

On January 20th, DLA recruiters attended the second Career Exploration Fair at the Joint Base Anacostia, Bolling Club. This event was spearheaded by the Transition Assistance Program (TAP) staff at the Military and Family Support Center. The Career Exploration Fair was initially rolled out in response to the growing popularity of the "employer panel" that is incorporated during the week long Transition Assistance Class. The panel consists of 5-6 employers who provide networking opportunities, words of wisdom and tips to the military job seeker in a more intimate setting. After hearing the feedback from numerous participants suggesting that this portion of TAP be expanded and opened to a larger audience, the first Career exploration fair was born.
