MEMORANDUM FOR THE CHAIRMAN, JOINT CHIEFS OF STAFF

G Subject: Meeting With [REDACTED] (U)

E G 1. (U) (TS) During previous discussions with [REDACTED] he has offered to provide support such as:

- a. (U) (TS) The establishment of a [REDACTED]
- b. (U) (TS) Provide contact with three foreign nationals (FN's) who assisted the Simons rescue effort
- c. (U) (TS) Establish a [REDACTED]

A, C G 2. (U) (TS) Recommend that the third item (para 1c) be discussed with [REDACTED] as the existence of such a network would be a definite mission plus without sacrificing security.

G 3. (U) (TS) Note: The following are examples of support [REDACTED] has already provided in the area of general assistance:

A, C G a. (U) (TS) Assisted in arranging Bell OH-58C skid modification program directly with [REDACTED] Bell, General McKenney (USA-RET)

A, C, E b. (TS) Assisted the [REDACTED] and provided contact assistance [REDACTED] and one of the Foreign Nationals that assisted in the Simons Rescue attempt

C c. (TS) Provided at no expense to DOD, the [REDACTED] performed by one of 3 FN's who assisted in the Simon effort

C d. (TS) Provided this same individual [REDACTED]

(U)
e. (TS) Made known to DOD personnel as "financial angel" willing ~~to~~ to support hostage family needs. This "Angel" has establish a \$10,000 trust fund for this purpose

G (U)
f. (TS) [REDACTED] has himself donated anonymously funds to establish the "Scholarship Fund" for the children of the eight deceased members of the last attempt

(U)
g. (TS) Arranged with Dallas Cowboy Coach to have video cassettes of the 1979 Cowboy Football games mailed to hostages as morale booster

G (TS) [REDACTED]

MEMORANDUM FOR MAJOR GENERAL VAUGHT

Subject: Field Survey

Guidance: Pursuant to NCA guidance to develop a plan for rescue and extraction of the hostages in one night, the JTF Commander, TF Snowbird, requested that Major [redacted] and I develop a plan to survey conditions in countries near Iran. This survey was to determine if conditions in these countries would enable the introduction of elements of a future hostage rescue force and/or other persons in support of such a force. In accordance with guidance, we were not to contact any official of a foreign government, but rather to conduct the survey on a low-key, unobtrusive basis. We were to use extreme caution to preclude any possibility of disclosing our true purpose to persons who did not have a strict need-to-know.

Planning and Coordination: In coordination with the [redacted] other elements of the Washington intelligence community and others, we developed a plan to survey [redacted]

Our plan entailed travel to key cities in each country where we would contact persons we believed could assist [redacted]

[redacted] or were personally known to me to be loyal and trustworthy. Conceptually, we hoped, [redacted] to be able to outline a structure and provide a means of double checking the structure once infiltration was attempted. We also planned to determine the feasibility of [redacted]

contact was established [redacted] however, required [redacted] assistance.

Execution:

On 17 June, [redacted] and I departed Washington for [redacted] where we established for 18 June, a meeting with [redacted] We sketchily outlined a requirement [redacted] sometime in the future. He stated that such activities were common and that he would meet with us on the following Monday in [redacted] to arrange a meeting with a person who engaged in such activities on a routine basis, [redacted]

~~TOP SECRET~~

CLASSIFIED BY COMJTF
DECLASSIFY ON OADR

~~TOP SECRET~~

E
&
(17) On 19 June we flew to [REDACTED]. During the period between our arrival and our next meeting with our [REDACTED] contact, we set about making arrangements for the "parallel net," i.e. a means to ensure that all phases of any actual infiltration would be checked continuously. These arrangements were made through personal contacts of my own and other persons to whom I was directed.

(17) By the time the meeting took place on 23 June, I was reasonably certain that follow-on checks could be facilitated. Following our initial meetings with the individual, and as details of his area of operation became more clear, we were able to solidify the "parallel net" so that it would be in operation in the same location.

C
E
E
(17) We were introduced to [REDACTED]. We outlined our requirements and were assured that such infiltrations could be made, and in fact that [REDACTED] was a way of life. [REDACTED] and uses the ability of most of the [REDACTED] who operate there on a regular basis. For our effort, he would work through a [REDACTED] throughout that part of [REDACTED]. This [REDACTED] existence and participation in [REDACTED] was subsequently independently confirmed.

C
(17) [REDACTED] asked that we meet 2 days later, during which time he would make the needed contacts. In the second meeting he stated that his contacts had told him that they could [REDACTED] and that "depending on the nature of the cargo" might be able to guarantee movement all the way to Tehran.

C
(17) [REDACTED] suggested that the next step would be a survey of the area in question. He said that he would put 4 "engineers" to work on developing a detailed plan, which would then be subject to our approval. Concurrently, he would arrange with national authorities [REDACTED]

C
(17) [REDACTED] (myself or [REDACTED]) He estimated that planning and survey costs would be approximately \$10,000. We then told him that we needed to discuss these next steps with the President of our company and that we would advise him of the results within a few weeks.

C
E
(17) In [REDACTED] our activities were limited to [REDACTED] and a check of the harbor and the types of vessels seen in the Persian Gulf. We were advised that the most commonly used [REDACTED]

~~CONFIDENTIAL~~
E [redacted] and arranged a meeting
[redacted] Following the meeting we decided that there
was little probability of establishing a network in [redacted]
[redacted] and left to return to the US.

Results/Findings:

E 1. It is possible to infiltrate goods and/or people into
Iran from [redacted]. The skeletal structure of such a
network is in place, and requires only a go-ahead and money
to set into operation.

(U) 2. A means of checking such a network could be set up in
parallel with very little additional effort.

(U) 3. The variety of vessels in the Gulf is such that the use
of ships to move large equipment items close to the Iranian
coast is a most viable option.

(C) 4. Any efforts to use [redacted] should be abandoned.
From all indications, it is unlikely that any [redacted]
could be found who would support us, and more importantly,
such activities might damage efforts in support of Afghan
rebel forces.

Recommendation:

E (U) 5. That an appropriate US intelligence agency take additional
action to affirm the indicated potential for introducing
elements of a future rescue force into Iran through [redacted]
and exercise this option on a test basis as soon as possible.

MEMORANDUM FOR RECORD
Subject: Commercial Assistance Coordination

1. On 2 June 1980 the undersigned met with several businessmen in the private offices of Mr. Ross Perot in Dallas, Texas. All conversations were conducted under very tight physical and telephonic security and were recognized as very confidential and sensitive. The topics discussed were:

(u) (S) The modification of OH58C helicopters to allow them to be rolled on/rolled off C-130/C-141 aircraft without any dismantling. Discussed only with General McKinnon, executive of the Bell Aircraft Corporation and Mr. Perot.

(u) (S) Private travel to [redacted] Discussed only with Mr. Perot.

(u) (S) Development of a financial "Angel" to support and coordinate hostage gift program in association with a program of assisting the families [redacted] This was discussed with Mr. Perot and Mr. [redacted] who performed a similar function for the [Vietnam POW] families.

2. All discussions ended in a positive note; offers of support from each of the principals concerned. A summary of the results follows:

(u) (S) Bell can and will modify one OH58C within days and make it available for test. Once we are assured the modification will suffice, Bell technicians working in their production facilities ;or working with Army Helicopter Specialists at Corpus Christi can provide 15-20 sets of modified skids by 20-24 June 1980. General McKinnon will forward engineer drawings of modifications by Wednesday. Data will include model numbers for the gun kits that can be attached to the OH58C. General McKinnon also stated the civilian equivalent to the OH58C, the Jet Ranger, comes in a longer (L) model with a greater passenger capacity and depending on production schedules, upwards of six of these airframes conceivably could be made available if we saw a need. General

~~TOP SECRET EYES ONLY~~

McKinnon also said they could provide flight training on 214's (min required for Huey pilot) but advised against assuming use of IAF 214 as reliable procedures were not adhered to.

E
C, G
✓

b. Regarding a visit by Mr. [REDACTED] in a civilian capacity [REDACTED]

pending a face to face assessment of Mr. [REDACTED] Meeting time to be determined by mutual agreement. (I did not mention the following to Mr. Perot, but believe Mr. Perot would more readily sponsor this particular venture if either [REDACTED] were to accompany Mr. [REDACTED].

C, G

c. In discussing the matter of support for the hostage families [REDACTED] both Mr. Perot and Mr. [REDACTED] believe a well coordinated program could be developed [REDACTED]

[REDACTED] of moral support both for the hostages and their families. Mr. [REDACTED] was going to talk it over with two "Financial Angel" candidates and would be back in contact later in the week. [REDACTED]

(U) (S)

5. During discussions with General McKinnon, the General made several other points/suggestions:

(U) (S)

a. Use, fly and test our own equipment.

(U) (S)

b. Bell has several senior technical people on its flight line that would be willing to provide maintenance expertise if needed.

(U) (S)

c. Believed older Army WO maintenance types could also do the job.

E

d. Suggested we move a unit of CH-47's into Europe, the Med then [REDACTED] and leave them or rotate and consider using 47's with auxilliary fuel tanks as principal lift birds.

~~TOP SECRET EYES ONLY~~

(u)

~~(S)~~ Mentioned 30-40 million dollars of spare parts ordered by IAC but unpaid for that remain embargoed by Treasury Department.

(u)

~~(S)~~ Believed that a IAF 214 and Cobra are at Ft Rucker.

G 
Lieutenant Colonel, USAF

Intelligence Historical Report
J2, JTF 1-79

SUBJECT: Identification/Acquisition of Farsi Linguists to

A (S) Support (SFOD-D) [REDACTED]

TIMEFRAME: November 1979 - March 1980

SUMMARY:

- A
1. (S) COMJTF directed that US military personnel who speak Farsi be obtained to support (SFOD-D) [REDACTED] phase for RICEBOWL night no. 2. Minimum of 12 required.
 2. (S) Linguists would [REDACTED] Iranian [REDACTED] to insure that they did not disclose true nature of [REDACTED] if stopped at Iranian [REDACTED]
 3. Due to paucity of Iranian [REDACTED] some monitors subsequently became [REDACTED]
 4. (U) (S) Initial lists of 3-listening/3-reading qualified personnel (maximum levels possible through language schools) obtained through JTF Service and DIA POC's. Additional names provided by JTF personnel who were acquainted with Farsi linguists.
 5. (S) Likely individuals brought TDY to Washington, D.C. for interview by JTF/J2 personnel (posing as DIA representative searching for linguists to support DIA Iranian Task Force). [REDACTED] provided Farsi linguist used at beginning of interview to test subject's conversational Farsi.
 6. (U) (S) Subjects not considered qualified during the interview, or those who failed to volunteer for an unnamed hazardous [REDACTED]

~~TOP SECRET~~

mission requiring Farsi linguists, signed a security statement and were returned to their units.

A,C
7. ^(U) Subjects who were qualified and who volunteered entered the [redacted] SFOD-D [redacted] training program. Subjects were continuously assessed during this training period.

A
8. ^(U) Approximately 50 personnel of all Services were interviewed. Eight personnel met the qualifications and volunteered. Of those, only 6 completed [redacted] training and were ultimately integrated into SFOD-D for training.

COMMENTS:

1. ^(U) Services do not have rapid means to obtain accurate lists of language-qualified personnel. Further search was always required.
2. ^(U) Native linguists who have not taken a language test are not included in such lists. Nor are OSI personnel and personnel on the DA Special Roster (DASR).
3. ^(U) Personnel with a recorded 3/3 capability are often totally incapable of conversing in their foreign language.

OTHER RELATED ITEMS:

Item Number: _____

Intelligence Historical Report
J2, JTF 1-79

SUBJECT: Exercise Intelligence

TIMEFRAME: July 1980-December 1980

SUMMARY:

1. (U) (S) J-2 became actively involved in Exercise Intelligence with Poison Dart. Exercise Trade Winds and Storm Cloud followed with Exercise Intelligence utilized.
2. (U) (S) Intelligence planning for the exercises took place 1-3 days prior to the operational planning.
3. (U) (S) J-2 established a presence at all critical points of the exercise. Attendance at site surveys greatly enhanced the role J-2 could play in the exercise information phase.

COMMENTS:

1. (U) (S) Map needs are the first major requirement that creates problems in operational exercise planning. An adequate supply of large and small scale maps must be on hand for the planning conference. The maps must cover the sites as well as routing.
2. (U) (S) Intelligence must press J-3 for their preplanning ideas prior to the operators planning conference. Intelligence requirements can only be determined if J-3 provides information on planned sites/routes prior to the operators planning conference.
3. (U) (S) Photography of the sites as well as proposed turn points on the routing will be required for operational (Safety) planning. J-2 presence on the site/route planning is essential to help provide this information.

DECLASSIFY ON OADR

~~TOP SECRET~~

(U)
4. (S) OPSEC was a major problem on the first exercise planning conference. Although the problems were rectified on the spot, the same control access procedures, secure areas, unsecure telephone line use and inadvertent disclosure problems can all easily arise again.

(U)
5. (S) Because accurate distance/time planning factors from the real world situation were automatically included into the operators figures, [threat rings, radar detection areas, altitude restrictions] and other intelligence factors were added in after initial operational planning. While this is admittedly backwards, the main reason ^{FOR} of the exercise was to test operational feasibility against already known real world parameters. This method of intelligence planning should be used only in rehearsal or real-world-connected exercises.

A
6. (S) ISOW provided the majority of the map/photo support for several of the exercises for all participants. This responsibility should not be automatically placed on their shoulders ^{without their prior knowledge and consent} but should be provided by [redacted]

RECOMMENDATIONS:

- (U)
1. (S) J-2 participate actively in all phases of ~~exercise~~ ^{MISSION REHEARSAL} planning, including site surveys.
- (U)
2. (S) J-2 act to provide all map/photo support for ~~exercise~~ ^{REHEARSAL} planning.
- (U)
3. (S) J-2 provide a roster of pre-mission intelligence briefers for all units. The majority of these briefers should be from the J-2 shop and the burden should not be placed on the individual units.

(u)
3. (u)

J-2 coordinate with J-3 well in advance of the operator's planning session. Exercise areas, routing, threat analysis and parameters should be agreed upon prior to the operators planning session.

4. (u) J-2 create a situation which will provide a cover story for all units involved in the exercise. The situation should be realistic but not connected to the real world.

~~6. (u) During connections between real world and exercise names, places, actions and codes created numerous OPSEC problems.~~

5. (u) Exercise Poison Dart intelligence section provided assumptions close to the real world. However, ~~Operations~~ ^{EXERCISES} Trade Wind and Storm Cloud provided enough similarity in exercise needs but were dissimilar enough to be misleading if the exercise mission were disclosed (see Atch 1).

U.S. ARMY QUARTERMASTER SCHOOL AIRBORNE (RIGGERS) COL [REDACTED]

1. (U) (S) SITUATION:

A. (S) GENERAL: SINCE THE TOPPLING OF THE KILOGRAM GOVERNMENT, WHICH IN THE PAST HAD BEEN FRIENDLY AND HAD SUPPORTED U.S. INTERESTS IN THIS REGION, THE REVOLUTIONARY COMMITTEE, DOMINATED BY RADICAL LEFT WING GROUPS, HAS DIRECTED CONSTANT PROPAGANDA AGAINST THE U.S. GOVERNMENT BLAMING INTERNAL PROBLEMS ON U.S. INTERFERENCE IN KILOGRAM'S AFFAIRS AND THE U.S. CONTROL OVER THE PREVIOUS GOVERNMENT. THIS RESULTED IN A STAGED POPULAR TAKE-OVER OF THE U.S. EMBASSY IN LEMONADE (TERRY), A CONSULATE IN GOULASH (GERMAN VILLAGE) AND A U.S. MILITARY ASSISTANCE ADVISORY GROUP IN DIOXIDE (ROSWELL WET). U.S. PERSONNEL WERE CAPTURED, HAVE BEEN HELD AT THOSE SITES, AND ARE TO BE TRIED AND POSSIBLY EXECUTED IN THE NEAR FUTURE. THE NCA HAS DIRECTED THAT PREPARATION FOR A RESCUE EFFORT BE IMMEDIATELY INITIATED.

B. (U) (S) ENEMY: THE COUNTRY OF HEMSTEAD AND CHESTERBROOK BORDERING KILOGRAM ARE HOSTILE TO THE U.S. AS WELL AS KILOGRAM. HOWEVER, HEMPSTEAD, DUE TO ITS EXTREME ANTI-U.S. NATURE, WOULD WARN KILOGRAM OF ANY U.S. ATTEMPT TO RESCUE THE U.S. CITIZENS. ALTHOUGH KILOGRAM ARMORED FORCES ARE NOT FULLY PROFICIENT IN UTILIZING AND MAINTAINING ALL OF THEIR AVAILABLE MILITARY ASSETS THEY HAVE A REASONABLE CAPABILITY TO PROTECT KILOGRAM FROM INTERVENTION BY WELL ARMED NEIGHBORS AND PRESENT AN EXTREMELY HOSTILE ENVIRONMENT TO THE U.S. RESCUE EFFORT.

C. (U) (S) FRIENDLY: THE COUNTRIES OF SHAMROCK AND VENDETTA ARE SYMPATHETIC WITH THE U.S. AND HAVE GRANTED THE U.S. GOVERNMENT OVERFLIGHT RIGHTS AND STAGING FACILITIES AT HURLBURT FIELD (SHAMROCK) AND FT HOOD, (VENDETTA).

Atch 1

2. (u) (S) MISSION: JTD POISON DART WILL PENETRATE THE COUNTRY OF KILOGRAM AND CONDUCT SIMULTANEOUS GROUND AND/OR AIR ASSAULT OPERATIONS TO RESCUE THE U.S. CITIZENS BEING HELD AT THE FOLLOWING LOCATIONS:

U.S. EMBASSY LEMONADE (TERRY AUX): 30 CITIZENS
U.S. CONSULATE GOULASH (GERMAN VILLAGE): 11 CITIZENS
U.S. MAAG DIOXIDE (ROSWELL WET): 11 CITIZENS

3. (u) (S) EXECUTION:

A. (u) (S) CONCEPT OF OPERATIONS: JTD POISON DART FORCES WILL DEPLOY TO AND OPERATE FROM SHAMROCK (FIXED WING/SUPPORT) AND VENDETTA (ROTARY WING/SUPPORT). JTD FORCE WILL THEN PENETRATE THE COUNTRY OF KILOGRAM AND AT "H" HOUR (28/0836Z), CONDUCT THE SIMULTANEOUS RESCUE OF U.S. CITIZENS BEING HELD AT THE U.S. EMBASSY AT LEMONADE, THE U.S. CONSULATE AT GOULASH, AND THE U.S. MAAG AT DIOXIDE. PRIOR TO OR IN COORDINATION WITH THE RESCUE AT H-HOUR, JTD FORCES WILL SEIZE AND SECURE THE FOLLOWING AIRFIELDS TO BE USED IN SUPPORT OF THE RESCUE:

SPEAKEASY (DUGWAY DIRT STRIP)
LETTERHEAD (MICHAEL AAF)
SOMBRERO (CONDON AAF)
CHICKORY (CANNON AFB)

(1) (u) (S) GENERAL:

(A) (u) (S) LEMONADE (RESSE AFB/TERRY AUX) EMBASSY ASSAULT: FOLLOWING MC-130 RANGER AIR ASSAULT AND SEIZURE OF CHICKORY (CANNON AFB), A COMPOSITE FORCE OF RANGERS AND DELTA WILL BE AIRLIFTED BY H-53 AND H-60 HELICOPTERS TO RESCUE THE U.S. CITIZENS AT LEMONADE (TERRY AUX). THIS FORCE WILL AIR LAND AT KEY LOCATIONS ON LEMONADE, ARRIVING AT H-HOUR. THE GROUND FORCES WILL SECURE THE AREA, NEUTRALIZE OPPOSITION AND LIBERATE THE PRISONERS. BOTH THE GROUND FORCES AND THE LIBERATED PRISONERS WILL BE AIRLIFTED VIA HELICOPTER TO CHICKORY (CANNON AFB), TRANSLOADED TO FIXED WING AIRCRAFT AND EGRESS THE HOSTILE TERRITORY.

(B) (u) (S) DIOXIDE (ROSWELL) MAAG ASSAULT: FOLLOWING MC-130 RANGER AIR ASSAULT AND SEIZURE OF CHICKORY (CANNON AFB), THE HELICOPTER ASSAULT FORCE CONSISTING OF H-53 AND H-60 AIRCRAFT WILL AIRLIFT A COMPOSITE FORCE OF DELTA AND RANGERS TO RESCUE THE U.S. CITIZENS HELD AT DIOXIDE. HELICOPTERS WILL AIR LAND THE GROUND ASSAULT FORCES INSIDE THE COMPOUND AND EGRESS THE AREA TO THE PZ/EZ. THE GROUND ASSAULT FORCE WILL SECURE THE COMPOUND, NEUTRALIZE THE OPPOSITION, LIBERATE THE PRISONERS, AND ESCORT THEM TO THE PZ/EZ WHERE THE ENTIRE FORCE IS LOADED ON THE HELICOPTERS AND FLOWN TO SOMBRERO (CONDON AAF) FOR TRANSLOADING ABOARD FIXED WING AIRCRAFT AND EGRESS THE HOSTILE TERRITORY.

6. (S) INTELLIGENCE:

A

(U) (S) STRATEGIC SETTING: JOINT TRAINING EXERCISE POISON DART WILL BE HELD UTILIZING HURLBURT FLD, FL; FT HOOD, TEXAS; TERRY AUX AFLD (REESE); ROSWELL WET SITE (ROSWELL AND DUGWAY); (MICHAEL AFLD, GERMAN VILLAGE, AND DUGWAY SITE). THIS IS A JCS COORDINATED, JTD SPONSORED EXERCISE INVOLVING THE DEPLOYMENT OF ASSETS FROM 1 SOW, MAC, SAC, TAC, 101ST, RANGERS AND DELTA. THE STRATEGIC SETTING IS A REPRESENTATION OF WORLD-WIDE CAPABILITIES IN A HOSTILE ENVIRONMENT.

(U) B. (S) SETTING COUNTRIES: IN THE EXERCISE STRATEGIC SETTING, COUNTRY KILOGRAM IS SURROUNDED ON 3 SIDES BY COUNTRIES INIMICAL TO THE U.S. INTERESTS. ON ONE SIDE (S/E) THERE ARE FRIENDLY, COOPERATIVE COUNTRIES WHICH HAVE ALLOWED U.S. FORCES USE OF THEIR TERRITORIES AS LANDING/STAGING SITES AT HURLBURT (SHAMROCK) AND FT HOOD (VENDETTA).

(U) C. (S) POLITICAL SITUATIONS:

(U) (1) (S) COUNTRY KILOGRAM HAS LONG BEEN FRIENDLY TO THE U.S. GOVERNMENT AND HAS SUPPORTED THE U.S. IN MANY COMMON REGIONAL AREAS OF INTEREST. KILOGRAM HAS HAD A LONG HISTORY OF VIOLENT INTERNAL OPPOSITION TO THE CONTROLLING POWERS IN ITS GOVERNMENT. GOVERNMENT FORCES USED BRUTAL METHODS IN THE PAST ATTEMPTING TO ERADICATE ANTI-GOVERNMENT (VIOLENT) ORGANIZATIONS, BUT DID NOT SUCCEED IN SUPPRESSING THEM. OPPOSITION TO THE GOVERNMENT'S POLICIES SPREAD AND VARIOUS SUBVERSIVE ORGANIZATIONS BANDED TOGETHER TO INCITE THE POPULATION TO OVERTHROW THE GOVERNMENT.

(U) (2) (S) DESPITE ITS LARGE ARMED AND SECURITY FORCES, THE GOVERNMENT WAS UNABLE TO CONTROL THE POPULAR REACTION AS ARMED FORCES MEMBERS DEFECTED IN LARGE NUMBERS TO THE OPPOSITION.

(U) (3) (S) AFTER A MASSIVE COUNTRY-WIDE STRIKE, THE GOVERNMENT FELL AND REPRESENTATIVES OF THE SUBVERSIVE FORCES WERE FORMED INTO A REVOLUTIONARY COMMITTEE, DOMINATED BY RADICAL LEFT WING GROUPS. A "PEOPLE MILITIA" WAS FORMED, LED BY THE RADICAL LEFT WING ELEMENT, WITH ADEQUATE POWER TO ENFORCE THE REVOLUTIONARY COMMITTEE DECREES.

(U) (4) (S) ALL KILOGRAM'S PROBLEMS WERE BLAMED ON U.S. INTERFERENCE IN KILOGRAM'S AFFAIRS AND THE U.S.'S "CONTROL" OVER THE PREVIOUS GOVERNMENT. AS A RESULT OF CONSTANT PROPAGANDA AGAINST THE U.S., POPULAR SENTIMENT, INCITED BY THE RADICAL "PEOPLES MILITIA", LED TO A "POPULAR" ATTACK ON THE U.S. EMBASSY IN TERRY (LEMONADE) -- A CONSULATE IN GERMAN VILLAGE (GOULASH) -- AND A U.S. MILITARY ASSISTANCE ADVISORY GROUP IN ROSWELL WET (DIOXIDE).

(U)

(5) (S) THE U.S. CITIZENS TAKEN HOSTAGE ARE TO BE TRIED AND PROBABLY EXECUTED IN THE NEAR FUTURE. THE PRESIDENT HAS DECIDED THAT A RESCUE EFFORT WILL COMMENCE BY 27 SEPTEMBER.

(U)

D. (S) MILITARY SITUATION: MILITARY FORCES FROM HEMPSTEAD AND CHESTERBROOK HAVE LONG BEEN ARRAYED AGAINST KILOGRAM. BOTH HAVE TERRITORIAL DESIGNS ON KILOGRAM AND BOTH WANT ACCESS TO KILOGRAMS LARGE RARE MINERAL DEPOSITS. AS A RESULT OF THE LONGSTANDING FEUD BETWEEN KILOGRAM AND ITS NEIGHBORS, KILOGRAM HAS PURCHASED VAST AMOUNTS OF THE LATEST MILITARY HARDWARE FROM THE U.S. AND OTHER WESTERN NATIONS. ALTHOUGH KILOGRAM'S ARMED FORCES ARE NOT FULLY PROFICIENT IN UTILIZING AND MAINTAINING ALL OF THE MILITARY ASSETS AVAILABLE, THEY HAVE A REASONABLE CAPABILITY TO PROTECT KILOGRAM FROM ASSAULT BY WELL-ARMED NEIGHBORS AND THEY PRESENT A HOSTILE ENVIRONMENT TO THE U.S. RESCUE EFFORT.

(U)

E. (S) POLITICAL ALLIANCES: HEMPSTEAD AND CHESTERBROOK ARE HOSTILE TO THE U.S. AS WELL AS TO KILOGRAM. HOWEVER, DUE TO ITS EXTREMELY ANTI-U.S. NATURE, HEMPSTEAD, IN THE NORTH, WOULD WARN KILOGRAM OF ANY U.S. ATTEMPT TO RESCUE THE U.S. CITIZENS HELD IN KILOGRAM. SHAMROCK (HURLBURT) AND VENDETTA (FT HOOD) ARE SYMPATHETIC WITH THE U.S. AND HAVE GRANTED THE U.S. STAGING AND QVERFLIGHT RIGHTS.

I. (S) WEATHER: (SEE CHART ON FOLLOWING PAGE)

(A) (S) LATE SEPTEMBER THROUGH OCTOBER IS A WEATHER TRANSITION PERIOD WITH THE COUNTRY OF KILOGRAM AND THE SURROUNDING COUNTRIES STILL RECEIVING AFTERNOON THUNDERSTORMS AND RAINSHOWERS BUT ALSO IMPACTED BY THE FIRST POLAR FRONTAL PASSAGES OF THE YEAR. FRONTAL SYSTEMS WILL INCREASE CLOUD COVER, DECREASE CEILINGS, PRODUCE INCREASED RAINSHOWERS, AND THUNDERSTORMS AND GUSTY, SHIFTING SURFACE WINDS. THE COUNTRIES WILL BEGIN RECEIVING LOW CEILINGS AND VISIBILITIES DUE TO FOG AND STRATUS.

(B) (U) TEMPERATURE RANGE FROM AN AVERAGE DAILY MINIMUM TEMPERATURE OF 49 DEGREES F AT LEADERHEAD TO AN AVERAGE DAILY MAXIMUM TEMPERATURE OF 87 DEGREES F AT SHAMROCK. ADDITIONAL DATA CAN BE OBTAINED FROM THE ATTACHED CLIMATOLOGY FOR EACH STATION. MOONRISE VARIES FROM 0222 TO 0356Z AND MOONSET FROM 1606 to 1814Z, WITH 91% DUSK DURING THE EXERCISE PERIOD.

(C) (U) SEPTEMBER AND OCTOBER ARE INCLUDED IN THE HURRICANE SEASON AND COAST LINE AREAS MIGHT BE IMPACTED BY TROPICAL STORMS.

~~SECRET//NOFORN~~

~~SECRET~~

1. SITUATION:

A. GENERAL: A RADICAL THIRD WORLD NATION, HATCHET, HAS FORCED DOWN AN AMERICAN AIRLINER, FLYING OVER INTERNATIONAL AIRSPACE, WHILE CLAIMING THAT THE AIRLINER VIOLATED HATCHET'S AIRSPACE. THE AIRLINER, A CHARTERED U.S. JET, HELD 150 PASSENGERS, 100 OF WHOM WERE U.S. CITIZENS AND 50 WHO ARE FOREIGN NATIONALS. WITHIN HOURS, ALL 50 FOREIGN NATIONALS WERE RELEASED: BUT THE AIRCRAFT, ITS AMERICAN CREW, AND ALL U.S. CITIZENS WERE HELD.

HATCHET'S PRESIDENT-FOR-LIFE CLAIMS THAT THE AIRCRAFT WAS ON A SPYING MISSION FOR THE U.S. AND THAT SOME OR ALL OF THE U.S. CITIZENS ABOARD ARE RESPONSIBLE FOR SPYING.

HATCHET PLANS TO USE THE AIRCRAFT, ITS CREW, AND THE U.S. CITIZENS TO EXTORT VAST SUMS AND A U.S. GUARANTEE OF SUPPORT FOR ITS DISPUTED CLAIMS TO A NEIGHBORING COUNTRY'S CRITICAL ORE DEPOSITS IN AN UPCOMING U.N. COUNCIL.

A SEARCH HAS LOCATED THE DETAINED PASSENGERS AND CREW (HEREAFTER REFERRED TO AS "DETAINEES") IN A LARGE CITY WITHIN HATCHET. THE PASSENGERS ARE HELD IN A LARGE CITY PRISON, PORTHOLE. THE CREW IS BEING DETAINED AT A NEARBY POLICE FACILITY, OCTAGON.

THE OBJECTIVE OF ~~██████~~ EXERCISE TRADE WIND IS TO RECOVER THE DETAINEES SAFELY.

B. THE COUNTRY OF HATCHET IS EXTREMELY HOSTILE TO THE U.S. NEIGHBORING COUNTRIES, WHILE HOSTILE TO BOTH THE U.S. AND HATCHET, WOULD NONETHELESS PROBABLY WARN HATCHET OF ANY U.S. ATTEMPT TO FREE THE DETAINEES.

ALTHOUGH HATCHET'S ARMED FORCES ARE RELATIVELY INEFFICIENT, THERE ARE ADEQUATE MILITARY RESOURCES TO PRESENT AN EXTREMELY HOSTILE ENVIRONMENT TO ANY U.S. RECOVERY ATTEMPT.

C. THE COUNTRIES SOUTH OF HATCHET ARE SYMPATHETIC TO THE U.S. AND HAVE GRANTED THE U.S. OVERFLIGHT RIGHTS AND A FEW STAGING FACILITIES. THESE FACILITIES, QUICK SILVER (HURLBURT) AND GARNISH (HUNTER AAF) ARE IN SUFFICIENTLY REMOTE AREAS TO ALLOW SHORT TERM USE WITHOUT DRAWING UNDUE ATTENTION.

Atch 2

~~SECRET~~

ATCH #2

~~SECRET~~

1. SITUATION:

A. General: A wealthy, radical "third world" nation, Calivada, is in the final stages of becoming a nuclear power. Peaceful nuclear facilities purchased from European nations have helped this process. Recently this nation has decided to speed the process by secretly kidnapping three U.S. nuclear physicists and stealing components and plans for nuclear weapons. The self-proclaimed President-For-Life of Calivada has clearly stated that he will attempt to use his future nuclear capability to coerce the U.S. on a number of regional issues.

The U.S. has confirmed that Calivada was responsible for the kidnapping and theft. An exhaustive search has located the U.S. physicists and the plans/components (hereafter collectively referred to as "critical cargo") in a large city within the country.

The physicists are being held in a government research office, Bacon, while the plans and components are being kept at a nearby research facility, Limestone.

The objective of ~~JTD~~ Exercise STORM CLOUD is to recover the critical cargo intact and the physicists alive and well.

B. Enemy: The country of Calivada is extremely hostile to the U.S. Neighboring countries of Arizona and New Mexico, while hostile to both the U.S. and Calivada, would nonetheless probably warn Calivada of any U.S. attempt to recover the critical material. Although Calivada's armed forces are relatively inefficient, there are adequate military resources available to present an extremely hostile environment to any U.S. recovery attempt.

C. Friendly: The countries east of the Mississippi are sympathetic to the U.S. and have granted the U.S. overflight rights and a few staging

~~SECRET~~

ATCA #

~~SECRET~~

facilities. These facilities are in sufficiently remote areas to allow short-term use without drawing undue attention.

6. Intelligence:

A. Strategic Setting: Joint Training Exercise STORM CLOUD will be held utilizing the following: Hurlburt Field, Fla; Ft. Bragg, N.C.; Ft. Campbell, Ky.; Edwards AFB, Ca.; Indian Springs Aux., Nev.; Desert Rock Aux., Nev.; and Nevada Test Site. This is a JCS coordinated, JTD sponsored exercise. The setting is a representation of world-wide capabilities in a hostile environment.

B. Setting Countries: In the exercise strategic setting, country Calivada is surrounded by countries inimical to its own as well as to U.S. interests. In the region there are friendly countries which will allow U.S. forces use of their territories as landing/staging sites, as long as the influx of forces are kept as inconspicuous as possible.

C. Political Situations: Country Calivada has long been suspicious of U.S. and European motives in the region. Despite Calivada's continuing attempts to rid the region of U.S. and European influence, it has continued to do business and purchase arms from both. Calivada is also regarded by its neighbors as being a threat to the stability of the area. Its neighbors suspect Calivada of planning to develop a nuclear capability that will allow it not only to influence U.S. actions, but to intimidate its neighbors as well. There is ample reason for this suspicion, as Calivada has had historical territorial designs on its neighbors as well as a history of irrational actions.

~~SECRET~~

~~SECRET~~

Colivada's armed forces, while inefficient by Western standards, is one of the largest and best equipped in the area. Colivada has shown itself to be extremely security conscious and has attempted to arm itself with the best and latest military equipment.

TO [REDACTED] RANGERS/S2/S3

SUBJ: INTELLIGENCE DATA

1. (C) THE FOLLOWING INFORMATION ON LZ PEGGY IS PROVIDED FOR USE IN EVERGLADE PLANNING:
 - (A) THREAT ASSESSMENT - PEGGY (345839N/05048E) (2E)
DESCRIPTION: A 10,900 X 148 FOOT ASPHALT AIRSTRIP WITH PARALLEL TAXIWAY AND 2 LINKS. LZ IS LOCATED APPROXIMATELY 50 NM SW OF TEHRAN AND APPROXIMATELY 20 NM NORTH OF QOM.
 - (B) ON SITE THREAT AS OF 13 NOV 80 CONSISTED PROBABLY OF 12-15 PERSONNEL SINCE 7 VEHICLES, 1 FIRETRUCK (PROBABLE 4 MAN CREW) AND ONE TRUCK MOUNTED CRANE WERE OBSERVED ON THE AIRFIELD COMPLEX.
 - (C) ONE AND ONE HALF KM SE OF RUNWAY AND ACROSS THE HIGHWAY CONSTRUCTION CAMP. ACTIVITY LEVEL HAS BEEN BASICALLY STATIC WITH APPROXIMATELY 40 VEHICLES IN AND AROUND THE CAMP AREA. THE EQUIPMENT AND VEHICLES ARE THE TYPE NORMALLY ASSOCIATED WITH ROAD CONSTRUCTION. IF THERE WERE SUFFICIENT PERSONNEL TO MAN ALL OF THE VEHICLES AT ONCE, THE PROBABLE THREAT WOULD RANGE UP TO 50-70 PERSONNEL COMPOSED OF EQUIPMENT OPERATORS, MAINTENANCE PERSONNEL AND SUPERVISORS. GIVEN THE TYPE OF WORK OF THE PERSONNEL AT THE CAMP, THE ONLY ARMS TO BE ENCOUNTERED WOULD LOGICALLY BE SMALL ARMS (PROBABLY NO MACHINEGUNS OR HEAVY WEAPONS). PERSONNEL AT THE CAMP COULD REACT TO A FORCE INSERTION ON PEGGY WITHIN 10-15 MINUTES, HOWEVER, DUE TO THE CURRENT SITUATION OF INCREASED ACTIVITY AT PEGGY BECAUSE OF THE IRAN-IRAQ WAR, AIR ACTIVITY AT PEGGY WOULD NOT RAISE INORDINATE CURIOSITY AND WOULD PROBABLY DELAY ANY INVESTIGATION BY CAMP PERSONNEL.

~~SECRET~~

~~CONFIDENTIAL~~

SECRET

10 NM SOUTH OF PEGGY. ANY PERSONNEL STATIONED AT THIS LOCATION PRESENT LITTLE OR NO THREAT AS A DIRECT REACTION FORCE TO ACTIVITY ON PEGGY. PERSONNEL AT THE [AMMO STORAGE DEPOT] COULD INVESTIGATE ACTIVITY ON PEGGY WITHIN 30 MINUTES.

(E) THE CLOSEST PARA-MILITARY FORCES WOULD FIRST COME FROM QOM (20 NM SOUTH OF PEGGY). THERE ARE 4 GENDARMARIE POSTS IN THE QOM CC DISTRICT. THE DISTRICTS ARE LOCATED AT [QOM 343900N/0505200E, KUSHK-E NOSRAT 350700N/0505400E, QOMRUD 344400N/0510400E, AND TAGHARUD 344400N/0503000E]. THESE 4 POSTS ARE CAPABLE OF DETECTING AND REPORTING UNUSUAL AIR ACTIVITY IN THE QOM AREA. OF THESE ONLY THE POST AT [KUSHK-E NOSRAT] IS CLOSE ENOUGH (9 NM) TO QUICKLY INVESTIGATE ACTIVITY AT PEGGY. ADDITIONALLY, ONLY THE POSTS AT [KUSHK-E NOSRAT AND QOM] HAVE GOOD ROAD ACCESS TO PEGGY. GENDARMARIE POSTS TYPICALLY HAVE 7-10 PERSONNEL. IF IMMEDIATELY ALERTED TO A US FORCE AT PEGGY, THE [KUSHK-E NOSRAT] POST COULD PROBABLY INVESTIGATE WITH 3-4 PEOPLE WITHIN 15-30 MINUTES.

(F) THE NUMBER OF PARAMILITARY FORCES AT QOM IS UNKNOWN. IF A REACTION FORCE OF 100-200 REVOLUTIONARY GUARDS WERE AVAILABLE AND ABLE TO RESPOND, THE EARLIEST ARRIVAL WOULD PROBABLY BE 45 MIN TO 1 HR. 200 PERSONNEL WOULD REQUIRE 8-10 TWO AND HALF TON TYPE TRUCKS OR 4-5 BUSES FOR TRANSPORTATION. BEING PARAMILITARY, THE REV GUARDS DO NOT HAVE LARGE NUMBERS OF TRUCKS IMMEDIATELY AVAILABLE.

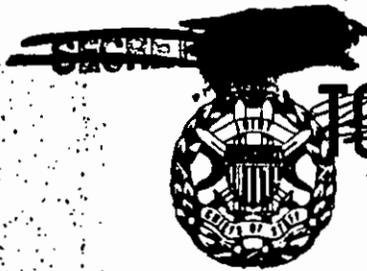

(G) ORDER OF BATTLE HOLDINGS AS OF 13 OCT 80 SHOW [NO REGULAR ARMY UNITS] IN THE VICINITY OF PEGGY (INCLUDING QOM). REGULAR MILITARY FORCES STATIONED IN TEHRAN COULD REACT TO ACTIVITY AT PEGGY WITHIN ONE AND ONE HALF TO TWO HOURS IF SUCH A FORCE WERE ON AN ALERT STATUS FOR SUCH A CONTINGENCY. MAXIMUM PROBABLE REACTION FORCE WOULD BE CO (PLUS) TO ARRIVE WITHIN 2 HOURS.

(H) GIVEN IMMEDIATE DETECTION AND ALERT NOTIFICATION OF A US FORCE AT PEGGY, IIAF COULD PLACE [REDACTED] ON PEGGY WITHIN [REDACTED] [REDACTED] COULD REACT WITHIN [REDACTED] ORDANANCE UPLOADED WOULD BE [REDACTED]

(I) (SUMMARY) BASED ON CURRENT POLITICAL, MILITARY AND CIVILIAN SITUATION, THE WAR BETWEEN IRAN AND IRAQ AND SHORTAGE OF POL FOR CIVILIAN TRAVEL IT IS REASONABLE TO POSTULATE AT LEAST 2 HRS OF OPERATION ON PEGGY BEFORE ANY MAJOR INVESTIGATION OR REACTION. THIS ASSUMES UNDETECTED ARRIVAL AT PEGGY.

MEMO TO: General Jones
Through: LTG PUSTAY

- 1. The attached memo summarizes yesterday's meeting on Snowbird Air
- 2. General Vaughn's overview covered the status of training for:

Delta 1st Sout (130's)
Rangers C-141B's
and Helos - HH-53
CH-47
UH-60

3. Vaughn's overall estimate is, that of the intelligence, he could be ready to execute in about 3 weeks.

4. In addition to the mentioned in para. 3, also writing on [redacted] by the guards.

5. A question was raised concerning [redacted] to notify when exploratory mission goes. [redacted] consensus was that Ambassador should be told, not by State, but by NSI for the President - Odom agreed.

6. If you have detailed questions, I'd be glad to debrief. *Very* Chuck [redacted]

THE JOINT STAFF

30 July 1980

MEMORANDUM FOR THE SECRETARY OF DEFENSE

Subject: SNOWBIRD Intelligence Status (TS)(U)

1) On 23 July a meeting was held at the request of MG Vaught in Special Operations Division to review status and progress of intelligence actions and initiatives to satisfy SNOWBIRD requirements. The meeting was attended by LTG Gast, MG Vaught, MG Secord, RADM Gureck of OJCS, BG Odom (NSC Staff), Messrs [redacted] and COL's Pittman, [redacted]

6. (b) Accepting the combination of these two assessments, the SNOWBIRD staff has prepared a generic list of intelligence and mission support requirements and an implementation schedule. The support schedule which is outlined on the next page would require [redacted] if conducted sequentially. Time could be saved if some actions were accomplished in an overlap fashion. However, practically speaking [redacted] will be required to establish the necessary structure, unless forceful measures are taken to upgrade the priority accorded this project [redacted]

B, C

7. (b) Recommend priority of intelligence support to SNOWBIRD be addressed at senior levels of DOI [redacted]

INTELLIGENCE REQUIREMENTS

1 ^(S) The following generic description applies to all targets: two-three story masonry building within a walled compound; located in a suburban environment approximately 30 minutes helicopter flight time from an adequate fixed wing offset insertion site; and 30 minutes driving time (or 12 minutes helicopter flight time) from the nearest potential fixed wing extraction site.

2 ^(S) The following intelligence and mission support requirements apply to all target locations:

- a. [REDACTED]
- b. [REDACTED]
- c. [REDACTED]
- d. [REDACTED]
- e. [REDACTED]
- f. [REDACTED]
- g. [REDACTED]

Intelligence Historical Report
J2, JTF 1-79

SUBJECT: [REDACTED] Movement Concepts

TIMEFRAME: November 1979 - ^{April} February 1980

SUMMARY:

1. In November 1979, COMJTF directed that alternative [REDACTED] options be developed for movement of assault forces from air insertion point to targets in Tehran.
2. JTF obtained three personnel to conduct research and analysis of this subject. Two of these personnel had previously served in Iran and were familiar with the Tehran environment and types of vehicles normally seen in-country.
3. Planners were required to develop options that would meet most or all of following requirements:
 - a. ^{vehicles that are} C-130/C-141 transportable or available for acquisition in Iran prior to arrival of SFOD-D.
 - b. Movement of entire assault force with equipment from LZ to targets in one lift.
 - c. [REDACTED]
 - d. [REDACTED] without arousing suspicion.
 - e. [REDACTED] without arousing guard suspicion.
 - f. [REDACTED]
 - g. Assault force can rapidly [REDACTED]

OPERATIONS PLAN - PROPOSED PRIMARY TEHRAN CITY INGRESS TO

(U)
OBJECTIVE AREA

I. OBJECTIVE: To transport Delta strike force from helicopter laager zone (HLZ) to the AMEMB, Tehran (objective area). The success of this mission objective depends upon a number of tangible and intangible occurrences or restrictions that if not considered and contingencies developed could adversely effect the timing and completion of the mission. Preparation to meet the tangibles and work the intangibles is largely dependent upon a fundamental knowledge of the enemy -- in this case, the city and people of Tehran.

(U) II. BACKGROUND: Tehran is an old, if not an ancient, city. And only in recent years (from the early 1900s) has swelled to its modern-day size and congestion. As late as the 1920s, Tehran was centered around REY, the railroad station and north on Pahlavi to the old palace (approximately 5 KM north of the railroad station). When land for the present USEMB compound was acquired and the compound built, it was a source for jokes by Iranians: "The dummy Americans have built far out of town in the middle of a barren field." Since that time, Tehran has virtually mushroomed - primarily north and west, until the embassy is now considered in the "down town" area, surrounded by a maze of alley ways and congested streets laid out in an unplanned hodge-podge pattern that defies description and is totally alien to the western driver accustomed to reasonable degrees of traffic.

~~TOP SECRET~~

~~TOP SECRET~~

flow and organization. The secret to movement in Tehran is familiarity with the street patterns and thorough trip planning, regardless of the distance or direction involved. Inattentive "Sunday cruising" can lead to disastrous results: traffic jams and impromptu restrictions or bottle necks that can take hours to unsnarl. This ops plan, or concept for operations will address the trip planning portion of the equation; develop contingencies for the unexpected and provide for timing adjustment requirements or alternatives. The second portion of the equation must be completed by the selected drivers and monitors who must be intimately familiar with the routes, contingencies and alternatives.

SITUATION: Beyond the inherent complexities of movement in Tehran, we must assume that changes have taken place since the revolution a year ago. The types of changes and resulting effects are wide-ranging; some are discussed below.

- (u) a) ~~(S)~~ Lack of driver discipline: ~~Driver self-discipline, enforced or otherwise has never been big in Tehran, and to the casual western trained/experienced driver probably never seemed to exist at all. Rather than by discipline or law-abiding means, traffic flow is maintained through very subtle yet understood courtesies that have evolved from the Iranian's intellect, religion and traditions. He is bound by Islam to help his neighbors (fellow drivers) and treat them with respect; he is traditionally easy-going, friendly and courteous. The intellect that tips the scales~~

2
~~TOP SECRET~~

~~TOP SECRET~~

in the other direction is one of status, or his image as he perceives his peers to see him. The class distinctions that exist in all other facets of Iranian life disappear when he gets behind the wheel of a motor vehicle. His status or worth from that point on rests on his driving proficiency and how well he demands and gets the position he perceives is - or should be - his. If he is too far back in line he makes another. If traffic is moving too slowly, he feels justified in using the opposing side. If he wants to make a turn from the wrong lane, he will do it. ~~The fact that he stops traffic, causes jams and bottlenecks is not important, if his status is what he believes it is, all of the above can be executed arbitrarily simply by holding out one's hand, blinking the driving lights or blowing the horn.~~ It is this part of the Iranian intellect that makes ~~Tehran the most dangerous city in the world to drive in, it is impossible to drive in Tehran with any type of vehicle without planning for it, this type of driver, inattention, is the cause of many accidents or confrontation at any time in any city.~~ In the wake of the revolution with resulting decreased traffic enforcement and control of the populus, ~~this type of driver is in all probability more prevalent today and more willing to take even greater risks in his quest for status or position.~~

~~TOP SECRET~~

~~TOP SECRET~~

(U)
P

b) Changes in population density and location within the city.

With the revolutionary promise to institute the rights of the people and to allow all to share in the good things, the restrictions imposed against the masses, the poor and the uneducated have been lifted, allowing all to actively seek "higher ground," by whatever means at their disposal. In Tehran, this literally means moving to higher ground in the northern parts of the city -- if not for housing and life-style; at least for vocation. ~~It can be assumed that a large percentage of the poor people usually restricted to the squalor and congestion of the extreme southern parts of the city have, or are in the process of moving northward throughout the city.~~ That means that ~~street vendors, hawkers, beggars, children, shacks and small crowds should be expected to be present throughout the city at any time, day or night.~~ ~~At each slowing down or stopping point drivers and monitors should be prepared to deal with the beggars, vendors and children that will approach and possibly reach into the vehicle.~~ The amount of people involved could be as high as 5-6 but more likely 1-2. Discretion must be used in the handling of these situations. ~~Too much generosity only invites more of the same, while to totally ignore their presence may invite a small conflagration.~~ ~~A wave of the left hand to indicate "go!" or "huro!" should serve to keep the beggars, etc., moving. Such actions must be done~~

~~TOP SECRET~~

~~TOP SECRET~~

almost impassively - yet not without some degree of sternness with courtesy.

(u) (19) c. Presence of armed milita or "Khomiteh" personnel on the streets. Never in the history of the monarchy has the population been allowed to hold or maintain arms; the initial hours and days of the revolution changed that forever. Calls from the most respected government and religious leaders has resulted in minimum reaction by the people to turn in the arms they have stolen, confiscated or acquired from governmental or military agencies. ~~To have possession of a gun in Iran today is a significant status or position symbol.~~ For those previously in the lower and lower middle classes it is a symbol of great value whose authority and potential must be kept visual at all times. Possession of a weapon is the most important consideration towards becoming a member of a Khomiteh and an active part of the "new" ruling class. This extremely difficult step upwards by the uneducated masses can be easily transcended by using personal possession of a weapon as the status raising vehicle. With the possible exception of the upper and middle classes, proliferation of weapons of all types is wide spread throughout the country and is most dense within Tehran. Most gun-toters encountered will exude some authority - perceived or real - and will use it as an aid to traffic direction by an untrained teenager

~~TOP SECRET~~

~~TOP SECRET~~

to using it to guard hostages by a highly trained, perhaps radical special forces soldier. In any case confrontation with a weapon-bearing person should never be taken lightly -- nor immediately assumed to be a combat situation. The middle ground should be one of preparedness, not of reactivity. Iranians are not barbaric killers, further they (with the exception of the military) are not trained in the proper use of firearms. ~~In some cases envisioned~~

~~he will approach the subject's position, usually with the weapon in the ready position and any change upward from the ready position will be assumed to be an attempt to shoot. He should be allowed to assume a ready or not ready position as he sees fit. He should be allowed to ask questions and as the situation allows, quarrel with his slightly. He expects you to treat him with great respect, yet he has lived a life quarreling with real or perceived authority and he will not back down. He is allowed to execute if he feels that for this reason he will in all likelihood do so. He will back down with a wave of a hand or a nod of the head. If not, he may not know what to do, but rather than back down he may decide to employ his firearm - which could lead to a very untenable situation.~~

~~Do not~~ Do not (unless in extreme emergency) try to "run" a guard post or

~~TOP SECRET~~

~~TOP SECRET~~

checkpoint. Trained or not, he has been assigned a duty which he takes seriously; if you try to ignore him and "run" his post he in all likelihood may take a shot at you.

(S) (P) City layout and street patterns. Possibly the one thing in respect to movement within Tehran that has not changed significantly since the revolution is the street patterns and overall city layout in terms of traffic flow. Tehran is situated on the foothill slopes of the Alborz Mountains; a key direction finding rule to keep in mind is: ~~if you are going uphill, you are proceeding north, downhill, south, level, either east or west.~~ Street layout and city pattern - especially in the older areas - is dictated by water flow (surface or sub-surface) off of the mountain slopes and down through Tehran. People in this area for centuries have settled and built along the primary water routes. Even the man-made "jubes" or water troughs that came later did not significantly alter this clustering/building process. Because the water flows from the north to the south, this became the primary axis for settlement and movement. It remains so today; the ~~main arteries through the city run in a north-south direction and with minimum exceptions east-west~~ ~~movement is difficult,~~ time consuming and only accomplished through a thorough knowledge of the twisting, narrow alleyways and streets that link the main north-south thoroughfares together.

~~TOP SECRET~~

~~TOP SECRET~~

Any travel in the city must evolve on the north-south axis with planning to take advantage of the very few east-west routes wherever possible. In almost every instance, traffic jams, bottlenecks and problems will occur far more frequently on east-west streets vice north-south; caused primarily because of higher levels of traffic or fewer streets. The "jubes" referred to earlier are an ever present danger to the Tehran motorist; they exist along virtually every street and alleyway in the city. The jubes are usually 1-2 feet wide and about the same 1-2 feet in depth. They will usually - but not always - have rapidly flowing water in them. For the most part they are uncovered, unmarked and unprotected by even the slightest curbing. To drive into one of them, even with just one wheel will instantly immobilize the vehicle - regardless of type. Only by enlisting considerable help or through a time-consuming jacking process will the vehicle be able to continue on. Lack of attention to the jubes can result in stopping the operation, instant traffic jam,

(U) crowds and infinitely more visibility than is desired.

III. CONCEPT OF OPERATIONS: Given the above discussed ever-present tangibles and intangibles this proposed concept of operations is based upon entry to the city from the southeast quadrant, proceeding northward to a laager point situated close to a suitable east-west axis, with the final operation planned from the north directly south to the USEMB. This concept of routing is developed from consideration for the fundamental restrictions to movement in

~~TOP SECRET~~

Tehran rather than most direct route. The street names used in this description may have been changed since the revolution; drivers and monitors must not depend on street signs, but must know the route instinctively.

a. Phase I: Entry into city to laager point/area.

Ingress to the city from the HLZ on the Semnan highway should be uneventful. As the outskirts are penetrated, a [REDACTED] will have to be passed; there should be no activity or guards in this area. As the first major intersection (Bozorgrah - E and Shahbanu Farah (Queen Farah)) is approached, care should be exercised to insure this intersection is not missed. The other two choices available here will lead the vehicles directly into the most congested, hostile portions of the city, from which reversal or retreat would be difficult. As the vehicles proceed north on Shahbanu Farah, they should not encounter any traffic or road difficulties; it is a six lane divided highway. At one point the vehicles will pass by a major Iranian Air Force depot and family housing area. There are approximately three (3) security gates off the highway associated with this installation. Again, the vehicles (if not in convoy) should not raise any interest of the gate guards nor should there be any stop and check points along this highway. Proceeding north to the next intersection (Khibau-E Si Metrey and Niruy - E Pahlavi) the vehicles will have to negotiate

~~TOP SECRET~~

a traffic circle, it should not present any problem and the objective is to proceed out of the circle almost exactly opposite the entry point. This is the first major intersection into the city proper and the potential of Khomiteh presence or a possible check point here should be considered good. Khiban-E Si Metrig is a four-lane, divided street with parking on both sides. At times this street can become quite congested and difficult to negotiate. With patience and forethought, there should be no significant problems as you approach Damavand. After passing Doshen Tappeh airfield (which may not be noticed as only occasional glimpses of the tall brick fence can be gotten) the drivers should be able to determine the "T" intersection with Damavand. At this point they need to work into the right-turn lane. Here we begin heads-up driving and here is where the vehicles will begin to get separated if they are attempting to stay together. At the intersection, when the proper signal light indicates right turn, the vehicles must negotiate a right on Damavand and then immediately into the left lane for a left turn (with traffic light) less than 100 yards after entering Damavand. This can sometimes be difficult as the bulk of the traffic wants to continue east on Damavand. Damavand is four lane with a divider and the turn onto Khiaban-E Shahr-dari can only be accomplished at the intersection. Once into Khiban-E Shahr-dari and proceeding north the biggest problem is space.

~~TOP SECRET~~

~~TOP SECRET~~

The street is not wide but can accommodate the northbound one-way traffic plus parking) on both sides without difficulty; the hang-up occurs when someone double-parks (almost always) or tries to oppose traffic (seldom). Again with patience and foresight the difficulties should not be serious. At the first traffic light since leaving Damavand, Khiaban-E Shahr-dari jogs slightly to the left and continues northward. This jog can sometimes become a transient bottleneck, but usually clears fast as it represents the direction most of the traffic wants to go. After passing another traffic light and approaching 45 Metre Road be aware of the Mosk and middle school along the left-hand side of the street. In the past Americans have encountered many stone/brick throwing incidents in this area. There is not expected to be any activity in the area today, but be advised the revolutionary spirit is high here. As Forty-Five Metre Road is approached, the vehicles must merge with traffic traveling almost parallel and converging from the left. The vehicles must then jockey into the left lanes through paralleling traffic to prepare for a left turn around the traffic circle immediately ahead and onto 45-Meter Road. At this point let's retrace for contingencies off the roads we have covered. The choices for alternate routes from Kaiban Si Metrig-E Pahdavi to Damavand are slim and must be assessed

~~TOP SECRET~~

~~TOP SECRET~~

from block to block by the drivers and monitors. Heads-up driving and proper attention should allow them at least one block to decide on evasive measures around roadblocks, traffic jams, etc. Once past Damavand and on the first section of Khiaban-E Shahr-dari the choices are less; the best course of action along this street is to stay in the traffic on the street and work or bluff your way through. In the second section of Khiaban-E Shahr-dari (after the jog) the choices are good; primarily to the right to intercept a paralleling street then on to 45-Meter Road. Once on 45-Meter Road you must stay on it until the first major intersection with a traffic light. This is Ruz-E-Madar which goes north to the proposed laager site. Take a right on Ruz-E-Madar, proceed north approximately 2-3 KM through the built-up area, past the small park in the center of the road to the left-then-right jog that leads to the crest of hill 1444 and the proposed laager site. This laager site was chosen because it is relatively isolated, the activity is low-primary with enteprenuers working in the open in the body and fender business. Miscellaneous vehicles parked in the open areas or along the roads and common here and our vehicles should be able to laager with minimum attention or questions. Also this laager area provides two egress routes: One to the north then west to Saltanatabad and then south to Kurish-E Kabir; the second is to the south on Ruz-E-Madar

~~TOP SECRET~~

~~TOP SECRET~~

to 45-Meter Road, west to Kurush-E-Kabir then south to the objective.

PHASE II:

(U) b. Once the operation is executed and the vehicles are ordered out of the laager area, timing becomes critical and all vehicles must stay within sight of one another. At this point the culmination of the operation is only minutes away and arrival at the objective should be timed to accommodate vehicle arrival no more than 1-2 minutes apart. It is the responsibility of the lead and trail vehicles to insure that timing and spacing remain as intact as possible while approaching the objective. Timing, spacing and arrival of Delta at the objective during this phase is critical; to the point of aborting execution until forces can be re-mustered. Two pre-planned muster points between laager and objective will be covered below. When departing the laager area to the south (primary) the vehicles should time their departures 10-15 seconds apart; this will allow some spacing but retain visual contact. Vehicles will proceed south on Ruz-E-Madar to 45-Meter Road. The only alternative is a paralleling road approximately 3 blocks or 1/2 KM to the right. NOTE: vehicles must come off the hill, south to the built-up area before they can turn right to intercept the paralleling alternate. From Ruz-E-Madar turn right on 45-Meter road, staying in

~~TOP SECRET~~

~~TOP SECRET~~

right lanes. There is no viable alternate to 45-Meter Road for this portion of ingress. Proceed west on 45-Meter Road to the Kurush-E-Kabir overpass; remain in right lanes to go along side the up ramp to the overpass. This single lane street will lead directly to Kurush-E-Kabir (traffic light under overpass). Turn left directly onto Kurush-E-Kabir and proceed south. The lead vehicle will slow after making turn and account for trailing vehicles as they make their turns onto Kurush-E-Kabir. This timing/muster point is important enough to ignore traffic lights to maintain spacing and timing. If by some chance the spacing breaks up here, the lead vehicle will slow further or stop until all following vehicles are accounted for and are in spaced trail. Do not anticipate any difficulties negotiating the turn off 45-meter to Kuroh-E-Kabir, traffic should be the only problem of any significance, and it flows well under the overpass. The route down Kurush-E-Kabir should be uneventful, but traffic and traffic lights could separate the force again. Prior to getting to Tahte-Jamshir, the lead driver will again slow down and stop if necessary to muster the convoy spacing prior to making his right turn onto Tahte-Jamshid. Once the lead vehicle has accounted for the trail vehicles, he will make his right turn onto Tahte-Jamshid and proceed directly to the objective as briefed by Delta. The force and mission, as far as the

~~TOP SECRET~~

~~TOP SECRET~~

drivers are concerned, is committed once on Tahte-Jamshid. From here every effort must be made to insure ^{Delta} arrives at the prescribed place at the prescribed time. The alternative ingress route should Kurush-E-Kabir be unusable is Sohreverdi, a major south-bound six lane street that roughly parallels Kurush-E-Kabir to Bandar-E-Shiraz approximately 10 blocks north of Tahte-Jamshid. At Bandar-E-Shiraz the alternate again joins Kurush-E-Kabir. Access to Sohreverdi should be made at the Kurush-E-Kabir, 45-Meter road overpass. After turning left off 45-Meter Road, the vehicles pass under the overpass then turn right to parallel the south side of the overpass for one block to intercept Sohreverdi. Accounting, re-muster and spacing procedures will be made by the lead vehicle immediately after turning south on Sohreverdi. Sohreverdi is one way and traffic travels fast on it; there should be no difficulties encountered on this street. It "Ts" with Bandar-E-Shiraz where the vehicles will turn left on Shiraz then 3 blocks later turn right on Kurush-E-Kabir to pick up primary routing and procedures to the objective.

c. Alternate Routes: This section being developed.

SUBJECT: PROPOSED DRIVER ROUTES/LAAGER SITES

REF: TEHRAN & VICINITY (4 SHEET), SERIES K951, ED. 3, DMA.

1. PROPOSED ROUTE/LAAGER SITE ONE(1): FOLLOW POSSIBLE HLZ ROAD TO THE INTERSECTION AT BOZORGRAH-E SHAHBANU FARAH AND TAKE A RIGHT; PROCEED NORTH TO THE INTERSECTION OF BOZORGRAH-E SHAHBANU FARAH AND KHIABAN-E SI METRIY-E NIPUY-E PAHLAVI (APPROX 4 MILES); NEGOTIATE THE INTERSECTION AND PROCEED NORTH ON KHIABAN-E SI METRIY-E PAHLAVI APPROX 1 1/2 MILES TO THE DAMAVAND ROAD (NOTE: SI METRIY CHANGES INTO KHIABAN-E

VOSUG AT THE NORTHEAST EDGE OF DOSHAN TAPPEH AIRFIELD); CROSS THE DAMAVAND ROAD ONTO KHIABAN-E SHAHRDARI AND PROCEED NORTH FOR APPROX 1 1/2 MILES TO KHIABAN-E SEPAHIBOD FARSYU ROAD; TAKE A LEFT ONTO KHIABAN-E SEPAHIBOD FARSYU AND PROCEED WEST ABOUT 1/2 MILE; THIS ROAD NOW CHANGES TO THE 45 METER ROAD; PROCEED APPROX 1.3 MILES AND EXIT NORTH ON RUZ-E MADAR STREET; FOLLOW RUZ-E MADAR NORTH/NORTHEAST TO THE BODY AND FENDER SHOPS LOCATED NEAR HILL 1444 IN GRID SQUARE WV 435582; THIS IS LAAGER SITE 1. THERE IS TWO/THREE PLACES ALONGSIDE THE ROAD TO PARK AND LOITER. PROCEED ON TO THE EMBASSY BY REVERSING THE ROUTE & FOLLOWING RUZ-E MADAR SOUTH TO 45 METER ROAD AND TAKING A RIGHT AND FOLLOWING 45 METER ROAD ABOUT 1.1 MILES TO KHIABAN-E KUROSH-E KAEIR ROAD; EXIT ONTO KHIABAN-E KUROSH-E KABIR ROAD AND PROCEED SOUTH ABOUT 2 1/2 MILES TO TAKHTE-E JAMSHID; TAKING A RIGHT ONTO TAKHT-E JAMSHID AND PROCEEDING WEST ABOUT 1/2 MILE WILL PUT YOU AT THE INTERSECTION OF ROOSEVELT AND TAKHT-E JAMSHID.

ANOTHER ROUTE FROM LAAGER SITE #1: PROCEED NORTHWEST FROM HILL 1444 TO KHIABAN-E SALTANATABAD ROAD (ABOUT 1.3 MILES); TAKE A LEFT ON KHIABAN-E SALTANATABAD ROAD AND DRIVE SOUTH ABOUT 1.7 MILES TO KHIABAN-E KUROSH-E KABIR ROAD; TURN ONTO KHIABAN-E KUROSH-E KABIR ROAD AND DRIVE SOUTH ABOUT 3.2 MILES TO TAKHT-E JAMSHID; AGAIN, TAKING A RIGHT ONTO TAKHTE JAMSHID AND PROCEEDING WEST ABOUT 1/2 MILE WILL PUT YOU AT THE INTERSECTION OF ROOSEVELT AND TAKHT-E JAMSHID;

THE DAMAVAND ROAD AS DESCRIBED ON PROPOSED ROUTE #1; TURN RIGHT ONTO DAMAVAND ROAD AND PROCEED NORTHEAST ABOUT 0.5 MILES TO THE INTERSECTION OF DAMAVAND & 45 METER ROAD EXTENSION (WV 4853); ANYWHERE ALONG THIS AREA NEAR THE CAR AND TRUCK ASSEMBLY PLANT COULD BE USED AS LAAGER SITE #2. TO PROCEED TO THE EMBASSY FOLLOW DAMAVAND ROAD TO DAMAVAND CIRCLE (ABOUT 5.1 MILES); THE DAMAVAND CIRCLE SHOULD BE CIRCLED BY TRUCKS AS THE TUNNEL IS NOT HIGH ENOUGH FOR LARGE TRUCKS; COME OUT OF THE CIRCLE AND ONTO KHIABAN-E SHAHREZA STREET; PROCEED WEST ABOUT 1.1 MILES TO BAHAR STREET; TURN RIGHT ONTO BAHAR STREET AND GO NORTH ABOUT 1/2 MILE TO THE STADIUM COMPLEX (EAST SIDE OF STADIUM).

3. PROPOSED DIRECT ROUTES TO EMBASSY: SIMPLY BYPASS THE LAAGER SITES. FOLLOW PROPOSED ROUTE FROM HLZ (KHIABAN-E MALAYERI ROAD) CROSSING BOZORGRAH-E SHAHREZU FARAH ROAD (FROM HERE TO SHAHBAZ ROAD IS ABOUT 3 MILES); TURN RIGHT ONTO SHAHBAZ ROAD AND PROCEED NORTH TO DAMAVAND CIRCLE (ABOUT 2 1/2 MILES); NEGOTIATE THE CIRCLE AND PROCEED WEST ON KHIABAN-E SHAHREZA STREET FOR 1.1 MILES TO BAHAR STREET; TURN RIGHT ONTO BAHAR AND DRIVE NORTH ABOUT 1/2 MILE TO THE EAST SIDE OF THE STADIUM.

NOTE: THIS IS NOT A FAVORITE ROUTE; ONLY A PROPOSED SECONDARY.

4. POSSIBLE LAAGER SITE THREE(3): CENTER OF AREA IS WV 3856. THIS IS ALL OPEN AREA. NOT ENOUGH ROADS IN AND OUT. COULD BE USED AS A LAST RESORT. FROM HERE FOLLOW SHAHANSHAHI EXPRESSWAY TO EMBASSY (ABOUT 3.1 MILES TO CORNER OF ROOSEVELT AND NE WALL OF EMBASSY).

NOTE: POSSIBLE GOOD ROUTE FROM 45 METER EXPRESSWAY TO EMBASSY BUT LAAGER SITE IS NOT A FAVORITE.

MEMORANDUM FOR RECORD

Subject: Minutes of 9 December Intell Review Meeting

1. (TS) At 1000 on 9 December 80, MG Vaught convened the 5th meeting of the representatives from NSC, [redacted] DIA, [redacted] OJCS, JTF/J2, JTF, [redacted] and [redacted] J2 to review the status of SNOWBIRD intelligence actions. Copy of agenda and annotated list of attendees is attached. (Atch #1)

2. (TS) MG Vaught began meeting by briefly reviewing [redacted] transition actions indicating an operational change of command is scheduled to take place effective O/A 15 Dec 80, however the requirement to continue an active and aggressive intelligence effort is essential as the mission has not changed.

3. (TS) Discussions followed the proposed agenda and are summarized below:

a. General consensus was that some, possibly all hostages, [redacted] that only the Embassy and MFA are fully accepted detention sites with two other unknown locations in Tehran also being possible detention sites.

b. The group did not view the situation as terminating in the near future, although the possibility of a partial release was recognized. [redacted] stated negotiations were proceeding and some positive indications had been noted. The group discussed several long term possibilities, none of which had an optimistic caste.

c. Regarding the Technical Program, [redacted] was advised of 8 December [redacted] message requesting DOS be approached again on the [redacted]

MEMORANDUM FOR ATTENDEES

Subject: Intelligence Review Meeting, 9 December 1980

1. (U) ~~(TS)~~ Comments by various Iranian leaders and the contents of several intelligence reports lead this office to believe that many, if not all of the hostages will be held into 1981. Aggressive intelligence collection activities must be mounted in order to obtain current, accurate data on the hostages and to develop an adequate in-country support base. This meeting will continue to address these areas.

2. ~~(TS)~~ Agenda:

- a. Assessment of hostage locations
- b. 60-90 day situation outlook
- c. Technical program review
- d. In-country reconnaissance
- e. In-country support structure
- f. ~~████████████████████~~ personnel

3. Summary of Meeting:

a. During his introductory remarks, MG Vaught again stated that the tempo (slow or fast) of the receipt of reliable intelligence had a direct impact on mission training and plan development and to date it had not been adequate.

B, C

and that it appeared that getting our own organizations to cooperate was sometimes more difficult and frustrating than working against the enemy.

b. In the course of the situation update, the scope and volume of the future intelligence requirements was presented. The main point being that

B, C

[REDACTED]

General: Discussion also touched on the need for a governmental policy on official announcements regarding hostage locations. This need was agreed to but a specific approach to tabling the subject before senior officials was not formulated, however, BG Odom stated he would mention it to Mr. Brzezinski along with the subject of the program during the course of his back brief on the meeting.

C

Also during the discussion BG Odom asked J2 for an opinion on what is needed to satisfy the RIQ. The reply stated

[REDACTED]

A third topic of general discussion was raised by MG Vaught and suggested the development of an inter-agency cooperative group at a medium level to consider the full scope of psychological actions that could be employed to convince the Iranian power elite that it was counter-productive to detain the hostages. The need for such a program was accepted but opinions differed on the scope of organizational participants and the level of the attending representatives. A clear opinion was not formulated. BG Odom suggested that the group should not be too high a level and that selected representatives from the attendees at this meeting with the addition of representatives from FBI, DOS, and INS would probably be the best balance of organizational participation, professional knowledge and concern for mission success. Mission being to get the hostages home safely.

Subjects Not Discussed: The potential need for a future [REDACTED] was the only subject not specifically discussed although the requirement to check out several possible landing zones was surfaced during the situation update.

[REDACTED]

FACT SHEET ON INTELLIGENCE REVIEW

Ref: 3 September 1980, Executive Level Review Meeting

Attendees: [redacted] DIA, [redacted] NSC, OJCS-J3, COMCTJTF, and selected members of [redacted] staff (CDR, CS, J2, [redacted])

[redacted]
C, A

Key Note: - Receipt of reliable intelligence drives operational planning.

- To date, tempo too slow.

- Key question, unanswered.

Requirements Overview -

B, C

Other Comments:

- Question of USG policy on official announcements regarding hostage locations is unresolved. [redacted] BG Odom will mention it to Dr. Brzezinski.

C

CLASSIFIED BY [redacted]
DECLASSIFY ON OADR

~~SECRET~~

~~TOP SECRET~~

- Possibility of inter-agency cooperative group to consider full scope of governmental actions which might be used to gain hostage release. BG Odom commented that addition of a representative from FBI, INS and DOS to the Intelligence Executive Review Group might be better than creating another group.

Subjects Not Discussed: 1

- Potential need for [REDACTED] within next thirty (30) days.
- Potential need to conduct wiretap of telephone within 4-5 weeks.

Declassified ON DADR

~~SECRET~~

SUBJ: SITUATION IN IRAN AS OF 0930 EST, MARCH 31

1. WHITE HOUSE PRESS SPOKESMAN JODY POWELL DENIED AGAIN LAST NIGHT THAT THE ADMINISTRATION HAS SENT A LETTER TO IRAN SUCH AS THE ONE ALLEGEDLY RECEIVED BY AYATOLLAH KHOMEINI FROM PRESIDENT CARTER. AT THE SAME TIME, POWELL SAID HE WOULD "NOT DISPUTE" A SWISS FOREIGN MINISTRY STATEMENT THAT SWITZERLAND'S CHARGE IN TEHRAN PASSED A MESSAGE TO KHOMEINI AND PRESIDENT BANI-SADR FROM PRESIDENT CARTER EARLIER THIS WEEK.

2. TEHRAN RADIO'S DOMESTIC SERVICE THIS MORNING REPORTS, ACCORDING TO FOIS, THAT "JODY POWELL HAS CONFIRMED THAT CARTER SENT A MESSAGE TO THE PRESIDENT OF IRAN". THE BROADCAST SAID THE MESSAGE, RECEIVED LAST WEEK, WAS MEANT "TO RESOLVE THE CRISIS BETWEEN AMERICA AND IRAN AND EXPEDITE THE RELEASE OF THE HOSTAGES." POWELL IS QUOTED AS SAYING THAT REVEALING THE DETAILS OF THE MESSAGE "MIGHT ENDANGER FINDING A SOLUTION" TO THE CRISIS.

3. THE WASHINGTON POST TODAY WRITES THAT FOREIGN MINISTER CHOYZADEH BELIEVES, THANKS TO "PRESIDENT CARTER'S NOW ADMITTING MISTAKES IN PREVIOUS U.S. POLICY," THAT HE HAS SUCCEEDED IN CONVINCING THE REVOLUTIONARY COUNCIL TO APPROVE THE TRANSFER OF THE HOSTAGES TO IRANIAN GOVERNMENT CONTROL. HOWEVER, A NEW YORK TIMES ARTICLE THIS MORNING CLAIMS IRANIAN OFFICIALS SEE THE U.S. MESSAGE AS THREATENING.

4. THE CATHOLIC CHURCH IS NOW REPORTED BY AP AS SAYING HE WILL ALLOW A VATICAN REPRESENTATIVE TO VISIT THE FIFTY HOSTAGES. IT IS NOT CLEAR, HOWEVER, WHETHER THE FILM CLIP ON WHICH THE REPORT IS BASED IS RECENT AND REPRESENTS A NEW DEVELOPMENT OR NOT. "IF THE POPE WANTS TO BE REASSURED ABOUT THE CONDITION OF THE HOSTAGES, HE MAY SEND AN ENVOY TO COME AND SEE," KHOMEINI IS QUOTED TELLING THE PAPAL JUDICIAL IN TEHRAN.

5. THE NINE COMMON MARKET COUNTRIES SENT LETTERS OVER THE WEEKEND TO IRANIAN AUTHORITIES URGING THE RELEASE OF THE HOSTAGES, ACCORDING TO AP. BRITISH AND WEST GERMAN OFFICIALS HAVE CONFIDENCE THAT PRIME MINISTER THATCHER AND CHANCELLOR GORBACHEV HAVE WRITTEN TO BANI-SADR, BUT THE DETAILS OF THEIR MESSAGES WERE NOT DISCLOSED.

6. BRITISH FOREIGN MINISTER SPAIN GURRIB TOLD SENIOR TODAY THAT THE REVOLUTIONARY COUNCIL HAS APPROVED A WORKING PLAN FOR A UNITED-NATIONS-STYLE INTERNATIONAL TRIAL OF THE DEPOSED SHAH. THE TRIUNPHAL COUNCIL IS GREATLY PLEASED WITH U.S. PROMISES, ACCORDING TO FOIS. THE U.S. WOULD ALSO BE RESPONSIBLE FOR FINANCING THE TRIAL AND PAY THE COSTS. WE HAVE NO CONFIRMATION FROM IRAQI SOURCES THAT THE REVOLUTIONARY COUNCIL HAS ENVOYED MEMBERS TO BAGHDAD.

7. THE DOS MANAGED TO CONTACT UNICEF LALISEN YESTERDAY. HE AND POLITICAL OFFICER TOMS WITH INDICATED THERE WAS CONSIDERABLE PROOF PLAY IN TEHRAN OVER THE PURPORTED CARTER-KHOMEINI MESSAGE. TOMS FELT THAT THE IRANIANS MIGHT BE TRYING TO PREPARE PUBLIC OPINION FOR POSSIBLE DEVELOPMENTS IN THE HOSTAGE CRISIS. THE CONVERSATION WAS TERMINATED AFTER ABOUT SEVEN OR EIGHT MINUTES.

8. A REPORT BY CBS CORRESPONDENT TO FENTON IN TEHRAN HAS THE REVOLUTIONARY COUNCIL VOTING TO APPROVE THE TRANSFER OF THE HOSTAGES TO GOVERNMENT CONTROL. ACCORDING TO THE CBS NEWS DESK, FENTON CLAIMS AYATOLLAH HAJDAMI KANI PROVIDED A CRUCIAL SWING VOTE. REPORTERLY, OPPONENTS OF THE TRANSFER WILL TRY TO ORGANIZE DEMONSTRATIONS TO BLOCK THE MOVE; HAJDAMI KANI HAS ISSUED A PUBLIC STATEMENT SOUNDING ALL CONCERNED THAT DEMONSTRATIONS WITHOUT THE PERMISSION OF THE AUTHORITIES ARE NOT PERMITTED. EXCEPT FOR THE STATEMENT ABOUT NO DEMONSTRATIONS WITHOUT PERMISSION, WE HAVE NO INDICATION OF THE REVOLUTIONARY COUNCIL'S DECISION.

~~SECRET~~

10. THE NATIONS OF THE EUROPEAN COMMUNITY (EC) MAY ADOPT A STRONGER STANCE AGAINST IRAN IF ITS REQUEST THAT NEUTRAL OBSERVERS BE ALLOWED TO VISIT THE HOSTAGES IS DENIED AND IF THE U.S. CLARIFIES ITS FUTURE POLICY TO AID IRAN.

~~SECRET~~

[REDACTED]

C

10. IN HONOR OF IRAN'S NATIONAL DAY ON 1 APRIL, THE IRANIAN CHARGE D'AFFAIRES IN EAST GERMANY IS PLANNING TO HOLD A RECEPTION AND SHOW AN ANTI-SHAH FILM, WHILE IN TEHRAN, CELEBRATIONS WILL BE HELD TO HONOR THOSE KILLED AND WOUNDED DURING THE REVOLUTION.

11. IRAN'S RELATIONS WITH IRAQ REMAIN COOL WITH BOTH NATIONS CONTINUING TO ACCUSE THE OTHER OF HINDERING DIPLOMATIC ACTIVITY. IRAN ALSO REMAINS WARY OF IRAQI MILITARY INTENTIONS

[REDACTED]

C

PAKISTAN, ON THE OTHER HAND, IS TRYING TO MAINTAIN FRIENDLY RELATIONS WITH IRAN

[REDACTED]

C

[REDACTED]

C

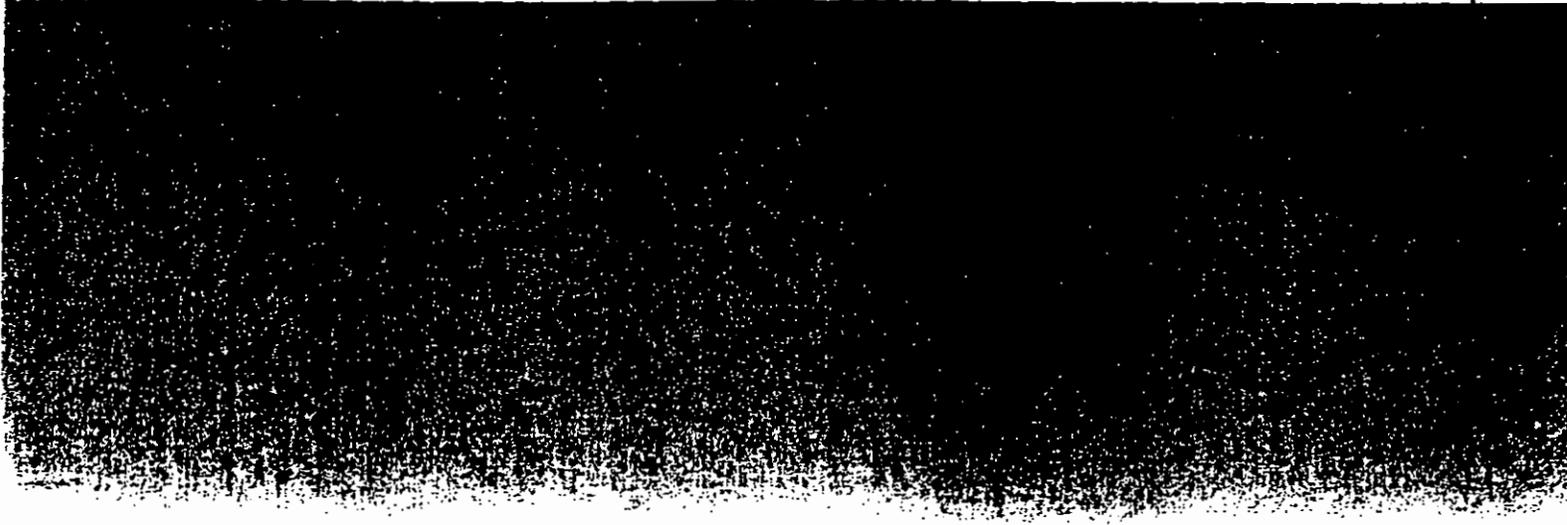

HOWEVER, IT STATED THAT THE FIGHTING IN WEST AZERBAI- JAN PROVINCE HAS BEEN FAR MORE EXTENSIVE WITH SEVERAL LOCATIONS TO THE SOUTH OF URMIAH INVOLVED (UNCLASSIFIED)

CLERICS CALL FOR MARCH TO U.S. EMBASSY 25 MAR (U)

//UNCLAS//

FBIS 37, LD241158 TEHRAN DOMESTIC SERVICE IN PERSIAN 1125 GMT 24 MAR 80

(UNSCHEDULED ANNOUNCEMENT)

IN THE NAME OF GOD, THE MERCIFUL, THE COMPASSIONATE. IN THESE CRUCIAL TIMES, WHEN U.S. IMPERIALISM HAS EMBARKED ON A FRESH PLOT AGAINST THE IRANIAN MUSLIMS AND THE ISLAMIC REVOLUTION AND WHEN, IN ORDER TO CONTAMINATE THE PURE BLOOD OF OUR MARTYRS, IT IS TRANSFERRING THE CRIMINAL MOHAMMAD REZA PAHLAVI FROM PANAMA TO EGYPT -- AN ISLAMIC COUNTRY -- THE CLERICAL COMMUNITY, IN HARMONY WITH THE IMAM'S HISTORIC MESSAGE, INVITES ALL GROUPS AND STRATA TO STAGE AN ORGANIZED AND GLORIOUS MARCH IN ORDER TO EXPRESS THEIR HATRED AGAINST THIS TREACHEROUS PLOT BY AMERICA; AND WHILE CONDEMNING ALL PLOTS HATCHED BY EASTERN AND WESTERN IMPERIALISM, IT WILL UNRESERVEDLY PROVIDE ALL ITS RESERVES AND FORCES IN ORDER TO ACHIEVE THE IMAM'S OBJECTIVES AND WISHES, WHICH ARE PRECISELY THE NEEDS OF OUR REVOLUTIONARY SOCIETY.

CONSEQUENTLY, WE APPEAL TO THE HEROIC AND MUSLIM INHABITANTS OF TEHRAN AND THE REST OF THE COUNTRY TO TAKE PART IN THIS MARCH WITH AN EVER-INCREASING SOLARIDITY AND MIGHT.

THE MARCH WILL TAKE PLACE IN TEHRAN TOMORROW. STARTING FROM VARIOUS PARTS OF TEHRAN AND PROCEEDING TOWARD THE U.S. ESPIONAGE DEN.

I SOW

SUBJECT: SITUATION IN IRAN

1. THE SHAH FLEW FROM PANAMA TO EGYPT THIS MORNING ACCOMPANIED BY HIS WIFE AND PERSONAL STAFF. HE IS EXPECTED TO ENTER MAHDI MILITARY HOSPITAL IN CAIRO WHERE HE WILL PROBABLY UNDERGO SURGERY FOR AN ENLARGED SPLEEN.
2. NATIONAL SECURITY ADVISOR BRZEZINSKI TOLD REPORTERS YESTERDAY THAT THE SHAH'S MOVE SHOULD NOT BE SEEN AS A POLITICAL ISSUE. " HE IS MERELY TRYING TO OBTAIN MEDICAL TREATMENT, AND HE FEELS UNDER THE CIRCUMSTANCES HE IS IN A BETTER POSITION TO GET WHAT HE NEEDS IN EGYPT THAN ANYWHERE ELSE," BRZEZINSKI EXPLAINED.
3. IN TEHRAN, MILITANTS HOLDING THE 50 HOSTAGES TOLD REUTER THE SHAH'S DEPARTURE FROM PANAMA WAS OF "NO IMPORTANCE" AS THEY WOULD ONLY FREE THE HOSTAGES WHEN THE SHAH AND HIS WEALTH WERE RETURNED TO IRAN.
4. REUTER IS REPORTING A RUMOR FROM TEHRAN THAT A TRANSFER OF THE HOSTAGES THAT WAS IMMINENT IS NOW OFF BECAUSE OF THE SHAH'S MOVE JUST AS IRAN WAS ABOUT TO PRESENT ITS EXTRADITION CASE TO THE PANAMANIAN AUTHORITIES. DOS HAS NO EVIDENCE AT ALL THAT THE MILITANTS WERE ABOUT TO GIVE UP THE HOSTAGES. THE RUMOR APPEARS TO BE AN ATTEMPT TO TRANSFER BLAME FOR PROLONGING THE HOSTAGE CRISIS TO THE U. S.
5. THE DOS SUCCEEDED IN TELEPHONING BRUCE LAINGEN AT THE FOREIGN MINISTRY YESTERDAY MORNING (3/22). LAINGEN AND HIS COLLEAGUES ARE WELL; THEY APPEAR TO ENJOY SOMEWHAT GREATER ACCESS TO VISITORS. THE TRIO IS ALSO ALLOWED TO GO TO AN OUTSIDE BALCONY FOR FRESH AIR AND EXERCISE.
6. CHARGE LAINGEN REPORTS THAT VOTE COUNTING ON THE FIRST ROUND OF ELECTIONS IS PROCEEDING VERY SLOWLY. CONSEQUENTLY, THE DATE FOR THE RUNOFFS HAS BEEN PUSHED BACK TO APRIL 10. LAINGEN DOUBTS THE NEW PARLIAMENT WILL BE ABLE TO MEET BEFORE THE END OF APRIL.
7. TO MARK THE IRANIAN NEW YEAR THE MILITANTS CLAIMED THAT, IN ADDITION TO CANDIES AND A SPECIAL DINNER, SOME OF THE HOSTAGES WERE ALLOWED TO TELEPHONE THEIR FAMILIES. THE SPOKESMAN DID NOT ELABORATE.
8. IN A STATEMENT TO THE ARABIC-LANGUAGE PARIS-BASED WEEKLY, AN-NAHAR, BANI-SADR SAID HE WISHES TO PURGE THE PERSIAN GULF REGION OF ALL U.S. INFLUENCE. HE USED THIS GOAL AS JUSTIFICATION FOR IRAN'S REFUSAL TO RETURN TO RAS AL-KHAIMAH THE GULF ISLANDS OF ABU MUSA AND THE GREATER AND LESSER TUMBS, WHICH THE SHAH SEIZED IN 1971.

~~SECRET~~

9. BANI-SADR WAS ALSO CRITICAL OF THE SOVIETS, RECOGNIZING THAT THEY CONSTITUTE A THREAT AND THAT MOSCOW MAY ATTEMPT TO FOMENT TROUBLE IN IRAN TO BLUNT IRANIAN CRITICISM OF THE INVASION OF AFGHANISTAN.

~~SECRET~~
~~SECRET~~

10. [REDACTED]

11. [REDACTED]

12. TWO MORE IRANIAN DIPLOMATIC MISSIONS HAVE BECOME THE SCENES OF IRANIAN STUDENT DEMONSTRATIONS, THIS TIME TO PROTEST THE GOVERNMENT'S REACTION TO THE TURKOMAN UPRISING IN EARLY FEBRUARY AND THE SUBSEQUENT MURDER OF FOUR MEMBERS OF THE FEDAYEEN-E KHALG WHO ALLEGEDLY WERE IMPLICATED IN THE REVOLT. AS OF 17 MARCH, STUDENTS HAD BEEN STAGING SIT-INS AT THE EMBASSY IN BONN AND THE CONSULATE IN WEST BERLIN FOR OVER A WEEK.

13 IN A PUBLIC SPEECH ON 22 MARCH PRESIDENT ELECT BANI-SADR HARSHLY CRITICIZES IRAQI PRESIDENT SADAM HUSSEIN AND URGED IRAQI SHIAS TO RISE UP AND FOLLOW THE IRANIAN EXAMPLE BY OVERTHROWING THE BA'ATHI REGI-

ME ALTHOUGH IRANIAN RELATIONS WITH IRAQ HAVE BEEN STEADILY DETERIORATING, THE VEHEMENCE OF THE ADDRESS AND THE SPECIFIC, PUBLIC CALL FOR A RELIGIOUS REVOLUTION TO OVERTHROW HUSSEIN IS UNUSUAL AND APPEARS TO SIGNAL A NEW LOW IN BI-LATERAL RELATIONS. KHOMEINI IS HIGHLY REVERED BY IRAQ'S SHIA POPULATION WHICH IS TWICE THE SIZE OF THE RULING SUNNI MINORITY AND SO SUCH CALLS TO ARMS WILL BE TREATED SERIOUSLY. TOTAL POP. EST. 13 MILLION 45 PER. SHIA, 33 PER. KURD, 20 PER. SUNNI. IRAQI FORCES ALONG THE IRANIAN BORDER HAVE BEEN ALERT FOR SEVERAL MONTHS, WATCHING FOR EITHER IRANIAN OR KURDISH CROSS-BORDER THREATS. WHILE DIA CONSIDERS IT EXTREMELY UNLIKELY THAT THE IRANIANS WOULD INITIATE ANY MILITARY ATTACK AGAINST IRAQ, THE IRAQIS HAVE NOT RULED OUT THE POSSIBILITY [REDACTED]

[REDACTED] SUCH TROOP MOVEMENTS COUPLED WITH INFLAMMATORY SPEECHES BY BANI-SADR ARE BOUND TO HEIGHTEN IRAQI FEARS AND INCREASE TENSIONS ALONG THE IRAQI-IRANIAN BORDER.

SUBJ: IRANSITUATION REPORT

1. ACCORDING TO PARS NEWS AGENCY, THE PASDARAN HAVE ARRESTED MRS VICTORIA BASSIRI, AN OFFICIAL OF THE MFA, AS AN AMERICAN SPY. JUST AFTER THE REVOLUTION SHE IS REPORTED TO HAVE BEEN CULTURAL AND ECONOMIC ADVISER, AND MORE RECENTLY DEPUTY IN THE PASSPORT BUREAU, AT A SALARY OF RS 100,000 A MONTH. SHE IS REPORTED TO HAVE CONFESSED TO PASSING INFORMATION TO WILLIAM B DOHERTY OF THE US EMBASSY, ON THE FOLLOWING:

- A. INFORMATION FROM THE CULTURAL AND ECONOMICS DEPUTY
- B. THE NON-ALIGNED CONFERENCE
- C. IRANIAN STUDENTS IN SOCIALIST COUNTRIES
- D. GENERAL POLICY OF THE MFA

DOHERTY IS SAID TO HAVE CONFIRMED MRS BASSIRIS CONFESIONS AND TO HAVE SAID THAT SHE USED TO BE PAID 300 DOLLARS PER MONTH FOR THE INFORMATION. THE NEWSPAPER ISLAMIC REPUBLIC HAS COMMENTED THAT THE PRESENCE OF AN AMERICAN SPY IN THE MFA SHOWS THE LACK OF PERCEPTION OF THE FOREIGN MINISTER AND HIS DEPUTIES, AND INDECISIVENESS IN CARRYING OUT PURGES.

2. DIPLOMATIC EFFORTS TO GAIN ACCESS TO THE HOSTAGES CONTINUE.

~~TOP SECRET~~

4. MEANWHILE, IN A 13 MARCH SOVIET COMMENTARY DIRECTED AT IRAN, MOSCOW AGAIN PUBLICLY CAUTIONED TEHRAN OF AMERICAN MILITARY THREATS TO THAT COUNTRY. IT MENTIONED THE "US ARMADA" CONSISTING OF 7 WARSHIPS AND 1,800 MARINES THAT HAD ARRIVED IN SINGAPORE. DESCRIBING THE US NAVAL UNITS IN THE GULF OF OMAN AND THOSE ON THEIR WAY AS THE "BIGGEST...SINCE WORLD WAR II," THE COMMENTARY NOTED THE "ARMADA" NOT ONLY IS A SHOW OF MUSCLE BUT, "IT HAS ALSO BEEN ASSIGNED OTHER SPECIFIC DUTIES AS WELL." THE SUGGESTION WAS THEN MADE THAT IRAN'S SEA ROUTES WOULD BE OBSTRUCTED AND THE MARINES, ACCORDING TO THEIR MILITARY DOCTRINE, ARE TO CARRY OUT "OVERT MILITARY ACTIVITIES." SUCH SOVIET COMMENTARY IS NOT NEW. HOWEVER, GIVEN THE PRESENT IMPASSE OVER THE AMERICAN HOSTAGES AND THE US MILITARY PRESENCE IN THE PERSIAN GULF, MOSCOW IS OBVIOUSLY CONCERNED WASHINGTON MAY ACT AGAINST IRAN. ADDITIONALLY, WHEN ONE INTERJECTS SOVIET PERCEIVED CONCERN OVER THE USSR'S BORDER WITH IRAN AND ITS OWN XENOPHOBIC INSECURITIES, THE LIKELIHOOD OF A MOVE AGAINST IRAN INCREASES. MOSCOW COULD FOLLOW UP BY INVOKING THE 1921 RUSSO-PERSIAN TREATY OF FRIENDSHIP, WHICH PROVIDES FOR UNILATERAL SOVIET INTERVENTION IN IRAN AFTER ONLY ONE WARNING SHOULD A THIRD PARTY ATTEMPT TO CARRY OUT A "USURPATION" THERE. NOT KNOWING WHAT ACTION WASHINGTON MAY TAKE, THE KREMLIN IS LIKELY TO THINK THE WORST. UNDER THESE CONDITIONS, THE SOVIETS MIGHT IN THE WEEKS AHEAD EXERCISE THEIR OPTION NOT ONLY TO SECURE THEIR BORDER BUT ALSO TO GAIN LEVERAGE AND FORESTALL AMERICAN MOVES BY DEPLOYING GROUND FORCES INTO NORTHERN AND EASTERN IRAN, CITING THE 1921 TREATY AS THE LEGAL BASIS FOR SUCH ACTION.

THE STATUS OF SHIPMENTS OF CARGO TO IRAN BY SEA CONTINUES TO IMPROVE FROM EARLIER LEVELS AS THE LIKELIHOOD OF A NAVAL BLOCKADE OF IRANIAN PORTS, OR OF OTHER MILITARY ACTION IN THE PERSIAN GULF AREA, BECOMES MORE REMOTE. HOWEVER, OVERLAND TRANSPORT TO IRAN THROUGH TURKEY OR THE SOVIET UNION REMAINS POOR, EVEN THOUGH MOST OF THE PROBLEMS ARE CAUSED BY FACTORS OTHER THAN THE CURRENT POLITICAL SITUATION.

6. DESPITE MANY CHARGES OF FRAUD AND VOTING IRREGULARITIES, THE INTERIOR MINISTRY HAS RULED THAT THE FIRST ROUND OF VOTING IN IRAN'S PARLIAMENTARY ELECTIONS WAS FAIR. THIS FURTHER BOLSTERS CHANCES OF ELECTION VICTORIES BY THE HARD-LINE, CLERGY-DOMINATED ISLAMIC REPUBLICAN PARTY WHICH HAS THUS FAR WON OVER HALF OF THE APPROXIMATELY 75 SEATS THAT HAVE ALREADY BEEN DECIDED. THE BIG LOSER APPEARS TO BE PRESIDENT-ELECT BANISABZ WHO HAS GAINED ONLY 2 OF 13 SEATS DECIDED IN TEHRAN AND 16 SEATS IN ALL. MEANWHILE, THE BALLOT COUNTING IS PRECEDING VERIFIED IN THE ELECTION IN WHICH AROUND 3,300 CANDIDATES ARE COMPETING FOR 270 ASSEMBLY SEATS. BALLOT COUNTING WAS SUSPENDED YESTERDAY, AS ALL GOVERNMENT OFFICES CLOSED FOR SEVEN DAYS TO CELEBRATE THE NEW YEAR HOLIDAY. BECAUSE OF THE HOLIDAY PERIOD, THE RESULTS OF THE FIRST ROUND ARE NOW NOT EXPECTED TO BE ANNOUNCED UNTIL THE FIRST WEEK IN APRIL. THOUGH A NEW DATE HAS BEEN SET FOR THE SECOND ROUND, IT WILL MOST LIKELY BE MOVED BACK IN ORDER TO GIVE CANDIDATES IN THE RUN-OFF ELECTION TIME TO CAMPAIGN.

SUBJ: IRAN SITUATION REPORT 18 MARCH 80

(U) 1. PRESIDENT-ELECT BANI-SADR REPORTEDLY TOLD THE PRESS YESTERDAY THAT AYATOLLAH KHOMEINI WILL INCREASE THE "AUTHORITY AND RESPONSIBILITIES" OF THE PRESIDENT BEGINNING ON THE IRANIAN NEW YEAR (21 MAR). HE SAID THAT KHOMEINI WILL OVERSEE MATTERS, "BUT ONCE THE PARLIAMENT IS ELECTED AND I FORM A GOVERNMENT, THAT GOVERNMENT WILL TAKE CHARGE OF THINGS." WITH KHOMEINI'S HEALTH CONTINUING TO DECLINE, HE PROBABLY WILL TURN MORE RESPONSIBILITIES OVER TO BANI-SADR. HOWEVER, WHEN IT COMES TO MAJOR ISSUES SUCH AS THE HOSTAGES, A SINGLE UTTERANCE FROM KHOMEINI CAN REVERSE ANY EFFORTS BY BANI-SADR, AS HAS ALREADY BEEN DEMONSTRATED. THE IMPACT OF ANY INCREASED AUTHORITY FOR BANI-SADR VIS-A-VIS THE HOSTAGE SITUATION REMAINS HIGHLY PROBLEMATICAL.

3. INCREASED HOSTILITY AMONG SOME LEADING IRANIAN RELIGIOUS FIGURES AND DISPUTES AMONG POLITICAL LEADERS ARE CONTRIBUTING TO THE ALREADY UNSTABLE ADMINISTRATION IN TEHRAN. WITHIN THE THEOCRACY, OPEN DISAGREEMENTS HAVE BEEN SEEN BETWEEN AYATOLLAH KHOMEINI AND A LEADING MEMBER OF THE ULEMA, AYATOLLAH COMI [REDACTED]

ON THE POLITICAL SCENE, THERE REPORTEDLY IS A GROWING NUMBER OF DIFFERENCES BETWEEN PROVINCIAL AUTHORITIES AND THE ADMINISTRATION IN TEHRAN AS WELL AS WITHIN THE ADMINISTRATION ITSELF.

5. ACCORDING TO IRANIAN STATE RADIO AND ITALIAN PRESS ARTICLES, ITALY HAS AGREED TO SUPPLY 10 CHINOOK HELICOPTERS AND SPARE PARTS TO IRAN IN RESPONSE TO A REQUEST BY FOREIGN MINISTER GOBRZADZEH, BASED ON HUMANITARIAN REQUIREMENTS CAUSED BY RECENT KHUZESTAN FLOODS. NO CONFIRMATION HAS BEEN RECEIVED THAT THE AIRCRAFT OR PARTS HAVE ACTUALLY BEEN PROVIDED TO DATE. THE US AMBASSADOR TO ITALY WAS TO MEET WITH COUNT AGUSTA, AGUSTA-BELL TO DISCUSS THIS ISSUE ON 17 MARCH AND POINT OUT THAT PROVIDING HELICOPTERS OR SPARE PARTS WOULD NECESSITIZE US LICENSING FOR AIRCRAFT AND SPARE PARTS PRODUCTION.

WEATHER ANALYSIS FOR THE MIDDLE EAST - 18 MARCH 1980

UPPER AIR DISTURBANCE OVER EASTERN TURKEY AND NW IRAN BRINGING CLOUDY SKIES, LOW CEILINGS, ISOLATED THUNDERSTORMS, RAINSHOWERS, ICING, GUSTY SURFACE WINDS, AND TURBULENCE ACROSS THE NORTHERN PORTION OF THE MIDDLE EAST TODAY. ISOLATED THUNDERSTORMS AND RAINSHOWERS MOVING ACROSS EASTERN MEDITERRANEAN INTO SYRIA. HIGH LEVEL CIRRUS CLOUDS EVIDENT ACROSS N1/2 SAUDI ARABIA, PERSIAN GULF, AND SW IRAN MOVING EAST. JET STREAM EVIDENT ACROSS NORTHERN AFRICA BRINGING ADDITIONAL HIGH LEVEL CLOUDINESS TO EGYPT.

LONG-RANGE OUTLOOK FOR THE MIDDLE EAST REGION

18-20 MAR: UPPER AIR DISTURBANCE GRADUALLY MOVES OVER IRAN WITH POOR WEATHER LEAVING CLEAR TO PARTLY CLOUDY SKIES OVER TURKEY BEHIND THE STORM. JET STREAM CIRRUS CONTINUES EASTWARD MIGRATION ACROSS CENTRAL MID EAST FROM EGYPT THROUGH S1/2 IRAN NEXT FEW DAYS. EGYPT AND SAUDI ARABIA FOR THE MOST PART WILL BE UNDER CLEAR SKIES WITH RISING TEMPERATURES AND AFTERNOON GUSTY SURFACE WINDS. NEXT STORM APPROACHES TURKEY THE 20TH.

20-27 MAR: THIS STORM MOVES ACROSS TURKEY 20-22ND WITH TRAILING FRONT BACK ACROSS EGYPT FIRST, THEN NW SAUDI ARABIA AS THE STORM MOVES INTO IRAN 22ND. THIS STORM SHOULD BRING POOR WEATHER BEGINS TO IRAN 22-23RD WITH TRAILING FRONT DOWN INTO CENTRAL SAUDI ARABIA. A THIRD STORM IS EXPECTED TO MOVE INTO THE TURKEY-MEDITERRANEAN REGION ON THE 25TH AND GRADUALLY TRACK EASTWARD THROUGH THE MIDDLE EAST THE 26-27TH. EGYPT AND SAUDI ARABIA SHOULD STAY CLEAR TO PARTLY CLOUDY DURING THIS PERIOD FOR THE MOST PART WITH AFTERNOON GUSTY SURFACE WINDS AND BLOWING DUST/SAND AFFECTING DESERT AREAS.

WIND/TURBULENCE FORECAST FOR IRAN & PERSIAN GULF

IRAN: SURFACE WINDS PRIMARILY WESTERLY AT 15-20 KNOTS WITH LIGHT TURBULENCE FROM SURFACE TO 10,000FT IN N1/2.
PERSIAN GULF: SURFACE TO 1500 FT AGLD WINDS WESTERLY AT 10-20 KNOTS. NO TURBULENCE EXPECTED.

DERIVED FROM Multiple Src

SUPJ: IRAN SITUATION REPORT AS OF 0500 17 MARCH 1980

(U) 1. EARLY RETURNS IN THE FIRST ROUND OF IRAN'S NATIONAL ASSEMBLY ELECTION HELD ON FRIDAY INDICATE THAT THE CLERGY-PACKED ISLAMIC REPUBLICAN PARTY IS HEADED FOR CONTROL OF THE 276-SEAT LEGISLATURE. IRP CANDIDATES HAVE APPARENTLY SECURED 29 OF THE 54 SEATS FILLED SO FAR ON THE FIRST BALLOT. SO FAR BANI SADR SUPPORTERS HAVE WON ONLY 1 SEAT. A SENIOR IRP OFFICIAL REMARKED THAT THE PARTY WOULD BE EXPECTED TO ACT AS A UNIT IN PARLIAMENT AND, SHOULD IT WIN A MAJORITY IN THE ELECTION, PRESIDENT BANI-SADR WOULD BE OBLIGED TO NOMINATE AS PRIME MINISTER A MEMBER OF THE PARTY OR SOME ONE ACCEPTABLE TO IT. THE INTERIOR MINISTRY HAS ANNOUNCED THAT IF TWO-THIRDS OF THE SEATS ARE FILLED BY THE FIRST BALLOT, THE MAJLES CAN BEGIN ITS DUTIES "IMMEDIATELY". AMID REPORTS OF ELECTION IRREGULARITIES, PRESIDENT BANI SADR DECLARED THAT THE ELECTION RESULTS WOULD BE SET ASIDE IF WIDESPREAD AND SERIOUS MISCONDUCT HAD OCCURRED. FINAL RESULTS ARE TO BE RELEASED ON THURSDAY, WITH A RUN-OFF ELECTION SCHEDULED FOR THE FIRST WEEK IN APRIL.

(U) 2. TEHRAN RADIO REPORTED LAST NIGHT THAT NO MORE THAN 100 OF THE TOTAL 276 SEATS WILL BE DECIDED IN THE FIRST ROUND OF VOTING. INTERIOR MINISTRY OFFICIALS HAVE STATED THAT, IF AROUND 120 SEATS ARE SETTLED IN THE FIRST ROUND, PARLIAMENT COULD START WORK IMMEDIATELY. THE GOVERNMENT WILL ANNOUNCE FINAL RESULTS FROM THE FIRST ROUND IN SEVERAL DAYS. THE SECOND ROUND OF VOTING WILL TAKE PLACE IN ABOUT THREE WEEKS.

(U) 3. MEANWHILE, IN A FRIDAY PRESS INTERVIEW, PRESIDENT BANI-SADR HAS SAID HE WOULD PERSONALLY ASK THE PARLIAMENT NOW BEING ELECTED TO ORDER THE RELEASE OF THE HOSTAGES WHEN IT COMMESES IN MAY.

3
4. IN KURDISTAN, THE KURDISH DEMOCRATIC PARTY HAS CALLED FOR A GENERAL STRIKE, SIT-INS, AND DEMONSTRATIONS IN THE MARCHES THE INTERIOR MINISTRY ORDER CLOSING POLLING STATIONS IN THREE KURDISH TOWNS. A KDP REPRESENTATIVE REPORTEDLY WON THE ELECTION IN MEHAPAD, ALTHOUGH IT IS NOT-YET CLEAR WHETHER THE AUTHORITIES WILL VALIDATE THE MAHAPAD RETURNS.

[REDACTED]

(U) 5. IN AN INTERVIEW WITH NEWSWEEK MAGAZINE, IRAN'S BUDGET AND PLANNING MINISTER, EZZATOLLAH SHAPI, CLAIMS TO HAVE VISITED RECENTLY WITH EACH OF THE AMERICAN HOSTAGES BEING HELD AT THE US EMBASSY. SHAPI, A MEMBER OF THE REVOLUTIONARY COUNCIL, STATED THAT THE HOSTAGES ARE IN GOOD PHYSICAL CONDITION, BUT THAT MANY ARE SUFFERING FROM PSYCHOLOGICAL PRESSURES OR DEPRESSION. SOME OF THE HOSTAGES--THOSE CONSIDERED "DISRUPTIVE" BY THE MILITANTS, AND INDIVIDUALS ACCUSED OF ESPIONAGE ARE KEPT IN SOLITARY CONFINEMENT SHAPI ADMITTED.

6. [REDACTED]

(U) 7. THE IRANIAN PARS NEWS AGENCY HAS REPORTED THAT ITALY HAS AGREED TO SUPPLY 12 U.S. DESIGNED HELICOPTERS AND A SUBSTANTIAL AMOUNT OF SPARE PARTS TO IRAN FOR HUMANITARIAN PURPOSES. THE REPORT NOTES THAT THE HELICOPTERS ARE BUILT IN ITALY UNDER U.S. LICENSE.

(U) 8. TEHRAN RADIO BROADCAST REPORTS THAT A NEW COMMANDER OF THE IRANIAN GENDARMERIE HAS BEEN APPOINTED. THE REPORT CLAIMS THAT AVATOLLAH MAHDAVI-KANI, THE INTERIOR MINISTRY SUPERVISOR, APPOINTED BG GASEM ALI ZAHIRNEZHAD TO HEAD THE ISLAMIC REPUBLIC GENDARMERIE.

[REDACTED]

10. RESIDENTS OF THE SOUTHEASTERN IRANIAN CITY OF ZAHEDAN STAGED AN ANTI-COMMUNIST DEMONSTRATION ON MARCH 17, DEMANDING GOVERNMENT SUPPORT IN SUPPRESSING COMMUNIST ACTIVITIES.

THE PROVINCIAL CAPITAL OF KURDISTAN, SANANDAJ, AGAIN WITNESSED ANTI-GOVERNMENT PROTESTS ON THE 16TH.

WEATHER ANALYSIS FOR THE MIDDLE EAST 17 MARCH 68
PARTLY CLOUDY SKIES OVER THE MIDDLE EAST TODAY AS ONE STORM ENTERS IRAN INTO AFGHANISTAN WITH TRAILING CLOUDS OVER ACROSS SW CORNER WITH TENUANT RAINSHOWERS AND ISOLATED THUNDERSTORMS. HIGH LEVEL JET STREAM CIRCUS CLOUDS EVIDENT ACROSS NORTHERN AFRICA THROUGH MIDDLE AND SW SAUDI ARABIA THIS MORNING TRAVELING EASTWARD. HURLED AIR DISTURBANCE MOVES THROUGH TURKEY WITH CLOUD COVER EXTENDING SOUTH TO NORTHERN PORTIONS OF EGYPT AND SAUDI ARABIA. THIS DISTURBANCE CARRIES RAINSHOWERS, LOW CEILINGS, ISOLATED THUNDERSTORMS, GUSTY SURFACE WINDS, LIGHT TURBULENCE FROM SURFACE TO 15,000 FT, AND SOME LIGHT ICEING 8-10,000 FT THROUGH THIS REGION. EASTERN EDGE OF THIS DISTURBANCE REACHING INTO NW IRAN.

LONG RANGE OUTLOOK FOR THE MIDDLE EAST REGION
17-18 MAR: HURLED AIR DISTURBANCE MOVES INTO IRAN LATE 15TH AND OCCUPIES THE ENTIRE COUNTRY 18-19TH IN EASTWARD PROGRESSION BRINGING POOR WEATHER THROUGH REGION. CLEARING SKIES OVER TURKEY, EASTERN MEDITERRANEAN, AND EGYPT 18-20TH WITH FAIR TO PARTLY CLOUDY SKIES. SOME FOG FOR EARLY MORNING HOURS, AND GUSTY SURFACE WINDS IN THE AFTERNOONS WITH FLOWING SAND POSSIBLE IN EGYPT. JET STREAM CIRCUS CONTINUES EASTWARD MOVEMENT ACROSS CENTRAL PORTION OF MIDDLE EAST WITH HIGH LEVEL TURBULENCE. NO SIG WX IN SW/AS OF SAUDI ARABIA AS LOW PRESSURE DOMINATES REGION; AFTERNOON WINDS WILL CAUSE SOME FLOWING DUST/SAND TO REDUCE VISIBILITY AT TIMES.

01-06 MAR: HURLED AIR DISTURBANCE EXPECTED TO HIT NW IRAN ON 01ST AS THE NEXT STORM MOVES INTO TURKEY FROM THE WEST. THIS NEXT STORM SHOULD HAVE A TRAILING FRONTAL BOUNDARY EXTENDING SW BACK ACROSS EASTERN MEDITERRANEAN INTO NORTHERN EGYPT. THIS STORM IS EXPECTED TO MOVE EAST INTO IRAN BY THE 03RD WITH TRAILING FRONT ACROSS NORTHERN SAUDI ARABIA, EXITING IRAN 04-05TH. A THIRD STORM ENTERS TURKEY ON THE 04TH WITH FRONT BACK ACROSS EGYPT. THIS THIRD STORM SHOULD MOVE EASTWARD OVER IRAN THE 05TH AND OUT BY 06-07TH.

WIND/TURBULENCE FORECAST FOR IRAN / PERSIAN GULF
IRAN: WINDS PRIMARILY FROM THE WEST (SW-W) USING REGION AT 10-20 KNOTS N/AS AS STORM SYSTEMS MOVE THROUGH. SOUTHERN 1/20-25 KNOTS. TURBULENCE A PROBLEM ENTIRE COUNTRY.
PERSIAN GULF: SURFACE TO 1500 FT AGL WESTERN (SW-W) 10-20 KNOTS WITH TURBULENCE.

SUBJ: 10 MAR 80 ADDRESS OF IMAM KHOMEYNI FOLLOWING THE JOINT SESSION
OF THE REVOLUTION COUNCIL AND THE COUNCIL OF MINISTERS.
(TEXT)

IN THE NAME OF GOD, THE MERCIFUL, THE COMPASSIONATE, NOBLE
AND STRUGGLING NATION OF IRAN. CRIMES COMMITTED BY THE SHAH AND
THE UNITED STATES MADE US NEED NO PROOF. THE SHAH AND THE UNITED
STATES MADE US DEPENDENT IN ALL FIELDS. MURDER, VILIFICATION,
IMPRISONMENT AND EXILE WERE COMMON PRACTICE FOR THESE CRIMINALS.
WE SHALL FIGHT THE U.S. GOVERNMENT TO THE END OF OUR LIVES. WE
SHALL NOT REST UNTIL WE PUT THE UNITED STATES IN ITS PLACE, CUT
OFF THE HANDS FROM THE REGION, HELP ALL LIBERATION FIGHTERS TO
DEFEAT IT AND ENABLE THE IRANIAN PEOPLE TO TAKE OVER THEIR
OWN TERRITORY.

TO US THERE IS NO DIFFERENCE BETWEEN THE AGGRESSIVE EAST AND
THE CRIMINAL WEST. WE SHALL FIGHT AND, AS JUSTICE SHALL PREVAIL,
WE SHALL TRIUMPH. U.S. DOMINATION ENTAILS CALAMITY FOR ALL THE
OPPRESSED NATIONS. THE AGGRESSION COMMITTED BY THE AGGRESSIVE
EAST HAD DISGRACE (ED) HISTORY.

DEAR IRANIAN NATION: BEWARE, AS WE HAVE LONG YEARS OF STRUGGLE
AHEAD OF US. TO DESTROY YOU, THE SUPERPOWERS ARE ENGAGED DAILY
IN PLOTS. THE DEVIL'S MISCHIEF HARMS THE OPPRESSED. (PREVIOUS
SENTENCE IN ARABIC--FRIS) THE QUESTION RAISED NOWADAYS IS THE
UNITED STATES AND THE AMERICAN HOSTAGES AND SPIES WHO ARE HELD BY THE
MUSLIM AND STRUGGLING STUDENTS. IN THIS CONNECTION I SHALL MAKE
A FEW POINTS:

1. COPIES OF ALL DOCUMENTS RELATED TO THE U.S. GOVERNMENT AND
THE TRAITOROUS SHAH SHOULD BE MADE AVAILABLE TO THE COMMISSION OF
INQUIRY INTO THE CRIMES COMMITTED BY THE U.S. GOVERNMENT AND THE
SHAH. AS FOR THE MUSLIM STUDENTS, IF THEY TOO HAVE ANY EVIDENCE, THEY
THEY SHOULD PROVIDE COPIES TO THE COMMISSION.

2. THE MEETING WITH THE HOSTAGES INVOLVED IN (COMPILING--FRIS)
THE DOSSIER ON THE CRIMES COMMITTED BY THE SHAH AND THE UNITED
STATES CAN TAKE PLACE FOR THE PURPOSE OF THEIR INTERROGATION.

3. IF THE COMMISSION OF INQUIRY ANNOUNCES ITS VIEWS IN TFHP,
ABOUT THE CRIMES COMMITTED BY THE OUSTED SHAH AND THE INTERFERENCES
BY THE AGGRESSIVE UNITED STATES, THEN A MEETING WITH THE HOSTAGES
(AS HEARD) CAN TAKE PLACE.

ONCE AGAIN I DECLARE MY SUPPORT FOR THE REVOLUTION COUNCIL AND
HIS EXCELLENCY THE PRESIDENT AND CALL ON EVERYONE TO HELP THEM AND
SPARE NO EFFORTS IN SUPPORTING THEM. I WANT ALL STRATA TO FOLLOW
THE PRAISEWORTHY ISLAMIC ETHICS AND SAFEGUARD FRATERNAL RIGHTS.

MY DEAR SISTERS AND BROTHERS: TODAY IS THE DAY OF UNITY AND
UNANIMITY; TODAY IS THE DAY WHEN, IF YOU FAIL IN YOUR UNITY, THEN
YOU WILL BE TRAPPED EITHER BY THE EAST OR THE WEST. NEVER ADHERE TO
A SINGLE IDEA; DO WHATEVER SERVES THE INTEREST OF THIS LAND THE
ISLAMIC NATION. THE MOVEMENT OF THE NOBLE NATION OF IRAN CONTINUES
TO CUT OFF THE HANDS OF THE ENEMIES. SO LONG AS THE UNITED STATES
AND OTHER SUPERPOWERS CONTINUE ITS CONFRONTATION AND STRUGGLE
AGAINST THEM, WHILE SAFEGUARDING ITS COMPREHENSIVE INDEPENDENCE
WITH ALL ITS MIGHT.

IT IS UP TO THE INTELLECTUALS TO INCREASE THEIR EFFORTS IN
EXPOSING THE SUPERPOWERS AND POWERS. I HOPE THAT KHOMEYNI WILL
NEVER DEVIATE FROM THE STRAIGHT PATH OF ISLAM, WHICH IS FIGHTING
AGAINST THE OPPRESSIVE POWERS, AND WILL NEVER REST IN REALIZING
ISLAMIC GOALS; AS I HOPE OUR MUSLIMS, ESPECIALLY THE STRUGGLING
IRANIAN NATION, WILL ENDEAVOR TOWARD ACHIEVING THIS ISLAMIC GOAL
AND CONTINUE THEIR STRUGGLE AGAINST THE OPPRESSORS OF THE EAST
AND WEST.

I PRAY TO GOD ALMIGHTY FOR THE VICTORY OF ISLAM AND THE MUSLIM.
GOD BLESS YOU ALL.

(SIGNED) RUHOLLAH MOSAVI KHOMEYNI

SUBJ: SITUATION IN IRAN

1. THE MILITANTS AT THE EMBASSY INFORMED RADIO TEHRAN THAT THREE OF THEIR NUMBER MET WITH PRESIDENT BANI-SADR AND FOUR REVOLUTIONARY COUNCIL MEMBERS LATE YESTERDAY REGARDING THE U.N. COMMISSION'S VISIT TO THE HOSTAGES. ACCORDING TO THE MILITANTS, NONE OF THE POSSIBLE SCENARIOS FOR A VISIT WAS AGREED TO; HOWEVER, THEY DID EXPECT TO INFORM THE FOREIGN MINISTRY BY THIS MORNING OF THEIR "FINAL DECISION" ON ARRANGEMENTS FOR A MEETING WITH THE HOSTAGES. THE LATEST REPORT FROM AFP INDICATES THAT THE MILITANTS HAVE NOW SAID THEY WILL LET THE COMMISSION VISIT THE 50 HOSTAGES. THE FIVE U.N. JURISTS WOULD BE ALLOWED TO MEET THE HOSTAGES IF THEY SIMPLY WANTED TO VERIFY THAT THEY WERE IN GOOD HEALTH, THE MILITANTS WERE QUOTED AS SAYING. THEY ADDED: "WE WILL NOT AGREE TO LETTING THEM SEE THEM FOR OTHER REASONS."

2. THE U.N. COMMISSION, IN A STATEMENT ISSUED YESTERDAY, INDICATED THAT ITS INVESTIGATION INTO THE SHAH'S ALLEGED CRIMES IS NEARING AN END. THE STATEMENT SAID ARRANGEMENTS HAVE BEEN MADE FOR THE FOREIGN MINISTRY TO PRESENT BY CLOSE OF BUSINESS TODAY ALL REMAINING DOCUMENTATION INTENDED FOR THE COMMISSION'S REVIEW. PRESUMABLY, THIS DOCUMENTATION INCLUDES "EVIDENCE" FROM THE EMBASSY'S FILES THAT THE COMMISSION HAS SAID IT WILL ACCEPT IN AN ATTEMPT TO COUNTER MILITANT OBJECTIONS TO AN OTHERWISE UNCONDITIONAL VISIT TO THE HOSTAGES.

3. PARS REPORTED LAST NIGHT THAT THE REVOLUTIONARY COUNCIL HAS DECIDED NOT TO ALTER ITS DECISION TO HOLD TWO-STAGE PARLIAMENTARY ELECTIONS. PRESIDENT BANI-SADR, TO SHORTEN THE ELECTION PROCESS, HAD ASKED THE COUNCIL TO RECONSIDER THE ISSUE. HOWEVER, TELLS US THERE IS A LOT OF LOCAL OPPOSITION TO THE PROTRACTED ELECTION PROCESS--WHICH FAVORS LARGE, WELL-ORGANIZED GROUPS--AND THE LAST WORD ON THIS MAY NOT YET BE IN.

4. FOOD SHORTAGES IN IRAN'S URBAN AREAS ARE CONTINUING PRIMARILY BECAUSE OF HOARDING, BUREAUCRATIC BLUNDERING IN FOOD DISTRIBUTION, AN INEFFICIENT AND DISRUPTED INTERNAL TRANSPORTATION SYSTEM, AND INTERMITTENT INTERRUPTIONS IN FOREIGN DELIVERIES. RECENT REPORTING CONCERNING THE USE OF MILITARY AIRCRAFT TO TRANSPORT FOOD TO TEHRAN INDICATES THE SERIOUSNESS OF THE GOVERNMENT'S EFFORTS TO PREVENT THE FOOD SITUATION FROM GETTING OUT OF HAND AND LEADING TO DOMESTIC UNREST. AS OF 29 FEB THERE APPEARS TO HAVE BEEN AT LEAST THREE MILITARY FLIGHTS TO FRANCE TO PICK UP MEAT FOR TEHRAN.

~~TOP SECRET~~

APPEARS THAT THE IRANIANS HAVE HAD TO RESORT TO THE USE OF MILITARY AIRCRAFT FOR THE MEAT DELIVERIES BECAUSE IRAN AIR LACKS SUFFICIENT TRANSPORT AIRCRAFT. THE IRANIANS USED AIR FORCE C-130, 707 AND 747 AIRCRAFT FOR THE TRANSPORT OF MEAT AND OTHER FOOD PRODUCTS FROM FRANCE, ROMANIA AND THE NETHERLANDS DURING THE MONTH OF FEBRUARY.

5
7. THE IRANIAN LEFTIST ORGANIZATION, THE PEOPLE'S SACRIFICE GUERRILLAS, HAS BECOME INCREASINGLY ACTIVE IN PROMOTING TURMOIL THROUGHOUT IRAN, PROBABLY AS A RESULT OF THE RECENT MURDER OF FOUR OF ITS MEMBERS DURING THE TURKOMAN UNREST.

SUBJ: EMERGENCY LANDING/EXTRACTION LOCATIONS

1. THIS OFFICE HAS CONDUCTED A REVIEW OF PHOTOGRAPHY OF THE TEHRAN AREA AND IDENTIFIED SEVEN LOCATIONS AS POTENTIAL EMERGENCY LANDING AREAS.
2. FIVE OF THE LOCATIONS ARE SUITED FOR EMERGENCY LANDINGS OF A HELICOPTER WITH PICK UP BY A SECOND HELICOPTER. TWO SITES KARAJ AFLD (27 NM WEST OF TEHRAN) AND KAHRIZAK AFLD (14 NM SOUTH OF TEHRAN) ARE SUITABLE FOR PICKUP BY HELICOPTER OR C - 130 AIRCRAFT.
3. THE FIVE ROTARY-WING LZ'S ARE WITHIN TEHRAN ITSELF. TWO ARE ALONG POSSIBLE INGRESS ROUTES AND THREE ARE ALONG THE MOST LIKELY EGRESS ROUTE. ONE INGRESS EMERGENCY LZ IS A RACETRACK ON THE EAST OF TOWN. THE OTHER IS IN A CONSTRUCTION AREA ON THE NORTH SIDE OF THE CITY. THE THREE EGRESS EMERGENCY LZ'S ARE ALONG A LINE OF RUNNING SOUTH-SOUTHWEST OF THE COMPOUND AND ARE RESPECTIVELY A SCHOOL YARD, AND TWO ATHLETIC FIELDS.
4. DETAILS, REFERENCE GRAPHICS, AND PHOTOGRAPHS OF EACH LOCATION HAVE BEEN PREPARED IN BOOK FORM AND WILL BE PROVIDED VIA NEXT COURIER DELIVERY.

SUBJ: SITUATION IN IRAN

1. FOREIGN MINISTER GHOTEZADEH CONTINUES TO BE CRITICAL OF THE CANADIAN ROLE IN HELPING SIX EMBASSY STAFF TO LEAVE TEHRAN THIS WEEK. HE IS REPORTED THIS MORNING AS SAYING IN A TELEPHONE INTERVIEW WITH CANADIAN BROADCASTING COMPANY, "YOU SHOULD REALIZE THE TENSIONS THIS HAS CREATED AMONG THE STUDENTS." HE ADDS, "I'M NOT ANTICIPATING ANYTHING BUT WHEN TENSIONS RISE, YOU CANNOT ANTICIPATE THE REACTIONS." HOWEVER, IN SO FAR AS WE KNOW, THE MILITANTS THEMSELVES CONTINUE TO STAND BY THEIR STATEMENT OF YESTERDAY THAT THE DEPARTURE OF THE SIX WILL NOT AFFECT THE HOSTAGES' TREATMENT.

2. FORMER RELIGIOUS PROSECUTOR AYATOLLAH YHALKHALI YESTERDAY ACCUSED THE FOREIGN MINISTRY OF "NEGLIGENCE OR TREASON" FOR ALLOWING THE AMERICANS TO ESCAPE. HOWEVER, GHOTEZADEH RESPONDED IN A RADIO INTERVIEW THAT HE HAD NO IDEA THE AMERICANS HAD BEEN AT LARGE IN TEHRAN.

[REDACTED]

3. [REDACTED] FOREIGN MINISTER MOJIB FAR HAS PROMISED A PURGE OF "TAINTED" MANAGEMENT STAFF EVER SINCE HE TOOK OFFICE. POSSIBLY THIS MOVE IS DESIGNED TO REASSURE FEARFUL MANAGERS WHILE AT THE SAME TIME MEETING THE DEMANDS OF EXTREMISTS FOR REVOLUTIONARY ACTION. WHETHER EITHER GROUP WILL BE SATISFIED REMAINS TO BE SEEN; IN THE MEANTIME [REDACTED]

4. IN AN INTERVIEW WITH WEST GERMAN T.V. ZANI-SADR SAID THAT IRAN HAS NO ILLUSIONS ABOUT THE SOVIET UNION AND REALIZES THAT IT COULD BE ATTACKED AS AFGHANISTAN WAS. HE WENT ON TO SAY, HOWEVER, THAT FOR ITS DEFENSE IRAN MUST DEPEND OF THE ENTIRE IRANIAN POPULATION RATHER THAN THE ARMY OR AN ALLIANCE WITH THE U.S. HE SAID THAT RELATIONS WITH THE U.S. CAN CHANGE ONLY IF THE AMERICANS GIVE UP THEIR POLICY OF EXPANSION AND PREDOMINANCE.

~~SECRET~~

H-127
B 2

~~SECRET~~

5. IN A NEWSPAPER INTERVIEW AFTER THE ELECTION BANI-SADR WAS QUOTED AS SAYING THAT THE EFFORTS HE HAD INITIATED WHILE FOREIGN MINISTER FOR THE RETURN OF THE DEPOSED SHAH HAD NOT PROVEN POSSIBLE AND WOULD NOT WORK OUT UNLESS THE IRANIANS CAN MAKE THE SHAH, HIS CRIMES AND HIS CORRUPTION THE MAIN ISSUE. BANI-SADR ADDED THAT IF THIS BECOMES THE MAIN ISSUE, EVEN IF THE SHAH CANNOT BE BROUGHT BACK, THE PRIMARY IRANIAN AIM WILL HAVE BEEN ATTAINED AND THERE WILL BE NO FURTHER NEED FOR HOLDING THE HOSTAGES.

6. TEHRAN RADIO TODAY BROADCAST AN ANNOUNCEMENT BY THE CENTRAL REVOLUTIONARY COMMITTEE SAYING THAT FOLLOWING CLASHES WHICH TOOK PLACE AT THE UNIVERSITY OF TEHRAN ON 30 JAN, THE SON OF KHOMEINI APPEALED FOR CALM AND ORDER FOR THE SAKE OF THE HEALTH OF HIS FATHER. IT WAS ALSO ANNOUNCED THAT KHOMEINI'S SON-IN-LAW, AYATOLLAH ESHRAQI, HAS COME TO THE UNIVERSITY TO INVESTIGATE THE PROBLEMS RELATED TO THE CLASHES. THE CENTRAL COMMITTEE SAID THAT RECENTLY CLASHES HAS TAKEN PLACE THROUGHOUT THE CITY WHICH HAVE LED TO DISORDER AND DISTURBANCES, AND WARNED THAT IT WILL STOP SUCH INCIDENTS WITH SEVERE MEASURES AND HAND OVER THE OFFENDER TO THE REVOLUTIONARY PROSECUTOR'S OFFICE.

7. FOR THE FIRST TIME SINCE THE HOSTAGE CRISIS BEGAN, THE USSR HAS BEGUN TO CRITICIZE IRANIAN POLITICAL FIGURES FOR ANTI-SOVIET STATEMENTS. THE SOVIETS PROBABLY THINK THAT THE ELECTION OF BANI-SADR AS PRESIDENT OF IRAN PORTENDS A MODERATION OF ANTI-U.S. FEELING. THE TUDEH PARTY, REFLECTING SOVIET THINKING, BACKED ANOTHER CANDIDATE, AND THE SOVIET-SPONSORED "NATIONAL VOICE OF IRAN" OMITTED BANI-SADR AS AN ACCEPTABLE CANDIDATE.

...IS POSSIBLY AS A RESULT OF THE LEAK OF THE EXTRACTION OF THE ANDERS PARTY FROM TEHRAN. THIS OFFICE IS PREPARING A SHORT TERM ASSESSMENT ON POSSIBLE FUTURE DEVELOPMENTS.

REVIEW ON OADR

DERIVED FROM Multiple sources
JS, DIA

A

~~TOP SECRET~~

SUBJECT: SITUATION IN IRAN

1. FOREIGN MINISTER GHOTBZADEH VOWED TO MAKE CANADA PAY FOR SMUGGLING SIX U.S. DIPLOMATS OUT OF IRAN, "SOONER OR LATER, SOMEWHERE IN THE WORLD, CANADA WILL PAY FOR THE ACTION THEY HAVE TAKEN," GHOTEZADEH SAID IN A STATEMENT TO JOURNALISTS. THE FOREIGN MINISTER SAID THE CLANDESTINE DEPARTURE OF THE SIX AMERICANS, WHO LEFT THE COUNTRY ON CANADIAN PASSPORTS, WOULD VERY PROBABLY MAKE CONDITIONS WORSE FOR THE 50 AMERICAN HOSTAGES HELD AT THE U.S. EMBASSY IN TEHRAN. NEVERTHELESS, GHOTBZADEH INDICATED IRAN WOULD NOT FORMALLY BREAK OFF DIPLOMATIC RELATIONS WITH CANADA. WE HAVE NO WORD ON THE REACTION TO THIS AFFAIR OF PRESIDENT-ELECT BANI-SADR AND OTHER REVOLUTIONARY LEADERS, OR IF ATTEMPT WILL BE MADE TO CHANGE THE STATUS OF U.S. CHARGE LAINGEN AT THE MFA.
2. THE MILITANTS HOLDING THE HOSTAGES AT THE U.S. EMBASSY TODAY DEMANDED TO KNOW HOW SIX EMBASSY STAFF, POSING AS CANADIAN DIPLOMATS, COULD SLIP OUT OF IRAN AT THE WEEKEND WITHOUT THE GOVERNMENT'S KNOWLEDGE. A STUDENT SPOKESMAN TOLD REUTER EARLY TODAY; "THE FOREIGN MINISTRY MUST KNOW THE NUMBER OF DIPLOMATS IN IRAN, SO HOW COME MORE THAN THE KNOWN NUMBER OF CANADIAN DIPLOMATS WERE ABLE TO LEAVE?" THE STUDENT SPOKESMAN SAID THE INCIDENT WOULD NOT AFFECT THE TREATMENT OF THE U.S. EMBASSY HOSTAGES AND SAID THE STUDENTS ANTICIPATED NO REPRISALS AGAINST CANADIAN CITIZENS STILL IN IRAN.
3. IRAN'S CENTRAL BANK HAS SENT A ONE-SENTENCE INSTRUCTION TO MAJOR AMERICAN BANKS ADVISING THEM THAT ALL OPERATING LICENSES HAVE BEEN REVOKED. THIS MEANS THE BANKS WILL NOT BE ABLE TO MAINTAIN THEIR REPRESENTATIVE OFFICES IN TEHRAN. THE PRACTICAL EFFECT OF THIS MOVE NOW IS NIL SINCE THE BANKS HAD WITHDRAWN THEIR STAFF SOMETIME AGO. THE ORDER WILL SEVER A LINE OF COMMUNICATION AND WILL COMPLICATE FUTURE EFFORTS TO RESOLVE BANKING AND FINANCIAL DISPUTES.

4. [REDACTED]

(A) FBIS NOTES THIS MORNING THAT IMAM KHOMEINI HAS CALLED ON THE ENTIRE IRANIAN PEOPLE TO COLLABORATE WITH BANI-SADR AS THE FIRST IRANIAN PRESIDENT.

[REDACTED]

~~SECRET~~

6. THE FOLLOWING SPECIAL ANALYSIS OF BANI-SADR IS PROVIDED AS BACKGROUND.

(A) THE 46-YEAR-OLD SON OF A MULLAH, BANI-SADR OWES HIS APPARENT VICTORY PRIMARILY TO SPLITS IN THE SHIA MUSLIM CLERGY -- HE WAS ENDORSED BY MANY INFLUENTIAL CLERICS WHILE OTHERS, INCLUDING AYATOLLAH BEHESHTI, BACKED OTHER CANDIDATES. BANI-SADR ALSO DID WELL AMONG THE MIDDLE CLASS, WHICH RESPECTS HIS WESTERN EDUCATION AND 15 YEARS' RESIDENCE IN PARIS. HIS REVOLUTIONARY CREDENTIALS ARE EXCELLENT -- HE SUPPORTED FORMER PRIME MINISTER MOSSADEGH IN THE 1950S, WAS EXILED IN 1963, AND FIRST CONTACTED KHOMEINI IN 1966. DURING HIS YEARS IN FRANCE HE DEVELOPED CONTACTS WITH A WIDE VARIETY OF ANTI-SHAH GROUPS, INCLUDING LEFTISTS AND PALESTINIAN ACTIVISTS.

(B) BANI-SADR IS BEST KNOWN AS A RADICAL THEORETICIAN OF ISLAMIC ECONOMICS. HIS VAGUELY FORMULATED VIEWS INCLUDE NATIONALIZING INDUSTRY, INCREASING EMPHASIS ON AGRICULTURE, ABOLISHING INTEREST RATES, AND SIGNIFICANTLY CURTAILING OIL EXPORTS TO REDUCE IRAN'S DEPENDENCE ON THE WEST.

(C) ALTHOUGH HE WAS ONE OF KHOMEINI'S PRINCIPAL AIDES DURING THE AYATOLLAH'S RESIDENCE IN PARIS, BANI-SADR'S RELATIONSHIP WITH KHOMEINI HAS BEEN AMBIVALENT. HE APPARENTLY DID NOT WANT AN OFFICIAL POSITION IN THE GOVERNMENT WHEN KHOMEINI RETURNED TO IRAN, BUT HE WORKED BEHIND THE SCENES TO IMPLEMENT HIS ECONOMIC THEORIES. THERE IS SOME EVIDENCE THAT HE DOES NOT GET ALONG WELL WITH KHOMEINI'S CLERICAL ASSOCIATES AND THAT HE REGARDS THEM AS POLITICAL AND ECONOMIC AMATEURS.

(D) BANI-SADR HAS DISAGREED WITH KHOMEINI ON A WIDE VARIETY OF ISSUES. HIS RESIGNATION AS FOREIGN MINISTER LAST NOVEMBER WAS THE DIRECT RESULT OF CROSSING KHOMEINI OVER THE HOSTAGE ISSUE. BANI-SADR LONG HAS HELD THAT THE HOSTAGE ISSUE DISTRACTS THE NATION FROM ITS REAL PROBLEMS. HE MADE LITTLE MENTION OF THE HOSTAGES DURING THE CAMPAIGN, SAYING ONLY THAT THE CRISIS SHOULD BE RESOLVED QUICKLY, EITHER BY RELEASING THE HOSTAGES OR PUNISHING THEM.

(E) BANI-SADR'S FIRST TASK WILL BE TO ORGANIZE HIS SUPPORTERS TO WIN THE UPCOMING ELECTIONS FOR THE 270-MEMBER PARLIAMENT OR MAJLES. HE WILL ALSO HAVE TO CHOOSE A PRIME MINISTER AND CABINET, AND MAY REPLACE FOREIGN MINISTER GHOTEZADEH SOON. HE IS LIKELY TO FACE STRONG OPPOSITION FROM SENIOR CLERICS, INCLUDING BEHESHTI, WHO HAVE NO INTENTION OF SURRENDERING POWER. WHILE THE REVOLUTIONARY COUNCIL MAY SOON BE FORMALLY ABOLISHED, ITS MEMBERS WILL CONTINUE TO ADVISE KHOMEINI AND MAY FUNCTION AS A KITCHEN CABINET. SENIOR CLERICS WILL ALSO DOMINATE THE COUNCIL OF GUARDIANS, COMMITTEE OF CLERGYMEN AND LAWYERS SOON TO BE APPOINTED BY KHOMEINI TO OVERSEE THE MAJLES.

(G) HE IS ALSO LIKELY TO FACE LEFTIST OPPOSITION. THE PRO-SOVIET TUDEH PARTY, FOR EXAMPLE, BACKED ISLAMIC REPUBLIC PARTY CANDIDATE HABIBI AND PROBABLY HAS BEEN ANGERED BY BANI-SADR'S PLEDGE TO ASSIST THE AFGHAN REBELS. THE MARXIST FEDAYEEN CAN BE EXPECTED TO OPPOSE ANYONE WHO ATTEMPTS TO REESTABLISH LAW AND ORDER.

(H) KHOMEINI, OF COURSE, WILL CONTINUE TO INTERFERE IN THE GOVERNMENT AND CAN REMOVE THE PRESIDENT AT ANY TIME UNDER THE CONSTITUTION. NONETHELESS, HE WILL HAVE TO RECOGNIZE THAT BANI-SADR, UNLIKE FORMER PRIME MINISTER BAZARGAN, HAS DEMONSTRATED WIDE POPULAR SUPPORT INDEPENDENT OF THE AYATOLLAH.

(I) THE MILITANTS AT THE US EMBASSY ARE AWARE THAT BANI-SADR HOPES TO END THE HOSTAGE CRISIS QUICKLY. THEY UNDOUBTEDLY ARE NOT PLEASED WITH HIS APPARENT ELECTION VICTORY AND MIGHT MAKE AN EFFORT TO DISCREDIT HIM OR MAKE THE SOLUTION TO THE CRISIS AS DIFFICULT AS POSSIBLE.

(J) AS LONG AS KHOMEINI REMAINS ALIVE AND FIT, HE WILL BE THE SINGLE MOST INFLUENTIAL FIGURE IN IRAN. THE AYATOLLAH'S VISION OF THE REVOLUTION WILL CONTINUE TO BE THE FRAMEWORK WITHIN WHICH BANI-SADR WILL HAVE TO WORK. IF KHOMEINI DIES IN THE NEXT FEW WEEKS, BANI-SADR'S TASK WOULD PROBABLY BE OVERWHELMING. THE GOVERNMENT IS TOO FRAGILE TO MAKE THE TRANSITION TO HIS LEADERSHIP AT THIS POINT, AND NONE OF THE SENIOR CLERICS IS CAPABLE OF ACCEDING TO THE AYATOLLAH'S MANTLE. IN THE POWER STRUGGLE THAT WOULD FOLLOW KHOMEINI'S DEATH, THE LEFT, THE MILITANTS, AND THE MINORITIES WOULD MANEUVER FOR THEIR OWN ADVANTAGE.

~~TOP SECRET~~

SUBJECT: SITUATION IN IRAN

1. FINAL PRESIDENTIAL ELECTION RESULTS

THE MINISTRY OF INTERIOR TODAY RELEASED THE FINAL RESULTS OF IRAN'S PRESIDENTIAL ELECTION. OUT OF 14 MILLION VOTES CAST, BANI-SADR RECEIVED ALMOST 11 MILLION (75.7 PERCENT). MADANI CAME IN SECOND WITH OVER 2 MILLION VOTES (14.6 PERCENT). HABIBI, WITH 700,000 VOTES (4.8 PERCENT), WAS A DISTANT THIRD. GHOTBZADEH AND OTHERS WERE MERE ASTERISKS (LESS THAN 1 PERCENT). AS A MATTER OF FACT, GHOTBZADEH GARNERED LESS THAN 50,000 VOTES (0.3 PERCENT) AND RAN 7TH.

2. THE MILITANTS, WHILE SAYING THEY APPROVED OF BANI-SADR AS THE POPULAR CHOICE FOR PRESIDENT, INSISTED ON THEIR RIGHT TO DISAGREE WITH HIS VIEWS. THE MILITANTS COUNTERED BANI-SADR'S CRITICISM OF THEM AS TRYING TO BE A SECOND GOVERNMENT, BY SAYING THAT "ONE OF THE CHARACTERISTICS OF THE REVOLUTION IS THAT ALL THE DECISIONS SHOULD NOT NECESSARILY BE MADE THROUGH GOVERNMENT CHANNELS."

THE DISPUTE BETWEEN BAN-SADR AND THE MILITANTS STARTED LAST SATURDAY WHEN THE MILITANTS CONDEMNED IRANIAN PARTICIPATION IN THE ISLAMIC CONFERENCE. NOW THERE HAVE ALSO BEEN CRITICAL STATEMENTS ON PARTICIPATION IN THE CONFERENCE FROM THE POWERFUL QOM THEOLOGICAL SOCIETY, THE REVOLUTIONARY GUARDS, AND OTHER MAJOR NEWSPAPERS IN IRAN. SEVERAL THOUSAND STUDENTS ARE REPORTED TO HAVE MARCHED TO THE FOREIGN MINISTRY IN DEMONSTRATION AGAINST THE CONFERENCE, CALLING IT AN AMERICAN PLOT.

3. A MEXICAN TELEVISION CREW WAS ATTACKED YESTERDAY AFTERNOON IN TEHRAN WHILE FILMING A DEMONSTRATION OF THE MUJAHEDIN, THE LEFTIST ISLAMIC REVOLUTIONARY ORGANIZATION. THE DEMONSTRATION WAS BEING HELD IN FRONT OF THE U.S. EMBASSY WHEN A RIVAL GROUP, BELIEVED TO BELONG TO "RELIGIOUS COMMITTEES," ATTACKED THE DEMONSTRATORS AND THE MEXICAN CREW WHICH WAS FILMING THE INCIDENTS, FBIS REPORTS.

SUBJ: SITUATION IN IRAN

1. AYATOLLAH KHOMEINI'S CONDITION WAS REPORTED TO HAVE IMPROVED LAST NIGHT. DOCTORS AT TEHRAN'S MEHDI REZA HOSPITAL, WHERE HE WAS TAKEN LAST WEDNESDAY NIGHT, SAID THEY EXPECTED TO MOVE HIM OUT OF THE INTENSIVE CARE WARD WITHIN THE NEXT TWENTY-FOUR HOURS.]

2. MEANWHILE, AS THE IRANIAN LEADER'S HEALTH REMAINS QUESTIONABLE BEHIND THE SCENES MANEUVERING FOR POLITICAL POWER APPARENTLY HAS RECOMMENCED

3. FINANCE MINISTER BANI-SADR'S ABILITY TO CAPTURE AN IMPRESSIVE SHARE OF THE VOTES EXTENDS TO THE PROVINCES AS WELL AS THE URBAN AREAS. IN KHUZISTAN, THE OIL CENTER OF IRAN, BANI-SADR HAS GARNERED 20 PERCENT OF THE POPULAR VOTE. FORMER NAVY CHIEF AND KHUZISTAN GOVERNOR, ADMIRAL MADANI, IS ONLY A DISTANT SECOND IN THE PROVINCIAL VOTING WITH 16 PERCENT. THE CLERGY'S CANDIDATE, HASSAN HABIBI, HAS DONE NO BETTER IN KHUZISTAN THAN IN TEHRAN. FOREIGN MINISTER GHOTBAZADEH'S SHOWING HAS BEEN A STATISTICAL AND POLITICAL DISASTER.

4. BANI-SADR ANNOUNCED THAT HE IS NOT PREPARED TO ACCEPT A PARALLEL GOVERNMENT IN THE FORM OF THE MILITANTS WHO ARE HOLDING THE 50 AMERICANS HOSTAGES. IN A RADIO-TELEVISION INTERVIEW HE SAID, "THE MILITANTS, WHO HAVE BECOME NATIONAL HEROES AFTER SEIZING THE EMBASSY, ARE FREE TO EXPRESS THEIR VIEWS, BUT THE GOVERNMENT WAS THERE TO GOVERN." BANI-SADR'S CRITICISM WAS DIRECTED AT A MILITANT STATEMENT ON SATURDAY WHICH ATTACKED THE GOVERNMENT'S DECISION TO SEND A DELEGATION TO THE ISLAMIC FOREIGN MINISTERS' CONFERENCE IN ISLAMABAD.

5. SPEAKING AT A PRESS CONFERENCE TODAY, BANI-SADR RETREATED FROM HIS CONCILIATORY REMARKS YESTERDAY ON THE RESOLUTION OF THE HOSTAGE CRISIS. HE NOTED THAT THE VERSION CARRIED BY REUTER DID NOT PROPERLY REFLECT HIS VIEWS. ACCORDING TO BANI-SADR, THE MOMENT THE U.S. DESISTS FROM ITS EXPANSIONIST POLICY, "IT WILL BE A DIFFERENT MATTER," MAKING IT POSSIBLE TO SAY THAT A SOLUTION WILL BE ATTAINABLE. RETURNING AGAIN TO THIS THEME LATER IN THE PRESS CONFERENCE, BANI-SADR SAID THAT WHEN THE U.S. DECIDES TO TELL THE AMERICAN NATION AND THE PEOPLE OF THE WORLD THAT IT IS GOING TO DESIST FROM ITS DOMINATION OVER OTHER NATIONS AND WHEN IT CONCEDES THE RIGHT OF THE IRANIAN PEOPLE TO PURSUE CRIMINALS ANYWHERE IN THE WORLD, THEN AT THAT MOMENT THE GROUND FOR THE PEOPLE'S SOLUTION WILL ALSO HAVE BEEN PREPARED.

6. ARAB FOREIGN MINISTERS' OBJECTIONS TO IRAN'S INSISTENCE THAT THE CONFERENCE ALSO DEBATE U.S. ECONOMIC SANCTIONS HAS FINALLY BEEN RESOLVED BY EXPANDING THE AGENDA TO COVER THE QUESTION OF "EXTERNAL PRESSURES AGAINST THE ISLAMIC COUNTRIES." SOURCES ALSO EXPECT SHARP DEBATE OVER A RESOLUTION DEALING WITH U.S. IRANIAN RELATIONS AND THE HOSTAGE SITUATION.

7. ACCORDING TO CHARGE LAINGEN, THE IRANIANS ARE PLANNING TO HOLD A LARGE CELEBRATION ON FEBRUARY 12. THE DAY WOULD COMMEMORATE THE FIRST ANNIVERSARY OF THE IRANIAN REVOLUTION AND THE 1500TH YEAR OF ISLAM.

8. JOHN THOMAS, A MEMBER OF THE AMERICAN INDIAN MOVEMENT, PLANS TO MAKE HIS SECOND VISIT TO TEHRAN LATER THIS WEEK. THOMAS WILL BE CARRYING LETTERS AND MESSAGES FOR THE HOSTAGES FROM THEIR FAMILIES.

REVIEW ON OADR
DERIVED FROM multiple sources

H-#141

1. ALTHOUGH ALL OF THE VOTES IN IRAN'S FIRST PRESIDENTIAL ELECTIONS ARE NOT YET IN, FINANCE MINISTER BANI-SADR HAS CLAIMED VICTORY AFTER RECEIVING APPROXIMATELY 80 PERCENT OF THE VOTES IN TEHRAN. HE CLAIMED HIS FIRST PRIORITY WOULD BE THE RECONSTRUCTION OF IRAN'S BATTERED ECONOMY. BANI-SADR SUPPORTS WIDESPREAD NATIONALIZATION, ELIMINATION OF INTEREST RATES, AND A RETURN OF THE URBAN POOR TO THE COUNTRYSIDE. HE ALSO REPORTEDLY STATED HE WOULD SEEK TO BRING AN END TO THE SIEGE AT THE US EMBASSY.

D

[REDACTED]

3. UN SECRETARY GENERAL WALDHEIM TODAY WAS QUOTED AS SAYING THAT THE U.S. AND IRAN AGREED THAT THERE SHOULD BE AND INTERNATIONAL INQUIRY INTO THE ALLEGED CRIMES OF THE FORMER SHAH. HE SAID THE BASIC PROBLEM IN REACHING A FINAL AGREEMENT ON PROCEDURE FOR THIS IS THE QUESTION OF THE TIMING OF THE RELEASE OF THE HOSTAGES. THE IRANIANS WANT THE INQUIRY AND A UN RESOLUTION ON THE MATTER TO TAKE PLACE FIRST; THE U.S. WANTS THE HOSTAGES RELEASED FIRST. WALDHEIM SAID THAT HE IS CONTINUING TO CONSULT WITH MEMBERS OF THE SECURITY COUNCIL AND THAT HE BELIEVES THAT THE ELECTION OF A PRESIDENT IN IRAN WILL BE HELPFUL IN WORKING OUT A SATISFACTORY SOLUTION.

[REDACTED]

11. AN OFFICIAL OF A US AIRCRAFT MANUFACTURER REPTED CONTACT BY REPRESENTATIVES OF IRAN AIR, THE NATIONAL AIR LINE OF IRAN, SEEKING SPARE PARTS FOR USE ON COMMERCIAL AIRCRAFT AND INQUIRING AS TO POSSIBLE SUPPLY OF SPARE JT9D JET ENGINES. AFTER BEING REFUSED, SOME IRANINA REPRESENTATIVES APPROACHED PRATT & WHITNEY OF CANADA WITH A SIMILAR REQUEST WHICH WAS ALSO REFUSED. SOUCE INDICATE IRANIANS WERE "ALMOS FRANTIC" IN THEIR REQUEST. US AIRCRAT COMPANY OFFICIALS INDICATED THAT, AS OF SEPTEMBER 1979, IRAN HAD 20 SPARE JT9D ENGINES ON HAND. IT IS NOT KNOWN IF IRAN WILL USE THESE ENGINES FOR NEED PARTS. IRAN HAS APPROACHED MANY OTHER POSSIBLE SURCES FOR PARTS FOR ITS BOEING TRANSPORT AIRCRAFT SIENCE DECEMBER.

~~TOP SECRET~~

SUBJ: REACTION FORCES VIC MANZARIYEH AIRFIELD

- (1) GENERAL: NO KNOWN REGULAR IRANIAN GROUND COMBAT FORCES OR MILITARY AIRCRAFT ARE STATIONED AT MANZARIYEH AIRFIELD.
- (2) QOM/MANZARIYEH AMMO DEPOT: THERE IS PROBABLY A SECURITY ELEMENT OF COMPANY (-) STRENGTH ASSIGNED TO THE DEPOT (34-58-39N 050-48-05E). THE REACTION TIME COULD BE AS LITTLE AS 30 MINUTES IF A REACTION FORCE AND VEHICLES HAD BEEN PREDESIGNATED.
- (3) GENDARMERIE: SIX GENDARMERIE POSTS ARE LOCATED WITHIN 30 KM OF MANZARIYEH: THE CLOSEST IS KAUSHY-KOSSART (35-07-00N 050-34-00E) SOME 20 KM NORTH. THE OTHERS ARE KOM-ROOD (34-44-00N 051-04-00E); TAE-ROOD (34-39-00N 050-38-00E); SAVEH (35-01-00N 050-41-00E); ZARAND (34-16-00N 050-26-00E); JAFAR-ABAD (34-47-00N 050-34-00E). EACH OF THESE HAS A NOMINAL STRENGTH OF 6-10 GENDARMES ABOUT HALF OF WHOM MIGHT BE ON DUTY AT NIGHT. ALTHOUGH PERSONNEL FROM ANY OR ALL OF THE POSTS MIGHT REACT TO AN ASSAULT ON MANZARIYEH, THEIR LEVEL OF MORALE AND TRAINING IS ASSESSED AS LOW AND ANY ATTEMPT AT INTERVENTION WOULD BE MILITARILY INEFFECTIVE. GENDARMERIE UNITS HAVE THEIR OWN ORGANIC RADIO AND DEDICATED NETS. MOST WOULD ALSO PROBABLY HAVE ACCESS TO COMMERCIAL TELEPHONES.
- (4) REVOLUTIONARY GUARDS: IN QOM PROPER (34-39-00N 050-52-00E) THERE ARE AN ESTIMATED 2000 MEMBERS OF KHOMEINI'S REVOLUTIONARY GUARD CORPS. THESE ARE PRIMARILY TASKED WITH SECURITY FOR THE CITY. GUARD UNITS ARE NORMALLY DIVIDED INTO OPERATIONAL, POLITICAL, AND ECONOMIC ENTITIES. THE OPERATIONAL UNITS - THOSE WITH MORE MILITARY TRAINING - PERFORM COMBAT TYPE DUTIES. THESE COULD ACCOUNT FOR AS MANY AS 1500 OF THE PERSONNEL IN QOM. GUARD UNITS CAN BE EXPECTED TO REACT TO ANY FIGHTING IN MANZARIYEH ONCE IT BECOMES CLEAR THAT THERE IS NO THREAT TO THE HOLY CITY, THE AYATOLLAH, OR MEMBERS OF THE REVOLUTIONARY COUNCIL. NIGHT MOVEMENT ACROSS THE MORE THAN 30 KM BETWEEN QOM AND MANZARIYEH WOULD PROBABLY BE CONFUSED AND WOULD INVOLVE TRANSPORT BY THIN-SKIN VEHICLES. AT BEST, IT WILL REQUIRE AN HOUR OR MORE BEFORE THE FIRST GUARDSMEN COULD INTERVENE. WE HAVE NO INFORMATION WHICH INDICATES MEMBERS OF THE GUARD ARE ARMED WITH ANYTHING LARGER THAN INDIVIDUAL SMALL ARMS BUT IT MUST BE ASSUMED THAT LIGHT CREW-SERVED WEAPONS COULD ALSO BE EMPLOYED. THERE ARE

...THE AREA HAS BEEN USED AS A BOMBING RANGE AND HAS
PRIMARY USERS OF THE RANGE HAVE BEEN BATTALIONS
OF THE 16TH ARMORED DIVISION AND SHAHROKI-BASED E-4'S

ALIBAD IS AN AUSTERE BASE WITH NO BARRACKS
OR BILLETING STRUCTURES. TANK BATTALIONS FROM THE 16TH ARMORED
NORMALLY TRANSIT FROM THEIR HOME BASE AT QAZVIN IN TRUCKS AND UTILIZE
TRANSPORTERS FOR THE CHIEFTAIN TANKS. WHILE AT ALIBAD THEY LIVE IN
THE FIELD.

THERE IS NO INDICATION
THAT THESE UNITS ACTUALLY MOVED TO THE PROPOSED TRAINING SITE
EITHER IN DECEMBER OR JANUARY. BAD WEATHER AND THE CONTINUING
POLITICAL TURMOIL IN IRAN MAY HAVE RESULTED IN CURTAILMENT OF
SUCH ACTIVITY. THE CURRENT DIA ASSESSMENT OF THE 16TH
DIVISION IS THAT IT IS AT 50-60 PERCENT OF PERSONNEL T/O WITH
ALL KNOWN MAJOR UNITS IN GARRISON VIC QAZVIN APPROX 175 KM NW OF
MANZARIYEH.

(6) AIR ELEMENTS: WHILE THERE ARE NO IRANIAN AIR
FORCE UNITS AT MANZARIYEH, FIGHTERS COULD REACT FROM
BOTH SHAHROKI AND MEHRABAAD.

IT IS
UNLIKELY THAT THESE AIRCRAFT WOULD BE ARMED WITH AIR-TO-GROUND
ORDNANCE. THEY DO HOWEVER
POST A THREAT TO US AIR OPERATIONS, BOTH FIXED WING
AND HELOS, IF COMMAND AND CONTROL FACILITIES, PARTICULARLY
GCI RADARS, REMAIN OPERATIONAL.

ALERT AIRCRAFT
COULD BE OVER [REDACTED] WITHIN [REDACTED] AFTER LAUNCH IF
PROPERLY VECTORED. ADDITIONARLLY, HELICOPTERS FROM [REDACTED] OR [REDACTED]

ARE WITHIN FLYING RANGE OF MANZARIYEH AREA. HOWEVER, IT IS
UNLIKELY THAT THESE WOULD BE ARMED AND WE HAVE NO INFORMATION
WHICH WOULD SUGGEST THAT [REDACTED]

SUBJ: SITUATION IN IRAN

[redacted]

2. IRAN HAS ASKED FOR A POSTPONEMENT OF THE ISLAMIC FOREIGN MINISTERS CONFERENCE SCHEDULED TO CONVENE IN ISLAMABAD ON 26 JANUARY. THE REQUEST IS OSTENSIBLY TO AVOID HAVING THE CONFERENCE OPEN ON THE SAME DAY THAT EGYPTIAN-ISRAELI RELATIONS ARE NORMALIZED AND TO PRESERVE ISLAMIC UNITY. A PRESS REPORT OF THE 24TH FROM ISLAMABAD INDICATED THAT PAKISTAN AND THE ORGANIZERS OF THE CONFERENCE DID NOT SEEM WILLING TO CHANGE THE DATE (UNCLASSIFIED)

3. IRANIAN CONDITIONS FOR THE RELEASE OF THE HOSTAGES STATE THAT NOT ONLY MUST AN INVESTIGATIVE COMMITTEE BE FORMED TO TRY THE SHAH, BUT THE UN GENERAL ASSEMBLY MUST ENDORSE ITS VERDICT OF GUILTY.

[redacted]

4. DOCTORS TREATING KHOMEINI HAVE STATED THAT HIS CONDITION IS SATISFACTORY AND IMPROVING. BLOOD TESTS AND CHEST X-RAYS HAVE BEEN NORMAL. THE TEAM OF PHYSICIANS HOPE THAT KHOMEINI CAN BE TRANSFERRED FROM THE INTENSIVE CARE UNIT TO THE ORDINARY HEART TREATMENT UNIT SOON. KHOMEINI HAS HAD NUMEROUS VISITORS TODAY, AMONG THEM PRESIDENTIAL CANDIDATE BANI-SADR.

5. A TEN-MINUTE LONG MESSAGE FROM KHOMEINI HAS BEEN BROADCAST REPEATEDLY TODAY ON THE RADIO. IN THIS MESSAGE KHOMEINI SAYS THAT HIS CONDITION IS NOT BAD AND THAT DOCTORS SHOULD GIVE AS MUCH ATTENTION TO THE SLUM DWELLERS OF TEHRAN AS THEY DO TO HIM. KHOMEINI'S MAIN POINT, HOWEVER, IS THAT HE WOULD LIKE TO HAVE EVERYONE GO TO THE POLLS AND VOTE IN THE PRESIDENTIAL ELECTION.

[redacted]

7. THE FIVE MAJOR CANDIDATES HAVE RESPONDED TO A UNITY CALL BY KHOMEINI BY PLEDGING TO SUPPORT WHICHEVER ONE OF THEM IS ELECTED THE MILITANTS OCCUPYING THE EMBASSY HAVE LABELED PRESIDENTIAL CANDIDATE ADMIRAL AHMAD MADANI AS "AMERICA'S CANDIDATE." MADANI HAS REJECTED THE MILITANTS' CHARGE THAT, IN LEAGUE WITH THE U.S. HE HELPED GENERAL PALIZBAN FLEE IRAN, BUT HE YESTERDAY DECLINED TO GIVE AL FULLER STATEMENT TO JOURNALISTS BECAUSE OF A GOVERNMENT ORDER BANNING CAMPAIGNING ON ELECTION EVE.

8. TEHRAN RADIO HAS BROADCAST AN EDITORIAL IN THE LOCAL NEWSPAPER HOMJURI-YE-ISLAMI CHARACTERIZING THE ISLAMIC FOREIGN MINISTERS' CONFERENCE SCHEDULED TO BEGIN IN ISLAMABAD SOON AS AN ATTEMPT BY U.S. IMPERIALISM TO ASSIST THE SOVIET UNION IN SUPPRESSING THE AFGHAN REVOLUTION. THE EDITORIAL LABELS THE CONFERENCE "A CONSPIRACY OF THE EAST AND WEST AGAINST THE STRUGGLING MUSLIMS OF THE REGION."

9. BRUCE LAINGEN TOLD THE IWG TODAY THAT HE AND HIS TWO COLLEAGUES WILL BE VISITED FOR THE FIRST TIME BY A DOCTOR ON SATURDAY. NONE OF THEM HAVE ANY MAJOR MEDICAL PROBLEM, BUT IT IS A POSITIVE DEVELOPMENT THAT THEY WILL HAVE ACCESS TO A PHYSICIAN. WE HAD REQUESTED THIS FROM THE FOREIGN MINISTRY.

SUBJ: IRAN SITUATION REPORT AS OF 0500 24 JANUARY 1980

1. AYATOLLAH KHOMEINI HAS CANCELLED ALL ENGAGEMENTS UNTIL 9 FEB, THEREBY EXTENDING HIS CURRENT TWO WEEK REST PERIOD WHICH WAS SUPPOSED TO END 27 JANUARY.

A. [REDACTED] KHOMEINI HAS TAKEN LEAVES OF ABSENCE FROM MOST AFFAIRS OF STATE BEFORE, BUT THIS IS THE LONGEST PERIOD OF SECLUSION AND MAY INDICATE SERIOUS HEALTH PROBLEMS.

C. BRUCE LAINGEN TOLD THE IWC THAT WHEN REPORTS OF THE ARREST OF THE FORMER SHAH WERE RELEASED IN TEHRAN AROUND 1:00 P.M. LOCAL TIME TODAY THERE WAS A GREAT DEAL OF CELEBRATION IN THE STREETS, INCLUDING AN INCESSANT HONKING OF HORNS.

2. THERE APPEARS TO BE CONCERN IN IRAN FOR KHOMEINI'S HEALTH AND THE REVOLUTIONARY COUNCIL IS REPORTEDLY IN ATTENDANCE IN QOM. ALSO THE MILITANTS AT THE EMBASSY HAVE CALLED FOR A NATIONAL DAY OF PRAYER ON 24 JANUARY. WHILE IT IS NOT YET CLEAR WHAT THE EXACT NATURE OF KHOMEINI'S ILLNESS IS AT THIS TIME, IT MAY BE MORE SERIOUS THAN THE IRANIANS ARE LETTING ON. IT IS LIKELY THAT THE ON-GOING POWER STRUGGLE AMONG THE RELIGIOUS LEADERSHIP WILL INTENSIFY AS KHOMEINI'S HEALTH FAILS, AND WHEN HE DIES ANY SEMBLANCE OF UNITY IN THE COUNTRY MAY VERY WELL END COMPLETELY. AT THIS TIME THERE IS NO CLEAR CUT SUCCESSOR TO KHOMEINI, WHICH SPELLS CHAOS FOR IRAN AFTER HE IS GONE. A STRONG PRESIDENT WILL TRY TO HOLD THINGS TOGETHER, BUT THE RELIGIOUS LEADERS HAVE HAD A TASTE OF POWER, AND THEY WILL NOT LET GO TOO READILY.

3. EARLY ON 23 JANUARY THE IRANIAN FOREIGN MINISTRY ANNOUNCED THAT PANAMANIAN PRESIDENT ROYO HAD PERSONALLY CALLED IRANIAN FOREIGN MINISTER GOTBZADEH TO INFORM HIM THAT PANAMA HAD ARRESTED THE SHAH AND WAS AWAITING DOCUMENTATION FROM IRAN IN ORDER TO BEGIN EXTRADITION PROCEDURES. THE PANAMANIAN GOVERNMENT DENIED THAT THE SHAH WAS UNDER ARREST. HOWEVER AFTER AN EMERGENCY MEETING, PANAMANIAN PRESIDENT ARISTIDES ROYO STATED THAT THE SHAH WAS "UNDER THE CARE OF PANAMANIAN SECURITY OFFICIALS IN ACCORDANCE WITH PRECAUTIONARY MEASURES... IN RELATION WITH THE REQUEST OF THE GOVERNMENT OF IRAN THAT PROCEEDINGS BE STARTED FOR THE EXTRADITION OF THE EX-SHAH." LATER THE OFFICIAL PANAMANIAN SPOKESMAN DESCRIBED THE SHAH AS BEING "ABSOLUTELY FREE" AND NO IN DETENTION OR UNDER HOUSE ARREST. PANAMANIAN RADIO LATER DESCRIBED HIM AS CONTINUING TO ENJOY FULL FREEDOM "NATURALLY UNDER CUSTODY (BAJO CUSTODIA) WHICH IS NOT THE SAME THING AS ARREST (DETENIDO)".

THE FOLLOWING IS A TEXT OF THE MESSAGE PRESIDENT ROYO SENT TO THE ISLAMIC COUNCIL OF THE REVOLUTION:

MR. MOHAMMAD REZA PAHLAVI REMAINS UNDER THE CARE (CUIDADO) OF PANAMA'S SECURITY AUTHORITIES AND THE APPROPRIATE PRECAUTIONARY MEASURES HAVE BEEN ADOPTED IN OUR NATIONAL TERRITORY. REGARDING THE EXTRADITION OF THE FORMER SHAH, WE HEREBY INFORM YOU THAT CONSISTENT WITH ARTICLE 4 OF LAW 44 OF 1930 ON PUBLIC INTERNATIONAL LAW, THE FOLLOWING DOCUMENTS, WHICH MUST BE LEGALIZED AND DULY AUTHENTICATED, ARE NECESSARY:

A COPY OF THE ARREST ORDER ISSUED BY THE AUTHORITIES OF IRAN;

ALL THE NECESSARY INFORMATION TO VERIFY THE IDENTITY OF THE PERSON BEING ASKED FOR;

IF THE ABOVE DOCUMENTS ARE PRESENTED WITHIN 60 DAYS, THE EXTRADITION DEMAND WILL BE ACCEPTED AS FORMAL AND THE EXECUTIVE WILL PROCEED TO CONSIDER IT AND LATER DECIDE ON IT.

WE TRUST THAT PANAMA'S ATTITUDE, WHICH TRIES TO ABIDE BY THE PRINCIPLES OF INTERNATIONAL LAW BY AGREEING TO PROCESS THE DEMANDS, WILL CAUSE THE PEOPLE AND GOVERNMENT OF IRAN TO FOLLOW OUR EXAMPLE AND RELEASE THE HOSTAGES SINCE THIS IS SERIOUSLY AFFECTING PEACEFUL COEXISTENCE AMONG THE NATIONS.

THE NOTE IS SIGNED BY PANAMANIAN PRESIDENT ARISTIDES ROYO.

PANAMA REPORTEDLY WILL HAVE 60 DAYS FROM RECEIPT OF THE DOCUMENTS TO DECIDE WHETHER THE SHAH WILL BE EXTRADITED.

4. GOI HAS DECIDED TO RELEASE COPIES OF CAPTURED EMBASSY DOCUMENTS TO SUBSTANTIATE IRAN'S CHARGES OF SYSTEMATIC ESPIONAGE IN IRAN BY THE U.S. THE DOCUMENTS WILL BE SENT MAINLY TO IRANIAN EMBASSIES IN VARIOUS THIRD WORLD AND MOSLEM COUNTRIES IN AN EFFORT TO ENGENDER SUPPORT FOR THE IRANIAN POSITION.

5. ELECTION POSTPONEMENT

THERE ARE RUMORS THAT THE ELECTIONS MIGHT BE POSTPONED. BANI-SADR HAS REFUSED COMMENT, BUT INTERIOR MINISTER RAFSANJANI SAID THAT THE DEEP SNOW BLANKETING IRAN MIGHT FORCE POSTPONEMENT.

SUBJECT: SITUATION IN IRAN

1. EMBASSY TEHRAN PRESS ATTACHE BARRY ROSEN HAS BEEN ACCUSED BY MILITANTS HOLDING THE EMBASSY OF BEING A SPY. ACCORDING TO REUTER, THE MILITANTS CLAIMED THAT THE UNITED STATES PLOTS WILL BECOME CLEAR WHEN "WE PUT HIM ON TRIAL." ROSEN WAS ACCUSED OF CONTACTING THE EDITORS OF BAMDAD, TEHRAN TIMES AND THE NOW DEFUNCT OMIID-E-IRAN WHICH THE MILITANTS DESCRIBED AS PUBLICATIONS OPPOSED TO THE REVOLUTIONARY GOVERNMENT. BAMDAD WAS ACCUSED OF BEING RUN BY THE STAFF OF THE FORMER RASTAKHIZ NEWSPAPER. THE MILITANTS ALSO CLAIMED THAT FORMER GOVERNMENT SPOKESMAN ENTEZAM HAD DISCUSSED IRAN'S "ANTI-AMERICAN" STANCE WITH CHARGE LAINGEN.

[REDACTED]

3. MOST OBSERVERS REPORTING ON THE IRANIAN PRESIDENTIAL CAMPAIGN STILL CONSIDER FINANCE MINISTER BANI-SADR AS THE FRONT-RUNNER. [REDACTED] ALSO DOING WELL.

[REDACTED]

KURDISH LEADERS HAVE ANNOUNCED THAT THEY WILL BOYCOTT THE ELECTIONS AS HAVE THE MARXIST FEDAYEEN GUERRILLA GROUP AND THE NATIONAL DEMOCRATIC FRONT.

THE BALLOTS FOR THE ELECTION WILL NOT LIST THE NAMES OF THE CANDIDATES. THE VOTER WILL HAVE TO WRITE IN THE NAME OF HIS CHOICE. THIS MEANS THAT THE 50 PERCENT OF THE VOTERS WHO ARE ILLITERATE WILL HAVE TO OBTAIN HELP FROM SOMEONE IN CASTING THEIR BALLOT, RAISING THE POSSIBILITY OF WIDE SPREAD FRAUD.

[REDACTED]

SUBJ: SITUATION IN IRAN

FROM DOS: [REDACTED]

GENERALIZATIONS CAN BE MADE BECAUSE THE HOSTAGES HAVE BEEN SEPARATED IN SMALL GROUPS AND MAY WELL BE SUBJECT TO DIFFERENT TREATMENT BY THE VARIOUS CAPTORS. SOME REPORT IMPROVED CONDITIONS DATING FROM ABOUT MID-DECEMBER, WHILE OTHER REMAIN BOUND. MOST OF THE HOSTAGES ARE KEPT FOUR OR FIVE TO A ROOM, AND HAVE BEEN MOVED SEVERAL TIMES AT NIGHT. WHEN MOVED, THEY ARE TIED AND BLINDFOLDED. THE HOSTAGES APPEAR TO HAVE ACCESS TO BOOKS, OCCASIONAL VISITS BY A PHYSICIAN, AND RARE EXERCISE PERIODS OUT DOORS. THE WORST CONDITION OF THE INCARCERATION APPEARS TO BE THE ENFORCED SILENCE AMONG THE HOSTAGES.

4. IN AN ATTEMPT TO REFOCUS WORLD OPINION ON IRANIAN COMPLAINTS AGAINST THE US AND THEIR EFFORTS TO EXTRADITE THE SHAH, IRAN HAS REPORTEDLY DECIDED TO MAKE PUBLIC CERTAIN CAPTURED US DOCUMENTS THAT PURPORTEDLY SUBSTANTIATE IRANIAN CLAIMS OF US ESPIONAGE IN IRAN. THE DOCUMENTS WILL BE RELEASED TO IRANIAN EMBASSIES IN SELECTED COUNTRIES, TO INCLUDE BANGLADESH.

5. RUMORS THAT THE AMERICAN HOSTAGES WILL BE RELEASED AFTER THE IRANIAN PRESIDENTIAL ELECTIONS (25 JANUARY) CONTINUE TO CIRCULATE AMONG DIPLOMATS IN TEHRAN.

6. FOREIGN MINISTER GHOTBZADEH INDICATED IN AN INTERVIEW WITH FRENCH RADIO THAT THE FAILURE OF THE UN TO SET UP AN INVESTIGATION INTO CRIMES ALLEGEDLY COMMITTED BY THE SHAH WOULD DELAY THE RELEASE OF THE HOSTAGES. GHOTBZADEH CLAIMS THE UN SECRETARY GENERAL WALDHEIM HAD AGREED TO INSTITUTE AN INVESTIGATION DURING HIS RECENT VISIT TO TEHRAN BUT THAT HE WAS PRESSURED TO RENEGE BY THE UNITED STATES.

7. RECENT REPORTING IN THE PRESS AND ELSEWHERE HAS TENDED TO DEPICT MORE SERIOUS SQUABBLING AMONG THE MEMBERS OF THE IRANIAN REVOLUTIONARY COUNCIL. WHILE SOME OF THIS IS ASSOCIATED WITH THE UPCOMING ELECTION, THERE APPEARS TO BE DEEPENING DIVISIONS ON SUBJECTS LIKE LOCAL AUTONOMY, THE SOVIET INVASION, AND RELATIONS WITH THE U.S.

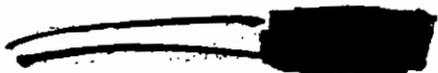

11. NO SOVIET UNITS IN THE INDIAN OCEAN OR SOUTH CHINA SEA ARE KNOWN/ EXPECTED TO BE OPERATION UNDER EMCCON CONDITIONS. A GUIDED MISSILE FRIGATE AND A LIGHT FRIGATE CONTINUE SURVEILLANCE OF USS KITTY HAWK (TG 70.2). AN INTELLIGENCE COLLECTOR AND A NAVAL SUBORDINATED MERCHANT TANKER CONTINUE TO SUPPORT THE COMBATANTS.

USS NIMITZ (TG 70.4) IS IN THE CENTRAL ARABIAN SEA CONTINUING A NORTHERLY TRANSIT AND SHOULD ARRIVE IN THE VICINITY OF THE USS MIDWAY AND USS KITTY HAWK TASK GROUPS LATER TODAY.

SUBJECT: SITUATION IN IRAN

1. IN AN INTERVIEW WITH EMBASSY MILITANTS THE JAPANESE PRESS REPORTS THERE ARE ABOUT 400 MILITANTS AT THE US EMBASSY. THE MILITANTS CLAIM THAT ALL THE HOSTAGES REMAIN AT THE EMBASSY, BUT WOULD NOT GIVE THE EXACT NUMBER OF HOSTAGES. ON THE MILITANT'S ORGANIZATION, THE JAPANESE PRESS INDICATES DECISIONS ARE MADE BY A COUNCIL, AND THE MILITANTS ARE DIVIDED INTO GROUPS WHICH SHARE RESPONSIBILITIES.

2. IN A MAJOR CONCESSION TO THE MINORITY GROUPS, AYATOLLAH KHOMEINI HAS APPROVED A PLAN TO AMEND IRAN'S ISLAMIC CONSTITUTION TO ALLOW THE SUNNI SECT OF ISLAM EQUAL STATUS WITH THE COUNTRY'S MAJORITY SHIITE SECT. KHOMEINI'S PLAN WOULD PLACE A REFERENDUM BEFORE THE IRANIAN PEOPLE WHICH WOULD AMEND ARTICLE 12 OF THE CONSTITUTION WHICH STATES: "THE OFFICIAL RELIGION OF IRAN IS ISLAM OF THE SHIITE SECT." THE CLAUSE ABOUT OFFICIAL RELIGION IS BELIEVED TO BE ONE OF THE MAIN CAUSES OF BOTH THE TURKOMAN AND BALUCHI UNREST. IT IS ALSO PART OF THE REASON FOR THE AZERBAIJAN UNREST AND THE RIFT BETWEEN AYATOLLAH SHARIAT-MADARI AND KHOMEINI. IF APPROVED, THE AMENDMENT WOULD BE BY FAR THE BIGGEST CONCESSION MADE TO THE MINORITY GROUPS SINCE THE KHOMEINI REGIME CAME TO POWER.

3. AFTER A FOUR DAY DISAPPEARANCE, AYATOLLAH REHESHTI, SECRETARY OF THE IRANIAN REVOLUTIONARY COUNCIL, REAPPEARED IN PUBLIC DENYING HE HAD FALLEN FROM GRACE. AYATOLLAH REHESHTI HAD BEEN RUMORED TO BE INVOLVED WITH A TERRORIST GROUP RESPONSIBLE FOR THE ASSASSINATION OF GOVERNMENT OFFICIALS AND RELIGIOUS LEADERS CLOSE TO KHOMEINI.

4. RUMORS OF DISSENSION AMONG THE CLERGY WERE STRENGTHENED BY AN ATTACK ON THE LEADERSHIP OF THE ISLAMIC REPUBLICAN PARTY (IRP) BY HAJATOLESLAM SHEIKH ALI TEHERANI OF NASHAH. IN A PUBLISHED LETTER TO KHOMEINI, TEHERANI BITTERLY ATTACKED THREE MEMBERS OF THE IRP CENTRAL COMMITTEE; ACCUSING THEM OF TREASON AND PLOTTING TO GRAB POWER BY THE ELECTION OF FORMER IRP CANDIDATE, JALAEDDIN FARSI. FARSI HAS BEEN DECLARED INELIGIBLE TO RUN BECAUSE HIS FATHER WAS NON-IRANIAN, ACCORDING TO THE REPORT FROM REUTERS.

5. IN TABRIZ A LARGE NUMBER OF AIR FORCE OFFICERS AND ENLISTED MEN WERE ARRESTED BY THE REVOLUTIONARY GUARDS FOR THEIR PART IN AN ALLEGED COUP PLOT AND FOR CONSPIRACY IN THE RECENT CLASHES IN THAT CITY. THERE IS NO FURTHER INFORMATION ON THE COUP; IT SEEMS THE CONSPIRACY CHARGE CONCERNS PROVIDING ARMS AND AMMUNITION TO THE OPPOSITION MOSLEM PEOPLE'S REPUBLICAN PARTY.

6. [REDACTED]

7. [REDACTED]

ACCORDING TO PRESS REPORTS, THE CLASHES CAUSED 10 DEATHS OR INJURIES.

~~SECRET~~

~~SECRET~~

9. COLLECTION ACTIVITY AGAINST THE MIDWAY, KITTY HAWK AND NIMITZ TASK GROUPS: A GUIDED MISSILE FRIGATE CONTINUES SURVEILLANCE OF USS KITTY HAWK, WHILE A GUIDED MISSILE DESTROYER REMAINS IN THE VICINITY OF USS MIDWAY. AN INTELLIGENCE COLLECTOR AND A NAVAL SUBORDINATED TANKER CONTINUE TO SUPPORT THOSE COMBATANTS. USS NIMITZ IS IN THE NORTH-CENTRAL INDIAN OCEAN AND WILL COMPLETE AN EIGHTEEN DAY HIGH SPEED TRANSIT FROM THE MEDITERRANEAN, WHEN IT ARRIVES IN THE NORTHERN ARABIAN SEA ON 22 JANUARY.

TOP SECRET

SUBJECT: SITUATION IN IRAN

1. UNITED NATIONS SECRETARY-GENERAL WALDHEIM REPORTEDLY IS OPTIMISTIC THAT HIS PLAN TO FORM AN INVESTIGATIVE COMMITTEE UNDER UN AUSPICES WILL RESOLVE THE HOSTAGE IMPASSE. IN HIS OPINION, THE ONLY THING HOLDING UP ESTABLISHMENT OF THE COMMITTEE IS THE QUESTION OF THE TIMING OF THE HOSTAGES RELEASE. OTHER INTERNATIONAL FIGURES ARE NOT SO OPTIMISTIC.

1.A. WHILE THE IRANIAN POSITION COMMUNICATED TO WALDHEIM MAY PROVE A STARTING POINT FOR DISCUSSIONS, A FORMULA MUST BE FOUND THAT NEITHER IMPLIES UN AGREEMENT TO A PRE-DETERMINED OUTCOME TO ANY INQUIRY, NOR RESULTS IN THE HOSTAGES BEING HELD UNTIL THE IRANIANS ARE SATISFIED AS TO THE INQUIRIES RESULT.

2. THE NEXT WEEK SHOULD SEE AN INCREASE IN POLITICAL ACTIVITY AS THE REMAINING PRESIDENTIAL CANDIDATES INTENSIFY THEIR CAMPAIGNS. LITTLE PROGRESS IS EXPECTED ON THE HOSTAGE ISSUE UNTIL AFTER THE ELECTIONS. IRANIAN REACTION TO THE SOVIET INTERVENTION IN AFGHANISTAN IS EXPECTED TO INCREASE.

3. AYATOLLAH KHOMEINI HAS APPROVED PLANS TO AMEND IRAN'S STRICT CONSTITUTION TO ALLOW THE SUNNI BRANCH OF THE ISLAMIC RELIGION EQUAL STATUS WITH THE MAJORITY SHI'ITE SECT.

4. [REDACTED]

5. FOREIGN MINISTER GOIBZADEH COMMENTED IN A RECENT INTERVIEW THAT IRAN PLANS TO DO EVERYTHING POSSIBLE TO FORCE THE SOVIET UNION TO WITHDRAW FROM AFGHANISTAN. HE WOULD NOT RULE OUT IRANIAN AID TO AFGHAN REBELS. THIS IS THE STRONGEST CRITICISM OF SOVIET ACTIONS IN AFGHANISTAN BY AN IRANIAN OFFICIAL, BUT IS IN LINE WITH THE STANCE TAKEN BY GOVERNMENT OFFICIALS AND RELIGIOUS LEADERS, KHOMEINI BEING THE EXCEPTION, SINCE HE HAS SAID NOTHING.

6. DESPITE PREVIOUS CLAIMS THAT HE WOULD NOT COMMENT ON PRESIDENTIAL CANDIDATES, KHOMEINI ON 19 JAN SAID THAT ALL CANDIDATES WHO DID NOT APPROVE OF THE RECENTLY PASSED CONSTITUTION WOULD BE BARRED FROM RUNNING FOR PRESIDENT. THIS APPEARS AIMED AT THE CANDIDATE FOR THE ISLAMIC MARXIST IRANIAN PEOPLE'S STRUGGLERS.

[REDACTED]

19 JAN THAT IRAN WOULD REACT "VERY VIGOROUSLY" IF SOVIET-TRAINED BALUCHIS TRY TO INFILTRATE IRAN. THE EMISSARY HAS BEEN VISITING COUNTRIES IN SOUTH ASIA AND SOUTHEAST ASIA FOR THE PAST WEEK, INSPECTING THE CONDITIONS OF MUSLIMS IN THE AREA AND GENERALLY MAKING CONTROVERSIAL STATEMENTS.

9. [HEAVY SNOWFALL IN NORTHWEST IRAN APPARENTLY IS HAMPERING MILITARY OPERATIONS AND PROBABLY DAMAGING TROOP MORALE.

10.

11.

TWO MAYS FLEW A PROBABLE RECONNAISSANCE MISSION AGAINST THE USS NIMITZ (CVN-68) BATTLE GROUP TODAY. THIS FLIGHT MARKS THE INITIAL SURVEILLANCE EFFORT OF THE ADEN DEPLOYED MAYS AGAINST THE NIMITZ BATTLE GROUP. IT IS LIKELY THE PRESENCE OF THREE CARRIER TASK GROUPS IN THE INDIAN OCEAN WILL DRAW ADDITIONAL RECONNAISSANCE MISSIONS FROM THESE AIRCRAFT.

4. THE INTERNATIONAL COURT OF JUSTICE TODAY ANNOUNCED THAT IT HAD SET FEBRUARY 18 AS THE DEADLINE FOR IRAN TO RESPOND TO CHARGES BROUGHT AGAINST IT BY THE UNITED STATES.

5. BBC THIS MORNING CITES ONE OF THE LEADING CANDIDATES FOR THE PRESIDENCY, FINANCE MINISTER BANI-SADR, AS MAKING A VIGOROUS ATTACK ON THE SOVIET ATTITUDE TOWARD IRAN AND THE MUSLIM STATES TO THE SOUTH OF THE SOVIET UNION. THE BBC CORRESPONDENT IN TEHRAN SAYS THAT DESPITE THE ADMINISTRATION'S PREOCCUPATION WITH THE UN, BANI-SADR SEEMS DETERMINED TO KEEP IRAN IN THE POLITICAL CENTER. SPEAKING IN ABADAN, IN A CAMPAIGN SPEECH, BANI-SADR REPORTEDLY SAID THE RUSSIAN ATTITUDE TOWARD IRAN WAS THAT IRAN IS NOT A REAL NATION AT ALL BUT A COLLECTION OF MINORITIES. THE SOVIET UNION, HE SAID, WANTED IRAN TO BE DIVIDED SO THAT IT COULD GRAB THE DIVIDED PARTS AS IT DID IN AFGHANISTAN AND MAKE ITS WAY TO THE WARM WATER PORTS FROM THE INDIAN OCEAN.

6. ALTHOUGH WE HAVE NO PRECISE INFORMATION ON PASDARON REACTION TIME THE PRESS WHICH HAS GIVEN VERY GENERAL INFORMATION ON THE "PASDARON REACTION TIME TO THE AFGHANISTAN AND SOVIET EMBASSY TAKEOVERS." THE PRESS ESTIMATED THAT IT TOOK MORE THAN ONE HOUR FOR THE REVOLUTIONARY GUARDS TO ARRIVE ON THE SCENE IN THESE INCIDENTS. THIS DATA MUST BE VIEWED WITHIN THE CONTEXT OF THE POSSIBILITY THAT THE "SLOW" REACTION TIME MAY HAVE BEEN POLITICALLY MOTIVATED IN BOTH CASES.

~~SECRET~~

7. PRESS REPORTS INDICATE THAT MEXICO MAY INTRODUCE A SECURITY COUNCIL RESOLUTION LINKING FREEDOM FOR THE US HOSTAGES TO AN INTERNATIONAL INQUIRY ON THE ALLEGED CRIMES OF THE DEPOSED SHAH. MEXICO, WHICH BECAME A SECURITY COUNCIL MEMBER IN JANUARY, WAS REPORTED CONSIDERING A PLAN TO BRING THE IRANIAN CRISIS TO THE SECURITY COUNCIL AGAIN.

15. THE WORLD COURT AT THE HAGUE SET 18 FEBRUARY AS THE DEADLINE FOR IRAN TO RESPOND TO CHARGES BY THE US THAT IRAN HAS VIOLATED INTERNATIONAL LAW BY REFUSING TO RELEASE THE AMERICAN HOSTAGES. TO DATE IRAN HAS BOYCOTTED THE COURT.

16. A FRENCH COURT HAS UPHELD AN INJUNCTION TO TEMPORARILY FREEZE THE BANK ASSETS OF THE CITY BANK OF AMERICA IN FRANCE BASED ON A COMPLAINT BY THE CENTRAL BANK OF IRAN. CITY BANK OFFICIALS HAVE REFUSED TO RETURN IRAN'S DOLLAR DEPOSITS UNDER THE US FREEZE OF IRANIAN FUNDS. ~~PVV 18JAN68~~

SUBJECT: IRAN SITUATION REPORT

1. TEHRAN RADIO CARRIED A STATEMENT YESTERDAY REPORTEDLY SIGNED BY FOREIGN MINISTER GHOTBZADEH DENYING THAT HE HAD ASKED FOR OR OBTAINED AYATOLLAH KHOMEINI'S AGREEMENT FOR KURT WALDHEIM TO MEDIATE THE US-RAN CRISIS. THE STATEMENT REPORTEDLY SAID THAT "AT NO TIME AND UNDER NO CIRCUMSTANCES WAS A SINGLE WORD UTTERED REGARDING MEDIATION AND, IN PRINCIPLE, SUCH A THING HAS NEVER BEEN ACCEPTED OR WILL BE ACCEPTED BY THE IRANIAN FOREIGN MINISTRY".

3. JOHN THOMAS OF THE AMERICAN INDIAN MOVEMENT IS ON HIS WAY BACK FROM TEHRAN WHERE HE WAS ABLE TO COLLECT ABOUT 150 LETTERS FROM THE HOSTAGES -- THOUGH HE DID NOT GET TO SEE ANY OF THE HOSTAGES DIRECTLY. THOMAS HAS INDICATED HE PLANS TO ASSEMBLE THE LETTERS, THEN IN ABOUT A WEEK COLLECT THEM FROM THE HOSTAGES AND RETURN TO IRAN.

ALL THE CONTACTS AGREED THAT SANCTIONS WILL ONLY STRENGTHEN KHOMEINI'S HAND AND HARDEN POSITIONS IN A WAY THAT WILL MAKE A COMPROMISE EVEN MORE DIFFICULT TO REACH.

7. OIL MINISTER MOINFAR REAFFIRMED THREATS TO CUT OFF OIL SUPPLIES TO ANY NATION WHICH JOINS IN US SPONSORED ECONOMIC SANCTIONS AGAINST IRAN. HE SAID THAT SUPPLIES WITHDRAWN FROM COUNTRIES ENGAGING IN SANCTIONS WOULD NOT BE SOLD ELSEWHERE AND THAT NIOC WOULD LOWER ITS PRODUCTION LEVEL TO AS LITTLE AS 1.5 MILLION B/D IF NECESSARY. THE THREAT WAS PARTICULARLY AIMED AT JAPAN, WHICH HAS CONTRACTED TO IMPORT 520-530,000 B/D OF IRANIAN CRUDE IN 1980.

8. THE SOVIET MEDIA HAS NOW DROPPED ITS EARLIER RESTRAINT IN A STREAM OF CHARGES RANGING FROM ACCUSATIONS OF US PREPARATIONS FOR PUNITIVE OPERATIONS AGAINST TEHRAN TO CLAIMS THAT THE US IS TRYING TO SOW DISCORD AMONG THE COUNTRY'S MINORITIES AND BETWEEN "RELIGIOUS AND NONRELIGIOUS FORCES" WHICH OVERTHREW THE SHAH. MOSCOW'S SENSITIVITY WITH REGARD TO ITS OWN UNCERTAIN RELATIONS WITH TEHRAN HAS BEEN UNDERSCORED IN STRIDENT TASS REBUTTALS OF WESTERN NEWS REPORTS THAT MOSCOW IS WILLING TO PROVIDE MILITARY ASSISTANCE TO IRAN AND THAT SOVIET TROOPS ON THE IRANIAN-AFGHAN BORDER ARE ADVANCING TO WITHIN STRIKING DISTANCE OF IRANIAN OIL INSTALLATIONS.

SUBJECT: SITUATION IN IRAN

1. THE MINISTRY OF NATIONAL GUIDANCE HAS ANNOUNCED THAT ALL AMERICAN MEDIA PEOPLE IN IRAN, SAID TO NUMBER 86 MUST LEAVE IRAN AS QUICKLY AS POSSIBLE AND NOT LATER THAN MIDNIGHT FRIDAY, JANUARY 18. THE MINISTRY ALSO STATED THAT NO ONE, EITHER OFFICIALLY OR UNOFFICIALLY, HAS PERMISSION TO GATHER NEWS FOR THE AMERICAN MEDIA ORGANIZATIONS UNTIL FURTHER NOTICE. THE MINISTRY HAS STARTED AN INVESTIGATION OF BRITISH AND WEST GERMAN MEDIA REPORTING AND WILL DECIDE SOON WHETHER THEY WILL BE ALLOWED TO CONTINUE TO OPERATE IN IRAN.

2. [REDACTED]

3. FOREIGN MINISTER GHOTBZADEH IS REPORTED BY REUTER TO HAVE SAID THAT UN SECRETARY GENERAL WALDHEIM MUST TAKE THE NEXT STEPS TO RESOLVE THE CRISIS BETWEEN IRAN AND THE US. GHOTBZADEH APPARENTLY EXPECTS THE U.N. TO ACCEPT AN IRANIAN PROPOSAL FOR AN INVESTIGATIVE COMMISSION THAT WOULD VISIT IRAN TO LEARN DETAILS OF THE CHARGES AGAINST THE US AND THE DEPOSED SHAH. ACCORDING TO GHOTBZADEH, IF SUCH A COMMISSION FOUND THE CHARGES JUSTIFIED, IT WOULD BE EASIER FOR THE COUNTRY IN WHICH THE SHAH RESIDES TO CONSIDER A REQUEST FOR EXTRADITION.

4. THE FOREIGN MINISTER HAS ALSO ANNOUNCED THAT HE SENT PANAMA'S PRESIDENT ROYO A LETTER LAST SATURDAY (JAN 12) REITERATING IRAN'S FIRST REQUEST FOR THE SHAH'S EXTRADITION. IN THAT LETTER HE ASKED THAT PANAMA ISSUE AN ARREST WARRANT AGAINST THE SHAH WHILE HIS EXTRADITION IS PREPARED IN ACCORDANCE WITH "ARTICLES NO. 6 AND 13 OF PANAMA'S EXTRADITION LAW." HE REQUESTED THAT THE SHAH'S DOCUMENTS BE CONFISCATED AS WELL.

5. A SPOKESMAN FOR MILITANTS HOLDING AMERICAN HOSTAGES IN THE US EMBASSY SAID TUESDAY THAT UNDER AN ECONOMIC BLOCKADE, "WE WILL PROBABLY ABOLISH ECONOMIC SUBORDINATION AND ESTABLISH THE REVOLUTIONARY IDEA OF ESTABLISHING INDEPENDENT INDUSTRY AND AGRICULTURE." ASKED IF THE HOSTAGE ISSUE CAN STILL BE SETTLED AT A FAIRLY EARLY DATE, THE SPOKESMAN REPLIED THAT THE IRANIAN PEOPLE SUPPORT THE SEIZURE OF THE AMERICAN EMBASSY AND CONTINUE TO DEMAND THAT THE HOSTAGES BE KEPT AND PUT ON TRIAL. "BECAUSE OF THE PEOPLE'S SUPPORT, THE HOLDING OF THE HOSTAGES IS A LEGITIMATE AND LEGAL ACT," THE SPOKESMAN ARGUED. ASKED IF A TRIAL WILL BE HELD AS SOON AS THE US CARRIES OUT ECONOMIC SANCTIONS, HE REPLIED, "NO CONCRETE DATE HAS BEEN SET FOR THE TRIAL."

~~TOP SECRET~~

... PRESS INDICATES THAT THE IRANIAN GOVERNMENT HAVE ARRESTED AN ALLEGED SPY BASED ON THIS INFORMATION.

11. THE NATIONAL IRANIAN OIL COMPANY (NIOC), UNDER ORDERS FROM THE GOVERNMENT, RECENTLY DEMANDED THAT CRUDE OIL CUSTOMERS REIMBURSE NIOC FOR OIL PAYMENTS FROZEN IN US BANKS. NIOC THREATENED TO STALL 1980 CONTRACTS UNTIL THE CUSTOMERS ACQUIESCED TO THEIR DEMANDS. TWO JAPANESE FIRMS, MITSUI AND CO. LTD., AND KANEMATSU GOSHO LTD., HAVE ALREADY BEEN INFORMED OF THIS DEMAND. ALTHOUGH IT REPORTEDLY APPLIES TO ALL NIOC CUSTOMERS, NO OTHERS HAVE REPORTEDLY BEEN APPROACHED BY NIOC. APPARENTLY BOTH JAPANESE COMPANIES HAVE REFUSED NIOC'S DEMAND. HOWEVER, TWO OF THEIR TANKERS TO BE LOADED UNDER 1980 CONTRACTS WILL BE SERVICED BY THE IRANIANS. SINCE THE ISSUANCE OF THE PRESIDENTIAL FREEZE ORDER ON 14 NOVEMBER 1979, A TOTAL OF AT LEAST \$457.1 MILLION IN OIL REVENUES HAS BEEN PAID INTO BLOCKED ACCOUNTS AND ANOTHER \$43.1 MILLION MAY HAVE BEEN AUTOMATICALLY CREDITED TO THESE ACCOUNTS. IN ADDITION, NIOC HAD REQUESTED VARIOUS CUSTOMERS TO WITHHOLD OIL PAYMENTS TOTALLING \$407.5 MILLION UNTIL IT HAD MADE ALTERNATE ARRANGEMENTS FOR PAYMENT. ALTHOUGH THE AMOUNTS SOUGHT BY NIOC ARE RELATIVELY SMALL IN COMPARISON TO OIL EARNINGS OF \$60-70 MILLION A DAY, IT WOULD BE A MINOR POLITICAL COUP IF IRAN COULD JAR LOOSE SOME OF THE FROZEN FUNDS. SUBJECT:
COMSEC THREAT: THE FOREIGN SIGINT THREAT TO
COMMUNICATIONS SYSTEMS IN THE MIDEAST AREA. (TSC)

I. INTRODUCTION

THIS MATERIAL IS BASED ON ALL-SOURCE RESEARCH TO DETERMINE THE CAPABILITY OF ANY POTENTIAL ADVERSARY TO CONDUCT SIGINT AGAINST U.S. COMMUNICATIONS IN THE MIDEAST REGION.

II. THREAT FROM THE SOVIET UNION

A. ANY ASSESSMENT OF THE SIGINT THREAT TO U.S. COMMUNICATIONS WORLDWIDE MUST TAKE INTO ACCOUNT THE MANY SOVIET INTERCEPT ACTIVITIES THAT ARE CONDUCTED FROM WITHIN AND OUTSIDE THE BORDERS OF THE USSR. OBVIOUSLY, COMMUNICATIONS FROM ANY COUNTRY THAT BORDERS ON THE USSR (SUCH AS TURKEY, IRAN, PAKISTAN) ARE VULNERABLE TO INTERCEPT FROM SOVIET BORDER SITES THAT CAN BE EQUIPPED TO COLLECT ANY SIGNALS WITHIN RANGE. ~~ALONG THESE SAME BORDERS COULD EXTEND THE SOVIET'S ACCESS TO LINE-OF-SIGHT COMMS WITHIN ADJACENT AREAS THEY HAVE FURTHER EXTENDED THEIR SIGINT RANGE BY DEPLOYING A VARIETY OF ASSETS WITHIN OTHER COUNTRIES AND ABOARD SEAGOING VESSELS.~~

B. ALL SOVIET OFFICIAL FACILITIES WHICH ENJOY DIPLOMATIC IMMUNITY (SUCH AS EMBASSIES AND CONSULATES, AND TRADE MISSIONS) HAVE THE POTENTIAL TO SERVE AS COVERT INTERCEPT SITES. A GRU OFFICER WHO DEFECTED IN 1971 ALLEGED THAT THERE WERE GRU COMINT OPERATIONS AT SUCH ESTABLISHMENTS IN ABOUT 50 CITIES ABROAD-INCLUDING IN THE MIDDLE EAST /AFRICA AREA CAIRO, ATHENS, TEHRAN, BAGHDAD, KARACHI, DAMASCUS, ANKARA, ISTANBUL, AND ADEN. SUCH SITES ARE USED TO INTERCEPT VHF THROUGH MICROWAVE COMMS OF ANY TARGETS WITHIN RANGE.

C. THE CONTINUING BUILDUP OF SOVIET MILITARY PRESENCE IN THE MIDEAST AND INDIAN OCEAN AREAS IN GENERAL BRINGS WITH IT AN ASSUMED, IF NOT PROVEN, SIGINT THREAT.

1. AFGHANISTAN

~~THE SOVIET PRESENCE THERE IS SUBSTANTIAL ENOUGH TO WARRANT CONCERN THAT AN INTERCEPT CAPABILITY HAS OR WILL BE ESTABLISHED. (NOTE - SUBSTANTIAL CHANGES IN SOVIET FORCE POSTURE IN AFGHANISTAN HAVE TAKEN PLACE SINCE THIS REPORT)~~

THE RECENTLY SIGNED TREATY OF FRIENDSHIP AND COOPERATION BETWEEN THE USSR AND THE PEOPLES DEMOCRATIC REPUBLIC OF YEMEN UNDERSCORES ADEN'S INCREASING RELIANCE ON THE USSR FOR ECONOMIC AND MILITARY SUPPORT. SUCH RELIANCE FREQUENTLY LEADS TO OPPORTUNITIES FOR THE SOVIET INTELLIGENCE ESTABLISHMENT TO ENHANCE ITS COLLECTION CAPABILITIES IN PREVIOUSLY UNAVAILABLE AREAS. (WITNESS FOR EXAMPLE, THE ASSETS THAT HAVE BEEN DEVELOPED IN CUBA AND VIETNAM). THERE HAVE BEEN PRESS REPORTS OF A ' SOPHISTICATED COMMUNICATIONS AND INTELLIGENCE INSTALLATION' SET UP BY THE SOVIETS IN ADEN. ALSO, THE SOVIETS HAVE BASE RIGHTS ON SOCOTRA ISLAND.

WHETHER LOCATION WOULD PROVIDE ACCESS TO COMMUNICATIONS IN THE CRITICAL GULF OF ADEN/ARABIAN PENINSULA OR ARABIAN SEA AREA.

ALTHOUGH THE SOVIETS DO NOT MAINTAIN A CONTINUOUS AGI (INTELLIGENCE COLLECTION VESSEL) PATROL IN THE INDIAN OCEAN.

SOVIET AGI'S ARE ESTIMATED TO CARRY INTERCEPT EQUIPMENT THAT WILL COVER COMMS UP TO THE MICROWAVE FREQUENCY RANGES.

ALTHOUGH SUCH OPERATIONS HAVE NOT BEEN CONFIRMED, THE POTENTIAL FOR THEM DOES EXIST AND PRESENTS A LIMITED THREAT TO COMMS IN PORT AREAS TO WHICH SUCH SHIPS HAVE ACCESS.

ANOTHER COMINT THREAT THAT ALWAYS MUST BE CONSIDERED IS THE PERVASIVE SOVIET THREAT TO COMMS THAT ARE RELAYED BY SATELLITES. GROUND STATIONS WITHIN SOVIET BORDERS HAVE THE CAPABILITY TO INTERCEPT THE DOWNLINKS OF ALL SATELLITES SERVING THE MIDEAST AREA. THEREFORE, ANY COMMS TO U.S. FORCES IN THE AREA THAT COME IN BY SATELLITE ARE SUSCEPTIBLE TO HOSTILE COLLECTION.

IN ADDITION, THE SOVIETS ARE CAPABLE OF USING ELINT SATELLITES FOR SURVEILLANCE OF THE MIDEAST AREA.

IV. THREAT FROM IRAN

UNDER THE SHAH IRAN WAS DESCRIBED AS HAVING 'PERHAPS THE MOST AMBITIOUS INTELLIGENCE PROGRAM IN THE MIDDLE EAST,' COMPRISING VARIOUS COLLECTION SITES, MOBILE AND AIRBORNE COLLECTION PLATFORMS, INTERCEPT AND JAMMING EQUIPMENT AND INTELLIGENCE ANALYSIS CENTERS. IN SPITE OF THE TURMOIL IN IRAN SINCE THE ESTABLISHMENT OF THE CURRENT REGIME.

VI. THREAT FROM SYRIA

SYRIA IS CREDITED WITH A LIMITED SIGINT CAPABILITY.

VIII. THREAT FROM ETHIOPIA

THEY ARE KNOWN TO APPRECIATE THE VALUE OF SIGINT AND POSSESS EQUIPMENT AND EXPERIENCE THAT WOULD PERMIT THEM TO MOUNT AT LEAST A LIMITED EFFORT.

X. THREAT FROM IRAQ

IRAQ IS BELIEVED TO HAVE A LIMITED SIGINT CAPABILITY, [REDACTED]

ISRAEL ARE BELIEVED TO BE ITS PRIME TARGETS. [REDACTED]

BECAUSE OF THE IRAQI RELIANCE ON THE SOVIET UNION FOR TECHNICAL AND MATERIAL SUPPORT, THERE IS A POSSIBILITY OF COLLABORATION WITH THE SOVIETS TO PROVIDE SIGINT OPPORTUNITIES.

XII. THREAT FROM LIBYA

THE LARGE NUMBER OF SOVIET ADVISORS AND TECHNICIANS IN LIBYA AFFORDS THE SOVIETS AN AMPLE OPPORTUNITY FOR INTELLIGENCE COLLECTION. [REDACTED]

XIII. THREAT FROM ARAB GULF STATES

AN OPEN SOURCE REPORTED IN JANUARY 1978 THAT OMAN WAS MAKING AN EFFORT TO ESTABLISH A VHF/UHF COMINT AND JAMMING CAPABILITY WITH BOTH MOBILE AND FIXED SITES [REDACTED]

COMMENT: PLEASE CORRECT SECTION VIII (ETHIOPIA) TO READ: [REDACTED]

SUBJECT: SITUATION IN IRAN

1. IN AN INTERVIEW TODAY, FOREIGN MINISTER GHOTBZADEH SAID THAT THE AMERICAN HOSTAGES MIGHT BE HELD "MORE OR LESS FOREVER" IF THE US REFUSES TO EXTRADITE THE FORMER SHAH.
2. ACCORDING TO A NEWS REPORT FROM PANAMA CITY, THE PANAMANIAN FOREIGN MINISTER TODAY SAID THE FORMER SHAH WILL NOT BE EXTRADITED FROM PANAMA BECAUSE "NO COUNTRY WHICH HAS GRANTED POLITICAL ASYLUM TO A PERSON CAN RETURN HIM TO ANOTHER COUNTRY WHERE DEATH PENALTY CHARGES HAD BEEN MADE AGAINST HIM.
3. ACCORDING TO PRESS REPORTS, THE REVOLUTIONARY COUNCIL TODAY DECIDED THAT ALL JOURNALISTS OF NEWS AGENCIES AND THE PRESS OF "THE AGGRESSIVE COUNTRY OF AMERICA" WILL BE EXPELLED FROM IRAN. THE STATEMENT ADDED THAT JOURNALISTS FROM OTHER COUNTRIES LIKE BRITAIN, WEST GERMANY AND OTHER STATES WILL BE WARNED THAT IF THEY ADOPT A "BIASED APPROACH" TOWARDS THE ISLAMIC REVOLUTION OF IRAN IN THE FUTURE AND "DISTORT NEWS" THEY WILL ALSO BE EXPELLED IMMEDIATELY. THE DIRECTOR OF THE FOREIGN PRESS IS REPORTED TO HAVE TOLD REUTERS THAT THE ORDER MEANS THAT NON-AMERICANS EMPLOYED BY US NEWS ORGANIZATIONS WOULD NO LONGER BE ALLOWED TO WORK FOR THOSE ORGANIZATIONS IN IRAN. THE NUMBER OF ACCREDITED AMERICAN JOURNALISTS, INCLUDING NETWORK TECHNICIANS AND FILM CREWS, IS ESTIMATED TO BE AT LEAST 100.
4. ON THE ORDER OF KHOMEINI, THE REVOLUTIONARY COUNCIL TODAY ISSUED A STATEMENT REJECTING REMARKS REPORTEDLY MADE BY THE SOVIET CHARGE IN MEXICO TO THE EFFECT THAT THE SOVIET UNION WAS READY TO PROVIDE IRAN WITH MILITARY ASSISTANCE IN CASE OF A US ATTACK ON IRAN. THE STATEMENT SAID THAT IRAN REJECTED BOTH EAST AND WEST AND WAS NOT "STRUGGLING TO FREE ITSELF FROM DOMINATION BY ONE SUPER POWER ONLY TO FALL UNDER THAT OF ANOTHER."
5. [REDACTED] SOVIET EMBASSY HAS SENT HOME TWO PLANELOADS OF STAFF AND DEPENDENTS ON CHARTERED AIRCRAFT.

~~SECRET~~

6. AYATOLLAH KHOMEINI HAS APPOINTED DEPUTY DEFENSE MINISTER HOJATOLESLAN SEYYED ALI KHAMENE TO REPLACE AYATOLLAH MONTAZERI AS SPIRITUAL LEADER OF TEHRAN. HOJATOLESLAM KHAMENE IS KHOMEINI'S REPRESENTATIVE IN THE REVOLUTIONARY GUARDS OF THE ISLAMIC REPUBLICAN PARTY. HE IS ALSO THE REVOLUTIONARY COUNCIL'S REPRESENTATIVE IN THE DEFENSE MINISTRY AND VITUALLY RUNS THE MINISTRY. AS TEHRAN'S SPIRITUAL LEADER HE WILL LEAD MASS PRAYERS AT THE UNIVERSITY MOSQUE ON FRIDAYS, PRAYERS NORMALLY ACCOMPANIED BY A POLITICAL ADDRESS. MONTAZERI IS TO RETURN TO TEACHING AT GOM THEOLOGICAL COLLEGE. HE EXPRESSED SUCH A DESIRE THIS PAST WEEKEND. THE MOVE FURTHER ENHANCES KHAMENE'S POLITICAL STRENGTH. AT THE SAME TIME, WE HAVE NO REPORT THAT MONTAZERI HAS FALLEN OUT OF FAVOR.

7. [REDACTED] THE GENDARMERIE WAS RESPONSIBLE FOR SECURITY IN THE COUNTRYSIDE ALREADY. THE MOVE MAY REFLECT THE DIMINISHED CAPABILITY OF THE NATIONAL POLICE, WHICH HAS NEVER FULLY RECOVERED FROM THE REVOLUTIONARY ACTIVITIES OF FEBRUARY 1979.

8. [REDACTED]
9. [REDACTED] WE HAVE NO INFORMATION THAT WOULD VERIFY THAT IRAQ IS PLANNING SUCH AN OPERATION AT THIS TIME. [REDACTED]

10. THE PROVINCIAL SCENE IS RELATIVELY QUIET. TABRIZ IS QUIET AND REVOLUTIONARY GUARDSMEN APPEAR TO BE IN CONTROL OF THE CITY. SHOPS AND THE BAZAAR ARE REPORTED TO BE OPEN. THE USE OF FORCE APPEARS TO HAVE QUELLED THE REBELLIOUS AZERBAIJANIS FOR THE MOMENT. IN THE KURDISH AREA, AYATOLLAH KHOMEINI HAS DISPATCHED A PERSONAL REPRESENTATIVE TO MEET WITH THE KURDS' SPIRITUAL LEADER IN AN EFFORT TO GET STALLED NEGOTIATIONS BACK ON TRACK. A SIT-IN CONTINUES IN SANANDAJ, WITH 5000 KURDS DEMANDING THE WITHDRAWAL OF REVOLUTIONARY GUARDSMEN FROM THE AREA.

11. THE INTERIOR MINISTRY HAS REDUCED THE NUMBER OF PRESIDENTIAL CANDIDATES FROM 106 TO 16, AFTER CRITICISM FROM MANY, INCLUDING KHOMEINI. ALL TOOK THE LINE THAT MANY OF THE CANDIDATES WERE ONLY STANDING TO BRING RIDICULE ON IRAN, WHICH WAS ALL PART OF AN AMERICAN PLOT. MEANWHILE, THE MAJOR CANDIDATES CONTINUE TO CAMPAIGN, BUT THERE ARE INDICATIONS THAT THE ISLAMIC REPUBLICAN PARTY CANDIDATE JALAEDDIN FARSI IS THE FRONT-RUNNER. WE WILL PROVIDE A LIST OF THE REMAINING CANDIDATES WHEN IT IS AVAILABLE.

SUBJECT: SITUATION IN IRAN

1. CONTACT WITH A HOSTAGE

A. JOHN THOMAS, A MEMBER OF THE AMERICAN INDIAN MOVEMENT, HAS VISITED THE COMPOUND TODAY AND MET WITH ONE OF THE HOSTAGES. THOMAS DID NOT REVEAL THE NAME OF THE PERSON WHO INDICATED THE HOSTAGE LOOKED LIKE A MEMBER OF HIS RACE. THOMAS HAD ATTEMPTING TO SECURE THE RELEASE OF THE HOSTAGE. THOMAS IS A KIOWA INDIAN.

B. [REDACTED]

2. THE TWO IRANIAN [REDACTED] SEVERAL DAYS WITH CHARGE BAINGEN AND HIS COLLEAGUES. THEY REMAIN IN THEIR FOREIGN MINISTRY LOCATION. THERE HAS BEEN NO FURTHER WORD ON ANY POSSIBLE MOVEMENT.

3. AFP REPORTS IRANIAN FOREIGN MINISTER GHOTBZADEH AS SAYING EARLIER TODAY THAT THE AMERICAN HOSTAGES HELD BY MILITANTS AT THE TEHRAN EMBASSY COULD BE RELEASED ONLY "AFTER TOTAL ACCEPTANCE" OF THE DEMANDS PRESENTED TO SECRETARY GENERAL WALDHEIM LAST WEEK. GHOTBZADEH ALSO IS REPORTED TO HAVE SAID THIS MORNING THAT HE IS PREPARED TO SEE THE 10-WEEK-OLD U.S. HOSTAGE CRISIS GO ON "MORE OR LESS FOREVER" IF THE DEMANDS ARE NOT MET. ACCORDING TO REUTER, GHOTBZADEH LEFT SHORTLY AFTERWARDS ON A CAMPAIGN TOUR; HE IS A PRESIDENTIAL CANDIDATE.

4. "WE WILL PROTECT THE INTERESTS OF THE UNITED STATES, USING WHATEVER ACTION IS REQUIRED," PRESIDENT CARTER SAID IN A REMARK INJECTED INTO A PREPARED TEXT OF A SPEECH HE GAVE TO THE WHITE HOUSE CONFERENCE ON SMALL BUSINESS YESTERDAY. "WE ARE OUTRAGED THAT HALF A WORLD AWAY, 50 INNOCENT AMERICANS ARE HELD HOSTAGE IN VIOLATION OF INTERNATIONAL LAW AND COMMON DECENTY," THE PRESIDENT SAID. "YET FOR ALL OUR ANGER, THE UNITED STATES HAS RESPONDED WITH RESTRAINT AND WITH FIRMNESS," HE NOTED, ADDING, "AMERICA WILL NOT GIVE IN TO TERRORISM OR INTERNATIONAL INTIMIDATION, WHATEVER ITS FORM OR WHEREVER IT OCCURS."

5. ALTHOUGH FABREZ WAS REPORTED DEAD YESTERDAY, THE SITUATION REMAINS [REDACTED] THAT VIOLENT CLASHES BETWEEN REVOLUTIONARY GUARDS AND MEMBERS OF THE MUSLIM PEOPLE'S REPUBLICAN PARTY [REDACTED] THE MPRP WILL MOST LIKELY SEEK VENGEANCE. THE FRIDAY NIGHT TAKEOVER OF THEIR HQS BY THE REVOLUTIONARY GUARDS DURING WHICH TWO MEMBERS WERE REPORTEDLY KILLED AND 30 ARRESTED. OF THOSE ARRESTED, 11 WERE TRIED, CONVICTED AND EXECUTED WITHIN FOUR HOURS. YESTERDAY THE GUARD EVACUATED THE MPRP HQS AND UNDAUNTED MPRP SUPPORTERS MOVED BACK IN AND BEGAN REPLACING POSTERS OF SHARIATMADARI. TODAY THE HQS REMAINS HEAVILY GUARDED.

~~SECRET~~

THOUGH THE SOVIET MOVE HAS NOT CHANGED, KHOMEINI NOW REALIZES THE SOVIET THREAT TO IRAN IS MORE IMMEDIATE THAN HE HAD PREVIOUSLY BELIEVED. HE ALSO REALIZES THAT HE CAN AFFORD TO ANTAGONIZE THE SOVIET UNION WHILE ENGAGING THE US AGAINST THE US.

THEREFORE KHOMEINI HAS REPORTEDLY DECIDED TO END THE CONFRONTATION WITH THE US AND RELEASE THE HOSTAGES FOLLOWING THE 25 JANUARY ELECTIONS. ONCE THE HOSTAGE SITUATION HAS BEEN RESOLVED HE PLANS TO STRIKE HARD AT INTERNAL DISSIDENCE IN IRAN AND TO ACTIVELY SUPPORT THE AFGHANI REBELS WITH ARMS AND SUPPLIES. KHOMEINI HAS BEEN SURPRISINGLY QUIET REGARDING THE SOVIET MOVE, AND IT IS POSSIBLE HE IS WAITING FOR THE SOVIETS TO VETO ECONOMIC SANCTIONS IN THE UN SECURITY COUNCIL BEFORE PUBLICLY EXPRESSING HIS TRUE FEELINGS.

7. THE QUESTION REMAINS HOWEVER WHETHER THE MILITANTS AT THE EMBASSY WILL BE WILLING TO RELEASE THE HOSTAGES. THEY CLAIM TO HAVE NO KNOWLEDGE OF IRAN'S 11TH HOUR MESSAGE TO SECRETARY GENERAL WALDHEIM WHICH LED TO A POSTPONEMENT OF A VOTE ON SANCTIONS. THEIR CLAIM THAT THE SHAH MUST FIRST BE DEPOSED IS [REDACTED]

A. LAST EVENING, THE SOVIET UNION, AS EXPECTED, VETOED A US SPONSORED RESOLUTION TO IMPOSE ECONOMIC SANCTIONS AGAINST IRAN. NINE MEMBERS OF THE UN SECURITY COUNCIL -- BRITAIN, FRANCE, JAMAICA, TUNISIA, NIGER, NORWAY, ZAMBIA, PORTUGAL AND THE PHILIPPINES -- SUPPORTED THE RESOLUTION. CHINA DID NOT PARTICIPATE IN THE VOTE. EAST GERMANY VOTED AGAINST ALONG WITH THE USSR. BANGLADESH AND MEXICO APOSTAINED. THE RESOLUTION MAY NOW BE BROUGHT BEFORE THE GENERAL ASSEMBLY.

B. FOUR FORMER ARMY PERSONNEL, INCLUDING TWO BATTALION COMMANDERS, AND ONE NCO, WERE EXECUTED ON 12 JANUARY FOR THEIR ROLE IN COMBATING AN ANTI-SHAH DEMONSTRATION, IN WHICH 126 PROTESTERS WERE REPORTEDLY KILLED. THIS INCIDENT IS REFERRED TO AS "BLACK FRIDAY" BY THE REVOLUTIONARIES. RVW 14 JAN 80

~~TOP SECRET~~

SUBJECT: IRAN SITUATION REPORT

1. ON 12 JAN THE DOS/IWG SUCCEEDED IN ESTABLISHING TELEPHONE CONTACT WITH CHARGE BRUCE LAINGEN AND HIS TWO COLLEAGUES AT THE FOREIGN MINISTRY. THEY ARE ALL WELL AND REMAIN OPTIMISTIC THAT THE CRISIS WILL BE RESOLVED SOON. VICTOR TOMSETH, TOLD THE IWG THAT THERE HAS BEEN NO MENTION OF THE IRANIAN "PROPOSAL" OR THE DELAY IN THE SECURITY COUNCIL MEETING ON SANCTIONS IN THE IRANIAN NEWS.

2. FOREIGN MINISTER GHOTBZADEH IN A LETTER TO PANAMANIAN PRESIDENT ROYO HAS REQUESTED THAT THE PANAMANIAN GOVERNMENT ARREST THE FORMER SHAH IN ACCORDANCE WITH PANAMANIAN DOMESTIC LAW ON EXTRADITION, PENDING A FORMAL SUBMISSION OF AN EXTRADITION REQUEST WITHIN 60 DAYS.

GHOTBZADEH IS ALSO SAID TO HAVE SENT ROYO AN ENGLISH-LANGUAGE TRANSLATION OF A WARRANT FOR THE FORMER SHAH'S APREST WHICH WAS ISSUED RECENTLY IN TEHRAN BY THE PROSECUTOR GENERAL OF THE ISLAMIC REPUBLIC OF IRAN.

3. SECRETARY-GENERAL WALDHEIM HAS RECEIVED A REPLY TO HIS LETTER TO FOREIGN MINISTER GHOTBZADEH ASKING FOR A CLARIFICATION OF IRAN'S COMMUNICATION OF LAST FRIDAY. ACCORDING TO AMBASSADOR MCHENRY IN NEW YORK, THE LETTER DOES NOT ADEQUATELY ANSWER THE QUESTIONS PUT TO GHOTBZADEH BY WALDHEIM; IT IS, HOWEVER, THE FIRST WRITTEN COMMUNICATION FROM THE IRANIAN REGIME SINCE WALDHEIM UNDERTOOK HIS GOOD OFFICES ROLE.

AMBASSADOR MCHENRY HAS AGREED TO A FURTHER 24-HOUR POST-
PONEMENT OF THE VOTE ON ECONOMIC SANCTIONS TO GIVE WALDHEIM TIME TO SEND ANOTHER LETTER SEEKING A MORE SPECIFIC RESPONSE FROM THE IRANIANS. MCHENRY HAS STRESSED TO THE SECURITY COUNCIL MEMBERS THAT IT IS ESSENTIAL THE COUNCIL MAINTAIN ITS COMMITMENT AND NOT GRASP AT STRAWS TO AVOID TAKING AN UNAMBIGUOUS STAND ON THIS CRITICAL ISSUE.

4. MILITANTS HOLDING 50-AMERICANS IN THE US EMPASSY SATURDAY ARE REPORTED TO HAVE REJECTED ANY SUGGESTION THAT THE HOSTAGES COULD BE FREED FOR SOMETHING LESS THAN THE EXILED MONARCH'S EXTRADITION. "OUR FIRST POSITION IS, NONE OF THE HOSTAGES ARE GOING TO BE RELEASED UNTIL THE SHAH IS RETURNED FOR TRIAL IN TEHRAN," SAID A SPOKESMAN FOR MILITANTS OCCUYING THE US EMPASSY FOR THE 70TH DAY. THE SPOKESMAN SAID HE HAD NOT BEEN INFORMED OF A REPORT THAT THE ISLAMIC REGIME MIGHT LET THE CAPTIVES GO IF PANAMA AGREES TO "CONSIDER" THE SHAH'S EXTRADITION AND THE UN SECURITY COUNCIL GUARANTEES THAT NO ECONOMIC SANCTIONS WILL BE IMPOSED ON IRAN. ASKED WHETHER IRANIAN AUTHORITIES HAD CONTACTED THE MILITANTS AT THE EMPASSY...

SUBJECT: HOSTAGE RELEASE ANNOUNCEMENT

1. ACCORDING TO PRESS REPORTS AYATOLLAH KHOMEINI HAS ANNOUNCED THAT THE AMERICAN HOSTAGES WILL BE RELEASED ON MONDAY 21 JANUARY. TO DATE THERE HAS BEEN NO INTELLIGENCE REPORTING TO SUBSTANTIATE OR DENY THE REPORT.

2. ALTHOUGH THERE ARE SEVERAL FACTORS WHICH ARE FORGING AYATOLLAH KHOMEINI AND SOME OF HIS ADVISORS TO SEEK A POLITICAL RESOLUTION TO THE HOSTAGE SITUATION, IT IS DOUBTFUL BASED UPON THE RESULTS OF PREVIOUS ANNOUNCEMENTS OF THIS TYPE THAT ALL THE HOSTAGES WILL BE RELEASED ON THE ANNOUNCED DATE.

3. TO DATE, EVEN WHEN ACTIONS HAVE FOLLOWED SUCH ANNOUNCEMENTS, THE INITIAL TIME TABLE HAS NOT BEEN ADHERED TO AND THE ACTUAL ACTION HAS NOT FULLY CONFORMED TO THAT INITIALLY ANNOUNCED.

4. THE JUDGEMENT OF THIS OFFICE IS THAT THE REPORTED ANNOUNCEMENT IF IN FACT AUTHORIZED BY KHOMEINI, IS A DEVICE (A) TO OBTAIN ADDITIONAL TIME TO ACQUIRE EVIDENCE OF THE USG COMPLICITY IN THE SHAH'S TRANSGRESSIONS AGAINST THE PEOPLE OF IRAN (B) TO FORESTALL USG ACTIONS TO PUSH FOR THE IMPLEMENTATION OF ECONOMIC SANCTIONS (C) AND POSSIBLY TO BUY ANOTHER SEGMENT OF TIME TO CARRY THE INCIDENT PAST AN HISTORICAL MILESTONE (DEPARTURE OF SHAH 16 JAN 79) AND INTO PROXIMITY OF ANOTHER POTENTIAL STALEMATE (IRANIAN ELECTIONS 25 JAN 80). THE TURN COULD BE USED TO PROJECT ANOTHER DELAY PENDING THE OFFICIAL RESULTS OF THE ELECTIONS. (45) DAYS HENCE WHICH THEN BRINGS THE FIRST ANNIVERSARY OF THE RETURN OF KHOMEINI ON THE HORIZON. IN ANY EVENT, THIS OFFICE DOES NOT EXPECT ALL THE HOSTAGES TO BE RELEASED ENMASSE AND ANTICIPATES THAT AT LEAST FIVE HOSTAGES WOULD BE KEPT FOR TRIAL AS ESPIONAGE AGENTS.

~~TOP SECRET~~

SUBJECT: DIA ANALYSIS OF READINESS POSTURE OF THE IRANIAN MILITARY

1. OVERALL, THE IRANIAN ARMED FORCES ARE STRETCHED THIN IN AN ATTEMPT TO COPE WITH PERCEIVED THREATS INTERNALLY FROM MINORITY GROUPS AND EXTERNALLY FROM IRAQ AND THE US. THIS PROBLEM IS ESPECIALLY ACUTE WITH THE GROUND FORCES. ALL OF THE SERVICES SUFFER FROM A CENTRALIZED COMMAND AND CONTROL SYSTEM WHICH IS PLAGUED WITH INTERFERENCE FROM REVOLUTIONARY KOMITEHS. A RECENT PURGE OF THE IRANIAN ARMED FORCES TO ELIMINATE ANTI-KHOMEINI PERSONNEL IS EXACERBATING THE ALREADY POOR COMMAND AND CONTROL SYSTEM. IN VARYING DEGREES, THE SERVICES ARE TROUBLED BY A LACK OF PERSONNEL, SHORTAGE OF SERVICEABLE EQUIPMENT, DEMORALIZED TROOPS AND POOR DISCIPLINE. ALREADY BESET WITH MANY OF THESE PROBLEMS PRIOR TO THE TAKING OF THE AMERICAN EMBASSY, EVENTS SINCE 4 NOVEMBER HAVE HAD MIXED EFFECT ON THE READINESS POSTURE OF THE IRANIAN ARMED FORCES.

2. THE GROUND FORCES, INCLUDING THE GENDARMERIE, ARE MOST AFFECTED BY PERSONNEL SHORTAGES, DEMORALIZED TROOPS AND POOR DISCIPLINE. AS A RESULT THEIR READINESS POSTURE IS POOR. GROUND FORCES EQUIPMENT IS BELIEVED TO BE IN ACCEPTABLE CONDITION ALTHOUGH CONTINUED HARD USE DURING RECENT ACTIONS HAS SEVERELY TAXED THE MAINTENANCE AND LOGISTICS CAPABILITIES. IT APPEARS THAT THE AVAILABILITY OF EQUIPMENT IS DECLINING AND IS LIKELY TO CONTINUE TO DO SO GIVEN THE CURRENT LEVEL OF ACTIVITY. OVERALL PERSONNEL STRENGTH OF GROUND FORCES UNITS VARIES GREATLY, HOWEVER, A NOMINAL FIGURE OF 50 PERCENT IS HELD WITH SOME UNITS AS LOW AS 10 PERCENT OF AUTHORIZED STRENGTH. THE REVOLUTIONARY GOVERNMENT DOES NOT HAVE CONFIDENCE IN THE GROUND FORCES ABILITY TO FIGHT DISSIDENT MINORITY GROUPS AND MORE IMPORTANTLY THEIR LOYALTY IS IN QUESTION. BECAUSE OF THESE RESERVATIONS, THE CENTRAL GOVERNMENT IS USING THE REVOLUTIONARY GUARDS (PASDARAN) TO TAKE THE BRUNT OF THE FIGHTING AGAINST MINORITY GROUPS. IN THE AZERBAIJAN, KURDISTAN, KHUZESTAN AND BALUCHISTAN AREAS IN WESTERN AND SOUTHEASTERN IRAN, USE OF THE ROADS IS DENIED TO GOVERNMENT TROOPS IN MANY INSTANCES, PLACING A GREAT DEAL OF RELIANCE ON HELICOPTERS FOR LOGISTICS SUPPORT AND TROOP MOVEMENT. THIS IS HAVING A DISASTEROUS EFFECT ON THE AVAILABILITY RATE OF THE IRANIAN HELICOPTER FLEET. REPEATED PLEAS FOR HELICOPTER SUPPORT HAVE GONE UNHEEDED IN EMERGENCY SITUATIONS FOR AS LONG AS TWO WEEKS. ARMY TROOPS HAVE RECENTLY BEEN NOTED ACTIVELY PARTICIPATING IN ANTI-KHOMEINI DEMONSTRATIONS IN AZERBAIJAN AND KURDISTAN. IN AN ATTEMPT TO BOLSTER MORALE, MANY GROUND FORCES UNITS ARE OFFERING TO PAY A BONUS TO TROOPS STATIONED IN HOSTILE AREAS, HOWEVER, PROBLEMS WITH PAYMENT HAVE NEGATED MANY OF THESE POSSIBLE BENEFITS. ROTATION OF TROOPS ON THE SMALL UNIT LEVEL (COMPANY OR BATTALION) IS NORMALLY CARRIED OUT IN HOSTILE AREAS, HOWEVER, THESE ROTATIONS ARE OFTEN DELAYED FOR PERIODS UP TO TWO WEEKS DUE TO LACK OF TRANSPORTATION. PERSONNEL SHORTAGES ARE EXACERBATED BY A LACK OF RECRUITS WHICH HAS NECESSITATED THE INVOLUNTARY EXTENSION OF PERSONNEL DUE FOR RELEASE FROM ACTIVE DUTY.

[Large redacted block]

~~SECRET~~

3. THE AIR FORCE READINESS RATE HAS DETERIORATED SINCE THE REVOLUTION IN FEBRUARY 1979, HOWEVER, AN EFFORT TO IMPROVE OPERATIONAL READINESS SINCE THE TAKING OF THE EMBASSY MAY HAVE MARGINALLY IMPROVED THEIR CAPABILITY.

[REDACTED] THE ABILITY OF THE AIR FORCE TO CONDUCT NIGHT OPERATIONS REMAINS POOR. OPERATIONAL READINESS RATES FOR THE AIR FORCE ARE DIFFICULT TO DETERMINE, HOWEVER, WE ESTIMATE THE F-5 OPERATIONAL READINESS (OR) RATE TO BE APPROXIMATELY 60 PERCENT, THE F-4 OR RATE APPROXIMATELY 40 PERCENT AND THE F-14 OR RATE APPROXIMATELY 10 PERCENT. IT IS ASSUMED THAT ALL AIR FORCE BASES MAINTAIN AT LEAST TWO AIRCRAFT ON 24 HOUR ALERT.

[REDACTED] IRANIAN PILOTS ARE WELL TRAINED AND CAPABLE, HOWEVER, THEIR SKILLS HAVE UNDOUBTEDLY DETERIORATED SIGNIFICANTLY SINCE THE REVOLUTION DUE TO A LACK OF TRAINING.

[REDACTED] GENERALLY

SPEAKING, AIRCRAFT CAN DEPLOY FROM NORMAL BASE AREAS TO ANY OTHER BASE IN THE COUNTRY, INCLUDING CIVILIAN AIRFIELDS AND DISPERSAL BASES. F-4S ARE THE MOST VERSATILE AIRCRAFT IN THE INVENTORY AND EMPLOY A 20-MM CANNON, A VARIETY OF IRON BOMBS AND ROCKETS, PROBABLY SIDEWINDER AAM AND POSSIBLY SPARROW AAM. IT IS UNLIKELY THE LASER GUIDED AND T.V. GUIDED MUNITIONS IN THEIR ARSENAL CAN BE EFFECTIVELY EMPLOYED. THE F-5 IS THE MOST EASILY MAINTAINED FIGHTER AIRCRAFT EMPLOYING A 20-MM CANNON, VARIOUS IRON BOMBS AND ROCKETS AND PROBABLY THE SIDEWINDER AAM. THE F-14 SUFFERS FROM MAINTENANCE PROBLEMS DUE TO ITS COMPLEX DESIGN.

[REDACTED] LESS THAN 100 PILOTS AND INSTRUCTOR PILOTS HAVE BEEN TRAINED TO FLY THE F-14. [OF THESE, REPORTEDLY SOME 20 INSTRUCTOR PILOTS HAD COMPLETED INTERCEPT TRAINING, AND ONLY THREE HAVE FINISHED THE COMPLETE AIR DEFENSE/AIR SUPERIORITY COURSE AND WERE OPERATIONALLY QUALIFIED. ONLY SOME 15 OTHER INSTRUCTORS HAD COMPLETED THE INITIAL TRAINING AS WEAPON SYSTEMS OFFICERS, AND NONE OF THESE HAD ADVANCED BEYOND THE FIRST PHASE, WHICH COVERED ONLY SIMPLE INTERCEPTS, I.E., FIRING ONE MISSILE AT A TIME AGAINST A SINGLE TARGET.] THE OPERATIONAL F-14S MAY HAVE A LIMITED CAPABILITY TO ENGAGE OPPOSING AIRCRAFT WITH PHOENIX MISSILES. WE ESTIMATE SOME PHOENIX MISSILES ARE OPERATIONAL.

[REDACTED] THE F-14 IS ARMED WITH THE PHOENIX AAM AND A 20-MM CANNON. [THE MIDWAY TASK FORCE HAS BEEN RECONNOITERED BY P-3 AS WELL AS F-4 AIRCRAFT SINCE ITS DEPLOYMENT. SINCE THE MIDDLE OF DECEMBER, THE TASK FORCE HAS NOT BEEN RECONNOITERED BY THESE AIRCRAFT BUT RATHER BY IRANIAN C-130S. THIS MAY INDICATE THE P-3 ORION IS EXPERIENCING PROBLEMS AND THE FEAR OF ATTACK AGAINST IRANIAN AIRCRAFT HAS DISSIPATED. THE ORIGINAL RECONNAISSANCE AIRCRAFT WERE F-4S EQUIPPED WITH SIDEWINDER AND SPARROW AAM.]

HOWEVER, GIVEN THE DIFFICULTIES OF MAINTAINING THE SYSTEM AND THE NEED FOR ROUTINE CALIBRATION, IT IS LIKELY THE HAWK SYSTEMS ARE NOT FULLY OPERATIONAL. IRAN ALSO HAS THE RAPIER SURFACE-TO-AIR MISSILE SYSTEM, HOWEVER, THE ONLY KNOWN DEPLOYMENT IS AT TABRIZ AIRFIELD. NONE OF THE AIR DEFENSE SYSTEMS ARE LIKELY TO BE MAINTAINED WITH THE POSSIBLE EXCEPTION OF THE HAWK. LACK OF TRAINING AND COMMAND AND CONTROL PROBLEMS ARE LIKELY TO SEVERELY HAMPER THESE SYSTEMS RESPONSE TO AN ATTACK. MANY OF THE RADARS IN THE AIR DEFENSE RADAR NETWORK PROBABLY ARE PARTIALLY OR COMPLETELY INOPERATIVE, BUT MOST ARE STILL ACTIVE. DUPLICITY OF RADARS AT MANY SITES ALLOWS THE IRANIANS TO MAINTAIN ADEQUATE RADAR COVERAGE. THE IRANIANS PROBABLY HAVE COMPREHENSIVE COVERAGE AT ALL ALTITUDES OF THE SOVIET BORDER AREA. COVERAGE OF THE BORDERS WITH TURKEY AND IRAQ IS COMPREHENSIVE, BUT THE MOUNTAINS MASK SOME RADARS AT LOW ALTITUDES. THE IRANIANS HAVE COMPREHENSIVE RADAR COVERAGE OF THE GULF AREA IN THEORY, HOWEVER, TEMPERATURE INVERSIONS OVER THE GULF AND COASTAL AREA (CALLED DUCTING) CAUSES MULTIPLE TARGETS OR FALSE TARGETS TO APPEAR ON RADAR SCREENS. THIS PROBLEM IS SEVERE (A 95 PERCENT PROBABILITY OF OCCURRENCE) BELOW 2,000 FEET AND SERIOUS (A 75 PERCENT PROBABILITY OF OCCURRENCE) ABOVE 2,000 FEET. IRAN'S AIR DEFENSE RADAR COVERAGE IS WEAKEST ALONG ITS EASTERN BORDERS WITH AFGHANISTAN AND PAKISTAN.

IT CAN BE EXPECTED THAT THIS IS NOT AN ISOLATED INCIDENT BUT IS INDICATIVE OF THE TYPE OF PROBLEM THE PROLONGING OF THIS CRISIS IS HAVING ON THE AIR DEFENSE SYSTEM.

6. THE NAVY HAS BEEN MAKING A CONCERTED EFFORT TO IMPROVE ITS READINESS SINCE THE EMBASSY TAKEOVER, ESPECIALLY IN REGARD TO ITS ANTI-SHIP GUIDED MISSILES. OVERALL THE NAVY'S READINESS POSTURE IS FAIR.

THE LA COMBATTANTE IS EQUIPPED WITH THE HARPOON ANTI-SHIP MISSILE AND POSES THE MOST VIABLE THREAT IN THE IRANIAN NAVY. IRANIAN MAJOR COMBATANTS -- THREE GUIDED MISSILE DESTROYERS AND FOUR GUIDED MISSILE FRIGATES.

DURING THE BURNING OF THE "ENERGY DETERMINATION" IN THE STRAIT OF HORMUZ ON 13 DECEMBER 1979, ONE OF THESE FRIGATES DEPLOYED FROM PORT, TRAVERSED TO THE SCENE AND WAS NOTED PICKING UP A LIFE BOAT ONLY SIX HOURS AFTER THE EXPLOSION. READINESS OF THE LA COMBATTANTE AND ITS HARPOON ANTI-SHIP MISSILE IS PROBABLY GOOD WHILE THE REMAINDER OF THE IRANIAN ANTI-SHIP MISSILES ARE PROBABLY IN POOR CONDITION. FOUR ACTIVE NAVAL PATROL AREAS ARE EVIDENT AND THESE ARE PATROLED ON A FREQUENT BASIS BY THE LA COMBATTANTE, PATROL FRIGATES, HOVERCRAFT AND GUIDED MISSILE FRIGATES. MINESWEEPING CAPABILITY CONTINUES TO BE MINIMAL WITH NO IMPROVEMENT LIKELY. OPERATIONS OVERALL IN THE NAVY CONTINUE TO BE HAMPERED BY A LACK OF TRAINED CREWMEN AND EXPERIENCED OFFICERS. WHILE THE NAVY WAS LEAST INVOLVED IN THE REVOLUTION AND APPEARED TO BE SUFFERING THE LEAST OF ALL THE SERVICES FROM DISSENTION FROM WITHIN, LATEST REPORTS INDICATE THERE ARE SOME PERSONNEL PROBLEMS.

SUBJECT: NAIN MILITARY AIRFIELD ANALYSIS

- (1) GENERAL: [NO SIGNIFICANT MILITARY UNITS ARE NORMALLY STATIONED IN NAIN MILITARY AIRFIELD.]
- (2) GENDARMERIE: [THE NAIN GENDARMERIE COMPANY HEADQUARTERS IS LOCATED APPROXIMATELY 40 KM SOUTHWEST, THE NAIN POST LOCATED APPROXIMATELY 40 KM SOUTHEAST, AND THE ANARAK POST LOCATED APPROXIMATELY 35 KM NORTH EAST OF NAIN AIRFIELD ARE WITHIN REASONABLE DISTANCE TO RESPOND TO AN INCIDENT THERE. DURING DAYLIGHT HOURS, THE GENDARMERIE COMPANY COULD HAVE AS MANY AS 60 PERSONNEL AVAILABLE WITH ABOUT 3 TRUCKS AND A JEEP FOR TRANSPORTATION TO MEET A THREAT. AFTER DUTY HOURS, THERE MAY BE AS MANY AS 20 AVAILABLE. FROM NAIN THE RESPONSE TIME WOULD PROBABLY BE BETWEEN 40 MINUTES TO ONE HOUR TO NAIN AIRFIELD. THE OUTPOSTS WILL NORMALLY HAVE 6-10 PERSONNEL AND ONE VEHICLE AVAILABLE. THEREFORE THE ANARAK OUTPOST WOULD PROBABLY RESPOND IN 35 MINUTES TO AN HOUR AND THE NAIN OUTPOST IN 50-75 MINUTES. GENDARMERIE CAN BE EXPECTED TO HAVE A RADIO AND/OR TELEPHONE COMMUNICATIONS. THEY OPERATE ON THEIR OWN RADIO NET AND DO NOT NORMALLY ENTER MILITARY NETS. THEY ARE LIGHTLY ARMED WITH G-3 AND UZI RIFLES, PISTOLS AND POSSIBLE A GRENADE LAUNCHER AND ARE NOT KNOWN FOR THEIR MARKSMANSHIP.]
- (3) GROUND FORCES: [NO IRANIAN GROUND FORCE UNITS ARE LOCATED WITHIN 100 KM OF NAIN MILITARY AIRFIELD. HOWEVER, AT ISFAHAN, LOCATED APPROXIMATELY 165 KM WEST-SOUTHWEST OF NAIN, IS A GROUND FORCE TRAINING CENTER WHERE GENERAL SUPPORT AVIATION BRIGADE AND TWO ARTILLERY GROUPS ARE LOCATED. PERSONNEL FROM THIS BASE COULD BE AIRLIFTED TO NAIN BY HELICOPTER IN APPROXIMATELY 2-3 HOURS.]
- (4) AIR FORCE: [FIGHTER AND HELICOPTER ASSETS LOCATED WITHIN 200 KM OF NAIN ARE FOUND ONLY AT ISFAHAN. THE SERVICEABLE IRANIAN F-14A TOP CAT AIRCRAFT HAVE PROBABLY BEEN CONCENTRATED AT KHATAMI AIRBASE AT ISFAHAN. THE NORMAL F-14 COUNT AT KHATAMI IS 61 AIRCRAFT. THE EXACT NUMBER NOW LOCATED THERE IS NOT KNOWN. THESE AIRCRAFT ARE NOT EQUIPPED FOR GROUND SUPPORT MISSIONS, EXCEPT FOR 20 MM CANNONS. THEIR OPERATIONAL READINESS RATE IS ESTIMATED TO BE LESS THAN 10 PERCENT. THESE AIRCRAFT COULD REACH NAIN WITHIN 10 MINUTES AFTER TAKEOFF. THERE COULD BE 4 ALERT AIRCRAFT AT KHATAMI AD. AT ISFAHAN APPROXIMATELY 125 UH-1/IROQUOIS, 31 AB-206 JET RANGERS, AND 37 CH-47/CHINOOKS HELICOPTERS ARE LOCATED. THESE HELICOPTERS ARE ESTIMATED TO HAVE AN OPERATIONAL READINESS RATE OF 30 PERCENT. THEY COULD RESPOND TO AN INCIDENT AT NAIN IN APPROXIMATELY 1 1/2 HOURS DURING DUTY HOURS WHILE PERSONNEL ARE AVAILABLE. AFTER DUTY HOURS, THE AVAILABILITY OF PERSONNEL AND THE ISSUING OF EQUIPMENT COULD TAKE CONSIDERABLY LONGER. RVW 12 JAN 80

SUBJECT: IRAN SITUATION REPORT

1. THE US AGREED YESTERDAY TO A 24-HOUR DELAY IN THE UN VOTE ON SANCTIONS AGAINST IRAN AFTER THE IRANIAN AMBASSADOR IN NEW YORK CONVEYED A "PROPOSAL" TO SYG WALDHEIM. THE PROPOSAL IS VAGUE AND ITS AUTHORITY IS NOT CLEAR ALTHOUGH IT IS ALLEGED TO HAVE THE APPROVAL OF THE REVOLUTIONARY COUNCIL AND KHOMEINI. THE PROPOSAL MAY INVOLVE A GENERAL ASSEMBLY RESOLUTION DISCUSSING IRAN'S GRIEVANCES WHICH MIGHT THEN LEAD TO THE BEGINNING OF THE RELEASE OF THE HOSTAGES. AMBASSADOR MCHENRY HAS EXPRESSED SKEPTICISM THAT ANYTHING WILL COME OUT OF THIS IRANIAN ACTION BUT SAID THAT THE US REMAINS EAGER TO EXPLORE EVERY AVENUE FOR A PEACEFUL SOLUTION. NEWS REPORTS SAY THAT THE VOTE IS NOW SCHEDULED FOR 6:00 PM TODAY.

~~2. [REDACTED]~~

3. BETWEEN 0100 AND 0230 12 JAN (SATURDAY) THE DOS IRAN WORKING GROUP MADE SEVERAL ATTEMPTS TO CALL BRUCE LAINGEN AND HIS COLLEAGUES. SEVERAL INDIVIDUALS ANSWERED THE PHONES AT THE THE IRANIAN FOREIGN MINISTRY AND EITHER IGNORED REQUESTS TO SPEAK TO LAINGEN OR SAID THAT THE NUMBER CALLED WAS A "MISTAKE." PREVIOUS DOS SITREP REPORTED THE THREE AMERICANS WELL AND STILL PRESENT AT THE FOREIGN MINISTRY.

4. REUTER REPORTED FROM TEHRAN THAT IRANIAN GOVERNMENT OFFICIALS HAVE SAID THAT A FORMAL REQUEST FOR THE SHAH'S EXTRADITION HAS BEEN SENT TO THE GOVERNMENT OF PANAMA. ACCORDING TO THE REPORT, THE REQUEST INCLUDES AN ARREST WARRANT FOR "MR. MOHAMMAD REZA PAHLAVI" WHO IS WANTED ON CHARGES OF MASS MURDER, TORTURE AND EMBEZZLEMENT OF PUBLIC FUNDS. REUTER REPORTED FROM PANAMA CITY YESTERDAY THAT A SPOKESMAN FOR THE SHAH SAID HE HAS NO PLANS TO LEAVE PANAMA. THE SPOKESMAN DENIED AN EARLIER ABC REPORT THAT THE SHAH WAS PLANNING TO LEAVE.

5. THE LONDON FINANCIAL TIMES REPORTED FROM ANKARA YESTERDAY THAT THE TURKISH GOVERNMENT HAS TOLD UK FOREIGN SECRETARY LORD CARRINGTON THAT IT FEARS THE INSTABILITY IN IRAN COULD LEAD TO SECESSION THERE BY THE KURDS AND AZERBAIDJANI. THE TURKS FEAR THAT THESE SECESSION MOVEMENTS COULD THEN FALL UNDER SOVIET INFLUENCE, CAUSING SEVERE REPERCUSSIONS AMONG THE KURDS IN EASTERN TURKEY.

SECRET

ALLEGED CRITICISMS OF THE SAUDI ARABIAN GOVERNMENT BY SAUDI STUDENTS IN IRAN. THE STUDENTS REPORTEDLY SAID THAT "FOR WELL OVER 50 YEARS THE SAUDI REGIME HAS BEEN OPPRESSING THE PEOPLE." THE BROADCAST CALLED THE RECENT FIGHTING IN MECCA A "DARING UPHEAVAL BY RELIGIOUS ULEMA AND MUSLIM REVOLUTIONARIES." IT URGED ALL MUSLIMS "TO SUPPORT THE MASSES OF THE ARABIAN PENINSULA" AGAINST "SAUDI DESPOTISM AND US IMPERIALISM."

~~SECRET~~

7. A TASS REPORT FROM WASHINGTON YESTERDAY SAID THAT THE US STILL CONSIDRS A COMBINATION OF MILITARY FORCE AND ECONOMIC SANCTIONS TO BE THE MOST EFFECTIVE MEANS OF PRESSURING IRAN. A TASS REPORT FROM NEW YORK, CITING A NEW YORK TIMES ARTICLE, SAID THE PENTAGON IS "HASTILY ELABORATING DIFFERENT SCENARIOS OF PUNITIVE OPERATIONS AGAINST IRAN." THE US INTENDS TO USE AIRFIELDS IN THE AZORES, BASES IN EGYPT AND ISRAEL AND THE ISLAND OF DIEGO GARCIA IN THESE OPERATIONS, THE REPORT SAID. THE NATIONAL VOICE OF IRAN YESTERDAY ALSO DELIVERED A DIATRIBE CENTERED ON THE THEME OF "US IMPERIALISM" AND ITS PREPARATIONS FOR "MILITARY AGGRESSION" AGAINST IRAN.

8. [REDACTED] SOVIET UNION WOULD PROBABLY INTERVENE IN IRAN IF THE IRANIAN GOVERNMENT WAS EITHER HOSTILE TO THE SOVIET UNION OR TOO IMPOTENT TO CONTROL ITS NORTHERN REGION OF AZERBARJAN.

9. THE TELEVISION CAMPAIGN OF IRAN'S PRESIDENTIAL CANDIDATES HAS BEEN DELAYED BY DISPUTES OVER THE APPORTIONMENT OF BROADCAST TIME. AYATOLLAH MOUSAVI KHOYENI, A MEMBER OF THE ELECTORAL CONTROL COMMISSION, SAID AT TEHRAN UNIVERSITY THAT MINOR CANDIDATES MAY BE BARRED FROM RADIO AND TELEVISION. HE SAID, "IF THE NATION PERMITS, WE WILL OMIT THOSE WHO ARE NOT 100 PERCENT COMPENTENT TO RUN FOR PRESIDENT." (AYATOLLAH KHOMEINI EARLIER REFUSED TO APPROVE OR DISAPPROVE CANDIDATES, URGING IRANIANS TO ASSUME RESPONSIBILITY FOR ELECTING A COMPETENT MAN).

10. A SAUDI MAGAZINE AL-YAMAMA REPORTS THAT AYATOLLAH KHOMEINI INTENDS TO CALLA PEACEFUL MARCH BY WORLD'S MUSLIMS FROM TEHRAN TO JERUSALEM AT THE END OF THE CURRENT US-IRANIAN CRISIS. KHOMEINI BELIEVES ISRAEL WILL NOT BE ABLE TO REPULSE THIS MARCH BY FORCE BECAUSE OF WORLD PUBLIC OPINION.

SUBJECT: IRAN SITUATION REPORT

1. SUPPORTERS OF AYATOLLAH SHARIAT-MADARI HAVE REPORTEDLY ORGANIZED A MOTORCADE OF MORE THAN 100 BUSES TO GO TO COM ON THE FEAST OF ASBA'AIN (9 JANUARY). THEY PLAN TO CONDUCT DEMONSTRATIONS AT THE HOMES OF SHARIAT-MADARI AND KHOMENI.

2. UNREST CONTINUED IN TABRIZ YESTERDAY AS 20,000 PEOPLE REPORTEDLY RALLIED IN SUPPORT OF AYATOLLAH SHARIAT-MADARI. SCHOOLS AND SHOPS REMAINED CLOSED FOR THE THIRD CONSECUTIVE DAY, BUT THERE WAS NO REPETITION OF THE VIOLENT CLASHES WHICH OCCURRED IN TABRIZ LAST WEEKEND.

3. IN THE KURDISH REGION, LITTLE PROGRESS HAS BEEN MADE IN NEGOTIATIONS BETWEEN THE GOVERNMENT AND KURDISH REBELS.

IN SANANDAJ, ALL PUBLIC BUILDINGS REMAIN CLOSED, AND THE SIT-IN AT THE GOVERNOR GENERAL'S OFFICE TO DEMAND WITHDRAWAL OF THE REVOLUTIONARY GUARDS ENTERED ITS SEVENTH DAY.

4. [REDACTED]

6. MEANWHILE, IRAN CONTINUES TO WATCH IRAQI MILITARY AND POLITICAL MOVES WITH SUSPICION. IRAQI AUTHORITIES FEICHT-EDLY WILL ARREST ANY IRANIAN, OTHER THAN KURDISTAN DEMOCRATIC PARTY MEMBERS, WHO ENTER IRAQ, WHILE THE IRANIS HAVE DECIDED NOT TO PERMIT THE REOPENING OF ONE OF IRAQI SCHOOLS IN SOUTH-WEST IRAN WHICH WAS CLOSED LAST MONTH.

H-4193

SUBJECT: IRAN SITUATION REPORT

1. ON 5 JAN. FOREIGN MINISTER GHOTBZADEH IMPLICITLY REJECTED MILITANT DEMANDS THAT CHARGE LAINGEN AND HIS TWO COLLEAGUES BE TURNED OVER TO THEM AT THE COMPOUND. IN A LETTER ADDRESSED TO KHOMEINI, GHOTBZADEH INDICATED THAT THE THREE HAD ORIGINALLY BEEN PLACED UNDER PROTECTIVE CUSTODY AT THE MINISTRY WITH THE KNOWLEDGE AND APPROVAL OF BOTH KHOMEINI AND THE REVOLUTIONARY COUNCIL. GHOTBZADEH ASKED FOR CONFIRMATION OF THIS ORDER FROM KHOMEINI.

2. MORE THAN ONE MILLION SUPPORTERS OF AYATOLLAH KHOMEINI JAMMED THE STREETS OUTSIDE THE OCCUPIED US EMBASSY IN TEHRAN YESTERDAY IN A MASSIVE SHOW OF STRENGTH FOR THE LEADER OF IRAN'S MOSLEM REVOLUTION. OFFICIALS BILLED THE DEMONSTRATION, THE LARGEST IN MORE THAN A MONTH, AS A SHOW OF SUPPORT FOR DEMANDS THAT THE DEPOSED SHAH BE RETURNED TO IRAN, AND A CONDEMNATION OF FOLLOWERS OF RIVAL RELIGIOUS LEADER, AYATOLLAH SHARIAT-MADARI.

3. OTHER PRO-KHOMEINI MARCHES WERE REPORTED IN THE CITIES OF YAZD, KERMANSHAH, AND HAMADAN, AS WELL AS IN TABRIZ AND QOM, WHERE ANTI-KHOMEINI DEMONSTRATIONS ERUPTED FRIDAY. IN TABRIZ, AT LEAST ONE PERSON WAS KILLED AND AS MANY AS 100 WERE INJURED IN CLASHES. TWENTY-EIGHT PEOPLE WERE KILLED AND MORE THAN 100 WOUNDED IN THE GOLD COAST PORT OF BANDAR LENGUEH YESTERDAY.

4. ON 5 JAN AYATOLLAH SHARIAT-MADARI STEPPED BACK FROM HIS APPARENT CONFRONTATION WITH KHOMEINI BY ISSUING A STATEMENT URGING HIS FOLLOWERS TO REFRAIN FROM ANY ACTIVITY CONTRARY TO "ISLAMIC UNITY." SHARIAT-MADARI ALSO CALLED FOR THE DISSOLUTION OF HIS PARTY AND THE CLOSURE OF ALL ITS OFFICES. THE STATEMENT CAME IN THE WAKE OF SERIOUS CLASHES IN BOTH QOM AND TABRIZ BETWEEN FOLLOWERS OF THE TWO AYATOLLAHS.

5. THE FOREIGN MINISTRY HAS ISSUED A STATEMENT DEMONSTRATING A REPORT AIRED BY CBS CORRESPONDENT MARVIN KARL QUOTING GHOTBZADEH AS SAYING THAT KHOMEINI IS "OUT OF TOUCH WITH REALITY". THE NEWS OF GHOTBZADEH'S ALLEGED REMARKS APPARENTLY HAS PLACED HIM IN A VERY DIFFICULT SITUATION.

6. A GROUP OF AFGHAN EXILES SUNDAY SEIZED AND OCCUPIED THE AFGHANISTAN EMBASSY IN TEHRAN, DEMANDING THE EXPULSION OF SOVIET TROOPS FROM THEIR COUNTRY. IRANIAN POLICE ARRIVED SHORTLY AFTER THE NOON ATTACK BUT MADE NO EFFORT TO FORCE THE GROUP TO LEAVE.

7. REGARDING THE CONFERENCE OF NATIONAL LIBERATION MOVEMENTS CONVENED TO JUDGE THE CRIMES OF THE US IN IRAN, THE MILITENTS AT THE EMBASSY SAID THAT THE CONFERENCE BEGAN YESTERDAY AND WILL LAST FOR FIVE DAYS. ATTENDEES SUPPOSEDLY INCLUDE THE PLO, THE POLISARIO AND ONE OTHER GROUP.

8. ACCORDING TO PRESS REPORTING, THE HEAD OF THE ISLAMIC "KOMITEHS" IN ISFAHAN WAS GUNNED DOWN BY UNKNOWN ASSAILANTS EARLY ON THE MORNING OF 6 JAN 80. THIS LATEST KILLING CAME AFTER WEEKS OF UNREST IN THE CITY OVER THE ROLE OF THE "KOMITEHS" IN ADMINISTERING THE CITY.

SUBJECT: IRAN SITUATION REPORT

1. THE STUDENT CAPTORS HOLDING 50 US HOSTAGES IN TEHRAN LOOK EXHAUSTED BUT APPARENTLY REMAIN FIRM IN THEIR DEMANDS FOR THE RETURN OF THE SHAH, A CARACAS CORRESPONDENT HAS SAID AFTER HAVING CONDUCTED INTERVIEWS AT THE EMBASSY.

2. U.N. SECRETARY GENERAL KURT WALDHEIM LEFT TEHRAN TODAY AT THE SUDDEN AND UNANNOUNCED END OF A THREE DAY VISIT TO TRY TO SOLVE THE HOSTAGE CRISIS. HE DID NOT SEE THE HOSTAGES AT THE EMBASSY OR THEIR STUDENT CAPTORS AND HE DID NOT MEET AYATOLLAH KHOMEINI. HE DID MEET WITH THE REVOLUTIONARY COUNCIL. DURING A VISIT YESTERDAY TO PEOPLE CRIPPLED IN THE IRANIAN REVOLUTION, WALDHEIM PROMISED TO TAKE THEIR MESSAGE OF SUFFERS TO THE UNITED NATIONS AND THE WORLD COMMUNITY.

3. FOREIGN MINISTER GHOTBZADEH IS REPORTED TO HAVE SAID THAT THE EXCHANGE OF VIEWS WITH THE UN SECRETARY-GENERAL HAD BEEN FRUITFUL, ADDING THAT "THE PROBLEM OF THE RETURN OF THE SHAH TO IRAN REMAINS THE FUNDAMENTAL PROBLEM FOR IRAN."

4. FOREIGN MINISTER GHOTBZADEH ALSO IS QUOTED TODAY IN WIRE SERVICE REPORTS AS SAYING THAT AYATOLLAH KHOEMINI IS "OUT OF TOUCH WITH REALITY" AND UNAWARE OF THE IMPLICATIONS OF THE CURRENT US - IRANIAN CRISIS. THE FOREIGN MINISTER ALSO REPORTEDLY TOLD VISITORS TO TEHRAN THAT KHOMEINI HAS NO CONTROL OVER THE MILITANTS HOLDING THE AMERICAN HOSTAGES. IT IS NOT CLEAR WHAT PROMPTED THESE REMARKS.

5. THE SOVIET AMBASSADOR IN TEHRAN MET WITH AYATOLLAH KHOMEINI IN GOM YESTERDAY TO PROTEST TUESDAY'S ATTACK ON THE SOVIET EMBASSY. PRESS REPORTS STATED THE AMBASSADOR DROPPED BROAD HINTS THAT THE LEFTWING FEDAYEEN GUERRILLAS IN KURDESTAN AND REBELS IN OTHER MINORITY AREAS, SUCH AS AZERBAIJAN, MAY APPRECIATE A LITTLE HELP. THE AMBASSADOR ALSO REPORTEDLY INDICATED THAT THE ARM OF THE SOVIET REPRESENTATIVE AT THE UN "MIGHT DEVELOP PARALYSIS AT A MOMENT INCONVENIENT FOR IRAN DURING THE VOTE ON SANCTIONS ON 7 JANUARY."

6. AFGHAN RESIDENTS OF IRAN STORMED THE SOVIET EMBASSY TODAY FOR THE SECOND TIME IN THREE DAYS, DEMANDING THE WITHDRAWAL OF SOVIET TROOPS FROM AFGHANISTAN. THE CROWD, WHICH REPORTEDLY NUMBERED 250-300, WAS TURNED BACK BY ISLAMIC REVOLUTIONARY GUARDS BEFORE THEY COULD ENTER THE COMPOUND.

7. [AYATOLLAH BEHESHTI, WHEN QUESTIONED ABOUT ECONOMIC SANCTIONS, STATED THAT IRAN SHOULD BREAK DIPLOMATIC RELATIONS WITH ANY COUNTRY IMPOSING SUCH SANCTIONS.] BEHESHTI IS CHAIRMAN OF IRAN'S REVOLUTIONARY COUNCIL.

8. REUTERS REPORTS THAT PROFESSOR FARSI, THE PRESIDENTIAL CANDIDATE OF KHOMEINI'S ISLAMIC REPUBLICAN PARTY, HAS SAID THAT THE 50 AMERICANS BEING HELD AT THE US EMBASSY ARE NOT HOSTAGES BUT DETAINEES CHARGED WITH OFFENSES AGAINST INTERNATIONAL LAW. FARSI IS ALSO QUOTED HAVING SAID THAT THE TRIAL OF THE "DETAINEES" IS PART OF THE TRIAL OF AMERICAN IMPERIALISM AND THE REGIME OF THE FORMER SHAH.

9. ON 3 JANUARY, THE ITALIAN EMBASSY IN TEHRAN ADVISED ALL ITALIAN NATIONALS TO LEAVE IRAN UNLESS THEIR CONTINUED PRESENCE WAS ESSENTIAL.

10. IT WAS ANNOUNCED IN TEHRAN YESTERDAY THAT VICE ADMIRAL MAHMUD ALAWI WAS APPOINTED COMMANDER OF THE IRANIAN NAVY REPLACING REAR ADMIRAL MADANI WHO RESIGNED HIS POST TO RUN FOR THE PRESIDENCY.

SUBJECT: COMPOUND OBSERVATIONS

(A) SEVERAL APARTMENT BLDGS NORTH OF EMBASSY COMPOUND WERE NEW AND UNOCCUPIED. OTHERS WERE OCCUPIED BY CIVILIAN FAMILIES.

(B) PARKING OF PRIVATE VEHICLES ON THE COMPOUND SIDE OF ROOSEVELT IS RESTRICTED. PARKING ON THE OPPOSITE SIDE IS ROUTINE AS IS PARKING IN SIDE STREETS

(C) TAKHT-E-JAMSHID IS ALMOST ALWAYS ACTIVE AND SHOULD NOT BE USED FOR ANY VEHICLE MOVEMENT.

(D) TAKHT-E-JAMSHID (SOUTH SIDE) OPPOSITE EMBASSY IS THE SCENE OF MANY STREET VENDORS DURING ALL HOURS.

(E) MANY BUSINESSES ALONG THE SAME AREA ARE OPEN DURING NORMAL HOURS BUT AT LEAST TWO, POSSIBLY THREE, BLDGS ARE VACANT. TWO OF THESE HAVE BEEN IDENTIFIED AS:

- (1) THE AMERICA. HOTEL-DIAGONALLY ACROSS FROM COMPOUND
- (2) A 3 STORY BANK-DIRECTLY ACROSS FROM COMPOUND ENTRANCE
- (3) THE 3-M BLDG-ACROSS FROM THE CHANCERY.

2. VEHICLE MOVEMENT INTO AND THROUGH TEHRAN IS BEST ACCOMPLISHED BY PRIVATE VEHICLE, TAXI CAB, AND MERCEDES INTERNATIONAL DIESEL MINI-BUS. THESE VEHICLES ARE THE MOST COMMON AND DO NOT ATTRACT ATTENTION. BUS SIGNS CAN BE PURCHASED FOR USE ON THESE VEHICLES. VEHICLES WHICH ARE UNUSUAL IN AREA AND ATTRACT ATTENTION ARE AMBULANCES, FIRE TRUCKS, AND MILITARY/POLICE VEHICLES.

THIS SHOULD CONFUSE DEFENDERS AND MAKE THEM THINK A RIVAL IRANIAN ELEMENT IS CONDUCTING THE ASSAULT AND DELAY/PRECLUDE RECOGNITION OF FORCE AS UNITED STATES, THUS REDUCING THE LIKELY HOOD OF THE INTERIOR GUARDS KILLING THE HOSTAGES.

ARE AVAILABLE FOR PURCHASE FROM COMMERCIAL SOURCES IN TEHRAN.

H-
#202

SUBJECT: SOVIET SURVEILLANCE CAPABILITY IN ARABIAN SEA

I. FORCE COMPOSITION:

THE PRESENT COMPOSITION OF SOVIET SURVEILLANCE UNITS IN THE ARABIAN SEA INCLUDES:

- [A KRIVAK-CLASS GUIDED MISSILE FRIGATE
- A SAM KOTLIN-CLASS GUIDED MISSILE DESTROYER
- TWO EXPEDITIONARY OCEANOGRAPHIC SHIPS (AGOR)
- A NATYA-CLASS OCEANOGRAPHIC MINE SWEEPER
- A MOMA-CLASS INTELLIGENCE COLLECTION SHIP (AGI);

II. SENSOR CAPABILITY:

ALL OF THE ABOVE SHIPS, [EXCEPT POSSIBLY THE NATYA] ARE ESTIMATED TO HAVE SUFFICIENT SENSOR CAPABILITIES TO DETECT U.S. FLIGHT OPERATIONS (ASSUMING STANDARD U.S. TACTICS/SOI ARE USED), BEYOND VISUAL RANGE TO AT LEAST RADIO LINE-OF-SIGHT. THIS DETECTION WOULD BE BASED ON DETECTION OF U.S. AIRBORNE RADARS, TRANSPONDERS, AND/OR COMMUNICATIONS.

THE MAJOR COMBATANTS ARE ASSESSED TO HAVE A FULL SIGINT CAPABILITY WHICH IS PROBABLY ORIENTED TOWARD TACTICAL SIGINT AND WOULD BE CAPABLE OF DETECTING AND RECOGNIZING U.S. AIR OPERATIONS

THE SOVIET FISHING FLEET IS KNOWN TO HAVE AN INTELLIGENCE COLLECTION MISSION, [INCLUDING SIGINT], AND COULD PLAY A POTENTIAL ROLE IN DETECTING LARGE SCALE AIR OPERATIONS

THE SENSOR CAPABILITIES OF THE SOVIET LOGISTICAL AUXILIARIES WOULD APPEAR TO BE LIMITED TO THEIR VISUAL AND RADAR COVERAGE.

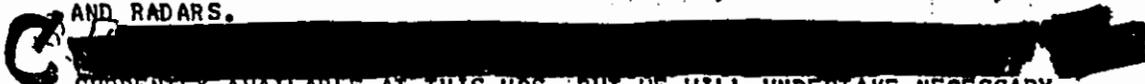

III. OPERATIONS:

THE GENERAL PATTERN OF SOVIET SURVEILLANCE OF U.S. UNITS IN THE NORTHERN ARABIAN SEA HAS BEEN TO POSITION AT LEAST ONE SURVEILLANT WITHIN VISUAL RANGE (3 - 12 MILES) OF EACH CARRIER. THE SURVEILLANT HAS OCCASIONALLY DROPPED OFF FOR A FEW HOURS TO REPLENISH FROM ONE OF THE SUPPORT SHIPS.

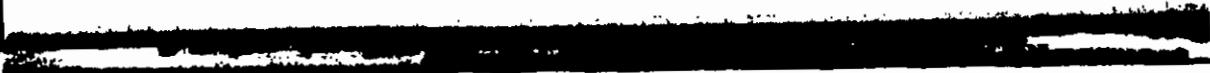

IV. GENERAL COMMUNICATIONS CAPABILITY:

[REDACTED]

SURVEILLANCE FORCE NIGHT OPERATION WITHOUT LIGHTS AND AT LOW ALTITUDE WOULD BE NEEDED TO REDUCE PROBABILITY OF DETECTION. SIGINT CAPABILITY OF SOVIETS CAN BE AVOIDED ONLY THROUGH FULL EMCON PROCEDURES, INCLUDING RADIO SILENCE AND DEACTIVATION OF ALL EMITTERS INCLUDING RADIO ALTIMETERS, IFF TRANSPONDERS, AND RADARS.

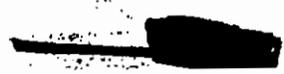

CURRENTLY AVAILABLE AT THIS HQS, BUT WE WILL UNDERTAKE NECESSARY ACTIONS TO ATTEMPT TO OBTAIN IT.))

SUBJECT: IRAN SITUATION REPORT

[REDACTED]

2. MORE ANTI-FOREIGN DEMONSTRATIONS WERE STAGED IN TEHRAN ON 2 JANUARY WHILE UNREST IN THE NORTHWEST CORNER OF THE COUNTRY CONTINUED.

ACCORDING TO PRESS, STUDENT MARCHES TO PROTEST SECRETARY-GENERAL WALDHEIM'S VISIT WERE TO BE HELD IN DOWNTOWN TEHRAN ALSO ON THE 2ND. IN THE NORTHWEST REGION OF IRAN. SANANDAJ REMAINED THE SCENE OF ANTI-GOVERNMENT VIOLENCE; HOWEVER, SOME SEMBLANCE OF PEACE MAY SOON RETURN TO THE STRIFE-TORN TOWN.

3. [REDACTED]

4. IN THE PAST TWO DAYS THERE HAVE BEEN TWO UNSUCCESSFUL ASSASSINATION ATTEMPTS AGAINST RELIGIOUS FIGURES IN IRAN. TODAY, TWO PERSONS WERE REPORTEDLY APPREHENDED FOLLOWING AN ATTEMPT ON THE LIFE OF AYATOLLAH SADDEQI, FORMER PROSECUTOR GENERAL OF THE ISLAMIC COURTS. YESTERDAY, TEN PERSONS REPORTEDLY ATTACKED THE HOUSE OF AYATOLLAH ROHANI, WHO WAS THE FIRST TO RENEW IRANIAN CLAIMS TO BAHRAIN. WHO THE ATTACKERS WERE AND WHETHER THESE ATTACKS WERE COORDINATED IS NOT YET KNOWN. IT IS POSSIBLE THAT THE ATTACKS ARE THE WORK OF THE ANTI-CLERIC FORGHAN GROUP WHICH HAS TAKEN CREDIT FOR SEVERAL OTHER ASSASSINATIONS.

5. [REDACTED]

215
K

6. OTHER REPORTS OF C-130 OVERFLIGHTS IN THE PERSIAN GULF AND STRAIT OF HORMUZ HAVE BEEN RECEIVED AND COULD INDICATE AN INCREASED MARITIME RECONNAISSANCE ROLE FOR THESE AIRCRAFT. THE ABSENCE OF RECENT REPORTS OF F-4 AND P-3 AIRCRAFT RECONNAISSANCE ACTIVITY WOULD TEND TO CONFIRM THIS INDICATION. C-130 AIRCRAFT AND NORMALLY BASED AT TEHRAN/MEHRABAD (27 EA) AND SHIRAZ (23 EA) PATROLS IN THE PERSIAN GULF AREA WOULD

CIVILIAN AND MILITARY POLICE THAT HAVE ALSO RECEIVED REVOLUTIONARY GUARDS OF AT LEAST SOME OF THEIR SECURITY RESPONSIBILITIES IN THE CITY.

8. ON 2 JANUARY, THE IRANIAN JURISTS' ASSOCIATION FURNISHED THE PRESS WITH A LIST OF CHARGES AGAINST THE SHAH SAYING THERE IS INTERNATIONAL PRECEDENT TO JUSTIFY HIS EXTRADITION FOR TRIAL IN IRAN. THE LIST INCLUDED THE SPECIFIC CHARGE THAT THE SHAH HAD ORDERED THE BURNING DOWN OF THE REX CINEMA IN ABADEN IN 1978 IN WHICH SEVERAL HUNDRED PEOPLE WERE KILLED. THE JURISTS CLAIM THAT THE NATURE OF THE CHARGES DEMONSTRATE THAT THE SHAH IS NOT A POLITICAL REFUGEE OR AN IMMUNE DEPOSED KING BUT RATHER AN ORDINARY CRIMINAL WHO HAS COMMITTED EXCEPTIONALLY GRAVE CRIMES AND MUST BE TRIED BY A NATIONAL COURT AT THE PLACE WHERE THE CRIMES WERE COMMITTED.

9. REFLECTING INCREASED TENSIONS BETWEEN IRAN AND THE SOVIET UNION, THE SOVIETS HAVE CANCELLED A REGULARLY SCHEDULED AEROFLOT STOPOVER IN

HAS ENTERED IT'S THIRD DAY OF SURVEILLANCE OF USS KITTY HAWK

THE AUXILIARY AND AN INTELLIGENCE COLLECTOR WERE OBSERVED CONDUCTING REPLENISHMENT OPERATIONS IN THE AREA YESTERDAY FROM NAVAL ASSOCIATED MERCHANT TANKER YEGORYEVSK.

B. AN OILER, WHICH WAS SIGHTED YESTERDAY BY USS FANNING, HAS AUGMENTED THOSE SUPPORT SHIPS OPERATING IN THE NORTHERN ARABIAN SEA.

C. A GUIDED MISSILE DESTROYER CONTINUES TO MONITOR USS MIDWAY OPERATIONS INTO TODAY. A FLEET MINESWEEPER PARALLELED USS JOUETT'S COURSE BRIEFLY YESTERDAY TO OBSERVE UNREP BEFORE GOING DEAD-IN-THE-WATER.

D. [REDACTED]
E. AN OCEANOGRAPHIC RESEARCH SHIP CONTINUES PROBABLE RESEARCH OPERATIONS IN AN AREA APPROXIMATELY 110 NM SOUTHWEST OF USS KITTY HAWK

SUBJECT: COMPOUND INFORMATION

1. THE FOLLOWING NOTES ARE FROM A 31 DEC FOLLOW-UP INTERVIEW WITH AN INDIVIDUAL WHO PREVIOUSLY DID SECURITY DESIGN WORK IN THE COMPOUND. SEVERAL SHEETS OF PLANS WERE PROVIDED DURING THIS INTERVIEW AND WILL BE PASSED TO DELTA BY COURIER.
- 19) 2. IN MAY 79, THE SOURCE OBSERVED A SANDBAGGED POSITION ON TOP TO THE EAST WALL OF THE COMPOUND. THIS HAS ALSO BEEN MENTIONED IN AT LEAST ONE REPORT ON THE CURRENT SITUATION. WHILE IT IS UNLIKELY A POSITION WOULD BE BUILT ON A WALL ONLY A COUPLE OF FEET WIDE, OLD DRAWINGS OF THE COMPOUND MAY PROVIDE ANOTHER EXPLANATION. IN A 1946 DRAWING, AN EAST GATE IS SHOWN APPROX 100M NORTH OF THE ROOSEVELT/TAKHTE-JAMSHID INTERSECTION, WITH A SMALL GUARD HOUSE. A 1952 DRAWING SHOWS AN "OFFICERS QUARTERS" AND "RADIO OPERATOR OFFICE" IN THIS AREA. WHILE THESE STRUCTURES ARE NO LONGER THERE, IT IS POSSIBLE THAT THERE IS SOME TRACE OF THIS CONSTRUCTION, SUCH AS A WIDE POINT IN THE WALL WHICH COULD PROVIDE A BASE FOR A POSITION.
3. THE 1946 DRAWINGS ALSO INDICATE A FORMER GAP IN THE EAST WALL, APPROX 50M SOUTH OF THE NORTHEAST CORNER OF THE COMPOUND. THE GAP APPEARS TO BE APPROX 3-5M WIDE AND IS MARKED, "FILL IN GATE OPENNING WITH TEMPORARY MUD WALL". THIS AREA MAY HAVE BEEN PROPERLY REBUILT SINCE, OR MAY BE AN AREA OF SUBSTANDARD CONSTRUCTION MORE VULNERABLE TO BREACHING THAN OTHER PARTS OF THE WALL.
4. THE SOURCE ALSO NOTED THAT IN MAY 79 HE HAD SEEN A SANDBAGGED POSITION ON TOP OF A SMALL GUARD SHACK AT THE EAST SIDE OF THE SOUTHEAST GATE, JUST INSIDE THE COMPOUND.
5. ACCORDING TO THE SOURCE, IN MAY 79 THERE WAS A SANDBAGGED POSITION ON THE NW CORNER OF THE ROOF OF THE CARAVANSERY RESTAURANT, THE BUILDING WEST SIDE OF THE CONSULATE. HE ALSO NOTED THAT THERE WAS A LARGE PROPANE STORAGE TANK ON THIS ROOF; ALONG WITH SKYLIGHTS INTO THE KITCHEN AND REST ROOM, ROOF VENTILATORS, A RAISED AREA WITH ACCESS INTO THE UTILITIES AREA, AND AN ACCESS DOOR INTO THE SECOND FLOOR OF THE CONSULATE.
6. AFTER DISCRETELY CONSULTING AN ASSOCIATE WHO HAD BEEN IN THE AREA WITH HIM IN MAY 79, THE SUBJECT REAFFIRMED THERE WERE NO WINDOWS ON THE WEST SIDE OF THE "SAVAK" BUILDING, WHICH FORMS PART OF THE WEST WALL OF THE COMPOUND.
7. USING AN AERIAL PHOTOGRAPH, THE SOURCE GAVE MORE PRECISE POSITIONS OF BUILDINGS WHICH WERE USED TO FIRE INTO THE COMPOUND IN MAY 79. THE BUILDINGS POINTED OUT WERE:
 - (A) THE BUILDING ON THE EAST SIDE OF MATEK - USH - SHOARAY-E, APPROX 80M SOUTH OF TAKHTE-JAMSHID. (MATEK-USH-SHOARAY-E IS THE FIRST STREET EAST OF ROOSEVELT). THIS BUILDING IS IDENTIFYABLE AS THE TALLEST BUILDING IN THE AREA.
 - (B) THE BUILDING ON THE SOUTHEAST CORNER OF ATAROD AND ROOSEVELT. (ATAROD IS SPELLED OTAROD ON SOME MAPS. IT IS THE FIRST STREET NORTH OF TAKHTE-JAMSHID).
 - (C) THE BUILDING ON THE SOUTH SIDE OF TAKHTE-JAMSHID, SOUTHEAST OF THE MOTORPOOL GATE TO THE COMPOUND. IT IS THE TALLEST OF THE BUILDINGS ON THIS PORTION OF THE STREET.
 - (D) THE BUILDING ON THE NW CORNER OF TAKHTE-JAMSHID AND AMERICA ALLEY.
 - (E) FIRE RECEIVED FROM THE NORTH WAS FROM AN AREA NORTH OF THE BASKETBALL COURT AREA, NORTH OF THE COMPOUND.

Intelligence Historical Report
J2, JTF 1-79

SUBJECT: Identification of Soviet Trucks in CONUS to
Support [REDACTED] Planning.

TIMEFRAME: November 1979 - December 1980

SUMMARY:

A

1. (S) On several occasions, [REDACTED]
[REDACTED]
[REDACTED]

2. (U) (S) Survey of US holdings of Soviet vehicles focused on:

- a. USA 11th MI Battalion, Aberdeen Proving Grounds (APG).
- b. Field Support Division (FSD)/USA Foreign Science and Technology Center (FSTC), APG.
- c. USAF Soviet Awareness Museum, Bolling AFB.

3. (U) (S) J2 representative contacted Cdr, 11th MI Bn and represented himself as a member of ODCSOPS, DA, who was looking for Soviet vehicles - primarily trucks - for a DA-conducted emergency deployment exercise. 11th MI Bn refurbishes Soviet vehicles - primarily combat vehicles - and transfers them to field units for their use. Trucks held by the 11th MI Bn were non-operational and would have required massive maintenance to bring them up to an operational status.

~~TOP SECRET~~

Classified By: ~~DDONmc~~ 2256
Declassified ON: OADR

Downgraded to Secret

~~TOP SECRET~~

4. (S) Cdr, 11th MI Bn suggested that Soviet vehicles held by FSD be inspected. FSD vehicles were in better condition than those of 11th MI Bn, however, several had been loaned out for testing. [REDACTED]

A [REDACTED] requested through its DA POC and FSD agreed to provide vehicle familiarization, driving training, and 1st echelon maintenance instruction on Soviet vehicles for approximately [REDACTED]

5. (S) J2 representative contacted USAF Directorate of Soviet Awareness, Bolling, AFB, on the suggestion of the JTF J2, who had formerly been assigned there. The Directorate's museum maintains one Soviet truck in acceptable condition.

6. (S) Description of Soviet vehicles identified in December 1979 for possible use are at Attachment No. 1. Use of these vehicles in RICEBOWL was eventually discarded in favor of [REDACTED]

A 7. (S) In October 1980, upon request of COMJTF, subject of Soviet trucks was again researched. Memorandum summarizing results is at Attachment No. 2.

A 8. (S) In December 1980, [REDACTED] requested availability data on Soviet trucks. J2 representative introduced [REDACTED] representative to FSD/FSTC and Soviet Awareness POC's.

COMMENTS:

1. (S) US military is primarily concerned with Soviet combat vehicles vice utility-type vehicles. Those utility

~~TOP SECRET~~

vehicles that are available are generally in an extremely poor state of repair.

2. (U) FSD can only be responsive if tasked by FSTC.

Therefore, the system had to be accessed in following sequence: DA POC - USA Materiel Development and Readiness Command (DARCOM) - FSTC - FSD.

E (S) RECOMMENDATIONS: That the viability of using [redacted] a source of Soviet vehicles/equipment be researched.

Intelligence Historical Report
J2, JTF 1-79

SUBJECT: ~~Attack~~ **ATTACK** Helicopter, Training Range

TIMEFRAME: October 1980 - November 1980

SUMMARY:

1. (U) Several SNOWBIRD options relied heavily on attack helicopters to destroy Iranian AAA/SAM positions in Tehran at H-Hour. COMJTF directed J2 to determine the types of AAA/SAM systems to be attacked ^{and} to develop a realistic training range for attack helicopters.
2. (U) The types of targets were already contained in the J2 data base: ZU-23-2, Oerliken 35mm, Rapier, ²HAWK.
3. (U) J2 identified four categories of training targets that could be used in developing the attack helicopter training range:
 - a. Real equipment
 - b. Foam/wooden/metallic mock-ups
 - c. Inflatable devices
 - d. Target cloth with silk-screen reproductions of the equipment
4. (U) Details of J2 research and recommendations for development of training range are contained in a 30 October 1980 memorandum to COMJTF, at Attachment 1.
5. (U) SNOWBIRD ²³ eventually organized and operated attack helicopter range at Yuma Proving Grounds, AZ. Plywood mock-ups arrayed to represent AAA/SAM positions at Mehrabad Airport and in/around Tehran were ~~finally~~ used as targets.

~~TOP SECRET~~

THE JOINT CHIEFS OF STAFF
WASHINGTON, D.C. 20301

THE JOINT STAFF

30 October 1980

MEMORANDUM FOR MG VAUGHT

Subject: Helicopter Training Against AAA/SAM's

(U) 1. (TS) The primary AAA/SAM threat to US forces in Iran will consist of:

- a. ZU-23-2: Soviet, towed, dual-barrel, 23mm gun, optical tracking.
- b. Oerlikon: Swiss, towed, dual-barrel, 35mm gun, radar controlled (Superfledermaus).
- c. Rapier: British short-range, point defense SAM (4 missiles per launcher), optical tracking.
- d. HAWK: US SAM

(U) 2. (TS) The following quantities of the above items, real and mock-up, are available in CONUS and can be borrowed by the JTF:

- a. ZU-23-2: real: 4, (Aberdeen Proving Grounds/Nellis AFB).
mock-up: 0
- b. HAWK: real: 1 system consisting of a launcher, dummy missiles, radars and shelters.
mock-up: 2 inflatable launchers/missiles.
- c. Oerlikon: real: 0; mock-up: 0.
- d. Rapier: real: 0; mock-up: 0.

(U) 3. (TS) The US Army Training Support Center (ATSC), Fort Eustis, VA, can have foam mock-ups made of these systems. A new contractor will have to be acquired to build them, and the ATSC estimates 60-90 days for production. The ATSC also estimates that this would be an "expensive" option.

(U) 4. (TS) The ATSC can make silk screen reproductions on target cloth of the AAA/SAM weapons and related equipment. ATSC estimates that 500 targets (12' x 12') can be produced at Fort Huachuca in 3 weeks for approximately \$12,500.

~~TOP SECRET~~

500 (TS)
(U) (S)

Recommendations:

a. (TS) That two ranges be established at White Sands Missile Range/Fort Bliss for use by ISOW and 101st Airborne Division helicopters:

(1) Target identification range: HAWK system (including real and inflatable items), real ZU-23-2's, target cloth versions of Oerlikon and Rapier.

(2) Live fire range: target cloth versions of all 4 systems.

Approved: _____

Disapproved: _____

Comments:

b. (U) (S) That DAMO-ODP be tasked to acquire the equipment listed in paragraph 2 and the target cloth reproductions described in paragraph 4. Coordination will be effected with JTD J-3 and J-4.

Approved: _____

Disapproved: _____

Comments:

c. (U) (TS) That DAMO-ODP and J-3 effect coordination with White Sands Missile Range/Fort Bliss for property on which to establish the ranges and permission to conduct training.

Approved: _____

Disapproved: _____

Comments:

d. (S) That JTD J-3, ISOW and 101st Airborne Division representatives establish the ranges and conduct the AAA/SAM recognition and helicopter gunnery training.

Approved: _____

Disapproved: _____

Comments:

6. (C) This memorandum has been coordinated with J-3, J-4, and DAMO-ODP.

INFORMATION PAPER

DAPE-MBP
23 July 1980

H243

SUBJECT: Hostage Family Briefing by Richard Queen, 22 July 1980

- E**
- Former hostage Richard Queen briefed hostage families in DC area at State on 22 July. Army family members present were [REDACTED] LTC Shaur, DA family POC, also attended.
 - Format was general info briefing followed by individual discussions with family members. Queen has talked by phone with some families and will call all not at the meeting.
 - Key points from general briefing:
 - o Contrary to media reports, has either seen or at least received reports on most hostages.
 - o November 79 was chaotic; "Students" disorganized. Hostages moved frequently; handled differently (some were tied, blindfolded, not allowed to talk; others were relatively less restricted).
 - o Moved late November to large underground room call "mushroom inn;" remained there till March. About half of hostages, including all military officers, there at one time or another. Not allowed to talk, guarded around-the-clock. Allowed outside 15-20 min/wk. Conditions grim.
 - o "Mushroom inn" closed in March. Queen moved into chancery, where he remained until hospitalized just before release. He and most others had one or more roommates. Were locked in room; blindfolded when allowed to use bathroom or leave for any reason. No "students" inside room; could read, play games, talk. Little contact with anyone but roommates, who were (at various times) Joe Hall (Army W01), Charlie Jones (State), Don Hohman (Army SP6), Bob Ode (State). Conditions much better than "mushroom inn".
 - o At first, had only Iranian food; then western style prepared by Pakistani and Italian cooks. Not great but adequate in quality and quantity. Typical meals: breakfast- Iranian bread with butter and jam; noon - main meal (stew, spaghetti, etc); evening - soup & bread.

DDO NMCC
22 Jul 97
Classified By: JCS
Declassified ON: OADR

~~SECRET~~

- o Individual guards treated very differently. Mentioned 3: 1st was a good guy; 2d (Habib) an SOB; 3rd (Akbar) was superb.
 - o Biggest problem was mail, which captors clearly used against hostages. Some got mail early as December; others, like Queen, got 1st letter in January. Until he got letter, didn't know he could write; then told could send 3 two hundred-word letters weekly. Later learned others has different or no restrictions. Knew many letters were not mailed and much incoming mail, including food packages, not delivered. Mentioned a critical letter that slipped thru censor screen and was published in US media; "students" were upset and clamped down for some time thereafter.
- Info provided by Army families whom Queen has contacted or who have received info based on Queen's reports.
- o COL Holland: Saw occasionally before left "mushroom" in March. Looked good, attitude good.
 - o COL Scott: Iranians liked his sense of humor; apparently didn't consider him a "spy" because of short time in Iran.
 - o WO1 Hall: One of Queen's roommates. Good health, good spirits. 
 - o SP6 Hohman: Also a Queen roommate, also doing very well. Hardhead and stubborn - had a physical confrontation with SOB guard.
 - o MSG Ragan, SSG Subic: No info available yet.
- Queen appears not to have first-hand information on:
- o Rescue attempt
 - o Current location of hostages other than roommates.
 - o Any physical or mental abuse of hostages by captors.

SUBJECT: IRANIAN SITUATION REPORT

3. IRANIAN MANEUVERING TO FORESTALL THE IMPOSITION OF AN ECONOMIC BOYCOTT OR TO AT LEAST REDUCE ITS EFFECTIVENESS CONTINUES. TO THIS END, THE IRANIANS ARE TRYING TO GARNER THE SUPPORT OF THE AFRO-ARAB CONFERENCE, WHICH WAS SCHEDULED TO CONVEENE NEXT WEEK BUT HAS BEEN POSTPONED, THE IRANIANS HOPE TO INSERT A CLAUSE OPPOSING ECONOMIC SANCTIONS IN THE CONFERENCE'S FINAL RESOLUTION.

4. [IN A PERSONAL NOTE OF FRIENDSHIP, BABRAK KARMAL, AFGHANISTAN'S NEW PRIME MINISTER ASSURED AYATOLLAH KHOMEINI ON 9 JANUARY THAT AFGHANISTAN'S NEW LEADERSHIP DESIRES "CLOSE AND FRIENDLY RELATIONS WITH ITS ISLAMIC NEIGHBORS. HE ALSO ASSURED KHOMEINI THAT SOVIET FORCES ARE IN AFGHANISTAN AT THE AFGHANS' REQUEST, AND PROMISED THAT THEY WILL RETURN TO THE SOVIET UNION ONCE INTERNAL OPPOSITION IS BROUGHT UNDER CONTROL.]

5. ANOTHER INTERNATIONAL FIGURE, THE SUPREME JUDGE OF JORDAN, HAS URGED THE IMMEDIATE RELEASE OF THE AMERICAN HOSTAGES. CITING THE IMPDRTANCE OF IRAN'S ISLAMIC REVOLUTION, THE JORDANIAN CALLED FOR AN EARLY SETTLEMENT OF THE CRISIS SO THAT IRANIAN OFFICIALS CAN DEVOTE THEMSELVES TO RESOLVING DOMESTIC PROBLEMS.

6. MEANWHILE, THE TURNOIL THREATENING TO DIVIDE THE NATION CONTINUES WITH THE NORTHWESTERN CITY OF TABRIZ REMAINING THE SCENE OF THE MOST SERIOUS UNREST.

ACCORDING TO PRESS OF THE 10TH, TABRIZ IS CURRENTLY IN GOVERNMENT CONTROL, AND SECURITY RESPONSIBILITY IS IN THE HANDS OF A JOINT DEFENSE COMMITTEE (UNCLASSIFIED). RESIDENTS OF SANANDAJ CONTINUD TO DEMAND THE EXPLUSION OF THE REVOLUTIONARY GUARDS, AND ALTHOUGH NO VIOLENCE HAD OCCURRED IN THE PAST FEW DAYS, FIGHTING WAS EXPECTED TO ERUPT AGAIN SOON. TWO OTHER TOWNS IN THE

7. WHILE UNREST CONTINUES IN THE NORTHWEST, UNITS SERVING THERE ARE FACING GROWING PROBLEMS.

13. AMBASSADOR TO THE UN MCHENRY HAS DISCUSSED NEXT STEPS IN THE HOSTAGE CRISIS WITH THIRD WORLD MEMBERS OF THE SECURITY COUNCIL. HE HAS STRESSED IN HIS CONVERSATIONS THAT INITIATIVES TAKEN BY SECRETARY GENERAL WALDHEIM AND THROUGH VARIOUS OTHER CHANNELS OVER THE LAST SIXTY DAYS HAVE NOT SUCCEEDED. HE HAS EXPLAINED THAT WE HAVE REPEATEDLY INDICATED THAT WHILE OUR POSITION IS THAT THE RELEASE OF THE HOSTAGES IS ESSENTIAL TO RESOLUTION OF OTHER ISSUES, SUCH ISSUES, WHETHER LEGITIMATE OR NOT, HAVE TO BE TAKEN INTO ACCOUNT.

A. THE IRANIAN INSISTANCE ON THE IMPOSSIBLE DEMAND OF THE RETURN OF THE SHAH AND APPARENT REJECTION OF MEDIATION FORCES THE US TO CONCLUDE, AMBASSADOR MCHENRY EXPLAINED FURTHER, THAT THERE IS NOTHING TO BE GAINED BY ADDITIONAL DELAY IN IMPOSING ECONOMIC SANCTIONS AS FORESEEN IN SECURITY COUNCIL RESOLUTION 461 OF DECEMBER 31. HIS REPORT NOTES THAT THE THIRD WORLD REPRESENTATIVES WITH WHOM HE SPOKE CONFIRMED THEIR BASIC SUPPORT FOR THE US POSITION.

B. THE SECURITY COUNCIL IS EXPECTED TO TAKE UP THE IRANIAN CRISIS AGAIN THIS AFTERNOON.

~~TOP SECRET~~

14. IRANIAN TELEVISION IS MAKING TECHNICAL PREPARATIONS, ASSEMBLING EQUIPMENT AND ASSIGNING CREWS, FOR COVERING THE TRIAL OF ONE AMERICAN HOSTAGE WHICH IS EXPECTED TO TAKE PLACE IN FOUR OR FIVE DAYS.

TODAY RECEIVED THE REPRESENTATIVES OF THE LIBERATION MOVEMENTS WHO HAD TAKEN PART IN THE CONFERENCE ORGANIZED BY THE MILITANTS. THE CONFERENCE ENDED TODAY. A PUBLIC STATEMENT IS EXPECTED TO BE RELEASED.

~~TOP SECRET~~

16. ACCORDING TO REUTERS, THE FOUR TOP AYATOLLAHS IN QOM, INCLUDING KHOMEINI AND SHARIAT-MADRJ, ARE SCHEDULED TO HOLD A SUMMIT MEETING IN THE NEXT TWO DAYS CONCERNING THE VIOLENCE THAT HAS TAKEN PLACE IN TABRIZ.

17. TABRIZ RADIO HAS URGED SUPPORTERS OF AYATOLLAH KHOMEINI TO ATTEND MASS PRAYERS TODAY IN WHAT MAY BE A TEST OF SUPPORT FOR IRAN'S REVOLUTIONARY LEADER IN AZERBAIJAN PROVINCE. THE REPEATED CALLS WERE BROADCAST FROM A HILLTOP RADIO STATION SEALED OFF BY GOVERNMENT TROOPS TO PREVENT ANY POSSIBLE TAKEOVER BY FOLLOWERS OF IRAN'S SECOND MOST POWERFUL RELIGIOUS CHIEF, AYATOLLAH SHARIAT-MADARI. TABRIZ WAS REPORTED TENSE LAST NIGHT AFTER A WEEK OF SPORADIC FIGHTING BETWEEN THE KHOMEINI AND SHARIAT-MADARI SUPPORTERS.

CLASSIFICATION REVIEW EO 12355
CONDUCTED ON 22 Jul 92
DERIVATIVE CL BY DDO W MCC
 DECL DOWNGRADED TO Secret
REVIEW ON OADR
DERIVED FROM multiple sources

1. U.S. SECRETARY-GENERAL WALDHEIM EXPRESSED DEEP PESSIMISM OVER THE SITUATION IN IRAN AND THE POSSIBILITY OF ARRIVING AT A SOLUTION TO THE CRISIS IN HIS REPORT TO THE SECURITY COUNCIL ON 7 JANUARY.

[REDACTED]

[REDACTED]

3. AS THE U.N. DEBATE ON IRAN NEARS, SEVERAL NATIONS ARE WITHDRAWING OR PLANNING TO WITHDRAW ADDITIONAL PERSONNEL FROM IRAN.

[REDACTED]

[REDACTED]

5. IN IRAN, SOME DIPLOMATS ARE VIEWING THE INCREASE IN FIGHTING BETWEEN RIVAL RELIGIOUS AND POLITICAL FACTIONS AS THE BEGINNING OF CIVIL WAR. ONE SOURCE NOTED THAT AYATOLLAH KHOMEINI IS LOSING POPULARITY WHILE LEFTWING GROUPS ARE GAINING INFLUENCE. THE FOLLOWING SOVIET INVOLVEMENT IN AFGHANISTAN, THE LEFTISTS ARE SIMPLY AWAITING AN OPPORTUNITY TO SEIZE POWER.

6. A PART OF NORTHWESTERN IRAN APPARENTLY IS IN COMPLETE CONTROL OF DISSIDENTS. AS OF THE 7TH, TROOPS WERE UNABLE TO REACH SANANDAJ FROM FATHER NORTH. ELSEWHERE, ARDABIL WAS TENSE AND A KURDISH INTERFACTIONAL DISPUTE ERUPTED IN PIRANSHAHR. THE

~~SECRET~~

SECRET FOR COUNTRYWIDE PROTESTS AGAINST "AMERICAN AND SOVIET IMPERIALISM." DESPITE THE MAGNITUDE OF THE MARCHES IN IRAN'S MAJOR CITIES, MOST OF THE COUNTRY, INCLUDING TEHRAN AND QOM WERE RELATIVELY CALM. THE RUMORED BUS CARAVAN OF SUPPORTERS OF SHARIATMADARI WHICH POSED A THREAT OF RENEWED VIOLENCE IN QOM DID NOT MATERIALIZE.

~~SECRET~~

8. IN TABRIZ, VIOLENT CLASHES CONTINUED YESTERDAY DESPITE APPEALS BY SHARIATMADARI FOR CALM. EIGHT PERSONS WERE REPORTEDLY KILLED AND 100 WOUNDED. RELIGIOUS CELEBRATIONS TURNED INTO BLOODY CLASHES AS SUPPORTERS OF SHARIATMADARI REPORTEDLY SET FIRE TO VEHICLES AND BUILDINGS, INCLUDING SIX BANKS.

9. AYATOLLAH BEHESTI, SECRETARY OF IRAN'S REVOLUTIONARY COUNCIL, HAS CHANGED HIS OPINION ON THE "HOSTAGE ISSUE" ACCORDING TO PRESS REPORTS. BEHESTI STATED THAT IRAN'S OPINION OF THE HOSTAGE PROBLEM HAS CHANGED AND THERE WAS SOME MOVEMENT TOWARD THE RELEASE OF THE HOSTAGES. HE QUALIFIED HIS STATEMENT BY INDICATING THE RESULTS OF THIS MOVEMENT WERE STILL WEEKS AWAY AND BY MENTIONING THE POSSIBILITY OF A TRIAL OF THE HOSTAGES. THE AYATOLLAH ALSO SAID THAT THE AMERICAN CHARGE D'AFFAIRS WOULD NOT BE TRANSFERRED FROM THE FOREIGN MINISTRY TO THE US EMBASSY AS REQUESTED BY THE MILITANT CAPTORS OF THE HOSTAGES. AYATOLLAH BEHESTI IS AN IMPORTANT FIGURE IN THE REVOLUTIONARY COUNCIL AND A CLOSE AIDE TO KHOMEINI, AND HIS STATEMENTS ARE THEREFORE EXTREMELY IMPORTANT. THERE HAS BEEN NO REACTION TO BEHESTI'S STATEMENT BY THE MILITANT CAPTORS OR KHOMEINI.

10. EARLIER IN THE DAY THE MILITANTS AT THE US EMBASSY ISSUED A PROCLAMATION CONDEMNING THE SAUD FAMILY OF SAUDI ARABIA AS "PUPPETS" OF THE US. THE PROCLAMATION CALLED FOR THE MUSLIMS OF THE ARABIAN PENINSULA TO RISE UP AND OVERTHROW THE SAUD FAMILY.

11. IRAN APPEARS INCREASINGLY CONCERNED OVER SECURITY AROUND TEHRAN AND QOM.

[REDACTED]

12. [REDACTED]

13. [REDACTED]

14. THE IRANIAN ARMY, WHICH SO FAR HAS STAYED OUT OF THE CLASHES BETWEEN THE REVOLUTIONARY GUARDS AND KURDS, TODAY ISSUED A STATEMENT WARNING PEOPLE THAT THE ARMY WOULD RESIST ATTACKS AGAINST MILITARY TROOPS OR REVOLUTIONARY GUARDS. THERE HAVE BEEN CONTINUING SKIRMISHES IN KURDISTAN AND OFFICES, SCHOOLS, AND BARRACKS REMAINED CLOSED THROUGHOUT THE PROVINCE AS THE DEMONSTRATIONS DEMANDING THE REMOVAL OF THE REVOLUTIONARY GUARDS CONTINUES.

SECRET

[REDACTED]

16. THE CONFERENCE OF REPRESENTATIVES OF VARIOUS LIBERATION
MOVEMENTS TAKING PLACE IN TEHRAN AT THE INVITATION OF
THE MILITANTS HOLDING THE HOSTAGES HAS BEEN GIVEN VERY
LITTLE PUBLICITY IN TEHRAN.

THE JOINT STAFF

MEMORANDUM FOR DIRECTOR, DEFENSE INTELLIGENCE AGENCY

Subject: Hostage Debriefing

1. (u) (TS) There is a requirement for JTF intelligence personnel to have debriefing access to any hostages released as a result of the current negotiations. This requirement would take one of two forms.
 - (u) (a) (TS) The first would be accomplished if all fifty-three American hostages are released in one group (crisis terminated). In this case, there is a requirement for JTF intelligence representatives to attend the debriefing sessions in Europe under DIA auspices, and subsequently conduct supplemental debriefings of selected hostages for the purposes of validating other intelligence sources and determining the completeness and accuracy of previous hostage location assessments.
 - (u) (b) (TS) The second form would be required if only some of the hostages were released. If this situation were to prevail, there would be an imperative operational requirement for JTF intelligence representatives to conduct immediate debriefings in Europe under DIA/EUCOM auspices of those hostages physically and mentally capable of providing data.
2. (u) (TS) In either case, there is a requirement for JTF intelligence representatives to be on-scene in Europe at the reception location (to cover the eventuality of either requirement).
3. (u) (TS) JTF has developed a basic debriefing mechanism which will allow a four man team to rapidly exploit any released hostages

without materially prolonging the period of decompression envisioned in current planning. We see our role in the debriefing process as being distinct and not duplicative of the general debriefings currently planned.

4. (75) Because of the in-depth knowledge of JTF intelligence personnel regarding the compound, its buildings, the captors and the hostages, it is vital that they personally participate in any debriefing activities.

JOINT DEBRIEFING QUESTIONNAIRE

NAME: _____ HOSTAGE # _____

DATE: _____ TIME: _____

DEBRIEFERS: _____

SECTION ONE
Introduction

This debriefing is designed to assist in the collection of information which will assist in reconstruction of the events of your captivity and hopefully provide insights to better handle situations of this type in the future. Naturally, you do not have to answer a question unless you want to, but your assistance will be greatly appreciated.

The briefing will cover six major areas to include:

- (1) Circumstances of Your Release. (SECTION TWO)
- (2) Your Treatment as a Hostage. (SECTION THREE)
- (3) Details About the Militants and the Security Conditions Under Which You Were Held. (SECTION FOUR)
- (4) Details about the Initial Takeover. (SECTION FIVE)
- (5) Data on the Hostages That Were Not Released. (SECTION SIX)
- (6) Embassy Security Procedures (MARINE GUARD ONLY). (SECTION SEVEN)

Circumstances Of Your Release

1. Where were you held immediately prior to release? When were you notified of the impending release?

2. What was the reason given, if any, for your release? For the other hostages?

3. In your opinion, why do you think you were selected for release?

4. To gain release, were you required to sign a letter or form requesting release? Requesting amnesty? To whom was the letter addressed? Were you required to prepare other documents or make special statements? When? Provide details and circumstances.

5a. Were you given any instructions as to how you were to act or what you should say when you were returned to US control?

[Lined area for handwritten response to question 5a]

5b. Did any of your captors establish with you a plan to renew acquaintances in the future? Provide details of the plan.

9. Describe your daily routine.

~~SECRET~~

10. What type of procedures did you follow for:

a. Toilet/shower? -----

b. Entertainment? -----

c. Exercise? -----

d. Medical care (and quality)? -----

e. Meals? (Type food)? -----

11. What types of communications system did the hostages use? Which hostages?

12. Were you allowed to receive mail? From whom, how often?

~~SECRET~~

18. Were you or any hostages threatened with trial/harm/death?

19. Did you fear for your life? Ever? Sometimes? Constantly?

20. Did you observe anyone mistreated/harmed? Was anyone led away for solitary confinement? Who? Were they taken away repeatedly?

21. What conditions of your captivity, good or bad, do you think influenced your physical and psychological condition the most?

22. What significant events occurred during late April-early May (immediately after rescue attempt?)

23. Were you aware the State Department was talking with the students?

Details About the Militants and the Security Conditions
Under Which You Were Held

25. Who were your captors (nationality, age group, sex, political leanings, organization affiliations, profession, leaders)? Name and describe any individual captors or other personnel whom you can recall. Did you have the same guards throughout your captivity? Were your guards always militants, or were some Revolutionary Guards, Police, or others?

26. Were the guards armed? What type weapons? When did they carry their weapons?

27. How many militants were in charge of your group(s) at each location?

28. Describe the militant command, control, and communications structure.

29. Describe militant reaction to unusual occurrences.

30. What security procedures did the captors use? (Restraints, guards, weapons, locked doors, sentries, alarms, etc...)

31. Were you aware of the existence of a "special" reaction force?

32. How did the militants interact with the Revolutionary Guard, the police, the Mullahs, the Regular Army?

33. What were the inside and outside lighting conditions of the different detention locations?

34. Were you aware of any type of booby-traps being employed in the Embassy Compound?

Details About The Initial Take-over

35. Where were you when the take-over took place? What do you recall of the events during the take-over? What did you do? Did you help destroy classified? If so, what did you destroy?

36. During the take-over, did you hear radio conversation between RSO and Charge Laingen? What was said? Between the Marines and RSO? What actions did you observe the Marines taking?

37. Who appeared to be in charge? Who ordered you to surrender?

38. Do you know how entry to the compound was gained, and to the Chancery?

39. Do you know of anyone working on the compound whom you suspect of helping the attackers gain entry?

40. When the students were let in, did you see any weapons? Describe.

41. Did you learn who planned the assault; when it was planned; and why it was timed for November 4?

42. In your opinion, was the attack well organized?

43. Did the students appear to be familiar with the compound, its layout, the buildings, or the weapons they had seized?

Data on the Hostages That Were Not Released

44. Did you know before hand that some of the hostages would not be released?

45. Do you have any knowledge concerning the future release of hostages? Provide details, if appropriate.

46. Were you asked by other hostages or your captors to bring out any messages or letters? Were they openly given to you or smuggled to you?

47. Pertaining to the hostages who were not released:

- a. Who, by name, were not released?
- b. Where did you last see them?
- c. When did you last see them?
- d. Their physical/emotional condition at the time?
- e. Circumstances?

Embassy Security Procedures (MARINE GUARDS ONLY)

50. Indications/Warnings that Embassy was going to be attacked:

a. Did local security services provide any indicators or warning of an attack?

b. Did indigenous Embassy employees provide any warning of an attack?

c. Did Embassy officials provide any warning of an attack?

NOTE: If answer is YES to 5a, b, or c, provide details.

51. Instructions from Department of State/Embassy officials concerning the defense of Embassy personnel and property:

a. Were instructions you received consistent with contingency plans?

b. Were the duties that were assigned to you consistent with your perceptions of your role as an MSG?

52. Destruction/Compromise of Classified Material:

a. Were you successful in destroying all classified material and equipment?

b. Did you have adequate time and equipment to destroy all the classified material and equipment?

c. Do you have any other comments and recommendations concerning the emergency destruction of classified material?

53. Training for Marine Security Guard Duty:

a. Do you believe that you were adequately trained for the conditions you experienced as a hostage?

b. Are there any subjects which were taught that should be omitted, increased in scope, or added?

54. Equipment of Marine Security Guards:

a. Provide an assessment of equipment, i.e., communications and weapons you had available to use.

b. What restrictions, if any, were placed on you in the use of the equipment?

55. Describe the reaction of the indigenous Embassy employees to the attack on the Embassy.

Lined area for response to question 55.

56. Provide an assessment of how the other American employees conducted themselves as hostages.

Lined area for response to question 56.

57. Do you have any suggestions to improve the Corps capability to meet the Embassy security mission?

Lined area for response to question 57.

Intelligence Historical Report
J2, JTF 1-79

Item Number: _____
CLASSIFICATION REVIEW EO 12356
CONDUCTED ON 22 Jul 92
DERIVATIVE CL BY DDO/WMC
 DECL. & DOWNGRADED TO CONF
REVIEW ON OADR
DERIVED FROM Multiple Source

SUBJECT: Planned RICEBOWL Debriefing
TIMEFRAME: February 1980 - April 1980

SUMMARY:

1. (U) Upon successful execution of the hostage rescue, it was planned to transport the hostages to Wiesbaden, Federal Republic of Germany, where they would undergo thorough debriefings and medical treatment. Activities in Germany would be under control of the Department of State (DOS).

2. (U) Initial debriefings of the hostages, however, were to take place on the extraction aircraft enroute from Iran to Germany. Two USAF personnel, [redacted] and Maj [redacted] accompanied the J2 forward element to [redacted] (Both individuals had served in Iran. [redacted])

[redacted] These individuals were prepared to fly on C-141's into the extraction airfield and return with the hostages to Germany. J2 provided both of these individuals with identical loose-leaf binders containing debriefing forms annotated for each hostage (Attachment 1). Section A of the debriefing form focused on hostages who might have been left behind. Section B questions concerned the overall captivity environment.

3. (U) J-2 also developed a basic questionnaire for the debriefings in Wiesbaden (Attachment 2). This questionnaire could be used during a normal face-to-face debriefing, or it

~~CONFIDENTIAL~~

~~TOP SECRET~~

Classified By: JCS
Declassified ON: OADR

could be given to a hostage to be completed as time allowed. The questionnaire included a graph paper representation of the hostages' period of incarceration. ^{Each} ~~Each~~ hostage would have been asked to annotate the chart with the locations at which he was kept on specific dates. With this information, J2 could eventually reconstruct the movement patterns of the hostages and evaluate earlier intelligence reports. The remaining questions concerned [REDACTED]

Included with this questionnaire was another short questionnaire (Attachment 3) that would have been used at the Wiesbaden debriefings [REDACTED]

COMMENTS: None.

RECOMMENDATIONS: None.

J2 PERSONNEL INVOLVED:

LTC [REDACTED] (USAF); SOD, J3, OJCS
Cpt [REDACTED] (USA); DIA
Maj [REDACTED] (USA); ODCSOPS, DA

Intelligence Historical Report

J2, JTF 1-79

SUBJECT: Escape and Evasion

TIMEFRAME: Oct - Dec 1980

CLASSIFICATION REVIEW EO 12356
CONDUCTED BY 22 Jul 92
DERIVATIVE OF BY DDO DMCC
CI DECL DOWNGRADED TO Secret
REVIEW ON JADR
DERIVED FROM Multiple Sources

SUMMARY:

1. The E&E package was initiated to be an Annex for SNOWBIRD Option XII (Heavy Option).
2. The document was produced both as an active annex and to provide a framework for further operational E&E annexes.
3. Meetings with the prime Users (ISOW, [redacted], 101st [redacted] (DELTA)) produced the major requirements for the annex.
4. Initial meeting covered the assumptions needed to produce the document. After approval of the assumptions by [redacted] a second meeting was held to flesh out the requirements.
5. [redacted] J2 collated all inputs and wrote a draft document. The draft was submitted to the prime users for comments. Final product was produced with annexes and distributed.
6. [redacted] J2 developed tabs to the annex (see attach 1) using previously produced documents (see attach 2) adopting them to this annex.
7. 7602nd produced a contingency area study guide. The guide contains the essential information required for pre-study.
8. [redacted] J2 produced 1000 MAP packets for E&E. Unmarked, unclassified maps, a pointee-talkie and blood chit (letter of explanation) were included. DMA is producing a reduction of four TPC's, printed front and back, to be included.
9. DMA produced celluloid maps for inclusion in the first raid kits. These maps were extremely tough and durable.
10. The full E&E kits were produced by [redacted]. Most of the essential items are contained in the standard Air Force survival vest.

COMMENTS:

1. There are few, if any, specialist with a broad range of knowledge in Escape and Evasion.
2. While expertise in E&E is limited, there are a number of documents that are pertinent (see attech 2).
3. Escape and Evasion planning has historically been put off to be "done later," a serious error in planning.

RECOMMENDATIONS:

1. J2 establish a single POC for Escape and Evasion.
2. Active participation by the prime users in the E&E annex is a valuable tool. These groups should be included in any revision.
3. J2 must pay attention to E&E as early as possible in operational planning. The plan must not be finalized sooner that the development of the full operational plan.
4. E&E training is seriously lacking. A minimum of three to five hours training on basic E&E concepts should be required. Individual unit should provide their own training.
5. Include Medics on planning sessions.
6. E&E kits be produced (see E&E plan, annex 3) as soon as possible to provide off-the-shelf capability.

approach self-sufficiency in the CE area. Problems and recommended actions are detailed in Annexes L & M.

H-264

d. Due to the accelerated expansion of the IIAF, with multiple programs in implementation phases simultaneously, long range planning capability remains a significant problem. However, the advent of the Program Management Office (PMO) system, which provides for establishment of the PMO at the outset of planning actions for new procurement and the early involvement of senior personnel in the IIAF, is alleviating some of the difficulty. Recently, the IIAF has established a centralized plans office to provide coordinated management for all ongoing projects, and the integration of personnel, training, and facilities requirements on a logical, prioritized basis, to develop the logistics base and support an operational air force on sustained basis.

14. (U) (C) In addition to the broad areas of concern reflected above, four specific items require considerable thought and attention:

a. Flying Safety: The IIAF has experienced a sharp increase in the number of aircraft accidents/incidents over the past 15 months. A total of 6 F-4Es, 2 RF-4Es, 1 F-4D, 2 F-5Es, and 2 F-14s have been destroyed and 4 C-130s, 1 RF-4E, 1 F-5E and 1 F-5F seriously damaged since March 1977. While 3 or 4 of these accidents/incidents have been attributed to new/advanced training (such as night, over-water weapons delivery and low level electronic warfare tactics training) or materiel failure, the vast majority have clearly been the result of pilot error and/or inability to handle the aircraft near the edge of its performance envelope. In August 1977, at IIAF request, a Blue Ribbon Safety Team was dispatched from the USAF Safety Center at Norton AFB to determine what actions could be taken to enhance the IIAF Safety Programs. Although this team clearly identified many problems with major safety implications, there was a lack of aggressive response to the recommendations by the IIAF, and the upward accident trend continued. In February 1978, the Supreme Commander's Staff, acting upon guidance from His Imperial Majesty, directed the IIAF, with AFSEC/MAAG assistance, to conduct a IIAF-wide Safety Survey to determine why the IIAF is having so many accidents and how the accidents can be stopped. While this survey, which was completed in mid-June, has revealed nothing really new, the concentrated, high-level attention brought to bear on the same old problems may well serve to resolve some of the basic training, policy, and materiel problems which now contribute to IIAF pilot inadequacies. However, strong supervision and interest in flying safety must continue at all echelons of the IIAF in order to hold down the accident rate. Continued MAAG oversight and assistance with instructor pilots is also indicated.

b. Follow-on Education for Officers: It is a matter of concern that the IIAF currently has no directed policy or plan regarding the advancement of the academic qualifications of its young officers, particularly the pilots. Although some few of the support officers attain degrees and even advanced degrees, this is done primarily through self initiated requests. The majority of the young line pilots remain at the same academic level as when they entered pilot training, and few possess any education past high school. A planned program, particularly for the

~~CONFIDENTIAL~~

intelligence function at IIAF headquarters was performed along with two other functional areas in a single directorate. Now, as a separate organizational entity, the Director of Intelligence reports to the Deputy Commander for Operations -- a significant organizational step forward. Unfortunately, the director has not yet accepted the responsibility for tasking IIAF intelligence collection assets to support IIAF combat operational requirements. These collection assets (primarily photographic reconnaissance aircraft and ground based and airborne SIGINT sensors) represent formidable capabilities which are largely self-directed, self-serving, and self-evaluated. While a number of analysts are assigned to the Intelligence Directorate, only a minimal production capability exists. Within the last six months, the directorate began producing and disseminating its first recurring intelligence publication, a monthly tactical intelligence digest. To help alleviate the military personnel shortage in intelligence, a career civilian personnel program has been started. Continued emphasis on acquisition and training of intelligence personnel is needed.

d. IIAF Physical Security: During 1977, the USAF conducted a Physical Security Survey of 32 IIAF installations. This four-month effort by a ten-man team resulted in a 700-page, two volume report which is to become the foundation for a dynamic five-year IIAF security improvement program. The first volume of the report addresses organization and management, training, equipment, facilities, personnel security clearances, security standards, and air base ground defense. Volume II contains specific recommendations for each of the installations surveyed. The IIAF has formed a security improvement planning committee; but tangible results are not yet visible, even though six months have passed since the survey was completed. We should plan aggressive follow-up action for the foreseeable future.

15. (U) In the foregoing paragraphs on areas of concern, there is no intent to gloss over the difficulties. There is no question that problems exist in these areas, and will continue. The burgeoning Iranian economy is making ever increasing demands for engineering talent, management expertise, construction materials, and raw manpower; and the IIAF is hard-pressed in such a competitive area. A key, however, is that the problems are recognized, not only by Air Force Section, but by the IIAF themselves, and many actions are being taken toward resolution.

16. (U) As noted at the beginning of this summary, it has been my privilege to observe the start and finish of many programs, and significant portions of others. This period has seen the delivery of the last of the F-4E and most of the RF-4E aircraft, all but the last few F-14

~~CONFIDENTIAL~~

JOINT/COMBINED EXERCISESHISTORY:

1. (U) Prior to late 1975, the Imperial Iranian Air Force (IIAF) was very hesitant to involve themselves in major joint/combined exercises either with CENTO or within the Iranian Armed Forces. Their internal joint exercise program with the Imperial Iranian Ground Forces and the Imperial Iranian Navy was very elementary with all exercises being scenario driven. It was evident that unless the IIAF expanded their training programs to include a viable and realistic exercise program they would stagnate at a very superficial and elementary level of performance. Thus, in November and December of 1976 the MAAG, with the valuable assistance of United States Element CENTO, began working with the GOI and USG to arrange a bilateral training exercise between the IIAF and the US Navy. The exercise, code named "Taj" was to be conducted under the CENTO umbrella and was to consist of anti-shipping operations and air defense on the part of the IIAF and interdiction and fleet defense on the part of the USN Nuclear Carrier Task Group (USS Enterprise, USS Truxtant and USS Long Beach). The exercise was conducted in February 1977. The USN invited three high ranking Iranian officers aboard the Enterprise as official observers.

a. (C) For the IIAF's part, a basic three pronged attack was conducted using three KC-707s simulating airliners each masking a flight of four F-4Es. In addition to the three tankers, the attack was supported by a fourth KC-707 acting as an ABCCQ (first time attempted), a P-3F surveillance aircraft, a flight of two F-14s for CAP (first time exercised) and a flight of five F-4Es carrying jammer pods. Considering this was the IIAF's first excursion into this type of operation, they did extremely well. In the area of air defense, a transportable tactical radar (TPS-11) was successfully deployed to Iran's southern coast. Additionally, 19 F-4E's were deployed to Bandar Abbas, which, along with four F-14s from Khatami, provided the air defense assets. Again, considering this was a first effort at a realistic air defense exercise, the IIAF did a noteworthy job.

b. (U) On 15 March 1978, the IIAF conducted a mass flyby in honor of the 51st Anniversary of the Pahlavi Dynasty.

(1) In the thirty day period prior to the formal flyby, the IIAF reduced its NORS rate from nearly twenty per cent (20%) to approxi-

~~CONFIDENTIAL~~

5

ARMISH MAAG
LOG NO. 575-045

COPY 3 of 6 Copies

... everything went exactly as briefed. There was only one KC-707 ground abort during employment but the mission was reflown on a later day.

b. ^(u) (C) Dissimilar air combat tactics (DACT) went well beyond our Shahbaz 77 effort. A total of 22 IIAF/F-4E, 22 USAFE/F-4E and 31 IIAF/F-5E sorties were flown. The IIAF F-4 pilots were able to refresh their training in two versus one (2V1) and received their first indoctrination in 2V2. Additionally, one more IIAF F-5E pilot was upgraded to full DACT IP status. The use of gun camera film during each mission has provided some excellent training materials for future DACT work. The ground control intercept (GCI) fighter controllers at Bushehr did an excellent job controlling all DACT missions.

c. ^(u) (C) The air-to-ground gunnery involved both live and practice ordnance and was highly successful. 24 Mavericks (AGM-65A) were fired resulting in 21 targets destroyed. The USAF and IIAF flew 50 live bomb and strafe range missions. These were very successful with only three DUD bombs out of 200. Eighty-eight (88) practice ordnance, scorable missions were flown as scheduled.

d. ^(u) (C) Thirty-five (35) electronic warfare (EW) sorties were flown against the Anarak EW Range. Again, as in Shahbaz 77, both the aircrews and the EW Range personnel received excellent training.

e. ^(u) (C) On 19 June, a mixed flight of 24 IIAF/USAF F-4Es conducted a simulated attack against the IIN destroyer Babr. The fighters were under the control of a KC-707 airborne command and control center (ABCCC). The airborne commander was Lt Gen Kamyabipour (IIAF/DO). He was assisted by a combined IIAF, MAAG and USAFE operations staff. The IIN Babr was defended by four IIAF/F-14s which, for the first time, were under the operational control of the ship's captain. This training mission was most realistic and successful for both the IIAF and the IIN.

f. ^(u) (C) All missions were jointly briefed and debriefed with the lead being alternated between USAFE and IIAF. The conclusion was that the major goal of the exercise; i.e., side-by-side advanced tactical training was accomplished. Of equal importance, an excellent rapport was established between two professional air forces.

4. ^(u) (C) The final exercise of this major effort was MIDLINK 77. MIDLINK has historically been a combined CENTO maritime exercise involving

Intelligence Historical Report
J2, JTF 1-79

SUBJECT: Special Maps II

TIMEFRAME: November 1979 - December 1980

SUMMARY:

1. (U) At J2 Request DMA produced several special maps.
2. (U) Special maps produced included joining sheets to produce 1 map, scale reduction, special overprinting and special material priority of special maps.
3. (U) Special material maps were plastic pull offs a celluloid backing for initial E&E.

COMMENTS:

1. (U) The special maps were created as time allowed.
2. (U) The special maps assisted in planning and saved time that could have been used assembling adjoining map sheets or coloring maps.
3. (U) The plastic peel off maps requires a requirement for the material's manufacture to produce the material as needed available stocks were completely depleted.

RECOMMENDATIONS:

1. (U) That creating special maps be used if operationally, necessary and feasible, time permitting.
2. (U) That generic special overprints of various areas of interest be continually studied (e.g., radar overprints).

THE FOLLOWING IS A REPORT FROM THE AMERICAN EMBASSY IN MOSCOW.
SUBJECT: SOVIET ALLEGATION OF PLANNED U.S. INTERVENTION AGAINST IRAN

1. JANUARY 16 REUTERS ITEM (RETEL) ACCURATELY REPORTED VREMYA PROGRAM COMMENTARY. MAJOR SOVIET PAPERS TODAY CARRY TASS REPORTS FROM NEW DELHI AND BEIRUT ALLEGING U.S. PREPARATION FOR ARMED AGGRESSION AGAINST IRAN. PRAVDA ADDS A COMMENTARY BY ITS MIDDLE EAST SPECIALIST PAVEL DIMCHENKO. ONE TASS ITEM QUOTES A PA NEWS AGENCY (NEW DELHI) REPORT THAT THE U.S. AIM IS TO FREE THE HOSTAGES BY FORCE, OR AT LEAST MAKE THE IRANIAN GOVERNMENT ACCEPT UNCONDITIONALLY THE AMERICAN TERMS. THE INTERVENTION WOULD BE LAUNCHED ACCORDING TO THE REPORT, FROM BASES IN EGYPT OR PAKISTAN AND OMAN AND IS LIKELY TO LAND IN THE BANDAR ABBAS AREA OF IRAN. THE U.S. IS SAID TO HAVE DEMANDED THAT ITS NATO ALLIES PLACE THEIR FORCES ON HIGH ALERT AND TO BE AIRLIFTING LARGE CONTINGENTS OF U.S. AIRBORNE TROOPS AND AIR FORCE TO BASES IN THE PERS. SPAIN, TURKEY, AND CYPRUS IN CONNECTION WITH IT PLANS FOR AGGRESSION AGAINST IRAN.

2. THE TASS REPORT FROM BEIRUT CLAIMS THAT WISSINGER'S RECENT TRIP TO THE MIDDLE EAST WAS TO PREPARE U.S. ALLIES FOR A POSSIBLE PRISM ARMED ATTACK AGAINST IRAN. THAT BASES IN EGYPT AND ISRAEL WOULD BE USED, AND THAT THE RAPID DEPLOYMENT FORCE IN EGYPT HAS BEEN PUT ON HIGH ALERT FOR AN ATTACK AGAINST IRAN.

3. OUR TRANSLATION OF THE DEMCHENKO COMMENTARY FOLLOWS:
--REPORTS COMING TO THE EDITORS TODAY ONCE AGAIN SHOW HOW DANGEROUS THE ADVENTUROUS POLICY OF THE UNITED STATES TO AID IRAN IS FOR THE CAUSE OF PEACE.

--THE THREAT OF AN ARMED AMERICAN INTRUSION INTO THIS COUNTRY HAS IN REALITY HUNG OVER IT LIKE A SWORD OF DAMOCLES FROM THE VERY BEGINNING OF THE IRANIAN REVOLUTION. SPECIFICALLY, THE OVERTHROW OF THE SHAH AND THE COLLAPSE OF THE AMERICAN POSITION IN IRAN HAVE BEEN PUT FORWARD BY THE PENTAGON AS ONE OF THE 'MOST WEIGHTY' ARGUMENTS FOR THE DISPATCH TO THE PERSIAN GULF OF A MILITARY FLEET AND THE ACCELERATED FORMATION OF THE 'RAPID DEPLOYMENT FORCE'. THE APPEARANCE OF THE HOSTAGE PROBLEM IN NOVEMBER 1979 WAS USED TO INCREASE PRESSURE ON ISRAEL.

IN EVALUATING THE EVENTS THAT HAVE OCCURRED SINCE THEN, MANY FOREIGN OBSERVERS HAVE COME TO THE CONCLUSION THAT POSSIBILITIES TO SETTLE THIS PROBLEM HAVE APPEARED MORE THAN ONCE. HOWEVER, WASHINGTON DID NOT USE THEM. IT PREFERRED TO RATHER ITS SWORDS AND EVEN UNDERTOOK THE SO-CALLED 'RESCUE OPERATION' IN APRIL OF 1980 THAT WHICH WAS IN ESSENCE AN AGGRESSIVE INTERUSION INTO IRANIAN TERRITORY BY ITS AIR FORCE AND AIRBORNE UNITS. FROM THE MILITARY POINT OF VIEW IT

This work sheet contains information affecting the National Defense of the United States within the meaning of the Espionage Laws, Title 18, U.S.C. Section 793, 794 and 798, the transmission or the revelation of which in any manner to an unauthorized person is prohibited by law.

multiple [REDACTED]

INDEED, AS IS WELL KNOWN IN COMPLETE FAILURE, AND ON THE POLITICAL PLANE, IT STILL FURTHER COMPLICATES AMERICAN-IRANIAN RELATIONS.

WASHINGTON HAS NOT STOPPED ITS DISAPPOINTED GAMBIT AROUND THE HOSTAGES. ALTHOUGH WHAT IS AT STAKE OF COURSE IS NOT ONLY THEM, IN THE NEWSPAPERS OF MANY COUNTRIES, INCLUDING THE UNITED STATES, REPORTS HAVE APPEARED THAT THE PRESIDENT IS PLANNING A NEW "LIMITED" OPERATION AGAINST IRAN UNDER THE COVER OF NEGOTIATIONS ON THE PROBLEM. THIS DANGEROUS ADVENTURE COULD BE CARRIED OUT AT ANY MOMENT. WASHINGTON APPARENTLY HAS DECIDED THAT THE PRICE OF THE "ACCUMULATION OF FORCES" HAS COME TODAY AND THAT IT IS TIME TO USE THE ALREADY EXISTING AMERICAN-IRANIAN CONFLICT TO GET THEM INTO MOTION.

IN THIS REGARD, IT SHOULD BE RECALLED THAT THE SOVIET UNION HAS REPEATEDLY STATED THE INADMISSIBILITY OF ANY KIND OF FOREIGN INTERFERENCE IN THE INTERNAL AFFAIRS OF IRAN. THE PROBLEMS OF THIS REGION SHOULD IN NO EVENT BE SETTLED WITH THE AID OF FORCE.

SUBJECT: SOVIET PERCEPTIONS/PROPAGANDA

1. (U) THE FOLLOWING IS ENGLISH TRANSLATION OF SOVIET PRESS ARTICLE PUBLISHED IN MOSCOW ON 30 OCT 80, WHICH WAS FILED BY ITS WASHINGTON D.C. TASS CORRESPONDENT.

A. THE UNITED STATES HAS NOT ABANDONED THE PLANS OF REPEATING A MILITARY ADVENTURE IN IRAN, SIMILAR TO THE ONE WHICH FAILED IN DISGRACE LAST APRIL. WELL-INFORMED MILITARY OBSERVER OF THE NEWSPAPER WASHINGTON POST WILSON REPORTED TODAY, QUOTING U.S. GOVERNMENTAL SOURCES, THAT THE JOINT CHIEFS OF STAFF CONTINUE TO LOOK FOR WAYS TO RELEASE THE AMERICAN HOSTAGES MILITARILY. THE OBSERVER STRESSES THAT THE PRESIDENT MAY ORDER AT ANY TIME ANOTHER ATTEMPT TO RELEASE THE HOSTAGES BY FORCE DESPITE THE HIGH RISK OF THE OPERATION.

B. AN ENGLISH JOURNALIST ANDERSON WROTE ABOUT WASHINGTON'S FINALLY DECIDING TWO MONTHS AGO. U.S. OFFICIALS, HOWEVER, VAGUELY AND "CATEGORICALLY" DENIED THE REPORT. AT PRESENT, IT IS NOT CLEAR BY THE ARTICLE IN THE WASHINGTON POST, THE ONLY THING WHICH KEEPS WASHINGTON FROM A NEW MILITARY OPERATION IS "UNCERTAINTY" OF U.S. INTELLIGENCE BODIES AS TO THE LOCATION OF SOME AMERICAN HOSTAGES. THE CIA AND THE DEFENSE ESTABLISHMENT BELIEVE THAT NOT ALL OF THEM ARE HELD AT THE U.S. CONSUL IN TEHRAN. THE OPINION IS EXPRESSED THAT UNDER THESE CONDITIONS A MILITARY OPERATION IS FOUGHT WITH UNDESIRABLY HIGH RISK FOR THE AMERICAN SIDE.

C. THE ENGLISH ARTICLE SHEDS LIGHT ON THE SINISTER ROLE OF AMERICAN INTELLIGENCE SERVICES IN SETTING UP U.S. PREPARATIONS FOR ANOTHER INTERVENTION IN THE PERSIAN GULF AREA IN THE WAKE OF THE IRAN-IRAQ CONFLICT. EARLY, AT THE EARLY STAGE OF THE CONFLICT IN IRAQ STARTED, WERE IN SECRET REPORTS OF POSSIBLE CHANGES OF THE POLITICAL SITUATION THROUGH WHICH THE WESTERN SUPERPOWERS WANT OIL FROM THAT REGION. ALLEGEDLY, TO PROTECT THE INTERESTS, IN FACT, TO IMPLEMENT ITS FAR-REACHING IMPERIALIST POLICY, WASHINGTON HAS CONCENTRATED IN THE PERSIAN GULF REGION THE LARGEST LOCAL FORCE BODY. THE AIM OF THE UNITED STATES, WHICH IS BEING PURSUED BY THE TOP REPRESENTATIVES OF THE WASHINGTON ADMINISTRATION, IS TO CONSOLIDATE ITS LARGE-SCALE POLITICAL INTEREST IN THE REGION ON A PERMANENT BASIS, AND TO PROTECT THEIR OWN "VITAL" INTERESTS, ESPECIALLY OIL SUPPLY, FROM THREATS AGAINST OTHER STATES.

2. (U) THE ABOVE ARTICLE IS AN EXAMPLE OF THE ATTENTION WITH WHICH THE SOVIETS WATCH THE U.S. MEDIA REPORTING. LEAKS AND SPECULATED STORIES UPON SOVIET VIOLATIONS AND LOSE TALK PROVIDE A PARTICULARLY VALUABLE (CRITICAL) GRIST FOR THEIR INTELLIGENCE AND PROPAGANDA. PRESS REPORTING OF THIS TYPE IS OFTEN REBROADCAST ON SOVIET PROPAGANDA NETWORKS INTO EASTERN EUROPE AND THE MIDDLE EAST. REBROADCASTS OF THIS TYPE HAVE BEEN CONFIRMED TO HAVE A DESTABILIZING EFFECT ON THE IRANIAN SECURITY POSTURE.

3. (U) THE CONTENT OF THIS MESSAGE SHOULD BE USED TO REINFORCE UNIT GROUP CONSCIOUSNESS.

MEMORANDUM FOR THE RECORD

Subject: Briefing of FBI Representatives (U)

1. ^(U) On 24 September 1980, two key officials of the Federal Bureau of Investigation were briefed by the undersigned on intelligence needs in support of operations against Iran. Mr. Ed O'Malley, Deputy Assistant Director (Intelligence), FBI, responsible for coordinating use of non-US persons in the United States for intelligence purposes and Charles P. Monroe, Deputy Assistant Director (Criminal), FBI, responsible for anti-terrorist activities and under whose purview the Iranian activities in the US are monitored.

2. ^(U) The officials were informed that the DOD was continuing to plan for hostage release operations against Iran and this is extremely sensitive information. They were informed that they were the only representatives of the FBI privy to that information. The purpose of the discussion was to solicit their assistance in developing information relative to the hostage situation which they may have surfaced through their internal information program; seek their help in establishing bona-fides of potential leads surfaced in DOD operations; and seek any potential Iranian leads that they may spot for exploitation in the conduct of their programs. The FBI representatives asked when and if operations were planned and were informed that we have to plan for six days, six months or six years. That the intelligence operations must be professionally developed for near or long term utilization. they had informants within the

Intelligence Historical Report
J2, JTF 1-79

SUBJECT: Soil Penetrometers

TIMEFRAME: December 1980

SUMMARY:

1. (U) J2 surfaced the availability, use and types of hand-held soil penetrometers.
2. (U) They can be used to determine soil shearing strength (load carrying ability) for a given soil plane.
3. (U) There are several types and sizes commercially available other than the one currently used by the military.
4. (U) They must be used in conjunction with other soil analysis methods for maximum reliability in determining soil load carrying capacity.

COMMENTS:

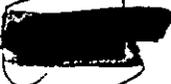

1. (U) Generally the smaller and simpler penetrometers are less accurate and versatile.
2. (U) Training in basic use of simpler soil penetrometers is relatively easy.

RECOMMENDATIONS:

1. (U) That soil penetrometers other than the standard military issue test set, soil (trafficability) be identified and acquired.
2. (U) That personnel training for special operation or unconventional operations be trained in their use.

THE JOINT STAFF

MEMORANDUM FOR RECORD

Subject: Soil Penetrometer (U)

A 1. On 11 Dec 80, [REDACTED] conducted a liaison visit to the Engineer School Ft. Belvoir, VA to determine use of soil penetrometers.

2. The Cone Penetrometer is the principle instrument used in evaluating soil trafficability. The amount of force required to move the cone slowly through a given plane is indicated on the instrument and considered to be an index of the shearing resistance of the soil and is called the cone index of the soil in that plane.

3. Even though soil penetrometers can provide an accurate measure of soil shearing strength (CBR - California Bearing Rating), more accurate classification can be obtained through the use of piston samples and augered holes. Penetrometers can be used in conjunction with these techniques to determine shearing strength for soil layers below the surface. An expedient method to determine shearing strength below the ground plane would be to excavate holes with a shovel or entrenching tool and take penetrometer readings progressively at the bottom of the holes. Depth below surface and readings must be carefully recorded for analysis. Piston samples and loose samples obtained by auger can be analyzed for compaction and strength when wet or dry. The use of all three methods, soil penetrometer, piston samples, and loose sample from auger is the ideal method for analyzing the strength of the soil in a given general area.

4. The US Army Corps of Engineers has and teaches the use of the Cone Penetrometer supplied in their TEST SET, SOIL (TRAFFICABILITY) (NSN 6635005241284).

5. Additional soil penetrometers are available through SOILTEST, INC., 2205 Lee St, Evanston, IL 60202. Two particular models with possible application are the Pocket Penetrometer Model CL-700 and the RM 165 Geostick.

SOILTEST DIRECT READING

POCKET PENETROMETER

for CLASSIFICATION of SOILS

POCKET PENETROMETER MODEL CL-700

Shipping weight: 1 pound

Net weight: 8 ounces

The SOILTEST Pocket Penetrometer greatly reduces the human element in classification of cohesive types of soils. Using the penetration principle, it is extremely practical in evaluating the shearing strength of soil on field exploration or construction sites and in preliminary laboratory studies.

The principle and accuracy of the SOILTEST Pocket Penetrometer have been proved by over ten years of use. Thousands of Pocket Penetrometers are in use throughout the world, giving testimony to the usefulness and acceptance of this instrument. In fact, many organizations have supplied all of their field and laboratory engineers with the SOILTEST Pocket Penetrometers to insure uniformity in soil classifications.

DEVELOPMENT:

The penetrometer was originally developed for use by field engineers in checking visual classifications of soils. SOILTEST compiled data on several thousand unconfined compressive strength tests of silty clays and clayey soils against the penetrometer reading to develop the penetrometer scale.

In classifying soils by consistency, a close relationship exists between the penetrometer reading and the soil type.

The Pocket Penetrometer is an aid to uniform classification of soils; it does not replace field and laboratory testing and analysis.

Rugged — Direct-Reading

The new design of the Pocket Penetrometer features a light-weight case and handle assembly and a polished and ground steel loading piston. The direct reading scale is etched into the piston barrel for permanence.

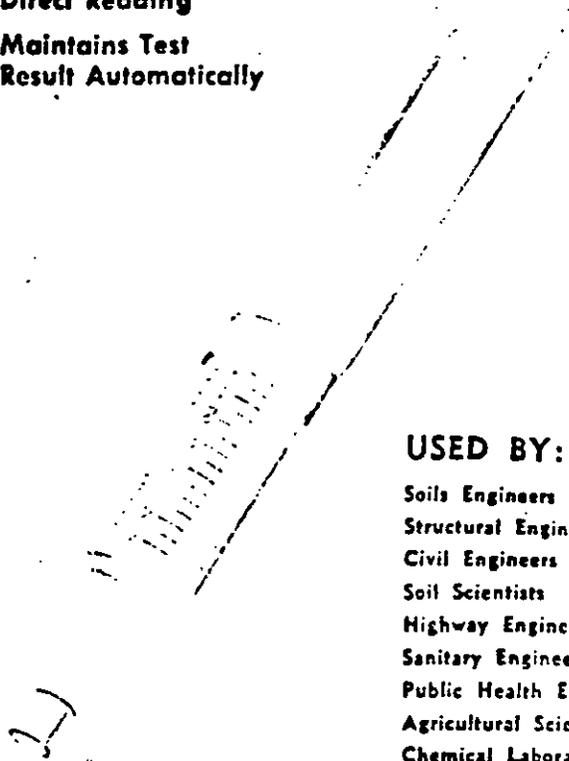

The calibrated spring is heat treated and plated for rust resistance. The complete penetrometer weighs only 7 ounces (213 grams); the diameter is 3/4 inches and the length 6 inches. Supplied with a plastic carrying case with belt loop.

OPERATION:

The technique of operation is extremely simple. Push the piston into the soil up to the calibration groove (machined on the piston 1/4 inch from the end). The penetration reading is shown on the scale by the indicator sleeve which automatically holds its position after the piston is released. The scale on the new Pocket Penetrometer is direct reading in Tons per Square Foot or Kilograms per Square Centimeter. Unconfined Compressive Strength.

- Rast
- Economical
- New Design
- Direct Reading
- Maintains Test Result Automatically

DATA OBTAINED

USED BY:

- Soils Engineers
- Structural Engineers
- Civil Engineers
- Soil Scientists
- Highway Engineers
- Sanitary Engineers
- Public Health Engineers
- Agricultural Scientists
- Chemical Laboratories

TYPICAL USES:

- Checking failure or slide areas.
- Checking degree of soil compaction.
- Evaluating chemical solidification of soils.
- Checking soil strata to determine pile lengths.
- Classifying soils at boring or construction sites.
- Correlating field and laboratory compaction studies.
- Correlating unconfined compressive strengths of soils.
- Analyzing consistency of soils for agricultural purposes.
- Verifying classification of boring samples in the Laboratory.

CL-175 SOIL CLASSIFICATION SET

A specially designed set for use in both the field and laboratory. The CL-175 includes indicator instruments for rapid testing of soil penetration, shear, gradation of sands, and density of cohesive soils. All items come in light weight carrying case with tray. CL-175 includes:

- CL-700 Pocket Penetrometer
- CL-701 Foot Adapter for Low Shear Strength
- CL-600 Vane Adapter, Sensitive
- CL-604 Torvane Shear Device
- CL-602 Vane Adapter, High Capacity
- A-26 Soil Color Chart
- A-27 Clay Color Chart
- A-28 Tropical Color Chart
- A-17 Sand Grading Chart (see Page 22)
- CN-940 Elv. Volumeter for Density
- CL-180 Carrying Case with Tray

All these indicator instruments can provide useful data in the field and the laboratory. However, they are not intended as substitutes for more complete testing procedures.

CL-701 1" diameter foot adapter for CL-700 Penetrometer. For low shear strength soils.
Shipping weight: 7.5 lbs. (3.4 kg) Net weight: 4.75 lbs. (2.15 kg)

CN-970 PROVING RING PENETROMETER

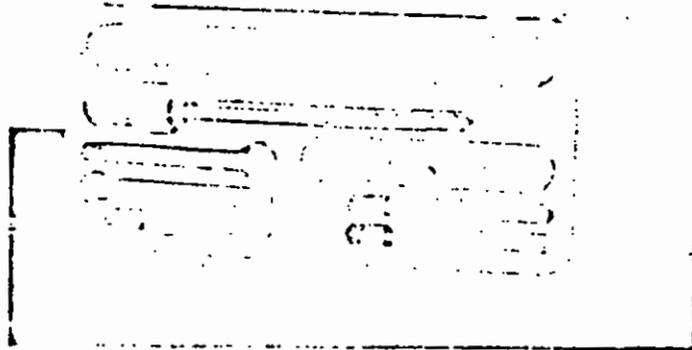

The Proving Ring Penetrometer is a cone type penetrometer which is used for the determination of bearing capacity of subgrades or for compaction control. The penetrometer also serves as a rapid means for determining the penetration resistance of soils in shallow exploration work.

To determine the penetration resistance at the soil surface of desired depth, the penetrometer is firmly pushed into the soil at a uniform rate. When the top of the penetration cone is reached, the proving ring dial is read. The corresponding penetration load can be determined from the calibration chart supplied with the proving ring. Readings are easily made since the proving ring dial indicator is equipped with a maximum load pointer.

The penetrometer is lightweight and compact and is supplied with a handle and a three foot extension. The single proving ring has a capacity of 250 pounds. The extension rod is graduated every 6 inches. The cone points are removable and easily replaceable.

Shipping weight: 25 pounds. Net weight: 12 pounds.

CN-970

CN-433

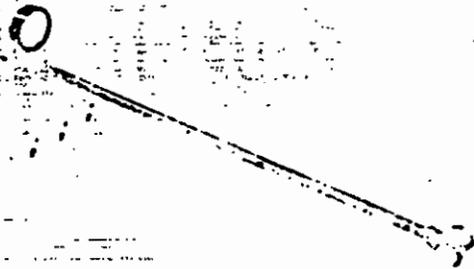

CN-419 PROCTOR PENETROMETER, BASIC SET

The penetrometer consists of a special calibrated spring dynamometer with a pressure scale on the stem of the handle. The pressure scale is calibrated to 150 pounds in one pound subdivisions. There is a major division at each 10 pound interval. A sliding ring on the stem indicates the maximum load obtained in the test.

The standard penetrometer is supplied with interchangeable needles having end areas of 1/20, 1/10, 1/4, 1/2, and 1 sq. inch. Complete and ready to operate. Includes a sturdy carrying case with individual compartments.

Model meeting ASTM requirements for sizes of needles is listed below.

Shipping weight: 18 pounds. Net weight: 8 pounds.

CN-988

CN-988 TVA PENETROMETER

The TVA Penetrometer has been widely used in analyzing compacted fills. It is used in the same manner as the conventional soils penetrometer. The penetration readings are taken on a hydraulic gage reading 0 to 200 pounds total load. Penetration readings are correlated with laboratory data in the usual manner.

The device operates on the principle of a closed hydraulic system and bellows arrangement. All parts are sealed to prevent entry of dust and dirt. Easy to use and to maintain. The penetrometer is supplied complete and ready to operate. Four needles having 1/20, 1/10, 1/5 and 1/3 square inch areas are included.

Shipping weight: 25 pounds. Net weight: ... pounds.

CN-433 PROCTOR PENETROMETER ASSEMBLY

ASTM D-1558

This assembly complies with the requirements of the ASTM specification noted above. Supplied with Penetrometer assembly and seven needles: 1, 3/4, 1/2, 1/3, 1/5, 1/10, and 1/20 sq. in. end areas. All other specifications same as CN-419.

Shipping weight: 19 pounds. Net weight: 8 pounds.

Spare Penetration Needles for CN-419 and CN-433

Model Number	Needle Size sq. in.	Model Number	Needle Size sq. in.

CN-419-5	1/2	CN-419-13	3/4

RM-165 GEOSTICK

The new Geostick[®] is a combination long-handle, soft-rock geologist's hammer, surface cone penetrometer and a soil sampler. It can also be used as a walking stick. Overall length is 34". It carries four 1 1/4" O.D. by 6 inch long sample tubes and eight caps. The cone penetrometer has a range of from 69.5 to 5560 psi bearing pressure.

Its geologist's hammer can be used for sampling rock formations and mineral deposits. It has a chisel point and extra-long handle. Hammer end is chrome-plated, forged steel. The easy-to-read penetrometer chart is imprinted on the side of the aluminum handle. A steel shoe is fitted on the bottom of the Geostick for soil sampling.

Shipping weight: 4 pounds. Net weight: 2 1/2 pounds.

MEMORANDUM FOR THE RECORD

SUBJECT: Proposed SR-71 Leaflet Capability (6) G

On 26 June 1980, I contacted Lockheed ADP (SR-71/U-2 Program Manager) and requested a feasibility study, cost estimate and schedule, for an OSD proposal to equip the SR-71 with a leaflet dispensing capability. I further advised Lockheed that the capability was under active consideration at a very high level and their estimate should reflect a schedule that carries the highest possible corporate priority.

On 9 July 1980, [REDACTED] provided me with the following information:

- The capability is certainly achievable but requires surprisingly complicated modifications
 - Close tolerances required in the canister and door
 - Design must be capable of withstanding high temperature environment
 - Large force required to ensure that the package penetrates the boundary layer and clears the aircraft
- Description
 - System would be designed for internal installation in the existing TROC camera bay
 - Would be capable of dispensing approximately 10,000 leaflets
 - System would be activated by air-charged initiators and powered by 1000-lb force actuators
 - Total of four systems would be built
 - Two systems would be flight-tested
 - Two systems would be available for operational use
- Cost and Schedule
 - Lockheed would design, develop, modify one aircraft, install, flight test, and deliver system in 12 weeks using the highest possible priority
 - Cost \$2.2 million

MEMORANDUM FOR DIRECTOR, JOINT RECONNAISSANCE CENTER

Subject: SR 71 Mission Request

1. (U) (TS) Request consideration be given to conducting several SR 71 surveillance missions of the Persian Gulf during the next 3-6 weeks.
2. (U) (TS) Purpose of mission is to determine locations of major oil rig concentrations and typical flow pattern of Gulf shipping to assist in selection of low level air penetration routes.
3. (U) (TS) Recognize that missions could raise Soviet/Iran/ME speculation; however, given irregular scheduling, direct association with any US military planning will probably be low. On the other hand, periodic SR 71 missions would provide "reason" for increased tanker support in the area prior to the execution of any US military contingency action.

10 MAY 1980

SUBJECT: HOSTAGE LOCATION ASSESSMENT

ALTHOUGH THIRTEEN CITIES/TOWNS HAVE BEEN MENTIONED AS HOSTAGE LOCATIONS, THIS NUMBER IS DEEMED EXCESSIVE. IT IS PROBABLY THE RESULT OF SOME PURPOSEFUL DECEPTION COMBINED WITH THE SPREAD OF RUMORS AND SPECULATION.

IN THE PAST THE MILITANTS, CLERICS, AND IRANIAN OFFICIALS HAVE EMPLOYED MISLEADING STATEMENTS AS A MEANS TO ENHANCE SECURITY MEASURES REGARDING THE HOSTAGES. IN ADDITION, THE ACTUAL SECURITY PROCEDURES FOR HANDLING THE HOSTAGES AND KNOWLEDGE OF THEIR SPECIFIC LOCATION HAVE ALWAYS BEEN RIGIDLY CONTROLLED BY THE MILITANTS. THROUGHOUT THE HISTORY OF THE HOSTAGE SITUATION THE MILITANTS HAVE BEEN EXTREMELY RELUCTANT TO LOSE OR SHARE CONTROL OF THE HOSTAGES WITH ANY EXTERNAL ENTITY.

THIS OFFICE BELIEVES IT IS HIGHLY IMPROBABLE THAT ALL THE HOSTAGES HAVE BEEN RELOCATED. IT IS EQUALLY IMPROBABLE THAT DISPERSION, IF IT HAS OCCURRED, WOULD BE AS WIDE AS ADVERTISED.

BC
[REDACTED] RECOMMEND THE FOLLOWING HOSTAGE LOCATIONS BE ACCEPTED FOR PLANNING PURPOSES:

BC
[REDACTED]

THE JOINT STAFF

MEMORANDUM FOR MAJOR GENERAL VAUGHT

Subject: Perot Meeting 6 May 1980

1. During the course at a three and half hour discussion with Mr. Perot, the following support actions were suggested as possible by Mr. Perot. The first two are unilateral private citizen actions that Mr. Perot will be undertaking in the near future.

2. All the other actions would be taken as a private business person but only after Mr. Perot had received the concurrence of a senior government official such as Dr. Brown that the project or projects are essential. The list of projects/capabilities that were ventured by Mr. Perot:

a. College education for children of the deceased in the name of the rest of the force.

b. Family financial support fund to permit relatives of the hostages to travel and engage in private diplomacy and/or public appeals on a coordinated basis.

c. [REDACTED]

d. [REDACTED]

e. [REDACTED]

f. [REDACTED]

g. [REDACTED]

h. [REDACTED]

3. Mr. Perot advised that he would call Friday afternoon (9th May) to arrange a follow on meeting if any of these ideas seemed useful.

G

[REDACTED]

~~TOP SECRET~~

~~CONFIDENTIAL~~

INTERIM NON-VIOLENT OPTIONS

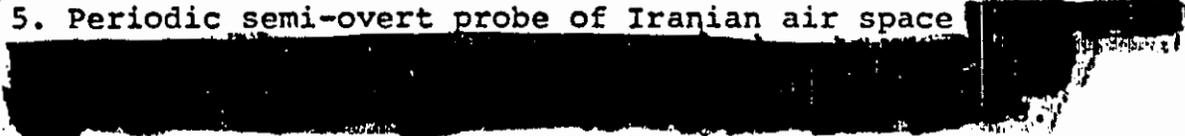

1. Intiation of rumor campaign that some hostages have been killed, kidnaped by dissident elements, escaped with the help of Royalists. U.S. could call for accountability by IRC.

2. Overflight leaflet drop stating case for release of hostages and restatement of U.S. military capability and examples of the restraint that have been applied to date.

3. Interdiction of Tehran power grid by use of carbon filament chaff drop (this could be accomplished in conjunction with above or separately).

4. Supersonic overflight by SR 71 accompanied by detonation of photo flash bombs over selected Iranian military, government, and Industrial facilities.

~~(A)~~ 5. Periodic semi-overt probe of Iranian air space

~~TOP SECRET~~

~~CONFIDENTIAL~~

~~TOP SECRET~~

PROSPECTIVE TIMING CONSIDERATIONS

Recognizing the following timing factors recommend that for planning purposes the 3rd and 4th weeks of June be considered the next opportune operational window.

FACTORS:

- It will probably take in excess of 30-40 days to properly reconstitute the forces, develop perfect and train for a new concept.

B, C [REDACTED] and an equivalent time span for the in-country environment to stabilize to a point whereby Iranian reactions are again predictable.

- Based upon current projections the Iranian Parliament can be expected to convene the 2nd week of June at the earliest, with a decision to either consider the hostage issue early on or put it off to be announced by the 3rd week of June.

~~TOP SECRET~~

INFILTRATION POSSIBILITIES

A.

[REDACTED]

NOTE: These three actions would be totally independent and used to check each other.

B. Logistic Support Structure

A [REDACTED]

A [REDACTED]

1. Main Force Elements:

A - Long Range Insertion will most probably be accomplished by fixed wing aircraft; transporting personnel, vehicles and possibly [REDACTED] during vehicle egress). Insertion may have to be time/distance phased. (i.e., Main Force landed w/vehicles within 90 minutes driving time from objective. Extraction/covering force landed at

more distant location (approx 75 NM). The extraction/cover force arriving in time to provide extraction lift and/or top cover during vehicle movement to extraction location. The extraction air head which might be either the force insertion [redacted] or a closer location.

- For shorter range infiltration [redacted], a combination of helicopters and pre-positioned vehicles might be appropriate.

CLOSURE OPTION

Principal closure options revolve around the use of ground vehicles. Indigenous civilian vehicles will be the least conspicuous for use by RECON/blocking/and support elements. Closure of main force would in most cases be made using larger vehicles (vans, or trucks; either commercial or military, or armored cars).

Extraction.

Although military air is the most controllable and theoretically the most reliable, two other means are worth consideration if for nothing more than emergency alternates and/or diversions - These are: (a) [redacted]

HARDLINERS THAT IT IS IN THE BEST INTEREST TO RELEASE THE HOSTAGES,) THEN THE ATTRACTION OF PROLONGING THEIR CAPTIVITY UNTIL 4 NOVEMBER WILL GROW AS THAT DATE TAKES ON A SYMBOLIC AND PSYCHOLOGICAL VALUE...

REVOLUTIONARY IRAN WAS ABLE TO HOLD THE GOVERNMENT OF THE UNITED STATES, THE GREAT SATAN, HOSTAGE FOR A YEAR. BEFORE ACCEPTING THIS SCENARIO AS THE BASIS FOR FUTURE PLANNING IT IS ESSENTIAL TO HIGHLIGHT TWO CONDITIONS OVER WHICH WE HAVE NO CONTROL THAT COULD UNEXPECTEDLY PUT THE HOSTAGES IN HIGH RISK.

A. THE FIRST OF THESE WOULD BE THE UNEXPECTED DEATH OF KHOMEINI, PARTICULARLY IF HIS DEATH WAS THE RESULT OF A REAL OR ALLEGED ASSASSINATION ATTEMPT. IF THIS WERE TO OCCUR, EMOTIONS WOULD RUN HIGH AND SHORTLY AFTER THE INITIAL THREE DAYS OF MOURNING, THE HOSTAGES COULD BECOME THE TARGET OF REVENGE.

B. THE SECOND POSSIBILITY, FAR LESS LIKELY BUT STILL A POSSIBILITY, WOULD BE THE IMMERGENCE OF AN ARMED COUNTER-REVOLUTIONARY MOVEMENT IN TEHRAN WHICH WAS VISITED BY THE CLERICS AND MILITANTS AS A THREAT TO THEIR CONTROL OF THE HOSTAGES.

FURTHER. NOW TO ONGOING AND FUTURE INTELLIGENCE ACTIONS I WILL COVER THESE BY TIME SEQUENCE FROM PRESENT ONWARDS.

b. (TS/CW) There is also the possibility of obtaining

[REDACTED]

This effort is targeted to begin on a coordinated basis in early June.

c. (U) When it was learned that the Iranians might be attempting to block runways of the airfields that could be used in a rescue attempt, the JTF initiated action to investigate the feasibility of an SR-71 overflight using high resolution radar to define obstructions. If found to be feasible, a mission would be planned to occur after 14 July.

d. (TS) Recognizing that

[REDACTED]

[REDACTED] would face a similar problem in SNOWBIRD, the JTF initiated a personnel search of active duty and retired DOD personnel with foreign language, intelligence, or special operations background for possible use. To date, more than [REDACTED] records have been screened, [REDACTED] individuals interviewed, and [REDACTED] nominated to [REDACTED]. This effort is continuing.

4. (TS) Forecast

[REDACTED]

[REDACTED] we believe the situation is entering a new phase in which we may see release of some hostages within the next 30 days.

However, we do not see the release of all or even a majority of the hostages prior to the first anniversary of the Embassy take over. Of continuing concern is the possibility that the hostages' lives could be put at a risk if Khomeini were to die unexpectedly, and an assassination was alleged, or if one of the exile groups initiated armed dissident activity in the capital which was viewed by the militants and the clerics as a major threat to their control of the situation. Recognizing these possibilities, it is absolutely essential that a maximum effort [REDACTED] define their security conditions, and establish an in-country support structure continue.

19 May 1981

SUBJECT: Historical Coverage of Iran Rescue Attempt

TO: JCS/J-3

1. This office is in the final stages of the preparation of our CY 1980 command history. To date we have not been able to get any information on SAC participation in the Iran rescue attempt of April 1980.
2. When the event occurred it was evident to us from the current disposition of our aircraft that SAC air refueling elements were involved. In September 1980, at the direction of the Chief of Staff of the Air Force, congratulatory letters were issued to several SAC units that had participated in some way.
3. Request this office be given access to whatever documents and information are available on what SAC was tasked to do in the hostage rescue attempt. We would like to put such information in our annual history which is Top Secret/Restricted Data. If you would like, we could put it in a special access supplement.

MEMORANDUM FOR COMMAND HISTORIAN, OFFICE OF THE HISTORIAN
STRATEGIC AIR COMMAND

Subject: Request for Historical Data (U)

(U)
(C) Appreciate your desire to include data on SAC participation (in the Iran rescue attempt) in the SAC Command History. However, due to the unique nature of many of the tactics, techniques, and equipment that were used and their continuing value to future operations, your request for access must be denied.

Handwritten signature of Philip C. Gast in cursive.

REPLY TO
ATTN OF: HO

19 May 1981

SUBJECT: Historical Coverage of Iran Rescue Attempt

TO: JCS/J-3

1. This office is in the final stages of the preparation of our CY 1980 command history. To date we have not been able to get any information on SAC participation in the Iran rescue attempt of April 1980.
2. When the event occurred it was evident to us from the current disposition of our aircraft that SAC air refueling elements were involved. In September 1980, at the direction of the Chief of Staff of the Air Force, congratulatory letters were issued to several SAC units that had participated in some way.
3. Request this office be given access to whatever documents and information are available on what SAC was tasked to do in the hostage rescue attempt. We would like to put such information in our annual history which is Top Secret/Restricted Data. If you would like, we could put it in a special access supplement.

JOHN T. BOHN

REMARKS

- (U)* On 27 May, J-3 tasked SOD to draft reply to SAC Historian request for data on SAC tanker involvement in the Iran Rescue Attempt.
- (U) Facing letter forwards a sanitized and abbreviated summary of tanker involvement (extracted from the OPG/Air Staff After Action Report) to Air Staff for transfer to SAC.
- (U) Recommend J-3 approve and sign the forwarding letter.

MEMORANDUM FOR RECORD

Subject: SAC Support to Project RICEBOWL (S)(U)

1. (S)(U) CINCNSAC, as a supporting commander, provided air refueling support to the Commander, Joint Task Force, through a designated tanker task force commander.

(a) (S)(U) For training and deployment operations, the HQ SAC Tanker Single Manager's Office maintained firm control designating task force commanders when required and providing a member of the SAC staff on-scene for continuity of efforts.

(b) (S)(U) For mission operations, the overall tanker task force commander was located at the forward deployment site. Subordinate to him and located at [redacted] was a deputy task force commander responsible for operations from that site.

E

2. (S)(U) Administration: Administrative procedures included back channel SSO message traffic and secure telecon taskings. No administrative problems were encountered.

3. (S)(U) Intelligence: Intelligence gathering activities for the air refueling portions of the mission were primarily centered at JCS (DIA) and HQ SAC; no unit involvement occurred. Of prime concern, from a tanker point of view, was refueling undetected. During the course of planning, intelligence data was integral to determining air refueling tracks and altitudes. These flight characteristics were further refined at the forward deployment site on the day preceding the mission to incorporate the most current information.

4. (S)(U) Operations Security: Operations security was paramount throughout the planning, training and execution phases of the mission including logistic buildup at the forward deployment site. The primary contributors to operations security were the limited number of people knowledgeable (trusted agents), and the direct involvement of the HQ SAC tanker staff for each mission, and the unobtrusive manner in which each mission was handled.

CLASSIFIED BY: Director, J-3
DATE FOR () DECLASSIFICATION
OR (X) REVIEW

EXTENDED BY: Director, J-3
REASON: 5200.1R 2-301c 5&6

OK

(1) (S) The trusted agent system was utilized throughout. Even as trusted agents, individuals were only knowledgeable on that portion of the mission which included air refueling.

E (2) (S) In the deployment phase, aircrews were not briefed until just prior to the mission and all paperwork was confiscated upon landing. For employment, crews were not briefed on the mission until arrival at the forward deployment site and [REDACTED]

(U) 5. (S) Training: Air refueling training for this mission included standard boom refueling for C-130 series aircraft and probe and drogue refueling for Navy fighter aircraft. Approximately 500 tanker missions (3000 hours) were flown in the November 1979 to April 1980 time frame by approximately 100 different tanker crews from 15 different locations around the world.

E (U) 6. (S) Actual Activity: Nine KC-135s were launched on 24 April for direct mission support. Seven tankers from [REDACTED] and two from the forward deployed site. The [REDACTED] KC-135s remained in their orbits to provide extended on-station time and fuel availability. However, they were not used. The two forward deployed tankers, one standard and one ART, were launched from strip alert status to provide refueling support for possible Navy RESCAP activity. The standard tanker refueled the ART and recovered. The ART tanker proceeded to the area of CTF-70, and remained until fuel reserves required him to recover at [REDACTED]. This tanker also was not used.

(U) 7. (C) From a pure "accomplishment point of view", the confidence factor for SAC tanker support reached a high level by the first week of December 1979 and remained there throughout the crisis.

~~CONFIDENTIAL~~

A-503

~~TOP SECRET~~

SAC KC-135 HISTORICAL SUMMARY

PART I Chronology

1. (TS) Preliminary planning for AC/MC-130 options requiring air refueling support began on 8 November 1979. Initially a variety of deployment routes and beddown locations were looked at from a tanker support point of view. The prime limiting factor from the onset and throughout a multitude of planning iterations was the limited KC-135 offload capability at distance ranges. For this reason, the air refuelable tankers (ART's) were planned for deployment/employment support. Within the first week of planning, the AC-130's supported by twelve KC-135's, deployed non-stop to [REDACTED]. Further deployment to [REDACTED] and employment scenarios were planned and five ART's deployed to [REDACTED] and [REDACTED] to provide support, if executed. The total tanker support package for 2 AC-130's employing from [REDACTED] was 10 KC-135's. Base parking and fuel pumping capability approached its maximum. Several [REDACTED] MC-130 options were also in the planning stages which called for additional tanker support from [REDACTED]. The missions were preliminarily planned from [REDACTED] however, tanker base loading prohibited employment of sufficient mission aircraft. Maximum base loading for KC-135's was established at fifteen and it required 10 KC-135's to support either 2 AC-130's or 2 MC-130's. Planning continued and MC/AC-130 operations shifted to [REDACTED] basing for employment, first [REDACTED]. Deployment/employment planning for these aircraft was accomplished before November's end with the [REDACTED] tanker support package reaching 16 KC-135's. Aside from AC/MC-130 support options in November, 31 KC-135's provided air refueling support to the four C-5's carrying the helo's to [REDACTED].

2. (TS) During the remaining months, many iterations to the employment plan were made. The size of the tanker package was of definite concern in maintaining a low visibility and in arriving at a supportable plan at [REDACTED]. All avenues were explored in attempting to reduce the size, to include alternate tanker basing, which was discarded. The basic plan for [REDACTED] operations from December through the first of April called for 9 KC-135's on night one and fourteen on night two. Air refueling training activities during this period utilized this employment scenario.

Classified by DDO NMCC
22 Jul 92
Declassify on: OADR

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

~~TOP SECRET~~

3. (TS) The final plan eliminated air refueling requirements altogether on night one from [REDACTED] but added a requirement for 4 KC-135's from [REDACTED] to possibly refuel the EC/MC-130 aircraft if they were low on fuel during egress. The night two tanker package at [REDACTED] was reduced to 11 KC-135's and was based upon employing 2 MC-310's and 3 AC-130's. As mission aircraft moved in place, MC-130 mission aircraft were increased to 3 and then 4 aircraft for night two. One additional MC-130 could be accepted in the tanker plan without additional KC-135's. However, the second add-on required that one of the two spare tankers be utilized as a primary mission aircraft. Also during this time frame, a Navy TF-70 TACAIR air refueling requirement entered the planning stages which called for KC-135 support on both nights. A vigorous air refueling training program commenced on 18 April and was supported by [REDACTED] tankers. The mission refueling requirements increased the [REDACTED] tanker support package from 4 to 7 KC-135's, two of which were ART's.

Part II KC-135 Deployment/Employment/Redeployment Operations

A. Deployment Operations.

1. (TS) KC-135 deployment operations consisted of base buildup at [REDACTED] deployment refueling support of mission aircraft, and establishment of Tanker Task Forces at [REDACTED]

(a) (TS) To increase the aircraft footprint at [REDACTED] a total of seven KC-135's were deployed from [REDACTED] between 14 and 16 April. Two aircraft redeployed to [REDACTED] on 17 April. Four aircraft were replaced by mission task force KC-135's, while one aircraft remained at [REDACTED] to be part of the task force.

(b) (TS) Deployment refueling support for EC/MC/AC-130 aircraft was provided by twenty-three KC-135 sorties from Pease AFB. [REDACTED]

[REDACTED] Refueling support activity is summarized as follows:

~~TOP SECRET~~

2

~~CONFIDENTIAL~~

DATE	#/TYPE ACFT	FROM	TO	TANKER BASE	#TANKERS
15 Apr	3/MC-130s	[REDACTED]	[REDACTED]	[REDACTED]	3 3
19 Apr	1/MC-130	Hurlburt	[REDACTED]	Pease	1
19 Apr	1/MC-130 3/EC-130	Hurlburt	[REDACTED]	Pease	2
20 Apr	1/MC-130	Hurlburt	[REDACTED]	Pease	1
21 Apr	1/MC-130	Hurlburt	[REDACTED]	Pease	1
21 Apr	2/AC-130	Hurlburt	[REDACTED]	Pease [REDACTED]	2 2 2
22 Apr	2/AC-130	Hurlburt	[REDACTED]	Pease [REDACTED]	2 2 2

(c) (S) To protect operations security, HQ SAC trusted agents were at Pease and [REDACTED] to coordinate requirements for the Atlantic area. Tanker crews and unit planners were given only the minimum required air refueling information, and were not aware of the receivers launch base, destination, or specific - 130 type.

(d) (S) Due to the uniqueness of the AC/MC-130 employment air refueling rendezvous planned from [REDACTED] only crews which had practiced with the AC/MC-130s at [REDACTED] or during dress rehearsals were selected for the [REDACTED] Tanker Task Force. Aircraft and crews began staging from Plattsburgh (five standard tankers/six crews) and Grissom (five ARTs) on 18 April to [REDACTED] and were all in place at [REDACTED] by 22 April.

(e) (S) Four standard KC-135 and crews were in place at [REDACTED] when deployment was directed. These were augmented by an additional standard tanker and crew and two KC-135 ARTs and four ART qualified crews. All aircraft and crews were in place by 23 April.

(f) (S) It is noteworthy that the seven air refuelable tankers at [REDACTED] represented SACs entire ART capability - of nine total aircraft, two were in PDM, the other seven deployed.

B. Employment Operations

1. (TS) On 23 Apr, there were eighteen total tankers in place at [redacted] to support this mission. At [redacted] there were five ARTs (Air Refuelable Tankers) and six standard tankers (non-air refuelable); [redacted] had two ARTs and five standard KC-135s.

Planning:

(a) (TS) For the first night, the final plan required seven tankers to launch from [redacted] for possible air refueling of EC-MC-130 aircraft and CTF-70 TACAIR. Actual refueling was only to be accomplished if MC-EC-130s were low on fuel during egress, or if Navy TACAIR had launched. Because of the transit time from [redacted] to the air refueling areas, the night one tankers were required to launch before firm refueling requirements could be established. [redacted] was to have drogue-configured KC-135s on strip alert for contingency support of Navy TACAIR.

(b) (TS) The second nights planned activity included ten tankers launching from [redacted] for refueling support of AC/MC-130 ingress/egress operations. Three tankers were planned from [redacted] to support Navy TACAIR refueling. Sustained support for the Navy, if required, was to be provided by [redacted] tankers as they recovered from AC/MC-130 support and were regenerated to launch status.

Actual Activity.

(TS) There were nine KC-135s launched on 24 April for direct mission support. The seven planned tankers launched from [redacted] as well as two strip alert KC-135s from [redacted]. The [redacted] KC-135s, two of which were ARTs, remained in their orbits for extended on-station time and fuel availability. However, they were not used. The two [redacted] tankers, one standard and one ART, were launched from strip alert status to provide refueling support for possible Navy RESCAP activity. The standard tanker refueled the ART and recovered at [redacted]. The ART tanker proceeded to the area of CTF-70, and remained until fuel reserves required him to recover at [redacted]. This tanker also was not used.

~~CONFIDENTIAL~~

~~TOP SECRET~~

Redeployment Operations:

(S) After mission termination, [REDACTED] KC-135s redeployed from 27-29 April, staging through [REDACTED]. The [REDACTED] augmentees redeployed on 28 Apr, supporting the [REDACTED] MC-130s enroute. Four KC-135s remained at [REDACTED] for a continued presence. The following KC-135 support was provided for AC/MC/EC-130 redeployment.

DATE	#/TYPE RCVR	FROM	TO	TANKER BASE	#TNKRS
26 Apr	2/AC-130	[REDACTED]	[REDACTED]	[REDACTED]	2
27 Apr	2/AC-130	[REDACTED]	[REDACTED]	[REDACTED]	2
27 Apr	2/AC-130	[REDACTED]	Hurlburt	Seymour Johnson Pease	2
28 Apr	2/MC-130	[REDACTED]	Hurlburt	Griffiss	3
28 Apr	3/MC-130	[REDACTED]	[REDACTED]	[REDACTED]	4
28 Apr	2/AC-130	[REDACTED]	Hurlburt	Seymour Johnson Pease	2 1

PART III Assessment of Tanker Capability to Support Assigned Mission:

(U) From a pure "accomplishment" point of view, the confidence factor for SAC tanker support for all options began at and remained at a very high level (100%). The confidence factor to accomplish assigned tasks in a covert environment, maintaining radio silence, etc., reached a high level in early December for the AC-130's after many face-to-face briefings and training sorties utilizing the special radio out rendezvous and refueling procedures. The covert accomplishment confidence factor for the MC/EC-130s reached a high level in the mid-January time frame, after these procedures were briefed to the participating aircrews. Navy refueling procedures were standard and in accordance with existing regulations.

TOP SECRET

~~CONFIDENTIAL~~

PART IV Lessons Learned

1. (u) (S) All employment options were very tanker dependent, and in many cases, due to range or loiter time required, the standard KC-135 was either not adequate or required in large numbers. The need exists to improve air refueling capability at long ranges.

(a) (u) (S) Could only employ 2 AC-130s or 2 MC-130s from [redacted] because of tanker (and ramp space) limitations.

(b) (u) (S) Could not have employed any AC-130 from [redacted] without the use of the air refuelable tanker

(c) (u) (S) Could not have supported the time on station and offload requirements for TF-70 TACAIR aircraft on night one without the ART from [redacted]

(d) (u) (S) Could not have launched a standard tanker from [redacted] on night one to provide extended loiter over TF-70 for possible RESCAP operations (ART was required).

(e) (u) (S) Could not have supported the TF-70 TACAIR night two mission into the Persian Gulf without the ART from [redacted]

(f) (u) (S) Poor tanker takeoff performance capability at [redacted] (short runway/high temperature) generated a large tanker support package.

NOTE: (u) (S) of SAC's nine air refuelable tankers, seven were deployed [redacted]-5, [redacted] and the remaining two were in Programmed Depot Maintenance.

2. (u) (S) Limited basing and inability to overfly Saudi Arabia made employment options for Iran very difficult (simply too far).

3. (u) (S) The secure communications capability of the tanker forces need to be improved.

(a) (u) (S) SAC borrowed KY28 UHF secure units for installation on supporting tankers.

(b) (u) (S) Secure HF capability also required for this mission, but done without. Second night operations called for target

data to be passed in-the-clear on HF to the tanker for relay to escorting Navy TACAIR on secure UHF.

(c) (U) AFSATCOM capability, even as a temporary installation, would also provide the KC-135 with a needed C3 capability in contingency/unconventional operations.

PART V Organization for Combat

1. (U) (S) CINCSAC, as a supporting commander, provided air refueling support to the Commander, Joint Task Force, through a designated tanker task force commander.

E (a) (U) (S) For mission operations, the overall tanker task force commander was located at [redacted] Subordinate to him and located at [redacted] was a deputy task force commander responsible for that portion of the refueling mission.

(b) (U) (S) For training and deployment operations, the HQ SAC Single Tanker Manager's Office maintained firm control designating task force commanders when required and always providing a member of the SAC staff on-scene for continuity of efforts.

A. (U) (S) Administration: Unusual administrative procedures included all back channel SSO message traffic and secure telecon taskings. No administrative problems were encountered; however, portions of the overall effort, to include base buildup actions and early deployments, may be difficult to recapitulate due to the covert manner in which they were accomplished.

E B. (U) (S) Intelligence: Intelligence gathering activities for the air refueling portions of this mission were primarily centered at JCS and HQSAC; no unit involvement occurred. Of prime concern, from a tanker point of view, was refueling undetected. During the course of planning, intelligence data was integral in determining air refueling tracks and altitudes. These were further refined at [redacted] on the day preceding the mission to incorporate the most current information.

E C. (U) (S) Operations Security: The Strategic Air Command held operations security paramount throughout the planning, training and execution phases of this mission and all related efforts of force presence in the area to include base buildup at [redacted] The primary contributors to operations security

were the limited number of people knowledgeable (trusted agents), the direct involvement of the HQ SAC tanker staff for each mission, providing the interface with the tanker task force staff and aircrews, and the manner in which each mission was handled.

(1) ~~(S)~~ (U) The trusted agent system was utilized to the utmost. Even as trusted agents, individuals were only knowledgeable on the portion of the mission which included air refueling. In the deployment phase, aircrews were not briefed until just prior to the mission and all paperwork was confiscated upon landing. For employment, crews were not briefed on the mission until arrival at [REDACTED]. Briefings for all tanker involvement were accomplished by a HQ SAC tanker staff individual having trusted agent status.

(2) (U) (S) Considering that approximately 500 tanker missions (3000 hours) were flown in the November 1979 to April 1980 time frame by perhaps 100 different tanker crews from 15 different locations around the world and that no leaks occurred, the KC-135 staffs, aircrews and ground crews did an outstanding job in preserving the operational security of this effort.

D. (U) (S) Training: Air refueling training for this mission included standard boom refueling for C-130 series aircraft and probe and drogue refueling for Navy fighter aircraft. Both refueling training programs accomplished all objectives and were very successful.

(1) (U) (S) USAF C-130 series aircraft: Due to the unique air refueling requirements of the C-130 series aircraft (low altitude and airspeed) and additional requirements brought about when refueling in a covert environment (night-low light and communications out) special unconventional tactics had to be developed and practiced.

(2) (U) (S) Initial development, refinement and practice occurred in the November-December 1979 time frame when the AC-130's and KC-135 ART's (Air Refuelable Tankers) were deployed to [REDACTED]. During this period, approximately 80 air refueling practice missions and 400 tanker flying hours were flown. Unconventional tactics included air refueling with the flaps down, tobogganing (descending) during the refueling, and special rendezvous procedures. The flaps down/low airspeed air refueling tactics proved to be extremely

effective; 1st SOW/HQ SAC are taking action to formalize and incorporate them into the C-130/KC-135 refueling manuals.

(3) (U) Lessons learned from this training were brought to an air refueling tactics seminar at the Pentagon on 10 January 1980. Participants included representation from the SAC tanker staff, AC/MC-130 planning staff and the JCS planning staff. The purpose of this meeting was to standardize AC/MC-130 air refueling tactics, adapt lessons learned in the Pacific to the proposed MC-130 operations in the Middle East, and to develop an MC-130 training program.

(4) (U) Subsequent to the seminar (15 January), a day/night air refueling training mission was flown with the MC-130 air refueling qualified aircrews at Hurlburt AFB to employ these tactics in a pure training environment. Aircrew and staff face-to-face briefings and debriefings were accomplished. The finalized procedures were those employed on the dressed rehearsals and those to be employed on the attempt. Tanker aircraft from Plattsburgh AFB deployed to Eglin AFB to support the mission.

(5) (U) Three dress rehearsals which included air refueling were accomplished in the late January, February and March time frames. All air refueling missions were accomplished successfully except for the first night of the January exercise. That mission was unsuccessful due to a tanker abort after takeoff and a replacement ground spare tanker not being available. Normally, SAC would have deployed an extra KC-135 to provide backup support; however, air refueling information (offload and timing) did not indicate additional tanker assets were required until late on the day preceding the mission. Additional increases in fuel offload requirements at the pre-takeoff briefing ruled out the possibility of one tanker satisfying all requirements. Throughout the CONUS training effort, approximately 220 tanker flying hours were expended.

(6) (U) Tanker aircraft participating in all practice missions were from Grissom AFB, Indiana and Plattsburgh AFB, New York. Grissom was selected early-on to provide the long range - high offload capability with their air refuelable tankers and Plattsburgh was selected because of the talk-through-the-boom capability of their modified aircraft. Training continuity throughout was insured by the SAC tanker staff, as was the continual availability of qualified aircrews

to support the mission on any given date. Through the close involvement of the SAC Staff, OPSEC was maintained during the entire operation.

E

(7) (S) Navy Fighter Aircraft: A vigorous inflight air refueling training program for Navy pilots attached to the NIMITZ and CORAL SEA commenced on 18 April, with USAF KC-135 aircraft from [redacted] and continued on a daily basis until 23 April. During this period, the majority of F-14 A-6, and A-7 pilots received day and/or night refueling training. In all, more than 150 fighters joined on the tankers, making more than 700 contacts (plugs). A total of eight tanker sorties were flown from [redacted] logging 9 1/2 hours of flying time.

E

(8) Logistics: As a rule, tankers deploy with support personnel, aircrews, bulk equipment, and WRSK aboard to the maximum extent possible. However, some equipment is not transportable on the KC-135 and requires airlift support. Equipment of this nature required for mission support at [redacted] included: three water trucks for demineralized water transportation; one water plant for demineralized water production; and a tug for ground towing operations. A limited amount of the demineralized water capability was moved to [redacted] in December 1979 when the KC-135's first began operations from that location. The remainder of the equipment had been identified for shipment but not moved until March.

E

(1) (S) Fuel storage, transport and pumping capability at [redacted] was insufficient to support the fuel requirements of the mission at the onset of planning. Total fuel requirements varied from 492,000 gallons to 240,000 gallons as the mission changed from a two day operation to a one day operation from that location. To fully meet the most demanding scenario, additional storage, transport and pumping capability was inserted (2 R-14 portable refueling hydrant systems, 4 R-9 refueling trucks, and 4 tractor trailer bulk transfer trucks). This equipment was pre-positioned throughout the course of [redacted] buildup, always working towards satisfying mission requirements.

E

(2) (S) To support KC-135 operations at [redacted] 100 maintenance support personnel were deployed TDY from [redacted] Plattsburgh and Grissom. This included one maintenance officer, 33 crew chiefs (3 per aircraft) and 2 POL specialists for base support.

(3) (U) (S) There were some difficulties early in the buildup identifying and sourcing mobility gear requirements for deploying personnel. These were resolved, however, and by the time of the operation, all SAC personnel had cots, sleeping bags, mosquito nets, etc.

(4) (U) (S) Other Equipment: The KC-135 aircraft selected for mission support were, in themselves, non-standard. The Grissom tankers which deployed (all 7) were the air refuelable tankers and the Plattsburgh tankers had been previously modified with the talk-through-the-boom communications system. Aside from aircraft differences, the following equipment was utilized:

(a) (U) (S) Night vision devices: Obtained for each tanker crew and utilized during training. Verbal reports indicate that they worked exceptionally well, facilitating aircraft rendezvous in a night-low light environment and thus contributing to covert operation accomplishment.

(b) (U) (S) KY28 UHF Secure Communications: Obtained for each tanker. The borrowed units were utilized during the training exercises and the mission and provided secure communications capability for the KC-135.

(c) (U) (S) Palletized VHF communications system: utilized on each of the eleven tankers located at [redacted] VHF radio capability was made available by SAC for Air Route Traffic Control (ARTC) considerations enroute to and within [redacted] air space. Several of the ARTC Centers operate on VHF only and the KC-135 is not currently VHF equipped.

E

(d) (U) (S) Palletized Inertial Navigation Systems (PINS): utilized on KC-135 aircraft which have not yet been modified with permanent installation. Accurate navigational information was required for the type of air refueling rendezvous planned.

MEMORANDUM FOR MG VAUGHT

SUBJECT: OPSEC VIOLATION

1. Following information received from MAJ JAMES H. SCHAEFER, USMC, of the Helo Det.

2. Petty Officer [redacted] (probable spelling) was a member of the Helo Det since its inception. Due to his habit of talking about his classified activities, he was released from the Det approximately during the first week of Dec 1979. He was reassigned to one of the aircraft carriers in the Indian Ocean. He is currently stationed on the USS NIMITZ.

3. While on emergency leave in Jan/Feb, he probably told his wife about his activities in the Helo Det and the mission of that element. [redacted] wife is also known for being somewhat of a gossip.

4. [redacted] wife then told Petty Officer [redacted] wife about [redacted] activities. [redacted] had been a member of HM-16, but he is now a civilian.

5. [redacted] wife then contacted Petty Officer [redacted] wife. [redacted] is a member of the Helo Det who is now undergoing medical treatment and is not an active participant in the Det's activities. [redacted] wife told [redacted] wife about [redacted] activities with the Helo Det. Prior to this time, [redacted] wife had known nothing about her husband's activities with the Helo Det.

6. [redacted] wife then told her husband everything she had been told by [redacted] wife.

7. [redacted] contacted his former [redacted] HEL SEA CONTROL WING #1). [redacted] then wrote to the Opns Officer of HM-16 and informed him that there was apparently a security leak in HM-16 activities.

8. The commander of HM-16 called in [redacted] and read him his rights under Article 31, UCMJ. [redacted] denied any wrongdoing at that time.

9. [redacted] Knowledgeability:

--Helo Det msn (i.e. hostage rescue in Tehran)

--Type helos to be used

--Fact that helos will launch from carriers

--Fact that a desert airdrop of fuel will be used for the helos

--Existence of SFOD-D

--Had been to [redacted]

~~SUBJECT: Iranian Related Violence in U.S.~~

1. ^(U) ~~(S)~~ The following information is based primarily on conversations with FBI authorities involved in investigating Iranian dissident activities in the U.S.
2. ^(M) ~~(S)~~ ~~(NOFORN)~~ Background: Recent events have called into question the possibility of an Iranian directed terrorist campaign being conducted in the U.S.

[REDACTED]

- On 22 July, a former Iranian press attache during the reign of the Shah, Ali Akbar Tabatabai, was assassinated at his home in Bethesda, Maryland. Tabatabai was the leader of the Iran Freedom Foundation, an anti-Khomeini organization.

- On 31 July, another prominent anti-Khomeini Iranian in Los Angeles may have been the intended victim of a shooting incident as described below.

3. ^(U) ~~(S)~~ ~~(NOFORN)~~ Current Situation:

a. ^(U) ~~(S)~~ ~~(NOFORN)~~ The FBI is investigating the 31 July 80 shooting of Kahaili Kaveh in Los Angeles. Information obtained to date indicates Kaveh was sitting in a car in front of the home of Cambyse Shahrails at approximately 2215 hours when he noticed a black male approaching on foot. Kaveh allegedly confronted the approacher who in turn, pulled out a weapon and fired three times. Kaveh was wounded in the abdomen and has been hospitalized.

Not Released to Foreign Nationals

~~SECRET~~

(U)

b. (S//XOFORN) The FBI recognizes that Kaveh could have been the victim of an attempted armed robbery. Robberies in the area of the incident have recently increased to a noticeable extent. Other information developed, however, indicates a possible political motive:

- Kaveh prominently participated in the 27 July 80 anti-Khomeini demonstration in Washington, D.C.

- Shahrakis is reportedly the leader of a newly formed pro-Bakhtiar organization called GAMA (National Front for the Liberation of Iran).

C [REDACTED]

- At a time unspecified but prior to the incident, Shahrakis reportedly received a phone call from a Thompson who claimed to be a member of the U.S. Labor Party. Thompson indicated that he had obtained a copy of a hit list which included Shahrakis's name along with others such as the Labor Party's presidential candidate, Lyndon LaRouche.

(U)
c. (S) The FBI is currently exploring the possibility of a connection or relationship between the Kaveh and the Tabatabai incidents.

(U)
4. (S//XOFORN) Assessment:

a. (S//XOFORN) ~~Due to the paucity of evidence currently available, it is premature to consider these incidents as part of an organized terrorist campaign led by the government of Iran.~~

C [REDACTED]

(U) b. (S//XOFORN) There is no evidence of any terrorist campaign, led by the GOI or otherwise, against U.S. Military personnel in CONUS (or elsewhere). While the possibility cannot be denied, the probability at this time is low.

b. What procedures did they follow to [redacted]

c. What type locks were used to [redacted]

secure [redacted] What type locks were used in the various doors of [redacted]

if only portions please describe

e. What were the normal duty hours for [redacted]

f. Who was present [redacted]

After normal duty hours.

g. What type shifts did guard personnel work, e.g. eight hours shifts? At what times did guard reliefs occur?

h. Were the guards armed? with what weapons?

Classified By: JCS
Declassified ON: DAOR

in [redacted] observations relative to [redacted] of morale etc

j. Did the guards normally remain at [redacted] or did they perform frequent checks throughout the building [redacted]

k. Was the [redacted] equipped with any type alarm system? If so, please describe.

l. Describe exterior lighting of the building at night.

m. Were all floors of [redacted] normally lit at night? The stairway between floors?

n. What was the vehicle and pedestrian flow in the area of [redacted] at night and during daylight hours?

o. What type debris would one expect [redacted]

[redacted] Are vehicles parked in this lot at night? What types?

p. Were sources ever on the roof of [redacted] Were they ever in the [redacted]

q. Are sources familiar with the [redacted]

r. Could sources provide detailed diagrams of the basement or any floors of the [redacted]

s. Do sources know who constructed the [redacted]? Please identify.

1. We are in the process of reviewing our data relative to the [redacted] in finite detail. In this regard, we would like to walk through the [redacted] through the eyes of someone who has had access to the building. For this reason, we felt that a meeting with one or both of the [redacted] now in California may be very beneficial. The type data we propose to discuss if this meeting(s) was held are as follows:

- a. Locations of [redacted] as well as colours
- b. Locations of heating/cooling ducts
- c. Locations of lights and switches
- d. Details of [redacted] is stairwell from first floor to [redacted]. It appears that this structure may be more than a [redacted] due to its size, i.e. [redacted]
- e. Any information concerning pedestrian/vehicle movement in the area of the [redacted] during day/evening/night
- f. Location of fire extinguishers/hoses
- g. Location(s) where vehicles of [redacted] and [redacted] vehicles are parked during periods personnel are inside the [redacted]
- h. Any details of vehicle/pedestrian traffic along south side of [redacted] building.

~~TOP SECRET~~

i. Type debris, if any, found in [REDACTED]

j. Details concerning shift changes, particularly guard personnel

k. Security practices, e.g. frequency of guard inspections of building, patrol of [REDACTED]

l. Lighting habits at night, i.e. what lights are normally on at night on each floor

m. Security devices in building, e.g. locks, bars, alarms, lights, etc.

2. These are the major areas proposed for discussion. We feel that the walk through of the building will surface additional subjects for discussion. These discussions could provide our personnel responsible for [REDACTED] with the most realistic feel of the building possible short of physically gaining access to the [REDACTED]

3. Additionally, we are interested in any details [REDACTED] may provide concerning the [REDACTED]. It appears to be a [REDACTED]

There are two features of this structure, however, that suggests the structure may serve another purpose. One is the size of the structure. It is [REDACTED]

Secondly, there is a [REDACTED] from this structure. [REDACTED] needed consideration this structure is as follows: ~~TOP SECRET~~

a. Does this structure serve any purpose other than a [redacted] Please provide details.

b. Is the [redacted] of the structure a [redacted] or does it serve any other purpose? If so, please explain.

c. How is this structure lit? Where are the light switches?

d. Does any [redacted] enter or exit this structure? Where?

4. We have reviewed [redacted] comments concerning access to the [redacted] floor from the roof and are most appreciative. We are now considering the [redacted] as an attractive alternative for [redacted]

Consequently, we need any details he can provide concerning its construction. Pertinent aspects of construction are:

a. What material was used in the construction of the roof of this structure? How thick is the roof? Is there any type of false ceiling in this structure? Describe. What color is the ceiling?

b. How thick are the walls of the structure. Are the interior walls finished? What color?

c. Are there power lines in the structure. Are they in conduit or is the power cable attached to the walls. How many lights are in the structure?

d. If possible, provide a diagram of the structure.

C 5. We are contemplating [REDACTED]

G We would welcome any recommendations [REDACTED] may make concerning the [REDACTED]

DERIVED FROM _____

MEMORANDUM FOR RECORD

SUBJECT: Collection Operations (U)

1. [REDACTED] On 6 August 1980, we met with a [REDACTED] and a representative from [REDACTED]. We met in Sacramento, CA after normal duty hours and without the knowledge of the [REDACTED].

[REDACTED] - a subordinate element of [REDACTED].

2. [REDACTED] The purpose of the meeting was to debrief the Sources concerning the [REDACTED] loan. This debriefing was conducted utilizing the guide at Tab A. Data provided by the Sources is as follows:

a. The [REDACTED] is located in a quiet, residential neighborhood. There are 1 or 2 "Mom & Pop" commercial stores in the neighborhood but commercial activity for the neighborhood is concentrated on [REDACTED]. The neighborhood is definitely lower middle class. During daylight hours, there is a high volume of vehicle traffic transiting the [REDACTED]. The alley is one way - [REDACTED] - and vehicles use this alley as a means to reach [REDACTED] and avoid the [REDACTED].

②

[REDACTED] The traffic tapers off drastically after normal business hours and is very limited during the hours of darkness. Traffic is also limited on weekends. Pedestrian traffic generally follows vehicle traffic patterns.

b. Parking is permitted on the [REDACTED]

[REDACTED] Parking is also permitted on both sides of the street on the [REDACTED]. The [REDACTED] of the building is also used for limited parking during daylight hours. Parking in the area is on a first-come, first served basis. Any [REDACTED] employees that drive to work would park in these areas. Vehicles are never parked [REDACTED]

[REDACTED] Vehicles unloading supplies at the [REDACTED] back is through the [REDACTED] unload and leave. (Occasionally on weekends, vehicles would be brought [REDACTED] to be washed.) All types of vehicles are normally parked in the neighborhood and the presence of cars and/or trucks of all types would not create undue interest.

c. The types of vehicles that would cause the least amount of interest in the neighborhood would be the GMC manufactured "Paykan", both trucks and cars, older Mercedes sedans, small Citroens, older Chevrolet's and Ford LTD station wagons. The vehicles should be slightly beat-up and dirty.

d. Sources were unsure about the [REDACTED]

~~TOP SECRET~~

for the exterior of the building. They recalled that the area was well lit with street lights and a street light or exterior light was located at the [REDACTED]. This light was illuminate a portion of the [REDACTED] of the building.

e. The [REDACTED] of the building is owned by [REDACTED] it is [REDACTED]. There is limited pedestrian traffic through the [REDACTED] during daylight hours.

f. Since the neighborhood is the vicinity of the [REDACTED] is lower middle-class, only a small number of residences have private telephones. Consequently, local residents rely on the [REDACTED] to telephone service.

g. The south side of the [REDACTED] is bordered by a [REDACTED].

h. The area between the [REDACTED] building was used for storage. [REDACTED] employees who rode motorbikes/mopeds to work parked their two-wheeler inside the [REDACTED] area between the [REDACTED].

[REDACTED]
[REDACTED] was also used for storage. The landing at the [REDACTED] was used for storage as well as the stairs. An area from the [REDACTED]

[REDACTED] was kept open for supply vehicles, in the entrance to the [REDACTED] is [REDACTED]. The doors are [REDACTED] and open outward.

and the main entrance to the [REDACTED] are locked normally in the [REDACTED] time frame. The [REDACTED] is secured with a chain and padlock and the [REDACTED] are secured with a cylinder lock. The [REDACTED] of the basement is locked at all times. Source were unsure if there was a door to the basement on the [REDACTED] of the building.

3. [REDACTED] The Sources also supplied additional data pertaining to the interior of the building. An updated floor diagram is at Tab 1

a. No [REDACTED] personnel are assigned full time duties in the basement. The basement contains the [REDACTED]

[REDACTED] and a restroom. (The guard and personnel from the 1st and 2nd floors occasionally use this restroom since it is the most reliable as it is normally operational when other restrooms in the building are out of service.) The walls in the basement are solid floor-to-ceiling. Doors in the basement

~~TOP SECRET~~

doors to the [redacted]. These doors are normally locked. There is a [redacted] from the wall of the [redacted] on the [redacted] of the building to a [redacted] on the [redacted]. There are basement windows on the [redacted] of the building but the Sources were not sure if there were basement windows on the [redacted] of the building.

b. Stairsteps in the building are constructed of [redacted]. There are lights on each landing but the Sources were not aware if these lights were turned on at night.

c. Walls on the ground floor were solid floor-to-ceiling. The doors to the [redacted] were solid and always closed but not locked. The guard, when seated at his desk or in the entrance foyer cannot see into the [redacted]. Personnel are not assigned to the [redacted] on a full time basis during the day or at night. Personnel are present in the [redacted] during normal duty hours only on an intermittent basis. There are windows, larger than the windows in the basement, [redacted] on the west wall of the [redacted]. These windows face the [redacted]. The windows are normally closed at night but the Sources were not aware if the windows were locked during non-duty hours.

[redacted]

4. [REDACTED] Data provided by the Sources expanded our knowledge of the guard force.

a. The guards assigned to the [REDACTED] were members of the police department, not [REDACTED]. They were dressed in dark blue with peaked hats with black bills. The presence of guards at the [REDACTED] was to deter sabotage efforts. The guards were not top caliber policemen. The typical guard was in his 40's-50's, frequent overweight, friendly, easy going, not ambitious and not overly suspicious. In all likelihood, assignment to guard duties at the [REDACTED] was considered a "cushy" job. The guards ate, drank and slept on duty.

b. There were either [REDACTED] guards assigned to the building for a 24 hour period. The first shift was from 0700-0800 to 1600-1700. The second shift was either from 1600 to 2300-2400 or to 0700-0800 the following morning. The guards were not integrated into the [REDACTED] work force and their primary duty was to guard the main entrance to the [REDACTED]. The guards however, normally locked the gate in the [REDACTED] and the doors in the front entrance around [REDACTED] and then slept at the desk or [REDACTED] one of the [REDACTED]. Other than using the kitchen [REDACTED] to prepare food

weekends. The [redacted] technicians assigned these duties would work on the [redacted] floors. [redacted] attempted to implement procedures where the technicians would be responsible for pulling routine maintenance on the [redacted] during duty at nights and on weekend but they were unsuccessful. Personnel assigned duties in the [redacted] during these hours, basically responded to major alarms on the [redacted]

The Sources indicated the technicians were lackadaisical about their duties and were not responsive to major or minor alarms. The technicians also ate and slept on duty. The Source emphasized that this was the situation when [redacted] was a driving force in [redacted] Data that has become available to the Sources since [redacted] personnel left Iran suggests that there have been personnel shuffles in [redacted] subsequent to that time

a. Senior personnel, supervisors and highly qualified technicians have left Iran, been fired or demoted.

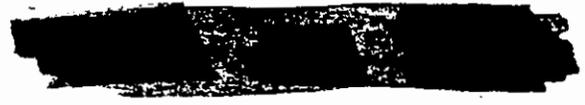

b. Lower ranking, unskilled persons have been "elected" to supervisory positions.

c. [redacted] has advised [redacted] that Iran is desperately attempting to recruit foreign [redacted] technicians to provide assistance to [redacted]. They have contacted [redacted]

[redacted] As of the date of the meeting in Sacramento, the Sources

(9)

were not aware of any favorable responses. Some unidentified South Korean firms, however, may be interested in the offer.

Local Environment

1. Describe the area in the vicinity of H [REDACTED]. Predominantly residential? Commercial? Mixture of both? Are there commercial-religious activities such as restaurants, clubs and mess in the neighborhood?

2. What is the type and density of pedestrian traffic in the neighborhood? (0800-1700, 1700-2300, 2300-0800). What is the general flow of traffic?

3. What is the type and density of vehicle traffic in the neighborhood? (0800-1700, 1700-2300, 2300-0800) Commercial or private? Ratio?

4. What are the on-street parking areas and practices? It appears that the [REDACTED]

[REDACTED] building is used for parking. (Is this alley an way for [REDACTED] traffic? Is there any restriction on use of this alley by trucks?) Also, it appears that the alley on the [REDACTED] is used for parking, both along the [REDACTED] and in front of the buildings on the [REDACTED] of the alley. Is there any restrictions on parking on either side of the street? For example, is parking on the [REDACTED] of the alley restricted to occupants of those buildings. Is parking along the [REDACTED]

parked inside the [redacted]? Where? - What types
Where do vehicles park when they are making deliveries
to the [redacted]? Additionally, it appears that the [redacted]
[redacted] of the building may be used
for limited parking. Would it be unusual for a [redacted]
[redacted] vehicle to park in this area at night? Day
(see below)

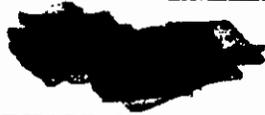

5. What type street lights are in the area
Where are they located? How well lit is the area
in the immediate vicinity of the [redacted] [redacted]
Alley on the [redacted] of the [redacted]? Alley on the
[redacted] of the [redacted]?

6. What is the security in the area? Are
military or police patrols? Vehicle patrols? When? How
frequent? Describe Do they conduct exchange guards
during their rounds? Describe Are there any police or
military guard posts in the vicinity of the exchange?
Where

7. What is the condition of the [redacted]
on the [redacted] of the building? [redacted]
[redacted] Is there any type fence on this side of
the [redacted] or is the fence on the [redacted] It
only [redacted] fence? Do pedestrians use this [redacted] as
a walkway?

8. Where do [redacted] employees park? What

~~TOP SECRET~~

~~TOP SECRET~~
~~SECRET~~

~~██████████~~ Exterior

1. Describe the ~~██████████~~ building. What are the dimensions? Height? Length? What materials were used in construction of the fence? Describe. Solid or see-through? ^{barbed wire on top} Where is the gate in this fence located? Is it the same construction as the fence? How is the gate secured? Chain and padlock? How big is the chain and what type lock is used? Is there also a bar on this gate? Is the gate normally secured? During what hours? Is there a space between the ~~██████████~~ and the stairs on the ~~██████████~~ of the building leading down to the basement/sub-basement. How wide is this space? How long? Are there any alarms on the fence or gate? Where? Where are the control switches? Can the guard see the gate or fence from his desk inside the ~~██████████~~? Is the gate manual or electric?

2. Describe the area between the ~~██████████~~ and the ~~██████████~~ building. Describe the steps leading to the main entrance of the ~~██████████~~ and down to the basement/sub-basement. Is the area between fence and building used for storage for the ~~██████████~~? What type materials? Is the area used for parking?

3. Available information indicates that there are three entrances to the building:

~~TOP SECRET~~

(1) The main entrance is located on the [REDACTED] of the building. Are there steps leading up to this entrance? How many? How wide? Diagram. Is this entrance recessed? Describe the door(s). Material? Single? Double? Do they open inward or outward? What locks are used to secure the door? Cylinder? Padlock and chain? Bar or bolt? At what times is this entrance normally locked? Describe the lock(s). Are there door lights? Where are they located? Are they lit at night? All night? Can the guard see the entrance from his desk? Is the door alarmed? Airtightness of door.

(2) There is a second entrance to the building located in the [REDACTED] of the building. This is a sub-surface entrance reached via steps from the courtyard. Where are the steps located? ^{How wide?} Are there lights for this stairway? Where are they located? Are they lit at night? Is the area at the base of the steps used for storage or is it normally clear? How deep is this entrance below ground level? Is this entrance flush with the building exterior or is it recessed? Is this entrance a single or double door? Does it open inward or outward? Is the door(s) metal or wood? What lock(s) are used to secure the door? Cylinder? Padlock and chain? Bar or bolt? Describe the locks. At what times is this entrance normally locked?

~~TOP SECRET~~

his desk. When you enter the [redacted] through the entrance, are you in a basement or sub-basement? Describe the surroundings you would encounter when entering through this door. Is the door alarmed?

(3) There is a third entrance located on the [redacted] of the building. Where is the door located? Is this entrance located at ground level or is it sub-surface? If sub-surface how wide are the steps leading to the entrance? How deep? If the door is at surface level are there steps leading up to the door or is it at ground level? Describe the lighting associated with this entrance, e.g., lights above the door or along the stairs if the entrance is sub-surface. Is the entrance a single or double door? Is it metal or wood? Is the entrance flush with the building or is it recessed? Do the doors open inward or outward? What locks are used to secure the door? Cylinder? Padlock and chain? Bar or bolt? Describe the locks. At what times is this entrance normally locked? Are the lights for this entrance normally lit at night? Where are the lights located? Is the door alarmed?

4. Are there other exterior building lights? Where are they located? Are they normally lit at night? What areas of the exterior of the building are normally lit and which ones are normally

~~TOP SECRET~~

First Floor

1. This chart depicts all information we currently possess relative to the first floor.
2. Describe the stairwell. Is the wall between the guard desk and the stairs solid or open?
3. There are [REDACTED] wall. What are they used for? Is the supervisor's elevated?
4. Are the walls on this floor partial floor to ceiling? Height between floor and ceiling?
5. Is there a false ceiling on this floor? Describe.
6. There are numerous windows on this floor. Are the windows low enough for personnel outside the building to see inside? Are the windows fixed or movable? If movable are they normally open during the summer months? Window dimensions? Window Air conditioning?
7. Are the doors on this floor normally open or closed? Day? Evening? Night? Are locks installed on these doors? Type and manufacture?
8. What is the composition of the floor?
~~SECRET~~

9. Where are the power runs? Heating and air conditioning runs? Cable runs? Is conduit used

10. Is there only one entrance to the [redacted]? Is it locked? Does guard have access? Is door normally left open or closed during ~~day~~ ^{day} & at night?

11. Are there windows/doors on the east wall?

12. Are there windows/doors on the west wall?

13. Where are tools, supplies, ladders st

14. In what direction does the guard's desk face?

15. Where are the lights located? Where are the light switches? Are the lights normally lit at night? Which ones? For example, is the lobby and [redacted] normally lit at night? Is there a master light switch in proximity to the guard's desk

16. What is the composition of the interior walls? Both outer load bearing walls and inner partition walls. Are power and cable runs imbedded in the walls or attached to the outside. Heating and air conditioning ducts? How is ductwork and cabling attached to [redacted]

17. Are restrooms located on this floor? Where? It appears that all restrooms in the building are located in the [redacted] of the building. Above the water and sewage pipes pass through the first floor.

18. Describe the [redacted] sequence? Left to right? Top to bottom? How are the [redacted] Are there [redacted] where are they located, where are [redacted] (what is on them/in what language)?

[REDACTED]

1. Although different functions are performed on the [REDACTED] floors, the general room layouts are the same. (See charts). Therefore, the following questions will apply to all floors.

2. What is the height of the rooms? Floor to ceiling. False ceilings? What material? Describe.

3. Where are the power and cable runs? Where are the heating and air conditioning runs? Are they imbedded in the walls? If not, how are they affixed to the walls? Type and color of lamps. Is false ceiling?

4. Are the up and down stairs separated by a wall or railing? How wide are they? How are the stairs lit? Where are the light switches? Color of west wall? Fluorescent or bulb? Cupretted? (see 14)

5. Are the doors on these floors normally open or locked? What type locks? Type and manufacturer.

6. Available information indicates that entrance to the [REDACTED] can be gained only through the supervisor's room. Is this true?

7. A large area is designated for air ducts. Describe these rooms. Are there floors in each room? What are the dimensions of the rooms. Composite

of exterior and interior walls of [redacted] Is there any conduit in these rooms? Size? type? color? Cable? Are there lights in these rooms? Where are they located? Why are there windows in these rooms? Type ceiling? Thickness? Thickness of walls? Windows movable or fixed?

8. Are the exterior windows fixed or movable. From the floor, how high are the windows? Are there windows in the east end of the building?

9. What is the composition of the interior walls. Plaster? Fibreboard? color?

10. How are DC and AC power cables differentiated on local frames?

11. Where are the lights located in each room? Where are the switches? Are they normally lit at night? Fluorescent?

12. What is the function of each room? Normal occupancy? Type personnel? [redacted]

13. Where are the ladders located? Where are supplies, e.g. cable, solder etc, located? Where are tools located?

14. Floor composition? Carpeted?

15. Are there any [redacted]

~~TOP SECRET~~

through the large room at the top of the stairs?
Where? Type? Color? Conduit? Same questions for
stair way. Is this area used for storage? Where?
What type material?

16. Small room between the air ducts
and the supervisor's room? What is the function
lights? switches? cable and power runs? Conduit?
Type and color?

17. State of cleanliness?

18. Utilities pass through to roof?

19. Are any utilities routed through the
stairwell? What colors are the steps, ceilings and walls?
Are the stairs carpeted? Are there any doors in the
stairwell? Leading to where? Are there any windows
in the stairwell? Traffic from [redacted] floor to roof?
When? Who? Purpose? State of cleanliness in stairwell?

~~TOP SECRET~~

Guard Force

1. Available information indicates that a guard force provides security for the building on a 24 per day basis. What do you feel is the primary reason for the presence of a guard force at the [redacted] building? Sabotage? Theft? What is available inside the building that would be the potential target for theft?

2. Are the guards who provide building security [redacted] employees, contract or government persons?

3. Are the same guards assigned to the building on a continuing basis or do they rotate?

4. How many guards are assigned per shift? At what times do the shift changes occur? Does the guard relief arrive on foot or by vehicle? Are they assigned from a central office or do they arrive on foot?

5. Are the guards armed? What type weapons, e.g. rifle, pistol, billy club, knife, MACE?

6. Are the guards equipped with two way radios? Who are they in contact with?

[redacted] Do the guards maintain periodic

~~TOP SECRET~~

How frequently? With whom?

8. Are the guards subject to periodic inspections by supervisory personnel from either the [redacted] or a central office. What is the frequency?

9. Describe the uniforms worn by the guards.

10. What is the age group of the guards? What is their attitude toward this duty, e.g., lax, alert, etc.? What is the morale of the guard force? Do they or are they permitted to eat/drink on-duty?

11. What are the duties of the guard? Day? Evening? Night? What security checks do they perform during these shifts? Do they check all outer doors? Do they inspect the building after the day shift leaves? After the maintenance crew leaves? Do they perform checks outside the building? When? Do they inspect the roof? Do they conduct roving patrol during these shifts? What is the frequency and are covered? Is he responsible for turning lights on/off during

12. Available information indicates that a guard has a desk or table inside the main entrance? Is this the area where he normally stays? Does he have a central console with controls for the lights

~~TOP SECRET~~

desk face? What is his field of vision when seated at the desk? Is the area where the desk is located lit at night? Overhead or desk lamp?

13. Do the police or other security forces make periodic contact with the guard?

14. What procedures must be followed to gain entrance to the building in the evening/night?

15. Does the guard routine vary over the business weekend?

16. Does the guard have keys for all doors in the building? Does he carry them or keep them at his desk? How many keys?

~~TOP SECRET~~

~~TOP SECRET~~
~~TOP SECRET~~

Building Maintenance Work Force

1. At present, we have conflicting information concerning building maintenance at the [redacted] One version indicates building clean-up responsibilities are assigned to [redacted] employees. Another version says that a maintenance crew from outside the [redacted] is responsible for cleaning the building after the day shift departs.

a. Self-help.

(1) What [redacted] employees are involved in clean-up activities?

(2) During what time period does the clean-up operations occur?

(3) Does the clean-up involve locking all interior doors and windows as well the exterior doors by the clean-up crew and/or guard force?

b. Outside help.

(1) What time does the clean-up crew arrive?

(2) What is the size of the clean-up crew?

(3) Are clean-up operations by this crew on a five day per week basis. Do they ever work on holidays weekends for special tasks such as window washing, floor waxing, etc?

~~TOP SECRET~~

~~TOP SECRET~~

(4) Is the clean-up crew dispatched from a central location or do they arrive individually? Via vehicle or on foot?

(5) Is this a contract service or is the clean-up crew employed by [redacted]

(6) What procedures do they follow to enter the building? What type identification cards?

(7) Is it necessary for the guards to unlock the interior doors for the crew or are the doors left unlocked? Are they locked after clean-up is completed? By whom?

(8) Is the crew spread out to clean all floors simultaneously or are the floors cleaned in succession? Which floor is cleaned first? Basement also?

(9) Does the guard accompany the clean-up crew or does he make spot checks during clean-up operations?

(10) Is the clean-up crew searched on entering or leaving the building?

~~TOP SECRET~~
(11) Does the guard check the

MEMORANDUM FOR RECORD

SUBJECT: Oleander TRAINING Site Assessment
Fort Gordon - [REDACTED]

1. [REDACTED] ON 20 Aug 80
we visited the U.S. Army Signal Center and School
at Fort Gordon, GA.

a. The purpose of the visit was to assess
the suitability of the [REDACTED]
for preparation of the DoD Oleander team.

b. The visit and all discussions were
arranged and conducted on the pretense that
USA INSCOM had a requirement to train
selected cryptologic personnel on [REDACTED]
for maintenance of an [REDACTED]

c. Key personnel visited:

- (1) [REDACTED]
- (2) [REDACTED]
- (3) [REDACTED]

~~TOP SECRET~~

4. [REDACTED] The Oleander team would need approximately 18 to 30 hours of preparatory training and 30 to 42 hours of training at the [REDACTED] facility. To maximize the effectiveness of this training, the Oleander personnel should visit the [REDACTED] facility [REDACTED] following the training. This phase of the training could be organized as follows:

Segment	* Length (hr)	Location
Preparatory Training	18-30	FT Divens, 17B
[REDACTED]	30-42	[REDACTED]
[REDACTED]	58	[REDACTED]
Total	58-90	

5. [REDACTED] Security will be a problem at Fort Gordon and measures will have to be taken to insure that ONLY key personnel are fully aware of our purpose. For this reason, recommend that all future contacts employ BSD to arrange and training. Further recommend that the personnel to be trained be guided and checked upon

* Does not include travel time

MEMORANDUM FOR RECORD

SUBJECT: Collection Activities (Atlanta)

1. [REDACTED] We visited Atlanta on 23 August 1980 for a meeting with a Source employed by [REDACTED]. We were accompanied by [REDACTED] a representative from the Atlanta [REDACTED]

2. [REDACTED] The Source was able to provide the following operational data concerning the [REDACTED]

a. Source worked in the [REDACTED] building 2-3 times during [REDACTED]. He normally entered the building in the 2300-2400 time frame. There were only 1-2 lights on in the building when he arrived and the only occupant in the building was the guard. (This was true of other [REDACTED] he visited late at night.) The local neighborhood was also relatively deserted. There were few street lights in the neighborhood and limited pedestrian traffic. The [REDACTED] was unlocked and unattended.

b. Source was not sure but thought that there may be windows on the northern side of the basement facing the [REDACTED] (He recalled that some of the [REDACTED] he visited had windows in the [REDACTED] did not.)

~~SECRET~~

Classified By [REDACTED]
Declassified On OADR

~~TOP SECRET~~ (2)

c. The doors on the [redacted] were metal and relatively tall. The doors are secured with cylinder locks.

d. We questioned the Source about the possible existence of a tunnel [redacted]

[redacted] Source could not recall with a high degree of certainty if there was a tunnel [redacted]. He stated, however, that the [redacted]

[redacted] were of the same vintage as the [redacted] tunnels from the [redacted] to the closest manhole to the [redacted] building were installed at both [redacted]. It is probable, therefore, that a tunnel was also installed at the [redacted]

The tunnels at the [redacted] were constructed of concrete block or poured concrete. The tunnels were approximately three feet below ground and capped with a concrete slab 4-6 inches thick.

e. In addition to the Econoline vans that [redacted] had purchased for shipment to [redacted] they also purchased 12 utility trucks. The utility trucks are in storage at Independence, Missouri. The vehicles had been painted in [redacted] colors and were being readied for shipment to Iran when [redacted] pulled out of the country. Action is [redacted]

currently underway to liquidate the vans and the utility trucks. Source stated that only 26 of vans remained unsold and a corporate decision had been made to sell the utility trucks.

C. Source surfaced another lead who may be knowledgeable of the [REDACTED] was responsible for [REDACTED]. He is currently employed by [REDACTED]. Source maintains periodic contact with [REDACTED] and will ascertain his knowledgeability during his next contact.

MEMORANDUM FOR RECORD

SUBJECT: Operational Leads

1. [REDACTED] On 23 August, we met with a [REDACTED] in Atlanta. We were accompanied by a representative from the Atlanta [REDACTED]. Discussions with the Atlanta-based Source produced both operational data concerning the [REDACTED] and operational leads. Two memos will be prepared relative to this meeting. One will pertain to operational leads and the second will contain operational data collected concerning the exchange.

2. [REDACTED] Operational lead information provided by the Source is as follows:

a. [REDACTED] (One number is a business phone and the other is residential. The Source could identify which number was business and which was residential. Both numbers are served by the [REDACTED]. He has married a [REDACTED].

Source

confirmed the data above during a recent visit to

[REDACTED]

b. A list of former [REDACTED] who volunteered to work for the new [REDACTED], supplied by Source, is at Tab A.

c. [REDACTED]

[REDACTED] address presently unknown.

d. [REDACTED]

e. [REDACTED]

[REDACTED] (See paragraph
5c of our memo concerning the 6 August meeting
with [REDACTED]

3. Source volunteered to
place telephone calls to [REDACTED]

[REDACTED] telephone call to
[REDACTED] would be a normal occurrence. During the
course of a business call Source would attempt to
obtain current information pertaining to [REDACTED]
[REDACTED] etc. [REDACTED] had previously
formally expressed interest in [REDACTED]
[REDACTED] and inquiries concerning
him would not be unusual. Concurrently, the Source
would attempt to ascertain if [REDACTED] was aware
of any [REDACTED]

b. The Source has enjoyed both
a business and personal relationship with [REDACTED]
Because of this relationship and [REDACTED]

telephate call to [REDACTED] would not be out of the [REDACTED]

(8)

(b) Raid (Full-scale or limited objectives)

(1)

(2)

(c) Post-raid

(1)

2. [REDACTED] is not in a US controlled area and there are inherent risks in an operation [REDACTED], i.e., the capture of personnel and equipment. While this potential must remain paramount, there are a number of factors that must be carefully weighed when assessing the risk of the operation versus the potential gains outlined in paragraph 1 above. They are:

a. [REDACTED] is located in a quiet residential neighborhood.

b. [REDACTED] is afforded limited security. One policeman is assigned to the [REDACTED] provide security. A [REDACTED]

③

indicates the profile of a typical guard was a male in his 40's-50's. The guards were not overly vigilant or ambitious. Eating, drinking and sleeping on-duty was a common occurrence. No alarms were installed on the

[REDACTED] The gate is the [REDACTED] and the main door to the [REDACTED] was normally locked [REDACTED] and opened [REDACTED]

c. The level of occupancy/activity is [REDACTED] at night or on weekends has not been totally resolved. Some sources indicate that the building is occupied [REDACTED]

[REDACTED] Other sources indicate that a [REDACTED] during these hours. If the [REDACTED] during this time frame, sources have indicated they engage in a low level of activity, i.e., they only [REDACTED]

During late night hours they also eat, drink and sleep. In view of intelligence reporting that suggests major shake-ups in the supervisory hierarchy of governmental and quasi-governmental organizations, i.e., election of relatively low-ranking personnel to supervisory positions and firing or demotion of supervisory personnel, there may have been major changes in manning of the [REDACTED] months. All 1 11 17

reporting indicates an increase in the absentee rate in governmental and quasi-governmental organizations. Both of these factors could impact of the level of occupancy/activity is [REDACTED]. Since the level of occupancy/activity will impact on the degree of [REDACTED] operation, surveillance of the building during the 1600-0800 time frame should be undertaken to facilitate operational planning.

d. There is limited vehicle and pedestrian traffic in the vicinity of [REDACTED] building on weekends and at night.
