Footwear for men with uppers of leather other than of pigskin (other than work footwear, tennis shoes, basketball shoes, gym shoes, training shoes and the like, and other than slip-on footwear), covering the ankle, valued \$27/pair or higher, designed to be worn in lieu of, but not over, other footwear as a protection against water, oil, grease or chemicals or cold or inclement weather where such protection includes protection against water that is imparted by the use of a coated or laminated textile fabric (provided for in subheading 6403.91.60)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

- Different (see Technical Comments section)

III. Other product information, including uses/applications and source(s) of imports

The legislation includes men's leather footwear worn as protection against rain and snow, when they are not of an excluded type or "slip-on footwear"; the covered footwear would have laces, zippers, or other means of closure. China is the leading supplier.
