Subject: Interview Request for Dr. McNutt/Re: spill measurements techniques

Matt, Kendra and Joan:

At the bottom of this email chain is a request for an interview with Dr. McNutt from Bloomberg News in Houston regarding oil spill measurement techniques.

Please advise on how you would like to handle this.

Sincerely,

3067140744-12143-19640-162-186

Hi Kasia,

I am forwarding this to the officials who are handling Director McNutt's interviews and will ask that they contact you asap.

Thanks for your interest in USGS science.

Subject: spill measurements techniques

to:

Hi Heidi and David,

I'm a Houston-based BloombergNews reporter writing about the oil spill and planning to describe the methodologies that will be applied to estimate the final, most precise flow rate.

I believe Marcia McNutt is currently in Houston, working on this. Do you think you could help me get an interview with her about this today or next week?

I would appreciate your help with getting something arranged, you can reach me at 713.651.4608 or  (cell).

Regards,

Kasia Klimasinska, BloombergNews
