## Contents

This section covers the following topics:

Topic	See Page
Logging on to the CSU Application	6
Obtaining Data on One Employee	7
More on Queries	11
Reports	12
The Display Screens	14
Index to CSU Application Data	16

---

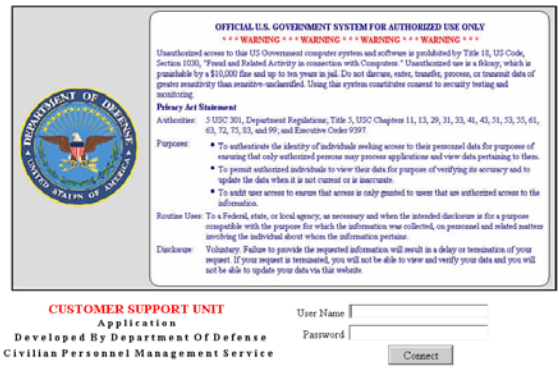

## Description

The Customer Support Unit (CSU) Application provides civilian personnel data to supervisors and managers at their desktop workstations. It eliminates the need to call the civilian personnel office.

- The data comes from the main civilian personnel DCPDS database and is not more than one day old.
  - Civilian Personnel Management Service (CPMS) business rules are applied to the DCPDS data prior to updating the CSU database.
  - Additional data (payroll and leave) comes from the Defense Finance and Accounting Service (DFAS) payroll system and is updated each pay period (every two weeks). This data is first updated in DCPDS and is then transferred into the CSU.
  - CSU Application users are given access to records of the employees in their organization only.
  - The data in the CSU Application is the same data that is used when creating or running reports using the Oracle Discoverer Application, which is the *ad hoc* query and reporting tool used with the CSU.
  - The CSU Application is a custom web-based application built using Oracle Forms & Reports, *Version 6.5*.
- 

## Logging on to the CSU Application

Procedures for logging into the CSU may vary. Follow your local logon instructions if they vary from the following.

Step	Action
1	Double-click the <b>CSU</b> icon from your workstation's desktop.
2	On the logon screen, type your username, then <b>[Tab]</b> (or use your mouse) to the password field and type your password. The Information Systems Division establishes your username and password. Username and password will be different for the CSU Application and for DCPDS.
3	<p>If indicated on your local user information, <b>[Tab]</b> (or use your mouse) to move to the database field and type the database name provided with your logon instructions.</p> 
4	Click on the <b>&lt;Connect&gt;</b> button or push the <b>[Enter]</b> key to connect.

### Changing your Password

Passwords must be changed every 90 days. Minimum password length will be eight characters. Passwords must begin with an alphabetic character. Passwords must contain at least one numeric character. Passwords must contain at least one special character from the list below.

- 1) \$ (Dollar Sign)
- 2) # (Number Sign)
- 3) \_ (Underscore)

**REMEMBER YOUR NEW PASSWORD**, and use it next time you log in to the CSU. If you forget your password, or it expires, contact the designated person at your installation's civilian personnel office.

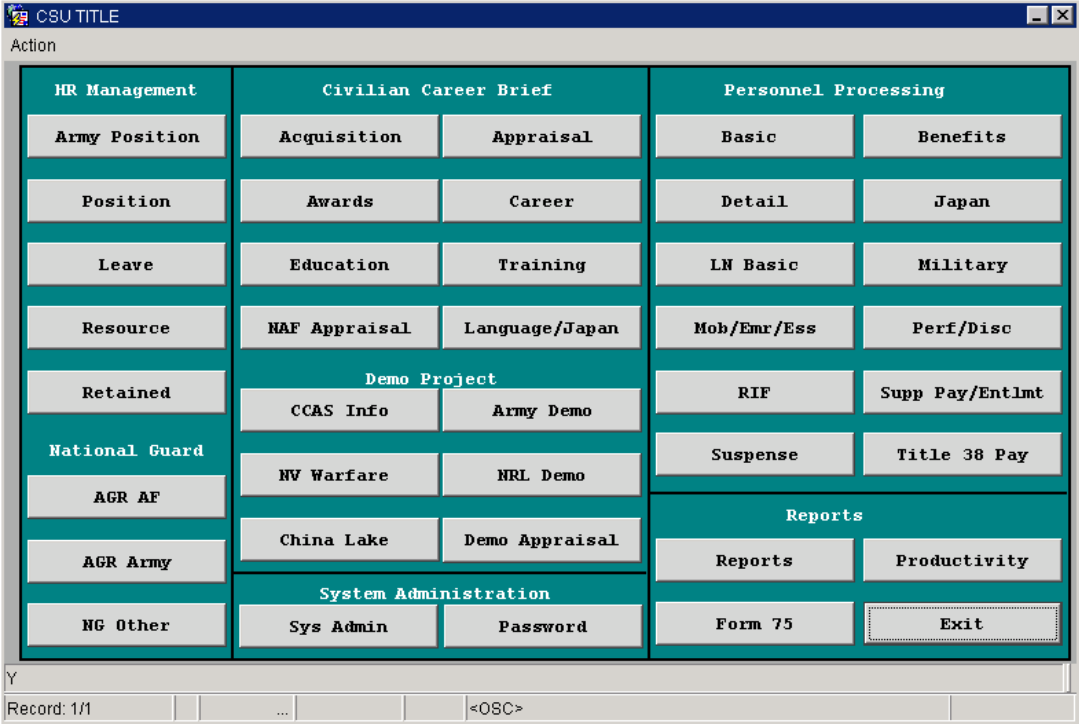

### Exiting from CSU

- Click once on the **<Exit>** block of the main menu.
- This will disconnect you from the CSU server and return you to your normal Windows desktop.

## Obtaining Data on One Employee

### Employee Information

Follow these steps to find and display data about one employee.

Step	Action
1	<p data-bbox="311 262 1266 294">From the main menu of the CSU TITLE Screen (below), click on a button:</p>  <p data-bbox="230 1108 1393 1249">2 On this “Display” screen click on the <b>&lt;Basic&gt;</b> button – or any other gray button for the specific information you are seeking. This brings up the selected data screen. At that point the screen will contain no data (until you retrieve an employee record, procedure described next).</p>

**How to Locate a Screen to View Specific Data**

The “Displays” menu consists of buttons that lead to screens of data, grouped into seven major categories:

- Human Resource Management (HRM)
- Civilian Career Brief (CAR BRF)
- Personnel Processing (PERS PROC)
- Demonstration Project (DEMO)
- National Guard (NG)
- Reports
- System Administration

These major categories are further divided into sub-categories such as benefits, education, training, suspense, etc. You can click on any of the display screen buttons if you know which screen you want to view.

- The general contents of the screens are described in the Display Screens section.
- The appendix, *Index to CSU Application Data*, beginning on page 16, is a list of commonly used data fields in the CSU Application that can be used to assist in locating specific data on the screens.

**Description of Data Screens**

Each data screen has the same header information at the top (employee name, social security number [SSN], position title, etc.)

Blue fields indicate that there is a pop-up window associated with that field-- either a translation of the code value contained in the field, or a listing of the values applicable to that field.

---

## How to Retrieve an Employee's Record

Follow these steps to retrieve an employee's record and populate the data fields on the screen:

Step	Action
1	Type in part of the employee's last name <u>followed by a percent sign (%)</u> in the employee name block at the top of the screen (this is not case sensitive – you can use Smith, smith, or SMITH).
2	Click on the <b>&lt;Execute Query&gt;</b> selection on the top menu. For example, to find the record for an employee named Michael R. Jones, you could type JONES% or JON% or JONES M%, then click <b>&lt;Execute Query&gt;</b> . <ul style="list-style-type: none"><li>The computer will identify all employees whose name begins with the letters you typed, and display these records one at a time.</li></ul>
3	If the displayed record is not the one you wanted (that is, there is more than one employee whose name starts with the letters you entered), click <b>&lt;Next&gt;</b> on the top line menu, or use the down-arrow key on your keyboard to page through the selected records until you get the one you want. <ul style="list-style-type: none"><li>Click on <b>&lt;Previous&gt;</b> on the top line menu (or use the up-arrow key) to return to a previously displayed record.</li></ul>

---

## Finding an Employee's Record by SSAN

You can also find an employee by social security number (SSN), if known. Click on the SSN block, then type the SSN and click **<Execute Query>**, as above.

---

## Displaying Other Screens

Follow these steps to display other screens of data once you have retrieved the employee record:

Step	Action
1	Click <b>&lt;Screens&gt;</b> on the top line menu.
2	Click on the category desired (Human Resource Management, Civilian Career Brief, or Personnel Processing).
3	Click on the specific screen within that category.

---

## Retrieving a Different Record

Follow these steps to retrieve and view the record of a different employee:

Step	Action
1	Click <b>&lt;Query&gt;</b> on the top line menu.
2	Click <b>&lt;Enter Query&gt;</b> . This removes the current record(s).
3	Type in a last name, or part of a last name, in the employee name block, followed by the percent sign.
4	Click on <b>&lt;Execute Query&gt;</b> . This will display the record(s) of those employees whose name matches the letters you typed. Use the <b>&lt;Next&gt;</b> and <b>&lt;Previous&gt;</b> menu selections to page through the records if needed.

---

**Exiting from the Display Screens**

When you are done viewing the screen(s), either click <Action> on the top line menu, and then click <Exit> or use the close window button (X) located in the upper right hand corner of the application window.

**More on Queries**

**Purpose**

Besides pulling up records of specific employees by name, you can create “queries” using the display screens to find employees who meet certain criteria. For example, you can enter a query to find which employees in your organization are part time (this will be used in the following instructions). Once your query is executed, you will have access to the set of records of employees who meet your criteria.

**How to Create a Query**

Follow these steps to build a query that will identify a group of employees who meet certain criteria:

Step	Action
1	Navigate to the screen containing the data field(s) on which you want to base your query. If you are not sure where to find the data field you are interested in, use the appendix, <i>Index to CSU Application Data</i> , beginning on page 16. <ul style="list-style-type: none"> <li>Example: for finding part time employees, go to the &lt;Basic&gt;” screen since this screen contains a field labeled &lt;TYPE OF EMPL&gt; which shows whether employees are full time, part time, etc.</li> </ul>
2	If you currently have a record on your screen, the old query needs to be cleared (if you don’t have a record on your screen you can skip this step). <ul style="list-style-type: none"> <li>Click on the &lt;Query&gt; menu at the top of the screen and then click on &lt;Enter Query&gt;. This will erase the current record and allow you to enter a new query.</li> </ul>
3	Click on the blue data field next to <TYPE OF EMPL> to bring up the table of values associated with this field.
4	Click on the value for which you want to seek. In our example, click on “Part time employee in pay status,” then click <OK>. This will return you to the display screen. Insert the selected code value (in this case, 2) into the field.  Note: Different fields take different types of entries. Not all fields have tables of values associated with them. Some will require you to enter text. Date fields will require a query based on a date. For instance, to look for employees who are due a within-grade increase between 1 Apr 2000 and 30 Jun 2000, you would enter “#between 01-Apr-2000 and 30-Jun-2000” in the field labeled <DT WGI DUE>. Click on <Help> at the top of the screen, then select <Query Examples>” to get examples of various ways to construct queries.
5	Click on <Execute Query> at the top of the screen to process the query. <ul style="list-style-type: none"> <li>It can take time to process your request, particularly if you have access to a large number of records. Be patient! The screen will indicate “Working...” in the lower left corner while your request is processing.</li> </ul>

Step	Action
6	<p>Once your query is completed, you will have access to the set of records that match your criteria.</p> <ul style="list-style-type: none"> <li>• If there are no records that met the criteria, there will be a message at the bottom left of the screen saying, “Query caused no records to be retrieved. Re-enter.”</li> <li>• If there is more than one record, there will be a small arrowhead pointing down at the bottom of the screen. <ul style="list-style-type: none"> <li>• Selected records are in alphabetical order.</li> <li>• To move from record to record, use the &lt;Next&gt; and &lt;Previous&gt; menu selections at the top of the screen.</li> <li>• You can also use the &lt;Record&gt; menu to move to the first or last record or to a specific record number.</li> <li>• The &lt;Count&gt; indicator at the bottom of the screen shows what record number you are currently displaying, and will indicate the total number of records selected if you move to the last record.</li> </ul> </li> </ul>
7	When you are done with the query, click <Action> on the top line menu, and select <Exit> to return to the Display screen menu.
8	If you want to process another query, click on the <Query> menu and select <Enter Query> and follow the same procedures as above.

---

## Reports

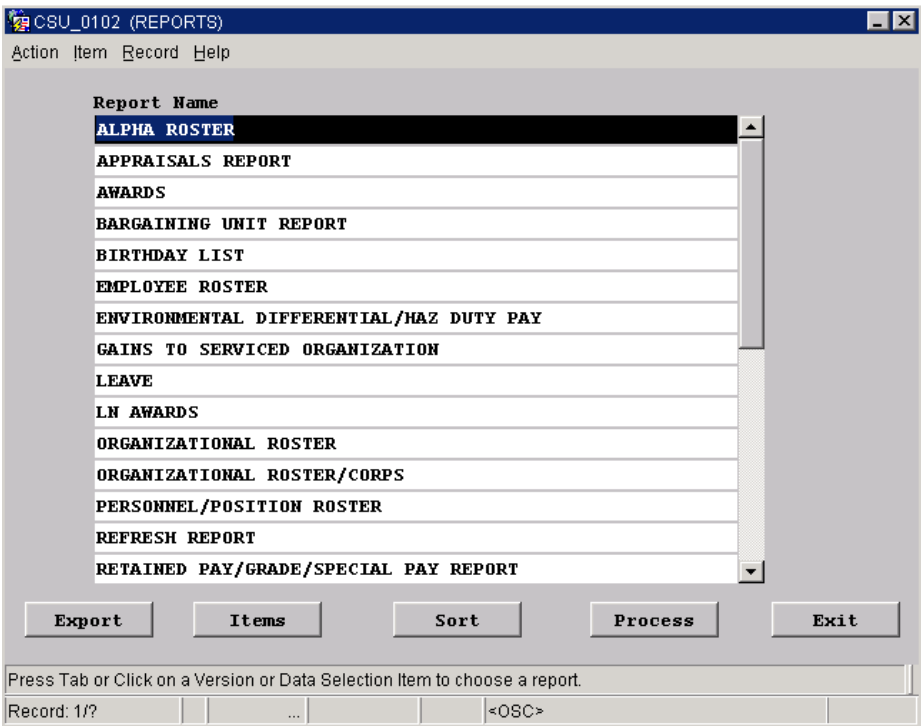

### Purpose

The <Reports> button in CSU Application allows you to generate a variety of “canned” reports about your workforce, such as an alpha roster, awards report, or a suspense action report.

- Discoverer (a separate application) is a query and reporting tool used to create and/or run *ad hoc* or specialized reports from the DCPDS database. Contact your Help Desk for more information about this application.
  - If you use Discoverer, all of the reports on the CSU Reports Menu are now available using the Discoverer tool.
  - If you use another component unique retrieval system, the reports can also be made available through that system.

### How to Run a Report

Follow these steps to run a report in CSU Application:

Step	Action
1	Click the <Reports> button on the CSU Application main menu. 
2	Click on the report you want to run to highlight it; use the scroll bar at the right side of the screen to see the entire list (listed alphabetically by report name).
3	Click on <Process> to generate the report. It may take a few moments for the request to compile; be patient! The report will display on your screen in “preview” mode.
4	Once the report appears in the previewer, you can view it on screen using the <Next> and <Previous> buttons and the scroll bars to move around the report.
5	To print the report, click the <Print> button on the upper right of the screen to display the Print menu, complete any parameters desired, then click <OK> on the Print menu.
7	When you’re done with the report, click the <Close> button at the top right of the screen to exit the previewer.
8	Click <Exit> on the “Reports” screen to return to the CSU Application main menu.
9	<Export> provides a text-only copy of the selected report.

### Sorting a report

Follow these steps to sort a report by a particular item, for example, alphabetically or by organization:

Step	Action
1	From the Reports menu, click on the report you want to run.
2	Click the <Sort> button at the bottom of the screen.
3	For each sort field, type in a number in the “Seq” block next to the desired sort field (starting with 1 for the first sort). Then type an “X” in either the “Asc” or “Des” block depending if you want the sort to be ascending (low to high, A to Z) or descending (high to low, Z to A).
4	Click <OK>, then process the report as above.

**Selecting certain records**

Follow these steps to restrict your report to only certain records (e.g., just one organizational segment):

Step	Action
1	From the Reports menu, click on the report you want to run.
2	Click the <Items> button at the bottom of the screen.
3	Enter a value in the “Specific Items” block next to the field you want to use to restrict the report. <ul style="list-style-type: none"><li>For example, enter GS in the PP (pay plan) block to limit your report to GS employees only. You can also enter a range (from-to) of values; for example, you could enter 09 in the “From” block and 12 in the “To” block of the “Grade” field to restrict your report to employees in grades 09 through 12.</li></ul>
4	Click <OK>, process the report as above.

---

## The Display Screens

**Purpose**

The contents of the over 35 display screens are summarized below, grouped into the five major categories just as they appear on the “Displays” menu screen.

Also, the *Index to CSU Application Data*, beginning on page 16, contains a list of commonly used personnel data items and indicates on which screens the piece of information is located.

---

**Human Resource Management**

The Human Resource Management category contains the following screens:

Screen	Description
<b>Army Position</b>	Position data unique to Army employees, such as AMS code, TDA paragraph and line number, cost center, and APC code.
<b>Leave</b>	The employee’s current leave balances for annual and sick leave, use or lose leave, and other leave information. This data is current as of the last pay period and comes from DFAS payroll records. Activities not on the automated DFAS payroll interface will not have this data.
<b>Position 1</b>	Position control and manning data, including supervisory level, position sensitivity, bargaining unit, duty station, and other position-related data. Use the scroll bar at the right of the screen to see more of the screen.
<b>Resource</b>	Payroll data for the employee, arranged by pay period. Click on the blue “Other Pay” field to get a breakdown of various types of pay received by the employee, and click on the blue “Benefits” field for a particular pay period to see the employer’s payments for TSP, life insurance (FEGLI), health insurance (FEHB), and retirement (CSRS or FERS). This data comes from DFAS payroll records and is updated each pay period. Activities not on the automated DFAS payroll interface will not have this data.
<b>Retained</b>	Data related to employees on retained grade.

**Civilian Career Brief / DEMO Project**

The Civilian Career Brief / DEMO Project category contains the following screens:

Screen	Description
<b>Acquisition</b>	Acquisition data for employees in acquisition workforce positions (procurement, contracting, etc.).
<b>Appraisal</b>	Current and last three performance ratings and next rating due date.
<b>Awards</b>	Information on the awards received, showing type of award, amount, and date.
<b>Career</b>	Career program information pertaining to the employee's current position and previous career program registrations in past positions.
<b>Education</b>	Degrees, educational programs, schools attended, and major fields of study. Use the left-right scroll bar under the "Educ Lvl" section to display additional information pertaining to each educational endeavor. Also contains foreign language skills and occupational certifications.
<b>Training</b>	Information on the training courses completed by the employee. The basic screen contains the course title, ending date, and hours; additional information about the course is available by clicking on one of the blocks pertaining to the course, then clicking the <History> button at the bottom of the screen.
<b>NAF Appraisal</b>	Appraisal information on Non-Appropriated Fund (NAF) personnel.
<b>Language /Japan</b>	Language test information for Japan AF and Navy personnel.

**DEMO Project**

The DEMO Project category contains the following screens:

<b>CCAS Info</b>	Salary and appraisal information for DEMO project employees using CCAS.
<b>Army DEMO</b>	Pay increase data for employees in Army DEMO projects.
<b>NV Warfare</b>	Data for employees in Navy Warfare DEMO projects.
<b>NRL DEMO</b>	Data for employees in Navy Research Lab DEMO projects.
<b>China Lake DEMO</b>	Data for employees in the Navy China Lake DEMO project.
<b>DEMO Appraisal</b>	Performance appraisal information for employees in various DEMO projects.

**Personnel Processing**

The Personnel Processing category contains the following screens:

Screen	Description
<b>Basic</b>	Commonly used data about the employee, such as PD number, pay data, address, type of appointment, veterans preference, and security clearance.
<b>Benefits</b>	Health and life insurance, thrift savings (TSP), and retirement information. Use the <Projected> button at the bottom of the screen to view data on pending changes to benefits (e.g., if the employee is changing TSP elections).
<b>Detail</b>	Information pertaining to employees who are detailed to a position other than their permanent position.
<b>Japan</b>	Information on Japanese local national employees (indirect hires).
<b>LN Basic</b>	Information on local national employees (overseas areas).
<b>Military</b>	Military service, reserve status, veterans status, veterans preference.

Screen	Description
<b>Mob/Emr/Ess</b>	Mobilization requirements and emergency essential information (relating to overseas positions or positions that would be transferred overseas during a crisis situation or which requires the incumbent to deploy or perform temporary duty assignments overseas during a crisis in support of a military operation).
<b>Perf/Disc</b>	Disciplinary actions taken, and performance improvement plans resulting from disciplinary actions.
<b>RIF</b>	Information pertaining to an employee's tenure and retention standing, such as veterans preference, service computation date, competitive level, tenure, subgroup, and performance ratings. Use the scroll bar by the performance ratings area to view older performance ratings.
<b>Supp Pay</b>	Supplemental pay data when applicable. Also contains information on pay in Italy, Belgium, and Korea.
<b>Suspense</b>	Due dates for a variety of personnel actions, such as within-grade increases, appointment expiration (temporary employees), leave without pay, retained grade, temporary promotion, details, probationary periods, and benefit election suspense. Use the scroll bar at the right of the screen to view more data.
<b>Title 38</b>	Information on special pay entitlement for Doctors (MD), Dentists (DDs), and Nurses.

**National Guard** The National Guard category contains the following screens:

<b>AGR AF</b>	Information pertaining to Air Force AGR personnel.
<b>AGR Army</b>	Information pertaining to Army AGR personnel.
<b>NG Other</b>	Miscellaneous National Guard information.

## Index to CSU Application Data

### Purpose

The following index contains a description of many of the commonly used data fields in the CSU Application.

- The “category” column indicates in which group of screens the data can be found in (HRM; CAR BRF; DEMO; and PERS PROC).
- The “screen” column indicates the actual screen containing the data.
- This is not an exhaustive list.
- Some entries appear on more than one screen.

# CSU Logon Screen

**CUSTOMER SUPPORT UNIT**  
Application  
Developed By Department Of Defense  
Civilian Personnel Management Service

**OFFICIAL U.S. GOVERNMENT SYSTEM FOR AUTHORIZED USE ONLY**  
**\*\*\* WARNING \*\*\* WARNING \*\*\* WARNING \*\*\* WARNING \*\*\***

Unauthorized access to this US Government computer system and software is prohibited by Title 18, US Code, Section 1030, "Fraud and Related Activity in connection with Computers." Unauthorized use is a felony, which is punishable by a \$10,000 fine and up to ten years in jail. Do not discuss, enter, transfer, process, or transmit data of greater sensitivity than sensitive-unclassified. Using this system constitutes consent to security testing and monitoring.

**Privacy Act Statement**

Authorities: 5 USC 301, Department Regulations; Title 5, USC Chapters 11, 13, 29, 31, 33, 41, 43, 51, 53, 55, 61, 63, 72, 75, 83, and 99; and Executive Order 9397.

Purposes:

- To authenticate the identity of individuals seeking access to their personnel data for purposes of ensuring that only authorized persons may process applications and view data pertaining to them.
- To permit authorized individuals to view their data for purpose of verifying its accuracy and to update the data when it is not current or is inaccurate.
- To audit user access to ensure that access is only granted to users that are authorized access to the information.

Routine Uses: To a Federal, state, or local agency, as necessary and when the intended disclosure is for a purpose compatible with the purpose for which the information was collected, on personnel and related matters involving the individual about whom the information pertains.

Disclosure: Voluntary. Failure to provide the requested information will result in a delay or termination of your request. If your request is terminated, you will not be able to view and verify your data and you will not be able to update your data via this website.

Field/Button	Description
USERNAME	Sign-In User name
PASSWORD	Password Associated with the User

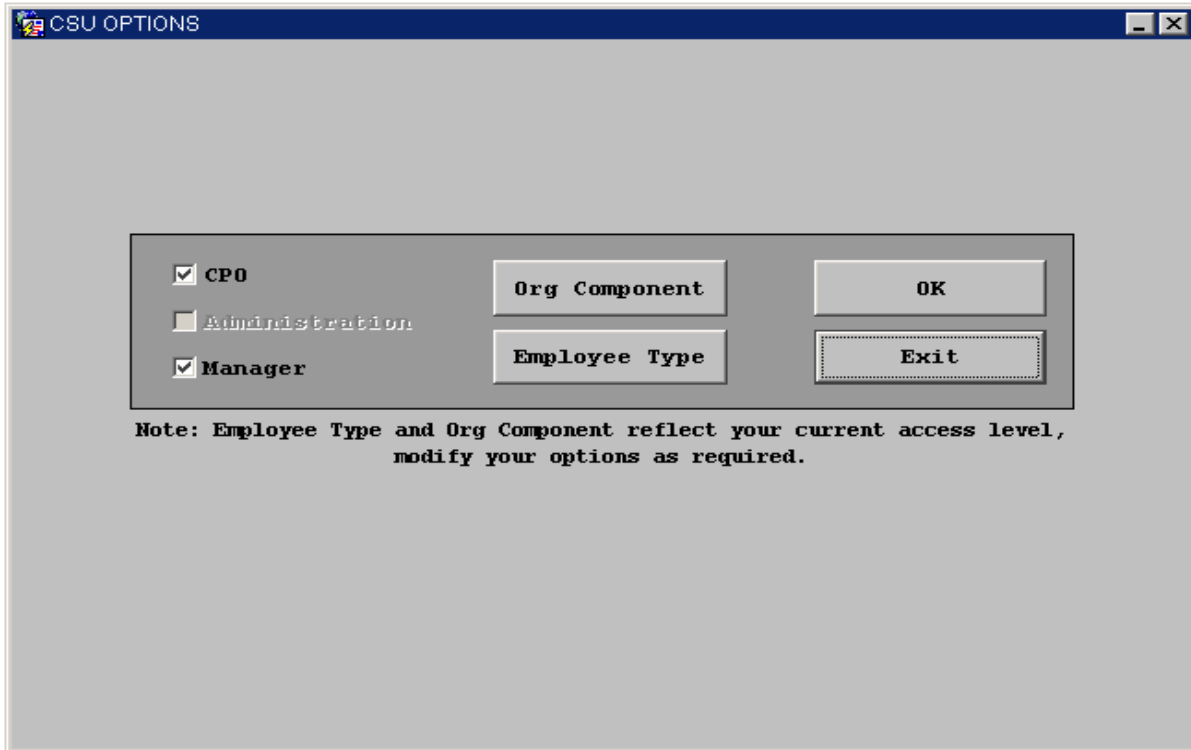

## 2<sup>nd</sup> CSU Logon Screen (CSU USER Only)

The screenshot shows a window titled "CSU APPLICATION V11.0" containing a sub-window "CSU OPTIONS". The main screen displays "CIVILIAN SERVICING UNIT APPLICATION". A dialog box titled "ENTER EMPLOYEE DATA" is open, prompting for "Social Security Number" and "Date of Birth (DD-MON-YYYY)". The dialog box has "OK" and "Exit" buttons. In the background, there are checkboxes for "CPO", "Adm", and "Man", and buttons for "OK" and "Exit". A note at the bottom of the dialog box reads: "Note: Employee Type and Org Component reflect your current access level, modify your options as required."

Field/Button	Description
SOCIAL SECURITY NUMBER	No Dashes
DATE OF BIRTH	Date of Birth for the Associated Social Security Number

## CSU Options Screen

**Allows eligible users to obtain more accurate results by limiting their record access to meet a specific condition.**

Field/Button	Description
CPO	Personnelist in all Functional Areas.
ADMINISTRATION	Administrative Personnel who need to Access Civilian Personnel Information to Perform their Jobs.
MANAGER	Managers and Supervisors who need Access to Information about their Employees.
ORG COMPONENT	A Combination of CPO ID, Command Code, UIC, and Org Code  Example: EWP1W1KCAABF, where: <ul style="list-style-type: none"> <li>• EW is the SOID</li> <li>• P1 is the Command Code</li> <li>• W1KCAA is the UIC</li> <li>• BF is the Org Structure Code</li> </ul>
EMPLOYEE TYPE	Employee Position Type. Example: Appr

## Leave Data (ITALY) Screen

The screenshot shows a software window titled "LEAVE DATA". The menu bar includes "Action", "Query", "Execute Query", "Editor", and "Help". Below the menu bar are several input fields for personal and identification information: NAME, SSH, BASE, OFFSYN, PAS, OSC, PHONE, FP, SRS, GR, TG, STEP, SOID, PSN TYP, and TITLE. There are two tabs: "LEAVE" and "ITALY DATA", with the latter being selected. The "ITALY DATA" section contains two specific input fields: "PATERNITY LV EXP DT:" and "MATERNITY LV EXP DT:". At the bottom of the window, there is a status bar with the text "Enter a query, press Ctrl+F11 to execute, F4 to cancel." and a record indicator "Record: 1/1".

PATERNITY LV EXP DT	Paternity Leave Expiration Date
MATERNITY LV EXP DT	Maternity Leave Expiration Date

## Position Data (SCREEN 1) Display

The screenshot shows a window titled "POSITION DATA" with a menu bar (Action, Query, Execute Query, Editor, Help) and a header section with fields for NAME, SSN, BASE, OFFSYM, PBS, OSC, and PHONE. Below this is a row of checkboxes for PP, SRS, GR, TG, STEP, SOID, PSN TYP, and TITLE. The main area contains several tabs: SCREEN 1 (selected), SCREEN 2, DLA UNIQUE, DEMO INFO, NAF INFO, AF AUTH, ARMY LN DATA, LN DATA, and MED SPEC CD. The SCREEN 1 tab displays two columns of fields, many of which are redacted with blue bars. The bottom status bar shows "Record: 1/1", "Enter-Qu...", and "<OSC>".

Field/Button	Description
POSN/SEQ NR	Position and Sequence Number Portion of Position
NV POS SENS CR	Navy Position Sensitivity Criterion
CLASS DT	Date Position Classified

## Basic Employee Information (TEMP PROM DATA) Screen

The screenshot displays a software window titled "BASIC EMPLOYEE INFORMATION". At the top, there is a menu bar with "Action", "Query", "Execute Query", "Editor", and "Help". Below the menu bar are several input fields: NAME, SSN, BASE, OFFSYM, PAS, OSC, and PHONE. A second row of fields includes PP, SRS, GR, TG, STEP, SOID, PSN TYP, and TITLE. A tabbed interface is present, with the "TEMP PROM DATA" tab selected. This tab contains the following fields: PERM PP-SERS-GR (with a separator), PERM COMP LEV, OBLIGATED TO, and EXPIRES. At the bottom of the window, a status bar indicates "Record: 1/1" and includes buttons for "Enter-Qu...", "List of Valu...", and "<OSC>". A prompt at the bottom left reads "Enter a query, press Ctrl+F11 to execute, F4 to cancel."

Field/Button	Description
PERM PP-SERS-GR	Permanent Pay Plan, Series, Grade
PERM COMP LEV	Permanent Competitive Level
OBLIGATED TO	Position Employee is Obligated To
EXPIRES	Temporary Promotion Expiration Date

ADJ SCD RIF	Adjusted Service Computation Date – Reduction-in-Force

## RIF (WORK DATA) Screen

The screenshot shows a window titled "RIF DATA" with a menu bar (Action, Query, Execute Query, Editor, Help) and a header section with fields for NAME, SSN, BASE, OFFSYM, PAS, OSC, and PHONE. Below this is another row of fields for PP, SRS, GR, TG, STEP, SOID, PSN TYP, and TITLE. A tabbed interface shows "RIF" and "WORK DATA" tabs, with "WORK DATA" selected. The main area contains the following labels and input fields:

- WORK SCHEDULE:**
- HOURS SCHEDULED:**
- LN WORK HRS WK MON:**

At the bottom, there is a status bar with the text "Enter a query; press Ctrl+F11 to execute, F4 to cancel." and a record indicator "Record: 1/1".

Field/Button	Description
WORK SCHEDULED	Work Schedule
HOURS SCHEDULED	Hours Scheduled
LN WORK HRS WK MON	Number of Hours in the Normal Work Schedule

## Suspense Data Screen

The screenshot shows a software window titled "SUSPENSE DATA" with a menu bar (Action, Query, Execute Query, Editor, Help). Below the menu are several input fields for NAME, SSN, BASE, OFFSYN, EAS, OSC, and PHONE. A second row of fields includes PP, SSS, GR, TC, STED, SOIB, PSN TYP, and TITLE. The main area is divided into sections: "SUSPENSE" (with "ARRE BELGIUM" selected), "WGI DATA" (with fields for WGI DUE DT, DT LAST INC, LWOP HOURS, WGI PAY DT, DAYS WORKED, LWOP SU BEG), "PERSONNEL ACTION SUSPENSE" (with fields for APPT NTE DT, LWOP NTE, RTND GR EXP, PROM NTE, DETAIL NTE, REASSIGN NTE, TRAINEE PROM, PROJ EFF DT, OSEA TOUR EXP, DT FURLO ENDS, WTOP EMPT EXP, TEMP POSN CHG NTE, LMTD APPT NTE, PAY RETN EXP), "CAREER STATUS DATA" (with fields for PROB TRI BEG, CAREER CONV, CONV REC DUE, PROB END DT, VRA CONV DUE, SVC RGR DT, SUP PROB END, TRAVEL RGR DT), "EMPLOYEE BENEFIT SUSPENSE" (with fields for FEHB ELEC EXP, AR APPR PERM, TRP ELIG FEHB), and "NSDC / RE LH DATA" (with fields for EXP WRK PERM, EXP RES PERM, SPOBS DATES). At the bottom, there is a status bar with "Re cond: 1/1", "Enter-Qu...", and "<-OSC->".

Field/Button	Description
<b>WGI DATA</b>	
WGI DUE DT	Within Grade Increase Due Date
DT LAST INC	Date Last Equivalent Increase
LWOP HOURS	Leave Without Pay Hours
WGI PAY DT	Within Grade Increase Pay Date
DAYS WORKED	Days Worked
LWOP SU BEG	Date Leave Without Pay, Suspension, Furlough Begins
<b>PERSONNEL ACTION SUSPENSE</b>	
APPT NTE DT	Appointment Not to Exceed Date
LWOP NTE	Leave Without Pay Not to Exceed
RTND GR EXP	Retained Grade Expiration Date
PROM NTE	Temporary Promotion Not to Exceed Date
DETAIL NTE	Detail Not to Exceed

Record: 1/10      ...      <OSC>

Field/Button	Description
SERVICING OFFICE ID	Servicing Office ID
SSAN	Social Security Account Number
FULL NAME	Full Name
PERSON ID	Person ID
POSITION ID	Position ID
DATABASE ERROR	Database Error
DATABASE MESSAGE	Database Message
APPLICATION MESSAGE	Application Message
LOG TYPE	Log Type

Report run on: 28-APR-05 14:24:39

**CSU REFRESH LOG REPORT: CSUREGD**

2 of 21

\* SUMMARY \*

Count from per_positions	37360	This is the count from start of refres
Count from civilian_position	2999	This is the count after the refresh was complet
Distinct count position_id from refresh log	79	Distinct count of errors from refresh_1

The first page of the Refresh Report will show the number of records before the refresh was run and the number of records that were inserted into the database at the completion of the refresh process. In addition, a count is given on the number of rows that could not be inserted due to an error. This will help in identifying problems with refresh. Further detail is given below on each error.

Field/Button	Description
COUNT FROM PER_POSITIONS	Number of Positions Moved from HR to CSU
COUNT FROM CIVILIAN_POSITION	Number of Positions Loaded in the CSU Database
DISTINCT COUNT POSITION ID	Number of Positions Which were not Loaded Due to Exceptional Errors

Report run on: 29-APR-05 15:36:46

**CSU REFRESH LOG REPORT: CSUREGD**

3 of 9

**DETAIL**

Log Type	SOID	Posn Type	SSAN	Person Id	Position Id	Full Name	Log Time
<u>Db Error</u>	<u>DB Message</u>						
	<u>Appl Message</u>						
<b>W</b>	7X	APPR			51553		28-APR-05 14:24:52
-1861	ORA-01861: literal does not match format string Warning on Insert of PERSON EXTRA INFO						
<b>W</b>	7X	APPR			42675		28-APR-05 14:24:56
-1861	ORA-01861: literal does not match format string Warning on Insert of PERSON EXTRA INFO						
<b>W</b>	7X	APPR			43237		28-APR-05 14:25:08
-1861	ORA-01861: literal does not match format string Warning on Insert of PERSON EXTRA INFO						
<b>W</b>	7X	APPR			44259		28-APR-05 14:25:39
-1861	ORA-01861: literal does not match format string Warning on Insert of PERSON EXTRA INFO						
<b>E</b>	7X	APPR			42355		28-APR-05 14:38:51
1	User-Defined Exception Duplicate Employee found with the same SSAN or POSITION_ID						
<b>E</b>	7X	APPR			42379		28-APR-05 14:38:55
1	User-Defined Exception Duplicate Employee found with the same SSAN or POSITION_ID						

Every error, warning, and information notice is displayed in the remaining pages of the Refresh Report. Errors are designated with an 'E', warnings with a 'W', and information notices with an 'I'. The corresponding SSAN, Person ID, and Position ID are then given for every instance of error, warning, or information notice during the refresh process.

Field/Button	Description
LOG TYPE	Type of Message in Refresh_Log 'E' Error, 'W' Warning, 'I' Information
DB ERROR	Database Error Number
SOID	Servicing Office ID
DB MESSAGE	Database Message (Descriptive)
APPL MESSAGE	Application Message (Descriptive)
POSN TYPE	Position Type
SSAN	Social Security Account Number
PERSON ID	Person ID
POSITION ID	Position ID
FULL NAME	Employee Name
LOG TIME	Time that Event was Written to Refresh_Log
