

Are You the Picture of Health?

“You might look and feel fine, but you need to get the inside story.

Colorectal cancer often has no symptoms, so please get tested. I did.”

*Katie Couric, Co-Founder
EIF's National Colorectal Cancer Research Alliance*

Screening can detect precancerous polyps so they can be removed **before** they turn into colorectal cancer.

If you're 50 or older, talk to your doctor and get screened.
