

**Harvest of Loblolly Pine
Timber In Advance of
Installation of an Overhead
Electric Line**

Hunting Area 22

13-21 January 2004

Before cutting began

A photograph of a pine forest. The trees are tall and thin, with dark trunks. The ground is covered in brown pine needles and some dry leaves. The lighting is bright, suggesting a sunny day. The text is overlaid in the lower right quadrant of the image.

**Many rows are still
visible from the original
planting, 43 years ago**

1st day of cutting

**Cutting
completed**

**Logs heading for
the mill in Success**

**Final 2 truckloads at
the mill**

**Lumber sawn from the logs:
16 ft 6x6**

A large stack of 16-foot 2x6 lumber is shown in a lumber yard. The lumber is stacked in a neat pile, with several pieces of 2x6s laid across the top. The wood is light-colored and shows natural grain patterns. In the background, there are other stacks of lumber and a blue metal structure. The ground is dirt and gravel.

16 ft 2x6
