FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

Re: Telemundo Communications Group, Inc.  
BTCCT-20011101ABK, et seq.  
Temporary Waiver of Duopoly Rule

Dear Ms. Dortch:

Reference is made to the Order of the Federal Communications Commission (the "FCC") issued on April 10, 2002, in *Telemundo Communications Group, Inc. and TN Acquisition Corp. (Transferee)*, FCC 02-113 (the "Order"). The Order granted the FCC's consent to the transfer of control of the corporate licenses of eleven full-power and seventeen low-power television and television translator stations as a result of the merger of TN Acquisition Corp., an affiliate of National Broadcasting Company, Inc. ("NBC"), with and into Telemundo Communications Group, Inc. ("Telemundo"). The Order permitted Telemundo to own three television stations in the Los Angeles Designated Market Area (Station KNBC, Los Angeles; Station KVEA, Corona; and Station KWHY-TV, Los Angeles) and granted it a twelve-month period to come into compliance with the FCC's local ownership rules. Stations KVEA and KWHY were both owned by Telemundo at the time of the merger. NBC was directed to report to the FCC every ninety days regarding the progress of its efforts to do so. The first ninety-day period ends on July 9, 2002.

The acquisition described in the Order was consummated on April 12, 2002. In the period since the closing of the transaction, NBC has devoted substantial resources and time to familiarizing itself with the operations of each of the Telemundo stations. This is the necessary first step in the task of integrating the operations of NBC and Telemundo in order to realize the synergies and efficiencies envisioned by the parties to the merger and recognized by the FCC in the Order. This process is a complex and ongoing one, and involves a thorough assessment of the Telemundo network as well as the operations of each Telemundo station. Areas of special focus include the local market in which each station operates, the relevant competitive landscape, technical and operational issues, personnel and management resources, local news operations and programming and content choices. This review and integration process has been carried out in conformity with NBC's undertaking to the FCC to maintain the separate programming of Station KWHY-TV and to refrain from engaging in joint sales with respect to KWHY.

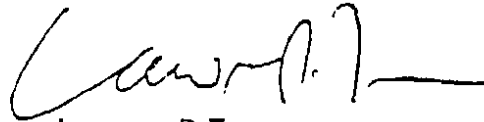

Concurrently with these ongoing integration efforts, NBC is in the process of exploring various means of coming into compliance with the local ownership rules in Los Angeles. In particular, NBC has been actively involved in discussions with several interested parties about a series of transactions that could involve a transfer of ownership of KWHY. One of these parties has recently withdrawn from further consideration, but several other discussions of a confidential nature are ongoing. NBC will pursue these

possibilities in the coming months. In addition, NBC is considering inquiries received from third parties potentially interested in acquiring KWHY. NBC will continue to evaluate such expressions of interest to determine whether there is any basis for pursuing active negotiations with one or more of these parties. NBC will also continue its efforts to identify other interested and financially qualified parties through individualized and selective contacts within the industry.

Several recent developments may have a direct impact on these efforts. The recent court decisions in the *Fox and Sinclair* cases, and the even more recent announcement by the FCC of its plan to conduct a consolidated rulemaking proceeding to review these and other related ownership rules, portend a potentially significant reshaping of the regulatory landscape. It is widely believed that it is at least possible, and perhaps likely, that some or all of these ownership rules will be relaxed to some extent. If this occurs, one consequence of the recently-announced rulemaking proceeding could be a substantial increase in the universe of entities eligible to own and operate KWHY. These developments create both significant uncertainties and potential opportunities, and NBC will monitor them closely, as they are likely to affect the manner in which NBC will be able to come into compliance with the local ownership rules in Los Angeles.

Questions or correspondence with respect to this matter should be directed to the undersigned.

Respectfully submitted,

Lawrence P. Tu

FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

**Re: Telemundo of Los Angeles License Corporation  
90-Day Status Report  
FCC File No. BTCCT-20011101ABK, et. seq.**

Dear Madam Secretary:

On behalf of Telemundo of Los Angeles License Corporation, ("Telemundo"), the licensee of Television Broadcast Stations KWHY-TV, Los Angeles, California ("KWHY-TV"), and its affiliated companies, including the National Broadcasting Company, Inc. ("NBC", collectively with Telemundo and affiliates, the "Company"), and pursuant to the Commission's instructions, we hereby submit this 90-day status report that updates the efforts of the Company to come into compliance with the Commission's local television ownership rule (the "Rule") in the Los Angeles DMA.<sup>1</sup>

In the *Telemundo Order*, the Commission approved the transfer of control of Telemundo to an entity attributable to NBC. Consistent with that approval, the Commission granted the Company a temporary waiver of the Rule to enable the common ownership of three television stations in the Los Angeles DMA – KWHY-TV, KVEA(TV), Corona, California, and KNBC-TV, Los Angeles, California (collectively, the "Stations"). The Commission also directed the Company to file, every 90 days, an update as to the Company's efforts to bring its common ownership of the Stations into compliance with the Rule.<sup>2</sup>

<sup>1</sup> *Telemundo Communications Group, Inc. and TN Acquisition Corp.*, Memorandum Opinion and Order, 17 FCC Rcd 6958 (2002) (the "*Telemundo Order*").

<sup>2</sup> NBC timely filed the first report as of July 9, 2002. The second report is due October 7, 2002. Accordingly, this report is timely filed.

The Secretary  
October 7, 2002  
Page 2

Contemporaneously with the issuance of the *Telemundo Order*, the D.C. Circuit issued a decision questioning the reasoning underlying the Rule and remanded the Rule for further review by the Commission.<sup>3</sup> Two weeks ago, on September 23, 2002, the Commission issued a Notice of Proposed Rule Making to reconsider the Rule and other Commission ownership regulations.<sup>4</sup> An initial review of the Notice indicates that the Commission may modify the Rule in a manner that would create additional opportunities through which the Company can come into compliance with the Rule.<sup>5</sup> Last week, the Commission also issued 12 studies designed to answer critical questions necessary to its review of the Rule, which are in the process of being analyzed by broadcast investors and the public.

Despite the changing regulatory landscape, the Company has continued to work to come into compliance with the Rule. Since the Company filed its first 90-day report on July 9, 2002 (the "July Update"), the Company has progressed in its intensive assessment of Telemundo's operations. As noted in the July Update, this assessment is necessary to maximize the potential efficiencies from the merger and to fulfill the Company's commitment to maintain KWHY-TV's separate programming and to refrain from engaging in joint sales. Concurrently with these ongoing efforts, the Company is investigating and pursuing possible approaches of coming into compliance with the Rule with regard to the Stations. The Company has participated in confidential discussions with several interested parties about transactions that could result in a change in ownership of KWHY-TV. In addition, the Company is reviewing inquiries from other parties as to a possible sale of KWHY-TV and will continue to evaluate such expressions of interest as the Company learns of them.

<sup>3</sup> See *Sinclair Broadcast Group, Inc. v. FCC*, 284 F.3d 148 (D.C. Cir. 2002). In light of this decision, Emmis Communications Corporation and Sinclair Broadcast Group, Inc. both expressly requested a stay of their temporary waivers of the Rule from the Federal Communications Commission.
