## REMARKS OF NRC CHAIRMAN GREGORY B. JACZKO AT COMMISSION MEETING ON NRC EQUAL EMPLOYMENT OPPORTUNITY AND SMALL BUSINESS PROGRAMS

Good morning. The Commission meets today to receive a briefing on the agency's equal employment opportunity and small business programs. These are both very important initiatives for the agency and this is a very important meeting to hear about what has been done. Through the agency's equal employment opportunity program, the NRC works hard to maintain a diverse and talented workforce and to provide all of our employees the opportunity to engage in challenging and meaningful work. Through our small business program, the agency demonstrates its commitment to affording maximum opportunities for small businesses – including those owned by the disadvantaged, women, and veterans – to participate in our contracting program. I want to recognize the staff's high quality work on both these important initiatives.

Note: Briefing slides for this meeting are now available on the NRC website at <http://www.nrc.gov/reading-rm/doc-collections/commission/tr/2010/>. A full transcript of the meeting will be available soon at this same web location.
