

## REDISTRICTING POINTS OF CONTACT

The United States Department of Justice's Civil Rights Division has designated points of contact within its Voting Section for jurisdictions and others seeking information on the Department's activities both before and during the redistricting cycle. In addition, for each state required to comply with Section 5 of the Voting Rights Act, we have also identified a civil rights analyst (CRA) as well as two attorneys (A) as a contact.

If you have any questions, please feel to contact these individuals, toll-free, at 800/253-3931.
