Advocacy: the voice of small business in government

Tennessee

Tennessee's 536,750 small businesses provide economic opportunities to diverse groups of people and bring innovative products and services to the marketplace.* This profile from the Office of Advocacy compiles the latest facts and figures on the status and role of small business in the state. (Note that a small business is defined here as one with fewer than 500 employees.)

• Tennessee had 100,607 small employers in 2006, representing 97.1% of the state's employers and 45.1% of its private-sector employment.

• The health care and social assistance industry was the state's largest small business employer in 2006; manufacturing was the largest overall employer (Table 1).

• Small businesses created 39.7% of the state's net new jobs from 2004 to 2005 (Table 2).

• Tennessee's real gross state product increased by 0.9% in 2007. By comparison, growth in the Southeast region was 1.5% and the United States, 2.0%. (Source: U.S. Dept. of Commerce: Bureau of Economic Analysis)
