

ACAP VIRTUAL CAREER FAIR

What is Pre-Matching?

Pre-matching will allow you to make the most of your time during the fair and ensure you speak with the employers who are specifically looking for candidates like you, improving your chances of being offered an interview and ultimately getting hired. Employers will also be provided with a list of those candidates pre-matched to their positions.

Be sure to Register Early for any of the upcoming events to receive FREE Pre-Matching services. We will help you connect with employers who have job openings that are a fit with your MOS, education, and desired industry/job.

ACAP will use your registration information to identify the job openings that match your qualifications and Pre-Match you with employers. Prior to the event you will receive a Pre-Matching Report that contains a list of all participating employers and identifies those employers who have job openings that are the best fit for you.
