# PERSON/HOLDER/FACILITY SHEET INSTRUCTIONS

NOAA FORM 89-880

OMB No. OMB No. 0648-0084; Exp. 06/30/2013

The Marine Mammal Protection Act of 1972, as amended (MMPA) (16 U.S.C. 1361 *et seq.*) requires that persons holding marine mammals submit certain information to the National Marine Fisheries Service (NMFS). Under the MMPA, NMFS is required to maintain an inventory of all marine mammals held for public display purposes and scientific research/enhancement (i.e., all marine mammals held captive except for those in captivity before December 21, 1972). In order to maintain the inventory, contact information for permit holders, facilities, and responsible individuals is needed by NMFS. In addition to receiving information about marine mammal inventories, NMFS also provides periodic updates back to the holders and facilities so that the inventories can be verified. Use of this form will ensure that MMPA-required information is submitted in a consistent manner, that the NMFS inventory of captive marine mammals is accurate and up-to-date, and that holders and facilities can verify their inventories.

1. Please read all of the instructions before filling out this form.
2. If you are receiving this form for the first time or if it is being sent to you for updating, please fill out the appropriate blank sections (I, II, and/or III) in red (if filling out by hand).
3. The **Responsible Official** is the individual who is responsible for and who has the signatory authority for marine mammal custody decisions. The **Primary Contact** is the registrar or other person responsible for maintaining the marine mammal inventory records at the facility.
