

# Celebration Products & Services Price List

Dear Valued Customer:

At Comcast, our goal is to give you more value, including more HD choices and a faster High-Speed Internet service. We're also redoubling our efforts to improve your experiences with us, investing more than at any other time in our 45-year history to hire, train and give our employees the tools they need to serve you better.

While we continue to make these investments, Comcast, like many other companies, is experiencing increased business and operational costs in today's challenging economic environment. As a result, beginning April 1, 2009, we are adjusting some of our prices as noted in the attached card. If you are currently enjoying a promotion, your current pricing will remain in effect until its scheduled expiration.

While we have been highly focused on controlling our costs, price adjustments are a necessity in view of the increased cost of doing business, including healthcare costs, increases in the cost we pay for programming, and technology and service improvements.

The name of the Digital Preferred Tier will be changed to Digital Classic Tier effective April 1, 2009. Digital Preferred customers will continue to receive the same level of service.

Comcast spends about \$6 billion a year on programming to give you the best content and the most video choices. While we have been aggressive at controlling these costs, we expect continued increases in costs we pay for programming, particularly for sports.

If you are currently a Full Basic Cable customer, your new service rates include a digital set top box to provide access to Music Choice channels and an on-screen program guide. Please call us at 1-888-COMCAST if you would like to arrange to receive a digital set top.

Here are some of the changes we've made during the past year to give you more variety, choice and control:

- Added MLB TV to your Comcast Digital Classic Lineup
- Added WRDQ and WFTV to the Limited Basic portion of your Digital Lineup
- To offer you more sports programming, we now offer Versus HD and Golf Channel HD on their own separate channels.
- As of April 15, 2009 your Comcast Music Choice channels will change. (please see channel line-up that is included)

If you have any questions, please call us at 1-888-COMCAST. Thank you for choosing Comcast for your entertainment and communications needs.

**Dear Valued Comcast Customer,**

At Comcast, providing great service for a great value is important. That's why, as the leading provider of television, internet and phone, we continue to add new features for our customers. Some of the most recent include:

- The fastest download speeds available - up to a mind-blowing 50 Mbps in the near future.
- Comprehensive online security tools at no additional charge, including the highly acclaimed McAfee Security Suite and the Comcast Toolbar.
- Comcast.net includes benefits like ESPN360.com, Comcast Photo Center savings, free Games Trials and much more.
- Home phone service rated #1 in call clarity\*, so no word goes unheard, and
- The SmartZone™ Communications Center where you can check e-mail and voice mail, listen to your messages, view your call history and more - all online.

On the video side, we have added MLB, Disney, Sportsman Channel and ESPN to our Digital Classic tier, and made NFL Network, NBA TV, ESPN2, and ESPNnews available to both Digital Classic and Sports Entertainment Pack customers. In addition, we have added ESPN2 HD, Travel HD, Nick HD, E! HD, and Lifetime HD. We also offer over 8000 hours of ON DEMAND programming, much of which is free and in HD. And customers with digital converters can now receive ALL channels in digital format.

It's not always about more - it is also about better. And all of the changes and improvements we have made this past year were designed to bring Comcast customers the best picture quality, the fastest internet speeds, and the highest clarity phone service possible.

Due to increases in programming and business costs, effective November 1, 2009, the monthly price for some of your cable services and equipment will change. In addition, we will make the following changes to our Digital Tier and Packages:

- The name of our Digital Preferred tier will be changed to Digital Classic tier.
- The name of the Digital Premier package will be changed to Total Premier. Current Digital Premier customers will not see a change in services due to this name change, but will continue to receive Digital Preferred and 5 premium channels. After November 1, the Total Premier package will no longer be available to new customers.
- We will also introduce a new package called Digital Premier that includes Digital Preferred, 4 Premium channels (HBO, Cinemax, Showtime, and Starz), and the Sports Entertainment Pack.

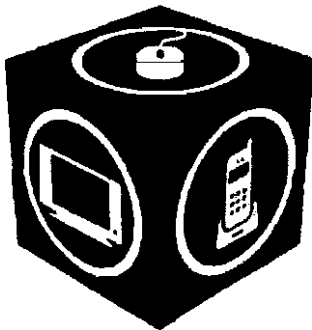

Please refer to the detailed pricing sheet included in this brochure, and keep it handy for the most updated reference for your channel lineup.

We appreciate your choosing Comcast for your entertainment and communications needs and we look forward to continuing our service to you.
