BENCHMARK SURVEY OF U.S. DIRECT INVESTMENT ABROAD — 2004 FORM BE-10B BANK ADDITIONAL INSTRUCTIONS BY ITEM

Part I — IDENTIFICATION OF FOREIGN AFFILIATE

7. Country of location — If the affiliate is engaged in petroleum shipping, other water transportation, or oil and gas drilling, and has operations spanning more than one country, use country of incorporation for country of location. For example, classify in country of incorporation an oil drilling rig that moves from country to country during the year.

12. Ownership by U.S. Reporter named in item 1.

Equity interest is the U.S. Reporter's direct ownership in the total equity (voting and nonvoting) of the affiliate. Examples of nonvoting equity include nonvoting stock and a limited partner's interest in a partnership.

Voting Interest is the U.S. Reporter's direct ownership in just the voting equity of the affiliate. Examples of voting equity include voting stock and a general partner's interest in a partnership. Thus, a U.S. Reporter could have a 100 percent direct voting interest in an affiliate but own less than 100 percent of the affiliate's total equity.

29.—34.

Gross operating revenues of foreign affiliate, by industry

If fewer than five ISI codes are used, account for total sales or gross operating revenues. Do not include realized gains or losses due to profit or loss on the sale or maturity of investments here. Instead, report them in item 37 (certain realized and unrealized gains (losses)).

Part II — FINANCIAL AND OPERATING DATA OF FOREIGN AFFILIATE

Section A — Income and Related Items

38. Total income — Include the following items: —

- a. Sales or gross operating revenues.
- b. Income from equity investments in foreign affiliates For affiliates owned 20 percent or more (including those that are majority-owned), report equity in earnings during the reporting period; for those owned less that 20 percent, report dividends.
- c. Income from other equity investments.
- ${\bf d.}$ Certain realized and unrealized gains (losses) net of income tax effects.
- e. Other income.

Section B — Number of Employees and Employee Compensation

 Employee compensation — Consists of wages and salaries of employees and employer expenditures for all employee benefit plans.

Wages and salaries — Report gross earnings of all employees before deduction of employees' payroll withholding taxes, social insurance contributions, group insurance premiums, union dues, etc. Include time and piece rate payments, cost of living adjustments, overtime pay and shift differentials, bonuses, profit sharing amounts, and commissions. Exclude commissions paid to independent personnel who are not employees.

Include direct payments by employers for vacations, sick leave, severance (redundancy) pay, etc. Exclude payments made by, or on behalf of, benefit funds rather than by the employer.

Include in-kind payments, valued at their cost, that are clearly and primarily of benefit to the employees as consumers. Do not include expenditures that benefit employers as well as employees, such as expenditures for plant facilities, employee training programs, and reimbursement of business expenses.

Employee benefit plans — Report employer expenditures for all employee benefit plans including those mandated by government statute, those resulting from collective bargaining contracts and those that are voluntary. Include Social Security and other retirement plans, life and disability insurance, guaranteed sick pay programs, workers' compensation insurance, medical insurance, family allowances, unemployment insurance, severance pay funds, etc. Also, include deferred post employment and post retirement expenses per FAS 106. If plans are financed jointly by the employer and the employee, include only the contributions of the employer.

• Section D — Balance Sheet

- **49. Capital stock and additional paid-in capital** Include common and preferred, voting and nonvoting capital stock and additional paid-in capital.
- Retained earnings (deficit) Include earnings retained by the corporation and legally available for dividends and earnings <u>voluntarily</u> restricted.
- **52. All other components** Include the cumulative balance of unrealized holding gains and losses due to changes in the valuation of available-for-sale securities per FAS 115 and any other comprehensive income items required to be displayed separately from retained earnings as per FAS 130.

Part III — INVESTMENT AND TRANSACTIONS BETWEEN THE U.S. REPORTER AND THE FOREIGN AFFILIATE

- Section A U.S. Reporter's Equity in Foreign Affiliate's Net Income, Certain Realized and Unrealized Gains (Losses), Changes in All Other Components of Accumulated Other Comprehensive Income (Loss) and Dividends or Distributed Earnings
- **64.** Dividends and distributed earnings Report this item based on the books of the U.S. Reporter. Report amounts received or entered into intercompany accounts, whichever occurred first. Include amounts for which payment was made in-kind. If a receivable was booked in a prior reporting period, do not report the collection of the receivable in the current period. Show the collection in item 69 as a reduction to the intercompany account.

Section B — Debt and Other Intercompany Balances Between the U.S. Reporter and the Foreign Affiliate

68.—70.

Include current and long-term items, indebtedness resulting from a capital lease, and the net book value of equipment under a long-term operating lease. Disaggregate lease payments into their component parts. Report return of capital, consisting of principal payments for capital leases and the depreciation component for operating leases, in items 69 and 70. Report the interest component under capital leases in item 82. Report the net rent for operating leases in item 84.

68.—69.

If the foreign affiliate has leased equipment **from** the U.S. Reporter under a long-term operating lease (i.e., the lease is for more than one year), then:

Include the FY 2004 closing net book value of the leased equipment in columns 1 and 3, and;

Include the FY 2003 closing net book value of the leased equipment in columns 2 and 4.

Obtain the closing net book value of leased equipment from the books of the U.S. Reporter.

70. If the foreign affiliate has leased equipment **to** the U.S. Reporter under a long-term operating lease (i.e., the lease is for more than one year), then:

Include the FY 2004 closing net book value of the leased equipment in columns 1 and 3, and;

Include the FY 2003 closing net book value of the leased equipment in columns 2 and 4.

Obtain the closing net book value of leased equipment from the books of the foreign affiliate.

 Section C — Change in U.S. Reporter's Equity in Capital Stock and/or Additional Paid-in Capital of Incorporated Foreign Affiliate or Equity Investment in Unincorporated Foreign Affiliate.

Increase in U.S. Reporter's Equity Interest in This Affiliate

72.—74.

For a newly established or acquired affiliate, report what the U.S. Reporter paid and/or borrowed to establish or acquire the affiliate in item 72 or 74 as appropriate. Do not report the book value of the equity interest if it differs from what was paid.

Decrease in U.S. Reporter's Equity Interest in This Affiliate

75.—77.

For an affiliate that is sold, report the sale price in item 75 or 77 as appropriate. Include foreign income taxes, if any, on gains (and tax refunds on losses) in the calculation of these items. Report the ending intercompany debt position for the affiliate (in columns 1 and 3 of item 68 or in columns 1 and 3 of items 69 and 70) as zero. If debt positions still exist, they are between a U.S. person and an unaffiliated foreign person, and may be reportable on the Department of the Treasury International Capital report forms.

For investments written off, enter zero in items 75—77. Report the amount written off in item 79 or 80 column 2 as appropriate. If an account receivable due to the U.S. Reporter from the affiliate is written off, report the amount of the receivable in item 73 as a capital contribution.

Transaction Value Exceeds or is Less Than the Value Carried on the Books of the Affiliate

79.—80.

If the book value of the U.S. Reporter's equity investment changed by more or less than the value of the consideration paid, received, or owed, enter the amount of the difference in item 79 or 80 as appropriate. For example, if the book value of an affiliate was \$10 million and the affiliate was sold for \$11 million, enter \$1 million in column 2 of item 79. Report the amount gross of U.S. income taxes, if any.

Section D — Receipts and Payments Between the U.S. Reporter and the Foreign Affiliate

82.-86.

Include amounts for which payment was made in-kind. If a receivable or payable for one of these items was booked in a prior reporting period, do not report the collection of the receivable or payment of the payable if collected or paid in the current period. Show such a collection or payment only as a reduction to an intercompany account (items 69 and 70).

Interest — If the U.S. Reporter is a bank, interest receipts entered in this item should relate only to the permanent debt investment reported on line 68. 82. Interest -

Report interest receipts and interest payments at gross. Do not net the receipts against the payments.

84. Charges for use of tangible property

Include in column 1 rental payments to the U.S. Reporter under operating leases of one year or less. Include net rental payments to the U.S. Reporter under operating leases of more than one

year. (Net rent equals the total rents paid to the U.S. Reporter for the reporting period less the return of capital (depreciation) component charged against the leased equipment on the books of the U.S. Reporter for the part of FY 2004 that the lease was in existence.)

Include in column 3 rent receipts from the U.S. Reporter under operating leases of one year or less. Include net rent receipts from the U.S. Reporter under operating leases of more than one year. (Net rent equals the total rents received from the U.S. Reporter less the amount of depreciation expense charged against the leased equipment on the books of the foreign affiliate for that part of FY 2004 that the lease was in existence.)

85. Allocated expenses and sales of services — Include allocated expenses (such as R&D assessments) and reimbursements between the U.S. Reporter and the affiliate for management, professional, technical, or other services that are normally included in "other income" by the provider of the service. Also include receipts by the U.S. Reporter from, or payments by the U.S. Reporter to, the affiliate for services that are separately billed and normally included in the sales or gross operating revenues of the service.
