About the SBA Emerging 200 Initiative

The Emerging 200 (known as *e200*) is an intensive training initiative to accelerate high-potential small businesses' growth in America's inner-cities. The comprehensive curriculum provides the tools to catapult participating companies to the next level and helps them emerge as growing, self-sustaining businesses in their community.

Developed by the U.S. Small Business Administration (SBA), *e200* offers qualified business owners a powerful collection of benefits to accelerate growth, understand and explore financing options, diversify markets and expand networking. The training is supported by a coalition of local economic champions and mentored by business advisors with invaluable insight and expertise.

Jacksonville is only one of 15 cities selected nationwide to participate in this initiative. For more information on the program visit our website: www.sba.gov/e200
