

FEPAAS MOBILE WEB APP RELEASED!

During an event sponsors now have improved access through certain smart phones to the accountability features of FEPAAS.

Release 1 capabilities and limitations include:

Capabilities:

- A mobile phone web app accessible through your phone browser (no app to download-saves you space)
- Smartphone friendly user interface
- Simple steps lead the user through accountability and location and contact update

Limitations:

- Available to ONLY sponsors
- Available to ONLY personnel affected by an event – can't be used to update contact information apart from an event
- Designed for ONLY iPhone, Android, and certain touch-screen Blackberry phones (not iPad or not-touchscreen phones)

The next time you are affected by an accountability event, go to <https://fepaas.whs.mil> from your smartphone for mobile FEPAAS access!

Watch for upcoming announcements of enhancements to the mobile web app.
