Revised
March 1, 2009

FOREWORD

The 8(a) Program – named for Section 8(a) of the Small Business Act – is a business development program created to help small disadvantaged businesses compete in the market place. It is also designed to assist such companies in gaining access to federal and private procurement markets.

The Small Business Administration provides business development support, such as mentoring, procurement assistance, business counseling, training, financial assistance, surety bonding and other management and technical assistance. The goal, however, is to prepare small disadvantaged firms for procurement and other business opportunities.

The North American Industry Classification System (NAICS) – was developed under the direction and guidance of the Office of Management and Budget (OMB) as the standard for use by Federal statistical agencies in classifying business establishments. NAICS is based on a production-oriented concept, meaning that it groups establishments into industries according to similarity in the processes used to produce goods or services. NAICS replaced the Standard Industrial Classification (SIC) system in 1997.

The NAICS Codes used in this directory are from the 2007 revision. A complete list of 2007 NAICS Sector codes and titles can be found at the following website:

<http://www.census.gov/cgi-bin/sssd/naics/naicsrch?chart=2007>

DISCLOSURE NOTES:

- ❖ **The firms listed in this directory are located in the North Florida District Office area. For information on firms not located in the north Florida area, contact the SBA District Office servicing the firm or the area.**
- ❖ **Addition firms maybe certified into the 8(a) Business Development Program, but not listed in this directory. For more information contact the North Florida District Office at (904) 443-1900 and ask for the Business Development Specialist servicing your area.**

CAGE Code: ILVC3

SBA Customer ID: P0245309

PROFILE

Between 1998 and 2000, ASD grew quickly and was listed three years in a row in the Inc. 500 as one of the fastest growing privately held companies in the United States.

ASD was founded in 1979 as a one-man IT services company. By 1990 the number of full-time employees was still under 10. Starting about 1995 growth came faster. By the year 2000, ASD had 100+ employees and had developed into one of the leading minority-owned, government-focused IT staffing and services companies in the Southeast. With the addition of management staffing/consulting services, ASD is today a government full-service provider for IT and management solutions.

ASD maintains two core service delivery competencies: 1) IT and Management Staffing; 2) Project-based IT and Management Professional Services. Routinely provided services include computer networking/collaboration, Internet solutions, application development, consulting, project management, and staffing.

CONTRACTING EXPERIENCE

ASD has 30 years of contract work experience in both the commercial and government sectors. The owner has over 35 years experience with IT and management plus he teaches graduate courses in Project Management at Florida State University.

GOVERNMENT ORGANIZATIONS:

- ❖ State of Florida (DCF, DOH, DOC, AWI, DOT, DMS, DOR DFS, & others)
- ❖ State of Alabama (DOF, DEP, DOC, & others)
- ❖ State of Georgia (DOR, DHS, DOT, DDS, & others)
- ❖ State of Mississippi (DOH, DOS, ITS, & CIC)
- ❖ State of North Carolina (DOR)

COMMERCIAL ORGANIZATIONS:

- ❖ Wachovia Bank (First Union Bank); Charlotte, NC
- ❖ Clinton Nurseries; Tallahassee, FL
- ❖ Northrop Grumman (Litton PRC); Montgomery, AL

CAPABILITIES

At present ASD has approximately 75 employees/sub-contractors. We routinely seek projects requiring 1 to 100 project staff. As staffing and project service delivery experts, we have the processes, resources, and expertise in place to flexibly respond to well-suited client opportunities.

SBA Customer ID: P0814088

PROFILE

On June 12, 2005 Jose Pellot, Jr. established Castlewall Construction, Inc. dba Castlewall Services in Orlando Florida. Mr. Pellot has over 13 years experience in the complete drywall services field. He started this business from a small home office. In order to serve major residential and commercial clients, Castlewall has relocated in downtown Orlando. Castlewall's first major contract came from Pulte Homes. The success of that contract provided further opportunities with Paskor Holding, Lennar Homes, KSB, Inc. and RL Burns. Castlewall Construction has provided consistent installation and repair services in ceilings, walls, and flooring. Mr. Pellot uses only properly trained and skilled professionals in the execution of Castlewall's contracts. Castlewall has developed a sterling reputation that has led to lasting relationships with many area builders who look for quality work and superior customer satisfaction.

CONTRACTING EXPERIENCE

Castlewall Construction Inc., has successfully completed residential and commercial work as a sub-contractor for the past 3 years. Jose Pellot, Jr. the owner, has over 13 years experience in the construction field, specializing in complete drywall services.

GOVERNMENT ORGANIZATIONS:

COMMERCIAL ORGANIZATIONS:

- ❖ Paskor Holdings, LLC, Orlando, FL
- ❖ KSB, Inc., Orlando, FL
- ❖ Pulte Homes, Orlando, FL

CAGE Code: 1Y9T6

SBA Customer ID: P0307058

PROFILE

DTS just transferred its headquarters to Cantonment, Florida where we will emphasize focus on government contract work. We are predominantly an IT Services and Technology company, but we are utilizing a teaming agreement to subcontract General Contracting services and solutions from an unaffiliated company. We are in our first year as an 8(a) certified company and I'm looking for small government contracting opportunities to build our relevant experience level. Additionally, I am in discussion with a number of firms who have expressed interest in becoming our mentor for General Contracting opportunities. I would like to mature our IT services and solutions, but look towards the general contracting to build operating capital, which will allow us to grow these security clearance capabilities and certifications. As a General Contractor in the commercial sector we have had more success accessing the voice and data cabling work, and hope to do the same for the Federal Government.

CONTRACTING EXPERIENCE

At this time DTS has 6 years experience in Commercial IT Services and Solutions, and Project Management experience with building General Contractors. We have worked numerous contracts with local Sioux City Iowa contractors on large projects, as well as medium and small projects.

GOVERNMENT ORGANIZATIONS:

COMMERCIAL ORGANIZATIONS:

- ❖ Tyson Event Center - City of Sioux City, Iowa
- ❖ Premier BankCard - North Sioux City, South Dakota
- ❖ South Sioux Community Schools - South Sioux City, Nebraska
- ❖ State of Nebraska - Courthouse Cabling

CAPABILITIES

Voice and Data infrastructure installation and design, computer systems, servers, network equipment, wireless networks, support desk centers, General Contracting, Environmental Remediation, Building Envelope Systems, Waterproofing, electrical subcontracting, site work, roofing, disaster response.

PROFILE

Maverick was established in August 2005 by Carlos Rodriguez. With 20 years experience in the construction industry, his goal is to treat customers as long term partners rather than short term relationships. Maverick is a company based on Quality, Integrity & Service. We combine nationwide experience w/ highly trained field staff offering the best that the industry has to offer. Our continued growth is attributed to almost 100% repeat business. We grew from a small commercial company of 2 employees & \$30 thousand dollars in sales to its current size in 2009 of 30 employees & \$19 million in sales. Our philosophy of developing long term relationships has permeated throughout the company from the owners to the field personnel. Our work is nationwide and we are certified as a Disadvantaged Business Enterprise in multiple States. Our team of professionals has over 50 years of construction experience w/ past projects totaling over a billion dollars.

CONTRACTING EXPERIENCE

Our experience includes Aviation Facilities, Transportation Facilities, K-12 Facilities, Colleges & Universities, Healthcare Facilities, Correctional Facilities, Retail & Commercial, Commercial Facilities and Government Facilities. The principal of the firm has over 19 years experience.

PROFILE

Premier provides experienced technical and process support consulting services. We organize efforts and material needed for technical, engineering, and process-oriented projects; and support project goals through our own effort or by providing oversight to other team members. We are experienced working with remote team members and with teams that represent a wide variety of industries and skills. We also have experience managing projects that require validation methodologies.

Premier adds value during all phases of technical and process project development, from the Process Analysis and Idea Phase to the Post Project/Effort Review Phase, by providing and supporting a common framework and a set of tools and techniques for planning, estimating, and controlling work activities.

CONTRACTING EXPERIENCE

We have been supporting small and large-scale projects for over fifteen years with project durations ranging from one month to over four years. Our role is to stay focused on the end goal to allow successful completion of the initiative or project.

PROFILE

RHAM Construction, Inc., our company is a small general contracting firm that was founded in 2004 by Corey Ritchie. After many years of working for some of the countries large construction firms and on high profile projects, it was time to take the knowledge and experience gained and begin a life long dream of starting my own construction company. Over the past three years, RHAM Construction has started a successful construction business by generating new contracts and maintaining past relationships.

Corey Ritchie and Ali Hakimi have joined forces again after working together at Turner Construction Company for five years.

In 2007, RHAM Construction, Inc. became a Certified SBA 8(a), Small Business Disadvantage Business.

CONTRACTING EXPERIENCE

RHAM Construction, Inc. has successfully completed numerous commercial construction and a limited number of state and local government projects over the last (2) years of operations. The owner has 5 years of experience in commercial construction.

GOVERNMENT ORGANIZATIONS:

- ❖ Navy Depot Renovation, Jacksonville, FL.
