1. Access to an electronic copy of this memorandum is available at http://www.usitc.gov/tariff_affairs/congress_reports/.
2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):

2-Oxepanone, polymer with aziridine and tetrahydro-2H-pyran-2-one, dodecanoate ester (CAS No. 202263-77-2) in bulk or 40% by weight solution in n-butyl acetate (provided for in subheadings 3208.10.00 and 3907.99.01)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
- Different (see Technical Comments section)

III. Other product information, including uses/applications and source(s) of imports

The polymer improves dispersion and stability in UV cured coatings. In solution, the product disperses organic and inorganic pigments into solvent-based industrial paints. The product is imported from the United Kingdom.

In addition to renewing the temporary duty suspension for the polymer which expired in 2009, this bill would also modify the existing Chapter 99 provision by adding the CAS number for the product.

IV. Estimated effect on customs revenue

Subject product HTS subheading(s)	3208.10.00 and 3907.99.01 (see Continuation)				
Item	2013	2014	2015	2016	2017
Col.1-general rate of duty or percentage point reduction (%)	5.84	5.84	5.84	5.84	5.84
Estimated value of <i>dutiable</i> imports (\$)	4,023,000	4,023,000	4,023,000	4,023,000	4,023,000
Customs revenue loss (\$)	235,000	235,000	235,000	235,000	235,000

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
- Provided by industry sources
- Industry information
- Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
- This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%) Temporary rate (%) Percentage point reduction (%)

V. Technical comments

The article description was modified to reflect an expansion of the existing Chapter 99 provision, as sought by the interested entity, to address both the bulk product and the product in solution. The correct HTS subheading for the bulk product listed in the Chapter 99 provision was changed per a binding ruling issued by U.S. Customs and Border Protection (N118188, August 30, 2010).
