NOTICE TO THE TRADE – DeCA NOTICE 08-57

SUBJECT: Item Refresh for the Far East Assortment

The refreshing of the Far East Stock Assortment has been completed. Many thanks to our industry partners who provided business updates and worked with us to accumulate the necessary data.

The goal of this refresh was to update the stock assortment with current item trends and marketing strategies and to provide commissary patrons with better product selection.

The Far East Stock Assortment Adds and Deletes spreadsheet is provided as an attachment. All changes will take effect April 28, 2008. For a smooth transaction to the Far East CDCs and stores, please start working with your supplier immediately to liquidate any residual stock.

Thank you for your participation and cooperation in this endeavor. Point of contact is Mrs. Juanita Hartling, Category Buyer, at (804) 734-8195.

  
Randall Chandler  
Director of Sales
