E2.1.11. INITIAL BOARD OF INQUIRY. The Secretary concerned appoints an initial board of inquiry not later than 10 calendar days after receipt from a commander of a recommendation that a person be placed in a missing status. E2.1.17.3.2. Known to be or suspected to be alive at the end of that conflict or was classified as missing in action and whose capture was possible; or

E2.1.17.3.3. Has engaged in intelligence operations (such as aerial "ferret" reconnaissance missions over and around the Soviet Union and China) during the Cold War (September 2, 1945 through August 21, 1991); or

E2.1.17.3.4. Has been classified as a prisoner of war or as missing in action during the Indochina War era (July 8, 1959 through May 15, 1975); and

E2.1.22. PREVIOUSLY DESIGNATED PERSON. The person or persons (other than the missing person's primary next of kin or immediate family) that is specified in writing by the missing person to receive information on the whereabouts and status of the missing person.

E2.1.23. PRIMARY NEXT OF KIN. In the case of a missing person, a person that has been designated (in the following priority) as the surviving spouse, blood relative, adoptive relative or, if none of the above, a person standing in loco parentis.

E2.1.25.1. A Secretary concerned may delegate the responsibilities assigned herein to a level no lower than the office having primary responsibility for developing personnel programs, implementing personnel policies, and conducting personnel operations. This responsibility should not be delegated to a level lower than that of an office occupied by a person in a rank or grade below brigadier general or member of the Senior Executive Service. However, these responsibilities may be delegated to a lower level due to military exigencies or for other purposes that the Secretary concerned deems appropriate.

E2.1.25.2. E3. ENCLOSURE 3

COMMANDER'S PRELIMINARY ASSESSMENT AND RECOMMENDATION

E3.1. PRELIMINARY ASSESSMENT AND RECOMMENDATION BY COMMANDER

E3.1.1. A flow chart diagramming the elements of the commander's preliminary assessment and recommendation, together with the elements of an initial board of inquiry that would follow that assessment, is found at attachment E3.A1. of this enclosure.

E3.1.2. Information may be received showing that the whereabouts and status of a covered person are uncertain and that the absence of the person may be involuntary. If so, the commander of the unit, facility, or area to or in which the person is assigned shall make a preliminary assessment of the circumstances. When the circumstances of the involuntary absence are questionable, i.e., whether the absence resulted from hostile action, the commander of the unit, facility, or area to or in which the person is assigned shall submit a preliminary assessment and recommendation. Attachment E3.A2. of this enclosure contains a checklist of those items, as applicable, that the commander may wish to consider when preparing the assessment. If, as a result of that assessment, the commander concludes that the person is missing, the commander shall:

E3.1.2.1. Recommend that the person be placed in a missing status; and

E3.1.2.2. Transmit a report containing the recommendation to the Secretary concerned in accordance with procedures prescribed by that Secretary not later than 10 days after receiving such information.

E3.1.3. DD Form 2812, "Commander's Preliminary Assessment and Recommendation Regarding Missing Person," is found at attachment E3.A3. of this enclosure.

E3.1.4. Transmission of a DD Form 2812 is not always required. For instance, evidence regarding a covered person may be received through news coverage or discovered through diplomatic channels. That evidence may be sufficient to enable the commander to make a preliminary assessment regarding the covered person's whereabouts and status and whether the absence of the person is involuntary. In all cases, however, the evidence upon which this determination is made shall be recorded and preserved. Receipt of additional evidence could require the commander to submit a preliminary assessment and recommendation. Such evidence could include cessation of hostilities without the return of the covered person or a complete lack of further evidence that, without additional information, could create a doubt concerning the whereabouts

and status of the covered person. A preliminary assessment and recommendation is required whenever evidence is received or discovered that may cause the whereabouts and status of the covered person to be uncertain and indicates that the absence of the person may be involuntary.

E3.1.5. Persons who are "covered persons" (defined herein at paragraph E2.1.7.) are limited to those whose involuntary absence arises as a result of a hostile action or under circumstances suggesting that the involuntary absence is a result of a hostile action and whose status is undetermined or who is unaccounted for. A case resolution file will be created and maintained on a covered person and an initial board of inquiry will be convened to inquire into the whereabouts and status of the person. The Under Secretary of Defense for Policy shall determine, with regard to a pending or ongoing military operation, the specific employees, or groups of employees, of contractors of the Department of Defense to be considered to be covered persons. In appropriate circumstances, the USD(P) may expand coverage to non-U.S. citizen civilian officers and employees of the Department of Defense.

E3.1.6. The scope of persons for whom the United States will undertake Personnel Recovery is not limited to situations involving hostile action or circumstances suggestive of hostile action. Personnel Recovery measures may be initiated for personnel (U.S., allied, or coalition) who become unaccounted for as a result of training exercises, operations other than war wherein hostile action is not involved and operational environments not involving hostile action. The specific persons for whom Personnel Recovery may be initiated will vary based upon the circumstances unique to each situation. Located at attachment E3.A4. of this enclosure is a graph depicting the relationship of "covered persons" for whom case resolution files and boards of inquiry apply and those to whom Personnel Recovery applies. For further information on Personnel Recovery, refer to DoD Directive 2310.2, "Personnel Recovery" (reference (d)).

E3.2. TRANSMISSION OF ADVISORY COPY TO THEATER COMPONENT COMMANDER

The Commander of the unit, facility, or area to or in which the person is assigned shall, when recommending that a person be placed in a missing status, transmit an advisory copy of the preliminary assessment and recommendation to the theater Component Commander having jurisdiction over the missing person.

E3.3. SAFEGUARDING AND FORWARDING OF RECORDS

In accordance with procedures prescribed by the Secretary concerned, a Commander making a preliminary assessment and recommendation with respect to a missing person shall:

E3.3.1. Safeguard and forward, to the Secretary concerned for official use, any information relating to the whereabouts and status of the missing person that results from the preliminary assessment and recommendation or from actions taken to locate the person.

E3.3.2. Attachment E3.A2. of this enclosure contains a checklist of those items, as applicable, that the commander may wish to safeguard and forward.

E3.4. EXTENSION OF TIME LIMIT

The Secretary concerned can extend any time limit specified herein on a case-by-case basis and only upon a showing of good cause. Any such extension may not be for a period in excess of the period with respect to which the extension is provided. For example, if an action must be taken within ten calendar days but circumstances prevent doing so an extension may be requested; however, the length of the extension could not exceed ten calendar days. The Secretary concerned can provide subsequent extensions on the same basis.

COMMANDER'S PRELIMINARY ASSESSMENT AND RECOMMENDATION
REGARDING MISSING PERSON--SAMPLE

COMMANDER'S PRELIMINARY ASSESSMENT AND RECOMMENDATION REGARDING MISSING PERSON <i>(For use of this form, see DODI 2310.5; the proponent agency is OSD/DPMO)</i>		
SECTION I - IDENTITY OF MISSING PERSON <i>(Use a separate report for each missing person.)</i>		
1. NAME <i>(Last, First, Middle)</i> ROE, JOHN A.	2. SOCIAL SECURITY NUMBER 123-45-6789	3. RANK/GRADE/CIVILIAN Capt/0-3
4. DATE INFORMATION RECEIVED REGARDING MISSING PERSON'S LOSS <i>(YYYYMMDD)</i> 20010613	5. THEATER IN WHICH SERVING AT TIME OF LOSS SOUTHWEST ASIA	
6. BRANCH OF ARMED SERVICE TO WHICH ASSIGNED, DETAILED, OR ATTACHED U.S. AIR FORCE	7. UNIT, FACILITY, OR AREA TO OR IN WHICH THE PERSON IS ASSIGNED 27 th Fighter Squadron, 85 th Composite Wing, Friendly AB, Host Country	
SECTION II - ASSESSMENT OF CIRCUMSTANCES		
8. ASSESS THE CIRCUMSTANCES OF THE LOSS AND DESCRIBE WHY YOU BELIEVE THE PERSON IS MISSING <i>(Provide additional rationale and any other information pertinent to this assessment as attachments.)</i> <i>(See attachments <u> 1 </u> through <u> 7 </u>.)</i> Capt Roe was Arrow 3 in a flight of four F-15C aircraft. At 1500 hours, Arrow 1 observed a midair puff of smoke from the general area where Arrow 3 and Arrow 4 had been. Over the radio, Arrow 1 heard Arrow 3 call out, "I'm hit." Shortly thereafter, Arrow 4, Arrow 3's wingman, observed Arrow 3 trailing smoke while Arrow 3 was upright. Arrow 4 observed Arrow 3 enter a cloud deck. Three minutes later, Arrow 1 and Arrow 2 are below the cloud deck when Arrow 1 sees a fire burning on the ground and Arrow 2 catches a glimpse of what may have been a parachute still in the air. Meanwhile, Arrow 4 hears a broken radio transmission to the effect of "I'm clear, I'm clear!" which may have been Arrow 3's survival radio. Because several seconds passed from the time Arrow 1 observed the puff of smoke and heard Arrow 3's radio transmission, Arrow 3's remaining upright when it disappeared in the cloud bank, and the other facts, I conclude Capt Roe is missing.		
SECTION III - RECOMMENDATION		
That the person be placed in a missing status. Within 10 days of receiving information regarding the missing person, this report must be transmitted to the Secretary concerned of the missing person. In addition, safeguard and forward to the Secretary concerned for official use any information relating to the whereabouts and status of the missing person that results from this preliminary assessment or from actions taken to locate the person. In addition, a copy of this report must be transmitted to the theater component commander having jurisdiction over the missing person.

E4. ENCLOSURE 4

INITIAL BOARDS OF INQUIRY

E4.1. SECRETARIAL REVIEW AND APPOINTMENT OF BOARD

E4.1.1. A flow chart diagramming the elements of the initial board of inquiry, together with the elements of the commander's preliminary assessment and recommendation of which it follows, is found at attachment E3.A1. to enclosure 3.

E4.1.2. Upon receiving a commander's preliminary assessment recommending that a person be placed in a missing status, the Secretary concerned shall review the recommendation and, not later than 10 calendar days after receiving it, appoint a board to conduct an inquiry into the whereabouts and status of the person. Attachment E4.A1. of this enclosure is a sample form of memorandum appointing an initial board of inquiry.

E4.1.3. Appointment of an initial board of inquiry is not always required. For instance, evidence regarding a covered person may be received through news coverage or discovered through diplomatic channels. That evidence may be sufficient to enable the Secretary concerned to make a determination regarding the covered person's whereabouts and status and whether the absence of the person is involuntary. In all cases, however, the evidence upon which this determination is made shall be recorded and preserved. Receipt of additional evidence could require the Secretary to appoint an initial board. Such evidence could include cessation of hostilities without the return of the covered person or a complete lack of further evidence that, without additional information, could create a doubt concerning the whereabouts and status of the covered person. Appointment of an initial board of inquiry is required whenever evidence is received or discovered that may cause the whereabouts and status of the covered person to be uncertain and indicates that the absence of the person may be involuntary.

E4.1.4. If it appears to the Secretary concerned that the absence or missing status of two or more persons is factually related, the Secretary may appoint a single board to inquire into the whereabouts and status of all such persons.

E4.2. COMPOSITION OF THE BOARD

E4.2.1. An initial board of inquiry shall consist of at least one individual who has experience with, and understanding of, military operations or activities similar

to the operation or activity in which the person disappeared. This individual shall be:

E4.2.1.1. A military officer, in the case of an inquiry regarding a member of the Armed Forces.

E4.2.1.2. A civilian, in the case of an inquiry regarding a civilian employee of the Department of Defense or of a DoD contractor.

E4.2.1.3. At least one military officer and a civilian, in the case of an inquiry regarding one or more members of the Armed Forces and one or more civilian DoD employees or DoD contractors. The ratio of such officers to such civilians on the Board shall be roughly proportional to the ratio of the number of members of the Armed Forces and the number of civilians who are the subjects of the Board's inquiry.

E4.2.2. An individual may be appointed as a member of an initial board of inquiry only if the individual has a security clearance that affords the individual access to all information relating to the whereabouts and status of the missing persons covered by the inquiry.

E4.2.3. The Secretary concerned shall assign a judge advocate to the Board, or appoint an attorney, who has expertise in the law relating to missing persons, the determination of death of such persons, and the rights of family members and dependents of such persons. Counsel so assigned or appointed may be referred to as the "legal advisor" and shall represent the interests of the United States. Duties of the legal advisor shall include advising the Board on questions of law or procedure pertaining to the Board, instructing the Board on governing statutes and directives, and monitoring (i.e., observing) the deliberations of the Board.

E4.3. DUTIES OF THE INITIAL BOARD OF INQUIRY

E4.3.1. Collect, develop, and investigate all facts and evidence relating to the disappearance or whereabouts and status of the person.

E4.3.2. Collect appropriate documentation of the facts and evidence covered by the Board's investigation.

E4.3.3. Analyze the facts and evidence, make findings that must be supported by a preponderance of the evidence based on that analysis, and draw conclusions as to the current whereabouts and status of the person.

E4.3.4. With respect to each person the inquiry covers, recommend to the Secretary concerned who appointed the board that:

E4.3.4.1. The person be placed in a missing status; or

E4.3.4.2. The person be declared deserted, absent without leave, or (subject to the requirements prescribed in paragraphs E4.7.3. and E4.7.4.) dead. In appropriate cases, the Board may recommend the person is accounted for (such as when credible evidence exists to support a determination that a person's remains have been destroyed and are unrecoverable).

E4.4. BOARD PROCEEDINGS

During the proceedings of a board of inquiry, the Board shall:

E4.4.1. Collect, record, and safeguard all facts, documents, statements, photographs, tapes, messages, maps, sketches, reports, and other information (classified or unclassified) relating to the whereabouts and status of each person the inquiry covers;

E4.4.2. Gather information relating to actions taken to find the person, including any evidence of the whereabouts and status of the person arising from such actions;

E4.4.3. Arrive at its findings and recommendation by majority vote and ensure that its findings are supported by a preponderance of the evidence; and

E4.4.4. Maintain a record of its proceedings.

E4.5. COUNSEL FOR MISSING PERSON

E4.5.1. The Secretary concerned shall appoint counsel to represent each person named in the inquiry. If the absence or missing status of two or more persons may be factually related, the Secretary concerned shall appoint one counsel to represent all such persons. If a conflict of interest results, then the missing person's counsel shall report this to the Secretary concerned who shall then appoint such additional counsel as is necessary. The missing person's counsel represents the interests of the missing person and not those of any member of the person's family or other interested parties. The Secretary concerned shall make known the identity of the missing person's counsel to the primary next of kin and to the previously designated person. Attachment E4.A2. of this enclosure is a sample letter that can be used to notify the primary next of kin or the previously designated person of the identity of the missing person's counsel.

E4.5.2. To be appointed a missing person's counsel, a person must:

E4.5.2.1. Be a judge advocate;

E4.5.2.2. Be a graduate of an accredited law school or a member of the bar of a Federal court or of the highest court of a State; or

E4.5.2.3. If other than a judge advocate, be a member of the bar of a Federal court or of the highest court of a State.

E4.5.2.4. In addition, the person must be certified as competent to perform his or her duties by the Judge Advocate General of the Armed Force of which he or she is a member or, if a civilian, the Secretary concerned who appointed the Board;

E4.5.2.5. Have a security clearance that affords the counsel access to all information relating to the whereabouts and status of the person or persons the inquiry covers; and

E4.5.2.6. Have expertise in the law relating to missing persons, the determination of the death of such persons, and the rights of family members and dependents of such persons.

E4.5.3. A missing person's counsel:

E4.5.3.1. Shall have access to all facts and evidence the Board considers during the proceedings;

E4.5.3.2. Shall observe all official activities of the Board during such proceedings;

E4.5.3.3. May question witnesses before the Board; and

E4.5.3.4. Monitor (i.e., observe) the deliberations of the Board.

E4.5.4. A missing person's counsel shall assist the Board in ensuring that all appropriate information concerning the case is collected, logged, filed, and safeguarded. The missing person's primary next of kin and any other previously designated person shall have the right to submit information to the missing person's counsel relative to the disappearance or status of the missing person.

E4.5.5. A missing person's counsel shall conduct an independent review of the Board's report. This review shall be made an official part of the Board's record and shall accompany the Board's report to the Secretary concerned.

E4.6. ACCESS TO PROCEEDINGS

The proceedings of the Board shall be closed to the public (including the primary next of kin, other members of the immediate family, and the previously designated person of the missing person(s)).

E4.7. REPORT OF THE BOARD

E4.7.1. DD Form 2811, "Report of Proceedings by Initial/Subsequent Board of Inquiry or Further Review Board," is found at attachment E4.A3. of this enclosure and shall be used in the preparation of the Board's report.

E4.7.2. The Board shall submit to the Secretary concerned its report that shall include:

E4.7.2.1. A discussion of the facts and evidence the Board considered;

E4.7.2.2. The Board's recommendation with respect to each person the report covers;

E4.7.2.3. Disclosure of whether the Board reviewed classified documents and information or used them otherwise in forming its recommendations; and

E4.7.2.4. The missing person's counsel's independent review of the Board's report.

E4.7.3. An initial Board of inquiry may not recommend that a person be declared dead unless:

E4.7.3.1. Credible evidence exists to suggest that the person is dead;

E4.7.3.2. The United States possesses no credible evidence that suggests that the person is alive; and

E4.7.3.3. Representatives of the United States:

E4.7.3.3.1. Have completely searched the area where the person was last seen (unless, after making a good faith effort to obtain access to the area, the representatives are not granted access); and

E4.7.3.3.2. Have examined the records of the Government or entity having control over the area where the person was last seen (unless, after making a good faith effort to obtain access to the records, the representatives are not granted access).

E4.7.3.4. A flow chart setting forth the elements required for recommending a status of death is found at attachment E4.A4. of this enclosure.

E4.7.4. If the initial board of inquiry recommends that a missing person be declared dead, the Board shall include in the report of the Board the following:

E4.7.4.1. A detailed description of the location where the death occurred;

E4.7.4.2. A statement of the date on which the death occurred;

E4.7.4.3. A description of the location of the body, if recovered; and

E4.7.4.4. If the body has been recovered and is not identifiable through visual means, a certification by a forensic pathologist that the body recovered is that of the missing person. In determining whether to make such a certification, the forensic pathologist shall consider, as determined necessary by the Secretary concerned, additional evidence and information provided by appropriate specialists in forensic medicine or other appropriate medical sciences.

E4.7.5. The initial board of inquiry shall submit its report to the Secretary concerned not later than 30 calendar days after its appointment. Evidence that is considered by the Board in forming its recommendation shall be made a part of the official record. The evidence shall be submitted to the Secretary concerned when the Board submits its report. The report may include a classified annex.

E4.7.6. The report may not be made public (except to the primary next of kin, the other members of the immediate family, and to any other previously designated person of the person) until one year after the date on which the report is submitted. If the report is classified or the report contains a classified annex, no classified material therein may be made public or be made available to the primary next of kin, the other members of the immediate family, or to any other previously designated person of the person.

E4.8. DETERMINATION BY SECRETARY

E4.8.1. The Secretary concerned shall review the report not later than 30 calendar days following its receipt.

E4.8.2. The Secretary shall determine whether or not the report is complete and free of administrative error. If the Secretary determines that the report is incomplete, or that the report is not free of administrative error, the Secretary may return the report to the Board for further action.

E4.8.3. If the Secretary determines that the report is complete and free of administrative error, the Secretary shall determine the status of the missing person(s), including whether the person(s) shall be declared:

E4.8.3.1. Missing;

E4.8.3.2. Deserted;

E4.8.3.3. Absent without leave; or

E4.8.3.4. Dead.

E4.8.4. The report, including any evidence considered by the Board, shall be filed with the Secretary concerned or with his or her designee. A copy of the Board's report shall be placed in the missing person's case resolution file.

E4.9. REPORT TO FAMILY MEMBERS AND OTHER INTERESTED PERSONS

Not later than 30 calendar days after the date on which the Secretary determines status, the Secretary shall take reasonable actions to provide to the primary next of kin, the other members of the immediate family, and any other previously designated person:

E4.9.1. An unclassified summary of the unit commander's preliminary assessment and recommendation and the report of the Board (including the names of the Board members); and

E4.9.2. Notice that the United States will conduct a subsequent inquiry into the whereabouts and status of the missing person(s) upon the earlier of:

E4.9.2.1. On or about one year after the date of the first official notice of the disappearance; or

E4.9.2.2. Information becomes available that may result in a change in status.

E4.9.3. Located at attachment E4.A5. of this enclosure is a sample letter, to accomplish the above, that the Secretary concerned can address to the primary next of kin, other members of the immediate family, and the previously designated person.

E4.10. TREATMENT OF DETERMINATION

Any determination of the status of a missing person by the Secretary concerned shall be treated as the determination of the status of the person by all Agencies and Activities of the United States.

E4.11. EXTENSION OF TIME LIMIT

Extensions of time may be requested, and extensions granted, on the same basis as described in section E3.4.

If neither of the alternative actions can be taken and the material cannot be summarized in a manner that prevents the release of classified information, the classified information shall be made available only to the president of the Board and to the missing person's counsel.

E5.6.3. The president of a Board shall close to persons who do not have appropriate security clearances the proceeding of the Board at which classified information is discussed. E5.9.2. In reviewing the Board's report (including any written objections thereto), the Secretary concerned shall determine whether or not the report is complete and free of administrative error. If the Secretary determines that the report is incomplete, or that the report is not free of administrative error, the Secretary may return the report to the Board for further action on the report by the Board.

E5.9.3. Upon a determination by the Secretary that the report is complete and free of administrative error, the Secretary shall determine the status of each person the report covers.

E5.10. REPORT TO FAMILY MEMBERS AND OTHER INTERESTED PERSONS

Not later than 60 calendar days after the date on which the Secretary concerned determines the status of a missing person, the Secretary shall provide the report to the primary next of kin, other members of the immediate family, and any other previously designated person. If the report is classified or the report contains a classified annex, no classified material therein may be made available to the primary next of kin, the other

members of the immediate family, or to any other previously designated person of the person. If the determination continues the person in a missing status:

E5.10.1. The Secretary shall inform each of these individuals that the United States will conduct a further review board into the whereabouts and status of the person if the United States Government receives information in the future that may change the status of the person.

E5.10.2. Attachment E5.A4. of this enclosure is a sample letter, to accomplish the above, which the Secretary concerned can address to the primary next of kin, other members of the immediate family, and any other previously designated person to accompany the report of the subsequent board of inquiry.

E5.11. TREATMENT OF DETERMINATION

The determination of a missing person's status by the Secretary concerned, upon the recommendation by a subsequent board of inquiry, shall:

E5.11.1. Supersede the determination entered upon the recommendation by the initial board of inquiry; and

E5.11.2. Be treated as the determination of the status of the missing person by all Departments and Agencies of the United States.

CASE RESOLUTION FILES

E7.1. INFORMATION IN FILES

E7.1.1. When a commander recommends that a person be placed in a missing status, a case resolution file will be established. Many entities throughout DoD will have input into the creation of a case resolution file. Except for the protections accorded classified information, privileged information, and privacy protected information, the Secretary concerned shall, to the maximum extent practicable, ensure that the case resolution file of a missing person contains all information the United States possesses relating to the disappearance and whereabouts and status of the person.

E7.1.2. A typical case resolution file may include copies of the commander's report of the loss incident and associated information, contents of the Service member's personnel file, operational and tactical intelligence reports, and medical and dental records. Attachment E3.A2. of enclosure 3 contains a nonexclusive list, entitled "Commander's Checklist", of those items that should, if relevant, be included in the case resolution file. In addition to these items, the case resolution file should contain, where applicable, the reports of any boards (with all board members identified therein) including the report/results of the Armed Forces Identification Review Board. Contents of case resolution files are not limited to the above items.

E7.1.3. All reporting concerning the missing individual is forwarded to the Secretary concerned. The Secretary concerned shall ensure reports on missing persons reach the case resolution file. Case resolution files shall be updated periodically to coincide with board reviews or when new information becomes available.

E7.2. ESTABLISHMENT OF CASE RESOLUTION FILES FOR PRIOR CONFLICT CASES

E7.2.1. The Secretary concerned shall establish a case resolution file for each unaccounted for person who was classified as a prisoner of war or as missing in action during the Korean conflict and who:

E7.2.1.1. Was known to be or suspected to be alive at the end of that conflict; or

E7.2.1.2. Was classified as missing in action and whose capture was possible;
and

E7.2.1.3. For which the Secretary has information relevant to that person's status. In the event no case resolution file exists for a person because of lack of information, the Secretary concerned shall create a file for such person upon receipt of new, credible information that is found, received, or identified after November 18, 1997.

E7.2.2. Unless already accomplished, the Secretary concerned shall establish a case resolution file for each person unaccounted for from the Cold War and the Indochina War era.

E7.3. CLASSIFIED INFORMATION

E7.3.1. The Secretary concerned may withhold classified information from a case resolution file providing that the file contains:

E7.3.1.1. A notice that the withheld information exists; and

E7.3.1.2. A notice of the date of the most recent review of the classification of the withheld information.

E7.3.1.3. Attachment E7.A1. of this enclosure is entitled "Notice of Classified Information." This notice shall be posted in or on the case resolution file so as to be readily visible to persons reviewing the file. For additional information regarding treatment of classified information, refer to DoD 5200.1-R, "Information Security Program," January ~~17~~ 14, 1997 (reference (e)).

E7.3.2. If the withheld classified information refers to one or more unnamed missing persons (the identity of whom the Secretary can deduce from a totality of the evidence), the Secretary shall ensure:

E7.3.2.1. That notice of that withheld information; and

E7.3.2.2. The notice of the date of the most recent review of the classification of that withheld information, is made reasonably accessible to the primary next of kin, members of the immediate family, and the previously designated person of the other unnamed missing persons to which that information may apply.

E7.3.2.3. Notice (attachment E7.A1. of this enclosure) shall:

E7.3.2.3.1. Be posted in or on the case resolution file of the other unnamed missing person(s); and

E7.3.2.3.2. Be readily visible to the primary next of kin, members of the immediate family, and the previously designated person whenever one or more of them review the case resolution file of the missing person(s).

E7.3.3. The Secretary concerned, or his or her designee, shall:

E7.3.3.1. Ensure written notification is sent to the primary next of kin (and, in appropriate cases, any previously designated person and other adult members of the immediate family) of a missing person or of one or more unnamed missing persons:

E7.3.3.1.1. Of the existence of new, classified information;

E7.3.3.1.2. Advising that it has been added to the case resolution file; and

E7.3.3.1.3. That it is being withheld from the primary next of kin, members of the immediate family, and the previously designated person.

E7.3.3.1.4. The notification shall include a statement that the withheld information exists and reveal the date of the most recent review of the classification of the withheld information.

E7.4. PROTECTION OF PRIVACY

The Secretary concerned shall maintain case resolution files, and permit disclosure of or access to such files in accordance with the provisions of the Missing Persons Act (reference (b)), the Privacy Act (reference (f)), the McCain Bill (reference (g)), and other applicable laws and regulations pertaining to the privacy of the persons upon whom case resolution files exist.

E7.5. PRIVILEGED INFORMATION

E7.5.1. Debriefing reports provided by missing persons who were returned to United States control from July 8, 1959 to February 10, 1996, whether or not obtained under a promise of confidentiality, shall be withheld by the Secretary concerned from case resolution files as privileged information.

E7.5.2. The Secretary concerned shall withhold from case resolution files, as privileged information, debriefing reports provided by missing persons returned to United States control on or after February 10, 1996 if they are obtained under a promise of

confidentiality that was given in order to ensure the returnee's fullest possible disclosure of information. DD Form 2810, Promise of Confidentiality, is found at attachment E7.A2. of this enclosure and shall be used when debriefing returnees.

E7.5.3. The Secretary concerned shall prepare an extract of non-derogatory information if a debriefing report contains non-derogatory information about:

E7.5.3.1. The status and whereabouts of a missing person other than the debriefee; or

E7.5.3.2. Other missing persons who are not named in the report (but the identity of whom the Secretary can deduce from a totality of the evidence). That extract, following a review by the debriefee, shall be placed in the case resolution file of each missing person named in the debriefing report in such a manner as to protect the identity of the debriefee.

E7.5.3.3. Derogatory information is, for example, any information that may tend to incriminate, or is not material to the issue and may degrade, the debriefee or other persons mentioned in the debriefing.

E7.5.3.4. If the extract contains any information pertaining to other unnamed missing persons (the identity of whom the Secretary can deduce from a totality of the evidence), the information shall:

E7.5.3.4.1. Be made reasonably accessible to the primary next of kin, members of the immediate family; and

E7.5.3.4.2. The previously designated person of the unnamed missing persons. At a minimum, the extract of information shall be placed in the case resolution file of the other unnamed missing person(s).

E7.5.3.4.3. The Secretary concerned, or his or her designee, shall ensure a copy of the extract is sent to the primary next of kin (and, in appropriate cases, any previously designated person and other adult members of the immediate family) of:

E7.5.3.4.3.1. A named missing person; or

E7.5.3.4.3.2. One or more unnamed missing persons.

Attachment E7.A3. of this enclosure is entitled "Notice of Privileged Information." This notice shall be posted in or on the file so as to be readily visible to persons reviewing the file.

E7.6. AVAILABILITY OF INFORMATION

E7.6.1. The Secretary concerned shall, upon request, make available the contents of a missing person's case resolution file to the primary next of kin, the other members of the immediate family, or any other previously designated person. Classified information, debriefing reports or portions thereof, or information protected by the Privacy Act or by other applicable laws and regulations may be made available, for official use only, to personnel within the Department of Defense possessing the appropriate security clearance and having a valid need to know.

E7.6.2. The primary next of kin, other members of the immediate family, and any other previously designated person (hereinafter "family member") may visit the governmental office maintaining their respective missing person's case resolution file in order to:

E7.6.2.1. Review and meet with governmental officials to resolve uncertainties and illuminate facts in an open and personal manner. Family members assume all costs incurred in their review of case resolution files. The primary next of kin cannot deny an adult member of the family (age eighteen or over) of the missing person the right to learn of information concerning the location, treatment, or condition of the missing person.

E7.6.3. To obtain access to case resolution files the family member and the governmental officer must coordinate as appropriate.

E7.6.3.1. The family member will initiate the case resolution file review process by sending a written request for the file review to the governmental office maintaining the case resolution file. The request shall establish the family member's entitlement to the file review and include both a primary and an alternate date for review of the file. These dates shall be no less than 45 calendar days in the future.

E7.6.3.2. The governmental office shall verify the requester's entitlement to review the case resolution file and provide the requester with the approved review date, a general description of the amount of information available in the respective missing person's file, and the location for the file review. A member of the governmental office shall accompany the family member during the file review.

E7.6.3.3. Upon request, the governmental office shall mail a copy of the declassified case resolution file to any person entitled thereto.

~~E9.1.1.3. Secretary concerned has entered a determination under the provisions of the Missing Persons Act (reference(b)).~~

~~E9.1.2. The responsibilities of the AFIRB in this Instruction do not supersede the jurisdiction or authority of the Armed Forces Medical Examiner in medico-legal death investigations under DoD Directive 5154.24 (reference h), Sections 4711 and 9711 of title 10, United States Code (reference (i)), or CJCS Memorandum of Policy #16 (reference (j)).~~

E9.2. SCOPE

~~E9.2.1. The AFIRB shall, as appropriate, review the forensic evidence regarding the identification of any person (hereinafter "covered person") who was, at the time of loss:~~

~~E9.2.1.1. A member of the Armed Forces on active duty or Reserve component performing official duties; or~~

~~E9.2.1.2. A citizen of the United States who is:~~

~~E9.2.1.2.1. A civilian officer or employee of the Department of Defense; or~~

~~E9.2.1.2.2. An employee of a contractor of the Department of Defense.~~

~~E9.2.2. The Under Secretary of Defense for Policy may expand the scope of covered persons whose identification is considered for review by the AFIRB.~~

E9.3. DECONFLICT WITH THE MISSING PERSONS ACT

The Secretary of the Army, as Executive Agent for mortuary affairs, may convene the AFIRB after a request of the person authorized to direct disposition of the remains (PADD) for the identified individual when:

E9.3.1. The Department of Defense establishes the identification of the remains of a covered person; and

E9.3.2. The convening of a board pursuant to the provisions of the Missing Persons Act (reference (b)) is not otherwise required.

E9.4. COMPOSITION OF THE AFIRB

E9.4.1. The AFIRB shall consist of one primary voting member each from the Departments of the Army, Navy and Air Force as designated by their respective Departments. Each Secretary concerned, or designated representative thereof, may designate alternate voting members in the event that a primary member cannot serve. Department of the Navy may designate a Marine Corps representative as its voting member; however, Department of the Navy shall be limited to one vote for each case resolution file considered by the AFIRB. The voting members shall be in the grade of Colonel, Navy Captain, GM 15 or higher. The Army voting member is designated as the president. Members of the Board shall have a security clearance that affords them access to all information relating to the identification. Nonvoting members include a representative of the Defense Prisoner of War/Missing Personnel Office and the legal counsel to the Board.

E9.4.2. For purposes of providing legal counsel to the Board, the Secretary of the Army, or his designated representative, shall assign to the Board a judge advocate, or appoint to the Board an attorney, who has expertise in the law relating to missing persons. Counsel so assigned or appointed may be referred to as the "legal advisor" and shall represent the interests of the United States. Duties of the legal advisor shall include advising the Board on questions of law or procedure pertaining to the Board and instructing the Board on governing statutes and directives. The legal advisor shall not participate in the Board's deliberations in closed session but shall monitor (i.e., observe) the Board's deliberations.

E9.4.3. To be appointed as legal counsel to the Board, a person must:

E9.4.3.1. Be a judge advocate who is a graduate of an accredited law school or is a member of the bar of a Federal court or of the highest court of a State;

~~E9.4.3.2. If other than a judge advocate, be a member of the bar of a Federal court or of the highest court of a State;~~

~~E9.4.3.3. Be certified as competent to perform his or her duties by the Judge Advocate General of the Armed Force of which he or she is a member or, if a civilian, the appointing authority; and~~

~~E9.4.3.4. Have a security clearance that affords the legal advisor access to all information relating to the cases considered by the AFIRB.~~

E9.5. DUTIES OF THE AFIRB

The AFIRB shall:

~~E9.5.1. Review the identification reports of the U.S. Army Central Identification Laboratory, Hawaii (CILHI).~~

~~E9.5.2. Collect and evaluate any document, fact, or other evidence with respect to the identification under review by the Board.~~

~~E9.5.3. Analyze the facts and evidence, make findings which must be supported by a preponderance of the evidence based on that analysis, and draw conclusions as to the identity of the remains.~~

~~E9.5.4. Considering the evidence in paragraphs E9.5.1. and E9.5.2., determine by a majority vote whether the identification is sustained.~~

~~E9.5.5. The AFIRB may consider the reports and findings of other U.S. Government scientists or Government contracted civilian consultants, who, if possible, are board certified in their forensic specialty, e.g., anthropology, pathology, odontology, or molecular biology (DNA). Scientists and consultants shall review and evaluate identifications and accompanying case resolution files and provide individual written evaluations of their findings. Any evaluations shall be provided to the AFIRB and made a part of the case resolution file.~~

E9.6. IDENTIFICATION OF REMAINS

~~E9.6.1. The CILHI shall establish the identity of the remains in a manner analogous to that in which civilian cases are approved by a medical examiner. Identifications by CILHI may, at the discretion of the CILHI Scientific Director, be submitted to consultants for review. The laboratory findings and techniques used by CILHI shall be~~

~~included in the file to be presented to the AFIRB. This file will also include recovery documentation, postmortem processing documents, photographs, antemortem medical and dental records (including photographs and radiographs), and any other relevant documentation and information from governmental agencies. In all instances, CILHI shall record in the case files any information that suggests that characteristics of the remains or other information may correlate to a specific individual(s).~~

~~E9.6.2. When identification and accompanying case file have been completed by CILHI, the Commander, CILHI will notify the Director, U.S. Army Casualty and Memorial Affairs Operations Center (CMAOC). CMAOC will notify the appropriate Service mortuary/casualty office of the identification. The appropriate Service representative will present the identification of the remains to the PADD, as determined by DoD Instruction 1300.18 (reference (k)), for his or her acceptance and final disposition. Located at attachment E9.A1. of this enclosure is a sample letter that may be used in conjunction with notifying the PADD. Acceptance of the remains by the PADD terminates the matter for the Government.~~

~~E9.6.3. Where the identification of the remains of a single individual is impossible and the evidence sufficiently identifies the remains as those belonging to a specific group, CILHI may identify the remains as those belonging to members of the group.~~

~~E9.6.4. If any PADD accepts the identification as described in E9.6.3., the identification of those remains will not be submitted to the AFIRB should an appeal of the identification be filed by another PADD. The fact that any PADD has accepted the identification as described in E9.6.3. may be made known to the AFIRB.~~

~~E9.7. NOTIFICATION OF RIGHT TO HEARING BEFORE AFIRB~~

~~E9.7.1. The Service mortuary/casualty office representative shall advise the PADD of the opportunity to have the AFIRB evaluate and review the identification of the remains and of the PADD's rights and obligations before the AFIRB. The sample letter located at attachment E9.A1. of this enclosure may be used to furnish this advice to the PADD. The letter includes a sample "Notice of Intent," for use by the PADD, that the Service mortuary/casualty officer may deliver at the time the PADD is informed of the opportunity to request a hearing before the AFIRB.~~

~~E9.7.2. If the PADD desires a hearing before the AFIRB, the PADD shall notify CMAOC of that intent not later than 21 calendar days after the date the PADD was advised of the opportunity for a hearing before the AFIRB. The 21 calendar days shall commence upon the later of the date of the letter advising the PADD of the opportunity to request a hearing before the AFIRB or the PADD's meeting with a representative from a~~

~~Military Department or governmental agency. If the PADD elects a hearing before the AFIRB, the PADD:~~

~~E9.7.2.1. May attend the proceedings with private counsel;~~

~~E9.7.2.2. Shall have access to any unclassified information or documents in the case file, not otherwise privileged, to be considered by the AFIRB. The PADD shall be provided an unclassified summary or extract of any classified or privileged information in the case file;~~

~~E9.7.2.3. Shall be afforded the opportunity to present information at the proceedings of the Board that such individual considers to be relevant thereto; and~~

~~E9.7.2.4. Shall be given the opportunity to submit in writing an objection to any final determination of the Board regarding the identity of the remains provided:~~

~~E9.7.2.4.1. A letter of intent is submitted to the president of the Board not later than 15 calendar days after the date on which the identification was presented to the PADD; and~~

~~E9.7.2.4.2. The written objection is submitted to the president of the Board not later than 15 calendar days after the date on the letter of intent. The president of a Board shall include any timely objection to a recommendation of the Board in the report of the Board containing the recommendation.~~

~~E9.7.2.4.3. Notice of the hearing date shall be provided to the PADD not less than 30 calendar days before the first meeting of the Board. Attachment E9.A2. of this enclosure is a sample letter that may be used to notify the PADD of the hearing date.~~

~~E9.7.3. In exceptional circumstances, as determined by the Director, DPMO, the PADD shall be afforded the opportunity to submit the remains for private mitochondrial DNA (mtDNA) testing only when the Government has used mtDNA testing as part of its identification and the additional testing will not wholly consume the remains. Such testing shall be performed subsequent to appointment but prior to convening the AFIRB. To ensure the accountability and integrity of the remains, due to the destructive testing involved, the following conditions will apply:~~

~~E9.7.3.1. DD Form 2809, Agreement to be Signed by Person Authorized to Direct Disposition (PADD) Prior to Private mtDNA Testing, is found at attachment E9.A3. of this enclosure. This agreement specifies the legal responsibilities of the parties and must be signed by the PADD prior to release of the remains for testing.~~

~~E9.7.3.2. The PADD is responsible for any costs associated with the additional mtDNA testing of the remains and associated interpretation of the results.—The Government will fund any costs associated with the transport of the remains to and/or from the private laboratory selected by the PADD.~~

~~E9.7.3.3. The Government will retain chain of custody control over remains during the testing process.—CILHI will cut the samples, identified suitable for testing, and send them to the laboratory selected by the PADD.~~

~~E9.7.3.4. Upon direction of the Executive Agent, the Armed Forces DNA Identification Laboratory (AFDIL), Armed Forces Institute of Pathology, will perform a site visit of the proposed laboratory selected by the PADD to inspect facilities, review work procedures, and evaluate quality control processes.—AFDIL personnel will be allowed, if requested by the Government, to observe the testing process, as necessary, or review data at critical testing checkpoints.~~

~~E9.7.3.5. The laboratory selected by the PADD must complete its testing within six months of its receipt of the samples of the remains.—At the conclusion of the testing, the laboratory will provide to the Director, CMAOC a synopsis of its report together with a copy of the report and any enclosures.—If the laboratory exceeds the six month time limit, the U.S. Government results will be deemed to be the accepted results of the mtDNA testing.~~

~~E9.7.3.6. Conduct of the testing by the laboratory selected by the PADD gives it no special acknowledgment, certification, or recognition by the Government.~~

~~E9.7.3.7. Prior to convening the AFIRB, the Government and the PADD shall exchange all information each intends to introduce during the AFIRB proceedings.—Any discrepancies in mtDNA testing results shall be noted and presented to the AFIRB.~~

~~E9.7.3.8. The PADD, on attending the proceedings of AFIRB, shall not be entitled to reimbursement by the United States for any costs.—This would include travel, lodging, meals, local transportation, legal fees, transcription costs, witness expenses, and other expenses that the PADD incurred attending such proceedings.~~

~~E9.7.4. If the PADD declines to accept the remains and fails to request a hearing before the AFIRB within 21 calendar days after being advised of the opportunity to request a hearing, the Service casualty officer shall again offer the PADD the opportunity to accept the remains for final disposition.—If the PADD continues to decline acceptance of the remains, the PADD shall be informed that the appropriate Secretary concerned will be contacted for directions concerning final disposition of the remains.—Disposition of the remains in accordance with directions from the Secretary concerned terminates the matter for the Government.~~

E9.8. AFIRB PROCEDURES

~~E9.8.1. Upon receipt by CMAOC of timely notice from the PADD, the AFIRB shall be convened. CMAOC shall notify the Defense Intelligence Agency in order that it may furnish relevant intelligence or incident data in connection with the identification. A legal advisor shall be appointed.~~

~~E9.8.2. The AFIRB may review two or more identifications during a session if so doing will not unduly delay the proceedings.~~

~~E9.8.3. The AFIRB will review the identification and accompanying case file. During its review, it may request of any Department or Agency of the United States any information that the board considers necessary in order to conduct the proceedings. In addition, it may contact the consultants or other advisors as it deems appropriate.~~

~~E9.8.4. The president of the AFIRB shall close to persons who do not have appropriate security clearances the proceeding of the Board at which classified information is discussed. Participants at a proceeding of a Board at which classified information is discussed shall comply with all applicable laws and regulations relating to the disclosure of classified information. Upon request by the Board president, the Director, CMAOC shall assist the president in ensuring that classified information is not compromised through Board proceedings.~~

E9.9. IDENTIFICATION REVIEW

~~Upon completion of the review, the AFIRB shall enter its findings as to the identification of the remains. The findings must be supported by a preponderance of the evidence. A majority vote shall determine the Board's findings.~~

E9.10. REPORT OF THE BOARD

~~E9.10.1. The AFIRB shall submit to the Director, CMAOC its report on the proceedings carried out by the Board. Evidence that is considered by the Board in formulating its findings shall be made a part of the official record of the Board. The evidence shall be submitted to the Director, CMAOC at the time the Board submits its report. The report shall include:~~

~~E9.10.1.1. A discussion of the facts and evidence the Board considered;~~

~~E9.10.1.2. The Board's findings with respect to each identification the report covers; and~~

~~E9.10.1.3. Disclosure of whether the Board reviewed classified documents and information or used them otherwise in reaching its conclusions.~~

~~E9.10.2. The report may include a classified annex.~~

~~E9.11. ACTIONS BY THE DIRECTOR, CMAOC~~

~~E9.11.1. Not later than 30 calendar days after the receipt of a report from the AFIRB, the Director, CMAOC shall review the report and any timely objections to the report submitted by the PADD.~~

~~E9.11.2. In reviewing the Board's report (including any written objections thereto), the Director, CMAOC shall determine whether or not the report is complete and free of administrative error. If the Director, CMAOC determines that the report is incomplete, or that the report is not free of administrative error, the Director, CMAOC may return the report to the Board for further action on the report by the Board.~~

~~E9.11.3. Upon a determination by the Director, CMAOC that the report is complete and free of administrative error, the Director, CMAOC shall approve the findings of the Board. Identifications that are disapproved will be remanded to the CILHI.~~

~~E9.12. REPORT TO THE PADD~~

~~Not later than 60 calendar days after the date on which the Director, CMAOC approves the identification by the AFIRB, the report of the AFIRB will be forwarded through the appropriate Service mortuary/casualty affairs office to the PADD. If the report is classified or the report contains a classified annex, no classified material therein may be made available to the PADD. The PADD will be given 60 calendar days after receipt of the report to accept or reject the remains.~~

~~E9.13. TREATMENT OF DETERMINATION~~

~~The approval of the identification by the Director, CMAOC, after the receipt of the findings in the report submitted by the AFIRB, shall be treated as the determination of the identity by all Agencies and Activities of the Department of Defense.~~

~~E9.14. EXTENSION OF TIME LIMIT~~

~~The Director, CMAOC can extend any time limit specified herein on a case-by-case basis and only upon a showing of good cause. Any such extension may not be for a period in excess of the period with respect to which the extension is provided. For example, if an action must be taken within 30 calendar days but circumstances prevent doing so an extension may be requested; however, the length of the extension may not exceed thirty days. The Director, CMAOC may provide subsequent extensions on the same basis.~~

~~E9.15. FINAL DISPOSITION OF REMAINS~~

~~E9.15.1. The appropriate Secretary concerned will be contacted for directions concerning final disposition of the remains if:~~

~~E9.15.1.1. The PADD rejects the remains; or~~

~~E9.15.1.2. No response is received from the PADD within 60 calendar days after the AFIRB report is presented to the PADD and the PADD has obtained no extension of the time limit for sending a response.~~

~~E9.15.2. Disposition of the remains in accordance with directions from the Secretary concerned terminates the matter for the Government.~~
