**ARMY COMMUNITY SERVICE OUTREACH:** The purpose of ACS Outreach is to enhance readiness and retention by helping Soldiers and Families develop a stronger sense of self-reliance and belonging in the military community. Outreach targets those Families who have the greatest level of need, but are least likely to seek out and take advantage of services until they have reached a state of crisis. Once individuals and their issues/needs are identified, they can then be referred to the appropriate public sector/private sector agency for assistance. Outreach seeks to accomplish this by participating in on post/off post Family community events, on post organizational day functions, providing Family day briefings to Soldiers and Family members, setting up information tables during basic training graduations, conducting information briefings for permanent party, AIT students, and FRGs, and by manning information tables at various locations in communities around Fort Leonard Wood. One of the main goals of Preparing for the Journey is helping military-connected or other highly mobile students achieve a successful start to their educational careers. Early childhood is an exciting time! It is also a particularly important time period in the education of children since it sets the foundation for future learning. This workshop provides an overview of the most important issues for parents to consider, as well as practical, inexpensive ideas families can use to help spark their children's natural desire to learn. The FLW Lions Club would like to express our sincere appreciation to you for supporting the St. Nick's Benefit program. The assistance provided to 1036 children this year would not have been possible without your generous assistance. The amount of children helped this year is slightly more than last year. Your sponsorship of a child, financial contributions, and/or your volunteer time is greatly appreciated. We know that without all of these connecting factors, the St. Nick Benefit program could not have been successful and rewarding.

Just to let you know, we are starting to plan for the 2012 St. Nick's Benefit.

The after action meeting was held on 18 January 2012 at Building 312 from 11:30am to 12:30pm. The next meeting will be held on 11 April 2012 and you are sincerely welcome and we hope that you will be able to attend as many of these meetings as possible. Since the meetings will be conducted over the lunch hour, please feel free to bring and eat your lunch during the meeting.

Along with the St. Nick Benefit, the FLW Lions Club is involved in several other programs for the community. Here is a list of some of these additional programs:

- Purchasing eyeglasses for military family members who have been referred by the School Nurses. During the last calendar year we purchased eyeglasses for many children.
- Hosted the Missouri Lions All State Band Camp in July of 2011 here at FLW. The band camp for the All State Band takes place for two weeks. The first week is for their practice and then they tour and give concerts. This year after their week of practice the All State Band traveled to Seattle, Washington to the Lions Club International Convention, where they marched in the International parade. They competed with other All State Bands from other states and received third place. On 22 July they came together too played at the All State All Star Football Game in Warrensburg, MO. This year the Band will again do the band camp here at FLW.
- We held A Peace Poster Contest for three local schools. This past year's Peace Poster theme was "Children Know Peace." The winner for each contest receives a \$100 savings bond and progresses to the district contest level before proceeding to the state contest level. The final contest level is conducted during the Lions International Board Meetings. The International contest winner and their parents or guardians receive a trip to the United Nations in New York City and awarded a Grand Prize of \$2,500. Twenty three Merit Winners receive \$500 and a certificate of achievement. Winners will be notified on or about February 1, 2011. The "Image Peace" has been selected as a Peace Poster theme for school year 2012-2013.
- Locally, the club helps families with emergencies (for example: burn outs and tornado damages).

We donate to various organizations that help with sight and hearing problems. The following organizations are a few organizations We Serve:

- Leader Dogs for the Blind in Rochester Michigan, is a guide dog program that helps those visually impaired at no charge to the recipient. It is totally funded by Lions and private donations.
- Lions World Services for the Blind in Little Rock Arkansas is a program that helps visually impaired to have a productive life through career training.

#### **MScOE SAFETY**

**POC: ROBBIN JOHNSON, 596-2961**

#### Child Car Seat Safety

Motor vehicle crashes remain the leading cause of death to children ages 3-14 in the United States. Over 80% of child safety seats are installed or used incorrectly. Call the MScOE Safety Office at (573) 596-3449 to have your child's passenger safety seat check by a certified child safety seat installer. Overview of **Missouri Law (RSMo 307.182)** – Know the law!

Less than 40 lbs, regardless of age, shall be secured in a child passenger restraint system appropriate for that child.

Less than 8 years old, at least 40 lbs but less than 80 lbs and under 4'9" shall be secured in a child passenger restraint system or booster seat appropriate for that child.

At least 8 years old, greater than 80 pounds or taller than 4'9" shall be secured by a vehicle safety belt or booster seat appropriate for the child.

Research has shown the effective use of child safety seats to reduce injuries for infants 71 %, toddlers 1- 4 54% and children 2-6 28 % .When booster seats are installed properly, save lives.

Most states have child restraint laws that require approved devices and seat belts

When children ride in a rear vehicle seats they reduce their injury risk by 64%.

#### Seatbelts Save Lives!

Every hour someone dies in a vehicle accident because they were not wearing a safety belt. Safety belts are the most effective means of reducing fatalities and serious injuries, and sadly, many adults and children are not using them. Most motorists are 30 times more likely to be killed in a vehicle accident not wearing a seat belt. Average 73% of occupants who

were ejected from the vehicle during a crash were killed. Seat belts reduce serious crash-related injuries and deaths by about 50%.

Proper wear of the lap and shoulder belt can decrease your chances of hitting the steering wheel, wind shield or dash. Seatbelt devices should fit correctly and should be adjusted as need for other users in your vehicle.

The use of seat belts should be a primary concern for motorist operating on roadways and highways. Always buckle up during long or short trips may greatly increase your chance of walking away from a vehicle accident. Always ensure everyone in your vehicle is wearing a seatbelt before the vehicle proceeds, even those in rear seats!

Many argue that a seatbelt could prevent them from exiting a vehicle quickly or false.
