Wildlife Without Borders-Global Summary FY 2011**

In 2011, the USFWS awarded 1 new grant from the Wildlife Without Borders-Global program totaling \$100,000, which was matched by \$15,000 in leveraged funds.

**DIC 11-001** *Strengthening and enhancing capacity for the Western Hemisphere Migratory Species Initiative and Convention on Wetlands of International Importance.* In partnership with The Ocean Foundation. This project will strengthen and promote the Western Hemisphere Migratory Species Initiative (WHMSI) and the Convention on Wetlands of International Importance (Ramsar) activities in the United States. The grantee will conduct a stakeholder survey on priority marine themes WHMSI can address, and assist the U.S. Ramsar National Committee in fundraising to help bridge the gap between government funding and committee activities.
