A Note from Congressman Reyes

Dear Friends:

Our country is facing the greatest economic crisis since the Great Depression and action must be taken to jumpstart our economy. To that end, Congress passed and President Obama signed into law a historic recovery package, H.R. 1, the American Recovery and Reinvestment Act of 2009 (Recovery Act). The Recovery Act provides nearly \$800 billion in federal spending and tax cuts to create or save millions of jobs and provide assistance to Americans who are currently unemployed. The law contains targeted efforts to transform our economy with science and technology; modernize roads, bridges, transit and waterways; educate and prepare our children for the 21st century; lower healthcare costs; assist workers hurt by the economy; and promote the use of clean and efficient energy sources.

With the unemployment rate reaching seven percent in Texas, up two percent in less than a year, this package could not come at a more critical time. With this bill, 269,000 jobs will be created or saved in Texas, with 7,500 of those jobs in the 16th Congressional District.

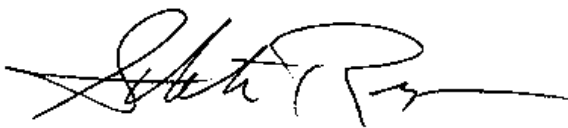

In order to ensure that individuals, communities, and businesses have access to the information on the many federal programs and federal funding opportunities that are available as a result of this bill, I am providing this Resource Guide to the American Recovery and Reinvestment Act of 2009. This guide is subdivided into 13 sections that provide information about the federal programs that are receiving recovery funding.

In addition to the information supplied in this guide, I encourage you to refer to the following resource websites as well:

- Obama Administration website: <http://www.recovery.gov/>
- How to apply for federal contracts: <https://www.fbo.gov/>
- How to find federal jobs: <http://www.usajobs.opm.gov/>
- How to apply for federal grants: <http://www.grants.gov/>
- How to access various federal benefits: <http://www.govbenefits.gov>
- Texas Recovery Website: <http://www.window.state.tx.us/recovery/>

I hope that you will find this information helpful. Should you have any questions at all, please do not hesitate to contact my office. While we have a tough road ahead of us, I am confident that Texas and the people of the 16th Congressional District will come out of this crisis stronger and better prepared for the future.

Sincerely,

Silvestre Reyes
Member of Congress

CONSUMER TAX CREDITS

The American Recovery and Reinvestment Act cuts taxes for 95% of working families in the nation. Below is a summary of some of the tax cuts and credits included in the legislation.

One-Time Economic Recovery Payment

The American Recovery and Reinvestment Act provides for a one-time payment of \$250 to individuals who receive Social Security benefits, Railroad Retirement benefits, veteran's compensation or pension benefits and Supplemental Security Income (SSI), excluding individuals who receive SSI while in a Medicaid institution.

Furthermore, individuals must have been participating in one of these programs three months prior to 02/17/2009 to qualify.

The one-time payments will not come from Internal Revenue Service (IRS) as they have in previous legislation. The Social Security Administration expects everyone who is entitled to a payment to receive it by late May 2009. No action is required by the individual at this time.

To date, no further details have been released about this program. I encourage you to visit the Social Security Administration website at <http://www.socialsecurity.gov/payment/> and <http://www.recovery.gov> in the coming days for more information. If you do not have access to the internet, you can call the Social Security Administration toll free at (800) 772-1213.

Making Work Pay Tax Credit

In 2009 and 2010, the Making Work Pay provision of the American Recovery and Reinvestment Act will provide a refundable tax credit of up to \$400 for working individuals and up to \$800 for married taxpayers filing joint returns.

This tax credit will be calculated at a rate of 6.2 percent of earned income and will phase out for taxpayers with modified adjusted gross income in excess of \$75,000, or \$150,000 for married couples filing jointly.

For people who receive a paycheck and are subject to withholding, the credit will typically be handled by their employers through automated withholding changes in early spring. These changes may result in an increase in take-home pay. The amount of the credit will be computed on the employee's 2009 income tax return filed in 2010. Taxpayers who do not have taxes withheld by an employer during the year can also claim the credit on their 2009 tax return. It is not necessary to submit a Form W-4 to get the automatic withholding change. However, an employee with multiple jobs or a married couple whose combined income places it in a higher tax bracket should consult with the IRS and, if necessary, submit a revised Form W-4 to ensure enough tax is withheld. IRS Publication 919 provides additional guidance for tax withholding including a special Making Work Pay worksheet.

I encourage you to visit the Internal Revenue Service (IRS) website at <http://www.irs.gov> and <http://www.recovery.gov> in the coming days for more information. If you do not have access to the internet, you can call the IRS toll free at (800) 829-1040.

Refundable First-Time Home Buyer Credit

Last year, Congress provided taxpayers with a refundable tax credit that was equivalent to an interest-free loan equal to 10% of the purchase of a home (up to \$7,500) by first-time home buyers. Prior to the American Recovery and Reinvestment Act, taxpayers receiving this tax credit were required to repay any amount received back to the government of 15 years in equal installments, or, if earlier, when the home is sold.

The American Recovery and Reinvestment Act eliminates the repayment obligation for taxpayers that purchase homes after January 1, 2009 and before December 1, 2009. In addition, the credit is increased to \$8,000 and removes the prohibition on financing by mortgages revenue bonds.

This provision only applies to the individual's primary residence and if the individual changes residency within 36 months of the purchase, they will be required to payback the credit.

To date, no further details about this program have been released. I encourage you to visit the Internal Revenue Service (IRS) website at <http://www.irs.gov> and <http://www.recovery.gov> in the coming days for more information. If you do not have access to the internet, you can call the IRS toll free at (800) 829-1040.

Sales Tax Deduction for Vehicle Purchases

The American Recovery and Reinvestment Act provides taxpayers with a deduction for State and local sales and excise taxes paid on the purchase of a qualified motor vehicle until January 1, 2010.

A qualified motor vehicle means a passenger automobile, light truck, or motorcycle which has a gross vehicle weight of not more than 8,500 pounds, or a motor home.

To date, no further details about this program have been released. I encourage you to visit the Internal Revenue Service (IRS) website at <http://www.irs.gov> and <http://www.recovery.gov> in the coming days for more information. If you do not have access to the internet, you can call the IRS toll free at (800) 829-1040.

Amount: \$186.6 million
Agency: Higher Education Institutions
Description: The Pell Grant Program is the largest source of federal source grant aid to postsecondary students. The grants are available to low-income undergraduate students to help offset their costs associated with obtaining a postsecondary education. Direct aid to students.

Type: Formula Grants
Website: www.fasfa.ed.gov

Grant: Teacher Quality Partnership Grant Program

Amount: \$100 million
Agency: U.S. Department of Education
Description: Grants for improving teacher education programs, strengthening teacher recruitment efforts, and providing training for prospective teachers.

Type: Competitive Grants
Website: www.ed.gov/policy/gen/leg/recovery/index.html

Grant: Work-Study Program

Amount: \$10.7 million
Agency: Higher Education Institutions
Description: Need-based federal aid that provides undergraduate, graduate, and professional students the opportunity for paid employment in a field related to their course of study or in community service. Students are compensated with a combination of federal funding and a matching amount provided by the student's employer, which may be the institution of higher education or another entity. In most instances, the maximum share of compensation is 75%. Direct aid to students.

Type: Formula Grants
Website: www.fasfa.ed.gov

Grant: Major Research Instrumentation Program and Facilities Construction

Amount: \$400 million
Agency: National Science Foundation
Description: The program is designed to make research instruments more accessible to higher education, non-profit organizations and research museums to expand scientific knowledge. Proposals can be for a single instrument or for numerous instruments but all must be too costly for the entity to acquire their own. Grants can also be upgrades to existing facilities or new construction.

Type: Competitive Grants

Grant: National Oceanic and Atmospheric Administration (NOAA)

Amount: \$230 million

Agency: U.S. Dept. of Commerce, NOAA
Description: Programs can be weather related learning tools at schools to meteorology equipment at universities. There are also research funding opportunities available.
Type: Competitive Grants
Website: www.noaa.gov/recovery

Grant: Scientific and Technical Research Services
Amount: \$180 million
Agency: U.S. Dept. of Commerce, National Institute of Standards and Technology
Description: The program will consist of a competitive construction grant program for funding science research facilities outside of National Institute of Standards and Technology.
Type: Competitive Grants

ENERGY AND NATURAL RESOURCES

The following information about funding included in the American Recovery and Reinvestment Act of 2009 was compiled by the Office of Congressman Silvestre Reyes. This document is intended to provide the public with basic information of potential federal assistance and funding opportunities. Those interested in these or similar programs should contact the appropriate federal and state agencies for detailed information. Please note: not all applicable programs are included below; the following information is subject to change; and additional requirements, restrictions and guidance may apply.

The American Recovery and Reinvestment Act provides investments in areas critical to the development of clean and efficient energy. The Recovery Act allocates \$16.8 billion for various programs within the U.S. Department of Energy. Most of the funds are specified for the Office of Energy Efficiency and Renewable Energy (EERE). EERE works to strengthen the United States' energy security, environmental quality, and economic vitality in public-private partnerships by supporting enhancements in energy efficiency and productivity; bringing clean, reliable and affordable energy technologies to the marketplace, and enhancing Americans energy choices. You can visit EERE's website at <http://www.eere.energy.gov/> to learn more about the agency. Below is a summary of some of the federal and state programs that will receive funds from the American Recovery and Reinvestment Act.

Grant: **State Energy Efficiency Programs**
Amount: \$3.1 billion, \$218,782,000 for Texas.
Type: States receive funding through a formula
Description: States use grants to address energy priorities and program funding to adopt emerging renewable energy and energy efficiency technologies.
Contact: Texas State Energy Conservation Office
Phone: (512) 463-1931
<http://www.seco.cpa.state.tx.us/>

Grant: **Weatherization Assistance Program**
Amount: \$5 billion total, \$326,975,732 for Texas. Provisions also expand the eligibility of low income households for the Weatherization Assistance Program and increase the funding assistance level per dwelling (from \$2,500 per dwelling to \$6,500).
Type: States receive funding through a formula
Description: Provides energy efficiency measures in the homes of qualifying homeowners free of charge. For information on how to apply for these funds, contact the Texas Department of Housing and Community Affairs' Weatherization Assistance Program.
Purpose: To assist low-income families reduce their energy bills by making their homes more energy efficient.
Deadline: Plan Application due 5/12/2009

Grant: **Energy Efficiency and Conservation Block Grant (EECBG)**
Amount: \$3.2 billion total. \$5,802,700 was awarded to the City of El Paso and \$110,700 to the Tigua Ysleta Del Sur Pueblo tribe through direct formula grants. Texas' State Energy Office (SEO) received an additional \$45,638,100, not less than 60% of which must be awarded to cities and counties within the state that are ineligible for direct formula grants from the DOE.
Type: Formula and competitive grants to government entities
Office: Energy Efficiency and Renewable Energy (EERE)
Agency: U.S. Department of Energy
Purpose: To reduce fossil fuel emissions, decrease overall energy consumption, improve energy efficiency in the transportation, building, and other energy consuming sectors of the economies of eligible entities.
Description: Assists states and local governments in implementing strategies to reduce fossil fuel emissions created as a result of activities within the jurisdictions of the eligible entities and reduce the total energy use. Activities eligible to receive funding include: conducting residential and commercial building energy audits; establishing financial incentives programs for energy efficiency improvements; grants to non-profits organizations to perform energy efficiency retrofits; developing/implementing programs to conserve energy used in transportation; developing and implementing building codes and inspections services to promote building energy efficiency; installing light emitting diodes (LEDs); and developing, implementing, and installing on or in any government building onsite renewable energy technology that generates electricity from renewable sources.

Grant: **Energy Efficiency and Conservation Block Grants: Additional**
Amount: \$400 million
Agency: U.S. Dept. of Energy
Description: Additional competitive grants for the reduction of energy use and fossil fuel emissions, and for improvements in energy efficiency.
Type: Competitive Grants
Website: http://apps1.eere.energy.gov/wip/block_grants.cfm

Grants: **Energy Efficiency and Conservation Block Grants: Large Cities and Counties**
Amount: \$163.3 million
Agency: U.S. Dept. of Energy
Description: For the reduction of energy use and fossil fuel emissions, and for improvements in energy efficiency. Cities with populations greater than 35,000 and counties greater than 200,000 apply directly to the U.S. Dept. of Energy for project grants.
Type: Formula Grants
Website: http://apps1.eere.energy.gov/wip/block_grants.cfm

Grants: **Energy Efficiency and Conservation Block Grant: Smaller Cities and Counties**
Amount: \$45.6 million
Agency: State Energy Conservation Office

Description: For the reduction of energy use and fossil fuel emissions, and for improvements in energy efficiency. Smaller cities and counties in Texas apply to the State Energy Conservation Office for project grants.

Type: Formula Grants

Grant: Biomass Program

Amount: \$800 million to be dedicated to projects related to biomass

Type: Competitive grants

Office: Energy Efficiency and Renewable Energy (EERE)

Agency: U.S. Department of Energy

Activities: For research, development and demonstration for converting biomass resources to biofuels.

Website: www.eere.energy.gov/biomass

Grant: Geothermal Technologies Program

Amount: \$400 million to be dedicated for geothermal activities and projects

Type: Competitive grants

Office: Energy Efficiency and Renewable Energy (EERE)

Agency: U.S. Department of Energy

Activities: Research, development and demonstration efforts that emphasize the advancement of enhanced geothermal systems.

Website: www.eere.energy.gov/geothermal

Grant: Advanced Battery Manufacturing

Amount: \$2 billion was included to support the manufacturing of advanced vehicle batteries and components

Type: Competitive grants to domestic manufacturing facilities

Office: Energy Efficiency and Renewable Energy (EERE)

Agency: U.S. Department of Energy

Activities: For the manufacturing of advanced batteries and components; and to provide facility funding to manufacturers of advanced battery systems and vehicle batteries that are produced in the United States, including advanced lithium ion batteries, hybrid electrical systems, component manufacturers, and software designers.

Website: www.eere.energy.gov

Grant: **Alternative Fueled Vehicle Pilot Grant Program**
Amount: \$300 million
Type: Competitive grants to state governments, local governments, metropolitan transportation authorities, air pollution control districts, and private or nonprofit entities.
Office: Energy Efficiency and Renewable Energy (EERE) - Clean Cities Program
Agency: U.S. Department of Energy
Purposes: To establish a grant program through the DOE Clean Cities Program to encourage the use of plug-in electric drive vehicles or other emerging electric vehicle technologies. Funds used for the acquisition of alternative fueled vehicles, fuel cell vehicles or hybrid vehicles, including buses for public transportation and ground support vehicles at public airports. The installation or acquisition of infrastructure necessary to directly support an alternative fueled vehicle, fuel cell vehicle, or hybrid vehicle project funded by the grant are also eligible.
Website: www.eere.energy.gov/cleancities

Grant: **Transportation Electrification**
Amount: \$400 million
Type: Competitive grant to states, local governments, and metropolitan transportation authorities.
Office: Energy Efficiency and Renewable Energy (EERE)
Agency: U.S. Department of Energy
Purposes: To implement a grant program for qualified electric transportation projects that reduce emissions, including shipside electrification of vehicles, truck stop electrification, airport ground support equipment and cargo handling equipment.
Website: www.eere.energy.gov

Grant: **Smart Grid Investment Program**
Amount: \$4.5 billion
Type: Regional demonstration initiative and matching grants to states
Office: Electricity Delivery and Energy Reliability
Agency: U.S. Department of Energy
Purposes: To modernize the electric grid, enhance security and reliability of the energy infrastructure, energy storage research, development, demonstration and deployment, and facilitate recovery from disruptions to the energy supply, and authorized purposes.
Website: www.oe.energy.gov

Grant: **Physics Research Science Program**
Amount: \$1.6 billion
Type: Competitive grants to universities, companies, and national laboratories
Office: Office of Science
Agency: U.S. Department of Energy
Description: Grants will primarily be awarded for research in high-energy physics, nuclear physics, and fusion energy sciences
Website: www.science.doe.gov
<http://www.science.doe.gov/grants/grants.html>

Grant: **Advanced Research Projects Agency (ARPA-E)**
Amount: \$400 million
Type: Awards to institutions of higher education, companies, research foundations, trade and industry research collaborations, or consortia of such entities, which may include federally-funded research and development centers.
Agency: U.S. Department of Energy
Purposes: To support high-risk, high-payoff research to accelerate the innovation cycle for both traditional and alternative energy sources and energy
Website: www.energy.gov

Loan: **Innovative Technology Loan**
Amount: \$6 billion
Type: Loan guarantees to eligible applicants include any firm, corporation, company, partnership, association, society, trust, joint venture, joint stock company, or governmental non-federal entity that meets specific guidelines.
Agency: Department of Energy
Purposes: Loan guarantees for renewable technologies and transmission technologies.
Website: <http://www.lgprogram.energy.gov/index.html>

Grant: **Nuclear Waste Environmental Cleanup**
Amount: \$5.127 billion
Type: Awards based on priorities established by Department of Energy
Agency: Department of Energy
Purpose: Accelerate nuclear waste cleanup at sites contaminated as a result of the nation's past nuclear activities.
Website: U.S. Department of Energy, Texas information:

Grant: Training of electric grid workers

Amount: \$100 million

Type: Grants to states; partners could include non-profits, labor associations, state and local veterans' groups, and state and local governments.

Agency: Department of Energy

Website: www.oe.energy.gov

<http://www.oe.energy.gov/smartgrid.htm>

Bond: Clean Renewable Energy Bonds

Amount: \$1.6 billion

Type: Tax-credit bonds for state/local/tribal governments, public power providers, and electric cooperatives.

Agency: Internal Revenue Service

Purposes: Create interest-free financing for certain renewable energy projects.

Website: http://apps1.eere.energy.gov/news/news_detail.cfm/news_id=12249

<http://www.irs.gov/taxexemptbond/index.html>

Bond: Qualified Energy Conservation Bonds

Amount: \$2.4 billion

Type: Tax-credit bonds issued for capital expenditures

Agency: Internal Revenue Service

Description: Very broad parameters for energy conservation projects including capital expenditure in public buildings, green community programs, renewable energy production, various R&D applications, mass commuting facilities, energy-related demonstration projects, and public energy efficiency education campaigns.

Grant: Aquaculture Assistance

Amount: \$50 million

Agency: Texas Dept. of Agriculture

Description: This program will be especially useful for areas experiencing drought conditions or issues from the hurricanes. Aquaculture producers that during 2008 produced an aquaculture species in which feed costs were a large percentage of input costs and also experienced a substantial price increase of feed costs. The program has a two-tiered competitive application process in which the Texas Dept. of Agriculture will apply to USDA for funds, after which local producers will apply to TDA for grants.

Rebate: Energy Efficient Appliance Rebate Program and ENERGY STAR
Amount: \$20.4 million
Agency: State Energy Conservation Office
Description: Rebates for energy efficient appliances, while also supporting the Dept. of Energy's efforts under the ENERGY STAR Program. Disbursement method not specified.
Type: Rebate
Website: www.energy.gov/recovery/funding.htm

Grant: Energy Research
Amount: \$2.5 billion
Agency: U.S. Dept. of Energy
Description: Applied research, development, demonstration and deployment. Research into biomass, geothermal, and information and communication technology projects for increased renewable energy capacity and improved efficiency in high-tech applications.
Type: Competitive Grants
Website: www.energy.gov/recovery/funding.htm

Grant: Energy Science Laboratory & Research Facilities
Amount: \$1.6 billion
Agency: U.S. Dept. of Energy
Description: Investments in building and renovating laboratories and research facilities, research grants that will sustain American industry and provide new energy and climate solutions. Construction projects will allow ongoing research into high energy and nuclear physics, basic chemical and materials science, nanotechnology, biological and environmental science, advanced computing, and other cutting-edge fields.
Type: Competitive Grants
Website: www.energy.gov/recovery/science_technology.htm

Grant: Non-Defense Environmental Cleanup
Amount: \$483 million
Agency: U.S. Dept. of Energy
Description: Funding will go to private local entities for the remediation and clean up of environmental problems. This is primarily for nuclear waste, spent fuel and materials.
Type: Competitive Grants

ENVIRONMENT

(WATER INFRASTRUCTURE, ARMY CORPS OF ENGINEERS, AND CLEANUP)

The following information about funding included in the American Recovery and Reinvestment Act of 2009 was compiled by the Office of Congressman Silvestre Reyes. This document is intended to provide the public with basic information of potential federal assistance and funding opportunities. Those interested in these or similar programs should contact the appropriate federal and state agencies for detailed information. Please note: not all applicable programs are included below; the following information is subject to change; and additional requirements, restrictions and guidance may apply.

The American Recovery and Reinvestment Act appropriates \$13.5 billion to a number of existing federal programs that either directly invest in water infrastructure projects or provide assistance to states and localities for such activities. Most of these funds are distributed to states based on existing formulas but the federal government will administer some of the funds through a competitive grant and loan program. The legislation also appropriates additional funding for cleanup programs administered by the Environmental Protection Agency. Below is a summary of some of the federal and state programs that will receive funds from the American Recovery and Reinvestment Act.

Loan:	Clean Water State Revolving Funds
Amount:	\$179.1 million
Agency:	Texas Water Development Board
Description:	Loans for wastewater treatment and drinking water infrastructure. At least 50% to be used to further subsidize recipients through forgiveness of principal, negative interest loans, grants, or any combination of these. To extent there are eligible applications, at least 20% to go to green infrastructure, water or energy efficiency improvement, or other environmentally innovative projects. States matches waived.
Type:	Loans (including loan forgiveness)
Website:	www.epa.gov/region6/eparecovery/cleanwater6.htm
Grant:	Drinking Water State Revolving Fund
Amount:	\$2 billion total, \$160.6 million for Texas
Type:	Funding provided to states is used to makes loans to communities, individuals, and others for high-priority water-quality activities.
Administrator:	Texas Water Development Board
Provisions:	Directs priority funding to projects on state priority lists that are ready to proceed to construction within 12 months of enactment.
Purpose:	To provide relief to communities by requiring a greater federal share for local clean and drinking water projects and greater flexibility for states to reach communities that would otherwise not have the resources to repay a loan with interest.
Activities:	Loans can be used for the installation and replacement of failing treatment facilities, eligible storage facilities and transmission and distribution systems.

Grant: **Water Reclamation**
Amount: \$126 million
Agency: U.S. Dept. of the Interior, Bureau of Reclamation
Description: Grants for water reclamation and reuse projects. There is a 50% cost share, and all projects must meet National Environmental Policy Act and Endangered Species requirements. In Texas, only one project is Williamson County is available.
Type: Competitive Grants
Website: www.doi.gov/recovery/index.html

Grant: **Watershed Operations**
Amount: \$145 million
Agency: U.S. Dept. of Agriculture, Natural Resources Conservation Service
Description: Provides technical and financial assistance to local organizations of authorized watershed projects to implement plans for watershed protection; flood mitigation; water quality improvements; soil erosion reduction; rural, municipal and industrial water supply; irrigation water management; sediment control; fish and wildlife enhancement; and wetlands and wetland function creation and restoration.
Type: Competitive Grants

FOOD ASSISTANCE

The following information about funding included in the American Recovery and Reinvestment Act of 2009 was compiled by the Office of Congressman Silvestre Reyes. This document is intended to provide the public with basic information of potential federal assistance and funding opportunities. Those interested in these or similar programs should contact the appropriate federal and state agencies for detailed information. Please note: not all applicable programs are included below; the following information is subject to change; and additional requirements, restrictions and guidance may apply.

- Grant:** **Supplemental Nutrition Assistance**
Amount: \$19.9 billion
Type: States will receive formula funding
Agency: Department of Agriculture
Purpose: To supplement state's existing food stamp program.
Description: Funds will temporarily increase benefits provided under the Supplemental Nutrition Assistance Program and help cover administrative and management costs.
Website: <http://www.fns.usda.gov/fsp/snap.htm>
State Contacts: http://www.fns.usda.gov/fsp/contact_info/hotlines.htm
- Grant:** **Senior Nutrition Programs**
Amount: \$100 million
Type: States will receive formula funding
Agency: Department of Health and Human Services through the Administration on Aging
Purpose: To provide for an additional amount of funds for "Aging Services Programs."
Description: Programs that bring seniors together to eat in group settings and deliver nutritional and dietary safe meals to seniors.
Website: <http://www.aoa.gov/>
- Grant:** **National School Lunch Program**
Amount: \$11.5 million
Agency: Texas Department of Agriculture
Description: Grants to help upgrade equipment to meet the current nutritional standards. Schools administering a lunch program with more than 50% of the population eligible for the national school lunch program. Consideration will also be made as to how the purchase either a) improves the quality of the school foodservice meals that meet dietary guidelines, b) improves the safety of food served in the school meals programs, c) improves the overall energy efficiency of the school foodservice operations, or d) allows the support of expanded participation in the school meals programs.
