Second, there is an access code word in addition to the identification number required for access to the opinions, and the code word is made known only to the Office of Legal Counsel personnel.

Employment and Training Administration**Determinations Regarding Eligibility to Apply for Worker Adjustment Assistance; NRC Corp. et al.**

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor herein presents summaries of determinations regarding eligibility to apply for adjustment

assistance issued during the period August 19, 1985-August 23, 1985.

In order for an affirmative determination to be made and a certification of eligibility to apply for adjustment assistance to be issued, each of the group eligibility requirements of section 222 of the Act must be met.

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) That sales or production, or both, of the firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

Negative Determinations

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers indicated that increased imports did not contribute importantly to workers separations at the firm.

The investigation revealed that criterion (2) has not been met. Sales or production did not decline during the relevant period as required for certification.

TA-W-15,907; Cooper Wiss, Newark, NJ

Separations from the subject firm were due to the transfer of functions to another domestic facility.

TA-W-15,849; Champion International Corp., Building Products Div., Plywood Plant, Seattle, WA

Aggregate U.S. imports of plywood did not increase as required for certification.

TA-W-15,988; Welland Chemical Inc., Newell, PA
