FOR IMMEDIATE RELEASE

Release No. 12-029

March 2, 2012

Dental treatment shifts to Roll Dental Clinic

FORT LEONARD WOOD, Mo. – The Harper Dental Clinic on Fort Leonard Wood is undergoing electrical upgrades from March 9-16; all dental patients will be seen at the Roll Dental Clinic during this time period.

Patients that have been scheduled for treatment during this time period have been rescheduled.

The Harper Dental Clinic will have no power and the doors will be closed during this electrical upgrade.

The Harper Dental Clinic will temporarily lose the ability to make new dental appointments during this time frame as well so the time to make future appointments is either before or after the March 9-16 time frame.

Personnel who need to cancel or reschedule appointments at the Harper Dental Clinic for any time frame can call the Roll Dental Clinic front desk at 573-596-0364.

Fort Leonard Wood is a thriving and prosperous installation that has evolved from a small basic training post 70 years ago to a premier Army Center of Excellence that trains 80-90,000 military and civilians each year.

Home to the Maneuver Support Center of Excellence, Fort Leonard Wood now trains and educates service members and develops doctrine and capabilities for the Training and Doctrine Command's U.S. Army Chemical, Biological, Radiological, and Nuclear School, U.S. Army Engineer School, and U.S. Army Military Police School, three gender integrated Initial Military Training brigades, one of only five reception stations in the Army, and the Army's largest Non Commissioned Officers Academy.

Over the past several years, Fort Leonard Wood has received numerous additional responsibilities to include supporting the 4th Maneuver Enhancement Brigade, a large Forces Command unit that is responsible for all deployable capabilities at Fort Leonard Wood. A colonel-commanded Marine Corps Detachment and an Air Force Detachment, which are both the largest on any Army installation, are located on Fort Leonard Wood; a large Navy Seabee Detachment and elements of the Coast Guard train here as well.
