Nanotubes using Ionic Liquids for Photovoltaics (PV)
Deliverable, Final Report

Task 5 – Nanocomposite Materials for Lithium Ion Batteries
Deliverable, Final Report

Task 6 – Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures
Deliverable, Final Report

Task 7 – Mesoporous Carbon Membranes for Selective Gas Separations
Deliverable, Final Report

Task 8 – Nanocrystallization of LiCoO₂ Cathodes for Thin Film Batteries
Deliverable, Final Report

Task 9 – Improving Heat Recovery in Biomass-Fired Boilers
Deliverable, Final Report

Department of Energy
Washington, DC 20585

I certify that the funds stated herein are available for obligation and the work scope is consistent with the intent of Congress.

David J. Smith

ARRA

MEMORANDUM FOR: Johnny O. Moore, Assistant Manager for Laboratories/ORNL Site Manager

SUBJECT: FY 2010 Industrial Technologies Program Approved Funding for Oak Ridge National Laboratory (ORNL)

In accordance with the approved EERE Industrial Technologies Program FY 2010 spend plan, budget authority of \$10,139,011 in operating expenses is authorized for obligation and expenditure in accordance with program guidance as indicated below. Any required changes must be approved in writing by the appropriate headquarters program manager with a copy to the EERE HQ budget execution staff. Field transfers must be coordinated through the Corporate Planning System (CPS). Funding authorized in this letter is not approved for support service contracts; either as a prime or subcontract award. The laboratory receiving the funds authorized in this letter will be responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

PROGRAM GUIDANCE

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>
Industrial Technologies	ED1904032-	\$8,408,822	05794
Industrial Materials of the Future	05794-1004383		

Carryover funding in the amount of \$8,408,822 is authorized for Industrial Materials of the Future. These funds are made available for Solicitation #20421 - *Advanced Materials RD&D in Support of EERE Needs to Advance Clean Energy Technologies*. Funding for this activity will expand collaborative activity to accelerate the transition of scientific discoveries into industrial application. This funding will support efforts in two primary areas: 1) Unfunded R&D Projects - This activity will initiate R&D projects which cannot be funded with normal program funding. This enables investment in new technology projects that have been recommended for selection by merit review committees of competitive solicitations, but not funded due to lack of program funding. Funding in this area will support research and demonstration projects in the areas of nanomanufacturing (13 projects), utilization of opportunity fuels in industrial processes (7 projects), combined heat and power R&D (2 projects), and efficient technologies for energy-intensive processes (4 projects). 2) Materials/Manufacturing Technology - ORNL will issue an RFP for advancement of materials/manufacturing technology. Focus areas will be strategic materials such as titanium and magnesium; structural materials such as high temperature steels; energy storage and production materials; and advanced/field/transient processing technologies. This project area is crosscutting by supporting manufacturing needs of hydrogen, wind, solar,

1a

vehicles, and biomass technologies. CFO Project Code 2004320. The headquarters technical point of contact is Isaac Chan who can be reached on (202) 586-4981. The field point of contact is Craig Blue who can be reached on (865) 574-4351.

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>
Industrial Technologies	ED1908000-	\$91,689	05794
Energy-Intensive Process R&D	05794-1004889		

Carryover funding in the amount of \$91,689 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - *Energy-Intensive Processes R&D*. These funds are to be distributed to Agreement # 18974-Architected Nanomembranes for In-Situ Energy Conversion in accordance with AOP# RAED002. -This one year, concept definition study will consist of engineering concept studies and lead to an analysis of the technological and economic impacts of a unique architecture in nanocomposites membranes. This project builds upon the proof-of-principle results of an ORNL seed money project, which demonstrated a 4-5 orders of magnitude enhancement in oxygen ionic conductivity for a solid state electrolyte membrane having nanochannel architecture. The nanoscale host-guest architecture contains oriented interfaces between nanotube/nanowire arrays perpendicular to the membrane layer. Membrane nanostructure determines the performance of a fuel cell, and also possibly, solar cell, thermoelectric devices and catalytic membrane reactors. These nanomembrane-based devices and technologies provide significant energy, carbon, and economic benefits, which will also be evaluated to better define R&D paths for commercialization. CFO Project Code: 2004320. The headquarters technical point of contact is Gideon Varga who can be reached on (202) 586-0082. The field point of contact is Craig Blue who can be reached on (865) 574-4351.

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>
Industrial Technologies	ED1908000-	\$593,500	05794
Energy-Intensive Process R&D	05794-1004889		

Carryover funding in the amount of \$593,500 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - *Energy-Intensive Processes R&D*. These funds are to be distributed to Agreement # 18991-Improving Heat Recovery in Biomass-Fired Boilers in accordance with FWP# RAED002. This agreement aims to identify and/or develop advanced materials, coatings and heat transfer technologies to optimize the performance of heat recovery components in biomass-fired boilers. The project addresses Waste Heat Recovery Systems area of the Waste Heat Minimization and Recovery Platform of the Energy Intensive Processes. CFO Project Code: 2004320. The headquarters technical point of contact is Robert Gemmer who can be reached on (202) 586-5885. The field point of contact is Craig Blue who can be reached on (865) 574-4351.

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>
Industrial Technologies	ED1908000-	\$80,000	05794

Energy-Intensive Process R&D 05794-1004889

Carryover funding in the amount of \$80,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - *Energy-Intensive Processes R&D*. These funds are to be distributed to Agreement # 18984-Mesoporous Carbon Membranes for Selective Gas Separations in accordance with FWP# RAED002. -This project is focused on translating a novel class of material developed at Oak Ridge National Laboratory – self-assembled mesoporous carbon – into robust, efficient membrane systems for selective industrial gas separations. These tailorable, nanostructured materials, described in US Patent Application 2006057051, "Highly ordered porous carbon materials having well defined nanostructures and method of synthesis," consist of ordered mesopores and tunable micropores that are ideally sized for high throughput separation of gaseous species, such as O2, CO2, and gaseous alkanes. The carbon is synthesized by conventional chemical and materials processing approaches, which provides promise for cost effective production of precision separations materials at large scale. The project, which will involve collaboration with the research group of W.J. Koros of Georgia Institute of Technology, will consist of stage 2 R&D. The project aims to develop supported mesoporous carbon membranes in the pores of anodized commercial alumina membranes for high-flux, high-selectivity separations. Recent preliminary tests have shown excellent selective transport of carbon dioxide and propylene relative to other gases. CFO Project Code: 2004320. The headquarters technical point of contact is Gideon Varga who can be reached on (202) 586-0082. The field point of contact is Joe Renk who can be reached on (412) 386-6406.

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>
Industrial Technologies	ED1908000-	\$642,000	05794
Energy-Intensive Process R&D	05794-1004889		

Carryover funding in the amount of \$642,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - *Energy-Intensive Processes R&D*. These funds are to be distributed to Agreement # 18981-Development and Application of Processing for Nano-Composite Materials for Lithium Ion Batteries in accordance with FWP# RAED002. -This project intends to develop optimized processing, process control and quality measures for a homogenous and reliable deposition and treatment of nano-composite coatings to be used in lithium ion battery technology with guidelines for scale-up and mass production of the product. It will develop fundamental understanding of the nanomaterial behavior, the process mechanisms, and the resulting functionality. It will integrate a quality control approach with science and technology to produce a reliable product and enable lithium ion battery technology for transportation and stationary applications. The primary purpose of the proposed effort is to advance the state of the nanomanufacturing of this nano-composite material for Li-ion batteries such that improvement in reliability in the material and in its production will be enabled and the scale-up of the technology will become feasible. CFO Project Code: 2004320. The headquarters technical point of contact is Gideon Varga who can be reached on (202) 586-0082. The field point of contact is Craig Blue who can be reached on (865) 574-4351.

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>

Industrial Technologies	ED1908000-	\$92,000	05794
Energy-Intensive Process R&D	05794-1004889		

Carryover funding in the amount of \$92,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - *Energy-Intensive Processes R&D*. These funds are to be distributed to Agreement # 18985-Nanocrystallization of LiCoO₂ Cathodes for Thin Film Batteries in accordance with FWP# RAED002. -The inherent difficulty of achieving high performance thin film batteries (TFB) is that they must undergo a post-deposition critical heat treatment that limits the substrate material to those that can withstand the processing environment. Thus, low temperature flexible polymer substrates cannot be utilized with conventional processing methods for these types of devices. The TFB's that are fabricated on flexible polymer substrates are limited in their performance due to the lack of the critical high temperature annealing step, which is required for optimal performance. Pulse Thermal Processing (PTP) with its unique high power densities (>20,000 W/cm²), short processing time (millisecond regime) and large processing area (up to 1,000 cm²) is able to accomplish the required high temperature anneals of these types of material systems on flexible temperature-sensitive substrates including polymers without thermally affecting the underlying material, thus enabling a high performance flexible TFB on a polymer substrate. CFO Project Code: 2004320. The headquarters technical point of contact is Gideon Varga who can be reached on (202) 586-0082. The field point of contact is Craig Blue who can be reached on (865) 574-4351.

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>
Industrial Technologies	ED1908000-	\$66,000	05794
Energy-Intensive Process R&D	05794-1004889		

Carryover funding in the amount of \$66,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - *Energy-Intensive Processes R&D*. These funds are to be distributed to Agreement # 18979-Oxide-Nanoparticle Containing Coatings for High Temperature Alloys in accordance with FWP# RAED002. -The focus of the proposed work is to examine the fabrication of high temperature alloy coatings containing oxide nanoparticles. Use of oxide dispersion strengthened (ODS) alloys will enable achieving desired high temperature strength while avoiding problems with fabrication of components using these alloys. It is proposed that an optical technique, such as a laser or an infrared plasma arc lamp, will be used to rapidly heat particles sprayed onto the surface while electromagnetic stirring will be used to stir the molten pool to prevent agglomeration and floating of nanoparticles. The key and novelty in the process is the use of electromagnetic stirring. It is anticipated that this approach can be extended to the processing of bulk nanocomposite materials using optical techniques and to other wear and corrosion resistant coating with nanoparticles. CFO Project Code: 2004320. The headquarters technical point of contact is Gideon Varga who can be reached on (202) 586-0082. The field point of contact is Craig Blue who can be reached on (865) 574-4351.

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>
Industrial Technologies	ED1908000-	\$92,000	05794

Energy-Intensive Process R&D 05794-1004889

Carryover funding in the amount of \$92,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - *Energy-Intensive Processes R&D*. These funds are to be distributed to Agreement # 18983-Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures in accordance with FWP# RAED002. -The use of quantum dot (QD) materials for solid state lighting and photovoltaic applications are hindered by the ability to distribute QD across a substrate and produce an ordered structure. The overall objective of this research is to develop large scale manufacturing processes to encourage the self-assembly of QD structures and to incorporate broad area thermal annealing to decrease material defects. The first objective is to demonstrate self-assembly techniques for synthesizing a QD structure using long-chain molecules to bind the QD's into dimer and trimer structures. The second objective is to use pulsed thermal processing to thermally anneal the QD structure without damaging the long range order or the inter-particle spacing. Overall, it is expected the combined effects of advanced synthesis and broad area thermal annealing will increase the efficiency of the QD structures by 50 to 100 times. CFO Project Code: 2004320. The headquarters technical point of contact is Gideon Varga who can be reached on (202) 586-0082. The field point of contact is Craig Blue who can be reached on (865) 574-4351.

<u>Program Activity & Key Activity</u>	<u>B&R and Program Codes</u>	<u>BA(\$)</u>	<u>Fund Value</u>
Industrial Technologies	ED1908000-	\$73,000	05794
Energy-Intensive Process R&D	05794-1004889		

Carryover funding in the amount of \$73,000 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 - *Energy-Intensive Processes R&D*. These funds are to be distributed to Agreement # 18980-Synthesis of Highly Ordered TiO₂ Nanotubes Using Ionic Liquids for Photovoltaics in accordance with FWP# RAED002. -The major objective of this project is to conduct a one-year concept definition study to develop a unique technique for synthesizing highly ordered TiO₂ nanotubes using ionic liquids for photovoltaic (PV) applications, including dye sensitized solar cells and water splitting for hydrogen production. This project is based on a unique ionic liquid-based electrolytes technology. The scope of the project includes; 1) synthesis of highly ordered TiO₂ nanotubes using ionic liquids, 2) nanostructural characterization, 3) understanding synthesis mechanisms, and 4) evaluating PV characteristics. CFO Project Code: 2004320. The headquarters technical point of contact is Gideon Varga who can be reached on (202) 586-0082. The field point of contact is Craig Blue who can be reached on (865) 574-4351.

Should you have any questions regarding budget matters, please contact Norman Hurwitz who can be reached on (202) 287-5588.

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 329

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$4,045.08 to the contract for grants with the National Institute of Health (NIH). These NIH grant projects are entitled "General Medical Sciences: Accurate Mass Analysis of Singly-Charged Intact Proteins" and "Human Genome Research: DNA Transport and Sequencing through a Quadrupole Gate".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 1 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$4,045.08 to the contract for the grants entered into with the National Institute of Health (NIH) identified in section C below.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$2,675.47 are hereby obligated in support of the project entitled “General Medical Sciences: Accurate Mass Analysis of Singly-Charged Intact Proteins” and funds in the amount of \$1,369.61 are obligated in support of the project entitled “Human Genome Research: DNA Transport and Sequencing Through a Quadrupole Gate”. The total amount of funds obligated under this contract since its inception is increased from \$10,915,835,704.66 to \$10,915,839,749.74.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Grant Number(s):

Grant Number	Grant Title
NIH Grant No. R01GM088501	General Medical Sciences: Accurate Mass Analysis of Singly-Charged Intact Proteins
NIH Grant No. R21HG004764 (See Mod 309 for Grant Documents)	Human Genome Research: DNA Transport and Sequencing Through a Quadrupole Gate

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

WA No. -470002-20698-10 (Attachment 1h)	EECBG Formula Grants Technical Assistance

Note that the following Work Authorizations are funded by this action but do not appear in the table above because they are found on previous modifications: BT47002-29743-10; SL470002-20479-10; 471999-20758-10B; IF470002-20421-10; IF470002-20416-10; WI470002-20443-09.

D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and

conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.

E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.

F. All other terms and conditions remain unchanged.

Attachment 1a

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION			
1a. Solicitation/Project Title: BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits) <i>ARRA</i>		1b. Work Proposal Number (if applicable):	
2. Headquarters Program Point of Contact: Name: Terrence Logee		Organization Code: EE-2J	Telephone No: (202) 586-1689
3. Headquarters Budget Point of Contact: Name: Norman Hurwitz		Organization Code: EE-3B	Telephone No: (202) 287-5588
4. Responsible Program: Office of Energy Efficiency and Renewable Energy		5. Responsible Secretarial Officer: Catherine Zoi	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Pat M. Love Telephone No: (865) 574-4346	
8. Work Authorization Number: BT-470002-20727-10		9. Revision Number: 1	
10. Funds Authorized during FY 2010:			
<u>B&R Code</u>	<u>Previous</u>	<u>Change</u>	<u>Current</u>
BT0101000-05794-1004210 (2009)	\$0	\$325,000	\$325,000
11. Performance period covered by funds: From: 10/17/2009 To: 9/30/2010		12. Work Start Date: 10/1/2009 <i>11/10 INCL</i>	13. Expected Completion Date: 9/30/2010
14. Statement of Work: Specific Recovery Act Statement of Work Carryover funding in the amount of \$325,000 is authorized for BT0101000-05794-1004210-Building America (2009). These funds are made available for Project #20742 - BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits). These funds are to be distributed to Agreement # 20334 - Retrofit Research at >50% Energy Savings in accordance with AOP# 2004060. Using the retrofit house from the DOE/TVA three-test-house project, this project will model and analyze the energy savings measurements and the hard builder cost of the retrofit package used in the Campbell Creek houses. Use BeOpt, BESTest, EnergyPlus, EnergyGauge, Remrate, and Manual J and Manual D software along with the actual walk-through audit results from the TVA residential retrofit program to generate a predicted optimum extreme retrofit package for the house type with the highest market demand and the potential to attain 40 -50% energy savings using the DOE Building America Benchmark process. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05794, Appropriation: 89-09/10-0331, Allottee: 30 B&R Code/Program Value: BT0101000-1004210 Project Code: Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Energy Efficiency and Renewable Energy laboratory appraisal process.

18. Contractor's Authorized Representative:		
Name (typed): <u>D.C. Christensen</u>	Signature: <u>[Signature]</u>	Date: <u>for bcc</u>
19. DOE Contracting Officer (or delegated representative)		
Name (typed): <u>MARK A. MILLON</u>	Signature: <u>[Signature]</u>	Date: <u>2/11/10</u>
* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.		

Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

Milestone: 43171; Complete report to DOE documenting the predicted optimum extreme retrofit package to attain at least 40% energy savings using the DOE Building America Benchmark process. - Plan Complete: 4/30/2010
Milestone: 43172; Complete fact sheet on all ten houses selected for the extreme retrofit include age, floor space, number of stories, estimated SEER and HSPF of all HVAC units, etc. - Plan Complete: 6/30/2010

Section B: Contractor Recovery Act Performance Outcomes and Measures:

All project reports and documentation free of technical, grammatical and delivery errors. Key milestones completed within schedule.

Section C: Contractor Recovery Act Deliverables:

Report on predicted optimum retrofit package. Fact sheet on all houses selected for the extreme retrofit package.

These funds are made available for Project #20742 - BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits). These funds are to be distributed to Agreement # 20341 - BA New Home Technical Support in accordance with AOP# 2004060. This task will provide technical support to Schaad Companies, the company responsible for building 4 high-performance unoccupied research homes for DOE. Information packages will be developed that effectively communicate how to build the Schaad 3 and 4 houses that in the mixed humid climate region will achieve the 50+% savings level using proven technologies. The project will also compare of measurements of two different horizontal geothermal loop systems, one vertical loop geothermal system and one SEER 19 air source heat pump. Particular interest is detailed measurement of the advanced 2 ton Geothermal system and the SEER- 19 air source heat pump that have promise of retrofit applications. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. 8. Work Authorization Number: BT-470002-20742-10		9. Revision Number: 3	
10. Funds Authorized during FY 2010:			
B&R Code	Previous	Change	Current
BT0101000-05794-1004210 (2009)	\$0	\$157,000	\$157,000
11. Performance period covered by funds: From: 10/1/2009 To: 9/30/2010		12. Work Start Date: 10/1/2009 1/1/2010 <i>NEL</i>	
		13. Expected Completion Date: 9/30/2010	
14. Statement of Work: Specific Recovery Act Statement of Work Carryover funding in the amount of \$157,000 is authorized for BT0101000-05794-1004210-Building America (2009). These funds are made available for Project #20742 - BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits). These funds are to be distributed to Agreement # 20339 - Building America Lab Retrofit Houses and Systems Research in accordance with AOP# 2004060. Over the 2008-2009 winter heating and summer season, detailed measurements were made on an "extreme energy retrofit" package of technologies on the Campbell Creek "retrofit" house (HERS =66) that was found to save 35-40 percent on a whole house energy consumption basis compared to the "builder" house (HERS= 85) next door with identical floor plan, orientation, shading and thermostat settings. This project will determine if the energy consumption and home operation documentation from the 10 occupied retrofitted houses can be used to develop energy saving simulated occupancy for the three Campbell Creek and four Wolf Creek DOE/TVA retrofit research houses. Additional tasks will include creating defensible/documented occupant energy use schedules and temperature settings for "energy efficient" behavior patterns for implementation in the Campbell Creek retrofit research houses. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05794, Appropriation: 89-09/10-0331, Allottee: 30 B&R Code/Program Value: BT0101000-1004210 Project Code: Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. Specific Recovery Act Statement of Work			
Carryover funding in the amount of \$500,000 is authorized for BT0101000-05794-1004210-Building America (2009). These funds are made available for Project #20742 - BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits). These funds are to be distributed to Agreement # 20677 - BA Retrofit Technical Support in accordance with AOP# 2004060. This will provide the technical support needed to execute the 10 extreme residential retrofits. ORNL will team with various retrofit partners for directing and generating technical support implementation. Some of these partners include, City of Knoxville, State of Tennessee, Town of Farragut, Tennessee, Knoxville Utility, etc. The technical approach starts with a team examination of the 1st year of data collection on what was thought to be a most cost effective retrofit for the most common type of house in TVA's service territory. Using BeOpt, BESTest, EnergyPlus, EnergyGauge, Remrato, and Manual J and Manual D software along with the actual walk-through audit results from the TVA residential retrofit program, optimum extreme retrofit packages will be recommended for the mixed humid climate for the house types with the highest market demand and the potential to attain 40-50% energy savings using the DOE Building America Benchmark process. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05794, Appropriation: 89-09/10-0331, Allottee: 30 B&R Code/Program Value: BT0101000-1004210 Project Code:

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION			
1a. Solicitation/Project Title: BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits)		1b. Work Proposal Number (if applicable):	
2. Headquarters Program Point of Contact: Name: Edward Pollock, Jr.		Organization Code: EE-2J	Telephone No: (202) 586-5778
3. Headquarters Budget Point of Contact: Name: Norman Hurwitz		Organization Code: EE-3B	Telephone No: (202) 287-5588
4. Responsible Program: Office of Energy Efficiency and Renewable Energy		5. Responsible Secretarial Officer: Catherine Zoi	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Jeffrey Christian Telephone No: (865) 574-5207	
8. Work Authorization Number: * BT-470002-20742-10		9. Revision Number: 6	
10. Funds Authorized during FY 2010 :			
<u>B&R Code</u>	<u>Previous</u>	<u>Change</u>	<u>Current</u>
BT0101000-05794-1004210 (2009)	\$0	\$150,000	\$150,000
11. Performance period covered by funds: From: 10/1/2009 To: 9/30/2010			
12. Work Start Date: 10/1/2009		13. Expected Completion Date: 9/30/2010	
14. Statement of Work: <u>Specific Recovery Act Statement of Work</u> Carryover funding in the amount of \$150,000 is authorized for BT0101000-05794-1004210-Building America (2009). These funds are made available for Project #20742 - BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits). These funds are to be distributed to Agreement # 20094-BA Retrofit Analysis in accordance with AOP# 2004060. This task is to validate a computer model and retrofit costs of house 2 at Campbell Creek with the heating and cooling season performance measurements already collected. The costs from the Campbell Creek house have been taken directly from the invoices. These costs will be the starting point for gathering hard quotes on 10 houses from TVA residential retrofit certified contractors. Each of the selected 10 test homeowners will provide detailed characteristics of the home and at least 12 months (preferably 36 months) of historic energy bills for the home. Three HVAC contractors who have worked with ORNL on the near zero energy houses have agreed to provide detailed cost estimates to remove the two old HVAC systems and replace them with the high-efficiency single zoned systems located in an insulated and sealed attic. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05794, Appropriation: 89-09/10-0331, Allottee: 30 B&R Code/Program Value: BT0101000-1004210 Project Code: Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Energy Efficiency and Renewable Energy laboratory appraisal process.

Name (typed): A.P. Christensen	Signature: Johnny A. for NCC	Date: 2/17/2010
19. DOE Contracting Officer (or delegated representative)		
Name (typed): MARK A. MILLER	Signature: Mark A. Miller	Date: 2/11/10
* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.		

Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

Milestone: 43279; Complete report on optimum energy retrofit packages with neutral cash flow for common house type retrofit candidates participating in TVA's In-home Energy Evaluation. - Plan Complete: 1/30/2010

Section B: Contractor Recovery Act Performance Outcomes and Measures:

All project reports and documentation free of technical, grammatical and delivery errors. Key milestones completed within schedule.

Section C: Contractor Recovery Act Deliverables:

Report on optimum energy retrofit packages.

Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

Issue contract to testing facility for carrying out full useful life emissions tests on 21 vehicles by January 2010.

Section B: Contractor Recovery Act Performance Outcomes and Measures: Performance Outcomes and Measures:

Collect and analyze data on the effects of intermediate ethanol blends on 21 vehicles by December 2010

Section C: Contractor Recovery Act Deliverables:

Provide a summary report on full useful life testing by March 2011.

Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

1) 10/1/10 Prediction of thermodynamic properties for a single component fluid through the critical point. 2) 4/1/11 Obtain the full vapor-liquid equilibrium envelopes and critical points full for one set of mixtures.

Section B: Contractor Recovery Act Performance Outcomes and Measures:

Thermophysical and thermodynamic properties measured and validated against NIST values.

Section C: Contractor Recovery Act Deliverables:

1) thermodynamic properties for several candidate working fluids (2) a computational toolbox for the analysis of mixtures of fluids, turbine design and cooling needs (3) experimental results from Brayton cycle tests (4) recommendations for new working fluids.

EB4005020-05794-1004281 (2009)	50*	\$400,000	\$400,000
<i>1/1/2010 NCL See attached CPS printout.</i>			
11. Performance period covered by funds: From: 10/1/2009 To: 9/30/2010		12. Work Start Date: 10/1/2009	13. Expected Completion Date: 1/1/2010 NCL 9/30/2010
14. Statement of Work: Specific Recovery Act Statement of Work Carryover funding in the amount of \$400,000 is authorized for EB4005020-05794-1004281-EGS (2009). These funds are made available for Project #20685 - EGS R&D (2004190). These funds are to be distributed to Agreement # 19996-Properties of CO2 Rich Pore Fluids and their Effect on Porosity Evolution in EGS Rocks in accordance with FWP# CEEB182. Oak Ridge National Laboratory will 1) characterize CO2 and water bulk and pore fluids by vibrating tube densimetry, 2) determine changing pore and fluid structures using neutron scattering, and 3) conduct real time imaging of the dissolution front and evolution of porosity using x-ray and neutron computed tomography. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05794, Appropriation: 89-09/10-0331, Allottee: 30 B&R Code/Program Value: EB4005020-1004281 Project Code: 2004190 Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Energy Efficiency and Renewable Energy laboratory appraisal process.			
15. Reporting Requirements: (Status reports, scientific or technical information or similar) The recipient of funding in this Work Authorization is responsible for meeting all reporting requirements established by the Department of Energy for activities funded by the American Recovery and Reinvestment Act of 2009.			
16. Work Authorization Program Official: Name (typed): Edward Wall, Program Manager Signature: <i>Edward Wall</i> Date: 1/21/10

19. DOE Contracting Officer (or delegated representative): Name (typed): MARK A. MILLION Signature: <i>Mark A. Million</i> Date: 2/16/10			

* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.

Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

1. thermophysical data on CO₂-rich fluid mixtures - 12/30/10 2. (a) to probe the pore-scale features likely to be encountered in subsurface environments, and (b) to assess the impact of pore-scale confinement on the properties of CO₂-rich fluids. - 9/30/11

Section B: Contractor Recovery Act Performance Outcomes and Measures:

(a) Accurate fluid properties in the relevant pressure, temperature, and composition ranges; (b) predict the migration of such fluids through the fracture/pore environment over variable length scales; and (c) provide provisions in current models for the effects of adsorption and fluid confinement.

Section C: Contractor Recovery Act Deliverables:

The quantified parameters critically needed for developing and validating numerical modeling of chemical interactions between EGS reservoir rocks and supercritical CO₂ and CO₂-rich aqueous fluids.

Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

ORNL will have performed wear tests using abrasive wear loop apparatus, salt fog tests for corrosion, and fracture toughness/Impact tests to compare coatings and bulk samples with H13 steel, 316 stainless steel, and WC/20% Co. 12/30/10 In addition, ORNL will develop, validate and create baseline data using a unique testing apparatus for simulating geothermal conditions.

Section B: Contractor Recovery Act Performance Outcomes and Measures:

The coatings/bulk samples must have equal or better salt fog test results than the 316 stainless steel, equal or better abrasive wear test results than H13 steel, and equal or better fracture toughness results than WC/20%Co.

Section C: Contractor Recovery Act Deliverables:

A mid-project report containing metallurgical, mechanical and corrosion results will be provided in 18 months.

year.

Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

Evaluation and testing of the commercially available scintillator materials (for photon detection) and moderator materials (for neutron detector) for temperature and pressure to determine operation range. Temperature tests will be conducted up to 400oC. Further tests will be performed to investigate if temperature/pressure resistance could be improved by using different encapsulation materials/or the detectors. Simulations will be performed for optimum tool design to determine the number and types of detectors for the optimum response. Go/no-go: None of the commercially available scintillators meet the criteria, then we move to crystals that are not commercially available (i.e., SrI2:Eu2+, CeCl3). If plastic moderators do not work, we will evaluate other candidate moderator materials. 9/30/10.

Section B: Contractor Recovery Act Performance Outcomes and Measures:

Determination of the operating range with validation results from both tests and simulations. Demonstration of the response within the operation range.

Section C: Contractor Recovery Act Deliverables:

Progress report documenting the results from the first phase of the feasibility studies, including the test results and status. The report will also discuss the path forward for the second half of the project based on findings

14. Statement of Work: Specific Recovery Act Statement of Work Carryover funding in the amount of \$530,000 is authorized for BT0101000-05794-1004210-Building America (2009). These funds are made available for Project #20742 - BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits). These funds are to be distributed to Agreement # 20696-Focused BA regional Retrofit Market Transformation in accordance with AOP# 2004060. Project# 2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits) This builds on the TVA residential retrofit program just ramping up in the middle of the mixed-humid climate region. TVA and its 158 public power distributors have a long history of residential energy-efficiency programs that had been abandoned up to a few years ago. TVA's latest strategic plan states that it will strive to return to the top quartile of utility-ranked energy efficiency and demand side management programs by 2012. It will also require community involvement information seminars. These will take the form of a series of town hall meetings announcing the retrofit research house findings from the Campbell Creek Retrofit Research Houses. The second major task is to identify individual homeowners, subdivisions with geographically aggregated homes of similar construction, age, and market readiness for major renovation that can integrate the lessons learned from the 10 DOE Building America/TVA retrofit test homes. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05794, Appropriation: 89-09/10-0331, Allottee: 30 B&R Code/Program Value: BT0101000-1004210 Project Code: Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Energy Efficiency and Renewable Energy laboratory appraisal process.

Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

Milestone: 43293; Obligate Funding. - Plan Complete: 9/30/2010

Section B: Contractor Recovery Act Performance Outcomes and Measures:

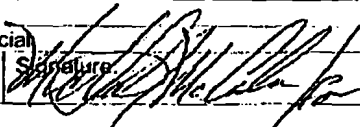

All project reports and documentation free of technical, grammatical and delivery errors. Key milestones completed within schedule.

Section C: Contractor Recovery Act Deliverables:

Set of fact sheets on each extreme retro home project, with neutral cash flow analysis and documented thermal comfort improvement.

<u>B&R Code</u>	<u>Previous</u>	<u>Change</u>	<u>Current</u>
BT0101000-05794-1004210 (2009)	\$0	\$200,000	\$200,000
11. Performance period covered by funds: From: 10/1/2009 ^{11/1/2010} To: 9/30/2010		12. Work Start Date: 10/1/2009 ^{11/1/2010}	
		13. Expected Completion Date: 9/30/2010	
14. Statement of Work: Specific Recovery Act Statement of Work Carryover funding in the amount of \$200,000 is authorized for BT0101000-05794-1004210-Building America (2009). These funds are made available for Project #20742 - BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits). These funds are to be distributed to Agreement # 20699 - BA Retrofit Quality Management in accordance with AOP# 2004060. This will work to gain an understanding of the most useful uniform reporting format to help DOE compile direct and indirect energy savings, job creation numbers and capabilities left in place for outlying year strides to accelerate energy savings in the countries existing housing stock. Going into the project it is anticipated that this work will provide solid documentation of an extreme retrofit package for homes which has maximum market demand in much of the mixed humid climate. A uniform retrofit construction process needs to be developed. DOE's BA Stage Gate quality assurance criteria will be used and a set of job-ready, quality work statements and job complete instruments need to be generated for major retrofit tasks: insulation, HVAC, window installation, water heater installation, and weatherization using the home performance with Energy Star and DOE BA/EPA thermal bypass check-list criteria. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05794, Appropriation: 89-09/10-0331, Allottee: 30 B&R Code/Program Value: BT0101000-1004210 Project Code: Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. 14. Statement of Work: Specific Recovery Act Statement of Work Carryover funding in the amount of \$200,000 is authorized for BT0101000-05794-1004210-Building America (2009). These funds are made available for Project #20742 - BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits). These funds are to be distributed to Agreement # 20705 - Retrofit Systems in accordance with AOP# 2004060. In foundation wall retrofits the interior of the walls of existing homes is often impossible to get at because of all the shelving, mechanical equipment, cabinets, electrical panels interior wall edge interfaces, and many times drywall and paneling. High pressure water drilling has gained ground in below grade applications. ORNL has identified several companies that have drilling experience that will partner on a demonstration. ORNL will install a section of below grade insulation after slurry excavation on the Envelope Systems Research Facility that has been used to test foundation insulation systems for the last 20 years. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. 14. Statement of Work:			
Specific Recovery Act Statement of Work			
Carryover funding in the amount of \$1,500,000 is authorized for BT0101000-05794-1004210-Building America (2009). These funds are made available for Project #20742 - BTP2-2004060-Residential Buildings (Building America, Builders Challenge, and Existing Home Retrofits). These funds are to be distributed to Agreement # 20700 - Retrofit Marketing and Behavioral R & D in accordance with AOP# 2004060. The National Building Rating program will provide guidance for building energy retrofits based on state-of-the-art cost and performance data and a national, comprehensive energy efficiency rating system for both residential and commercial buildings. The program's rating system will address the building's physical characteristics (the "asset measurement") and past energy performance (the "operational measurement") as well as its performance relative to other similar buildings ("benchmarking"). These measurements build upon existing tools, including EPA's commercial and residential building benchmarking tools. The program will use a labeling scheme that conveys building energy use information from the rating system to residential and commercial building owners, energy managers, purchasers and other stakeholders. The program will also support continuous improvement of building energy-efficiency by enabling tracking of costs and impacts of energy-efficiency improvements in residential and commercial buildings, including work funded by the DOE Weatherization Assistance Program (WAP), State Energy Program (SEP), and the Energy Efficiency and Conservation Block Grant (EECBG) programs. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy.

14. Statement of Work: Specific Recovery Act Statement of Work Funding in the amount of \$50,000 is authorized for EB2501030-05794-1004255-Support Ranch & Test. These funds are made available for Project #20484 - Wind Energy Technology R&D and Testing. These funds are to be distributed to Agreement # 20485-2004450 - Wind Turbine Manufacturing Process Monitoring in accordance with FWP# CEEB140. This FWP is related to a proposal that is being submitted in response to a DOE Solicitation entitled "20% Wind by 2030: Overcoming the Challenges," DE-F338-09G069010 under Topic Area 1. ORNL Polymer Matrix Composites staff will play an advisory role in support of GE's proposal to develop a more effective composite prepreg tape laying head for manufacturing spar caps on large wind turbine blades. ORNL will participate in brainstorming sessions, and project reviews, and planning for Phase 2 implementation of the improved processing capability. ORNL will bring extensive composites experience, including connection head development, automated performing, composites processing, and fiber and fiber product form development, to assist in identifying necessary hardware, processing, and material form improvements necessary for full integrated concept development and implementation. ORNL's task will also involve review of complementary technologies useful for development and demonstration of the improved equipment. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

- ORNL will complete initial recommendations to GE on material and processing conditions and accept/reject criteria. September 30, 2010

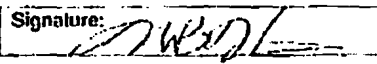

Section B: Contractor Recovery Act Performance Outcomes and Measures:

ORNL is providing consultation and support to GE's development of an inline inspection system for a prepreg tape delivery head. Most input will be provided to GE directly at meetings or through informal project communications. The project itself will have measurable milestones and deliverables. Formal input to GE will be contained in an annual report and end-of-project report summarizing ORNL's contributions and impact assessment.

Section C: Contractor Recovery Act Deliverables:

- ORNL will provide GE with final report input to include a review of complimentary technologies useful for development and demonstration of the improved equipment for composite materials processing, such as advanced robotics, imaging, and image analysis for automated fabrication and inspection. September 30, 2011

Attachment 1g

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION			
1a. Solicitation/Project Title: Evaluation ARRA 2009		1b. Work Proposal Number (if applicable): AOP# OR22725

3. Headquarters Budget Point of Contact: Name: Jay Schell		Organization Code:	Telephone No: (202) 586-0660
4. Responsible Program: Office of Energy Efficiency and Renewable Energy		5. Responsible Secretarial Officer: Catherine Zoi	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Joel Eisenberg Telephone No: (202) 479-0439	
8. Work Authorization Number: WI-470002-20455-10		9. Revision Number: 0	
10. Funds Authorized during FY 2010:			
B&R Code	Previous	Change	Current
WI0702000-05797-1004760	\$0	\$5,800,000	\$5,800,000
11. Performance period covered by funds: From: 10/4/2009 To: 9/30/2010		12. Work Start Date: 10/4/2009 1/1/10, NCL	13. Expected Completion Date: 9/30/2010 2013, NCL
14. Statement of Work: Carryover funding in the amount of \$5,800,000 is authorized for Weatherization Training & Technical Assistance. These funds are made available for Project #20455 - Evaluation ARRA 2009. These funds are to be distributed to Agreement # 19052-ORNL Evaluation of WAP in accordance with AOP# OR22725. Oak Ridge National Laboratory's contractor will conduct an evaluation of the Weatherization Assistance Program (WAP) during the period of the implementation of the American Recovery and Reinvestment Act of 2009 (ARRA). This evaluation will encompass WAP Program Years 2009 and 2010. The evaluation will include: an impact analysis that will estimate national energy savings, energy cost savings, and cost effectiveness; a process evaluation that will describe how the weatherization community is dealing with ARRA provisions and expansion of the program; a non-energy benefits analysis that will focus on additional benefits attributable to the program from increases in average weatherization investments in homes, additional reductions in greenhouse gases, and expanded training in weatherization; and a post-ARRA assessment that will document plans being made by states and local agencies to maintain expanded weatherization programs and analyze new ways to leverage resources for weatherization activities, such as through voluntary carbon markets. Oak Ridge National Laboratory may also conduct special studies to estimate energy savings associated with innovations in the delivery of weatherization services, such as neighborhood sweeps and weatherization of public housing units. The awardees will prepare draft and final reports providing detailed assessments of energy savings and other benefits of the program. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: <u>Contractor Recovery Act Schedule or Milestone Requirements</u>	
1. Approval of data collection instrument by OMB Instruments will be submitted to OMB in FY 2010, 3 rd quarter.	
(Given the unpredictable time to complete the OMB review process, this milestone is expected to be met in FY 2011, 1 st quarter or 2 nd quarter Delay in approval will result in delay of Data Collections and Delivery of Final Report)	
2. Data collections For national energy savings attributable to WAP for Program Year 2009: FY 2012, 1 st quarter (11/15/2011) WAP for Program Year 2010: FY 2013, 1 st quarter (11/15/2012)	
Data collection for the process assessment:	FY 2011, 3 rd quarter. (6/15/2011)
Data collection for special studies:	FY 2012, 3 rd quarter.(6/15/2012)
3. Final Reports Final Report: FY 2013, 4 th quarter (9/30/2013)	
Section B: <u>Contractor Recovery Act Performance Outcomes and Measures</u>	
National energy savings attributable to WAP for Program Years (PY) 2009 & 2010	
Energy savings attributable to innovations in WAP program delivery	
Monetary estimates of non-energy benefits attributable to WAP for PY Years 2009 & 2010	
Estimates of reductions in the emission of greenhouse gases attributable to WAP for PY Years 2009 & 2010	
Qualitative observations about WAP operation and administration for PY Years 2009 & 2010	
Section C: <u>Contractor Recovery Act Deliverables</u>	
Monthly Progress Reports	
Interim reports documenting: Program Year 2009 national energy savings Program Year 2010 national energy savings Program Year 2009 non-energy benefits Program Year 2010 non-energy benefits	
Special Studies Reports: WAP Process Assessment WAP Strategies Assessment for WAP post-ARRA	
Final Project Report	

Attachment 1h

U.S. DEPARTMENT OF ENERGY CONTRACT WORK AUTHORIZATION			
1a. Solicitation/Project Title: EECBG Formula Grants Technical Assistance		1b. Work Proposal Number (if applicable):	
2. Headquarters Program Point of Contact Name: Scott Hine		Organization Code:	Telephone No: (202) 586-6744
3. Headquarters Budget Point of Contact Name: Thomas Heavey		Organization Code: EE-3B	Telephone No: (202) 586-4501
4. Responsible Program: Office of Energy Efficiency and Renewable Energy		5. Responsible Secretarial Officer: Catherine Zol	
6. Responsible Field Element: Oak Ridge Operations Office			
7a. Site and Facility Management Contractor: University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact: Name: Greg Turner Telephone No: (865) 241-0848	
8. Work Authorization Number: * -470002-20698-10		9. Revision Number: 1	
10. Funds Authorized during FY 2010:			
B&R Code	Previous	Change	Current
EB5100000-05784-1005098 (2008)	\$0	\$200,000	\$200,000
11. Performance period covered by funds: From: 2/5/2010 To: 9/30/2010		12. Work Start Date: 2/5/2010	13. Expected Completion Date: 9/30/2010
14. Statement of Work Specific Recovery Act Statement of Work Carryover funding in the amount of \$200,000 is authorized for EB5100000-05784-1005098-HQ PD (2008). These funds are made available for Project #20698 - EECBG Formula Grants Technical Assistance. These funds are to be distributed to Agreement # 20825-ORNL EECBG Technical Assistance. UT-Battelle will provide technical assistance to the DOE ORNL Site Office by working with ORO EECBG grantees in resolving technical issues associated with the strategy submissions under the EECBG program and in expediting document modifications and submissions. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05784, Appropriation: 89-09/10-0331, Allottee: 60 B&R Code/Program Value: EB5100000-1005098 Project Code: 2004940 Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Energy Efficiency and Renewable Energy laboratory appraisal process.			
15. Reporting Requirements: (Status reports, scientific or technical information or similar)			
16. Work Authorization Program Official: Name (typed): A. Avon Meacham, Signature: <i>[Signature]</i> Date: Feb 5, 2010 Director OPBA			
17. DOE Field Organization Official: Name (typed): Michele G. Brandon, Signature: <i>[Signature]</i> Date: 2/5/2010			
18. Contractor's Authorized Representative: Name (typed): D.C. Christensen, Signature: <i>[Signature]</i> Date: 2/5/2010			
19. DOE Contracting Officer (or delegated representative) Name (typed): MARK A. MILLER, Signature: <i>[Signature]</i> Date: 2/5/2010			
* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.			

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

The contractor shall provide technical assistance to EECBG grantees in accordance with the schedule and milestones established by the procurement team. Milestones: Provide technical assistance for block grant applications as requested.

Section B: Contractor Recovery Act Performance Outcomes and Measures

The contractor will become proficient, knowledgeable and subject matter experts in EECBG grant applications and submissions. All reviews and assistance will be conducted and completed in accordance with the procedures, milestones and schedule specified by the procurement team. The contractor will be assessed on the quality and completeness of EECOB grantee assistance. This will include the ability to successfully articulate and apply the goals and objectives of EECBG in conducting reviews and assistance.

Section C: Contractor Recovery Act Deliverables

- Provide EECBG grantee assistance in resolving technical issues associated with the strategy submissions and in expediting document modifications.
- Participate in EECBG submission assistance as subject matter experts as required.

Oak Ridge Tennessee 37831

March 1, 2010

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, Tennessee 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO.'S 331 - 337

A fully executed copy of the subject contract modifications are enclosed for your retention. These modifications obligate Department of Energy appropriated and non-appropriated, including Work for Others (WFO), funding. At this time, all appropriated funding received from other agencies via WFO program must be issued under separate contract modifications for proper tracking in the FPDS-NG system.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Department of Energy

Oak Ridge Office
P.O. Box 2001
Oak Ridge, Tennessee 37831—

March 15, 2010

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 338

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$300,000 to the contract for the Intergovernmental Personnel Act (IPA) Assignment Agreement between the Department of Energy and UT-Battelle involving Lee McGetrick.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Enclosure

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended.
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required) Net Increase: \$300,000.00
See Page 3.

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	D. OTHER (Specify type of modification and authority) 970.5232-4 OBLIGATION OF FUNDS (DEC 2000), P.L. 111-5 and P.L. 95-91

E. IMPORTANT: Contractor is not, is required to sign this document and return 0 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The administrative office (administrative contracting activity) for this award/modification/amendment is 00518.

The administrative office (administrative contracting activity) code is needed by the contractor/recipient for reporting to FederalReporting.gov concerning awards made with funding from the American Recovery and Reinvestment Act of 2009 (ARRA or Recovery Act).

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds to the contract for the Intergovernmental Personnel Act (IPA) Assignment Agreement between the Department of Energy (DOE) and UT-Battelle, LLC involving UT-Battelle employee Lee Bryson McGetrick. This IPA Assignment Agreement with Ms. McGetrick will provide the DOE Environmental Management organization with additional capability for oversight and integration functions with regards to DOE prime contractors who will be performing demolition, legacy material removal, and remedial action projects within the footprint of the Oak Ridge National Laboratory central campus.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” incremental funds in the amount of \$300,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$11,004,734,708.58 to \$11,005,034,708.58. The approved Funding Authorization from the DOE Office of Environmental Management is included as Attachment 1 to this modification.
- C. The specific Position Description, Reason for Mobility Assignment, Fiscal Obligations, and other agreement details can be found in the IPA Assignment Agreement for Ms. Lee Bryson McGetrick, which is incorporated by reference.
- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work identified in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. Contingent on the availability of funds, the Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved IPA Assignment Agreement.
- F. All other terms and conditions remain unchanged.

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 339

A fully executed copy of the subject contract modification is enclosed for your retention. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$54,991,492 to the contract for Office of Energy Efficiency and Renewable Energy projects. The total amount of funds obligated under this contract since its inception is increased by \$54,991,492 from \$11,005,034,708.58 to \$11,060,026,200.58.

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code is hereby provided as Attachment 2 to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds in the amount of \$54,991,492 to the contract for the Office of Energy Efficiency and Renewable Energy projects identified in the Work Authorizations reflected in section C below.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” additional funds in the amount of \$54,991,492 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$11,005,034,708.58 to \$11,060,026,200.58.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the following referenced Work Authorizations:

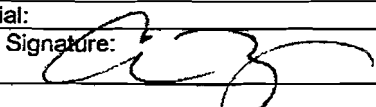

Work Authorization Number	Work Authorization Title
WA No. BA-470002-20886-10 (Attachment 1A)	Carbon Fiber Technology Center
WA No. BA-470002-20887-10 (Attachment 1B)	Construction Part of Carbon Fiber Technology Center
WA No. BA-470002-20842-10 (Revision 1) (Attachment 1C)	2004140-Lab Call for Facilities and Equipment
WA No. BA-470002-20842-10 (Revision 2) (Attachment 1D)	2004140-Lab Call for Facilities and Equipment
WA No. IF-470002-20416-10 (Attachment 1E)	Energy-Intensive Processes R&D
(Numbers from Block 8 of the Work Authorizations)	

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.

- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved work authorization for the activity.
- F. All other terms and conditions remain unchanged.

Specific Recovery Act Statement of Work			
Capital equipment funding in the amount of \$20,000,000 of unobligated carryover funds is authorized for EB3603000-05794-1005301 - Lab Call Facilities. These funds are made available for Project #20886 - Carbon Fiber Technology Center. These funds are to be distributed to Agreement #20921 - Carbon Fiber Technology Center - Equipment in accordance with AOP #ORNL_SOW_020210. These funds will be used to establish an open but controlled-access national facility that can be used by industry, academia, and national laboratories in partnership with ORNL researchers to (i) demonstrate scalability of LCCF technology, (ii) produce quantities of LCCF needed for material and process evaluations by original equipment manufacturers and their suppliers in multiple industries, and (iii) demonstrate low-cost, high-volume PMC technology. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy.			
ARRA funding information: Fund: 05794, Appropriation: 89-09/10-0331, Allottee: 30 B&R Code/Program Value: EB3603000-1005301 Project Code: 2004140			
Attachment A, Contractor Recovery Act Performance Requirements, identifies the Contractor Recovery Act Schedule or Milestones, Performance Outcomes and Measures and Deliverables for this Work Authorization. The contractor's performance against the identified requirements in Attachment A will be evaluated under the Office of Energy Efficiency and Renewable Energy laboratory appraisal process.

Name (typed): Mark A. Mullion		Signature: Mark A. Mullion	Date: 3/8/10

* The work authorization number will consist of the program code, AFP code, solicitation/project id and the fiscal year.

Attachment A - Contractor Recovery Act Performance Requirements

Section A: Contractor Recovery Act Schedule or Milestone Requirements:

Milestone: 44243; CD-1: Alternative selection and cost range approval - Plan Complete: 6/30/2010

Section B: Contractor Recovery Act Performance Outcomes and Measures:

ORNL will continually use its established in-house quality control and project performance evaluation procedures to ensure that the conduct of this project is in consistency with the guidelines and requirements of the American Recovery and Reinvestment Act of 2009; it will continually monitor and measure the progress made for this project, taking corrective steps when needed; and will use the services of both in-house personnel and outside experts to accomplish such outcome.

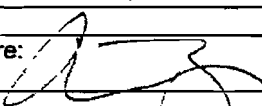

Section C: Contractor Recovery Act Deliverables:

(Milestone 44244: Equipment Fabricated: Conversion and melt spinning equipment delivered to site - Plan Complete: 12/31/2011) (Milestone 44245: Equipment Operational: Conversion and melt spinning equipment test acceptance documents: 5/31/2012)

Specific Recovery Act Statement of Work			
Construction funding in the amount of \$14,700,000 of unobligated carryover funds is authorized for 39EB00000PRN10EE05001-05794-1005306-Carbon Fiber Tech. These funds are made available for Project #20887 – Construction-of Carbon Fiber Technology Center. These funds are to be distributed to Agreement #20922 – Construction- Carbon Fiber Technology Center in accordance with the ORNL carbon fiber SOW. The objectives of this facility project are to establish an open but controlled-access national facility that can be used by industry, academia, and national laboratories in partnership with ORNL researchers to (i) demonstrate scalability of LCCF technology, (ii) produce quantities of LCCF needed for material and process evaluations by original equipment manufacturers and their suppliers in multiple industries, and (iii) demonstrate low-cost, high-volume PMC technology. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy.

8. Work Authorization Number: * BA-470002-20842-10		9. Revision Number: 1	
10. Funds Authorized during FY 2010:			
<u>B&R Code</u>	<u>Previous</u>	<u>Change</u>	<u>Current</u>
39EB00000PRN10EE05002-05794-1005307	\$0	\$19,300,000	\$19,300,000
11. Performance period covered by funds: From: 10/1/2009 To: 9/30/2013		12. Work Start Date: 10/1/2009 3/15/2010	13. Expected Completion Date: 9/30/2013
14. Statement of Work: Specific Recovery Act Statement of Work Construction funding in the amount of \$19,300,000 is authorized for 39EB00000PRN10EE05002-05794-1005307-Int Net-Zero Energy. These funds are made available for Project #20842 - 2004140-Lab Call for Facilities and Equipment. These funds are to be distributed to Agreement # 20824-Expand and Upgrade Building Technologies Research & Integration Center (BTRIC) in accordance with AOP# 2004140. Agreement 20824; Expand and Upgrade Building Technologies Research & Integration Center (BTRIC) ARRA Project# 2004140-Lab Call for Facilities and Equipment. The DOE Office of Energy Efficiency and Renewable Energy (EERE) allocated a portion of funds from the American Recovery and Reinvestment Act (ARRA) to a competitive solicitation known as the Facilities and Equipment Upgrade Lab Call #09-002 (hereafter referred to as #09-002). The solicitation objective was to strengthen the R&D capabilities of the national laboratories in three areas – carbon fiber, advanced batteries, and buildings – by upgrading and expanding laboratory facilities and equipment. Oak Ridge National Laboratory (ORNL) was awarded \$20.2 million under the buildings topic within #09-002. With these resources ORNL will expand and leverage its extensive existing capabilities in developing and integrating innovative building technologies by placing into service two flexible research platforms (for transitioning “test buildings” – a.k.a. small commercial buildings – through their design, construction, commissioning, operation, de-commissioning and removal life-cycle in approximately a year), several new laboratories, and will also upgrade equipment in several existing building technologies laboratories. Collectively, the existing and new facilities are called the Building Technologies Research & Integration Center, or BTRIC User Facilities. The ORNL proposal under #09-002, entitled “Integrated Net-Zero Energy Buildings Research Laboratory at Oak Ridge National Laboratory (ZLAB)” requested \$25 million for specific new facilities and existing facility upgrades hence the mission and scope will be reduced, in consultation with the Building Technologies Program and as necessary with other awardees, during the facilities development process to match the resources provided. BTP will provide guidance to the development of CD-1, CD-2, CD-3 and CD-4 and approval by BTP will be obtained at each CD stage before the next stage commences. All requirements in the original #09-002 including the requirement to comply with DOE O 413.3A will be satisfied and constitute as deliverables, as proposed, during the facilities development process. ORNL will also obtain any necessary NEPA document approval. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to Energy Efficiency and Renewable Energy. ARRA funding information: Fund: 05794, Appropriation: 89-09/10-0331, Allottee: 30 B&R Code/Program Value: 39EB00000PRN10EE05002-1005307 Project Code: 2004140

WORK AUTHORIZATION

**U.S. DEPARTMENT OF ENERGY
CONTRACT WORK AUTHORIZATION**

1a Solicitation/Project Title Energy-Intensive Processes R&D		1b Work Proposal Number (if applicable) AOP# tbd	
2 Headquarters Program Point of Contact Name Isaac Chan Organization Code: EE-2F Telephone No (202) 586-4981			
3 Headquarters Budget Point of Contact Name: Norman Hurwitz Organization Code: Telephone No (202) 287-5588			
4 Responsible Program Office of Energy Efficiency and Renewable Energy		5 Responsible Secretarial Officer: Catherine Zoi	
6 Responsible Field Element Oak Ridge Operations Office			
7a Site and Facility Management Contractor University of Tennessee - Battelle (Oak Ridge National Laboratory)		7b. Contractor Point of Contact. Name Craig Blue Telephone No (865) 574-4351	
8 Work Authorization Number * IF-470002-20416-10		9 Revision Number 8	
10. Funds Authorized during FY 2010.			
<u>B&R Code</u>	<u>Previous</u>	<u>Change</u>	<u>Current</u>
ED1908000-05794-1004889	\$0	\$91,492	\$91,492
11 Performance period covered by funds. From 10/1/2009 To 10/30/2010		12. Work Start Date: 10/1/2009	13. Expected Completion Date 10/30/2010
14 Statement of Work <u>Project Number: 2004320</u> Carryover funding in the amount of \$91,492 is authorized for Energy-Intensive Process R&D. These funds are made available for Project #20416 Energy-Intensive Processes R&D. These funds are to be distributed to Agreement # 18977-Nanocatalytic conversion of biomass into second-generation biofuels in accordance with AOP# tbd. This concept definition project will focus on the potential for nanocatalysis in playing a significant role in the development of efficient processes for biomass conversion into biofuels. Second-generation biofuels (i.e. those from catalytic conversion of ligno-cellulosic biomass/wastes) serve as alternatives to gasoline and diesel fuels and offer great benefits in both energy and carbon. This project proposes to investigate the use of clay-based nanocatalysts to facilitate the breakdown of refractory organics from unconventional sources, primarily from lignin, but also from bitumen and oil shale into feedstocks that can be used for transportation fuels and for the chemical industry. Advances in the use of clay minerals as economical catalysts will be coupled with the advantages posed by nanomaterials to greatly enhance the efficiency and economics of the processing of refractory materials. In particular, lower temperature conversions and more rapid processing is predicted from the use of nanotechnology in this area. In particular, this study will focus on economical, naturally abundant clay-based layered nanocatalysts, and will evaluate issues related to production of the nanocatalysts and their performance in reducing waste and energy usage in the production of biofuels and chemicals from renewable sources. CFO Project Code: 2004320. Funding provided in this work authorization is not approved for obligation of any type of support service contract either as a prime or subcontract award. The laboratory recipient of the funds is responsible for reporting all funding obligations and costs to headquarters. The laboratory recipient must maintain obligations and cost data at the agreement level and the data must be made available to EERE.

ATTACHMENT A – CONTRACTOR RECOVERY ACT PERFORMANCE REQUIREMENTS

Section A: Contractor Recovery Act Schedule or Milestone Requirements

Task 1 – Architected Nanomembranes for In-Situ Energy Conversion

Milestone – Complete evaluation of engineering processing concepts for architected nanocomposite membranes; August 2010

Task 2 – Nanocatalytic Conversion of Biomass into Second-Generation Biofuels

Milestone – Complete analysis of extending technology to unconventional sources of carbon-based compounds; August 2010

Task 3 – Oxide-Nanoparticle Containing Coatings for High Temperature Alloys

Milestone – Complete initial processing trials and characterization of materials with and without electromagnetic stirring; August 2010

Task 4 – Synthesis of Highly Ordered TiO₂ Nanotubes using Ionic Liquids for Photovoltaics (PV)

Milestone - Identify preferable molecular structures of ionic liquids and synthesis parameters based on characterization of nanostructures, crystalline phases and PV; May 2010

Task 5 – Nanocomposite Materials for Lithium Ion Batteries

Milestone – Develop transport models & complete characterizations; September 2012

Task 6 – Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures

Milestone - Complete optical evaluation of quantum dot structures; June 2010

Task 7 – Mesoporous Carbon Membranes for Selective Gas Separations

Milestone – Develop scalable methodology for preparing supported mesoporous carbon membranes supported on anodized alumina membranes for gas separation; August 2010

Task 8 – Nanocrystallization of LiCoO₂ Cathodes for Thin Film Batteries

Milestone – Determine optima PIP parameters for achieving desired performance from Thin Film Battery cathodes; August 2010

Task 9 – Improving Heat Recovery in Biomass-Fired Boilers

Milestone – Submit draft report with results of field corrosion probe studies; June 2012

Section B: Contractor Recovery Act Performance Outcomes and Measures

All tasks described under this effort will be completed by 9-30-2012, within the budget allocated to each task. Completion of each task will be determined by the submission of a final task report to the sponsor's designated representative.

Section C: Contractor Recovery Act Deliverables

Task 1 – Architected Nanomembranes for In-Situ Energy Conversion

Deliverable, Final Report

Task 2 – Nanocatalytic Conversion of Biomass into Second-Generation Biofuels

Deliverable, Final Report

Task 3 – Oxide-Nanoparticle Containing Coatings for High Temperature Alloys

Deliverable, Final Report

Task 4 – Synthesis of Highly Ordered TiO₂ Nanotubes using Ionic Liquids for Photovoltaics (PV)

Deliverable, Final Report

Task 5 - Nanocomposite Materials for Lithium Ion Batteries

Deliverable, Final Report

Task 6 - Pulsed Thermal Processing of Self-Assembled Quantum Dot Structures

Deliverable, Final Report

Task 7 - Mesoporous Carbon Membranes for Selective Gas Separations

Deliverable, Final Report

Task 8 - Nanocrystallization of LiCoO₂ Cathodes for Thin Film Batteries

Deliverable, Final Report

Task 9 – Improving Heat Recovery in Biomass-Fired Boilers

Deliverable, Final Report

March 23, 2010

Mr. Michael J. Fietze, Director
Prime Contract Administration
UT-Battelle, LLC
P.O. Box 2008
Oak Ridge, TN 37831-6262

Dear Mr. Fietze:

CONTRACT NO. DE-AC05-00OR22725 - MODIFICATION NO. 340

A fully executed copy of the subject contract modification is enclosed for your retention. This modification obligates American Recovery and Reinvestment Act of 2009 funding in the amount of \$100,000 to the contract for Military Interdepartmental Purchase Requests (MIPR) packages entitled "ARRA351-Oak Ridge National Lab Support—Project No. 139232".

If you have any questions, please contact me at 576-4523.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Million".

Mark A. Million
Contracting Officer

Block 12 “ACCOUNTING AND APPROPRIATIONS DATA,” continued.

Funds Obligated for Recovery Act Projects:

All required accounting and appropriations data, including the Treasury Accounting Symbol and Fund Code, is hereby provided in Attachments 2A and 2B to this modification.

Block 14 “DESCRIPTION OF AMENDMENT/MODIFICATION,” continued.

- A. This modification is issued to obligate American Recovery and Reinvestment Act (Recovery Act) of 2009 funds for a project entitled “ARRA351-Oak Ridge National Lab Support—Project No. 139232”.
- B. Accordingly, pursuant to Section I Contract Clause – DEAR 970.5232-4 entitled “Obligation of Funds,” funds in the amount of \$100,000 are hereby obligated in support of Recovery Act activities. The total amount of funds obligated under this contract since its inception is increased from \$11,060,026,200.58 to \$11,060,126,200.58.
- C. The specific Contractor Recovery Act Statement of Work, Milestones, Outcomes and Measures, and Deliverables funded by this modification are identified in the Military Interdepartmental Purchase Requests (MIPR) packages referenced in the table below. Attachments 1A and 1B to this modification contain the MIPR documents (DD Form 448).

MIPR Number	MIPR Title
W81F8E93374255 (Amendment No. 000) (Attachment 1A)	ARRA351-Oak Ridge National Lab Support—Project No. 139232
W81F8E93374255 (Amendment No. 001) (Attachment 1B) (Numbers from Block 5 of the MIPRs)	ARRA351-Oak Ridge National Lab Support—Project No. 139232

- D. The work described in this modification shall be performed using funds obligated under this contract, which have been appropriated under the Recovery Act of 2009, (Pub. L. 111-5), and as such, is subject to the special statutory conditions and the additional contractual terms and conditions that are listed in section E below and previous contract modifications related to the Recovery Act. The funds obligated hereunder shall only be used to accomplish the work as set forth in section C above and may not be used for any other purpose without the prior written consent of the Contracting Officer.
- E. The Contractor shall complete all Recovery Act Work funded by this modification in accordance with Recovery Act requirements, including the required completion dates specified therein, and by the completion date identified in the approved Military Interdepartmental Purchase Requests package for the activity.
- F. All other terms and conditions remain unchanged.

REMARKS : THIS ORDER IS A DESIGNATED ECONOMY ACT ORDER

RECOVERY ACT: This commitment contains funds from the American Recovery and Reinvestment Act of 2009. All award documents and related communications include the clauses and provisions necessary to ensure award recipients are legally obligated and prepared to meet their reporting requirements under the Recovery Act. For each contract over \$500,000, agencies should prepare a summary of the contract document which will be made available publicly and linked to Recovery.gov via the award number. (Future guidance forthcoming)

Upon Acceptance of this Government Order the Performing Activity must include the full accounting classification data to include: Department Code, Transfer Department Code, Appropriation Fiscal Year, Appropriation Symbol, Appropriation Limitation, Operating Agency, Allotment Serial Number, Fiscal Station Number, and the account classification amount.

CONTINUATION PAGE FOR PRIOR AMENDMENT REMARKS

AMEND NO REMARK

000 RECOVERY ACT: This commitment contains funds from the American Recovery and Reinvestment Act of 2009. All award documents and related communications include the clauses and provisions necessary to ensure award recipients are legally obligated and prepared to meet their reporting requirements under the Recovery Act. For each contract over \$500,000, agencies should prepare a summary of the contract document which will be made available publically and linked to Recovery.gov via the award number. (Future guidance forthcoming)

SECTION B - SUPPLIES OR SERVICES AND PRICES/COSTS

B-1 Services Being Acquired

The Contractor shall manage and operate the Oak Ridge National Laboratory (ORNL or Laboratory), a Federally Funded Research and Development Center (FFRDC). The Contractor shall use its best efforts to provide the necessary personnel, equipment, materials, supplies, and services (except as may be provided by the Government) and otherwise do all things necessary for, or incidental to, performing the Statement of Work set forth in Section C as directed by the Contracting Officer within the scope of this contract, or as may be agreed upon by the Contractor and the Contracting Officer.

B-2 Fixed Fee

A fixed fee of \$3,500,000 shall be paid to the Contractor for performance of the work under the contract for the period February 1, 2000, through September 30, 2000, in accordance with the provisions of the clause in Section I entitled, "Payments and Advances." There shall be no adjustment in the amount of the fee by reason of differences between any estimate of cost for performance of the work under this contract and the actual costs for performance of that work. Fee is subject to adjustment only under the provisions of the clause in Section I entitled, "Changes." The fixed fee shall be applicable to the prime Contractor and its members in a joint venture or limited liability company, teaming partner, and subcontractors identified and considered a part of the selection and award of this contract, if any.

No fixed fee deemed applicable to work performed under the American Recovery and Reinvestment Act (Recovery Act) of 2009 shall be paid to the Contractor prior to definitization of contract modification(s) reflecting negotiated results of said Recovery Act work. After execution of the definitization contract modification(s), fixed fee provided under Recovery Act work shall be paid in accordance with the "Payments and Advances" clause in Section I of the contract.

The fixed fee amounts agreed to by DOE and the Contractor determined to be subject to the "Changes" clause in Section I are as follows: 1) \$400,000 for Work Authorization No. FD/04019/OR/41, and 2) \$378,000 for Work Authorization No. FE/01019/OR/41.

B-3 Performance Fee

In implementation of the clause in Section I entitled, "Total Available Fee: Base Fee Amount and Performance Fee Amount," the following shall apply:

- (a) There is no base fee for the period October 1, 2000, through March 31, 2005. During the period October 1, 2000, through September 30, 2004, annual total available performance fee shall be \$7,000,000 less a fee discount factor of 2%. During the period October 1, 2004, through March 31, 2005, total available performance fee shall be \$3,500,000 less the fee discount factor stated above.
- (b) There will be no annual negotiation of total available performance fee since the total available performance fee for the base period of the contract has been established. There shall be no adjustment in the amount of the total available performance fee by reason of differences between any estimate of cost for performance of the work under this contract and the actual costs for performance of that work. Total available performance fee is subject to adjustment only under the provisions of the clause in Section I entitled, "Changes." The total available performance fee shall be applicable to the prime Contractor and its members in a joint venture or limited liability company, teaming partner, and subcontractors identified and considered a part of the selection and award of this contract, if any.
- (c) Based on the annual evaluation of the Contractor's overall performance, the total performance fee earned for each evaluation period shall be as defined in the Section H clause entitled "Performance Expectations" and further defined in the annual Performance Evaluation and Measurement Plan.

Performance fee earned shall be available for payment in accordance with the provisions of this clause and the clause in Section I entitled, "Payments and Advances."

- (d) Performance expectations, including relative weights, and performance objectives upon which the Contractor will be evaluated annually will be contained in a Performance Evaluation and Measurement Plan consistent with the clause in Section H entitled, "Performance Expectations," and the clause in Section I entitled, "Total Available Fee: Base Fee Amount and Performance Fee Amount."
- (e) The Contractor may be paid provisional performance fee payments consistent with the provisions of the clause in Section I entitled, "Payments and Advances." The Contractor shall promptly refund to the Government any amount of performance fee paid that exceeds the amount of performance fee earned.

B-4 Fee During Option Period

- (a) The fee shall not exceed that allowed by DEAR 970.1504-1-3, "Special considerations: Laboratory management and operation" and shall not include the application of classification factors in DEAR 970.1504-1-9, "Special

considerations: Cost-plus award-fee.”

- (b) The fee shall be consistent with the approach used in the base term of the contract.
- (c) A fee discount factor of 2% shall be applied to the fee resulting from (a) and (b) above to produce the total available performance fee applicable to the option period.
- (d) During the period April 1, 2005 and September 30, 2005, total available performance fee shall be \$5,459,184 less the 2% fee discount factor stated above. During the period October 1, 2005 and September 30, 2009, total available annual performance fee shall be \$10,918,368 less the 2% fee discount factor stated above. During the period October 1, 2009 and March 31, 2010, total available performance fee shall be \$5,459,184 less the 2% fee discount factor stated above.

B-5 Fee During Five-Year Extension Period

- (a) The fee shall not exceed that allowed by DEAR 970.1504-1-3, “Special considerations: Laboratory management and operation” and shall not include the application of classification factors in DEAR 970.1504-1-9, “Special considerations: Cost-plus award-fee.”
- (b) The fee shall be consistent with the approach used in the base and option terms of the contract.
- (c) A fee discount factor of 2% shall be applied to the fee resulting from (a) and (b) above to produce the total available performance fee applicable to the extension period.
- (d) During the period April 1, 2010 and September 30, 2010, total available performance fee shall be \$5,459,184 less the 2% fee discount factor stated above. During the period October 1, 2010 and September 30, 2014, total available annual performance fee shall be \$11,428,572 less the 2% fee discount factor stated above. During the period October 1, 2014 and March 31, 2015, total available performance fee shall be \$5,714,286 less the 2% fee discount factor stated above.

SECTION C—DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

C-1 Introduction

- (a) Oak Ridge National Laboratory is a multi-program Department of Energy (DOE) national laboratory and a Federally Funded Research and Development Center (FFRDC) established in accordance with the Federal Acquisition Regulation Subpart 35. Oak Ridge National Laboratory, subsequently referred to as the Laboratory, is an Office of Science laboratory. The Laboratory performs work for all DOE programs including Science, Electrical Delivery and Energy Reliability, Energy Efficiency and Renewable Energy, Nuclear Energy, Fossil Energy, Environmental Management, and the National Nuclear Security Administration. The Laboratory supports the DOE's strategic themes in energy security, nuclear security, scientific discovery and innovation, environmental responsibility, and management excellence, in accomplishing the Department's mission. The Laboratory mission is to conduct basic and applied research and development (R&D) to advance scientific knowledge, the nation's energy resources, national security, and environmental quality, and to strengthen educational foundations and national economic competitiveness. DOE programs are carried out in partnership with academia, the private sector, other DOE national laboratories, the international scientific community, and other government agencies. The Laboratory also performs work consistent with the DOE mission for entities other than DOE. The Contractor will advance the frontiers of science and technology through broad interdisciplinary R&D programs that answer fundamental questions, solve technical problems (locally, regionally, nationally, and internationally), and develop and apply technologies to address societal needs.
- (b) This performance-based management contract reflects the Contractor's responsibility to develop and implement innovative approaches and adopt practices that foster continuous improvement in accomplishing the Laboratory mission. The Contractor will provide integrated line management of this diverse research institution, aligning multiple program scientific and technical missions with the appropriate resources and support to deliver world-class science in a cost effective manner. Integrated line management incorporates integrated safety management, integrated safeguard and security management, cross-organizational teamwork recognizing matrix management, and efficient work practices and applies them to programmatic and operational efforts. Success in partnering with industry and ultimate application of scientific information and/or technology to solve DOE or broad public issues is essential.

C-2 The Laboratory Vision

Consistent with the Department's, Office of Science's and other applicable program office's strategic plans, the Contractor shall develop and maintain a compelling long range vision and supporting strategic and business plans for the Laboratory. The vision and the associated laboratory plans shall be communicated to and reviewed by the Department via such planning processes as are established by the Office of Science. The Performance Evaluation and Measurement Plan, as called for within the clause entitled, "Standards of Contractor Performance Evaluation," identifies standardized Office of Science goals, objectives and specific measures, which are updated and agreed upon by the Parties annually, as standards against which the Contractor's overall performance of scientific, technical, operational, and/or managerial obligations under this contract shall be assessed.

C-3 Performance Goals, Objectives, and Notable Outcomes

DOE has substantial expectations of the Contractor in eight specific performance areas under two major categories: 1) Science and Technology and 2) Management and Operations. The specific areas under the Science and Technology Category are: a) Mission Accomplishment; b) Design, Fabrication, Construction and Operations of Facilities; and c) Science and Technology Research Project/Program Management. Goals under the Management and Operations category include: a) Leadership and Stewardship of the Laboratory; b) Integrated Safety, Health and Environmental Protection; c) Business Systems; d) Operating, Maintaining, and Renewing Facility and Infrastructure Portfolio; and e) Integrated Safeguards and Security Management and Emergency Management Systems. The Performance Evaluation and Measurement Plan is provided in Section J, Appendix G of the contract. This common set of performance areas has been put in place at all Office of Science laboratories as the basic structure for annual performance plans.

C-4 Statement of Work (SOW)

(a) Research and Development

- (1) In accomplishing the DOE mission, the Contractor shall maintain and advance the R&D capabilities that support all five DOE strategic themes: Energy Security, Nuclear Security, Scientific Discovery and Innovation, Environmental Responsibility and Management Excellence.

Energy Security—The Department's strategic theme is to promote America's energy security through reliable, clean, and affordable energy. The Contractor has the responsibility to manage Laboratory capabilities in: (1) biomass renewable energy feedstock and conversion technologies; (2) energy efficient technologies for buildings, industry, transportation,

and utility end-use; (3) applied materials in support of energy efficient technologies, electrical transmission and distribution, energy storage, renewables, vehicle technologies, and fossil fuel use; (4) nuclear technology and safety; and (5) assessing national energy use and projections of future energy supply and demand.

Nuclear Security—The Department’s strategic theme is to ensure America’s nuclear security. The Contractor shall maintain existing materials storage and processing facilities and develop related technologies. The Contractor shall support DOE in the development of technologies that promote non-proliferation, international nuclear safety, enhanced national security, and safe stockpile stewardship.

Scientific Discovery and Innovation—The Department’s strategic theme is to strengthen U.S. scientific discovery, economic competitiveness, and quality of life through innovations in science and technology. The Contractor shall maintain and enhance critical Laboratory capabilities in materials science and engineering and in neutron science. The Contractor shall manage the High Flux Isotope Reactor (HFIR), the Radiochemical Engineering Development Center and other hot cells, the Center for Nanophase Materials Sciences (CNMS), and the Spallation Neutron Source (SNS). These facilities support user programs in neutron scattering, materials irradiation, and isotope production. Also, the Contractor shall manage Laboratory capabilities in analytical and separations chemistry, computational sciences, environmental (including field experimental facilities) and social sciences, fusion science and technology, genetics, genomics, and biotechnology. The Contractor shall direct Laboratory capabilities in nuclear physics, astrophysics with radioactive ion beams, and solid-state physics.

Environmental Responsibility—The Department’s strategic theme is to protect the environment by providing a responsible solution to the legacy of nuclear weapons production. The Contractor shall maintain and improve capabilities in environmental technology development, environmental restoration, decontamination and decommissioning and waste management support, and health and environmental risk assessment. Waste minimization, pollution prevention, and energy consumption through green or renewable resources are a challenge and require initiatives to support greenhouse gas reduction efforts. The Contractor shall effectively and efficiently manage the minimization, characterization, and certification of Laboratory generated wastes and other materials, and the treatment, storage and disposal of newly generated waste as directed by DOE.

Management Excellence – The Department’s strategic theme is to enable the mission through sound management. The Contractor shall continue initiatives to improve efficiencies; reduce the cost of doing business; and, in the laboratory planning process, focus on these initiatives to ensure highly efficient and effective business, technical, and facility operations are achieved.

- (2) The Contractor shall effectively and efficiently manage all of the Laboratories’ core capabilities. This includes directing research in particle physics, accelerator science, plasma and fusion energy science, condensed matter physics and materials science, chemical and molecular science, climate change science, biological systems science, geological systems science, applied mathematics, advanced computer science, visualization, and data, computational science, applied nuclear science and technology, applied materials science and engineering, chemical engineering, systems engineering and integration, and large scale user facilities/advanced instrumentation. The Contractor shall ensure the Laboratory conducts basic and applied research, development, and demonstration activities facilitating deployment of technologies both in U.S. and international markets through partnerships with the private sector.

The Contractor will direct these core capabilities into creative research projects for DOE in partnership(s) with universities, other federal laboratories and agencies, and the private sector. Opportunities to transfer technology into useful products and processes should be conducted in close cooperation with private sector sponsors. The Contractor shall make it possible for the private sector to join in development/operation activities with the Laboratory to enhance teamwork and technology transfer.

- (3) The Contractor is responsible for operating 11 National User Facilities supporting diverse DOE mission areas and in FY 2009 had over 2,400 users representing over 560 organizations. The 11 National User Facilities are: the Buildings Technology Research and Integration Center, the Center for Nanophase Materials Sciences, the Center for Computational Sciences, the Center for Structural Molecular Biology, the High Flux Isotope Reactor, the High Temperature Materials Laboratory, the Holifield Radioactive Ion Beam Facility, the National Transportation Research Center, the Safeguards Laboratory, the Shared Research Equipment Program, and the Spallation Neutron Source Experimental Facility.

The Contractor is responsible for accommodating over 4,000 visiting scientists and 800 students that are guests of the Laboratory every year, and maintaining over 700 agreements to engage the 11 National User

Facilities. Agreements are in place with other government agencies, industries, universities, and international participants.

- (4) The Contractor shall effectively, efficiently, and safely operate the HFIR. HFIR provides state-of-the-art facilities for neutron scattering and materials irradiation and is the world's leading source of elements heavier than plutonium for research, medicine, and industrial applications. HFIR is a light-water cooled and moderated reactor with a design power level of 100 megawatts and a normal operating power of 85 megawatts. HFIR supports production of radioactive elements that benefit customers in diverse areas like cancer radiation therapy, nondestructive inspection of explosives and aircraft, and as start-up sources for nuclear reactors.
- (5) The Contractor shall maintain effective operations of existing and planned user facilities, other appropriate facilities, and provide effective customer service to user clients. The Contractor shall implement DOE mission objectives to ensure user facilities are user friendly, readily available, and can operate within conditions requested by user clients.

The Contractor is also responsible for user facilities that pose a significant challenge in planning and scheduling experiments. For example, the world class Spallation Neutron Source (SNS) is estimated to have up to 2,000 user scientists per year in a wide variety of scientific investigations. A number of other facilities are proposed at the Laboratory during the term of this contract.

- (6) The Contractor shall manage and maintain government-owned buildings and facilities at the Laboratory site, together with the utilities and appurtenances thereto. The Contractor is also responsible for certain buildings at the Y-12 Plant, and shall also operate the American Museum of Science and Energy as directed by DOE. The DOE Oak Ridge Office's other prime contractors manage some of the facilities at the Laboratory.
- (7) The Contractor shall manage the resources and capabilities of the Laboratory and provide leadership for this scientific institution. The Contractor will effectively and efficiently direct the day-to-day management of the Laboratory and proficiently link scientific/engineering capabilities to accomplish DOE's objectives. Providing leadership in methods of integrated line management to ensure inter-laboratory team building and intra-laboratory cooperation while supplying a safe working environment is essential. The Contractor is charged with maintaining and enhancing the intellectual resource base in order to avoid erosion of the scientific and engineering foundations at the Laboratory and to promote world leadership prominence in areas as mandated by the Office of

Science. The Contractor is also responsible for the employment of all personnel engaged in the SOW efforts and for the readiness and training of its personnel.

- (b) Protection of Workers, the Public and the Environment
- (1) Protection of workers, the public, and the environment are fundamental responsibilities of the Contractor and a critically important performance expectation. The Contractor's Environment, Safety, and Health (ES&H) program shall be operated as an integral, but visible, part of how the organization conducts business. A key element is continued implementation of the ORNL Integrated Safety Management System (ISMS), including prioritizing work planning and execution; establishing clear ES&H priorities; and allocating the appropriate level of trained and qualified resources to address programmatic and operational considerations; and continued implementation of integrated safeguards and security management systems and policies to provide a safe and secure work environment. The Contractor shall ensure that cost reduction and efficiency efforts are fully compatible with ES&H performance.
 - (2) The Contractor shall perform all activities in compliance with applicable health, safety, and environmental laws, orders, regulations, and national consensus standards (contained in ORNL Work Smart Standards); and governing agreements and permits executed with regulatory and oversight government organizations. The Contractor shall take necessary actions to preclude serious injuries and/or fatalities, keep worker exposures and environmental releases as low as reasonably achievable below established limits, minimize the generation of waste, and maintain or increase protection to the environment, public and worker safety and health.
 - (3) Incorporating integrated line management, the Contractor shall put in place a system that clearly communicates the roles, responsibilities, and authorities of line managers. The Contractor shall hold line managers, including direct reports, accountable for implementing necessary controls for safe performance of work in their respective area of responsibility. The Contractor shall establish effective management systems to identify deficiencies, resolve them in a timely manner, ensure that corrective actions are implemented, (addressing the extent of conditions, root causes, and measures to prevent recurrence) and prioritize and track commitments and actions. The Contractor shall, as appropriate, consider ES&H performance in selection of its subcontractors and incorporate ES&H requirements into subcontracts.

(c) Project Management

The Contractor shall manage all facility engineering and construction efforts in a manner that allows completion of project objectives in a safe and environmentally sound manner within the planned schedule, cost, and technical baselines. Specifically, the Contractor is expected to achieve all project deliverables associated with scientific facility upgrades, modernization projects including the those projects within the Science Laboratories Infrastructure program and the challenging United States contributions to ITER Project in accordance with DOE directives and requirements.

(d) Mission-Related Partnerships

The Contractor shall maintain and enhance existing partnerships and develop new technology partnership activities in support of the DOE mission. Mechanisms for partnerships include cooperative research and development agreements, direct assistance programs, employee loan programs, user facility agreements, memoranda of cooperation, memoranda of understanding, memoranda of agreement, license agreements, privately funded technology transfer, and other arrangements as approved by DOE in which research and development resources are leveraged with private sector partners. Efforts to develop broad based partnerships with academic research institutions, other agencies, other DOE laboratories, the international scientific community, and with the private sector are essential to the long-term viability of the Laboratory. Accomplishments in creating these partnerships may expand beyond the more classical cooperative research and development agreements as approved by DOE. Neutrons for science, biological systems science, advanced energy and materials, isotope production and advanced computational research programs provide opportunities for partnerships with the private sector, universities, and other national laboratories to advance scientific frontiers and enhance technology development. Facilities and instrumentation may be developed with applications in the pharmaceutical industry, clinical medicine, environmental remediation, and other areas. The contractor shall develop and implement programs that utilize laboratory resources in collaboration and cooperation with other academic and research institutions in order to advance science education opportunities and to improve the quality of science, mathematics, computing, and technology education in the United States.

(e) Other Activities

(1) The Contractor shall manage facilities and resources to optimize the effectiveness of operations in support of the DOE mission. The Contractor shall maintain critical skill mixes and resources at the Laboratory. The Contractor should perform make/buy analyses on work

functions that may be inefficient and determine options for improvement. The Contractor shall examine Laboratory operations to consolidate work efforts, eliminate duplication of scientific effort, identify underutilized facilities, and reduce operational costs. Site planning activities shall be conducted by the Contractor proactively addressing concerns of DOE, regulatory agencies, and stakeholder groups.

- (2) The Contractor shall support DOE-ORO in its responsibilities for land use planning and land management activities and natural resource management for the DOE Oak Ridge Reservation, which consists of over 30,000 acres of federally-owned land. The Contractor's responsibilities are land and facility planning for the Laboratory site, coordinating and conducting research and its associated operational and maintenance activities within the National Environmental Research Park (NERP).
- (3) The Contractor shall assist DOE through direct participation and other support in achieving DOE's energy efficiency goals and objectives in electricity, water, and thermal consumption, conservation, and savings, including goals and objectives contained in Executive Order 13423, *Strengthening Federal Environmental, Energy and Transportation Management*, and Executive Order 13514, *Federal Leadership in Environmental, Energy and Economic Performance*. The Contractor shall maintain and update, as appropriate, its Infrastructure/Mission Readiness Plans and supporting Site Plans (as required elsewhere in the contract) to include detailed plans and milestones for achieving site-specific energy efficiency goals and objectives.
- (4) In addition to the services specifically described in other provisions of this SOW, the Contractor shall perform services as DOE and the Contractor shall agree in writing that will be performed from time to time under this contract at Oak Ridge or elsewhere, as follows:
 - (i) Services incidental or related to the services described in other provisions of this SOW.
 - (ii) Services, using existing facilities and capabilities, for other federal agencies and nonfederal entities in accordance with policies and procedures established by DOE.
 - (iii) Services, using existing or enhanced facilities and capabilities, for the Nuclear Regulatory Commission (NRC), under agency agreements between NRC and DOE.

- (iv) Services in support of ORO programs when the work involved has been determined by DOE to be within the unique capabilities of the Contractor or when the work involved has been determined by DOE to be within the special scientific and technical capabilities of the Contractor and the urgent need for the services precludes acquiring them from another source.

SECTION D - PACKAGING AND MARKING

D-1 Packaging

Preservation, packaging, and packing for shipment or mailing of all work delivered hereunder shall be in accordance with good commercial practice and adequate to insure acceptance by common carrier and safe transportation at the most economical rates.

D-2 Marking

Each package, report or other deliverable shall be accompanied by a letter or other document which:

- (a) Identifies the contract number under which the item is being delivered.
- (b) Identifies the contract requirement or other instruction, which requires the delivered item(s).

SECTION E—INSPECTION AND ACCEPTANCE

E-1 52.246-9 Inspection of Research and Development (Short Form) (Apr 1984)

The Government has the right to inspect and evaluate the work performed or being performed under the contract, and the premises where the work is being performed, at all reasonable times and in a manner that will not unduly delay the work. If the Government performs inspection or evaluation on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

E-2 Inspection and Acceptance of Recovery Act Project Work (Apr 2009)

(a) Access –

- i. The Comptroller General and his representatives are authorized to examine any records of the Contractor or any of its subcontractors that involve transactions relating to the Contract or subcontract and to interview any officer or employee of the Contractor or any of its subcontractors, regarding such transactions.
- ii. Any representative of an appropriate inspector general is authorized to examine any records of the Contractor or any of its subcontractors that involves transactions relating to the contract or subcontract and to interview any officer or employee of the Contractor or subcontractor regarding such transactions.
- iii. The Recovery Accountability and Transparency Board (The Board) and its representatives are authorized to conduct audits and reviews of contracts that use Recovery Act funds. In addition to having access to records of the Contractor and any of its subcontractors, and the right to interview any officer or employee of the Contractor or subcontractor, the Board is also authorized to issue and enforce subpoenas to compel the testimony at public hearings, or otherwise, of persons who are not Federal officers or employees.

(b) Certification –

In order for the Contracting Officer to accept any products or services funded by the Recovery Act, the Contractor shall certify that the items were delivered and/or work was performed for a purpose authorized under the Recovery Act.

SECTION F—DELIVERIES OR PERFORMANCE

F-1 Term of Contract (Jan 2010)

The effective date of the contract is January 18, 2000. The term of the transition period is from January 18, 2000 through March 31, 2000. The term of the base contract is from April 1, 2000 through March 31, 2005. The Government has extended the term of the contract from April 1, 2005 to March 31, 2010, pursuant to the clause in Section I entitled, “Option to Extend the Term of the Contract,” for a period of five (5) years. In accordance with Federal Acquisition Regulation 17.605, the Government has extended the term of the contract from April 1, 2010 to March 31, 2015, for an additional period of five (5) years. The total duration of this contract under this clause shall not exceed 182 months.

F-2 Principal Place of Performance

The principal place of performance for the contract is Oak Ridge, Tennessee.

F-3 52.242-15 Stop-Work Order (Aug 1989)—Alternate I (Apr 1984)

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of up to 30 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of up to 30 days after a stop-work order is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either:
- (1) Cancel the stop-work order; or
 - (2) Terminate the work covered by the order as provided in the Termination clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule, the estimated cost, the fee, or a combination thereof, and in any other terms of the contract that may be affected, and the contract shall be modified, in writing, accordingly, if:

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
 - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon a proposal submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

F-4 Stop Work and Shutdown Authority

Section F Clause, FAR 52.242-15, "Stop Work Order," allows only the Contracting Officer to stop work or shut down facilities for reasons other than harm or imminent danger to the environment or health and safety of employees and the public.

Due to the immediate need to stop work due to situations where the Contractor's acts or failures to act present an imminent danger to the environment or health and safety of employees or the public, any DOE employee may exercise the stop work authority contemplated in Section I Clause, DEAR 970.5223-1, "Integration of Environment, Safety, and Health Into Work Planning and Execution."

SECTION G—CONTRACT ADMINISTRATION DATA

G-1 DOE Contracting Officer

For the definition of Contracting Officer see FAR 2.101 – Definitions. The Contracting Officer is the only individual who has the authority on behalf of DOE to take the following actions under the contract:

- (a) Assign additional work within the general scope of the Statement of Work of the contract;
- (b) Issue a change as defined in the “Changes” clause of the contract;
- (c) Change any of the expressed terms, conditions or specifications of the contract;
- (d) Accept non-conforming work; or
- (e) Waive any requirement of this contract.

G-2 Contracting Officer’s Representative(s) (COR)

The Contracting Officer's Representative(s) will be designated by separate letter and will represent the Contracting Officer in the technical phases of the work. A copy of this designation letter shall be furnished to the Contractor. The COR is not authorized to change any of the terms and conditions of this contract. Changes in the Scope of Work will be made only by the Contracting Officer by properly written modification(s) to the contract. Additional Contracting Officer’s Representative(s) for other purposes as required may be designated in writing by the Contracting Officer.

G-3 Contract Administration

The contract will be administered by:

U.S. Department of Energy
Oak Ridge Office
ORNL Site Office
Attention: Contracting Officer
Post Office Box 2001
Oak Ridge, Tennessee 37831

Written communication shall make reference to the contract number and shall be mailed to the Contracting Officer designated via separate correspondence to the above address.

G-4 Cost Reporting Requirements Involving Recovery Act Project Work (Apr 2009)

The following reporting procedure will apply to submission of monthly cost reports for Recovery Act work specified in the work scope baseline.

- (a) The Contractor will separately identify costs that pertain to the Recovery Act work. The Contractor will provide a monthly report that identifies the total amount drawn on the letter of credit. This monthly report shall separate and identify Recovery Act costs associated with each appropriation at the Recovery Act program and project levels.
- (b) The Contractor shall certify in each monthly report that the costs included in the report for Recovery Act work were incurred only to accomplish the Recovery Act work in accordance with the work scope.

G-5 Indirect Charges Involving Recovery Act Project Work (Apr 2009)

In accordance with the general principles of the Recovery Act the Contractor must take the following steps to minimize the impacts of indirect costs and enhance transparency and accountability of project:

- (a) Clearly identify the estimated full cost of projects to include total direct and indirect costs, indirect costs rates, and adjust existing indirect cost rate to account for the material infusion of funds provided in the Recovery Act;
- (b) Exempt funds from contract cost base for distributing Laboratory Directed Research and Development or similar funds taxing programs;
- (c) Ensure all funds transferred by UT-Battelle, LLC are completed using the Approved Funding Program process described in Chapter 12 of the Accounting Handbook; and
- (d) The Federal Administrative Charge (FAC) of three percent is waived on reimbursable work funded by the Recovery Act and performed by Departmental Federal offices or UT-Battelle, LLC.
- (e) In all cases listed above and otherwise, the Contractor shall develop and maintain prudent management and good business practices regarding their indirect rate structure as it applies to Recovery Act funding.

SECTION H—SPECIAL CONTRACT REQUIREMENTS

H-1 Modification Authority

Notwithstanding any of the other clauses of this contract, the Contracting Officer shall be the only individual authorized to:

- (a) Accept nonconforming work,
- (b) Waive any requirement of this contract, or
- (c) Modify any term or condition of this contract.

H-2 Small Business Subcontracting Plan

The Small Business Subcontracting Plan submitted by the Contractor for this contract, and approved in writing by the Contracting Officer, is a material part of this contract and is incorporated by reference and has the same force and effect as if attached hereto.

H-3 Confidentiality of Information

- (a) To the extent that the work under this contract requires that the Contractor be given access to confidential or proprietary business, technical, or financial information belonging to the Government or other companies, the Contractor shall after receipt thereof, treat such information as confidential and agrees not to appropriate such information to its own use or to disclose such information to third parties unless specifically authorized by the Contracting Officer in writing. The foregoing obligations, however, shall not apply to:
 - (1) Information which, at the time of receipt by the Contractor, is in the public domain;
 - (2) Information which is published after receipt thereof by the Contractor or otherwise becomes part of the public domain through no fault of the Contractor;
 - (3) Information which the Contractor can demonstrate was in its possession at the time of receipt thereof and was not acquired directly or indirectly from the Government or other companies;
 - (4) Information which the Contractor can demonstrate was received by it from a third party who did not require the Contractor to hold it in confidence.

- (b) The Contractor shall obtain the written agreement, in a form satisfactory to the Contracting Officer, of each employee permitted access, whereby the employee agrees that he will not discuss, divulge or disclose any such information or data to any person or entity except those persons within the Contractor's organization directly concerned with the performance of the contract.
- (c) The Contractor agrees, if requested by the Government, to sign an agreement identical, in all material respects, to the provisions of this clause, with each company supplying information to the Contractor under this contract, and to supply a copy of such agreement to the Contracting Officer.
- (d) The Contractor agrees that upon request by DOE it will execute a DOE-approved agreement with any party whose facilities or proprietary data it is given access to or is furnished, restricting use and disclosure of the data or the information obtained from the facilities. Upon request by DOE, such an agreement shall also be signed by Contractor personnel.
- (e) This clause shall flow down to all appropriate subcontracts.

H-4 Service Contract Act (Modified)

The Service Contract Act of 1965 (P.L. 89-286) is not applicable to contracts for the operation of DOE facilities. It is, however, applicable to subcontracts awarded by contractors operating DOE facilities. The Contractor shall insert in all subcontracts of the character to which the Service Contract Act, as amended, applies the applicable clause specified in FAR 22.1006, with such modifications as appropriate to reflect the Contractor/subcontractor relationship.

H-5 Corporate Home Office Expenses

No corporate home office expense of the Contractor shall be allowable under this contract without the prior approval of the Contracting Officer and consistent with the requirements set forth in Acquisition Letter AL-2005-11, dated July 15, 2005.

H-6 Age Discrimination in Employment

The Contractor shall not discriminate against any employee, applicant for employment, or former employee on the basis of age. The Contractor shall comply with the Age Discrimination in Employment Act, with any state or local legislation regarding discrimination based on age, and with all applicable regulations there under.

H-7 Separate Corporate Entity

The work performed under this contract by the Contractor shall be conducted by a separate corporate entity from its parent company(s). The separate corporate entity must be set up solely to perform this contract and shall be totally responsible for all contract activities.

H-8 Performance Guarantee

The Contractor is required by other provisions of this contract to organize a dedicated corporate entity to carry out the work under the contract. The Contractor's parent organization(s) or all member organizations if the Contractor is a joint venture, limited liability company, or other similar entity, shall guarantee performance as evidenced by the Performance Guarantee Agreement incorporated in the contract in Section J, Appendix C. If the Contractor is a joint venture, limited liability company, or other similar entity where more than one organization is involved, the parent or all member organizations shall assume joint and several liability for the performance of the Contractor. In the event any of the signatories to the Performance Guarantee Agreement enters into proceedings related to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish written notification of the bankruptcy to the Contracting Officer.

H-9 Responsible Corporate Official

Notwithstanding the provisions of the clause in Section H entitled, *Performance Guarantee*, the Government may contact, as necessary, the single responsible corporate official identified below, who is at a level above the Contractor and who is accountable for the performance of the Contractor, regarding Contractor performance issues. Should the responsible corporate official change during the period of the contract, the Contractor shall promptly notify the Government of the change in the individual to contact.

Name: Dr. Jeffrey Wadsworth
Position: President and Chief Executive Officer
Organization: Battelle Memorial Institute
Address: 505 King Avenue
Columbus, Ohio 43201-2693

H-10 Permits, Applications, Licenses, and Other Regulatory Documents (Modified)

- (a) Unless otherwise directed by the Contracting Officer, the Contractor must obtain any licenses, permits, other approvals or authorizations for conducting all activities under the contract. The Contractor is responsible for complying with all permits, licenses, certifications, authorizations and approvals from federal, state, and local regulatory agencies that are necessary for operations under this contract (hereinafter referred to collectively as 'permits'). Except as specifically provided

in the section and to the extent not prohibited by law or cognizant regulatory authority, the Contractor (or, if applicable, its subcontractors) will be the sole applicant for any such permits required for its activities. The Contractor must take all appropriate actions to obtain transfer of existing permits, and DOE will use all reasonable means to facilitate transfer of existing permits. If DOE determines it is appropriate or if DOE is required by cognizant regulatory authority to sign permit applications, DOE may elect to sign as owner or similar designation, but the Contractor (or, if applicable, its subcontractors) must also sign as operator or similar designation reflecting its responsibility under the permit unless DOE waives this requirement in writing.

- (b) Unless otherwise authorized by the Contracting Officer, the Contractor must submit to DOE for DOE's review and comment all permit applications, reports or other documents required to be submitted to cognizant regulatory authorities. Such draft documents must be provided to DOE within a time frame, identified by DOE, sufficient to allow DOE substantive review and comment; and DOE will perform such substantive review and comment within such time frame. When providing DOE with documents that are to be signed or co-signed by DOE, the Contractor will accompany such document with a certification statement, signed by the appropriate Contractor corporate officer, attesting to DOE that the document has been prepared in accordance with all applicable requirements and the information is, to the best of its knowledge and belief, true, accurate, and complete.
- (c) Except as specifically provided in this clause and to the extent not prohibited by law or cognizant regulator authority, the Contractor (or, if applicable, its subcontractors) will be the signatory for reports, hazardous waste manifests, and other similar documents required under environmental permits or applicable environmental laws and regulations.
- (d) DOE agrees that if bonds, insurance, or administrative fees are required as a condition for such permits, such costs shall be allowable. In the event that such costs are determined by DOE to be excessive or unreasonable, DOE shall provide the regulatory agency with an acceptable form of financial responsibility. Under no circumstances shall the Contractor or its parent be required to provide any corporate resources or corporate guarantees to satisfy such regulatory requirements.
- (e) In the event of termination or expiration of this contract, DOE will require the new Contractor to accept transfer of all environmental permits executed by the Contractor, or DOE will accept responsibility for such permits and the Contractor shall be relieved of all future liability and responsibility resulting from the acts or omissions of the successor Contractor or DOE.

H-11 Contractor Acceptance of Notices of Violation or Alleged Violations, Fines, and Penalties

- (a) The Contractor shall accept, in its own name, services of notices of violations or alleged violations (NOVs/NOAVs) issued by Federal or state regulators to the Contractor resulting from the Contractor's performance of work under this contract, without regard to liability. The allowability of the costs associated with fines and penalties shall be subject to the other provisions of this Contract.
- (b) With advance notice given to DOE, the Contractor shall conduct negotiations with regulators regarding NOVs/NOAVs and fines and penalties issued in its own name; however, the Contractor shall not make any commitments or offers to regulators that would bind the Government, including monetary obligations, without receiving written concurrence from the Contracting Officer or his/her authorized representative prior to making any such offers/commitments. Failure to obtain such advance written approval may result in otherwise allowable costs being declared unallowable and/or the Contractor being liable for any excess costs to the Government associated with or resulting from such offers/commitments.
- (c) The Contractor shall notify DOE promptly when it receives service from the regulators of NOVs/NOAVs and fines and penalties.

H-12 Allocation of Responsibilities for Contractor Environmental Compliance Activities (Modified)

- (a) This clause allocates the responsibilities of DOE and the Contractor, referred to collectively as the "parties" for implementing the environmental requirements at facilities within the scope of the contract. In this clause, the term "environmental requirements" means requirements imposed by applicable Federal, state and local environmental laws and regulations, including, without limitation, statutes, ordinances, regulations, court orders, consent decrees, administrative orders or compliance agreements, consent orders, permits, and licenses.
- (b) Liability and responsibility for civil fines or penalties arising from or related to violations of environmental requirements shall be borne by the party that caused the violation irrespective of the fact that the cognizant regulatory authority may assess any such fine or penalty upon either party or both parties without regard to the allocation of responsibility or liability under this contract. This contractual allocation of liability for any such fine or penalty is effective regardless of which party signs permit applications, manifests, reports or other required documents, is a permittee, or is the named subject of an enforcement action or assessment of a fine or penalty.
- (c) Regardless of which party to this contract is the named subject of an enforcement action for noncompliance with environmental requirements by the cognizant

regulatory authority, liability for payment of any fine or penalty will be governed by provisions of this contract related to allowable costs. If the named subject of an enforcement action or assessment of a fine or penalty is DOE and the fine or penalty would not otherwise be reimbursable under the allowable cost and preexisting conditions provisions of this contract if the Contractor was the named subject of the enforcement action, the Contractor will either pay the fine or penalty or reimburse the DOE (if DOE pays the fine or penalty). The governing provisions of the contract include, without limitation, paragraph (a) of the clauses in Section I entitled *Pre-Existing Conditions*.

H-13 Representations, Certifications and Other Statements of the Offeror

The Representations, Certifications, and Other Statements of the Offeror, dated August 2, 1999, for this contract are hereby incorporated, by reference, and made a part of this contract. An updated Representations, Certifications, and Other Statements of the Offeror shall be issued to the Contracting Officer by the Contractor within 30 days of the execution date of the contract extension action.

H-14 Withdrawal of Work

- (a) The Contracting Officer reserves the right to have any of the work contemplated by Section C, Descriptions/Specifications/Work Statement, of this contract performed by either another contractor or to have the work performed by Government employees.
- (b) Work may be withdrawn: (1) in order for the Government to conduct pilot programs; (2) if the Contractor's estimated cost of the work is considered unreasonable; (3) for less than satisfactory performance by the Contractor; or, (4) for any other reason deemed by the Contracting Officer to be in the best interests of the Government.
- (c) If any work is withdrawn by the Contracting Officer, the Contractor agrees to fully cooperate with the new performing entity and to provide whatever support is required.

H-15 Contractor Assurance System (Dec 2009)

- (a) The Contractor shall develop a contractor assurance system that is executed by the Contractor's Board of Directors (or equivalent corporate oversight entity) and implemented throughout the Contractor's organization. This system provides reasonable assurance that the objectives of the Contractor management systems are being accomplished and that the systems and controls will be effective and efficient. The contractor assurance system, at a minimum, shall include the following key attributes:

- (1) A comprehensive description of the assurance system with processes, key activities, and accountabilities clearly identified.
- (2) A method for verifying/ensuring effective assurance system processes. Third party audits, peer reviews, independent assessments, and external certification (such as VPP and ISO 9001 or ISO 14001) may be used.
- (3) Timely notification to the Contracting Officer of significant assurance system changes prior to the changes.
- (4) Rigorous, risk-based, credible self-assessments, and feedback and improvement activities, including utilization of nationally recognized experts, and other independent reviews to assess and improve the Contractor's work process and to carry out independent risk and vulnerability studies.
- (5) Identification and correction of negative performance/compliance trends before they become significant issues.
- (6) Integration of the assurance system with other management systems including Integrated Safety Management.
- (7) Metrics and targets to assess performance, including benchmarking of key functional areas with other DOE contractors, industry and research institutions. Assure development of metrics and targets that result in efficient and cost effective performance.
- (8) Continuous feedback and performance improvement.
- (9) An implementation plan (if needed) that considers and mitigates risks.
- (10) Timely and appropriate communication to the Contracting Officer, including electronic access, of assurance related information.

The initial contractor assurance system description shall be approved by the Contracting Officer.

- (b) The Government may revise its level and/or mix of oversight of this contract when the Contracting Officer determines that the assurance system is or is not operating effectively.

H-16 Implementation of FAR Subpart 39.1

All information technology acquisitions shall include the appropriate information technology security policies and requirements, including use of common security

configurations available from the National Institute of Standards and Technology's website at <http://checklists.nist.gov> commensurate with the mission of the contract and conducive to the research and development efforts of the laboratory. This requirement shall be included in all subcontracts which are for information technology acquisitions; and the Laboratory CIO shall annually certify to the DOE Site Office Contracting Officer that this requirement is being incorporated into information technology acquisitions.

H-17 Personal Property Acceptance

On April 1, 2000, the Contractor shall accept, as is, where-is, accountability for all Government-owned property and all special nuclear materials assigned to this contract. The Contractor shall maintain and administer the existing automated personal property system. Any deviation from this requirement is subject to the prior written approval of the Contracting Officer.

H-18 Privacy Act Systems of Record (Modified)

To the extent that the Contractor maintains Government-owned records in the performance of this contract that constitutes a Privacy Act System of Records as defined in the Department of Energy's most current Privacy Act System Notice published in the Federal Register on or after June 30, 2003, the Contractor shall maintain the records in accordance with the clause of this contract entitled Privacy Act.

H-19 Determination of Appropriate Labor Standards

DOE shall determine the appropriate labor standards, in accordance with the Service Contract Act, the Davis-Bacon Act, or other applicable labor laws which shall apply to work performed under this contract. The Contractor shall provide such information in the form and time frame required by DOE, as may be necessary for DOE to make such labor standards determinations. The Contractor will then be responsible for ensuring that the appropriate labor standards provisions are included in subcontracts, and for obtaining and applying the appropriate wage determinations.

H-20 Application of Labor Policies and Practices

The Contractor agrees to conduct its labor relations program in accordance with DOE's intent that labor policies and practices reflect the best experience of American industry in aiming to achieve the type of stable labor-management relations essential to the successful accomplishment of DOE's programs at reasonable cost. Collective bargaining will be left to the orderly processes of negotiation and agreement between Contractor management and certified employee representatives with maximum possible freedom from Government involvement. For working on DOE facilities and programs critical to the National interest, Contractor management's responsibility includes the duty to adopt practices which are fundamental to the friendly adjustment of disputes, and which experience has shown promote orderly collective bargaining relationships.

H-21 Price Anderson Amendments Act Noncompliance

The Contractor shall establish an internal Price Anderson Amendments Act noncompliance identification, tracking, and corrective action system and shall provide access to and fully support DOE reviews of the system. The Contractor shall also implement a Price Anderson Amendments Act reporting process which meets applicable DOE standards. The Contractor shall be accountable for ensuring that subcontractors adhere to these requirements.

H-22 Nuclear Facility Safety (Modified)

The activities under this contract include the operation of nuclear facilities as defined by 10 CFR § 830 Subpart B. The Contractor recognizes that such operation involves the risk of a nuclear incident which, while the chances are remote, could adversely affect the public health and safety as well as the environment. Therefore, the Contractor shall exercise a degree of care commensurate with the risk involved.

- (a) The Contractor shall use all reasonable efforts to perform operations and maintenance activities in the nuclear facilities.
- (b) The Contractor shall prepare a plan or plans that minimize the risk of operating nuclear facilities. The plan or plans should describe work activities that are prioritized to mitigate and/or address hazards/critical issues.
- (c) The Contractor shall prepare plans for Contracting Officer Representative approval that describe actions to shutdown, decontaminate and/or decommission, and disposition the nuclear facility and any associated nuclear wastes or other hazardous material.

H-23 Defense Nuclear Facility Safety Board

The Contractor shall conduct activities in accordance with those DOE commitments to the Defense Nuclear Facilities Safety Board (DNFSB), which are contained in implementation plans, and other DOE correspondence to the DNFSB. The Contractor shall support preparation of DOE responses to DNFSB issues and recommendations which affect or can affect contract work. Based on Contracting Officer's Representative direction, the Contractor shall fully cooperate with the DNFSB and provide access to such work areas, personnel, and information as necessary. The Contractor shall maintain a document process consistent with the DOE manual on interface with the DNFSB. The Contractor shall be accountable for ensuring that subcontractors adhere to these requirements.

H-24 Reserved

H-25 Stop Work/Technical Direction (Modified)

In addition to the authorities enumerated in the clause in Section I entitled, *Technical Direction*, the contracting officer's representative (COR) may direct the Contractor to suspend work when clear and present danger exists to workers or members of the public. Clear and present danger is a condition which could be expected to cause death or serious harm to workers, members of the public, or the environment, immediately or before such condition or hazard can be eliminated through normal procedures. The Contractor shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this clause.

H-26 Corporate Citizenship (Modified)

- (a) The Contractor is expected to be a good corporate citizen and partner with the community in which the Contractor performs its work. Corporate citizenship entails active company and employee involvement in both financial and nonfinancial ways in local area educational, cultural, civic, health and welfare organizations, etc.
- (b) The cost associated with the Contractor's efforts in achieving its corporate citizenship commitment under this clause is not an allowable cost under this contract.

H-27 Contractor Compensation, Benefits and Pension (Modified)

- (a) Appendix A and the clause in Section H entitled, *Application of Labor Policies and Practices* are adopted for the exclusive benefit and convenience of the parties hereto; nothing contained herein shall be construed as conferring any right of action or any other right or benefit upon past, present, or future employees of the Contractor, or upon any other third party.
- (b) Labor Relations
 - (1) The Contractor shall respect the right of employees to organize and to form, join, or assist labor organizations, to bargain collectively through their chosen labor representatives, to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection, and to refrain from any or all of these activities.
 - (2) The Contractor shall meet with the Contracting Officer or designee(s) for the purpose of reviewing and obtaining approval of the Contractor's bargaining parameters prior to negotiations of any collective bargaining

agreement or revision thereto. During the collective bargaining process, the Contractor shall notify the Contracting Officer before submitting or agreeing to any collective bargaining proposal which is outside of the agreed upon bargaining parameters and can be calculated to affect allowable costs under this contract or which could involve other items of special interest to the Government. During the collective bargaining process, the Contractor shall obtain the approval of the Contracting Officer before proposing or agreeing to changes in any pension or retirement income plans or to any welfare benefit plans if these changes are outside of the agreed upon bargaining parameters.

(c) Salary and Benefits

(1) Policies, Practices, and Procedures

The Contractor shall develop, implement and maintain formal policies, practices and procedures to be used in the administration of its compensation system including a compensation system self-assessment plan consistent with 48 CFR 31.205-6, and DEAR 970.3102-05-6, *Compensation for Personal Services*, as applied to the DOE-approved standards in Appendix A. The Contractor's compensation system and methods shall be in accordance with 48 CFR 31.205-6 and DEAR 970.3102-05-6, fully documented, consistently applied, and acceptable to DOE.

DOE approval of the Contractor's job evaluation and compensation system, dated April 4, 2001, provides the baseline for the Contractor's compensation system.

Based on DOE's approval of the Contractor's Compensation System, Contracting Officer approval of individual compensation actions will be required only for the Laboratory Director and Deputy Director(s).

(2) Severance Pay

Severance pay benefits are not payable to an employee under this contract if the employee:

- (i) Voluntarily separates, resigns or retires from employment, with the exception of a Voluntary Reduction in Force (VRIF) Program. All VRIF programs require prior DOE approval.
- (ii) Is offered employment with a successor/replacement Contractor,
- (iii) Is offered employment with a parent or affiliated company, or

(iv) Is discharged for cause.

(3) Reporting Requirements

The Contractor shall provide the Contracting Officer with the following reports with respect to salary and benefits:

- (i) Annual Contractor Salary-Wage Increase Expenditure Report to include, at a minimum, breakouts for merit, promotion, variable pay, special adjustments, and structure movements for each pay structure showing actual against approved amounts.
- (ii) At the time of contract award and upon any change thereafter, a list of the top five most highly compensated executives and their salaries.
- (iii) Annual Report of Contractor Expenditures for Employee Supplemental Compensation through the Department Workforce Information System (WFIS), compensation and benefits module.
- (iv) A Self-Assessment of the total compensation program using mutually agreed to compensation system performance measures.
- (v) Annual report of employment, payroll, and residence statistics as of December 31 for each year.

(4) Periodic Appraisals

DOE will conduct periodic appraisals of Contractor performance with respect to compensation system implementation. Such appraisals, when approved by the Contracting Officer, will be conducted by either DOE validation of Contractor self-assessments of compensation system performance, or third party expert review.

(5) Incentive Compensation/Pay Program

Develop an Incentive Pay Plan annually, if appropriate, for a determination of cost reasonableness and reimbursement consistent with the requirements for reimbursement provided in Appendix A, and obtain advance DOE approval of the Incentive Pay Plan.

(d) Pension and Non-Pension Benefit Programs

The program of employee pensions and other benefits employed by the Contractor shall support at a reasonable cost the effective recruitment and retention of a highly skilled workforce at ORNL. Cost reimbursement of benefit plans will be based on Contracting Officer approval of Contractor actions pursuant to an approved "Employee Benefits Value Study" and an "Employee Benefits Cost Survey Comparison." No presumption of allowability will exist when the Contractor implements a new benefits plan or makes changes to existing employee benefits plans until the Contracting Officer makes a determination of cost reimbursement for reasonable changes to the program. Unless required by State or Federal statute, funding in advance for post retirement benefits other than pensions (PRB) is not allowable.

Unless stated otherwise, or as directed by the Contracting Officer, within 30 days of award or extension, and annually thereafter, and prior to implementation of any benefit change, the Contractor shall submit the following materials to the Contracting Officer in advance for approval of application of the changes under the contract and for a determination as to whether the costs incurred are consistent with the Contractor's documented program plan and are deemed allowable pursuant to 48 CFR 31.205-6 as supplemented by DEAR 970.3102-05-6.

- (1) An evaluation of the Contractor's Employee Benefits Program based on two professionally recognized performance measures:
 - (i) An Employee Benefits Value Study (ben-val) Measure, every two years, which is an actuarial study of the relative value (RV) of the benefits programs offered by the Contractor measured against the RV of benefit programs offered by comparator companies approved by the Contracting Officer. To the extent that the value study does not address post-retirement benefits (PRB) other than pension, the Contractor shall provide separate PRB cost and plan design data comparison with external benchmarks for nationally recognized and Contracting Officer approved survey sources and,
 - (ii) An Employee Benefits Cost Survey Comparison (cost survey) Method every year that analyzes the Contractor's employee benefits cost on a per capita basis per full time equivalent employee and compares it with the cost reported by the U.S. Chamber of Commerce Annual Employee Benefits Cost Survey or other Contracting Officer approved broad based national survey.
- (2) When net benefit value and/or per capita cost exceed the comparator group by more than 5 percent, submit corrective action plans, when requested by the Contracting Officer, to achieve a net benefit value and per capita cost not to exceed the comparator group by more than 5 percent.

- (3) As required by the Contracting Officer, submit an analysis of the specific plan costs that are above the per capita cost range and a corrective action plan to achieve conformance with a Contracting Officer directed per capita cost range.
- (4) Implement corrective action plans determined to be reimbursable by the Contracting Officer to align employee benefit programs with the target in subparagraph (d)(2).
- (e) The Contractor shall comply with DOE Order 350.1, *Contractor Human Resource Management Programs*. Upon issuance of the revised DOE Order, the Contractor shall meet with the Contracting Officer to negotiate implementation procedures.

H-28 Control of Nuclear Materials

- (a) As used in this clause, “nuclear materials” means source material, special nuclear material, and other materials to which DOE Directives regarding the control of nuclear materials apply.
- (b) The Contractor shall, in a manner satisfactory to the Contracting Officer, establish and maintain a materials management program, establish and maintain appropriate nuclear material transfer procedures and control measures, establish accounting and measurement procedures, maintain current records, and institute appropriate control measures for nuclear materials in its possession commensurate with the national security and applicable DOE Directives. Except as otherwise authorized by the Contracting Officer, nuclear materials in the Contractor’s possession, custody, or control shall be used only for the furtherance of the work under this contract.
- (c) The Contractor shall include in every subcontract involving the use of nuclear materials, for which the Contractor has accountability, appropriate terms and conditions for the use of nuclear materials and the responsibilities of the subcontractor regarding control of nuclear materials.

H-29 Unclassified Controlled Nuclear Information/Export Controlled Information

Documents, information, and/or equipment originated by the Contractor or furnished by the Government to the Contractor in connection with this contract may contain Unclassified Controlled Nuclear Information and/or Export Controlled Information as determined pursuant to Section 148 of the Atomic Energy Act of 1954, as amended, DOE Directives, and U.S. laws and regulations. The Contractor shall be responsible for protecting such documents, information, and/or equipment from unauthorized dissemination in accordance with DOE regulations, requirements and instructions.

H-30 Oak Ridge Office Services (Modified)

Oak Ridge Office is responsible for multiple, broad-based programs that are managed by multiple prime contractors. In order to provide a net benefit to the government, the Contractor may elect to provide services to and/or obtain services from other DOE prime contractors in the performance of their respective responsibilities. The government may also direct the Contractor to obtain or provide services to or from other DOE prime contractors when it is in the best interest of the government, including the accomplishment of DOE responsibilities in which the capabilities of more than one contractor are required. When services are obtained under this provision, the Contractor shall maintain accountability and control of the work and shall execute agreements for the conduct of work with other prime contractors, as appropriate.

H-31 ORNL Advisory Board

In collaboration with DOE, the Contractor shall establish and maintain a high-level, broadly based Advisory Board to ensure that it receives independent scientific, technical, and management guidance and overview on the performance of the Contractor. The Contractor shall consult with DOE on the development or modification of a charter for the Board and report to the COR results from Advisory Board meetings. The Board shall include nationally prominent representatives from the academic community and from industry chosen for their diverse scientific and management skills and broad perspectives. Consistent with the provisions of the contract, the Board shall be responsible to the Contractor and shall provide overview and guidance concerning the performance of the Contractor relating to organization, planning, and program evaluation. In addition, the Board shall review and provide guidance to cooperative programs with universities, industry and other agencies, R&D emphasis and priority, and other appropriate issues to help ensure that ORNL continues to be a leading national R&D center of the highest quality.

H-32 Addition and Alterations to Implement Executive Order 13423, Strengthening Federal Environmental, Energy, and Transportation Management and its Implementing Instructions

This contract involves contractor operation of Government-owned facilities and/or vehicles and the provisions of Executive Order 13423 are applicable to the Contractor to the same extent they would be applicable if the Government were operating the facilities or vehicles. Information on the requirements of the Executive Order and its Implementing Instructions may be found at http://ofee.gov/Executive Order/Executive Order13423_main.asp. This requirement includes the *Electronics Stewardship Requirements of Implementing Instruction XII*. When acquiring desktop or laptop computers and computer monitors, the Contractor shall acquire Electronic Product Environmental Assessment Tool registered products conforming to IEEE 1680-2006 Standard and ranked at least bronze, provided such products are life cycle cost efficient

and meet applicable performance requirements. Information on EPEAT-registered computer products is available at www.epeat.net.

H-33 Performance Expectations (Modified)

Performance expectations encompassing Section C-4, Statement of Work (SOW), are mutually defined on an annual basis in the *Performance Evaluation and Measurement Plan* consistent with Section C-3, Performance Goals, Objectives, and Notable Outcomes.

H-34 Lobbying Restriction (Energy and Water Development and Related Agencies Appropriations Act, 2010)

The Contractor agrees that none of the funds obligated on this award shall be expended, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress, other than to communicate to Members of Congress as described in 18 U.S.C. 1913. This restriction is in addition to those prescribed elsewhere in statute and regulation.

H-35 Reserved

H-36 Limitation on Liability (Modified)

As the Contractor is a non-profit organization, the following provision shall apply:

- (a) The Contractor's liability for certain obligations, which it has assumed under this contract, shall be limited as set forth in paragraph (b) below. These limitations shall apply only to obligations the Contractor has assumed pursuant to the following provisions:
 - (1) Section I, Clause 970.5228 entitled, *Insurance-Litigation and Claims* (Mar 2002), paragraphs (h)(3) and (j)(2), except for punitive damages resulting from the Contractor managerial personnel's willful misconduct or lack of good faith.
 - (2) Section I, Clause 970.5245-1 entitled, *Property* (Dec 2000), paragraph (f)(1)(i)(C).
- (b) The Contractor shall be liable for an amount not to exceed 1.25 times the maximum fee available for each fiscal year in accordance with the provisions of the clauses in Section B, entitled *Fixed Fee* and *Performance Fee*. The amount of the Contractor's liability shall be calculated on a cumulative, per fiscal year basis. The annual cap that will apply shall be based on the fiscal year in which the Contractor's act or failure to act was the proximate cause of the liability assumed by the Contractor pursuant to the provisions of the Clauses identified above. In

the event the Contractor's act or failure to act overlaps more than one period, the limitation will be the annual limitation for the last fiscal year in which the Contractor's act or failure to act occurred. If the Contractor's cumulative obligations equal the amount of the annual limitation of liability, the Contractor shall have no further responsibility for the costs of the liabilities it has assumed pursuant to (a)(1) through (3) above; and all costs in excess of the limitation of liability shall be borne by the Government.

H-37 Reserved

H-38 Nonprofit Contractor

- (a) With respect to only the clauses listed in (b) below, the term "nonprofit contractor" means:
 - (1) A university or other institution of higher education;
 - (2) An organization of the type described in Section 501(c)(3) of the *Internal Revenue Code of 1954* as amended and exempt from taxation under Section 501(a) of the *Internal Revenue Code*;
 - (3) Any nonprofit scientific or educational organization qualified as a nonprofit by the laws of the State of its organization or incorporation; or
 - (4) A combination of qualifying entities organized for a nonprofit purpose (e.g., partnership, joint venture, or limited liability company) each member of which meets the requirements of (1), (2), or (3) above.
- (b)
 - (1) Section H Clause entitled, *Limitation on Liability*.
 - (2) Section I Clause entitled, *970.5245-1 Property*, paragraph j.

H-39 Definitions (Jan 2000)

"Contractor" as used in Section I Clause entitled, *Indemnification Under Public Law 85-804*, shall be defined as follows:

- (a) In all subsections of said clause except as set forth in (b) below, as:
 - (i) UT-Battelle, LLC, a Tennessee nonprofit limited liability company, and
 - (ii) The members of UT-Battelle, LLC, which are, inclusive, the University of Tennessee, a state university, and Battelle Memorial Institute, an Ohio nonprofit corporation.

- (b) As to subsections (a) and (e) of said clause, Contractor shall be defined as UT-Battelle, LLC, a Tennessee nonprofit limited liability company.

H-40 Advance Understandings Regarding Additional Item of Allowable Costs

Imputed interest costs relating to leases classified and accounted for as capital leases under generally accepted accounting principles (GAAP) are allowable, provided that the decision to enter into a capital leasing arrangement has been specifically authorized and approved in writing by the DOE Contracting Officer in accordance with applicable procedures and such interest costs are recorded in an appropriately specified DOE account established for such purpose.

H-41 Notice Regarding the Purchase of American-Made Equipment and Products—Sense of Congress

It is the sense of the Congress that, to the greatest extent practicable, all equipment and products purchased with funds made available under this award should be American-Made.

H-42 Lobbying Restriction (Department of Interior and Related Agencies Appropriations Act, 2005)

The Contractor agrees that none of the funds obligated on this award shall be made available for any activity or the publication or distribution of literature that in any way tends to promote public support or opposition to any legislative proposal on which Congressional action is not complete. This restriction is in addition to those prescribed elsewhere in statute and regulation.

H-43 Reserved

H-44 Reserved

H-45 Advance Understanding Regarding Special Hazards Associated with Support of Nuclear and Other Threats Outside the United States

The parties recognize that the Contractor's support of DOE and/or other federal agency efforts to reduce threats from nuclear, radiological, chemical, biological, or explosive materials, facilities and/or devices, or missile technology located outside the United States may prove hazardous to contractor employees who volunteer for these assignments. When performing this work, contractor employees may be subject to special hazards which are not part of the employee's normal duties and for which workers' compensation laws, other statutes, the Contractor's welfare plan and policies, and other Contractor-provided insurance of the worker's private insurance may not provide adequate financial protection to the work in the event of disability, or to the worker's estate in the event of death.

(a) Definitions

- (1) “Field Deployment Team” means that emergency-response team established by the Contractor at the request of DOE to be available, upon call by public authorities, through DOE, for immediate technical assistance and advice outside the United States involving detection, identification, assessment, characterization, packaging, control, containment, transport, dismantlement, movement or disposal of nuclear, radiological, chemical, biological, or explosive materials, facilities and/or devices, or missile technology.
- (2) “Covered Assignment” means work which requires the active deployment outside the United States of a Contractor employee as a member of the Field Deployment Roster.
- (3) “Special Insurance Coverage” means Special (Additional) Travel Accident or similar special insurance coverage obtained by the Contractor, with the consent of DOE, to cover each Contractor employee member of the Field Deployment Roster for accidental death, dismemberment, and disability occurring directly or indirectly from said employee’s participation in a covered Assignment, including but not limited to travel to and from the Covered Assignment.
- (4) “Field Deployment Roster” means the list provided at the time of deployment by the Contractor of employees who have volunteered to serve on, and have been accepted for a Covered Assignment.
- (5) “Contractor Benefit Plans Insurance” means insurance obtained and paid for by the Contractor for and on behalf of its employees. Such insurance includes Basic Life Insurance, Business Travel Accident Insurance, and, if applicable, the Special Insurance Coverage.

(b) Special Insurance Coverage

The Contractor may provide Field Deployment Roster employees with Special Insurance coverage, as an allowable cost under this Contract, in order to facilitate the provision of technical expertise to assist in the activities listed in (a)(1) above. The total amount of Contractor Benefit Plans Insurance (including Special Insurance Coverage under this clause) provided to any Field Deployment Roster employee shall not exceed that employee’s annual salary multiplied by 10.

- (c) In performing the work covered by this clause, the Contractor shall use only contractor employees who volunteer for this work assignment. The Contractor

will thoroughly explain the risks of this work assignment to potential Contractor employee volunteers prior to accepting these volunteers for this work.

- (d) The Contractor will provide the Field Deployment Roster to the Contracting Officer in writing prior to beginning work which may be covered by this clause.
- (e) The Contractor shall not include the provisions of this clause in its subcontracts without first consulting with and receiving advance written approval from the Contracting Officer.
- (f) Special Incentives, Allowances and Payments
 - (1) Post Hardship Differential is authorized for Field Deployment Team members serving on such covered assignments in accordance with Department of State Standardized Regulations (DSSR), section 510. Post Hardship Differential is paid to Field Deployment Team members on temporary detail to one or more hardship posts after the forty-second calendar day of the Covered Assignment. Field Deployment Team members, who serve in Afghanistan, Iraq, or other countries if approved by the Contracting Officer, may be granted Post Hardship Differential at the prescribed rate beginning on the forty-third day back to day one.
 - (2) Danger Pay Allowance is authorized for Field Deployment Team members serving on such covered assignments in accordance with DSSR, section 650. Danger Pay Allowance is in addition to Post Hardship Differential.
 - (3) Post Hardship Differential and Danger Pay Allowances are limited to a maximum of seventy-two working days per individual, per deployment, unless the Contracting Officer or Contracting Officer's Representative authorizes an extension of these benefits on a case-by-case basis due to critical mission needs.
 - (4) Field Deployment Team members will not be eligible for additional incentive payments, such as an Incentivized Performance Award (IPA), Significant Event Award (SEA), or Supplemental Performance Award (SPA), for their participation or activities in a Covered Assignment for which special payments or incentives under this policy were paid.
 - (5) An exception to Section 3.2.4, *Other Pay Provisions*, of Appendix A- Personnel Costs and Related Expenses is hereby granted to permit the payment of overtime to exempt employees. The payment will be made at the Field Deployment Team member's straight-time rate for all working hours over forty in a workweek in a Covered Assignment up to a maximum of seventy-two days. The Contracting Officer or Contracting

Officer's Representative may authorize an extension of overtime benefits in extenuating circumstances.

- (6) The overtime payment will be authorized and paid following the Field Deployment Team member's return to ORNL.
- (7) ORNL standard policy, such as Travel Pay and Work on a Holiday, shall govern the payment of all other benefits and compensation.

H-46 Other Patent Related Matters

(a) Contractor's Commitment

For the Contractor's privately-funded technology transfer (PFTT) effort during the 5-year term of this Contract beginning on April 1, 2010, the Contractor shall commit to at least \$3,500,000 of private monies for expenses including those related to patenting, marketing, licensing, and development of Subject Inventions and shall file a minimum of twenty-five (25) patent applications during the 5-year period and prior to the contract expiration date of March 31, 2015.

(b) Transfer of Patent Rights to a Successor Contractor

As consideration for the Contractor's Commitment defined in paragraph (a) of this clause, the Parties agree that at the termination or expiration of this Contract, the following terms and conditions shall apply to Subject Inventions which were elected to be pursued under the Contractor's PFTT program, and to the licenses and royalties generated therefrom:

- (1) In the event the Contractor has executed a license, assignment or other commercialization agreement to a Subject Invention prior to termination or expiration of this Contract in which royalties, fees, equity or other consideration is to be or has been paid (hereinafter "agreement"), the distribution of net income from royalties, equity, or any other consideration received or to be received under such agreement shall remain as prior to Contract termination or expiration and shall continue for the duration of such agreement. As set forth in paragraph (e) below, fifty-one percent (51%) of such net income shall go to the Successor Contractor at the Facility for use at the Facility pursuant to its contract or, in the absence of a Successor Contractor, to such other entity designated by the Government, and forty-nine percent (49%) may be retained by the Contractor for use in accordance with 35 USC Section 200 et seq. Administration of agreements related to such Subject Invention, shall remain with the Contractor. Title to such Subject Invention shall remain with the Contractor provided the Contractor has fulfilled the commitments set forth in paragraph (a) above. If the Contractor has not fulfilled the

commitments set forth in paragraph (a) above, upon request, title to such Subject Invention shall be transferred to the Successor Contractor, or such other entity designated by the Government.

- (2) In the event Contractor has not executed an agreement (as defined in paragraph (1) above) to a Subject Invention, upon request, title to such Subject Invention shall be transferred to the Successor Contractor, or to such other entity designated by the Government, unless Contractor can demonstrate that it has expended at least twenty thousand dollars (\$20,000) of private monies in its PFTT program toward the patenting, licensing, marketing and/or development of such Subject Invention, and the Contractor has fulfilled the commitments set forth in paragraph (a) above. In the event Contractor retains title to a Subject Invention under this paragraph, the distribution of royalties, fees, equity, or other consideration from such agreement shall be as set forth in paragraph (1) above.
- (3) In the event Contractor retains title to Subject Inventions under paragraphs (1) or (2) above, and executes an agreement (as defined in paragraph (1) above) to such Subject Inventions after the termination or expiration of this Contract the distribution of royalties, fees, equity or other consideration from such agreement shall be as set forth in paragraph (1) above.
- (4) The Contractor and the Government shall enter negotiations prior to such termination or expiration with respect to retention of the title to Subject Inventions. Such negotiations shall consider the equities of the Parties with respect to each Subject Invention and shall take into consideration the presence of private investment, DOE's need for continued operation of the Facility, potential commercial use, assumption of patent related liabilities, effective technology transfer, and the need to market the technology. Such negotiations shall not change the disposition of title provided for in paragraphs (1) and (2) above unless mutually agreed by the Contractor and the Government.
- (5) For any Subject Invention to which the Contractor maintains title or administration of an agreement under paragraphs (b)(1)-(2) above, the Contractor agrees that, to the extent it is able to do so in view of prior licenses or assignments, it will negotiate in good faith to enable the Successor Contractor to practice such subject invention in the form of CRADAs, Work For Others agreements, licenses or other appropriate agreements, in order to fulfill the missions and programs of the Facility. It is the intention of the Contractor to enable the Successor Contractor to continue operation of the Facility, including the Facility's technology transfer program. In any event, the Successor Contractor retains the

nonexclusive royalty-free right to practice the Subject Invention on behalf of the U.S. Government.

- (6) The provisions of paragraph (b)(1), (2), (3), and (5) above survive expiration or termination of the Contract.
- (c) Costs
- (1) Except as otherwise specified in the clause of this Contract entitled, *Technology Transfer Mission*, as allowable costs for conducting activities pursuant to provisions of that clause, no costs are allowable as direct or indirect costs for the preparation, filing, or prosecution of patent applications or the payment of maintenance fees, licensing, marketing and development costs after the Contractor elects to pursue commercialization of a Subject Invention under its PFTT program pursuant to paragraph (g) below.
 - (2) If an extension of time for election of a Subject Invention for PFTT is approved in accordance with paragraph (g) below, Contractor shall reimburse all allowable costs incurred with respect to such Subject Invention during the time period of the extension. The Contractor shall also reimburse all patent costs that are incurred under the Contract for all Subject Inventions elected to be treated under PFTT regardless, of when such costs are incurred.
 - (3) In the case of Contractor's PFTT program, the Contractor shall certify annually that all costs incurred, including, but not limited to, those for licensing, marketing, and development after the Contractor elects to treat a subject invention as PFTT have been and will be paid solely from the Contractor's PFTT program.
 - (4) Within 90 days after the end of each Fiscal Year or at contract termination or expiration, the Contractor shall submit a report covering the previous Fiscal Year which:
 - (i) lists the invention disclosures elected and/or patent applications filed under its PFTT program;
 - (ii) certifies the total amount of private monies it expended during the Fiscal Year, including those expenses related to patenting, marketing, licensing and development of Subject Inventions as required by Section H entitled, *Other Patent Related Matters*, subsection (a); and

- (iii) certifies the amount of gross income received from its PFTT program during the Fiscal Year.
- (d) Liability of the Government
- (1) All costs, including litigation costs, associated with and attributed to Contractor's privately funded technology transfer program are unallowable regardless of the stage of technology development or background intellectual property existing at the time the Subject Invention is chosen for management under the PFTT program, and notwithstanding the inclusion of publicly funded intellectual property in the Contractor's PFTT program activities.
 - (2) The Contractor shall not include in any license agreement or assignment any guarantee or requirement that would obligate the Government to pay any costs or create any liability on behalf of the Government.
 - (3) The Contractor shall include in all licensing agreements and in any assignment of title the following clauses unless otherwise approved or directed by the Contracting Officer following consultation with DOE Patent Counsel:
 - (i) "This agreement is entered into by UT-Battelle, LLC (UT-Battelle) in its private capacity. It is understood and agreed that the U.S. Government is not a party to this agreement and in no manner whatsoever shall be liable for nor assume any responsibility or obligation for any claim, cost or damages arising out of or resulting from this agreement or the subject matter licensed assigned."
 - (ii) "Nothing in this Agreement shall be deemed to be a representation or warranty by UT-Battelle or the U.S. Government of the validity of any of the patents or the accuracy, safety, or usefulness for any purpose, of any TECHNICAL INFORMATION, techniques, or practices at any time made available by UT-Battelle. Neither the U.S. Government nor UT-Battelle nor any member company of UT-Battelle shall have any liability whatsoever to LICENSEE or any other person for or on account of any injury, loss, or damage of any kind or nature sustained by, or any damage assessed or asserted against, or any other liability incurred by or imposed upon LICENSEE or any other person, arising out of or in connection with or resulting from:
 - (A) The production, use, or sale of any apparatus or product, or the practice of the INVENTIONS;

- (B) The use of any TECHNICAL INFORMATION, techniques, or practices disclosed by UT-Battelle; or
- (C) Any advertising or other promotional activities with respect to any of the foregoing, and LICENSEE shall hold the U.S. Government, UT-Battelle, and any member company of UT-Battelle harmless in the event the U.S. Government, UT-Battelle, or any member company of UT-Battelle is held liable.

UT-Battelle represents that it has the right to grant all of the rights granted herein, except as to such rights as the Government of the United States of America may have or may assert."

(e) Distribution of net income

In the event the Contractor engages in a PFTT program under the clause of this Contract entitled, *Patent Rights – Management and Operating Contracts, Nonprofit Organization or Small Business Firm Contractor* or the clause of this Contract entitled, *Rights in Data – Technology Transfer,*” such that private funds are utilized for technology transfer after the Contractor elects to pursue privately-funded commercialization of a Subject Invention or after the Contractor has received permission from the Contracting Officer to assert statutory copyright in a software program and received DOE approval to commercialize such software under its PFTT program under paragraph (i) below, net income from such PFTT program shall be distributed as follows:

- (1) Fifty-one percent (51%) of net income shall be used at the Facility for scientific research, development, and education consistent with the research and development mission and objectives of the Facility. Forty-nine percent (49%) of such net income may be used by the Contractor at a location other than the Facility if such use is for scientific research, development, and education consistent with the research and development mission and objectives of the Facility in accordance with 35 USC Section 200 et seq.
- (2) “Net income” is defined as that amount remaining after the expense of patenting costs, licensing and marketing costs, payments to inventors, and other expenses incidental to the administration of subject inventions is deducted from gross income received.

(f) Equity Plan

It is the intent of the Government and the Contractor that the Contractor shall, in its discretion, take reasonable and prudent actions from both a commercial and stewardship of the Facility’s technology transfer perspective related to the

ownership of equity received from third parties under this Contract. Contractor shall submit to the Contracting Officer a plan, which shall set forth principles for the Contractor's acquisition, retention, and disposition of equity received from third parties as consideration for licenses or assignments granted to such third party. Such plan shall consider, at a minimum:

- (1) The manner in which the Contractor shall acquire such equity in a third party, including the manner in which Contractor shall apportion capital contributions to such third party between the relative value of private Contractor contributions and the value of contributions representing a license under a Subject Invention;
 - (2) The manner in which the Contractor shall hold such equity, given that the Government has an undivided interest in that portion of such equity representing the value of contributions resulting from a license to such Subject Invention;
 - (3) The manner in which the Contractor shall dispose of such equity, giving due consideration to the potential for a conflict of interest between the interests of the Government and the Contractor; and
 - (4) The manner in which Contractor's inventors are compensated.
- (g) (1) The Contractor shall indicate whether a Subject Invention will be pursued under its government-funded technology transfer program or its PFTT program within six (6) months after the Subject Invention is reported to the Contractor, unless an extension is otherwise agreed in writing by the Patent Counsel. Subject Inventions reported to the Contractor on or after the effective date of the contract modification that incorporates this clause into Prime Contract No. DE-AC05-00OR22725 will be eligible for commercialization pursuant to the PFTT program.
- (2) Notwithstanding paragraph (g)(1) above, DOE grants permission for the Contractor to elect the following Subject Inventions for commercialization in the PFTT program which were reported to the Contractor prior to the effective date of the contract modification that incorporates this clause into the Prime Contract No. DE-AC05-00OR22725 (March 15, 2004):

S-96,741
S-96,776
S-99,304
S-99,385
S-99,395
S-101,885
S-101,894

S-101,922
S-101,930
S-101,935

- (3) As consideration for DOE's granting permission to elect the Subject Inventions in paragraph (g)(2) above, the Contractor agrees that upon reaching net income on the entire PFTT portfolio, 61% of net income from these Subject Inventions shall be used at the Facility for scientific research, development and education consistent with the research and development mission and objectives of the Facility. Net income for all other inventions, as described in paragraph (g)(1) above, shall be distributed in accordance with paragraphs (b)(1) and (e)(1) above.

With respect to the Subject Inventions set forth in paragraph (g)(2) above, Contractor agrees to reimburse all allowable costs incurred with respect to each Subject Invention during the time period from six (6) months after disclosure to the Contractor until the effective date of the contract modification that incorporates this modified clause into Prime Contract No. DE-AC05-00OR22725.

- (h) In its PFTT program, the Contractor shall be substantially guided by the principles of U.S. Competitiveness and Fairness of Opportunity as set forth herein.
- (i) When requesting approval from DOE to assert statutory copyright in a particular software package pursuant to the clause entitled, *Rights in Data—Technology Transfer*, Contractor may request that commercialization of such software proceed under the provisions of Section H entitled, *Other Patent Related Matters*. If approved, no costs of such commercialization thereafter shall be allowable, and the proceeds of such commercialization shall be treated in accordance with paragraph (a) above as if such proceeds had resulted from the commercialization of a Subject Invention. Upon termination or expiration of the Contract, such software will be treated as if such software were a Subject Invention elected under Contractor's PFTT program. Disposition of title to such software will be governed by the provisions of paragraphs (b)(1)-(b)(5) above, except that the \$20,000 expenditure requirement for Subject Inventions set forth in paragraph (b)(2) is not applicable to such software.
- (j) Contractor's PFTT program shall be conducted so as to avoid interference with or adverse effects on Contractor's performance of other activities authorized by the Contract, including its government-funded technology transfer program.
- (k) The Contractor shall have procedures implementing its PFTT program. Such implementing procedures shall be provided to the Contracting Officer for review

and approval within ninety (90) days after execution of the contract modification authorizing PFTT. The Contractor shall provide any proposed changes to such procedures to the Contracting Officer for review and approval prior to implementation. The Contracting Officer shall have thirty (30) days thereafter to approve or require specific changes to such procedures.

- (l) To the extent DOE unilaterally determines:
 - (1) The Laboratory's mission or function is being negatively impacted; or
 - (2) It provides the most effective technology transfer program.

DOE retains the right to require all or certain portions of Contractor's PFTT program to be administered by a non-laboratory employee(s). Non-laboratory employees shall not utilize any Laboratory facilities without the prior written approval of the Contracting Officer.

H-47 Intellectual Property – BioEnergy Science Center

Notwithstanding the provisions set forth in Section I Clauses entitled, *970.5227-3 Technology Transfer Mission*, and *970.5227-2 Rights in Data-Technology Transfer*, the following applies to subject inventions in the Core Technologies of the ORNL BioEnergy Science Center and for all technical data produced or acquired by the BESC:

- (a) Definitions:
 - (1) "BESC Team Member" means any industrial, university, or other entity, and their successors, receiving BESC funding as part of the ORNL BioEnergy Science Center.
 - (2) "Core Technologies" means:
 - (i) Formation of biomass with reduced recalcitrance;
 - (ii) New tools for biomass characterization; and
 - (iii) Microbial/enzymatic hydrolysis of lignocellulose.
 - (3) "Intellectual Property Management Plan" means the plan approved by DOE and executed by all BESC Team Members within 90 days of the modification that incorporates this clause into the Prime Contract DE-AC05-00OR22725. The Intellectual Property Management Plan, to be attached as Appendix I to this Contract and made a part hereof, ensures and facilitates compliance with federal Intellectual Property law and

policy, the public interest regarding dissemination of scientific reports and results, and the rapid transfer of technology for the development of cellulosic ethanol and other biofuels.

(b) Licensing and Disposition of Benefits.

- (1) The Center will not enter into or be subject to any future licensing arrangements that provide a preferential license to any third party without prior approval by DOE.
- (2) In accordance with the Intellectual Property Management Plan, the following disposition of revenue applies when cumulative royalties or other income earned by the Contractor (excluding equity until liquidated) exceed \$200,000 from all license agreements for any subject invention or group of related subject inventions in the Core Technologies.

After incidental expenses (such as patenting and licensing costs, but not payments to inventors) are deducted from any royalties or other income earned by the Contractor with respect to subject inventions in the Core Technologies, sixty percent (60%) of the balance of any such royalties or other income or equity (above the \$200,000 threshold) will be utilized as determined by the Center for the support of scientific research or education to further the efforts of the Center and forty percent (40%) of the balance of such royalties, other income or equity will be distributed to the intellectual property owner(s), from which payments to inventors will be made.

- (3) All revenue, regardless of amount, resulting from liquidation of equity in private for-profit companies created to commercialize a Core Technology invention retained by the Contractor shall be subject to the 60/40 split as provided for in (2) above.
- (4) The disposition of royalties or other income, including equity, set forth in (2) and (3), above, remains in effect so long as the BESC is in existence. If the BESC no longer exists *prior* to the end of the initial five-year period due to lack of DOE funding, or *after* the initial five-year period due to funding or other issues as determined by DOE, then the royalty and equity disposition of (2) and (3), above, is no longer applicable.
- (5) The requirements set forth in this clause will be included in the IP Management Plan executed by all the BESC Team Members.

- (6) Subject inventions in the Core Technologies made with Center funding are not entitled to election or commercialization under Contractor's privately funded technology transfer program.
- (c) Ownership of Technical Data.
- (1) Except for data qualifying as restricted computer software or limited rights data, the Contractor will include the following requirements in all subcontracts with BESC Team Members performing work as part of the Center:
- (i) The Government shall have unlimited rights in all technical data first produced or acquired by the subcontractor. Contractor shall use the clause at 48 CFR 970.5227-1, *Rights in Data-Facilities* (BESC Deviation), in all subcontracts with BESC Team Members; and
- (ii) All technical data first produced or acquired in the performance of work in the Center will be shared with BESC Team Members, other DOE BioEnergy Science Centers, and with any DOE advisory committee assisting DOE in the evaluation of the activities of the Center.
- (2) Any deviations or modifications to such requirements will require written notice to and authorization of the DOE Contracting Officer.
- (3) Within 90 days of the modification that incorporates this clause into the Prime Contract DE-AC05-00OR22725, the Contractor will agree to establish a list of data first produced by the Center in the performance of this contract, which will be released to the public.
- (4) The Contractor will include the technical data publication requirement in paragraph (3) above in all subcontracts or other agreements with BESC Team Members performing work as part of the Center. Any deviation or modification of this requirement will require written notice to and authorization of the DOE Contracting Officer.
- (d) Special Patent Rights Provisions for Certain Subcontractors Subject to 35 U.S.C. § 200, *et seq.*:

For subcontracts in which the Contractor is a domestic small business or nonprofit organization as defined at (FAR) 48 CFR 27.301, Contractor shall replace paragraph (b) of 952.227-11 with alternate paragraph (b) as prescribed in 37 CFR 401.14(c) and with paragraph (2) modified by inserting at the beginning thereof, "Provided DOE has issued an exceptional circumstance in accordance with 37 CFR 401.3,"

H-48 DOE ITER Project (Apr 2008)

- (a) With respect to the DOE ITER Project, the Contractor will:
- (1) Pursuant to direction from DOE in its role as the Domestic Agency head for the United States and in accordance with provisions of the Joint Implementation Agreement signed on November 21, 2006, as may be amended (hereinafter, "ITER Agreement") and related documents, manage the U.S. contributions to the international ITER Project by establishing and managing the U.S. ITER Project Office at the Oak Ridge National Laboratory.
 - (2) Receive funding from DOE for U.S. ITER Project costs and manage these funds to meet U.S. obligations to the international ITER Project in accordance with the U.S. ITER Project Execution Plan and related/supporting documents.
 - (3) Perform work required by the *U.S. ITER Project Execution Plan* and approved project baseline.
 - (4) Execute necessary documents on behalf of the Domestic Agency that are consistent with the approved project baseline and needed for the day-to-day management of the project.
- (b) Reserved
- (c) Intellectual Property - In order to implement the international ITER Agreement Annex on Information and Intellectual Property, Contractor agrees that:
- (1) It is subject to the Agreement on the Establishment of the ITER International Fusion Energy Organization for the Joint Implementation of the ITER Project (the ITER Agreement) with regard to work on the ITER project. Specifically, and without limitation, subject inventions and data produced in the performance of this contract and subcontracts related to the ITER Project are subject to the license rights and other obligations provided for in the ITER Agreement's Annex on Information and Intellectual Property (the Annex) attached as Appendix H of this contract.
 - (2) Background intellectual property of the Contractor, as defined in the Annex, is also subject to the provisions of the ITER Agreement. In particular and under certain circumstances, Contractor shall use its best efforts to identify Background Intellectual Property (including patents and

data) and grant a nonexclusive license in certain Background Intellectual Property to the Parties to the ITER Agreement (Members) for commercial fusion use. However, in individual cases and for good cause shown in writing, the requirement for such a license may be waived by DOE.

- (3) In accordance with the Annex, intellectual property generated by Contractor employees who are designated as seconded staff to the ITER Organization shall be owned by the ITER Organization and the Contractor gets no rights to such intellectual property except those rights provided the Contractor by the Government as a result of the Government being a member of the ITER Organization. Contractor agrees that Contractor employee agreements will be suitably modified as necessary to effectuate this provision and that employees will be required to execute a separate secondment agreement with the ITER Organization.
 - (4) The Government may provide to each ITER Member, as defined in the ITER Agreement, the right, for non-commercial uses, to translate, reproduce, and publicly distribute data produced in the performance of this contract. Contractor will deliver to DOE, at a minimum, copies of all ITER-related peer-reviewed manuscripts provided to scientific and technical journal publishers, which may then be distributed to Members in accordance with the ITER Agreement. Contractor agrees that the ITER Organization may impose a different delivery requirement in order to be in compliance with this paragraph and that, if so, Contractor agrees that this paragraph may be suitably modified to be in accordance with the ITER Agreement.
 - (5) It will include the ITER patent and data rights clauses transmitted to the Contractor from the U.S. ITER Project Office, suitably modified to identify the parties, in all subcontracts related to ITER, at any tier, for experimental, developmental, demonstration or research work and in subcontracts in which technical data or computer software is expected to be produced or in subcontracts that contain a requirement for production or delivery of data.
- (d) Foreign assignments, in support of the ITER Project, are governed by the U.S. ITER Long-Term Foreign Assignment Relocation Policy. The Policy was approved by DOE to provide an equitable and uniform approach to the long-term (greater than one year) foreign assignment of personnel in support of the ITER Project.
 - (e) DOE has developed a set of human resource tools (R&R Toolbox) to facilitate the recruitment and retention of critical skills for major projects. The ITER project

has been approved to utilize this toolbox for the recruitment and retention of personnel. (See Appendix A)

H-49 Reserved

H-50 Special Provisions Relating to Work Funded Under American Recovery and Reinvestment Act (ARRA) of 2009 (Apr 2009)

Preamble:

Work performed under this contract will be funded, in whole or in part, with funds appropriated by the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, (Recovery Act or Act). The Recovery Act's purposes are to stimulate the economy and to create and retain jobs. The Act gives preference to activities that can be started and completed expeditiously, including a goal of using at least 50 percent of the funds made available by it for activities that can be initiated not later than June 17, 2009.

Contractors should begin planning activities for their first tier subcontractors, including obtaining a DUNS number (or updating the existing DUNS record), and registering with the Central Contractor Registration (CCR).

Be advised that Recovery Act funds can be used in conjunction with other funding as necessary to complete projects, but tracking and reporting must be separate to meet the reporting requirements of the Recovery Act and related Guidance. For projects funded by sources other than the Recovery Act, Contractors should plan to keep separate records for Recovery Act funds and to ensure those records comply with the requirements of the Act.

The Government has not fully developed the implementing instructions of the Recovery Act, particularly concerning the how and where for the new reporting requirements. The Contractor will be provided these details as they become available. The Contractor must comply with all requirements of the Act. If the Contractor believes there is any inconsistency between ARRA requirements and current contract requirements, the issues will be referred to the Contracting Officer for reconciliation.

Be advised that special provisions may apply to projects funded by the Act relating to:

- Reporting, tracking and segregation of incurred costs;
- Reporting on job creation and preservation;
- Publication of information on the Internet;
- Protecting whistleblowers; and
- Requiring prompt referral of evidence of a false claim to the Inspector General.

Definitions:

For purposes of this clause, “Covered Funds” means funds expended or obligated from appropriations under the *American Recovery and Reinvestment Act of 2009*, Pub. L. 111-5. Covered Funds will have special accounting codes and will be identified as Recovery Act funds in the contract and/or modification using Recovery Act funds. Covered Funds must be reimbursed by September 30, 2015.

“Non-Federal Employer” means any employer with respect to Covered Funds – the contractor or subcontractor, as the case may be, if the contractor or subcontractor is an employer; and any professional membership organization, certification of other professional body, any agent or licensee of the Federal government, or any person acting directly or indirectly in the interest of an employer receiving Covered Funds; or with respect to Covered Funds received by a State or local government, the State or local government receiving the funds and any contractor or subcontractor receiving the funds and any contractor or subcontractor of the State or local government; and does not mean any department, agency, or other entity of the federal government.

(a) Flow Down Provision

This clause must be included in every first-tier subcontract.

(b) Segregation and Payment of Costs

Contractor must segregate the obligations and expenditures related to funding under the Recovery Act. Financial and accounting systems should be revised as necessary to segregate, track and maintain these funds apart and separate from other revenue streams. No part of the funds from the Recovery Act shall be commingled with any other funds or used for a purpose other than that of making payments for costs allowable for Recovery Act projects. Where Recovery Act funds are authorized to be used in conjunction with other funding to complete projects, tracking and reporting must be separate from the original funding source to meet the reporting requirements of the Recovery Act and OMB Guidance.

Invoices must clearly indicate the portion of the requested payment that is for work funded by the Recovery Act.

Note: For contractors currently using drawdown on a letter of credit, the current procedure remains in effect and is used for Recovery Act activity in lieu of invoicing.

(c) Prohibition on Use of Funds

None of the funds provided under this agreement derived from the *American Recovery and Reinvestment Act of 2009*, Pub. L. 111-5 may be for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool.

(d) Wage Rates

All laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the *American Recovery and Reinvestment Act of 2009*, Pub. L. 111-5, shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in *Reorganization Plan Numbered 14 of 1950* (64 Stat. 1267, 5 U.S.C. App.) and Section 3145 of *Title 40 United States Code*. See <http://www.dol.gov/esa/whd/contracts/dbra.htm>.

(e) Publication

Information about this agreement will be published on the Internet and linked to the website www.recovery.gov, maintained by the Accountability and Transparency Board (the Board). The Board may exclude posting contractual or other information on the website on a case-by-case basis when necessary to protect national security or to protect information that is not subject to disclosure under sections 552 and 552a of title 5, United States Code.

(f) Registration requirements

Contractor shall ensure that all first-tier subcontractors have a DUNS number and are registered in the Central Contractor Registration (CCR) no later than the date the first report is due under FAR 52.204-11 American Recovery and Reinvestment Act – Reporting Requirements.

(g) Utilization of Small Business

Contractor shall to the maximum extent practicable give a preference to small business in the award of subcontracts for projects funded by Recovery Act dollars.

H-51 Modification Definitization of Recovery Act Work (Apr 2009)

- (a) The Contractor agrees to begin promptly negotiating with the Contracting Officer the terms of a definitive modification for the Recovery Act work directed under this modification. The Contractor agrees to submit a technical, cost, and fee proposal (if necessary) in accordance with the instructions contained in the Contracting Officer's request for proposal.
- (b) The schedule for definitizing this modification is as follows:

<u>Action</u>	<u>Date</u>
Contractor submits technical, cost, and fee Proposal	30 days after effective date of this modification or as otherwise directed
Commence negotiations	150 days after effective date of this modification
Mutual agreement on definitization of Recovery Act work	175 days after effective date of this modification
Contractor submits certificate of current cost or pricing data	175 days after effective date of this modification
Execute definitization contract modification	180 days after effective date of this modification

- (c) If agreement on a definitive modification is not reached by the target date in paragraph (b) of this section, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable cost and/or fee in accordance with [Subpart 15.4](#) and [Part 31](#) of the FAR and DEAR 970.1504-1-1, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the contract, subject only to the “Obligation of Funds” clause in this contract.

SECTION I - CONTRACT CLAUSES

I.1 52.202-1 DEFINITIONS. (JUL 2004)

- (a) When a solicitation provision or contract clause uses a word or term that is defined in the Federal Acquisition Regulation (FAR), the word or term has the same meaning as the definition in FAR 2.101 in effect at the time the solicitation was issued, unless--
 - (1) The solicitation, or amended solicitation, provides a different definition;
 - (2) The contracting parties agree to a different definition;
 - (3) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning; or
 - (4) The word or term is defined in FAR Part 31, for use in the cost principles and procedures.
- (b) The FAR Index is a guide to words and terms the FAR defines and shows where each definition is located. The FAR Index is available via the Internet at <http://www.acqnet.gov> at the end of the FAR, after the FAR Appendix.

I.2 52.203-3 GRATUITIES. (APR 1984)

- (a) The right of the Contractor to proceed may be terminated by written notice if, after notice and hearing, the agency head or a designee determines that the Contractor, its agent, or another representative -
 - (1) Offered or gave a gratuity (*e.g.*, an entertainment or gift) to an officer, official, or employee of the Government; and
 - (2) Intended, by the gratuity, to obtain a contract or favorable treatment under a contract.
- (b) The facts supporting this determination may be reviewed by any court having lawful jurisdiction.
- (c) If this contract is terminated under paragraph (a) of this clause, the Government is entitled -
 - (1) To pursue the same remedies as in a breach of the contract; and

- (2) In addition to any other damages provided by law, to exemplary damages of not less than 3 nor more than 10 times the cost incurred by the Contractor in giving gratuities to the person concerned, as determined by the agency head or a designee. (This subparagraph (c)(2) is applicable only if this contract uses money appropriated to the Department of Defense.)
- (d) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

I.3 52.203-5 COVENANT AGAINST CONTINGENT FEES. (APR 1984)

- (a) The Contractor warrants that no person or agency has been employed or retained to solicit or obtain this contract upon an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this warranty, the Government shall have the right to annul this contract without liability or, in its discretion, to deduct from the contract price or consideration, or otherwise recover, the full amount of the contingent fee.
- (b) “Bona fide agency,” as used in this clause, means an established commercial or selling agency, maintained by a contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.

“Bona fide employee,” as used in this clause, means a person, employed by a contractor and subject to the contractor’s supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.

“Contingent fee,” as used in this clause, means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Government contract.

“Improper influence,” as used in this clause, means any influence that induces or tends to induce a Government employee or officer to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.

I.4 52.203-6 RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT. (SEP 2006)

- (a) Except as provided in (b) of this clause, the Contractor shall not enter into any agreement with an actual or prospective subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors directly to the Government of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.
- (b) The prohibition in (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation.
- (c) The Contractor agrees to incorporate the substance of this Clause, including this paragraph (c), in all subcontracts under this contract which exceed the simplified acquisition threshold.

I.5 52.203-7 ANTI-KICKBACK PROCEDURES. (JUL 1995)

- (a) *Definitions.*

“Kickback,” as used in this clause, means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided, directly or indirectly, to any prime Contractor, prime Contractor employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in connection with a subcontract relating to a prime contract..

“Person,” as used in this clause, means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

“Prime contract,” as used in this clause, means a contract or contractual action entered into by the United States for the purpose of obtaining supplies, materials, equipment, or services of any kind.

“Prime Contractor” as used in this clause, means a person who has entered into a prime contract with the United States.

“Prime Contractor employee,” as used in this clause, means any officer, partner, employee, or agent of a prime Contractor.

“Subcontract,” as used in this clause, means a contract or contractual action entered into by a prime Contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime contract.

“Subcontractor,” as used in this clause, (1) means any person, other than the prime Contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime contract or a subcontract entered into in connection with such prime contract, and (2) includes any person who offers to furnish or furnishes general supplies to the prime Contractor or a higher tier subcontractor.

“Subcontractor employee,” as used in this clause, means any officer, partner, employee, or agent of a subcontractor.

- (b) The Anti-Kickback Act of 1986 (41 U.S.C. 51-58) (the Act), prohibits any person from -
- (1) Providing or attempting to provide or offering to provide any kickback;
 - (2) Soliciting, accepting, or attempting to accept any kickback; or
 - (3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a prime Contractor to the United States or in the contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor.
- (c) (1) The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in paragraph (b) of this clause in its own operations and direct business relationships.
- (2) When the Contractor has reasonable grounds to believe that a violation described in paragraph (b) of this clause may have occurred, the Contractor shall promptly report in writing the possible violation. Such reports shall be made to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Department of Justice.
 - (3) The Contractor shall cooperate fully with any Federal agency investigating a possible violation described in paragraph (b) of this clause.
 - (4) The Contracting Officer may (i) offset the amount of the kickback against any monies owed by the United States under the prime contract and/or (ii) direct that the Prime Contractor withhold from sums owed a subcontractor under the prime contract the amount of the kickback. The Contracting Officer may order that monies withheld under subdivision (c)(4)(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision (c)(4)(i) of this clause. In either case, the Prime Contractor shall notify the Contracting Officer when the monies are withheld.

- (5) The Contractor agrees to incorporate the substance of this clause, including subparagraph (c)(5) but excepting subparagraph (c)(1), in all subcontracts under this contract which exceed \$100,000.

I.6 52.203-8 CANCELLATION, RESCISSION, AND RECOVERY OF FUNDS FOR ILLEGAL OR IMPROPER ACTIVITY. (JAN 1997)

- (a) If the Government receives information that a contractor or a person has engaged in conduct constituting a violation of subsection (a), (b), (c), or (d) of section 27 of the Office of Federal Procurement Policy Act (41 U.S.C. 423) (the Act), as amended by section 4304 of the National Defense Authorization Act for Fiscal Year 1996 (Pub. L. 104-106), the Government may -
 - (1) Cancel the solicitation, if the contract has not yet been awarded or issued; or
 - (2) Rescind the contract with respect to which -
 - (i) The Contractor or someone acting for the Contractor has been convicted for an offense where the conduct constitutes a violation of subsection 27(a) or (b) of the Act for the purpose of either -
 - (A) Exchanging the information covered by such subsections for anything of value; or
 - (B) Obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract; or
 - (ii) The head of the contracting activity has determined, based upon a preponderance of the evidence, that the Contractor or someone acting for the Contractor has engaged in conduct constituting an offense punishable under subsection 27(e)(1) of the Act.
- (b) If the Government rescinds the contract under paragraph (a) of this clause, the Government is entitled to recover, in addition to any penalty prescribed by law, the amount expended under the contract.
- (c) The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law, regulation, or under this contract.

I.7 52.203-10 PRICE OR FEE ADJUSTMENT FOR ILLEGAL OR IMPROPER ACTIVITY. (JAN 1997)

- (a) The Government, at its election, may reduce the price of a fixed-price type contract and the total cost and fee under a cost-type contract by the amount of profit or fee determined as set forth in paragraph (b) of this clause if the head of the contracting activity or designee determines that there was a violation of subsection 27(a), (b), or (c) of the Office of Federal Procurement Policy Act, as amended (41 U.S.C. 423), as implemented in section 3.104 of the Federal Acquisition Regulation.
- (b) The price or fee reduction referred to in paragraph (a) of this clause shall be -
- (1) For cost-plus-fixed-fee contracts, the amount of the fee specified in the contract at the time of award;
 - (2) For cost-plus-incentive-fee contracts, the target fee specified in the contract at the time of award, notwithstanding any minimum fee or “fee floor” specified in the contract;
 - (3) For cost-plus-award-fee contracts -
 - (i) The base fee established in the contract at the time of contract award;
 - (ii) If no base fee is specified in the contract, 30 percent of the amount of each award fee otherwise payable to the Contractor for each award fee evaluation period or at each award fee determination point.
 - (4) For fixed-price-incentive contracts, the Government may -
 - (i) Reduce the contract target price and contract target profit both by an amount equal to the initial target profit specified in the contract at the time of contract award; or
 - (ii) If an immediate adjustment to the contract target price and contract target profit would have a significant adverse impact on the incentive price revision relationship under the contract, or adversely affect the contract financing provisions, the Contracting Officer may defer such adjustment until establishment of the total final price of the contract. The total final price established in accordance with the incentive price revision provisions of the contract shall be reduced by an amount equal to the initial target profit specified in the contract at the time of contract award and such reduced price shall be the total final contract price.

- (5) For firm-fixed-price contracts, by 10 percent of the initial contract price or a profit amount determined by the Contracting Officer from records or documents in existence prior to the date of the contract award.
- (c) The Government may, at its election, reduce a prime contractor's price or fee in accordance with the procedures of paragraph (b) of this clause for violations of the Act by its subcontractors by an amount not to exceed the amount of profit or fee reflected in the subcontract at the time the subcontract was first definitively priced.
- (d) In addition to the remedies in paragraphs (a) and (c) of this clause, the Government may terminate this contract for default. The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law or under this contract.

I.8 52.203-12 LIMITATION ON PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS. (SEP 2007)

- (a) *Definitions.* As used in this clause—

“Agency” means executive agency as defined in Federal Acquisition Regulation (FAR) 2.101.

“Covered Federal action” means any of the following Federal actions:

- (1) Awarding any Federal contract.
- (2) Making any Federal grant.
- (3) Making any Federal loan.
- (4) Entering into any cooperative agreement.
- (5) Extending, continuing, renewing, amending, or modifying any Federal contract, grant, loan, or cooperative agreement.

“Indian tribe” and “tribal organization” have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C.450B) and include Alaskan Natives.

“Influencing or attempting to influence” means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

“Local government” means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate

district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

“Officer or employee of an agency” includes the following individuals who are employed by an agency:

- (1) An individual who is appointed to a position in the Government under Title 5, United States Code, including a position under a temporary appointment.
- (2) A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.
- (3) A special Government employee, as defined in section 202, Title 18, United States Code.
- (4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, Title 5, United States Code, appendix 2.

“Person” means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit, or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and are permitted by other Federal law.

“Reasonable compensation” means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

“Reasonable payment” means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

“Recipient” includes the Contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and *are* permitted by other Federal law.

“Regularly employed” means, with respect to an officer or employee of a person requesting or receiving a Federal contract, an officer or employee who is employed

by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

“State” means a State of the United States, the District of Columbia, or an outlying area of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

- (b) *Prohibition.* 31 U.S.C. 1352 prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal actions. In accordance with 31 U.S.C. 1352 the Contractor shall not use appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the award of this contractor the extension, continuation, renewal, amendment, or modification of this contract.
- (1) The term *appropriated funds* does not include profit or fee from a covered Federal action.
 - (2) To the extent the Contractor can demonstrate that the Contractor has sufficient monies, other than Federal appropriated funds, the Government will assume that these other monies were spent for any influencing activities that would be unallowable if paid for with Federal appropriated funds.
- (c) *Exceptions.* The prohibition in paragraph (b) of this clause does not apply under the following conditions:
- (1) *Agency and legislative liaison by Contractor employees.*
 - (i) Payment of reasonable compensation made to an officer or employee of the Contractor if the payment is for agency and legislative liaison activities not directly related to this contract. For purposes of this paragraph, providing any information specifically requested by an agency or Congress is permitted at any time.
 - (ii) Participating with an agency in discussions that are not related to a specific solicitation for any covered Federal action, but that concern—

- (A) The qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities; or
 - (B) The application or adaptation of the person's products or services for an agency's use.
- (iii) Providing prior to formal solicitation of any covered Federal action any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;
 - (iv) Participating in technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and
 - (v) Making capability presentations prior to formal solicitation of any covered Federal action by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.
- (2) *Professional and technical services.*
- (i) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.
 - (ii) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.
 - (iii) As used in this paragraph (c)(2), "professional and technical services" are limited to advice and analysis directly applying any professional or technical discipline (for examples, see FAR 3.803(a)(2)(iii)).

- (iv) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.
 - (3) Only those communications and services expressly authorized by paragraphs (c)(1) and (2) of this clause are permitted.
- (d) *Disclosure.*
- (1) If the Contractor did not submit OMB Standard Form LLL, Disclosure of Lobbying Activities, with its offer, but registrants under the Lobbying Disclosure Act of 1995 have subsequently made a lobbying contact on behalf of the Contractor with respect to this contract, the Contractor shall complete and submit OMB Standard Form LLL to provide the name of the lobbying registrants, including the individuals performing the services.
 - (2) If the Contractor did submit OMB Standard Form LLL disclosure pursuant to paragraph (d) of the provision at FAR 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, and a change occurs that affects Block 10 of the OMB Standard Form LLL (name and address of lobbying registrant or individuals performing services), the Contractor shall, at the end of the calendar quarter in which the change occurs, submit to the Contracting Officer within 30 days an updated disclosure using OMB Standard Form LLL.
- (e) *Penalties.*
- (1) Any person who makes an expenditure prohibited under paragraph (b) of this clause or who fails to file or amend the disclosure to be filed or amended by paragraph (d) of this clause shall be subject to civil penalties as provided for by 31 U.S.C.1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.
 - (2) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.
- (f) *Cost allowability.* Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.
- (g) *Subcontracts.*
- (1) The Contractor shall obtain a declaration, including the certification and disclosure in paragraphs (c) and (d) of the provision at FAR 52.203-11,

Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, from each person requesting or receiving a subcontract exceeding \$100,000 under this contract. The Contractor or subcontractor that awards the subcontract shall retain the declaration.

- (2) A copy of each subcontractor disclosure form (but not certifications) shall be forwarded from tier to tier until received by the prime Contractor. The prime Contractor shall, at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor, submit to the Contracting Officer within 30 days a copy of all disclosures. Each subcontractor certification shall be retained in the subcontract file of the awarding Contractor.
- (3) The Contractor shall include the substance of this clause, including this paragraph (g), in any subcontract exceeding \$100,000.

I.9 52.203-13 CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT (DEC 2008)

- (a) *Definitions.* As used in this clause—

“Agent” means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

“Full cooperation”—

- (1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors’ and investigators’ request for documents and access to employees with information;
- (2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require—
 - (i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or
 - (ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and
- (3) Does not restrict a Contractor from—
 - (i) Conducting an internal investigation; or

- (ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

“Principal” means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a subsidiary, division, or business segment; and similar positions).

“Subcontract” means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

“Subcontractor” means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

“United States,” means the 50 States, the District of Columbia, and outlying areas.

(b) *Code of business ethics and conduct.*

- (1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall—
 - (i) Have a written code of business ethics and conduct; and
 - (ii) Make a copy of the code available to each employee engaged in performance of the contract.
- (2) The Contractor shall—
 - (i) Exercise due diligence to prevent and detect criminal conduct; and
 - (ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.
- (3) (i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed—
 - (A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or
 - (B) A violation of the civil False Claims Act ([31 U.S.C. 3729-3733](#)).

- (ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractor's disclosure as confidential where the information has been marked "confidential" or "proprietary" by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, [5 U.S.C. Section 552](#), without prior notification to the Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.
 - (iii) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.
- (c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial item as defined at FAR [2.101](#). The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:
 - (1) An ongoing business ethics awareness and compliance program.
 - (i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractor's standards and procedures and other aspects of the Contractor's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.
 - (ii) The training conducted under this program shall be provided to the Contractor's principals and employees, and as appropriate, the Contractor's agents and subcontractors.
 - (2) An internal control system.
 - (i) The Contractor's internal control system shall—
 - (A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

- (B) Ensure corrective measures are promptly instituted and carried out.
- (ii) At a minimum, the Contractor's internal control system shall provide for the following:
- (A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.
 - (B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractor's code of business ethics and conduct.
 - (C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractor's code of business ethics and conduct and the special requirements of Government contracting, including—
 - (1) Monitoring and auditing to detect criminal conduct;
 - (2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and
 - (3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.
 - (D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.
 - (E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.
 - (F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or

subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title [18 U.S.C.](#) or a violation of the civil False Claims Act ([31 U.S.C. 3729-3733](#)).

- (1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.
 - (2) If the violation relates to an order against a Government-wide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.
 - (3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.
 - (4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.
- (G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) *Subcontracts.*

- (1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that have a value in excess of \$5,000,000 and a performance period of more than 120 days.
- (2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

I.10 52.203-14 – DISPLAY OF HOTLINE POSTER(S) (DEC 2007)

(a) *Definition.*

“United States,” as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

- (b) *Display of fraud hotline poster(s)*. Except as provided in paragraph (c)—
- (1) During contract performance in the United States, the Contractor shall prominently display in common work areas within business segments performing work under this contract and at contract work sites—
 - (i) Any agency fraud hotline poster or Department of Homeland Security (DHS) fraud hotline poster identified in paragraph (b)(3) of this clause; and
 - (ii) Any DHS fraud hotline poster subsequently identified by the Contracting Officer.
 - (2) Additionally, if the Contractor maintains a company website as a method of providing information to employees, the Contractor shall display an electronic version of the poster(s) at the website.
 - (3) Any required posters may be obtained as follows:

Obtain Poster(s) from:
 - (i) U.S. Department of Energy Office of Inspector General
 - (ii) <http://www.ig.energy.gov/hotline.htm>
- (c) If the Contractor has implemented a business ethics and conduct awareness program, including a reporting mechanism, such as a hotline poster, then the Contractor need not display any agency fraud hotline posters as required in paragraph (b) of this clause, other than any required DHS posters.
- (d) *Subcontracts*. The Contractor shall include the substance of this clause, including this paragraph (d), in all subcontracts that exceed \$5,000,000, except when the subcontract—
- (1) Is for the acquisition of a commercial item; or
 - (2) Is performed entirely outside the United States.

The following clause is only applicable to projects funded by the Recovery Act:

I.11 52.203-15 WHISTLEBLOWER PROTECTIONS UNDER THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (MAR 2009)

- (a) The Contractor shall post notice of employees rights and remedies for whistleblower protections provided under section 1553 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5).
- (b) The Contractor shall include the substance of this clause including this paragraph (b) in all subcontracts.

I.12 52.204-4 PRINTED OR COPIED DOUBLE-SIDED ON RECYCLED PAPER. (AUG 2000)

- (a) *Definitions.* As used in this clause -

“Postconsumer material” means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of “recovered material.” For paper and paper products, postconsumer material means “postconsumer fiber” defined by the U.S. Environmental Protection Agency (EPA) as -

- (1) Paper, paperboard, and fibrous materials from retail stores, office buildings, homes, and so forth, after they have passed through their end-usage as a consumer item, including: used corrugated boxes; old newspapers; old magazines; mixed waste paper; tabulating cards; and used cordage; or
- (2) All paper, paperboard, and fibrous materials that enter and are collected from municipal solid waste; but not
- (3) Fiber derived from printers' over-runs, converters' scrap, and over-issue publications.

“Printed or copied double-sided” means printing or reproducing a document so that information is on both sides of a sheet of paper.

“Recovered material,” for paper and paper products, is defined by EPA in its Comprehensive Procurement Guideline as “recovered fiber” and means the following materials:

- (1) Postconsumer fiber; and
- (2) Manufacturing wastes such as -

- (i) Dry paper and paperboard waste generated after completion of the papermaking process (that is, those manufacturing operations up to and including the cutting and trimming of the paper machine reel into smaller rolls or rough sheets) including: envelope cuttings, bindery trimmings, and other paper and paperboard waste resulting from printing, cutting, forming, and other converting operations; bag, box, and carton manufacturing wastes; and butt rolls, mill wrappers, and rejected unused stock; and
 - (ii) Repulped finished paper and paperboard from obsolete inventories of paper and paperboard manufacturers, merchants, wholesalers, dealers, printers, converters, or others.
- (b) In accordance with Section 101 of Executive Order 13101 of September 14, 1998, Greening the Government through Waste Prevention, Recycling, and Federal Acquisition, the Contractor is encouraged to submit paper documents, such as offers, letters, or reports, that are printed or copied double-sided on recycled paper that meet minimum content standards specified in Section 505 of Executive Order 13101, when not using electronic commerce methods to submit information or data to the Government.
- (c) If the Contractor cannot purchase high-speed copier paper, offset paper, forms bond, computer printout paper, carbonless paper, file folders, white wove envelopes, writing and office paper, book paper, cotton fiber paper, and cover stock meeting the 30 percent postconsumer material standard for use in submitting paper documents to the Government, it should use paper containing no less than 20 percent postconsumer material. This lesser standard should be used only when paper meeting the 30 percent postconsumer material standard is not obtainable at a reasonable price or does not meet reasonable performance standards.

I.13 52.204-7 CENTRAL CONTRACTOR REGISTRATION. (APR 2008)

- (a) Definitions. As used in this clause—

“Central Contractor Registration (CCR) database” means the primary Government repository for Contractor information required for the conduct of business with the Government.

“Data Universal Numbering System (DUNS) number” means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

“Data Universal Numbering System+4 (DUNS+4) number” means the DUNS number means the number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character

suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same concern.

“Registered in the CCR database” means that—

- (1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and
 - (2) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record “Active”. The Contractor will be required to provide consent for TIN validation to the Government as a part of the CCR registration process.
- (b)
- (1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.
 - (2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “DUNS” or “DUNS+4” followed by the DUNS or DUNS+4 number that identifies the offeror’s name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.
- (c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.
- (1) An offeror may obtain a DUNS number—
 - (i) Via the internet at <http://fedgov.dnb.com/webform> or if the offeror does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or
 - (ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The offeror should indicate that it is an offeror for a U.S. Government contract when contacting the local Dun and Bradstreet office.
 - (2) The offeror should be prepared to provide the following information:

- (i) Company legal business name.
 - (ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.
 - (iii) Company physical street address, city, state and Zip Code.
 - (iv) Company mailing address, city, state and Zip Code (if separate from physical).
 - (v) Company telephone number.
 - (vi) Date the company was started.
 - (vii) Number of employees at your location.
 - (viii) Chief executive officer/key manager.
 - (ix) Line of business (industry).
 - (x) Company Headquarters name and address (reporting relationship within your entity).
- (d) If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.
- (e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.
- (f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.
- (g) (1) (i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the

responsible Contracting Officer a minimum of one business day's written notification of its intention to:

- (A) Change the name in the CCR database;
 - (B) Comply with the requirements of Subpart 42.12 of the FAR;
 - (C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.
- (ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.
- (2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.
- (h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the Internet at <http://www.ccr.gov> or by calling 1-888-227-2423, or 269-961-5757.

I.14 52.204-9 PERSONAL IDENTITY VERIFICATION OF CONTRACTOR PERSONNEL (SEP 2007)

- (a) The Contractor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24, and Federal Information Processing Standards Publication (FIPS PUB) Number 201.

- (b) The Contractor shall insert this clause in all subcontracts when the subcontractor is required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system.

The following clause is only applicable to projects funded by the Recovery Act:

**I.15 52.204-11 AMERICAN RECOVERY AND REINVESTMENT ACT –
REPORTING REQUIREMENTS (MAR 2009)**

- (a) Definitions. As used in this clause--

Contract, as defined in FAR 2.101, means a mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that obligate the Government to an expenditure of appropriated funds and that, except as otherwise authorized, are in writing. In addition to bilateral instruments, contracts include (but are not limited to) awards and notices of awards; job orders or task letters issued under basic ordering agreements; letter contracts; orders, such as purchase orders, under which the contract becomes effective by written acceptance or performance; and bilateral contract modifications. Contracts do not include grants and cooperative agreements covered by 31 U.S.C. 6301, et seq. For discussion of various types of contracts, see FAR Part 16.

First-tier subcontract means a subcontract awarded directly by a Federal Government prime contractor whose contract is funded by the Recovery Act.

Jobs created means an estimate of those new positions created and filled, or previously existing unfilled positions that are filled, as a result of funding by the American Recovery and Reinvestment Act of 2009 (Recovery Act). This definition covers only prime contractor positions established in the United States and outlying areas (see definition in FAR 2.101). The number shall be expressed as "full-time equivalent" (FTE), calculated cumulatively as all hours worked divided by the total number of hours in a full-time schedule, as defined by the contractor. For instance, two full-time employees and one part-time employee working half days would be reported as 2.5 FTE in each calendar quarter.

Jobs retained means an estimate of those previously existing filled positions that are retained as a result of funding by the American Recovery and Reinvestment Act of 2009 (Recovery Act). This definition covers only prime contractor positions established in the United States and outlying areas (see definition in FAR 2.101). The number shall be expressed as "full-time equivalent" (FTE), calculated cumulatively as all hours worked divided by the total number of hours in a full-time schedule, as defined by the contractor. For instance, two full-time employees and

one part-time employee working half days would be reported as 2.5 FTE in each calendar quarter.

Total compensation means the cash and noncash dollar value earned by the executive during the contractor's past fiscal year of the following (for more information see 17 CFR 229.402(c)(2)):

- (1) Salary and bonus.
 - (2) Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
 - (3) Earnings for services under non-equity incentive plans. Does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
 - (4) Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
 - (5) Above-market earnings on deferred compensation which is not tax-qualified.
 - (6). Other compensation. For example, severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property if the value for the executive exceeds \$10,000.
- (b) This contract requires the contractor to provide products and/or services that are funded under the American Recovery and Reinvestment Act of 2009 (Recovery Act). Section 1512(c) of the Recovery Act requires each contractor to report on its use of Recovery Act funds under this contract. These reports will be made available to the public.
 - (c) Reports from contractors for all work funded, in whole or in part, by the Recovery Act, and for which an invoice is submitted prior to June 30, 2009, are due no later than July 10, 2009. Thereafter, reports shall be submitted no later than the 10th day after the end of each calendar quarter.
 - (d) The Contractor shall report the following information, using the online reporting tool available at <http://www.FederalReporting.gov>.
 - (1) The Government contract and order number, as applicable.

- (2) The amount of Recovery Act funds invoiced by the contractor for the reporting period. A cumulative amount from all the reports submitted for this action will be maintained by the government's on-line reporting tool.
- (3) A list of all significant services performed or supplies delivered, including construction, for which the contractor invoiced in this calendar quarter.
- (4) Program or project title, if any.
- (5) A description of the overall purpose and expected outcomes or results of the contract, including significant deliverables and, if appropriate, associated units of measure.
- (6) An assessment of the contractor's progress towards the completion of the overall purpose and expected outcomes or results of the contract (i.e., not started, less than 50 percent completed, completed 50 percent or more, or fully completed). This covers the contract (or portion thereof) funded by the Recovery Act.
- (7) A narrative description of the employment impact of work funded by the Recovery Act. This narrative should be cumulative for each calendar quarter and only address the impact on the contractor's workforce. At a minimum, the contractor shall provide--
 - (i) A brief description of the types of jobs created and jobs retained in the United States and outlying areas (see definition in FAR 2.101). This description may rely on job titles, broader labor categories, or the contractor's existing practice for describing jobs as long as the terms used are widely understood and describe the general nature of the work; and
 - (ii) An estimate of the number of jobs created and jobs retained by the prime contractor, in the United States and outlying areas. A job cannot be reported as both created and retained.
- (8) Names and total compensation of each of the five most highly compensated officers of the Contractor for the calendar year in which the contract is awarded if--
 - (i) In the Contractor's preceding fiscal year, the Contractor received--
 - (A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants) and cooperative agreements; and

- (B) \$25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants) and cooperative agreements; and
 - (ii) The public does not have access to information about the compensation of the senior executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.
- (9) For subcontracts valued at less than \$25,000 or any subcontracts awarded to an individual, or subcontracts awarded to a subcontractor that in the previous tax year had gross income under \$300,000, the Contractor shall only report the aggregate number of such first tier subcontracts awarded in the quarter and their aggregate total dollar amount.
- (10) For any first-tier subcontract funded in whole or in part under the Recovery Act, that is over \$25,000 and not subject to reporting under paragraph 9, the contractor shall require the subcontractor to provide the information described in (i), (ix), (x), and (xi) below to the contractor for the purposes of the quarterly report. The contractor shall advise the subcontractor that the information will be made available to the public as required by section 1512 of the Recovery Act. The contractor shall provide detailed information on these first-tier subcontracts as follows:
- (i) Unique identifier (DUNS Number) for the subcontractor receiving the award and for the subcontractor's parent company, if the subcontractor has a parent company.
 - (ii) Name of the subcontractor.
 - (iii) Amount of the subcontract award.
 - (iv) Date of the subcontract award.
 - (v) The applicable North American Industry Classification System (NAICS) code.
 - (vi) Funding agency.
 - (vii) A description of the products or services (including construction) being provided under the subcontract, including the overall purpose and expected outcomes or results of the subcontract.
 - (viii) Subcontract number (the contract number assigned by the prime contractor).

- (ix) Subcontractor's physical address including street address, city, state, and country. Also include the nine-digit zip code and congressional district if applicable.
- (x) Subcontract primary performance location including street address, city, state, and country. Also include the nine-digit zip code and congressional district if applicable.
- (xi) Names and total compensation of each of the subcontractor's five most highly compensated officers, for the calendar year in which the subcontract is awarded if--
 - (A) In the subcontractor's preceding fiscal year, the subcontractor received—
 - (1) 80 percent or more of its annual gross revenues in Federal contracts (and subcontracts), loans, grants (and subgrants), and cooperative agreements; and
 - (2) \$25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants), and cooperative agreements; and
 - (B) The public does not have access to information about the compensation of the senior executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.

I.16 52.208-8 REQUIRED SOURCES FOR HELIUM AND HELIUM USAGE DATA (APR 2002)

(a) *Definitions.*

"Bureau of Land Management," as used in this clause, means the Department of the Interior, Bureau of Land Management, Amarillo Field Office, Helium Operations, located at 801 South Fillmore Street, Suite 500, Amarillo, TX 79101-3545.

"Federal helium supplier" means a private helium vendor that has an in-kind crude helium sales contract with the Bureau of Land Management (BLM) and that is on the BLM Amarillo Field Office's Authorized List of Federal Helium Suppliers available via the Internet at http://www.nm.blm.gov/www/amfo/amfo_home.html.

"Major helium requirement" means an estimated refined helium requirement greater than 200,000 standard cubic feet (scf) (measured at 14.7 pounds per square inch absolute pressure and 70 degrees Fahrenheit temperature) of gaseous helium or 7510 liters of liquid helium delivered to a helium use location per year.

- (b) *Requirements.*
- (1) Contractors must purchase major helium requirements from Federal helium suppliers, to the extent that supplies are available.
 - (2) The Contractor shall provide to the Contracting Officer the following data within 10 days after the Contractor or subcontractor receives a delivery of helium from a Federal helium supplier-
 - (i) The name of the supplier;
 - (ii) The amount of helium purchased;
 - (iii) The delivery date(s); and
 - (iv) The location where the helium was used.
- (c) *Subcontracts.* The Contractor shall insert this clause, including this paragraph (c), in any subcontract or order that involves a major helium requirement.

I.17 52.209-6 PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED, OR PROPOSED FOR DEBARMENT (SEPT 2006)

- (a) The Government suspends or debar Contractors to protect the Government's interests. The Contractor shall not enter into any subcontract in excess of \$30,000 with a Contractor that is debarred, suspended, or proposed for debarment unless there is a compelling reason to do so.
- (b) The Contractor shall require each proposed first-tier subcontractor, whose subcontract will exceed \$30,000, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, or proposed for debarment by the Federal Government.
- (c) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party that is debarred, suspended, or proposed for debarment (see FAR 9.404 for information on the Excluded Parties List System). The notice must include the following:

- (1) The name of the subcontractor.
- (2) The Contractor's knowledge of the reasons for the subcontractor being in the Excluded Parties List System.
- (3) The compelling reason(s) for doing business with the subcontractor notwithstanding its inclusion in the Excluded Parties List System.
- (4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, or proposed debarment.

I.18 52.211-5 MATERIAL REQUIREMENTS. (AUG 2000)

- (a) *Definitions.* As used in this clause -

“New” means composed of previously unused components, whether manufactured from virgin material, recovered material in the form of raw material, or materials and by-products generated from, and reused within, an original manufacturing process; *provided* that the supplies meet contract requirements, including but not limited to, performance, reliability, and life expectancy.

“Reconditioned” means restored to the original normal operating condition by readjustments and material replacement.

“Recovered material” means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

“Remanufactured” means factory rebuilt to original specifications.

“Virgin material” means -

- (1) Previously unused raw material, including previously unused copper, aluminum, lead, zinc, iron, other metal or metal ore; or
 - (2) Any undeveloped resource that is, or with new technology will become, a source of raw materials.
- (b) Unless this contract otherwise requires virgin material or supplies composed of or manufactured from virgin material, the Contractor shall provide supplies that are new, reconditioned, or remanufactured, as defined in this clause.

- (c) A proposal to provide unused former Government surplus property shall include a complete description of the material, the quantity, the name of the Government agency from which acquired, and the date of acquisition.
- (d) A proposal to provide used, reconditioned, or remanufactured supplies shall include a detailed description of such supplies and shall be submitted to the Contracting Officer for approval.
- (e) Used, reconditioned, or remanufactured supplies, or unused former Government surplus property, may be used in contract performance if the Contractor has proposed the use of such supplies, and the Contracting Officer has authorized their use.

I.19 52.215-8 ORDER OF PRECEDENCE - UNIFORM CONTRACT FORMAT. (OCT 1997)

Any inconsistency in this solicitation or contract shall be resolved by giving precedence in the following order:

- (a) The Schedule (excluding the specifications).
- (b) Representations and other instructions.
- (c) Contract clauses.
- (d) Other documents, exhibits, and attachments.
- (e) The specifications.

I.20 52.215-12 SUBCONTRACTOR COST OR PRICING DATA. (OCT 1997)

- (a) Before awarding any subcontract expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, the Contractor shall require the subcontractor to submit cost or pricing data (actually or by specific identification in writing), unless an exception under FAR 15.403-1 applies.
- (b) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.406-2 that, to the best of its knowledge and belief, the data submitted under paragraph (a) of this clause were accurate, complete, and current as

of the date of agreement on the negotiated price of the subcontract or subcontract modification.

- (c) In each subcontract that exceeds the threshold for submission of cost or pricing data at FAR 15.403-4, when entered into, the Contractor shall insert either -
 - (1) The substance of this clause, including this paragraph (c), if paragraph (a) of this clause requires submission of cost or pricing data for the subcontract; or
 - (2) The substance of the clause at FAR 52.215-13, Subcontractor Cost or Pricing Data - Modifications.

**I.21 52.215-13 SUBCONTRACTOR COST OR PRICING DATA - MODIFICATIONS.
(OCT 1997)**

- (a) The requirements of paragraphs (b) and (c) of this clause shall -
 - (1) Become operative only for any modification to this contract involving a pricing adjustment expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4; and
 - (2) Be limited to such modifications.
- (b) Before awarding any subcontract expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, the Contractor shall require the subcontractor to submit cost or pricing data (actually or by specific identification in writing), unless an exception under FAR 15.403-1 applies.
- (c) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.406-2 that, to the best of its knowledge and belief, the data submitted under paragraph (b) of this clause were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.
- (d) The Contractor shall insert the substance of this clause, including this paragraph (d), in each subcontract that exceeds the threshold for submission of cost or pricing data at FAR 15.403-4 on the date of agreement on price or the date of award, whichever is later.

I.22 52.215-14 INTEGRITY OF UNIT PRICES (OCT 1997)

- (a) Any proposal submitted for the negotiation of prices for items of supplies shall distribute costs within contracts on a basis that ensures that unit prices are in proportion to the items' base cost (e.g., manufacturing or acquisition costs). Any method of distributing costs to line items that distorts unit prices shall not be used. For example, distributing costs equally among line items is not acceptable except when there is little or no variation in base cost. Nothing in this paragraph requires submission of cost or pricing data not otherwise required by law or regulation.
- (b) When requested by the Contracting Officer, the Offeror/Contractor shall also identify those supplies that it will not manufacture or to which it will not contribute significant value.
- (c) The Contractor shall insert the substance of this clause, less paragraph (b), in all subcontracts for other than: acquisitions at or below the simplified acquisition threshold in FAR Part 2; construction or architect-engineer services under FAR Part 36; utility services under FAR Part 41; services where supplies are not required; commercial items; and petroleum products.

I.23 52.215-23 LIMITATIONS ON PASS-THROUGH CHARGES (OCT 2009)

- (a) Definitions. As used in this clause—

“Added value” means that the Contractor performs subcontract management functions that the Contracting Officer determines are a benefit to the Government (e.g., processing orders of parts or services, maintaining inventory, reducing delivery lead times, managing multiple sources for contract requirements, coordinating deliveries, performing quality assurance functions).

“Excessive pass-through charge,” with respect to a Contractor or subcontractor that adds no or negligible value to a contract or subcontract, means a charge to the Government by the Contractor or subcontractor that is for indirect costs or profit/fee on work performed by a subcontractor (other than charges for the costs of managing subcontracts and any applicable indirect costs and associated profit/fee based on such costs).

“No or negligible value” means the Contractor or subcontractor cannot demonstrate to the Contracting Officer that its effort added value to the contract or subcontract in accomplishing the work performed under the contract (including task or delivery orders).

“Subcontract” means any contract, as defined in FAR 2.101, entered into by a subcontractor to furnish supplies or services for performance of the contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

“Subcontractor,” as defined in FAR 44.101, means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

- (b) General. The Government will not pay excessive pass-through charges. The Contracting Officer shall determine if excessive pass-through charges exist.
- (c) Reporting. Required reporting of performance of work by the Contractor or a subcontractor. The Contractor shall notify the Contracting Officer in writing if—
 - (1) The Contractor changes the amount of subcontract effort after award such that it exceeds 70 percent of the total cost of work to be performed under the contract, task order, or delivery order. The notification shall identify the revised cost of the subcontract effort and shall include verification that the Contractor will provide added value; or
 - (2) Any subcontractor changes the amount of lower-tier subcontractor effort after award such that it exceeds 70 percent of the total cost of the work to be performed under its subcontract. The notification shall identify the revised cost of the subcontract effort and shall include verification that the subcontractor will provide added value as related to the work to be performed by the lower-tier subcontractor(s).
- (d) Recovery of excessive pass-through charges. If the Contracting Officer determines that excessive pass-through charges exist;
 - (1) For other than fixed-price contracts, the excessive pass-through charges are unallowable in accordance with the provisions in FAR subpart 31.2; and
 - (2) For applicable DoD fixed-price contracts, as identified in 15.408(n)(2)(i)(B), the Government shall be entitled to a price reduction for the amount of excessive pass-through charges included in the contract price.
- (e) Access to records.
 - (1) The Contracting Officer, or authorized representative, shall have the right to examine and audit all the Contractor's records (as defined at FAR 52.215-2(a)) necessary to determine whether the Contractor proposed, billed, or claimed excessive pass-through charges.
 - (2) For those subcontracts to which paragraph (f) of this clause applies, the Contracting Officer, or authorized representative, shall have the right to examine and audit all the subcontractor's records (as defined at FAR 52.215-

2(a)) necessary to determine whether the subcontractor proposed, billed, or claimed excessive pass-through charges.

- (f) **Flowdown.** The Contractor shall insert the substance of this clause, including this paragraph (f), in all cost-reimbursement subcontracts under this contract that exceed the simplified acquisition threshold, except if the contract is with DoD, then insert in all cost-reimbursement subcontracts and fixed-price subcontracts, except those identified in 15.408(n)(2)(i)(B)(2), that exceed the threshold for obtaining cost or pricing data in accordance with FAR 15.403-4.

I.24 52.219-4 NOTICE OF PRICE EVALUATION FOR HUBZONE SMALL BUSINESS CONCERNS (JUL 2005)

- (a) *Definition.* HUBZone small business concern, as used in this clause, means a small business concern that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.
- (b) *Evaluation preference.*
- (1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except—
 - (i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and
 - (ii) Otherwise successful offers from small business concerns.
 - (2) The factor of 10 percent shall be applied on a line item basis or to any group of items on which award may be made. Other evaluation factors described in the solicitation shall be applied before application of the factor.
 - (3) A concern that is both a HUBZone small business concern and a small disadvantaged business concern will receive the benefit of both the HUBZone small business price evaluation preference and the small disadvantaged business price evaluation adjustment (see FAR clause 52.219-23). Each applicable price evaluation preference or adjustment shall be calculated independently against an offeror's base offer. These individual preference amounts shall be added together to arrive at the total evaluated price for that offer.
- (c) *Waiver of evaluation preference.* A HUBZone small business concern may elect to waive the evaluation preference, in which case the factor will be added to its offer for evaluation purposes. The agreements in paragraph (d) of this clause do not apply if the offeror has waived the evaluation preference.

___ Offer elects to waive the evaluation preference.

- (d) *Agreement.* A HUBZone small business concern agrees that in the performance of the contract, in the case of a contract for
- (1) Services (except construction), at least 50 percent of the cost of personnel for contract performance will be spent for employees of the concern or employees of other HUBZone small business concerns;
 - (2) Supplies (other than procurement from a nonmanufacturer of such supplies), at least 50 percent of the cost of manufacturing, excluding the cost of materials, will be performed by the concern or other HUBZone small business concerns;
 - (3) General construction, at least 15 percent of the cost of the contract performance incurred for personnel will be spent on the concern's employees or the employees of other HUBZone small business concerns; or
 - (4) Construction by special trade contractors, at least 25 percent of the cost of the contract performance incurred for personnel will be spent on the concern's employees or the employees of other HUBZone small business concerns.
- (e) A HUBZone joint venture agrees that in the performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the HUBZone small business participant or participants;
- (f) A HUBZone small business concern nonmanufacturer agrees to furnish in performing this contract only end items manufactured or produced by HUBZone small business manufacturer concerns. This paragraph does not apply in connection with construction or service contracts.

I.25 52.219-8 UTILIZATION OF SMALL BUSINESS CONCERNS. (MAY 2004)

- (a) It is the policy of the United States that small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small

business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns.

- (b) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of the Contractor's compliance with this clause.

- (c) *Definitions.* As used in this contract -

“HUBZone small business concern” means a small business concern that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.

“Service-disabled veteran-owned small business concern” -

- (1) Means a small business concern -

- (i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and
- (ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

- (2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

“Small business concern” means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto.

“Small disadvantaged business concern” means a small business concern that represents, as part of its offer that -

- (1) It has received certification as a small disadvantaged business concern consistent with 13 CFR part 124, Subpart B;
- (2) No material change in disadvantaged ownership and control has occurred since its certification;

- (3) Where the concern is owned by one or more individuals, the net worth of each individual upon whom the certification is based does not exceed \$750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and
- (4) It is identified, on the date of its representation, as a certified small disadvantaged business in the database maintained by the Small Business Administration (PRO-Net).

“Veteran-owned small business concern” means a small business concern -

- (1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and
- (2) The management and daily business operations of which are controlled by one or more veterans.

“Women-owned small business concern” means a small business concern -

- (1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and
 - (2) Whose management and daily business operations are controlled by one or more women.
- (d) Contractors acting in good faith may rely on written representations by their subcontractors regarding their status as a small business concern, a veteran-owned small business concern, a service-disabled veteran-owned small business concern, a HUBZone small business concern, a small disadvantaged business concern, or a women-owned small business concern.

I.26 52.219-9 SMALL BUSINESS SUBCONTRACTING PLAN. (APR 2008)

- (a) This clause does not apply to small business concerns.
- (b) *Definitions.* As used in this clause—

“Alaska Native Corporation (ANC)” means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act, as amended (43 U.S.C. 1601, *et seq.*) and which is considered a minority and

economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626 (e)(2).

“Commercial item” means a product or service that satisfies the definition of commercial item in section 2.101 of the Federal Acquisition Regulation.

“Commercial plan” means a subcontracting plan (including goals) that covers the offeror’s fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (*e.g.*, division, plant, or product line).

“Electronic Subcontracting Reporting System (eSRS)” means the Governmentwide, electronic, web-based system for small business subcontracting program reporting. The eSRS is located at <http://www.esrs.gov>.

“Indian tribe” means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C.A. 1601 *et seq.*), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

“Individual contract plan” means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror’s planned subcontracting in support of the specific contract except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

“Master plan” means a subcontracting plan that contains all the required elements of an individual contract plan, except goals, and may be incorporated into individual contract plans, provided the master plan has been approved.

“Subcontract” means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

- (c) The offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business concerns, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business concerns, small disadvantaged business, and with women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled

veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the offeror ineligible for award of a contract.

- (d) The offeror's subcontracting plan shall include the following:
- (1) Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 43 U.S.C. 1626:
 - (i) Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantaged business (SDB) concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe.
 - (ii) Where one or more subcontractors are in the subcontract tier between the prime contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.
 - (A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.
 - (B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.
 - (C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime Contractor, and the subcontractors in between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

- (D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contractor that awarded the subcontract to the ANC or Indian tribe will be considered the designated Contractor.
- (2) A statement of—
- (i) Total dollars planned to be subcontracted for an individual contract plan; or the offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan;
 - (ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes);
 - (iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;
 - (iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;
 - (v) Total dollars planned to be subcontracted to HUBZone small business concerns;
 - (vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANCs and Indian tribes); and
 - (vii) Total dollars planned to be subcontracted to women-owned small business concerns.
- (3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to
- - (i) Small business concerns,
 - (ii) Veteran-owned small business concerns;
 - (iii) Service-disabled veteran-owned small business concerns;
 - (iv) HUBZone small business concerns;
 - (v) Small disadvantaged business concerns, and
 - (vi) Women-owned small business concerns.

- (4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.
- (5) A description of the method used to identify potential sources for solicitation purposes (*e.g.*, existing company source lists, the Central Contractor Registration database (CCR), veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in CCR as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of CCR as its source list does not relieve a firm of its responsibilities (*e.g.*, outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.
- (6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with --
 - (i) Small business concerns (including ANC and Indian tribes);
 - (ii) Veteran-owned small business concerns;
 - (iii) Service-disabled veteran-owned small business concerns;
 - (iv) HUBZone small business concerns;
 - (v) Small disadvantaged business concerns (including ANC and Indian tribes); and
 - (vi) Women-owned small business concerns.
- (7) The name of the individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual.
- (8) A description of the efforts the offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

- (9) Assurances that the offeror will include the clause of this contract entitled “Utilization of Small Business Concerns” in all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of \$550,000 (\$1,000,000 for construction of any public facility with further subcontracting possibilities) to adopt a plan similar to the plan that complies with the requirements of this clause.
- (10) Assurances that the offeror will --
- (i) Cooperate in any studies or surveys as may be required;
 - (ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;
 - (iii) Submit the Individual Subcontracting Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with the paragraph (l) of this clause using the Electronic Subcontracting Reporting System (eSRS) at <http://esrs.gov>. The reports shall provide information on subcontract awards to small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, women-owned small business concerns, and Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;
 - (iv) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using eSRS;
 - (v) Provide its prime contract number, its DUNS number, and the e-mail address of the Government or Contractor official responsible for acknowledging or rejecting the reports, to all first-tier subcontractors with subcontracting plans so they can enter this information into the eSRS when submitting their reports; and
 - (vi) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own DUNS number, and the e-mail address of the Government or Contractor official responsible for acknowledging or rejecting the reports, to its subcontractors with subcontracting plans.
- (11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the

offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

- (i) Source lists (*e.g.*, CCR), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.
- (ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.
- (iii) Records on each subcontract solicitation resulting in an award of more than \$100,000, indicating --
 - (A) Whether small business concerns were solicited and if not, why not;
 - (B) Whether veteran-owned small business concerns were solicited and, if not, why not;
 - (C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;
 - (D) Whether HUBZone small business concerns were solicited and, if not, why not;
 - (E) Whether small disadvantaged business concerns were solicited and if not, why not;
 - (F) Whether women-owned small business concerns were solicited and if not, why not; and
 - (G) If applicable, the reason award was not made to a small business concern.
- (iv) Records of any outreach efforts to contact --
 - (A) Trade associations;
 - (B) Business development organizations;

- (C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, and women-owned small business sources; and
 - (D) Veterans service organizations.
 - (v) Records of internal guidance and encouragement provided to buyers through --
 - (A) Workshops, seminars, training, etc., and
 - (B) Monitoring performance to evaluate compliance with the program's requirements.
 - (vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.
- (e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:
- (1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.
 - (2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.
 - (3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.
 - (4) Confirm that a subcontractor representing itself as a HUBZone small business concern is identified as a certified HUBZone small business concern by

accessing the Central Contractor Registration (CCR) database or by contacting SBA.

- (5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.
- (f) A master plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the offeror by this clause; provided --
 - (1) The master plan has been approved;
 - (2) The offeror ensures that the master plan is updated as necessary and provides copies of the approved master plan, including evidence of its approval, to the Contracting Officer; and
 - (3) Goals and any deviations from the master plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.
- (g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial item. A contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR in eSRS for all contracts covered by its commercial plan. This report shall be acknowledged or rejected in eSRS by the Contracting Officer who approved the plan. This report shall be submitted within 30 days after the end of the Government's fiscal year.
- (h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.
- (i) A contract may have no more than one plan. When a modification meets the criteria in 19.702 for a plan, or an option is exercised, the goals associated with the modification or option shall be added to those in the existing subcontract plan.

- (j) Subcontracting plans are not required from subcontractors when the prime contract contains the clause at 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Items, or when the subcontractor provides a commercial item subject to the clause at 52.244-6, Subcontracts for Commercial Items, under a prime contract.
- (k) The failure of the Contractor or subcontractor to comply in good faith with—
 - (1) The clause of this contract entitled “Utilization Of Small Business Concerns;”
or
 - (2) An approved plan required by this clause, shall be a material breach of the contract.
- (l) The Contractor shall submit ISRs and SSRs using the web-based eSRS at <http://www.esrs.gov>. Purchases from a corporation, company, or subdivision that is an affiliate of the prime Contractor or subcontractor are not included in these reports. Subcontract award data reported by prime Contractors and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC or Indian tribe.
 - (1) ISR. This report is not required for commercial plans. The report is required for each contract containing an individual subcontract plan and shall be submitted to the Administrative Contracting Officer (ACO) or Contracting Officer, if no ACO is assigned.
 - (i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period.
 - (ii) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.704(c), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

- (iii) The authority to acknowledge receipt or reject the ISR resides—
 - (A) In the case of the prime Contractor, with the Contracting Officer; and
 - (B) In the case of a subcontract with a subcontracting plan, with the entity that awarded the subcontract.
- (2) SSR.
 - (i) Reports submitted under individual contract plans—
 - (A) This report encompasses all subcontracting under prime contracts and subcontracts with the awarding agency, regardless of the dollar value of the subcontracts.
 - (B) The report may be submitted on a corporate, company or subdivision (*e.g.* plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.
 - (C) If a prime Contractor and/or subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over \$550,000 (over \$1,000,000 for construction of a public facility) and contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime Contractors. However, for construction and related maintenance and repair, a separate report shall be submitted for each DoD component.
 - (D) For DoD and NASA, the report shall be submitted semi-annually for the six months ending March 31 and the twelve months ending September 30. For civilian agencies, except NASA, it shall be submitted annually for the twelve month period ending September 30. Reports are due 30 days after the close of each reporting period.
 - (E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.
 - (F) The authority to acknowledge or reject SSRs in eSRS, including SSRs submitted by subcontractors with subcontracting plans, resides with the Government agency awarding the prime contracts.
 - (ii) Reports submitted under a commercial plan—

- (A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year.
 - (B) The report shall be submitted annually, within thirty days after the end of the Government's fiscal year.
 - (C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency from which contracts for commercial items were received.
 - (D) The authority to acknowledge or reject SSRs for commercial plans resides with the Contracting Officer who approved the commercial plan.
- (iii) All reports submitted at the close of each fiscal year (both individual and commercial plans) shall include a Year-End Supplementary Report for Small Disadvantaged Businesses. The report shall include subcontract awards, in whole dollars, to small disadvantaged business concerns by North American Industry Classification System (NAICS) Industry Subsector. If the data are not available when the year-end SSR is submitted, the prime Contractor and/or subcontractor shall submit the Year-End Supplementary Report for Small Disadvantaged Businesses within 90 days of submitting the year-end SSR. For a commercial plan, the Contractor may obtain from each of its subcontractors a predominant NAICS Industry Subsector and report all awards to that subcontractor under its predominant NAICS Industry Subsector.

I.27 52.219-16 LIQUIDATED DAMAGES - SUBCONTRACTING PLAN. (JAN 1999)

- (a) "Failure to make a good faith effort to comply with the subcontracting plan", as used in this clause, means a willful or intentional failure to perform in accordance with the requirements of the subcontracting plan approved under the clause in this contract entitled "Small Business Subcontracting Plan," or willful or intentional action to frustrate the plan.
- (b) Performance shall be measured by applying the percentage goals to the total actual subcontracting dollars or, if a commercial plan is involved, to the pro rata share of actual subcontracting dollars attributable to Government contracts covered by the commercial plan. If, at contract completion or, in the case of a commercial plan, at the close of the fiscal year for which the plan is applicable, the Contractor has failed to meet its subcontracting goals and the Contracting Officer decides in accordance with paragraph (c) of this clause that the Contractor failed to make a good faith

effort to comply with its subcontracting plan, established in accordance with the clause in this contract entitled “Small Business Subcontracting Plan,” the Contractor shall pay the Government liquidated damages in an amount stated. The amount of probable damages attributable to the Contractor's failure to comply shall be an amount equal to the actual dollar amount by which the Contractor failed to achieve each subcontract goal.

- (c) Before the Contracting Officer makes a final decision that the Contractor has failed to make such good faith effort, the Contracting Officer shall give the Contractor written notice specifying the failure and permitting the Contractor to demonstrate what good faith efforts have been made and to discuss the matter. Failure to respond to the notice may be taken as an admission that no valid explanation exists. If, after consideration of all the pertinent data, the Contracting Officer finds that the Contractor failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer shall issue a final decision to that effect and require that the Contractor pay the Government liquidated damages as provided in paragraph (b) of this clause.
- (d) With respect to commercial plans, the Contracting Officer who approved the plan will perform the functions of the Contracting Officer under this clause on behalf of all agencies with contracts covered by the commercial plan.
- (e) The Contractor shall have the right of appeal, under the clause in this contract entitled, Disputes, from any final decision of the Contracting Officer.
- (f) Liquidated damages shall be in addition to any other remedies that the Government may have.

I.28 52.219-25 SMALL DISADVANTAGED BUSINESS PARTICIPATION PROGRAM-DISADVANTAGED STATUS AND REPORTING. (APR 2008)

- (a) *Disadvantaged status for joint venture partners, team members, and subcontractors.* This clause addresses disadvantaged status for joint venture partners, teaming arrangement members, and subcontractors and is applicable if this contract contains small disadvantaged business (SDB) participation targets. The Contractor shall obtain representations of small disadvantaged status from joint venture partners and teaming arrangement members through use of a provision substantially the same as paragraph (b)(1)(i) of the provision at FAR 52.219-22, Small Disadvantaged Business Status. The Contractor shall confirm that a joint venture partner, team member, or subcontractor representing itself as a small disadvantaged business concern is a small disadvantaged business concern certified by the Small Business Administration by using the Central Contractor Registration database or by contacting the SBA's Office of Small Disadvantaged Business Certification and Eligibility.

- (b) Reporting requirement. If this contract contains SDB participation targets, the Contractor shall report on the participation of SDB concerns at contract completion, or as otherwise provided in this contract. Reporting may be on Optional Form 312, Small Disadvantaged Business Participation Report, in the Contractor's own format providing the same information, or accomplished through using the Electronic Subcontracting Reporting System's Small Disadvantaged Business Participation Report. This report is required for each contract containing SDB participation targets. If this contract contains an individual Small Business Subcontracting Plan, reports shall be submitted with the final Individual Subcontract Report at the completion of the contract.

I.29 52.219-28 POST AWARD SMALL BUSINESS PROGRAM REPRESENTATION (APR 2009)

- (a) *Definitions.* As used in this clause--

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

- (b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:
 - (1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

- (2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.
- (3) For long-term contracts—
 - (i) Within 60 to 120 days prior to the end of the fifth year of the contract; and
 - (ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.
- (c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/services/contractingopportunities/sizestandardtopics/>.
- (d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.
- (e) Except as provided in paragraph (g) of this clause, the Contractor shall make the rerepresentation required by paragraph (b) of this clause by validating or updating all its representations in the Online Representations and Certifications Application and its data in the Central Contractor Registration, as necessary, to ensure they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update.
- (f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.
- (g) If the Contractor does not have representations and certifications in ORCA, or does not have a representation in ORCA for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

The Contractor represents that it [] is, [] is not a small business concern under NAICS Code _____ assigned to contract number _____.[Contractor to sign and date and insert authorized signer's name and title].

I.30 52.222-1 NOTICE TO THE GOVERNMENT OF LABOR DISPUTES. (FEB 1997)

If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately give notice, including all relevant information, to the Contracting Officer.

I.31 52.222-3 CONVICT LABOR. (JUN 2003)

- (a) Except as provided in paragraph (b) of this clause, the Contractor shall not employ in the performance of this contract any person undergoing a sentence of imprisonment imposed by any court of a State, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands.
- (b) The Contractor is not prohibited from employing persons--
 - (1) On parole or probation to work at paid employment during the term of their sentence;
 - (2) Who have been pardoned or who have served their terms; or
 - (3) Confined for violation of the laws of any of the States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands who are authorized to work at paid employment in the community under the laws of such jurisdiction, if--
 - (i) The worker is paid or is in an approved work training program on a voluntary basis;
 - (ii) Representatives of local union central bodies or similar labor union organizations have been consulted;
 - (iii) Such paid employment will not result in the displacement of employed workers, or be applied in skills, crafts, or trades in which there is a surplus of available gainful labor in the locality, or impair existing contracts for services;
 - (iv) The rates of pay and other conditions of employment will not be less than those paid or provided for work of a similar nature in the locality in which the work is being performed; and

- (v) The Attorney General of the United States has certified that the work-release laws or regulations of the jurisdiction involved are in conformity with the requirements of Executive Order 11755, as amended by Executive Orders 12608 and 12943.

I.32 52.222-4 CONTRACT WORK HOURS AND SAFETY STANDARDS ACT - OVERTIME COMPENSATION. (JUL 2005)

- (a) *Overtime requirements.* No Contractor or subcontractor employing laborers or mechanics (see Federal Acquisition Regulation 22.300) shall require or permit them to work over 40 hours in any workweek unless they are paid at least 1 and 1/2 times the basic rate of pay for each hour worked over 40 hours.
- (b) *Violation; liability for unpaid wages; liquidated damages.* The responsible Contractor and subcontractor are liable for unpaid wages if they violate the terms in paragraph (a) of this clause. In addition, the Contractor and subcontractor are liable for liquidated damages payable to the Government. The Contracting Officer will assess liquidated damages at the rate of \$10 per affected employee for each calendar day on which the employer required or permitted the employee to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the Contract Work Hours and Safety Standards Act.
- (c) *Withholding for unpaid wages and liquidated damages.* The Contracting Officer will withhold from payments due under the contract sufficient funds required to satisfy any Contractor or subcontractor liabilities for unpaid wages and liquidated damages. If amounts withheld under the contract are insufficient to satisfy Contractor or subcontractor liabilities, the Contracting Officer will withhold payments from other Federal or Federally assisted contracts held by the same Contractor that are subject to the Contract Work Hours and Safety Standards Act.
- (d) *Payrolls and basic records.*
 - (1) The Contractor and its subcontractors shall maintain payrolls and basic payroll records for all laborers and mechanics working on the contract during the contract and shall make them available to the Government until 3 years after contract completion. The records shall contain the name and address of each employee, social security number, labor classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records need not duplicate those required for construction work by Department of Labor regulations at 29 CFR 5.5(a)(3) implementing the Davis-Bacon Act.
 - (2) The Contractor and its subcontractors shall allow authorized representatives of the Contracting Officer or the Department of Labor to inspect, copy, or

transcribe records maintained under paragraph (d)(1) of this clause. The Contractor or subcontractor also shall allow authorized representatives of the Contracting Officer or Department of Labor to interview employees in the workplace during working hours.

- (e) *Subcontracts.* The Contractor shall insert the provisions set forth in paragraphs (a) through (d) of this clause in subcontracts may require or involve the employment of laborers and mechanics and require subcontractors to include these provisions in any such lower-tier subcontracts. The Contractor shall be responsible for compliance by any subcontractor or lower-tier subcontractor with the provisions set forth in paragraphs (a) through (d) of this clause.

I.33 52.222-6 DAVIS-BACON ACT. (JUL 2005)

- (a) Definition.--Site of the work—

- (1) Means--

- (i) The primary site of the work. The physical place or places where the construction called for in the contract will remain when work on it is completed; and

- (ii) The secondary site of the work, if any. Any other site where a significant portion of the building or work is constructed, provided that such site is--

- (A) Located in the United States; and

- (B) Established specifically for the performance of the contract or project;

- (2) Except as provided in paragraph (3) of this definition, includes any fabrication plants, mobile factories, batch plants, borrow pits, job headquarters, tool yards, etc., provided--

- (i) They are dedicated exclusively, or nearly so, to performance of the contract or project; and

- (ii) They are adjacent or virtually adjacent to the primary site of the work as defined in paragraph (a)(1)(i), or the secondary site of the work as defined in paragraph (a)(1)(ii) of this definition;

- (3) Does not include permanent home offices, branch plant establishments, fabrication plants, or tool yards of a Contractor or subcontractor whose

locations and continuance in operation are determined wholly without regard to a particular Federal contract or project. In addition, fabrication plants, batch plants, borrow pits, job headquarters, yards, etc., of a commercial or material supplier which are established by a supplier of materials for the project before opening of bids and not on the Project site, are not included in the site of the work. Such permanent, previously established facilities are not a part of the site of the work even if the operations for a period of time may be dedicated exclusively or nearly so, to the performance of a contract.

- (b) (1) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, or as may be incorporated for a secondary site of the work, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Any wage determination incorporated for a secondary site of the work shall be effective from the first day on which work under the contract was performed at that site and shall be incorporated without any adjustment in contract price or estimated cost. Laborers employed by the construction Contractor or construction subcontractor that are transporting portions of the building or work between the secondary site of the work and the primary site of the work shall be paid in accordance with the wage determination applicable to the primary site of the work.
- (2) Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (e) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such period.
- (3) Such laborers and mechanics shall be paid not less than the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in the clause entitled Apprentices and Trainees. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed.

- (4) The wage determination (including any additional classifications and wage rates conformed under paragraph (c) of this clause) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the primary site of the work and the secondary site of the work, if any, in a prominent and accessible place where it can be easily seen by the workers.
- (c) (1) The Contracting Officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The Contracting Officer shall approve an additional classification and wage rate and fringe benefits therefor only when all the following criteria have been met:
- (i) The work to be performed by the classification requested is not performed by a classification in the wage determination.
 - (ii) The classification is utilized in the area by the construction industry.
 - (iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
- (2) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Contracting Officer agree on the classification and wage rate (including the amount designated for fringe benefits, where appropriate), a report of the action taken shall be sent by the Contracting Officer to the Administrator of the:

Wage and Hour Division
Employment Standards Administration
U.S. Department of Labor
Washington, DC 20210

The Administrator or an authorized representative will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

- (3) In the event the Contractor, the laborers or mechanics to be employed in the classification, or their representatives, and the Contracting Officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the Contracting Officer shall refer the questions, including the views of all interested parties and the recommendation of the Contracting Officer, to the Administrator of the Wage

and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

- (4) The wage rate (including fringe benefits, where appropriate) determined pursuant to subparagraphs (c)(2) and (c)(3) of this clause shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.
- (d) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
- (e) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, That the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

I.34 52.222-7 WITHHOLDING OF FUNDS. (FEB 1988)

The Contracting Officer shall, upon his or her own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same Prime Contractor, or any other federally assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same Prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the Contracting Officer may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

I.35 52.222-8 PAYROLLS AND BASIC RECORDS. (FEB 1988)

- (a) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of 3 years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under paragraph (d) of the clause entitled Davis-Bacon Act, that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.
- (b) (1) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under paragraph (a) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the -

Superintendent of Documents
U.S. Government Printing Office
Washington, DC 20402

The Prime Contractor is responsible for the submission of copies of payrolls by all subcontractors.

- (2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify -

- (i) That the payroll for the payroll period contains the information required to be maintained under paragraph (a) of this clause and that such information is correct and complete;
 - (ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in the Regulations, 29 CFR Part 3; and
 - (iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.
- (3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the “Statement of Compliance” required by subparagraph (b)(2) of this clause.
 - (4) The falsification of any of the certifications in this clause may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.
- (c) The Contractor or subcontractor shall make the records required under paragraph (a) of this clause available for inspection, copying, or transcription by the Contracting Officer or authorized representatives of the Contracting Officer or the Department of Labor. The Contractor or subcontractor shall permit the Contracting Officer or representatives of the Contracting Officer or the Department of Labor to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit required records or to make them available, the Contracting Officer may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

I.36 52.222-9 APPRENTICES AND TRAINEES. (JUL 2005)

- (a) Apprentices.
 - (1) An apprentice will be permitted to work at less than the predetermined rate for the work performed when employed--

- (i) Pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS) or with a State Apprenticeship Agency recognized by the OATELS; or
 - (ii) In the first 90 days of probationary employment as an apprentice in such an apprenticeship program, even though not individually registered in the program, if certified by the OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.
- (2) The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program.
- (3) Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph (a)(1) of this clause, shall be paid not less than the applicable wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.
- (4) Where a Contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination.
- (5) Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.
- (6) In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

- (b) Trainees.
- (1) Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS). The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by OATELS.
 - (2) Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the OATELS shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed.
 - (3) In the event OATELS withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (c) *Equal employment opportunity.* The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

I.37 52.222-10 COMPLIANCE WITH COPELAND ACT REQUIREMENTS. (FEB 1988)

The Contractor shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.

I.38 52.222-11 SUBCONTRACTS (LABOR STANDARDS). (JUL 2005)

- (a) *Definition.* “Construction, alteration or repair,” as used in this clause means all types of work done by laborers and mechanics employed by the construction Contractor or construction subcontractor on a particular building or work at the site thereof, including without limitation—
- (1) Altering, remodeling, installation (if appropriate) on the site of the work of items fabricated off-site;
 - (2) Painting and decorating;
 - (3) Manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work;
 - (4) Transportation of materials and supplies between the site of the work within the meaning of paragraphs (a)(1)(i) and (ii) of the “site of the work” as defined in the FAR clause at 52.222-6, Davis-Bacon Act of this contract, and a facility which is dedicated to the construction of the building or work and is deemed part of the site of the work within the meaning of paragraph (2) of the “site of work” definition; and
 - (5) Transportation of portions of the building or work between a secondary site where a significant portion of the building or work is constructed, which is part of the “site of the work” definition in paragraph (a)(1)(ii) of the FAR clause at 52.222-6, Davis-Bacon Act, and the physical place or places where the building or work will remain (paragraph (a)(1)(i) of the FAR clause at 52.222-6, in the “site of the work” definition).
- (b) The Contractor or subcontractor shall insert in any subcontracts for construction, alterations and repairs within the United States the clauses entitled—
- (1) Davis-Bacon Act;
 - (2) Contract Work Hours and Safety Standards Act -- Overtime Compensation (if the clause is included in this contract);
 - (3) Apprentices and Trainees;
 - (4) Payrolls and Basic Records;

- (5) Compliance with Copeland Act Requirements;
 - (6) Withholding of Funds;
 - (7) Subcontracts (Labor Standards);
 - (8) Contract Termination – Debarment;
 - (9) Disputes Concerning Labor Standards;
 - (10) Compliance with Davis-Bacon and Related Act Regulations; and
 - (11) Certification of Eligibility.
- (c) The Prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor performing construction within the United States with all the contract clauses cited in paragraph (b).
- (d) (1) Within 14 days after award of the contract, the Contractor shall deliver to the Contracting Officer a completed Standard Form (SF) 1413, Statement and Acknowledgment, for each subcontract for construction within the United States, including the subcontractor's signed and dated acknowledgment that the clauses set forth in paragraph (b) of this clause have been included in the subcontract.
- (2) Within 14 days after the award of any subsequently awarded subcontract the Contractor shall deliver to the Contracting Officer an updated completed SF 1413 for such additional subcontract.
- (e) The Contractor shall insert the substance of this clause, including this paragraph (e) in all subcontracts for construction within the United States.

I.39 52.222-12 CONTRACT TERMINATION - DEBARMENT. (FEB 1988)

A breach of the contract clauses entitled Davis-Bacon Act, Contract Work Hours and Safety Standards Act - Overtime Compensation, Apprentices and Trainees, Payrolls and Basic Records, Compliance with Copeland Act Requirements, Subcontracts (Labor Standards), Compliance with Davis-Bacon and Related Act Regulations, or Certification of Eligibility may be grounds for termination of the contract, and for debarment as a Contractor and subcontractor as provided in 29 CFR 5.12.

I.40 52.222-13 COMPLIANCE WITH DAVIS-BACON AND RELATED ACT REGULATIONS. (FEB 1988)

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are hereby incorporated by reference in this contract.

I.41 52.222-14 DISPUTES CONCERNING LABOR STANDARDS. (FEB 1988)

The United States Department of Labor has set forth in 29 CFR Parts 5, 6, and 7 procedures for resolving disputes concerning labor standards requirements. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

I.42 52.222-15 CERTIFICATION OF ELIGIBILITY. (FEB 1988)

- (a) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- (b) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- (c) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

I.43 52.222-16 APPROVAL OF WAGE RATES. (FEB 1988)

All straight time wage rates, and overtime rates based thereon, for laborers and mechanics engaged in work under this contract must be submitted for approval in writing by the head of the contracting activity or a representative expressly designated for this purpose, if the straight time wages exceed the rates for corresponding classifications contained in the applicable Davis-Bacon Act minimum wage determination included in the contract. Any amount paid by the Contractor to any laborer or mechanic in excess of the agency approved wage rate shall be at the expense of the Contractor and shall not be reimbursed by the Government. If the Government refuses to authorize the use of the overtime, the Contractor is not released from the obligation to pay employees at the required overtime rates for any overtime actually worked.

I.44 52.222-20 WALSH-HEALEY PUBLIC CONTRACTS ACT. (DEC 1996)

If this contract is for the manufacture or furnishing of materials, supplies, articles or equipment in an amount that exceeds or may exceed \$10,000, and is subject to the Walsh-Healey Public Contracts Act, as amended (41 U.S.C. 35-45), the following terms and conditions apply:

- (a) All stipulations required by the Act and regulations issued by the Secretary of Labor (41 CFR Chapter 50) are incorporated by reference. These stipulations are subject to all applicable rulings and interpretations of the Secretary of Labor that are now, or may hereafter, be in effect.
- (b) All employees whose work relates to this contract shall be paid not less than the minimum wage prescribed by regulations issued by the Secretary of Labor (41 CFR 50-202.2). Learners, student learners, apprentices, and handicapped workers may be employed at less than the prescribed minimum wage (see 41 CFR 50-202.3) to the same extent that such employment is permitted under Section 14 of the Fair Labor Standards Act (41 U.S.C. 40).

I.45 52.222-21 PROHIBITION OF SEGREGATED FACILITIES. (FEB 1999)

- (a) “Segregated facilities,” as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin because of written or oral policies or employee custom. The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.
- (b) The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The Contractor agrees that a breach of this clause is a violation of the Equal Opportunity clause in this contract.
- (c) The Contractor shall include this clause in every subcontract and purchase order that is subject to the Equal Opportunity clause of this contract.

I.46 52.222-26 EQUAL OPPORTUNITY. (MAR 2007)

- (a) *Definition.* "United States," as used in this clause, means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.
- (b) (1) If, during any 12-month period (including the 12 months preceding the award of this contract), the Contractor has been or is awarded nonexempt Federal contracts and/or subcontracts that have an aggregate value in excess of \$10,000, the Contractor shall comply with this clause, except for work performed outside the United States by employees who were not recruited within the United States. Upon request, the Contractor shall provide information necessary to determine the applicability of this clause.
- (2) If the Contractor is a religious corporation, association, educational institution, or society, the requirements of this clause do not apply with respect to the employment of individuals of a particular religion to perform work connected with the carrying on of the Contractor's activities (41 CFR 60-1.5).
- (c) (1) The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. However, it shall not be a violation of this clause for the Contractor to extend a publicly announced preference in employment to Indians living on or near an Indian reservation, in connection with employment opportunities on or near an Indian reservation, as permitted by 41 CFR 60-1.5.
- (2) The Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. This shall include, but not be limited to -
- (i) Employment;
 - (ii) Upgrading;
 - (iii) Demotion;
 - (iv) Transfer;
 - (v) Recruitment or recruitment advertising;
 - (vi) Layoff or termination;
 - (vii) Rates of pay or other forms of compensation; and
 - (viii) Selection for training, including apprenticeship.

- (3) The Contractor shall post in conspicuous places available to employees and applicants for employment the notices to be provided by the Contracting Officer that explain this clause.
- (4) The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
- (5) The Contractor shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by the Contracting Officer advising the labor union or workers' representative of the Contractor's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.
- (6) The Contractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.
- (7) The Contractor shall furnish to the contracting agency all information required by Executive Order 11246, as amended, and by the rules, regulations, and orders of the Secretary of Labor. The Contractor shall also file Standard Form 100 (EEO-1), or any successor form, as prescribed in 41 CFR part 60-1. Unless the Contractor has filed within the 12 months preceding the date of contract award, the Contractor shall, within 30 days after contract award, apply to either the regional Office of Federal Contract Compliance Programs (OFCCP) or the local office of the Equal Employment Opportunity Commission for the necessary forms.
- (8) The Contractor shall permit access to its premises, during normal business hours, by the contracting agency or the OFCCP for the purpose of conducting on-site compliance evaluations and complaint investigations. The Contractor shall permit the Government to inspect and copy any books, accounts, records (including computerized records), and other material that may be relevant to the matter under investigation and pertinent to compliance with Executive Order 11246, as amended, and rules and regulations that implement the Executive Order.
- (9) If the OFCCP determines that the Contractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts, under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Contractor as

provided in Executive Order 11246, as amended; in the rules, regulations, and orders of the Secretary of Labor; or as otherwise provided by law.

- (10) The Contractor shall include the terms and conditions of this clause in every subcontract or purchase order that is not exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor.
 - (11) The Contractor shall take such action with respect to any subcontract or purchase order as the Contracting Officer may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance, provided, that if the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of any direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.
- (d) Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR 60-1.1.

I.47 52.222-27 AFFIRMATIVE ACTION COMPLIANCE REQUIREMENTS FOR CONSTRUCTION. (FEB 1999)

- (a) *Definitions.* “Covered area,” as used in this clause, means the geographical area described in the solicitation for this contract.

“Deputy Assistant Secretary,” as used in this clause, means the Deputy Assistant Secretary for Federal Contract Compliance, U.S. Department of Labor, or a designee

“Employer's identification number,” as used in this clause, means the Federal Social Security number used on the employer's quarterly Federal tax return, U.S. Treasury Department Form 941.

“Minority,” as used in this clause, means -

- (1) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).
- (2) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands);

- (3) Black (all persons having origins in any of the black African racial groups not of Hispanic origin); and
 - (4) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race).
- (b) If the Contractor, or a subcontractor at any tier, subcontracts a portion of the work involving any construction trade, each such subcontract in excess of \$10,000 shall include this clause and the Notice containing the goals for minority and female participation stated in the solicitation for this contract.
 - (c) If the Contractor is participating in a Hometown Plan (41 CFR 60-4) approved by the U.S. Department of Labor in a covered area, either individually or through an association, its affirmative action obligations on all work in the plan area (including goals) shall comply with the plan for those trades that have unions participating in the plan. Contractors must be able to demonstrate participation in, and compliance with, the provisions of the plan. Each Contractor or subcontractor participating in an approved plan is also required to comply with its obligations under the Equal Opportunity clause, and to make a good faith effort to achieve each goal under the plan in each trade in which it has employees. The overall good-faith performance by other Contractors or subcontractors toward a goal in an approved plan does not excuse any Contractor's or subcontractor's failure to make good-faith efforts to achieve the plan's goals.
 - (d) The Contractor shall implement the affirmative action procedures in subparagraphs (g)(1) through (16) of this clause. The goals stated in the solicitation for this contract are expressed as percentages of the total hours of employment and training of minority and female utilization that the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. If the Contractor performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for the geographical area where that work is actually performed. The Contractor is expected to make substantially uniform progress toward its goals in each craft.
 - (e) Neither the terms and conditions of any collective bargaining agreement, nor the failure by a union with which the Contractor has a collective bargaining agreement, to refer minorities or women shall excuse the Contractor's obligations under this clause, Executive Order 11246, as amended, or the regulations thereunder.
 - (f) In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

- (g) The Contractor shall take affirmative action to ensure equal employment opportunity. The evaluation of the Contractor's compliance with this clause shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully and implement affirmative action steps at least as extensive as the following:
- (1) Ensure a working environment free of harassment, intimidation, and coercion at all sites and in all facilities where the Contractor's employees are assigned to work. The Contractor, if possible, will assign two or more women to each construction project. The Contractor shall ensure that foremen, superintendents, and other onsite supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at these sites or facilities.
 - (2) Establish and maintain a current list of sources for minority and female recruitment. Provide written notification to minority and female recruitment sources and community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.
 - (3) Establish and maintain a current file of the names, addresses, and telephone numbers of each minority and female off-the-street applicant, referrals of minorities or females from unions, recruitment sources, or community organizations, and the action taken with respect to each individual. If an individual was sent to the union hiring hall for referral and not referred back to the Contractor by the union or, if referred back, not employed by the Contractor, this shall be documented in the file, along with whatever additional actions the Contractor may have taken.
 - (4) Immediately notify the Deputy Assistant Secretary when the union or unions with which the Contractor has a collective bargaining agreement has not referred back to the Contractor a minority or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
 - (5) Develop on-the-job training opportunities and/or participate in training programs for the area that expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under subparagraph (g)(2) of this clause.

- (6) Disseminate the Contractor's equal employment policy by -
 - (i) Providing notice of the policy to unions and to training, recruitment, and outreach programs, and requesting their cooperation in assisting the Contractor in meeting its contract obligations;
 - (ii) Including the policy in any policy manual and in collective bargaining agreements;
 - (iii) Publicizing the policy in the company newspaper, annual report, etc.;
 - (iv) Reviewing the policy with all management personnel and with all minority and female employees at least once a year; and
 - (v) Posting the policy on bulletin boards accessible to employees at each location where construction work is performed.
- (7) Review, at least annually, the Contractor's equal employment policy and affirmative action obligations with all employees having responsibility for hiring, assignment, layoff, termination, or other employment decisions. Conduct review of this policy with all on-site supervisory personnel before initiating construction work at a job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.
- (8) Disseminate the Contractor's equal employment policy externally by including it in any advertising in the news media, specifically including minority and female news media. Provide written notification to, and discuss this policy with, other Contractors and subcontractors with which the Contractor does or anticipates doing business.
- (9) Direct recruitment efforts, both oral and written, to minority, female, and community organizations, to schools with minority and female students, and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than 1 month before the date for acceptance of applications for apprenticeship or training by any recruitment source, send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.
- (10) Encourage present minority and female employees to recruit minority persons and women. Where reasonable, provide after-school, summer, and vacation employment to minority and female youth both on the site and in other areas of the Contractor's workforce.

- (11) Validate all tests and other selection requirements where required under 41 CFR 60-3.
 - (12) Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities. Encourage these employees to seek or to prepare for, through appropriate training, etc., opportunities for promotion.
 - (13) Ensure that seniority practices, job classifications, work assignments, and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment-related activities to ensure that the Contractor's obligations under this contract are being carried out.
 - (14) Ensure that all facilities and company activities are nonsegregated except that separate or single-user rest rooms and necessary dressing or sleeping areas shall be provided to assure privacy between the sexes.
 - (15) Maintain a record of solicitations for subcontracts for minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.
 - (16) Conduct a review, at least annually, of all supervisors' adherence to and performance under the Contractor's equal employment policy and affirmative action obligations.
- (h) The Contractor is encouraged to participate in voluntary associations that may assist in fulfilling one or more of the affirmative action obligations contained in subparagraphs (g)(1) through (16) of this clause. The efforts of a contractor association, joint contractor-union, contractor-community, or similar group of which the contractor is a member and participant may be asserted as fulfilling one or more of its obligations under subparagraphs (g)(1) through (16) of this clause, provided, the Contractor -
- (1) Actively participates in the group;
 - (2) Makes every effort to ensure that the group has a positive impact on the employment of minorities and women in the industry;
 - (3) Ensures that concrete benefits of the program are reflected in the Contractor's minority and female workforce participation;
 - (4) Makes a good-faith effort to meet its individual goals and timetables; and
 - (5) Can provide access to documentation that demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply is the

Contractor's, and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

- (i) A single goal for minorities and a separate single goal for women shall be established. The Contractor is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and nonminority. Consequently, the Contractor may be in violation of Executive Order 11246, as amended, if a particular group is employed in a substantially disparate manner.
- (j) The Contractor shall not use goals or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.
- (k) The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts under Executive Order 11246, as amended.
- (l) The Contractor shall carry out such sanctions and penalties for violation of this clause and of the Equal Opportunity clause, including suspension, termination, and cancellation of existing subcontracts, as may be imposed or ordered under Executive Order 11246, as amended, and its implementing regulations, by the OFCCP. Any failure to carry out these sanctions and penalties as ordered shall be a violation of this clause and Executive Order 11246, as amended.
- (m) The Contractor in fulfilling its obligations under this clause shall implement affirmative action procedures at least as extensive as those prescribed in paragraph (g) of this clause, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of Executive Order 11246, as amended, the implementing regulations, or this clause, the Deputy Assistant Secretary shall take action as prescribed in 41 CFR 60-4.8.
- (n) The Contractor shall designate a responsible official to -
 - (1) Monitor all employment-related activity to ensure that the Contractor's equal employment policy is being carried out;
 - (2) Submit reports as may be required by the Government; and
 - (3) Keep records that shall at least include for each employee the name, address, telephone number, construction trade, union affiliation (if any), employee identification number, social security number, race, sex, status (*e.g.*, mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; *however*, to the degree that existing

records satisfy this requirement, separate records are not required to be maintained.

- (o) Nothing contained herein shall be construed as a limitation upon the application of other laws that establish different standards of compliance or upon the requirements for the hiring of local or other area residents (*e.g.*, those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

I.48 52.222-29 NOTIFICATION OF VISA DENIAL. (JUN 2003)

It is a violation of Executive Order 11246 for a Contractor to refuse to employ any applicant or not to assign any person hired in the United States, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, or Wake Island, on the basis that the individual's race, color, religion, sex, or national origin is not compatible with the policies of the country where or for whom the work will be performed (41 CFR 60-1.10). The Contractor shall notify the U.S. Department of State, Assistant Secretary, Bureau of Political-Military Affairs (PM), 2201 C Street NW., Room 6212, Washington, DC 20520, and the U.S. Department of Labor, Deputy Assistant Secretary for Federal Contract Compliance, when it has knowledge of any employee or potential employee being denied an entry visa to a country where this contract will be performed, and it believes the denial is attributable to the race, color, religion, sex, or national origin of the employee or potential employee.

I.49 52.222-35 EQUAL OPPORTUNITY FOR SPECIAL DISABLED VETERANS, VETERANS OF THE VIETNAM ERA, AND OTHER ELIGIBLE VETERANS. (SEPT 2006)

- (a) *Definitions.* As used in this clause –

“All employment openings” means all positions except executive and top management, those positions that will be filled from within the Contractor's organization, and positions lasting 3 days or less. This term includes full-time employment, temporary employment of more than 3 days duration, and part-time employment.

"Executive and top management" means any employee -

- (1) Whose primary duty consists of the management of the enterprise in which the individual is employed or of a customarily recognized department or subdivision thereof;
- (2) Who customarily and regularly directs the work of two or more other employees;

- (3) Who has the authority to hire or fire other employees or whose suggestions and recommendations as to the hiring or firing and as to the advancement and promotion or any other change of status of other employees will be given particular weight;
- (4) Who customarily and regularly exercises discretionary powers; and
- (5) Who does not devote more than 20 percent or, in the case of an employee of a retail or service establishment, who does not devote more than 40 percent of total hours of work in the work week to activities that are not directly and closely related to the performance of the work described in paragraphs (1) through (4) of this definition. This paragraph (5) does not apply in the case of an employee who is in sole charge of an establishment or a physically separated branch establishment, or who owns at least a 20 percent interest in the enterprise in which the individual is employed.

"Other eligible veteran" means any other veteran who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized.

"Positions that will be filled from within the Contractor's organization" means employment openings for which the Contractor will give no consideration to persons outside the Contractor's organization (including any affiliates, subsidiaries, and parent companies) and includes any openings the Contractor proposes to fill from regularly established "recall" lists. The exception does not apply to a particular opening once an employer decides to consider applicants outside of its organization.

"Qualified special disabled veteran" means a special disabled veteran who satisfies the requisite skill, experience, education, and other job-related requirements of the employment position such veteran holds or desires, and who, with or without reasonable accommodation, can perform the essential functions of such position.

"Special disabled veteran" means -

- (1) A veteran who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Department of Veterans Affairs for a disability-
 - (i) Rated at 30 percent or more; or
 - (ii) Rated at 10 or 20 percent in the case of a veteran who has been determined under 38 U.S.C. 3106 to have a serious employment handicap (*i.e.*, a significant impairment of the veteran's ability to prepare

for, obtain, or retain employment consistent with the veteran's abilities, aptitudes, and interests); or

- (2) A person who was discharged or released from active duty because of a service-connected disability.

"Veteran of the Vietnam era" means a person who -

- (1) Served on active duty for a period of more than 180 days and was discharged or released from active duty with other than a dishonorable discharge, if any part of such active duty occurred -
 - (i) In the Republic of Vietnam between February 28, 1961, and May 7, 1975; or
 - (ii) Between August 5, 1964, and May 7, 1975, in all other cases; or
- (2) Was discharged or released from active duty for a service-connected disability if any part of the active duty was performed -
 - (i) In the Republic of Vietnam between February 28, 1961, and May 7, 1975; or
 - (ii) Between August 5, 1964, and May 7, 1975, in all other cases.

(b) *General.*

- (1) The Contractor shall not discriminate against the individual because the individual is a special disabled veteran, a veteran of the Vietnam era, or other eligible veteran, regarding any position for which the employee or applicant for employment is qualified. The Contractor shall take affirmative action to employ, advance in employment, and otherwise treat qualified special disabled veterans, veterans of the Vietnam era, and other eligible veterans without discrimination based upon their disability or veterans' status in all employment practices such as-
 - (i) Recruitment, advertising, and job application procedures;
 - (ii) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring;
 - (iii) Rate of pay or any other form of compensation and changes in compensation;

- (iv) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;
 - (v) Leaves of absence, sick leave, or any other leave;
 - (vi) Fringe benefits available by virtue of employment, whether or not administered by the Contractor;
 - (vii) Selection and financial support for training, including apprenticeship, and on-the-job training under 38 U.S.C. 3687, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;
 - (viii) Activities sponsored by the Contractor including social or recreational programs; and
 - (ix) Any other term, condition, or privilege of employment.
- (2) The Contractor shall comply with the rules, regulations, and relevant orders of the Secretary of Labor issued under the Vietnam Era Veterans' Readjustment Assistance Act of 1972 (the Act), as amended (38 U.S.C. 4211 and 4212).
- (c) *Listing openings.*
- (1) The Contractor shall immediately list all employment openings that exist at the time of the execution of this contract and those which occur during the performance of this contract, including those not generated by this contract, and including those occurring at an establishment of the Contractor other than the one where the contract is being performed, but excluding those of independently operated corporate affiliates, at an appropriate local public employment service office of the State wherein the opening occurs. Listing employment openings with the U.S. Department of Labor's America's Job Bank shall satisfy the requirement to list jobs with the local employment service office.
 - (2) The Contractor shall make the listing of employment openings with the local employment service office at least concurrently with using any other recruitment source or effort and shall involve the normal obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. This listing of employment openings does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Contractor from any requirements of Executive orders or regulations concerning nondiscrimination in employment.

- (3) Whenever the Contractor becomes contractually bound to the listing terms of this clause, it shall advise the State public employment agency in each State where it has establishments of the name and location of each hiring location in the State. As long as the Contractor is contractually bound to these terms and has so advised the State agency, it need not advise the State agency of subsequent contracts. The Contractor may advise the State agency when it is no longer bound by this contract clause.
- (d) *Applicability.* This clause does not apply to the listing of employment openings that occur and are filled outside the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Virgin Islands of the United States, and Wake Island.
- (e) *Postings.*
 - (1) The Contractor shall post employment notices in conspicuous places that are available to employees and applicants for employment.
 - (2) The employment notices shall -
 - (i) State the rights of applicants and employees as well as the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified employees and applicants who are special disabled veterans, veterans of the Vietnam era, and other eligible veterans; and
 - (ii) Be in a form prescribed by the Deputy Assistant Secretary for Federal Contract Compliance Programs, Department of Labor (Deputy Assistant Secretary of Labor), and provided by or through the Contracting Officer.
 - (3) The Contractor shall ensure that applicants or employees who are special disabled veterans are informed of the contents of the notice (e.g., the Contractor may have the notice read to a visually disabled veteran, or may lower the posted notice so that it can be read by a person in a wheelchair).
 - (4) The Contractor shall notify each labor union or representative of workers with which it has a collective bargaining agreement, or other contract understanding, that the Contractor is bound by the terms of the Act and is committed to take affirmative action to employ, and advance in employment, qualified special disabled veterans, veterans of the Vietnam era, and other eligible veterans.

- (f) *Noncompliance.* If the Contractor does not comply with the requirements of this clause, the Government may take appropriate actions under the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Act.
- (g) *Subcontracts.* The Contractor shall insert the terms of this clause in all subcontracts or purchase orders of \$100,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor shall act as specified by the Deputy Assistant Secretary of Labor to enforce the terms, including action for noncompliance.

**I.50 52.222-36 AFFIRMATIVE ACTION FOR WORKERS WITH DISABILITIES.
(JUN 1998)**

- (a) *General.*
 - (1) Regarding any position for which the employee or applicant for employment is qualified, the Contractor shall not discriminate against any employee or applicant because of physical or mental disability. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified individuals with disabilities without discrimination based upon their physical or mental disability in all employment practices such as -
 - (i) Recruitment, advertising, and job application procedures;
 - (ii) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff, and rehiring;
 - (iii) Rates of pay or any other form of compensation and changes in compensation;
 - (iv) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;
 - (v) Leaves of absence, sick leave, or any other leave;
 - (vi) Fringe benefits available by virtue of employment, whether or not administered by the Contractor;
 - (vii) Selection and financial support for training, including apprenticeships, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;
 - (viii) Activities sponsored by the Contractor, including social or recreational programs; and

- (ix) Any other term, condition, or privilege of employment.
 - (2) The Contractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor (Secretary) issued under the Rehabilitation Act of 1973 (29 U.S.C. 793) (the Act), as amended.
- (b) *Postings.*
- (1) The Contractor agrees to post employment notices stating -
 - (i) The Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified individuals with disabilities; and
 - (ii) The rights of applicants and employees.
 - (2) These notices shall be posted in conspicuous places that are available to employees and applicants for employment. The Contractor shall ensure that applicants and employees with disabilities are informed of the contents of the notice (*e.g.*, the Contractor may have the notice read to a visually disabled individual, or may lower the posted notice so that it might be read by a person in a wheelchair). The notices shall be in a form prescribed by the Deputy Assistant Secretary for Federal Contract Compliance of the U.S. Department of Labor (Deputy Assistant Secretary) and shall be provided by or through the Contracting Officer.
 - (3) The Contractor shall notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Section 503 of the Act and is committed to take affirmative action to employ, and advance in employment, qualified individuals with physical or mental disabilities.
- (c) *Noncompliance.* If the Contractor does not comply with the requirements of this clause, appropriate actions may be taken under the rules, regulations, and relevant orders of the Secretary issued pursuant to the Act.
- (d) *Subcontracts.* The Contractor shall include the terms of this clause in every subcontract or purchase order in excess of \$10,000 unless exempted by rules, regulations, or orders of the Secretary. The Contractor shall act as specified by the Deputy Assistant Secretary to enforce the terms, including action for noncompliance.

I.51 52.222-37 EMPLOYMENT REPORTS ON SPECIAL DISABLED VETERANS, VETERANS OF THE VIETNAM ERA, AND OTHER ELIGIBLE VETERANS. (SEPT 2006)

- (a) Unless the Contractor is a State or local government agency, the Contractor shall report at least annually, as required by the Secretary of Labor, on -
 - (1) The number of special disabled veterans, the number of veterans of the Vietnam era, and other eligible veterans in the workforce of the Contractor by job category and hiring location; and
 - (2) The total number of new employees hired during the period covered by the report, and of the total, the number of special disabled veterans, the number of veterans of the Vietnam era, and the number of other eligible veterans; and
 - (3) The maximum number and the minimum number of employees of the Contractor during the period covered by the report.
- (b) The Contractor shall report the above items by completing the Form VETS-100, entitled "Federal Contractor Veterans' Employment Report (VETS-100 Report)".
- (c) The Contractor shall submit VETS-100 Reports no later than September 30 of each year beginning September 30, 1988.
- (d) The employment activity report required by paragraph (a)(2) of this clause shall reflect total hires during the most recent 12-month period as of the ending date selected for the employment profile report required by paragraph (a)(1) of this clause. Contractors may select an ending date -
 - (1) As of the end of any pay period between July 1 and August 31 of the year the report is due; or
 - (2) As of December 31, if the Contractor has prior written approval from the Equal Employment Opportunity Commission to do so for purposes of submitting the Employer Information Report EEO-1 (Standard Form 100).
- (e) The Contractor shall base the count of veterans reported according to paragraph (a) of this clause on voluntary disclosure. Each Contractor subject to the reporting requirements at 38 U.S.C. 4212 shall invite all special disabled veterans, veterans of the Vietnam era, and other eligible veterans who wish to benefit under the affirmative action program at 38 U.S.C. 4212 to identify themselves to the Contractor. The invitation shall state that -
 - (1) The information is voluntarily provided;

- (2) The information will be kept confidential;
 - (3) Disclosure or refusal to provide the information will not subject the applicant or employee to any adverse treatment; and
 - (4) The information will be used only in accordance with the regulations promulgated under 38 U.S.C. 4212.
- (f) The Contractor shall insert the terms of this clause in all subcontracts or purchase orders of \$100,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor.

I.52 52.222-50 COMBATING TRAFFICKING IN PERSONS (FEB 2009)

- (a) *Definitions.* As used in this clause—

“Coercion” means—

- (1) Threats of serious harm to or physical restraint against any person;
- (2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or
- (3) The abuse or threatened abuse of the legal process.

“Commercial sex act” means any sex act on account of which anything of value is given to or received by any person.

“Debt bondage” means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

“Employee” means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.

“Forced labor” means knowingly providing or obtaining the labor or services of a person—

- (1) By threats of serious harm to, or physical restraint against, that person or another person;

- (2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or
- (3) By means of the abuse or threatened abuse of law or the legal process.

“Involuntary servitude” includes a condition of servitude induced by means of—

- (1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or
- (2) The abuse or threatened abuse of the legal process.

“Severe forms of trafficking in persons” means—

- (1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or
- (2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

“Sex trafficking” means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

(b) *Policy.* The United States Government has adopted a zero tolerance policy regarding trafficking in persons. Contractors and contractor employees shall not—

- (1) Engage in severe forms of trafficking in persons during the period of performance of the contract;
- (2) Procure commercial sex acts during the period of performance of the contract; or
- (3) Use forced labor in the performance of the contract.

(c) *Contractor requirements.* The Contractor shall—

- (1) Notify its employees of—
 - (i) The United States Government's zero tolerance policy described in paragraph (b) of this clause; and
 - (ii) The actions that will be taken against employees for violations of this policy. Such actions may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and

- (2) Take appropriate action, up to and including termination, against employees or subcontractors that violate the policy in paragraph (b) of this clause.
- (d) *Notification.* The Contractor shall inform the Contracting Officer immediately of—
 - (1) Any information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, or subcontractor employee has engaged in conduct that violates this policy; and
 - (2) Any actions taken against Contractor employees, subcontractors, or subcontractor employees pursuant to this clause.
- (e) *Remedies.* In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), or (f) of this clause may result in—
 - (1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;
 - (2) Requiring the Contractor to terminate a subcontract;
 - (3) Suspension of contract payments;
 - (4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;
 - (5) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or
 - (6) Suspension or debarment.
- (f) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts.
- (g) *Mitigating Factor.* The Contracting Officer may consider whether the Contractor had a Trafficking in Persons awareness program at the time of the violation as a mitigating factor when determining remedies. Additional information about Trafficking in Persons and examples of awareness programs can be found at the website for the Department of State's Office to Monitor and Combat Trafficking in Persons at <http://www.state.gov/g/tip> .

I.53 52.222-54 EMPLOYMENT ELIGIBILITY VERIFICATION (JAN 2009)

- (a) Definitions. As used in this clause--

"Commercially available off-the-shelf (COTS) item" --

- (1) Means any item of supply that is --
 - (i) A commercial item (as defined in paragraph (1) of the definition at 2.101);
 - (ii) Sold in substantial quantities in the commercial marketplace; and
 - (iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and
- (2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. App. 1702), such as agricultural products and petroleum products. Per 46 CFR 525.1(c)(2), "bulk cargo" means cargo that is loaded and carried in bulk onboard ship without mark or count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

"Employee assigned to the contract" means an employee who was hired after November 6, 1986, who is directly performing work, in the United States, under a contract that is required to include the clause prescribed at 22.1803. An employee is not considered to be directly performing work under a contract if the employee--

- (1) Normally performs support work, such as indirect or overhead functions; and
- (2) Does not perform any substantial duties applicable to the contract.

"Subcontract" means any contract, as defined in 2.101, entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

"Subcontractor" means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

"United States," as defined in 8 U.S.C. 1101(a)(38), means the 50 States, the District of Columbia, Puerto Rico, Guam, and the U.S. Virgin Islands.

- (b) Enrollment and verification requirements.
 - (1) If the Contractor is not enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall--

- (i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;
 - (ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and
 - (iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).
- (2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall use E-Verify to initiate verification of employment eligibility of--
- (i) All new employees.
 - (A) Enrolled 90 calendar days or more. The Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or
 - (B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or
 - (ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor shall initiate verification within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).
- (3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract,

whether existing employees or new hires. The Contractor shall follow the applicable verification requirements at (b)(1) or (b)(2), respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

- (4) Option to verify employment eligibility of all employees. The Contractor may elect to verify all existing employees hired after November 6, 1986, rather than just those employees assigned to the contract. The Contractor shall initiate verification for each existing employee working in the United States who was hired after November 6, 1986, within 180 calendar days of--
 - (i) Enrollment in the E-Verify program; or
 - (ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).
- (5) The Contractor shall comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.
 - (i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspension or debarment official.
 - (ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the suspension or debarment official determines not to suspend or debar the Contractor, then the Contractor must reenroll in E-Verify.
- (c) Web site. Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: <http://www.dhs.gov/E-Verify>.
- (d) Individuals previously verified. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee--
 - (1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;
 - (2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual;

or

- (3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.
- (e) Subcontracts. The Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for identification of the parties), in each subcontract that--
- (1) Is for--
 - (i) Commercial or noncommercial services (except for commercial services that are part of the purchase of a COTS item (or an item that would be a COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that COTS item); or
 - (ii) Construction;
 - (2) Has a value of more than \$3,000; and
 - (3) Includes work performed in the United States

I.54 52.223-2 AFFIRMATIVE PROCUREMENT OF BIOBASED PRODUCTS UNDER SERVICE AND CONSTRUCTION CONTRACTS (DEC 2007)

- (a) In the performance of this contract, the contractor shall make maximum use of biobased products that are United States Department of Agriculture (USDA)-designated items unless—
- (1) The product cannot be acquired—
 - (i) Competitively within a time frame providing for compliance with the contract performance schedule;
 - (ii) Meeting contract performance requirements; or
 - (iii) At a reasonable price.
 - (2) The product is to be used in an application covered by a USDA categorical exemption (see 7 CFR 2902.10 et seq.). For example, some USDA-designated items such as mobile equipment hydraulic fluids, diesel fuel additives, and penetrating lubricants are excluded from the preferred procurement

requirement for the application of the USDA-designated item to one or both of the following:

- (i) Spacecraft system and launch support equipment.
 - (ii) Military equipment, i.e., a product or system designed or procured for combat or combat-related missions.
- (b) Information about this requirement and these products is available at <http://www.usda.gov/biopreferred>.

I.55 52.223-3 HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL SAFETY DATA. (JAN 1997) - ALTERNATE I (JUL 1995)

- (a) “Hazardous material,” as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).
- (b) The offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Material Safety Data Sheet submitted under this contract.

MATERIAL

(If none, insert “None”)	Identification No.
_____	_____
_____	_____
_____	_____

- (c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.
- (d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

- (e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.
- (f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.
- (g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.
- (h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:
 - (1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to -
 - (i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;
 - (ii) Obtain medical treatment for those affected by the material; and
 - (iii) Have others use, duplicate, and disclose the data for the Government for these purposes.
 - (2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.
 - (3) The Government is not precluded from using similar or identical data acquired from other sources.
- (i) Except as provided in paragraph (i)(2), the Contractor shall prepare and submit a sufficient number of Material Safety Data Sheets (MSDS's), meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous materials identified in paragraph (b) of this clause.
 - (1) For items shipped to consignees, the Contractor shall include a copy of the MSDS's with the packing list or other suitable shipping document which accompanies each shipment. Alternatively, the Contractor is permitted to transmit MSDS's to consignees in advance of receipt of shipments by consignees, if authorized in writing by the Contracting Officer.

- (2) For items shipped to consignees identified by mailing address as agency depots, distribution centers or customer supply centers, the Contractor shall provide one copy of the MSDS's in or on each shipping container. If affixed to the outside of each container, the MSDS's must be placed in a weather resistant envelope.

I.56 52.223-5 POLLUTION PREVENTION AND RIGHT-TO-KNOW INFORMATION. (AUG 2003) -- ALTERNATE I (AUG 2003) (MODIFIED BY ACQUISITION LETTER 2008-05)

- (a) Definitions. As used in this clause--

Priority chemical means a chemical identified by the Interagency Environmental Leadership Workgroup or, alternatively, by an agency pursuant to section Implementing Instruction VIII of Executive Order 13423 of April 21, 2000, Greening the Government through Leadership in Environmental Management.

Toxic chemical means a chemical or chemical category listed in 40 CFR 372.65.

- (b) Executive Order 13148 requires Federal facilities to comply with the provisions of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11001-11050) and the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. 13101-13109).
- (c) The Contractor shall provide all information needed by the Federal facility to comply with the following:
 - (1) The emergency planning reporting requirements of section 302 of EPCRA.
 - (2) The emergency notice requirements of section 304 of EPCRA.
 - (3) The list of Material Safety Data Sheets, required by section 311 of EPCRA.
 - (4) The emergency and hazardous chemical inventory forms of section 312 of EPCRA.
 - (5) The toxic chemical release inventory of section 313 of EPCRA, which includes the reduction and recycling information required by section 6607 of PPA.
 - (6) The toxic chemical, priority chemical, and hazardous substance release and use reduction goals of Implementing Instruction VIII of Executive Order 13423.

- (7) The environmental management system as described in Section 3(b) of Executive Order 13423.

I.57 52.223-10 WASTE REDUCTION PROGRAM. (AUG 2000) MODIFIED BY DOE ACQUISITION LETTER 2008-05

- (a) *Definitions.* As used in this clause -

“Recycling” means the series of activities, including collection, separation, and processing, by which products or other materials are recovered from the solid waste stream for use in the form of raw materials in the manufacture of products other than fuel for producing heat or power by combustion.

“Waste prevention” means any change in the design, manufacturing, purchase, or use of materials or products (including packaging) to reduce their amount or toxicity before they are discarded. Waste prevention also refers to the reuse of products or materials.

“Waste reduction” means preventing or decreasing the amount of waste being generated through waste prevention, recycling, or purchasing recycled and environmentally preferable products.

- (b) Consistent with the requirements of Section 3(a) of Executive Order 13423, the Contractor shall establish a program to promote cost-effective waste reduction in all operations and facilities covered by this contract. The Contractor's programs shall comply with applicable Federal, State, and local requirements, specifically including Section 6002 of the Resource Conservation and Recovery Act (42 U.S.C. 6962, *et seq.*) and implementing regulations (40 CFR Part 247).

I.58 52.223-11 OZONE-DEPLETING SUBSTANCES. (MAY 2001)

- (a) Definition. “Ozone-depleting substance,” as used in this clause, means any substance the Environmental Protection Agency designates in 40 CFR part 82 as--
- (1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or
 - (2) Class II, including, but not limited to, hydrochlorofluorocarbons.
- (b) The Contractor shall label products which contain or are manufactured with ozone-depleting substances in the manner and to the extent required by 42 U.S.C. 7671j (b), (c), and (d) and 40 CFR Part 82, Subpart E, as follows:

Warning

Contains (or manufactured with, if applicable) [], a substance(s) which harm(s) public health and environment by destroying ozone in the upper atmosphere.

[] The Contractor shall insert the name of the substance(s).

I.59 52.223-12 REFRIGERATION EQUIPMENT AND AIR CONDITIONERS. (MAY 1995)

The Contractor shall comply with the applicable requirements of Sections 608 and 609 of the Clean Air Act (42 U.S.C. 7671g and 7671h) as each or both apply to this contract.

I.60 52.223-14 TOXIC CHEMICAL RELEASE REPORTING. (AUG 2003)

- (a) Unless otherwise exempt, the Contractor, as owner or operator of a facility used in the performance of this contract, shall file by July 1 for the prior calendar year an annual Toxic Chemical Release Inventory Form (Form R) as described in sections 313(a) and (g) of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11023(a) and (g)), and section 6607 of the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. 13106). The Contractor shall file, for each facility subject to the Form R filing and reporting requirements, the annual Form R throughout the life of the contract.
- (b) A Contractor-owned or -operated facility used in the performance of this contract is exempt from the requirement to file an annual Form R if--
 - (1) The facility does not manufacture, process, or otherwise use any toxic chemicals listed in 40 CFR 372.65;
 - (2) The facility does not have 10 or more full-time employees as specified in section 313(b)(1)(A) of EPCRA, 42 U.S.C. 11023(b)(1)(A);
 - (3) The facility does not meet the reporting thresholds of toxic chemicals established under section 313(f) of EPCRA, 42 U.S.C. 11023(f) (including the alternate thresholds at 40 CFR 372.27, provided an appropriate certification form has been filed with EPA);
 - (4) The facility does not fall within the following Standard Industrial Classification (SIC) codes or their corresponding North American Industry Classification System sectors:

- (i) Major group code 10 (except 1011, 1081, and 1094).
 - (ii) Major group code 12 (except 1241).
 - (iii) Major group codes 20 through 39.
 - (iv) Industry code 4911, 4931, or 4939 (limited to facilities that combust coal and/or oil for the purpose of generating power for distribution in commerce).
 - (v) Industry code 4953 (limited to facilities regulated under the Resource Conservation and Recovery Act, Subtitle C (42 U.S.C. 6921, et seq.)), 5169, 5171, or 7389 (limited to facilities primarily engaged in solvent recovery services on a contract or fee basis); or
- (5) The facility is not located in the United States or its outlying areas.
- (c) If the Contractor has certified to an exemption in accordance with one or more of the criteria in paragraph (b) of this clause, and after award of the contract circumstances change so that any of its owned or operated facilities used in the performance of this contract is no longer exempt -
- (1) The Contractor shall notify the Contracting Officer; and
 - (2) The Contractor, as owner or operator of a facility used in the performance of this contract that is no longer exempt, shall -
 - (i) Submit a Toxic Chemical Release Inventory Form (Form R) on or before July 1 for the prior calendar year during which the facility becomes eligible; and
 - (ii) Continue to file the annual Form R for the life of the contract for such facility.
- (d) The Contracting Officer may terminate this contract or take other action as appropriate, if the Contractor fails to comply accurately and fully with the EPCRA and PPA toxic chemical release filing and reporting requirements.
- (e) Except for acquisitions of commercial items as defined in FAR Part 2, the Contractor shall -
- (1) For competitive subcontracts expected to exceed \$100,000 (including all options), include a solicitation provision substantially the same as the

provision at FAR 52.223-13, Certification of Toxic Chemical Release Reporting; and

- (2) Include in any resultant subcontract exceeding \$100,000 (including all options), the substance of this clause, except this paragraph (e).

I.61 52.223-15 ENERGY EFFICIENCY IN ENERGY-CONSUMING PRODUCTS (DEC 2007)

- (a) *Definition.* As used in this clause--

“Energy-efficient product”—

- (1) Means a product that—

- (i) Meets Department of Energy and Environmental Protection Agency criteria for use of the Energy Star trademark label; or

- (ii) Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy’s Federal Energy Management Program.

- (2) The term “product” does not include any energy-consuming product or system designed or procured for combat or combat-related missions (42 U.S.C. 8259b).

- (b) The Contractor shall ensure that energy-consuming products are energy efficient products (*i.e.*, ENERGY STAR® products or FEMP-designated products) at the time of contract award, for products that are—

- (1) Delivered;

- (2) Acquired by the Contractor for use in performing services at a Federally-controlled facility;

- (3) Furnished by the Contractor for use by the Government; or

- (4) Specified in the design of a building or work, or incorporated during its construction, renovation, or maintenance.

- (c) The requirements of paragraph (b) apply to the Contractor (including any subcontractor) unless—

- (1) The energy-consuming product is not listed in the ENERGY STAR® Program or FEMP; or
 - (2) Otherwise approved in writing by the Contracting Officer.
- (d) Information about these products is available for—
- (1) ENERGY STAR® at <http://www.energystar.gov/products>; and
 - (2) FEMP at http://www1.eere.energy.gov/femp/procurement/eep_requirements.html.

I.62 52.223-16 IEEE STANDARD FOR THE ENVIRONMENTAL ASSESSMENT OF PERSONAL COMPUTER PRODUCTS (DEC 2007)

- (a) *Definitions.* As used in this clause—

“Computer monitor” means a video display unit used with a computer.

“Desktop computer” means a computer designed for use on a desk or table.

“Notebook computer” means a portable-style or laptop-style computer system.

“Personal computer product” means a notebook computer, a desktop computer, or a computer monitor, and any peripheral equipment that is integral to the operation of such items. For example, the desktop computer together with the keyboard, the mouse, and the power cord would be a personal computer product. Printers, copiers, and fax machines are not included in peripheral equipment, as used in this definition.

- (b) Under this contract, the Contractor shall deliver, furnish for Government use, or furnish for contractor use at a Government-owned facility, only personal computer products that at the time of submission of proposals were EPEAT Bronze registered or higher. Bronze is the first level discussed in clause 1.4 of the IEEE 1680 Standard for the Environmental Assessment of Personal Computer Products.
- (c) For information about the standard, see <http://www.epeat.net>.

I.63 52.223-17 AFFIRMATIVE PROCUREMENT of EPA-DESIGNATED ITEMS IN SERVICE AND CONSTRUCTION CONTRACTS (MAY 2008)

- (a) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—
 - (1) Competitively within a timeframe providing for compliance with the contract performance schedule;
 - (2) Meeting contract performance requirements; or
 - (3) At a reasonable price.
- (b) Information about this requirement is available at EPA’s Comprehensive Procurement Guidelines web site, <http://www.epa.gov/cpg/> . The list of EPA-designate items is available at <http://www.epa.gov/cpg/products.htm> .

I.64 52.224-1 PRIVACY ACT NOTIFICATION. (APR 1984)

The Contractor will be required to design, develop, or operate a system of records on individuals, to accomplish an agency function subject to the Privacy Act of 1974, Public Law 93-579, December 31, 1974 (5 U.S.C. 552a) and applicable agency regulations. Violation of the Act may involve the imposition of criminal penalties.

I.65 52.224-2 PRIVACY ACT. (APR 1984)

- (a) The Contractor agrees to -
 - (1) Comply with the Privacy Act of 1974 (the Act) and the agency rules and regulations issued under the Act in the design, development, or operation of any system of records on individuals to accomplish an agency function when the contract specifically identifies -
 - (i) The systems of records; and
 - (ii) The design, development, or operation work that the contractor is to perform;
 - (2) Include the Privacy Act notification contained in this contract in every solicitation and resulting subcontract and in every subcontract awarded without a solicitation, when the work statement in the proposed subcontract requires the redesign, development, or operation of a system of records on individuals that is subject to the Act; and

- (3) Include this clause, including this subparagraph (3), in all subcontracts awarded under this contract which requires the design, development, or operation of such a system of records.

- (b) In the event of violations of the Act, a civil action may be brought against the agency involved when the violation concerns the design, development, or operation of a system of records on individuals to accomplish an agency function, and criminal penalties may be imposed upon the officers or employees of the agency when the violation concerns the operation of a system of records on individuals to accomplish an agency function. For purposes of the Act, when the contract is for the operation of a system of records on individuals to accomplish an agency function, the Contractor is considered to be an employee of the agency.

- (c)
 - (1) “Operation of a system of records,” as used in this clause, means performance of any of the activities associated with maintaining the system of records, including the collection, use, and dissemination of records.

 - (2) “Record,” as used in this clause, means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and that contains the person's name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a fingerprint or voiceprint or a photograph.

 - (3) “System of records on individuals,” as used in this clause, means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.
