

**Simonetta Rosati**

*Senior Market Infrastructure Expert,  
European Central Bank*

Ms. Rosati is the senior market infrastructure expert in the Directorate General Payment Systems and Market infrastructure at the European Central Bank (ECB). For the ECB, she has worked on policy and oversight issues concerning securities settlement systems, representing the bank as observer, secretary, or member in various international working groups. She has carried out research in the area of determinants of cross-border large-value payment flows, comparative analysis of prudential and oversight requirements for securities settlement, the securities custody industry and retail payments. Previously, she served as secretary of the Payment and Settlement Systems Committee to the ECB Governing Council in the field of payment and securities settlement systems.
