

Cashiers –

TALK to your Patrons about the Commissary Rewards Card Program!

ASK if they have a Commissary Rewards Card or if they know about the rewards program.

HELP them understand that the program is an additional way to save at the Commissary.

OFFER them a Rewards Card and an informational brochure.

EXPLAIN to them that they must go online and register their new Rewards Card at www.commissaries.com.

TELL them that once they are registered, all they have to do is follow the online instructions to automatically load digital coupons to their Rewards Card.

SHARE with them that the coupons they load to their card can be used to save the next time they shop at the Commissary. And, coupons for purchased items will be automatically redeemed when they swipe their card at the checkout.

ALERT them that, for a limited time during the launch of the program, special digital coupons (“Premium Offers”) have been pre-loaded to their card and can be redeemed immediately.

(Check the in-store Offer Sheet or Display Signs for details.)
