Note:

1. Access to an electronic copy of this memorandum is available at http://www.usitc.gov/tariff_affairs/congress_reports/.
2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):

Mixture of phenyl esters of C10–C18 alkylsulfonic acids (CAS No. 70775–94–9) (provided for in subheading 3812.20.10)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
 Different (see Technical Comments section)

III. Other product information, including uses/applications and source(s) of imports

The subject product is a non-phthalate plasticizer for numerous polymers with applications in the automotive, construction, ink, and medical devices industries. The end use applications include automotive underbody coatings; PVC coated textiles (e.g., screen printing inks, protective clothing, and tents); sealants; and elastomeric coatings. It is imported from Germany.

This bill would renew the previous duty provision and change the tariff rate from free to 1.8 percent. The related bill in the Senate (S. 2692) proposes full duty suspension rather than a duty reduction.

IV. Estimated effect on customs revenue

Subject product HTS subheading(s)	3812.20.10				
Item	2013	2014	2015	2016	2017
Col.1-general rate of duty or percentage point reduction (%)	4.7	4.7	4.7	4.7	4.7
Estimated value of <i>dutiable</i> imports (\$)	14,000,000	14,000,000	14,000,000	14,000,000	14,000,000
Customs revenue loss (\$)	658,000	658,000	658,000	658,000	658,000

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
 Provided by industry sources
 Industry information
 Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
 This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%) Temporary rate (%) Percentage point reduction (%)

V. Technical comments

Staff recommends renewal of the provision under 9902.38.14 with modification of the duty rate.
