---

Thank you for your interest in covering Landstuhl Regional Medical Center (LRMC). To help us facilitate your requests, please send the following documents by fax or e-mail as a scanned document:

- A letter, with your organization's letterhead, stating the focus of your visit, proposed dates, and the type of subject matter experts you would like to interview and photograph. Please provide as many details as possible about what exactly you would like to cover.
- A copy of press credentials for each media member.
- A copy of the passport for each media member showing their name and photo.

Typically, the reporter/photographer will come to our office the afternoon of their day of travel and receive a mission briefing and tour of the hospital. The ground rules concerning patient privacy during interviews and filming will be discussed at this time. Most of the interviews/filming are conducted the following day.

**Getting to LRMC:**

From Autobahn 6, exit onto Autobahn 62 (direction Pirmasens); exit at sign reading US Hospital; turn left at end of Autobahn exit ramp following sign to Gate 3 and Martinshohe; turn right following sign to Gate 3 & US Hospital; turn right onto Dr. Hitzelberger Strasse; after entering the gate, take an immediate right and park in the visitor's center parking on the right and call LRMC/PA from the visitor's center/security guard building.

Another alternative is to take a taxi from your hotel in Landstuhl to Gate 1 and call LRMC/PA to meet you at the gate.

(Current as of 24 Nov 08)
