Steve,
is this something you can address? If not, should I check with Mark Sogge? Sky, thanks. Please keep forwarding stuff to us. I will be out of the office tomorrow, Monday, and Tues so I'm cc'ing BILL Lukas on my team in case there are more questions. I will also respond to the staffer and let him know we will get back to him when we have an answer.
cheers,
Kathleen

Subject: Follow-up Question

Good Afternoon Sky,

Thank you again for your assistance yesterday afternoon. While I understand you may be quite busy right now, I am still interested in understanding two points:

1. Do you all intend to publish/make public the specific data/calculations/statistical model used for the report?
2. What was the peer-review process for the reports (ie who was involved, how it was executed)?

Any information you can share would be greatly appreciated.

Regards,

John
