ASLB TO HOLD SEPT. 17 PREHEARING CONFERENCE IN ROCKVILLE, MD., ON VOGTLE NEW REACTOR APPLICATION

A Nuclear Regulatory Commission Atomic Safety and Licensing Board (ASLB) will hold a prehearing conference Sept. 17 in Rockville, Md., regarding a revived challenge to Southern Nuclear Operating Company's Combined License (COL) application for two new reactors at the Vogtle site in Georgia.

The Board will conduct an oral argument with the petitioners challenging the application (the Blue Ridge Environmental Defense League, the Center for a Sustainable Coast, and Georgia Women's Action for New Directions for Clean Energy), Southern Nuclear, and the NRC staff. An ASLB decision had previously ended the contested portion of the proceeding on the Vogtle COL application, but the petitioners are attempting to raise a new objection regarding the reactor design envisioned for the site. The issues to be argued will include whether the petitioners have standing to participate, whether the record of the proceeding's contested portion should be reopened, and whether the new objection can appropriately be introduced at this point in the NRC's licensing process and meets the standards for admitting objections into an adjudicatory hearing.

The prehearing conference will begin at 9 a.m. Sept. 17 in the NRC's ASLB hearing room, T-3B45, at the agency's headquarters at 11545 Rockville Pike in Rockville. The conference may also be viewed via teleconference from the NRC's Region II office, 245 Peachtree Center Ave., Suite 1200, in Atlanta. Members of the public are welcome to observe the conference at either location, but are reminded to allow sufficient time for security screening and to bring a government-issued photo ID (e.g., driver's license).

Members of the public may also file written limited appearance statements regarding the contested portion of the Vogtle COL licensing proceeding. These statements are not testimony, but provide an opportunity to make the Board and/or the participants aware of the public's concerns about the matters at issue in the contested proceeding. Statements should be mailed to Rulemakings and Adjudications Staff, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001; faxed to 301-415-1101 (call 301-415-1966 to verify receipt); or e-mailed to hearingdocket@nrc.gov. In addition, a copy of the limited appearance statement should be

mailed to Administrative Judge G. Paul Bollwerk, III, Atomic Safety and Licensing Board Panel, Mail Stop T-3F23, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001; faxed to 301-415-5599 (call 301-415-7550 to verify receipt); or e-mailed to paul.bollwerk@nrc.gov.
