Welcome to GOES - the Official U.S. Government Web Site

The Global Online Enrollment System allows registered users to enter their own applications for U.S. Customs and Border Protection (CBP) Trusted Traveler Programs, and approved members to edit their information as needed (mistakes on the original application cannot be corrected once the application is certified - your mistakes will need to be brought to the attention of CBP during your interview).

Once a completed application is certified by the applicant and the non-refundable payment is successfully processed, CBP will review it and determine whether or not to conditionally approve the application. If your application is conditionally approved, your GOES account will be updated to instruct you to schedule an appointment for an interview. Every individual who would like to apply for membership - children included and multiple applicants in one household- must create a separate account within GOES, submit a separate application, and schedule a separate interview appointment upon conditional approval.

- Global Entry Benefit: As a SENTRI member, you will be able to use the Global Entry kiosks located at the top 20 major U.S. international airports to enter the U.S. once you provide your 10-fingerprints to CBP. To use the Global Entry kiosks, you must use a valid machine readable U.S. passport. If you wish to use Global Entry, please contact any Trusted Traveler Enrollment Center to schedule an appointment to have your fingerprints captured. Enrollment center information can be found at <http://www.NEXUS.gov/>, <http://www.SENTRI.gov/> or <http://www.GlobalEntry.gov/>. Do not use your SENTRI card in the kiosk, but you may wish to carry it with you. There is no additional cost to use Global Entry, and you may use it for the duration of your SENTRI membership. Additional information about Global Entry can be found at <http://www.GlobalEntry.gov/>. If you do not wish to use Global Entry kiosks, please disregard this message.
