NCUA Revises October Board Meeting Agenda

October 18, 2010, Alexandria, Va. -- The National Credit Union Administration (NCUA) Board meeting agenda has been modified. One item has been added to the open session – Interim Final Rule, Part 702, Prompt Corrective Action, revising the low risk asset definition.

The revised agenda for this week's meeting is available online at [click here](#).

The National Credit Union Administration charters and supervises federal credit unions. NCUA, with the backing of the full faith and credit of the U.S. government, operates and manages the National Credit Union Share Insurance Fund, insuring the accounts of over 90 million account holders in all federal credit unions and the majority of state-chartered credit unions. NCUA is funded by credit unions, not federal tax dollars.
