SURVEYS-ON-CALL (Data Extraction System/DES)

SURVEYS-On-Call (previously SIPP-On-Call) is a U.S. Bureau of the Census 'on-line' computer service for making data extractions from Survey of Income and Program Participation (SIPP) public use, microdata files. The Data Extraction System (part of Surveys-On-Call) assists users in the process of specifying data to be extracted. Once a user has completed the extract specifications, the system automatically builds a customized extract in one of several user-selected data file formats. The extracted data can then be 'downloaded' to the user's own computer system for analysis.

For more information about Surveys-On-Call or the Data Extraction System, call the Surveys-On-Call support staff at (301) 763-8375 or (301) 763-8376.
