Join your colleagues for a briefing on using the latest Government Printing Office (GPO) contract to procure library binding. This is an important session for library managers and staff directly involved in the binding preparation, shipment and receiving processes.

Holly Robertson, Head of Collections Care for the Library of Congress Preservation Directorate, will provide an overview of library binding. A representative from GPO will outline the contract requirements and responsibilities of both vendor and library. Eric Fairfield, HF Group, will provide an overview of binding operations and give a virtual tour of the bindery. All presenters will be available to answer your questions.

A copy of the contract is available at <http://www.loc.gov/flicc/about/FLICC%20WGs/preservation/405-S-final2009.pdf>
